CAPITOL POLICE OFFICER, OFFICE OF THE STATE SUPERINTENDENT OF BUILDINGS, DECEMBER 14, 1946.

Last date for filing applications, Monday, November 25, 1946, at 5 p. m.

Salary: The entrance salary is \$2,160 a year; the maximum salary is \$2,400 a year.

Vacancies: At present there are eight vacancies, to be filled on a permanent basis.

Duties: In the Capitol Building or on the grounds, or wherever detailed for duty, to enforce good order and protect the property of the Commonwealth by any means that may be necessary; to be subject to the call of the State Superintendent of Buildings or the captain of the watch at all times for the protection of State property; and to perform related work as required.

Examples of Duties: On all property owned or occupied by the Commonwealth, to exclude or order off all disorderly persons, vagrants, loafers, tres-

passers, or persons under the influence of liquor and if necessary bring them before the State Superintendent of Buildings or captain of the shift or remove them by force, to arrest any person who shall damage, mutilate or destroy the trees, plants, shrubbery, turf, grassplots, benches, buildings or structures or commit any other offense and bring the offender before the superintendent or captain, and to take in charge all animals not under leash or under the complete control of an accompanying person; to police the State House and grounds and guard against theft, fire and water damage, report to the proper authorities all ground or other lights that are out of order or any breaks in water lines, steam lines, or electric connections, see that the building is opened and closed at the proper hours, keep a record of persons entering or leaving the building outside of business hours, give information to the public and to occupants of the building, and take care of flags; to direct traffic and regulate the parking of automobiles on the State House grounds.

Entrance Requirement: Applicants must be not less than twenty-one nor over thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application. Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.)

Applicants must be not less than 5 feet and 6 inches in height, and must meet the following minimum weight requirements:

Height in inches in bare feet.	Weight in pounds without clothing.
66	135
67	135
68	135
69	135
70	137
71	141
72	146
73	151
74	156
75	161
76	169

Subjects and Weights: Training and experience, 3; practical questions (including memory test and general information), 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength test.

To become eligible, applicants must obtain at least 70 per cent in the strength test, but the mark will not be averaged with the educational mark.

The practical questions will be based largely upon information contained in the July, 1946, edition of the manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 10 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the heads of the following departments for permission to amend or reallocate budget appropriations:

AUDITING DEPARTMENT.

BOSTON, October 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that nine hundred dollars (\$900) be allotted from the balance remaining in the Departmental Equipment Loan to permit the purchase of steel files which are required in the Central Pay Roll Division. These files will be used to store the tabulating cards which are used in the preparation of pay rolls for city, county, and school departments. They will replace wooden files which were secured during the war when steel equipment was not available. In view of the importance of the records contained in these cards, I feel it desirable that they be stored in fireproof cases.

Very truly yours,

CHARLES J. FOX,
City Auditor.

CITY MESSENGER.

BOSTON, October 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your authority is requested to make the following reallocation in the City Council Budget:

From B-10, Rent, \$25, to B-13, Communications, \$22; B-37, Photographing, \$3.

Respectfully yours,

WILLIAM J. O'DONNELL,
City Messenger.

HOSPITAL DEPARTMENT.

BOSTON, September 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of the reallocations within the hospital appropriation as listed below is respectfully requested:

From C-7, Furniture and Fittings, to C-12, Medical, Surgical, and Laboratory Equipment, \$6,000; from D-1, Office Supplies, to D-8, Laundry, Cleaning, and Toilet Supplies, \$1,000; from D-16, General Plant Supplies, to D-8, Laundry, Cleaning, and Toilet Supplies, \$2,000.

The reallocation to C-12 is needed to release orders to be written for the balance of September and October for thermometers, atomizers, syringes, ice caps, pipettes, tubes, and miscellaneous items of equipment chargeable to this item and used on all services and wards throughout the hospital.

D-8 needs an additional amount at this time to cover the cost of orders for all soaps and supplies to be used in the laundry, and toilet soap, toilet paper, and miscellaneous supplies to be issued through the general storeroom.

Respectfully submitted,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

INSTITUTIONS DEPARTMENT.

BOSTON, September 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On August 19 the Hill-Burton Hospital Act known as S-191, became law. Under provisions of

this act \$75,000,000 became available to state, municipal, and non-profit hospitals for the erection of, or the addition to, hospitals where need is shown. An additional \$3,000,000 has also been allotted for survey purposes, upon completion of which, applications will then be received.

It is intended that the approving authority shall be a state agency. In Massachusetts it is expected that the Governor will appoint the State Department of Public Health as the approving authority. With this in mind, I had a talk with Doctor Getting, State Commissioner of Public Health, and Doctor McKnight of the same department, who have made tentative plans for the subject-matter. I was informed that Massachusetts' share has been determined at \$1,500,000. It was mutually agreed that this amount was totally inadequate to allow for any major plan for the erection of new hospitals in Massachusetts.

I am certain that in your planning for a thousand-bed chronic hospital for Boston your plan was predicated on the city obtaining a sizable grant from the Federal Government, which now does not appear to be available.

The need of additional hospital facilities for the chronic sick is urgent. At Long Island Hospital our capacity has been reached and a sizable waiting list has been built up. Patients now at the City Hospital who should be sent to a chronic hospital are being kept at the City Hospital or sent to the state hospital at Tewksbury. In cases sent to the state hospital at Tewksbury that are Boston settled, we are charged for their care. This item will amount to \$25,000 this year, the highest it has ever been. We are now faced with a directive from the state that they cannot take any more cases from us as their capacity is reached at Tewksbury. We are really getting into a dilemma.

In view of the foregoing, I respectfully request your permission to include in our 1947 budget the cost of a suitable building at Long Island for the chronic sick to accommodate at least 300 patients. It would be intended in this connection that we would avail ourselves of the provisions of S-191 which would provide 33½ per cent of the total cost in Federal funds.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, October 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Child Welfare Division: From B-17, Care of Persons, \$375, to A-2, Temporary Employees, \$375.

To provide for temporary employment of Dorothy M. Tobin as Child Guidance social worker at \$1,500, dating from October 2. Under chapter 118, section 4, visitation of children is mandatory. The department will need a temporary visitor to complete our visits.

It is estimated that there will be sufficient balance in Item B-17 to provide for this transfer.

Yours respectfully,

G. FRANK McDONALD,
Commissioner.

PARK DEPARTMENT.

BOSTON, September 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you alter the budget of this department by allowing the following transfer:

From A-1, Permanent Employees, \$500, to B-6, Hire of Teams and Trucks, \$500.

This transfer is needed so that we may pay for the emergency hire of truck for one month to operate in the Charlestown and North End districts.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, October 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—You are respectfully requested to alter the budget of this department by allowing the following transfer:

From E-13, Miscellaneous Materials, \$750, to E-1, Building, \$750.

This transfer is needed so that we may pay for necessary water pipe and sewer covers, etc., needed in the park system.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, October 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—You are respectfully requested to alter the budget of this department by allowing the following transfer:

From B-42, Miscellaneous Services, \$2.50, to B-16, Care of Animals, \$2.50.

This transfer is needed to provide funds to pay for medicine for horses owned by this department.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PUBLIC WORKS DEPARTMENT.

BOSTON, September 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request an amendment to the Bridge Service budget for 1946, by transferring a portion of Item B-8, Light, Heat, and Power, to Item D-8, Laundry, Cleaning, Toilet, and D-16, Miscellaneous Supplies.

This increase in Item D-8 is necessary on account of increase in cost of soap, soap powder, etc., and in Item D-16 on account of increased cost of materials.

Therefore, I respectfully request your approval of the following transfers:

From B-8, Light, Heat, and Power, \$385, to D-8, Laundry, Cleaning, Toilet, \$350; to D-16, Miscellaneous Supplies, \$35.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Authority is requested to reallocate funds in the Sewer Division budget as follows:

From B-39, General Repairs, \$500, to B-42, Miscellaneous Services, \$500.

Money is needed in B-42 to pay for patch paving work on streets where openings had been made by the Sewer Division. Unencumbered balance in B-42 is \$200.

As the unencumbered balance in B-39 is \$2,326.14, money can be reallocated from this item, due to the curtailment of expenditures.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, September 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Lighting Service: From D-11, Gasoline, \$75, to C-17, Gas Lamp Posts and Bases, \$75.

This transfer is needed to cover payment on outstanding obligations for the latter item.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to amend the 1946 budget of the Paving Service, Public Works Department, by transferring funds as follows:

From B-6, Hire of Auto Trucks, \$3,600, to B-39, General Repairs, \$3,600.

The additional funds are required in Item B-39 in order to repair heating plants in yards, to build retaining walls, and for plumbing repairs. We do not anticipate hiring trucks during the remainder of the year.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following amendment to the budget of the Paving Service:

From B-14, Motor Vehicle Repairs, \$2,000, to C-15, Tires, Tubes and Accessories, \$2,000.

This is to make funds available for the purchase of tires. We have an opportunity to purchase, at the present time, the sizes we use and can stock up in case of a shortage.

From B-14, Motor Vehicle Repairs, \$1,000, to E-13, Miscellaneous Material, \$1,000.

For the purchase of auto parts. We are now doing the major part of our repair work in our own garage instead of sending the work to outside repair shops.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following amendment to the budget of the Sanitary Service:

From B-14, Motor Vehicle Repairs, \$5,000, to C-15, Tires, Tubes, and Accessories, \$5,000.

This is to make funds available for the purchase of tires. We have an opportunity to purchase, at the present time, the sizes we use and can stock up in case of a shortage.

From B-14, Motor Vehicle Repairs, \$2,000, to E-13, Miscellaneous Material, \$2,000.

For the purchase of auto parts. We are now doing the major part of our repair work in our own garages instead of sending work to outside repair shops.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

TRAFFIC COMMISSION.

BOSTON, October 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—Under date of September 25, 1946, we requested that you make three reallocations within the budget appropriations of this department.

Further analysis of our budget balances indicates that it is not practical to make one of the reallocations as requested. I respectfully request, therefore, that the following reallocation be cancelled:

From E-13 to E-10, \$150.

Kindly make the following reallocation, in lieu of the above:

From C-3 to E-10, \$150.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

BOSTON JUVENILE COURT.

BOSTON, October 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

Re: Service Order No. 17.

DEAR MAYOR CURLEY,—This court respectfully requests that it be allowed to amend its budget of 1946 as follows: From B-17, Custody, \$10, to C-16, \$10.

The reason for the above request is that it was necessary to purchase five badges for five probation officers, which cost \$2 each. No appropriation was made in the 1946 budget for this purchase, and we are therefore asking that the amount be taken from Custody, B-17.

Will you kindly allow the above request?

Sincerely,

JOHN T. LANE,
Clerk, Boston Juvenile Court.

FIRE DEPARTMENT ORDER.

General Order No. 63.

I. RETIREMENT.

The following retirements, which will become effective at 8 a. m., Friday, November 1, 1946, are hereby announced:

Ladderman Robert T. Donovan, Ladder Company 31.

Ladderman Paul D. McGrath, Ladder Company 31.

Ladderman Donovan was appointed to the department May 31, 1929, and Ladderman McGrath was appointed August 5, 1927.

Both of these men leave the department with the best wishes of their associates.

II. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, October 23, 1946, are hereby announced:

Hoseman Joseph J. Otto, from Engine 45 to Engine 42.

Ladderman Edward W. Graff, from Ladder 2 to Engine 11.

Ladderman Frank A. Qualls, from Ladder 12 to Engine 23.

Hoseman William J. Griffiths, from Engine 11 to Ladder 2.

Hoseman Francis N. Smith, from Engine 3 to Ladder 15.

M. O. P. George E. Groomes, from Ladder 12 to Engine 45.

III. BOSTON AUTOMATIC ASSIGNMENTS.

The following signal numbers are to be added to running cards of the Bos-

ton Automatic Fire Alarm Company in this department:

Signal 281, building, N. E. Storage Warehouse, Howard street, marked "D", rear of 32 George street, Roxbury. Apparatus to respond: Engine 12, Ladder 4, District Chief 9. Nearest box is 3131.

Signal 624, building, 340 C street, South Boston. Apparatus to respond: Engine 15, Ladder 18, District Chief 3. Nearest box is 715.

Signal 625, building, 350 C street, enter gate, South Boston. Apparatus to respond: Engine 15, Ladder 18, District Chief 3. Nearest box is 715.

Signal 631, building, 116-126 Merrimac street. (Sprinkler.) Apparatus to respond: Engine 6, Ladder 1, District Chief 4. Nearest box is 1342.

Signal 633, building, Park Street Church, cock loft and spire. Apparatus to respond: Engine 4, Ladder 24, District Chief 5. Nearest box is 1441.

Signal 634, building, Park Street Church, corner Park and Tremont streets. Apparatus to respond: Engine 4, Ladder 24, District Chief 5. Nearest box is 1441.

Signal 1439, building, 3183 Washington street, Jamaica Plain, D. W. Dunn Storage, two small buildings left of Main Building. Apparatus to respond: Engine 42, Ladder 30, District Chief 12. Nearest box is 2451.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track repairs by the Boston Elevated Railway Company and roadway resurfacing in Harvard avenue, estimated to be thirty (30) days, the following rules are effective October 15, 1946:

Vehicles are excluded from the following street:

Harvard Avenue, Brighton.

From Brighton avenue to Cambridge street.

Parking of vehicles is prohibited in the following street:

Linden Street, Brighton.

Both sides, from Brighton avenue to Cambridge street.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective November 4, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Washington Street, Boston Proper.

East side, from Kneeland street to Milk street, 7 a. m. to 6 p. m.

East side, from Hayward place to Summer street, 6 p. m. to 9.30 p. m. on Monday nights.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Washington Street, Boston Proper.

East side, from Kneeland street to Hayward place, 7 a. m. to 6 p. m.

East side, from Hayward place to Summer street, twenty-four hours.

East side, from Summer street to Milk street, 7 a. m. to 6 p. m.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 14, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilor Hannon.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.: George M. Fitzgerald, 200 Weld street, Roslindale, Mass., as constable to serve without bond and without authority to serve civil process for term ending April 30, 1947.

Referred to Committee on Constables and Confirmations.

INSTALLATION OF ELECTRIC LIGHTS, WARD 12.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of September 30, 1946, to install electric street lights at the corner of Humboldt avenue and Waumbeck street, and at the corner of Pleasanton and Ruthven streets, Ward 12.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 8, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install electric street lights at the corner of Humboldt avenue and Waumbeck street, and at the corner of Pleasanton and Ruthven streets, Ward 12.

Please be advised that the Lighting Service of the Public Works Department will make a survey of the above-mentioned locations with a view to improving conditions, provided same is necessary and conditions permit.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

REPLACING OF CERTAIN GAS LIGHTS IN CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of September 30, 1946, to order the "Street Lighting Division of the Public Works Department" to replace the gas light in front of 45 Sever street, Charlestown, with an electric light standard and light, also to replace with an electric light the gas light now located on Haverhill street opposite the head of Sever street, Charlestown, Ward 2, Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 8, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works order the "Street Lighting Division of the Public Works Department" to replace the gas light in front of 45 Sever street, Charlestown, with an electric light standard and light, also to replace with an electric light the gas light now located on Haverhill street opposite the head of Sever street, Charlestown, Ward 2, Boston.

Please be advised that the Lighting Service of the Highway Division will make a survey of the above-mentioned locations with the view of making the changes requested, provided same are necessary and conditions permit.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

TRAFFIC LIGHTS, HYDE PARK AVENUE AND NEPONSET AVENUE.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commission, in reply to

your order of September 23, 1946, to install traffic lights at the junction of Hyde Park avenue and Neponset avenue.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 7, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated September 23, 1946, which reads as follows:

Ordered, That the Board of Traffic Commissioners be requested, through his Honor the Mayor, to install traffic lights at the junction of Hyde Park avenue and Neponset avenue.

The junction of Hyde Park avenue and Neponset avenue forms a so-called "T" intersection, that is, Neponset avenue enters Hyde Park avenue on but one side and there is no cross traffic.

Neither the volume of traffic nor the accident record at this intersection warrant the installation of a traffic signal. Furthermore, there are no funds available to this Commission at present for such an installation.

Very truly yours,
WILLIAM P. HICKEY,
Commissioner.

Placed on file.

LOCKER BUILDINGS AT COLUMBUS PARK AND STADIUM.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your order of October 7, 1946, to put the two locker buildings at Columbus Park and Stadium in good condition for use during this football season so that warm showers and lockers will be available for the football players of the Boston Park Department League and other organizations.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 11, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of October 9, with inclosure, order from the City Council to place the locker buildings in the Stadium in good condition to be used during the football season.

The building nearest the Stadium is in pretty fair condition and will be kept that way. The other building was advertised and they are now starting work on it—it will not be ready before the football season is over. The whole building has to be rebuilt due to vandalism.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

EQUIPMENT FOR PLAYGROUND FIELD HOUSES.

The following was received:

City of Boston,
Office of the Mayor, October 14, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your order of October 7, 1946, to provide proper equipment and facilities at all field houses on Boston playgrounds, particularly hot water, ropes and stakes, and equipment for marking off the lines on the football gridirons.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 11, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of October 9, with inclosure, order from the City Council that the Park Department provide proper equipment and facilities at all field houses on Boston's playgrounds, etc.

Please be assured this request will be cheerfully cared for. As far as I know, all these requests have been provided for.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Ann G. Currier, for compensation for injuries caused by an alleged defect at Harvard place and Washington street.

George H. Gilboy, for compensation for damage to property at 110 Appleton street, caused by backing up of sewage.

Robert D. Harden, for compensation for damage to car by city truck.

Mary C. Kearns, for compensation for injuries caused by an alleged defect at 389 Washington street.

John B. Kerr, to be reimbursed as result of accident which occurred while in performance of duty.

Peter F. Marron, for compensation for damage to property at 46 Cedar Lane way, caused by city truck.

McKie Lighter Company, for compensation for damage to scow by striking Warren Avenue Bridge.

Gertrude Phillips, for compensation for injuries caused by city truck.

Robert O. Pineo, to be reimbursed as result of accident which occurred while in performance of duty.

Edward F. Powers, to be reimbursed as result of accident which occurred while in performance of duty.

Beatrice E. Shaw, to be reimbursed for expenses incurred in digging for leak at 114 Saxton street, Dorchester.

Edward W. Thomson, to be reimbursed as result of accident which occurred while in performance of duty.

R. P. Williams Lumber Co., Inc., for compensation for damage to property at 60 Hill Top street, caused by steam roller.

Fred L. Higgins, for compensation for loss of false teeth while patient at City Hospital.

Executive.

Petition of Margaret L. Healey, to be paid annuity on account of death of her husband, William F. Healey, late member of the Police Department.

Mary A. McTighe, to be paid annuity on account of death of her husband, James F. McTighe, late member of Fire Department.

Evelyn Sullivan, to be paid annuity on account of death of her husband, Joseph R. Sullivan, late member of Fire Department.

Licenses.

Petition of Samuel Katz for driveway opening at Main and Henley streets, Ward 2.

OPPOSITION TO TRAILER CAMP.

A communication was received from the West Roxbury Joint Planning Committee opposing use of land at 7 Marshall street bordering Gardner street and Chesbrough road as trailer camp, inasmuch as there already are two trailer camps in the West Roxbury area.

Placed on file.

APPOINTMENT OF GERTRUDE A. PFAU AS ELECTION COMMISSIONER.

Notice was received from the Mayor of appointment of Miss Gertrude A. Pfau, 197 Stratford street, West Roxbury, to Board of Election Commissioners for the term ending March 30, 1947, vice Frederic E. Dowling, deceased.

Placed on file.

APPOINTMENT OF JOHN J. LOWNIE.

Notice was received from the Sealer of Weights and Measures of appointment of John J. Lownie, 86 Winthrop street, Boston, as provisional deputy sealer.

Placed on file.

NOTICE OF HEARINGS.

Notices were received from the Department of Public Utilities of hearings to be held upon the following petitions:

Petition of Dedham & Hyde Park Gas Co. for approval of additional shares of common stock, on November 6, 1946, at 2:30 p. m.

Petition of Boston & Maine Transportation Co. for license for operation of motor vehicles from Park square to Everett line, on November 7, at 10:30 a. m.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Bernard J. Duffy, having been duly approved by the City Treasurer, was received and approved by the Council.

LEGAL AND MEDICAL SERVICE FOR CERTAIN PERSONS INJURED.

Coun. MADDEN offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to provide that any person receiving public aid from the city who is injured while employed in an industry subject to the Workmen's Compensation Act, shall, in proceedings before the Industrial Accident Board, be represented by counsel and a physician furnished and paid for by the city. In the event that compensation is awarded to such person, such city shall be reimbursed the amount paid to such counsel and physician.

Coun. MADDEN—Mr. President, for many years we have had an unfortunate situation up at the State House, where people working for

various firms have had to apply for workmen's compensation. Going before the Industrial Accident Board, too frequently the injured person has not the money to properly present his case. In many instances the man has been out of work for weeks and weeks and weeks. He goes before the Board, and apparently many of them have been advised, "Well, it is not necessary for you to have a lawyer or a doctor, we will treat you fair; don't worry, we are all friends of yours." They come up before the Industrial Accident Board and they find the company is always represented by counsel and by the finest physician possible, so that right off the bat they minimize his claim, and very frequently the man gets little or nothing. As a consequence he becomes a public charge. It reminds me of the absurdity of many of our court-martials during the war. No doubt many of you councilors have had constituents come to you and say, "I got a rotten deal in the Army; I went before a court-martial and the TJA (Trial Judge Advocate) was an attorney, but they gave me a bricklayer to help me." And you have the same thing up at the State House. Your own brothers, your own friends, pleading and working for good throughout the entire state, but before the Industrial Accident Board they are confronted by the most able counsel and physicians in the city or in the Commonwealth, and unless they have capable doctors and lawyers to present their claim they get little or nothing. So that, therefore, Mr. President, I think this order should pass, because, as I said before, the result of this inequity up there forces the cities throughout the entire Commonwealth, and Boston particularly, to carry a very, very heavy burden that we should not have to carry. There are plenty of attorneys up in the Corporation Counsel's office who could be assigned to cases such as this, and when any person, any resident of the city of Boston, has not got the money—and many of them have not—to properly present his claim before the Industrial Accident Board, I think that the city should assign them a counsel and a doctor. It would cost the city nothing comparable to the cost of keeping a man on welfare or aid. The cost would be infinitely smaller to supply each man with a capable doctor and a capable lawyer to properly present his case. Therefore, Mr. President, I hope that this passes. The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON FINANCE.

Coun. MADDEN, for the Committee on Finance, submitted the following:

1. Report on message of Mayor and order (referred September 9) for loan of \$200,000 to be expended under direction of Commissioner of Public Works for construction and equipping of an incinerator building—that same ought to pass. The report was accepted, and the question came on the passage of the order.

Coun. MADDEN—Mr. President, we have an unfortunate situation in Brighton in that there is no available place to dump garbage and ashes. Up until April of this year the contractor in the Brighton-Allston District had been dumping in Watertown, and, as I understand, he was then getting \$10,000 a month, or \$120,000 a year, for the removal of the garbage and ashes. After he lost the right to dump in Watertown it became necessary to use the dump over in South Boston on Mile road. As a consequence, the contractor negotiated a contract with the city whereby the city agreed to pay him \$17,000 a month, or \$204,000 a year. I checked over the contractor's figures, and perhaps you may recall that several months ago I spoke on them at length here in the Council. He has some six trucks and on each he has three men. I understand the city pays him \$3 per hour per truck. The men on those trucks, the contractor's employees, get \$1.10 an hour; the city employees get 65 cents an hour. Taking the contractor's figures, we find that the actual cost to the contractor is in the neighborhood of seven or eight thousand dollars. Why he should get \$17,000 I don't know, but anyway such a contract was entered into. In the meantime his Honor the Mayor took action and has suggested that they put an incinerator out in Brighton. There was a hearing recently at which the Public Works Commissioner appeared and gave us many enlightening facts on incineration and garbage disposal. The cheapest way, of course, to dispose of garbage and ashes is to dump them. Unfortunately, as I said before, we have no available place in Brighton to dump, so that they must be carted away. The most sanitary way of disposing of ashes and garbage is by incineration. Incineration, gentlemen, is something which is not new; it has been practiced in many cities throughout the Commonwealth and throughout the entire nation. From all the information we have, which the Committee has been able to receive, incineration is not too expensive, and it is better in the long run and less expensive than many other ways of disposal. The proposed incinerator in Brighton will cost in the neighborhood of \$200,000. We have the assurance of the Public Works Commissioner that it would be entirely possible to put several similar incinerators in other sections of the city should the one at Brighton prove advantageous, which the Commissioner assures us will come to pass, because he says that the apprehension that a lot of people have that the

incinerators are smelly and offensive is not so, and neither is it the fact that they give off any particular smoke. The plant is designed very much like a public building or a hospital; from the outside you would not know but what it might be some private hospital or some private institution. The grounds are well kept, well manicured, plenty of shrubbery around them, and the trucks go in back so that you have no idea what is going in there. There are huge storage bins, and the incinerator is designed for extreme combustion, so that practically every single thing that is brought in there is burned up, leaving no smoke or no offensive odors. Therefore, Mr. President, I recommend, or the Committee recommends, that this order should pass.

The question came on giving the order its first reading. The roll was called and the order was given its first reading, yeas 20, nays 0:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Russo, Scannell and Sullivan—20.
Nays—0.

LOAN OF \$10,000,000 FOR VETERANS' HOUSING.

Coun. LINEHAN called up No. 1 on the calendar, viz.:

1. Order for loan of \$10,000,000 for veterans' housing.

On September 30, 1946, the said order was read once and passed, yeas twenty-two.

The question came on giving the order its second reading and passage.

Coun. LINEHAN—Mr. President, before the roll is called I would like to read just one item so that his Honor the Mayor and others who are interested in veterans' housing may take advantage of this so-called condition that exists in the next thirty days. This is headed, "U. S. to Sell Surplus Supplies by December 1 for Vets' Homes." It reads: "Within the next sixty days, almost all government war surplus building materials will be off government stock piles and released for use in veterans' housing, the War Assets Administration announced last night. War left-over building supplies and equipment will be turned back into private construction channels in New England and elsewhere by December 1, under a streamlined sales program approved by Administrator Robert M. Littlejohn. The lagging Veterans' Housing Program will get a considerable shot in the arm by the transfer of these vital building materials to the construction of veterans' homes, WAA officials expect. Builders' hardware, and materials and equipment needed by utility companies for extending service to homes built under the Veterans' Emergency Housing Program are included in the goods to be offered for public sale." It seems to me it is about time that the city government and other government agencies took advantage of a situation such as this. Now, here is the only possible chance we have of taking advantage of it, by passing this order for ten million dollars and having his Honor the Mayor sign it. Naturally, if he does not sign it, it will mean that it will bring the time nearer when the federal government will have to come in. We now have a setup under the laws which exists on the books. And I sincerely hope that the Council will vote in favor of this and that his Honor the Mayor will see eye to eye with us on this policy of veterans' housing for their families and sign this so that at not too far in the future we will see the building of homes for veterans in this city.

Coun. MADDEN—Mr. President, for the benefit of those councilors who did not stay for the entire hearing a couple of weeks ago when Mr. Nichols appeared before the Committee, let me quote much of the information that Mr. Nichols gave us at that time. This particular law is perhaps the most advantageous, the finest law that I have ever seen. In effect it authorizes the cities throughout the entire Commonwealth to subsidize the building of homes. For many, many years the federal government has been subsidizing the farmers, subsidizing the manufacturers, subsidizing the public utility companies, but forgetting the interests of their veterans. When the boys were too good for you fellows—nothing"; but when they come home they find they have no place to live. Now under the terms of this particular law the city must sell the houses after a period of five years, and they must sell them to a veteran. The veteran does not necessarily have to live in the house. He takes title. He can in effect buy the house for his father or mother, or sister or brother, who may not be veterans. So that when you help the veteran in this particular instance you naturally help everybody. As Mr. Nichols suggested, it is entirely possible, with the city creating this huge fund, to pool unlimited resources so that it is entirely possible to construct these houses, one- and two-family houses throughout the city, at a cost in the neighborhood of \$8,000. If in years to come the city finds out that the veteran can't pay this much, or the price is a little too high, there is nothing under the law, if the proper officials feel that the price is reasonable, to prevent the city from selling the same property to a veteran for \$6,500 or \$7,000, or at any price which they consider to be reasonable. In the meantime every councilor must have the same

problem that I have. I have had hundreds and hundreds of people out my way asking, "Where can I get an apartment?" I truthfully don't know where you can find one single apartment. But at least we would be taking a step in the proper direction. The passage of this loan order would give employment to thousands of men throughout the city, artisans of every trade; it would include people who room or live in Hyde Park, West Roxbury, Dorchester, South Boston, or other sections. Other cities throughout the Commonwealth have taken advantage of this particular law. I read just yesterday where the City of Beverly has a comprehensive program. There is no such thing as a housing shortage in the City of Beverly. Now, if Beverly can take care of its housing problem, certainly the City of Boston should be able to do the same thing. According to Mr. Nichols, after a period of five years the total effect on city finances would be less than a dollar per thousand of increase in taxes, and he bases those figures, gentlemen, on things not improving. If conditions improve, apparently there would be no increase in taxes. But even if there was a dollar or two or five dollars increase in taxes, something must be done to help the housing situation. It is the most pressing problem we have today. Therefore, Mr. President and fellow members of the Council, I urge that this order pass.

The question came on giving the order its second reading and passage. The roll was called, and the order was given its second reading and passage, yeas 19, nays 0:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell and Sullivan—20.
Nays—0.

Later in the session, Councilor Muchnick who was not present at the time of taking of the vote asked unanimous consent to be recorded in favor of passage of the loan order for \$10,000,000 for veterans' housing.

President KELLY—Councilor Muchnick asks unanimous consent to be recorded in favor. If there is no objection, the councilor will be so recorded.

INCREASED ANNUITIES TO WIDOWS OF POLICE AND FIREMEN, ETC.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Corporation Counsel for the City of Boston to draft legislation for consideration by the 1947 Legislature, that will permit the City of Boston to change the amount of the annuity payable to widows of policemen and firemen, from the present \$1,000 to \$1,500, and to change the present allowance of \$200 to children under the age of eighteen, to \$300.

Passed under suspension of the rule.

RECESS.

On motion of Councilor Sullivan the Council voted at 2.35 p. m., to take a recess, subject to the call of the Chair. The members reassembled and were called to order by President Kelly at 5 p. m.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment (referred October 7) of William O'Brien and Francis J. White to be Weighers of Goods—recommending that appointments be confirmed.

The report was accepted, and the question came on confirmation of the appointments. Committee, Councilors Lane and Moriarty. Yeas 17, nays 0, and the appointments were confirmed.

EXECUTIVE COMMITTEE REPORT.

Coun. FISH, for the Executive Committee, submitted the following:

Report on message of Mayor and order (referred September 9) for loan of \$5,000,000 for off-street parking facilities—recommending that same ought to pass.

The report was accepted, and the question came on giving the order its second reading and passage.

Coun. CHASE—Mr. President, I have on many occasions given my reason why I shall vote against this five million dollar loan order. I realize, sir, that we have a traffic problem in Boston and that something should be done by the municipal authorities to relieve that problem. I do not feel that in our anxiety to relieve that problem we should go forth blindly and appropriate five million dollars of the taxpayers' money for a proposition which involves millions of dollars of land-takings. I do say once more, sir, having in mind that in practically every land-taking which has ever been authorized by the municipal authorities in this city, in prior administration after prior administration, land-takings have on most occasions been accompanied by scandal. And I do not hesitate to say, Mr. President, that these scandalous land-

takings have been promoted, apparently, through the authorities who were authorized to make the takings. I say all this, Mr. President, having in mind the Exchange Street widening. That was a scandalous land-taking, made possible through the votes of the authorities and through the action of the municipal authorities. There was a land-taking which involved so much scandal that it hit the front pages of every newspaper in Boston for weeks and weeks. There was scandal attached to the Province Street widening. There was scandal attached to the land-takings at the mouth of the Sumner Tunnel, where \$100,000 was made on a 90-day option for \$5,000. There was scandal involved in the Cambridge Street widening. In practically every widening that has taken place in the city there has been considerable scandalous talk. Now, sir, we in the Council who realize that in the past there have been scandals, should go easy on this tremendous land-taking which is proposed. This is nothing but a five million dollar blank check for land-takings. It has been called to my attention by responsible people that there are stories throughout the city today that people in the so-called know are now buying options on properties downtown, having in mind one purpose, and that is to profit on this so-called off-street parking loan order which we shall either pass or kill today. Mr. President, I would be violating the trust imposed upon me by the voters of my district if I were to vote favorably on this matter today, having in mind that stories have been in circulation now for a long time of people securing options. Sir, I would be violating the trust imposed upon me by the voters of my district in watching out for the money, the public money to be expended, if I vote blindly on this five million dollar loan order. I think, Mr. President, that no person with any intelligence would expect us to vote blindly on this matter, and that is exactly what we shall be doing. We shall be voting his Honor the Mayor and the Real Estate Commissioners authority to go ahead and spend five million dollars of the taxpayers' money in acquiring land—where, nobody knows—five million dollars worth. Now, Mr. President, I have taken considerable time and effort in making up my mind on what I shall do in this matter and, in making it up, I have consulted many wise men on this subject, prominent financial men, men just as honest as anyone's reputation could be, and they feel, sir, that my stand is a reasonable one, they feel that if they were in my position they would take a similar stand, and instead of voting away five million dollars of the taxpayers' money they would appropriate one million dollars at a time, piecemeal. They would approve of that, sir, and I have considerable respect for the gentlemen who happen to be in full accord with me, and because of that I may have the audacity to vote against the so-called popular side. I realize that practically every newspaper in the city has been hammering away week after week, week after week, advocating the passage of this loan order. And I fully realize, sir, that the newspapers are prompted to do it primarily because of the retail department stores, because they want the advertising. I fully realize that without the retail advertising the retail stores give the Boston newspapers they could not survive, and obviously, sir, the main problem back of this five million dollar parking loan is your Boston retail stores, namely, Filene's department store, Jordan Marsh's department store, R. H. White's, and others who are linked up together under Dan Bloomfield. Sir, I can't say to these people, "You are acting wrongly." They naturally are taxpayers and they believe that they are entitled to consideration, and they are rightfully entitled to it; but, sir, not to the extent that they expect the members of the Boston City Council to go forward blindly and give five million dollars to six people, for them to go ahead and spend it blindly. I do not quite understand the reasons, sir, of some of the advocates of this measure. Not so long ago a number of these applicants advocated suing the Mayor of the city. Not so long ago, sir, the very same people who advocate a favorable vote on this loan order urged his Honor the Mayor to resign from his office. Now, sir, they turn around and say we should trust the Mayor with five million dollars, after they told us that he should resign because he is under an indictment, that he has been convicted and should resign, and yet they say today to give his Honor the Mayor five million dollars to spend on off-street parking. I don't understand that reasoning, nor do I understand the logic of some of the other well-known advocates of this off-street parking. But there is one thing I do understand, sir, and that is that we are vested with the sole authority of passing on this five million dollars, and that we do not have to take orders from any particular banking group, or any particular chamber or any particular group of prominent and influential people in this city. The people of my district and your district elect us to make our own judgments on these matters, and I feel that I am sufficiently capable to make up my own mind as to how I shall vote on this matter. I do not have to be told, sir, by any person or any group of persons what is for the benefit of the city, although I am willing to listen, and if their reasoning agrees with mine then I will go along on the proposition. But because a certain group of influential people expect me to jump at the crack of their whip, because they advocate it when I think it is wrong, then, sir, I say that they are mistaken and I shall vote against this proposition simply because I do not

think that it is properly drawn, nor do I believe that it has sufficient checks on the expenditure of the money. I am willing to go along and give these retail merchants a certain chance. I am willing to go along, sir, and give them a million dollars at a time, and watch how they spend it, and if they spend it properly then give them another million, and so on until the five million has been appropriated. But, sir, I don't think that the five or six big department stores in our city are the sole taxpayers involved in this matter. I have in my district many large apartment owners and many small home owners who e tax bills will be affected in the course of years by our vote today. Some of those people are the ones who are responsible for my being here today, and those people, sir, are the ones whose tax money I am just as responsible for as the taxes taken from your department stores. So, sir, I have to look at this matter from a triangle and not just from the one angle of your influential retail merchants. I hope that the members of this Council, after due reflection and thought on this matter, will agree with me that there are not sufficient checks over these authorities, namely, the Real Estate Commission and his Honor the Mayor, to prevent excessive land-takings. There is insufficient check, sir, to prevent the wrongful buying of wrong sites. And I think, sir, we should prepare ourselves for any bad report which the Finance Commission may hand down to us in the future. I suggest that at the present time we appropriate one million dollars and hold the other four million in reserve, so that we can deny any further money in the event that they unlawfully spend the first million. But, sir, when you once grant the five million dollars and the citizens and the taxpayers are called upon to pay possibly five million dollars for three million dollars worth of property, in bad sites, bad locations, and if the Finance Commission hands down that report, then, sir, I repeat that the cat will be out of the bag, you will not be able to do anything about it, and no one else will be able to do anything about it, because the law is so written that the only power the Finance Commission has is the power to criticize, and you know how often the Finance Commission has criticized the actions of our municipal authorities and yet nothing has ever been done about it. The Finance Commission consistently, year after year, in administration after administration, points out where the citizens have been hooked to the tune of a million dollars on this proposition, five hundred thousand dollars on that proposition, they have made exposed after exposed, only to have nobody take any action on it. So it will be in this matter, sir. Your Finance Commission, just as surely as you are sitting in your chairs, will eventually come out with a report criticizing the proposed land-takings. Then what will be done about it? His Honor the Mayor will trot out his experts and contradict the Finance Commission. The Real Estate Commission will trot out their experts and get into a discussion and argument, but the land-takings will take place just the same, and the taxpayers' five million dollars will be spent, and, as usual, they will take a good hosing, and it is all made possible, sir, because of the votes of us councilors. I believe, sir, that this can be avoided by granting one million dollars at a time. I urge the members of the Council to vote in the negative on this question, with the understanding that we shall vote one million dollars subsequently, with the assurance that the other four million will be given piecemeal as the Finance Commission reports back on the expenditure of each million.

Coun. KINSELLA—Mr. President, I would like to ask the gentleman from Ward 4 a question. I would like to ask him why he does not consider withdrawing his vote for the expenditure of the ten million dollars federal housing loan order, in view of the fact that we have no control over that money and it is going into the custody and control of Mr. Curley, the same gentleman that he is concerned about in connection with the present order.

President KELLY—Councilor Chase, will you kindly answer the question?

Coun. CHASE—I do not see what connection the ten million dollar proposition has with the matter before us. They are two entirely unrelated matters. The merits of the bills are entirely different. One matter involves spending five million dollars of the public's money for one purpose, and one purpose only, and that is parking lots, and parking lots to be acquired by land-takings, and land-takings to be made at an assessed valuation. Sir, the housing proposition is entirely different. They are two unrelated matters.

Coun. KINSELLA—Mr. President, there will be land-takings on the ten million dollars to be expended for veterans' housing. In principle his criticism should apply to Mr. Curley on the ten million as well as the five million. I think the councilor, for all his innate respectability, is a little too free with his use of words such as scandalous, court records, court dispositions. How long since we have to cut a man down by talking about any misery which is confronting him? Why do we always have to think that that is sufficient reason for questioning every act that he wants to perform or for censuring every statement he wants to make? If Councilor Chase or anybody else has any advance, certain knowledge, not theory or idea or belief—but certain knowledge that the people of the city are going to take a hosing, as he so eloquently expresses it, then he should in duty

be bound to share that knowledge with us, but he seems terribly hurt that we do not accept his unproven word that somebody is going to be reeled, which is my own word. I am just a little sick and tired of it. I wonder, if this were October of 1945 instead of October of 1946, with Mr. Curley in the Chair, what the gentleman's attitude would be. I feel anyway that the most important point is that the people who want this are people who do not customarily come to us and ask us for things. He has referred to them as the merchants and Chamber of Commerce in Boston. Ninety-nine out of a hundred of those people are registered Republican voters, and no one has any question of their integrity or responsibility. No one has ever said that they would recommend the expenditure of five million dollars, and their opinion of Mr. Curley, as Mr. Chase seems to think, that he ought to be removed from office, was never mentioned certainly by them, and was never publicly stated. I don't know of any one of them on the Greater Boston Development Committee, which is the stem of this, that ever was quoted in the public press as saying that Curley ought to be removed from office because there are charges pending against him, and then at a later day saying that he ought to be removed from office because he has been convicted. I wonder how much pleasure my friend and fellow councilor gets out of cracking a man when a good word is probably all he needs, when a good word is something that he would really appreciate, and how much nicer it would be to have it come from a member of the opposite political party, someone who does not like Curley only because he is Curley. I ask you. He comes from a Republican ward in the city where the first creed taught is to vote against Curley and anyone of Curley's nationality or creed, or whatever you might say is the reason behind the vote.

Coun. CHASE—Mr. President—

President KELLY—Do you yield?

Coun. KINSELLA—I do not yield.

President KELLY—For what reason does the gentleman rise?

Coun. CHASE—Personal privilege. The gentleman is out of order, sir. He is talking on matters entirely unrelated to the subject matter before us.

President KELLY—That is not a point of personal privilege.

Coun. CHASE—A point of order.

President KELLY—State your point of order, councilor.

Coun. CHASE—There is nothing pertaining to religion or race involved in the matter before us, and the gentleman is entirely out of order when he makes such remarks.

Coun. BAYLEY—I agree with the gentleman.

President KELLY—Councilor Kinsella, will you try to confine your remarks to the subject at issue?

Coun. BAYLEY—A point of personal privilege.

President KELLY—Do you yield for a point of personal privilege?

Coun. KINSELLA—Not at the moment.

Coun. BAYLEY—Thank you.

Coun. KINSELLA—I would like to request the Chair, if he is going to rule that I should stay within the confines of the subject matter, that he watch a little closer when a man's character is being assassinated as a part of a statement before this Body on a matter that is up for consideration. I was constrained from raising the point when the councilor from Ward 4 was speaking about Mr. Curley, but I let him go, and he is going to tell you that that is a part of the order under consideration. I had a taste of that, however, not so long ago on a certain appointment, which afterwards was cancelled and caused a lot of heartbreak to somebody not acceptable to Wards 4 and 5. All of this is political and personal. The Legislature says that we can do this and so by simple legislative act. How often has absolutely plain, common decency been exceeded in speaking a thing in public! We are giving this to the Mayor of the City of Boston, not to James M. Curley. I am informed by the clerk that for all time, unless a loan order is cancelled by action of the Council, it can not only be acted upon by the Mayor who is current when it is passed but can be acted upon by any Mayor far into the future. We can't even make them spend the money, any more than we can make them spend the ten million dollars for veterans' housing. But what is the paramount consideration here? Are we going to have a Roman holiday with a man who has been publicly accused, who has been tried by a jury of his peers and the merits of whose case have been thrashed out at great expense to him and his family over a period of months and months, or are we going to be grown-up men and leave his personal morals and character out of it and consider any merits contained in the legislative act that we are asked to accept? It was the judgment of this Body a few weeks ago that the measure was worth 15 votes. I am not aware that there was a question in anyone's mind when those 15 votes were cast. Now we are approaching the eleventh hour. We can let it go by default and make it extremely difficult for the city to get any bankers to lend them the money, because they do not like a loan order that goes by default, or we can give public utterance here to a view that is pretty widely held in the City of Boston, that something must be done. Some of the most prominent people in this world could walk into this city as guests of this city, and as prominent as they be, there is not one of them

whom has a word to say on what shall happen to this order. In other words, we are the only ones who can say Yes or No. The President of the United States himself can't cast a vote in this Body. That is how important our vote is. If we want to be personal, if we want to reduce everything we do to a personal basis, whether there is plenty of precedent for it or not, we are trying to vote in the performance of our duty towards eight hundred thousand people as well as Mr. Chase is. And as I told him in the Executive Meeting, which is no revelation of anything secret, his discretion dictates that he vote for the loan of a million dollars at a time or not at all, and for practical purposes I suggest that he vote not at all for it. A million dollars is no good. Business men are accustomed to huge expenditures of money, but without knowing what the situation is or who the men are, I will frankly admit that not one of them is a man whom you would expect to see on Curley's side. I have said that a million dollars is absolutely no good, and not even five million dollars will do more than scratch the surface. But once again let me say in the friendliest possible way, that the next time a man's morals are being questioned in this Chamber, I shall object. It is all right to bring me to terms because I went a little farther, perhaps, than I should have, but in principle I said no more or implied or hinted no more than was said openly about the Mayor of the city, who is not in my debt and in whose debt I am not. The five members of the Board of Real Estate Commissioners are, as we know, the chairman, who has recently been appointed by the Mayor, the City Treasurer, *ex officio*, the chairman of the Planning Board, and two bankers. The two bankers and the chairman of the Planning Board can be expected to watch things very closely, which should be satisfactory to Councilor Chase in view of the fact that he particularly specified that both the Treasurer and the chairman of the Board were Curley appointees. That is a worse implication than if he said that—well, said the same thing without the implication. I suppose he doesn't care. But I find it increasingly difficult, Mr. Chairman, to continue to like fellows—and I always liked Councilor Chase—I feel it increasingly difficult to keep on liking a fellow who will come up month after month after month reviling, criticizing, damning and stigmatizing everything that comes from the corner office only because he doesn't like the incumbent. I seriously suggest that he make a blanket accusation and go up to the administration with anything he wants. Let us pass the order and see how correct he is. Let us see how crooked the department heads are. Let us see how much crookedness there is in the crowd that really brought this thing in and laid it in our laps. As to having any scandal, there will be no scandal with which we are connected. Let us give them five million dollars and put the burden of proof on them, and you won't be touched with scandal or tarred with a brush if you don't go around looking for a handout. Stay out of it, and there will be a dearth of accusers. Let us lay off the morals.

Coun. MADDEN—Mr. President, when this matter was first brought before this Body I was one of the men who fought it tooth and nail for many hours. I thought I was right then, and I am sure that I am right now. I thought that those who proposed this off-street parking should pay a proportionate share of the cost. I don't think that that burden should be shifted entirely to the taxpayers. I think there are ways and means whereby the retail merchants and others who are interested in this could and should pay their proportionate part of the cost. However, in reviewing the entire matter, we have not had many occasions when the Legislature—a Republican Legislature, gentlemen—gave us the green flag, or the green light, on any particular matter. We are satisfied that the state generally and the State Legislature are sovereign bodies. They gave this matter great consideration. I am also satisfied that when the newspapers of the city back something as strongly as they have backed this, they are not all motivated by, let us say, lust or other motives that we would probably frown on. Here we have a situation whereby we alone can appropriate the money. We have the authorization of the State Legislature to appropriate the money. I have a very great regard for the able councilor from Ward 4. Only recently I read in the paper an article by that great writer, Bill Mullins, who said that Curley is what we know as an honest man. I thought Bill was very fine. And, as I recall it, Bill went on to say, "If you don't vote for this housing thing you are dishonest." Now, there is some inconsistency there. That perhaps is just as consistent as the remarks by several of the newspapers last week where many of the councilors were taken to task because we were so simple as to want to listen to the World Series. Gentlemen, I am one of many men who did not have a chance to see a ball game, a World Series, for a great many years, and if I am so simple or so human that I kind of like to listen to a ball game I must say I am sorry. But it just so happened that last Friday when this came up I was not listening to the ball game—I would if I had thought about it—but I went to the funeral of a very good friend of mine. May the Lord have mercy on him! One of our late Election Commissioners, Fred Dowling, a great fellow! Fred's funeral was at two o'clock. Councilor Ed Lane and myself went over because Fred was

not only our friend but our neighbor. That was our crime! To come back to the suggestion of Councilor Chase that this would lead to scandal, I agree with Perlie that there have been many instances where scandals have arisen in land-takings. However, I have fervent respect and regard for the members of our Real Estate Board. It does not make sense to me that the heads of two of our largest banks, whom I do not know other than by name and reputation,—but I do know Mr. Fox, and I do know the other members, and I am perfectly satisfied that they are very capable, sincere and honest men. I do not think for one minute that those men would stoop to any fast stuff. Maybe they would, but I don't think so. As for the principle involved in this, I can't see any difference at all between the principle of giving the Mayor the authority to spend five million for off-street parking and ten million for veterans' housing. It is land-taking either way. They are both wide open to subversive tactics, we might say. However, I can't bring myself to think that the Mayor of our city and these other gentlemen would countenance any such thing as that. God knows that we have a very serious parking problem in the city, and I am not satisfied that this is the best method of handling it, but I think it is an honest and sincere start. I think that when the Legislature has done what they have in giving us the green light, and I think when they have drafted the law in such a way that capable and honest men are handling the administration of this fund, I am perfectly willing to repose confidence in their ability and integrity. I do not feel as though I am breaking faith with my constituents. I think that the people of Brighton are just as much interested in improving the conditions in the city as the people in any other section, and if men more capable than myself, more learned than myself, men who have had more experience than I, advocate this off-street parking, as they do, I am perfectly willing to take the word of those gentlemen. So, Mr. President, I think that, while I may have been wrong before in opposing it, I am satisfied that perhaps there is some merit to it, and that something should be done, and I think it ought to be done right now.

Coun. RUSSO—Mr. President, we have had this loan order before us now for approximately two months, and everyone has maintained that we should have some information in order to enlighten us so that we might vote intelligently one way or the other. Two weeks ago I voted for this loan order and I stated at that time, and I so state now, that unless further information was forthcoming I would be placed in a position of being unable to justify my vote in the affirmative. Two months, Mr. President, have passed by, and yet not one department into whose hands this five million dollars will be entrusted has set before our committee meetings that we have held, meeting with all the various departments that this money should be handled by, the desired information. I would like to be placed in the position to vote in the affirmative on this question because I fully realize, Mr. President, that we have a traffic problem, but they have done nothing to satisfy me that this loan order of five million dollars for off-street parking is the solution or a help to the traffic situation. I do not cast any reflection in so far as his Honor the Mayor is concerned, or the men by whom this money will be, of their own free will, spent. But I am wondering, Mr. President, here, why, up to this time, we have not had any information, and they do not intend to give us any information, and still they expect the Council to pass an order for five million dollars without any information. Surely, Mr. President, the newspapers of our city have planned for the passage of this five million dollar order. I think that there are no other newspapers in the City of Boston that are more interested in passing this order than the Boston American and the Boston Record, but still in their fairness editorially they have given the public the information that the City Council is entitled to receive. There has been no newspaper that can testify that we have had all the information that we are entitled to. They have placed the Boston City Council in a position of trying to make the public believe that we were trying to avoid the passage of this loan order for another reason than the failure to receive proper information. Only once within these sixty days the Traffic Commission presented to us a map which showed the various parking spaces in the City of Boston, and at that meeting, gentlemen, they claimed that we had received the information. We have not received the information in regard to how many parking lots this five million dollars is going to take care of. And I do not intend that these men should give me the information, although I believe that I should be entitled to it, to know the exact location of these parking spaces; but I do intend, Mr. President, to know before I give my vote in the affirmative as to the area, the approximate area, that these parking spaces are going to be put in. Can we honestly and sincerely justify ourselves in passing this loan order without knowing approximately the locations? I know that this bill was introduced by the merchant and retail houses and department stores of our city, and yet we had it testified before us by the chairman of the Real Estate Commission that it was his opinion that these parking spaces should be built, not in the City Proper—by that I mean, within the confines of these department stores—but rather on the outskirts of our city.

There is nothing definite at the present time, at least, that might justify my vote in the affirmative. Speaking in so far as the land steal is concerned,—yes, Mr. President, we have had those experiences in the past,—I am more interested to see that my vote will be given with the full knowledge and satisfaction that I am voting in the right manner. I maintain, Mr. President, that it would be proper for the City Council to reject this loan order without prejudice and let his Honor the Mayor and the members of the committee bring to the City Council a constructive plan, to tell the City Council whether or not they are going to build one parking space for five million dollars or to build ten parking spaces with the five million dollars, and approximately where they intend to put them. I do not feel that we are asking too much to know this information. They have claimed that it is the fault of the Council in holding up the passage of this order. Why don't they put the blame squarely on the shoulders where it belongs, and that is on his Honor the Mayor?

Councilor Hurley doubted the presence of a quorum. The roll was called and it was found that there was more than a quorum present, viz.:

Present—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Fish, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Sullivan—18.

President KELLY—The Chair will rule that there is more than a quorum present. Councilor Russo.

Coun. RUSSO—Mr. President, as I started to say, his Honor the Mayor has not, in my opinion intended to give the City Council any information, and I gather from information given to me by the department heads at our meetings on this question that they feel that this is not the baby of his Honor the Mayor, and therefore they were not interested to get down to business and give the Council the information that it seeks. If that is so, Mr. President, I feel that his Honor the Mayor, when he sent this loan order into the Council for its adoption, it must have had his approval; but as he stated from the beginning of the year, the City Council had no power and regardless of what the Council does, he would come through with perhaps anything that he wants anyway. But I say to you gentlemen, in fairness to each and every one of you, that it is unfair that we take this accusation by the various newspapers without at least a comeback, and I hope that they will be big enough—and I know that they will not print it—to give the reasons why individuals have voted against this measure, even though knowing that it will pass. I say to you, if we pass this loan order, regardless of whatever comes up in the Council, we won't have the faith of the people who elected us. We should not vote on a five million dollar loan order without any information, and up to this time we have not had any information whatsoever which would enable us to pass intelligently on this order.

Coun. LANE—Mr. President, this is the first time I have taken the floor on this important matter, but Councilor Chase from Ward 4, for whom I have a very high personal regard and consider a man well qualified to represent the important district which he does represent, has indicated that those who apparently are in favor of this timely and important measure are acting blindly. Now, in my particular case, I agree with the councilor from Ward 2 (Councilor Kinsella), who put it very well when he stated that he has given it full consideration. Since 1928, as some of you probably know, I have been operating under my own ownership and direction an investigation bureau for the insurance companies, and with this knowledge and background in my favor, and after all the things that have been said by both persons in favor of and in opposition to this important measure, I decided to conduct an investigation of my own. I went to one of our foremost metropolitan dailies and spoke with a very dear friend of mine, the managing editor—the same paper being represented here today by their representative—and this managing editor, whom I have known since 1916 when I went to college with him, told me, in answer to my inquiry, that he wished to make it perfectly clear and explain to me that he spoke his own mind in giving me his answer as to whether or not he favored the off-street parking measure. He did emphasize, and I quote, and I believe verbatim, that at no time have any of the so-called big daily advertisers—I refer to the department stores—approached him as managing editor, asking him to editorialize in their favor this bond issue. He has counseled me over the past twenty years on other important matters, and never once has he advised me erroneously or falsely, and I therefore have reason to believe that when he answered me he spoke his own personal mind, that he believed that this loan order was one of the most important that has ever come before any Council in his memory in the City of Boston, and that he firmly believes that, though it would not entirely correct the tangled, snarled traffic situation now existing in our city streets, it would at least be a start in the right direction and that it would at least partly cure the evil. Going beyond that, I interviewed several prominent churchmen in the downtown area, not of my own religious faith or belief. I interviewed various members of our prominent banks, merchants of all creeds and faiths, and in not one instance did I find any person who in any way, directly or otherwise, was opposed to the measure. It has also been charged and implied on this floor that his Honor the Mayor, either himself or through some members of his so-

called inner circle, has approached various members of this Council. I dare say that no member of this Council has gone down to the Mayor's office seeking favors, favors that rightfully belong to him, any more than has your present speaker, but never once has his Honor the Mayor, or any individual or group of individuals duly accredited as being members of the inner circle, or the inner family, ever asked my belief or asked me which way I was going to vote on this measure. Gentlemen, I am in the automobile business, I run an investigation bureau for automobile insurance companies; I am familiar with the loss ratios; I am familiar with the exposures the insurance companies are up against; and I know that they too—whether they be domestic or foreign companies, licensed to operate within the Commonwealth—that they too are all highly in favor of the measure. I speak my own mind when I say that I am in favor of it, and I hope that the debate will be curtailed, and that we will pass favorably on this important subject.

Coun. CAREY—Mr. President, it seems a waste of time, with the odds so heavily against you, to bother to speak either for or against this particular measure. I predict now that the vote on this five million dollar loan order will either be 16 to 4 in favor of it or 15 to 5 in favor of it. Nevertheless, it is indeed a pleasure to be one of the four or five, as I have been on innumerable occasions during the last nine years. And I am one of the four or five only because I have the courage of my convictions. It is unfortunate that the name of his Honor the Mayor has been brought into this discussion. My vote today is not to be considered in any way as one of suspicion against the ability of the Mayor to properly spend this five million dollars. I have the utmost confidence in the Mayor in that respect. However, we have had a parking problem, a very serious parking problem, for many years in this city. Nobody seemed to do anything about it. An order was introduced in the Council asking for this relief or that relief, but to sum it up, nothing ever was done. But all of a sudden somebody gets the idea, let us spend five million dollars of the poor taxpayers' dough, and within sixty days it is demanded of the Council that it vote to spend that five million dollars of the taxpayers' money. It has not been told to us whether that five million dollars will provide one parking space or one hundred and one parking spaces. It has not been shown to us whether, even if one hundred and one parking spaces were provided, any relief would simultaneously be provided. We have a vehicular problem in the city. I don't know whether it is a parking problem or a traffic problem. Who has the right to say whether one hundred and one parking places will relieve what is so generally referred to as the traffic congestion or traffic problem? Good God above, we might have a worse traffic problem as a result of opening up more parking spaces than we have ever had. It is common sense that, at least to some extent, if people outside the city who have offices in the city feel that, "Well, there are more parking places downtown now, let us take the car in town," then we are going to create a far greater traffic problem than we ever have had. We have parking spaces today. They have not provided a great deal of relief. As a matter of fact, if anyone of us tomorrow morning, when the really heavy movement of traffic is on, tries to approach one of those parking places, we will find lines of traffic headed towards it, waiting to get in there, as a result of which for a half mile at some points we find a procession of automobiles that can't pass along, just because five or six cars at the head of the line are trying to get into one of these so-called off-street parking places. There is a vehicular problem. We are not dumb. We don't have to have Filene's or Jordan's or anyone else come in here and tell us that. We have already seen it. I have seen it over a period of years. But to listen to some people you would think that the City Council did not know what was going on in the city in regard to the traffic problem. We know it very well and want to do something about it. As proof of that, when this matter was given its first reading here, I voted in favor of it with the reservation that I hoped in the meantime some concrete assurance, at least some reasonable assurance, might be given to us that some relief would be provided by the expenditure of this five million dollars. Nobody has been in to give me any assurance whatsoever. We did have some gentlemen come in here, estimable men, and they pleaded with us to do something about it. But not one of them, excepting that they told us that there was a traffic congestion, could in any way suggest or assure us that relief would be provided through spending this five million dollars. There has been great complaint, particularly during the Democratic administration of the last several years, that the government has interfered altogether too much with business. As a matter of fact, because of the demands that have been made, the President is going to tell the people tomorrow night what is going to be done to relieve the meat shortage. In other words, the blame has been put on Congress in Washington, a Democratic Congress and a Democratic administration, saying that if the government had minded its own business we would have plenty of meat and at cheap prices. That is not the only instance of where the present administration of the last few years, the last several years, has been blamed for interfering with business. Well, now we are going to legalize, we are going to have the City of Boston go into business with the garage

owners. We have got off-street parking places already in Boston. Now the City of Boston, through its City Council, is going to take a poll of its members and going to take five million dollars of the taxpayers' money and put the City of Boston into the garage business, with no assurance, of course, that any relief is going to be provided. I wonder if—God forbid!—we should have a depression and we should not have the congestion in the streets that we have today from a vehicular standpoint and some of these contemplated parking areas go by the board, who is going to hold the bag then. Are these big business men who have come in here and demanded that we take action going to be willing to take over those places regardless of profit and loss; will they say to the city, "Forget it, boys; you were Santa Claus before, we will be Santa Claus now"? One of the greatest public services that I can conceive would be to do something about this parking problem, but no one has convinced me yet that by taking five million dollars of the taxpayers' money then right off the bat this situation is going to be remedied. What I would like to know is, if this land can be bought so reasonably, and if these parking places can be had so readily, why is it that private business has not been able to go into this matter and relieve the situation. In my judgment, the only answer is that the property is going to cost so much money, apparently, that it has to be a Santa Claus Boston through its taxpayers, who are struggling now, who are expected to take the money and try to relieve the situation. But very likely we are going to have a worse traffic congestion than ever before, unless this Committee, this Board, so called, that is supposed to be so able, can administer this five million dollars in such a way that once parking places are open all one has to do is to get into the car, turn on the gas, and the car will go wherever it wants to go, without any interference whatsoever. We know that is not going to happen. And this refutes to some extent my own personal standpoint, at least as to what has been said here, about the opinion that has been expressed by this one and that one regarding the relief that this five million dollar expenditure is going to bring about. This matter has been before the Council for weeks, and in speaking to men—and I am on the streets every day—not one solitary soul has seen fit to even suggest in the slightest degree that I should vote for this five million dollars, and I presume that the reason they have not is that they have their doubts that the traffic problem of Boston is ever going to be properly corrected until we provide better avenues for that traffic. We know that one of the worst troubles is that there are altogether too many narrow streets that produce bottlenecks. You have got wider streets in the approaches to the city, but as you get downtown here those streets narrow up, with the result that in some cases all the cars are parked on one side of the street and it is impossible for another line of traffic to go through that street. That has been the reason that they have found it necessary, not only here but in other localities, to have the so-called one-way streets. I think that poses at least as great a question as to whether five million dollars is going to be enough or not. I don't think it will be. But why don't we start now, and then in a year from now the request can be made for additional money. This thing might well go to fifty million dollars, but if we have got to spend fifty million dollars, now is the time for the taxpayers to know about it. But the way things are going today, instead of having reduced tax rates we are going to have greater and more burdensome rates, and every penny should be spent wisely and well. If this five million dollars is not going to provide any relief it should not be spent, but there has not been a member of this Body convinced, because nobody has the ability to come in here and convince us that this five million dollars is going to help the situation. One could talk here for two or three hours and bring before this Council reasons that do not justify the spending of all this money at this time. If this Council wants to be fair, due to the fact that they only have until Wednesday to act on this matter, this Council should vote this loan down, and nothing would prevent the Mayor from restoring it, at which time, plans, at least to some reasonable extent, could accompany the new request, letting the Council know where these places are contemplated. The question has been raised as to whether or not the Council should know, and I say, regardless of what the press or anybody else might say, of course the City Council should know. There has been certain criticism made—if you want to read between the lines you can get the direct insinuation—that if the members of the City Council knew where these places were going to be—where these open-air parking places were going to be constructed—there might be some funny business going on. I wonder if certain funny business is not going on at the present time, and if there would be anything wrong in letting the City Council know definitely whether we are going to have three on Federal street, two on Franklin street, a couple on Devonshire street, or where. I do not like to suspect anybody, but as far as I can gather, the only reason that the locations have not been divulged is because there is some suspicion. But why not come out with it? As far as I can see, there is nobody on this Board that has been appointed to select and construct these sites, with the possible exception of the traffic

engineer, who has had any experience in parking matters, and even Phil Desmond qualified any evidence he gave here. He did not guarantee to us that by spending eventually five million dollars we would get relief. He did not prove to us, and he could not, that we were going to get any relief. As a matter of fact, he agreed that the mere opening of additional parking places would invite more traffic into the city. We have been dubbed dumb on more than one occasion, and frankly, with due respect to my colleagues, I figure that we should be dubbed dumb again because, to repeat what I said in the opening, this situation has existed for not a year or two years—it has been increasing for the last fifteen or twenty or twenty-five years—and if we are going to spend five million dollars we ought to have some concrete evidence. I am willing to vote for it, as I said before—I am willing to vote for fifty million, but I would like to be convinced before I vote, whether it is five million or fifty million, that we are going to get the much needed relief. It has got to come, but what in hell are a few small open-air parking places going to do? They are not going to solve the problem. They are not going to do it. To repeat another thing, we don't know whether the five million dollars is going to provide one, a dozen, or a million and one parking places. Nobody on the Board is possessed of sufficient knowledge to tell us whether there is going to be one, a dozen, or a million and one. We don't know whether we have got to use five million dollars merely for the initial land-takings. We don't know what the cost is going to be to construct them. We don't know when we are going to get the material to start them. We don't know when the plans themselves are going to be ready. We know nothing about it. And yet a situation that has been becoming more aggravated for fifteen or twenty years has got to be solved by the City Council within sixty days to the extent of five million dollars, only because of the pressure that has been put upon us. Let us be reasonable about it. Let us use our God-given sense. You men do not represent yourselves as individuals; you are representing districts of anywhere from 35,000 to 55,000 people. I am very much concerned about the eight hundred-odd thousand in the city, and I am likewise concerned about those taxpayers up in my district, a great number of whom, as a matter of fact most of whom, do not own a dollar. And do not be misled because somebody has dubbed it a loan. John Jones, up in my district, is going to pay the bill just the same. Don't think, just because he is going to get the medicine slowly, it is going to help him. John Jones might be paying that bill three years, four years, or five years from today, when God knows what the conditions are going to be. But it is an easy matter to raise five million dollars today. Money is plentiful. To some extent wages and salaries are still high, but common sense tells us that that can't continue. Rents have been frozen in this Commonwealth. And yet you men are going to say to your constituents in your district tonight, "I don't give a damn whether your tax bill is \$42.60 or \$49.60 next year; the fellow who is luxurious enough to own an automobile has to be taken care of." Who says that the business downtown has got to be taken care of any more than the business in the outlying districts? This parking problem exists not only down here but in Dorchester, in Jamaica Plain, in Brighton, in Allston, in South Boston, and many is the business man who can't approach his establishment in Dorchester, Roxbury, Jamaica Plain, Brighton or Allston because of the cars from outside being parked outside his door. There is more to consider about this thing. As I said a little while ago, you might talk about this matter for two or three hours. The longer you talk the more reasons are brought before you for demanding that we know something about this before we go into it. It is laughable that they have been given all the information that they need. What in God's name information has been given? I think I am probably as friendly with the Mayor as anybody in this Body. I think that the Mayor is anxious to get this thing through, and he might have called me down and said, "I would like to have you vote for this." I have not heard a thing from him. Personally I should say that the Mayor doesn't give a damn. He has had plenty of municipal experience not only in traffic problems but in various other problems, and I think it is only fair to say that the Mayor knows that if we are going to spend five million or fifty million we ought to first find out and get a few facts about it. There has been no question of the second floor. The room on the corner down there has been often referred to or written about. Who is going to question this thing? Use your reasonable judgment. This thing can be postponed for two or three months without doing any harm. What construction is there going to be within the next three, four or five months? You may have ample opportunity to demand that some reasonable and some definite information be given to us here. Five million dollars may come very easy to some people, but I am sure it does not come easy to those taxpayers who are still operating on frozen rents, with higher tax bills coming in each year. And don't forget that our veterans' program, caring for the needs of the veterans, might be so consequential that the tax rate should be increased to provide the necessities for them, instead of spending five million dollars on a proposition that we know nothing about except

that something should be done. But, in my opinion, when we decide to spend five million dollars we ought to know a great deal more about it. It is most unfortunate from the beginning that a committee was not appointed by the Mayor, with the approval of reasonable expenditures by the Council, to make an initial study of this situation and to bring in here some concrete facts. Not knowing where these places are going to be constructed—we were not born yesterday; we know that the valuations upon land are being raised—we well know that John Jones, whose property might be assessed for a quarter of a million dollars, might hold out for \$350,000 or \$450,000 and say, "Let the city take it by right of eminent domain." That is a hell of a way to do things ordinarily. If we are going to make some effort to relieve this situation, let us do it in the right way. But by this time we are all grown men, we are all over seven, and we were elected because we were supposed to have some ability to represent 800,000 people. We have been so belittled by the proponents of this five million dollar loan order that they have not given us the slightest indication of what the initial costs are going to be. We don't know but five million dollars might be more than enough. As I said earlier, we don't know but we might need fifty million. But you gentlemen have been so belittled by big business—and you gentlemen are the board of directors of the city—you have been so belittled by big business because they say that they want five million dollars and, getting the same proportion out of each one of your districts, they want to use it to relieve traffic congestion. They have belittled you to the extent that they have not had to tell you, to give you any idea what the land costs are going to be, what the construction costs are going to be, whether they can start these open-air spaces next summer or five years from next summer. I say that if materials are available, those materials should go into the most worthy order that has ever been introduced into this Council, the order of Councilor Linehan. There is not a material that will go into these open-air parking places that can't much better be used to build those housing units that are so vitally necessary for these veterans. Now, are we going to say, "To hell with those veterans—we will put off construction of that housing until we get these parking places in?" I say, give preference to that housing, and defeat this order today. A matter of two months or three months won't amount to anything. There is no talk about parking problems at Beverly; they are building houses. They are not worrying about parking areas for luxurious automobiles. I do not blame the councilor from South Boston for the attitude he assumed about this housing. It looks as if it was too much of a cost. "To hell with taxes; we have to take care of the rich guy who has the automobile." "There is absolutely no need for houses." Nobody can be offended, and you can't convince me, gentlemen, that you will not have the respect of every one of these proponents of this five-million-dollar loan order if you refuse to vote for off-street parking until we at least have the assurance that the materials and the sites have been provided for that much more necessary housing for those veterans, those mothers and those kids that are living, as every one of us knows, under the most horrible conditions. I want to be fair to those veterans. Some people might say, "Oh, trying to pick up a few votes." I don't know whether I pick up a vote out there in Roxbury or not. As is no doubt the case with every one of you gentlemen, there is not a day that goes by that I do not have anywhere from a dozen to thirty or forty veterans coming in and saying, "For God's sake, will you do something; get me a home of my own." The only home we are interested in right now, even though we have voted ten million dollars for housing—I say, let us get the housing first, and then the parking places—but the only home we have provided, that we are anxious to provide right now, through the insistence that this be voted and appropriated today, is the home for that automobile that already has a home. Let us treat the thing with some reasonable judgment. It does not even take guts. You are not going to offend me, but you may offend the people who sent you here, and by God, you certainly owe something to them. Some of you gentlemen have been here not one term, but several terms, by reason of the votes of those same people who are going to pay this bill. Let us assert ourselves. There are going to be less cars on the road during the winter months than there are at the present time. There are going to be more little babies looking for homes during the cold months than there are at the present time. Let us use all of our cooperation, as they did in Beverly, to get the most in the way of materials for those houses and those homes. The parking problem is a real problem, but it is not pressing, because the coming of the cold weather will relieve it to some extent, and we will have plenty of time in the next two or three months to consider this thing, and in that period this very capable board, which has guaranteed to us, and let us not duck it, that everything is going to be fine, it is going to be like in Boston from the traffic standpoint—they will have time to come in and convince us that everything is going to be fine.

Coun. COOK—I move the previous question, Mr. President.

Coun. SCANNELL—Mr. President—

President KELLY—There is no debate, councilor. The question is on the motion.

Coun. SCANNELL—Mr. President, not having spoken on this order, I want to ask the gentleman who has made the motion if he will withdraw it for five minutes.

President KELLY—I am sorry, councilor, but there is no debate on the motion.

Coun. CAREY—Mr. President, can't you put the question? We don't intend to shut off debate here—never have.

President KELLY—The motion is for the previous question.

Coun. SCANNELL—Mr. President—

President KELLY—For what purpose does the gentleman rise?

Coun. CAREY—Not to be misunderstood, I mean that I sincerely hope the debate will not be shut off.

President KELLY—I am trying to live up to the rules of the Council, councilor, and there is no debate when a councilor moves the previous question.

Coun. SCANNELL—Mr. President—

President KELLY—For what purpose does the gentleman rise?

Coun. SCANNELL—To ask what a member's rights are here if there is a motion for the previous question. Through you I am going to ask the gentleman from Ward 12 (Councilor Cook)—

President KELLY—I have no control over any motion that is made.

Coun. SCANNELL—I will put it to the Body and ask them if they would like to hear me.

President KELLY—The Body has the right to vote upon the motion, councilor. The motion is the previous question.

The question was put and the motion was lost.

President KELLY—It is not a vote.

Coun. BAYLEY—I doubt the vote.

Coun. SCANNELL—Mr. President—

President KELLY—Does the gentleman ask for a roll call?

Coun. BAYLEY—Yes.

The roll was called, and the motion was lost, yeas 8, nays 9.

Yeas—Councilors Bayley, Bryan, Cook, Fish, Hurley, Lane, McCormack, Muchnick—8.

Nays—Councilors Carey, Chase, Keenan, Linehan, Madden, Moriarty, Russo, Scannell, Sullivan—9.

Present—Councilors Kelly, Kinsella.

Coun. SCANNELL—Mr. President—

Coun. MUCHNICK—Mr. President—

President KELLY—Councilor Scannell.

Coun. SCANNELL—Mr. President, I do not wish to delay this matter very long. I know it has been debated, but never in the seven years I have been here have I asked to shut any member of this Council off, and I do not intend to, but I have fought this off-street parking for the past 57 days and I think I should have the right to say a few words on it. Now, as far as the parking in the city streets is concerned, I think we should go ahead in the first place and enforce our parking regulations. I have observed in this city today—just this morning I went down on Broad street of this city, and every available parking space on that street was taken, and also sixteen automobiles were double parked, with five large trucks also double parked, and probably twenty trucks backed into these warehouses on Broad street. Now I say we have to first clean up the parking conditions on the streets. And who is responsible for it but the Police Department? The men who are running our Police Department are responsible for the conditions here in this city today, and until they clean that situation up I do not intend to vote for this order. What do our streets consist of? The streets of this city are to run traffic over, and not for parking areas, to be used by people coming in and going out of this city. If we have parking regulations in this city that will drive out these parkers who come in and park all day at their places of business, that is the time we are going to get down to the root of the evil, as far as parking in this city is concerned. I have a pamphlet here—it is very small, gotten out by the Los Angeles Chamber of Commerce, and it says, "The streets are yours, and you should use them as streets and not as parking areas." It also goes along and says, "The streets of the city are used for parking, and that is why you have got your parking problem." There are various questions which might be asked here in this Body, and they are important questions, and I hope that every member of this Body will not vote just because one newspaper in the city is for off-street parking, when they do not know what they are talking about, because all these big business houses support their newspaper. They are not going to drive down my throat by any character assassin, or any man who is going to try to say that the members of this Body are crooked—they are not going to put that down my throat, and I don't intend to let them. Mr. Mullins got away with it in the Boston Herald. It is easy to say to vote the five million dollars and not to go down into the actual things that are the trouble and the evils that are in the city. Allied with the Police Department, we should go and try to put this over and find out if we can't have better traffic regulation, and see if we can't at least do something about the present conditions. If we had in this city twenty-minute parking today, possibly we would find that the longer-time parking is the root of this evil. I do not intend, Mr. President, to vote for this matter, because men coming

into this Body, and the Executive Session of this Body, have been unfair with the members of this Body. I do not intend to vote for it because I would rather vote for ten million or twenty million for veterans' housing. I think we should hear from them before we give any further consideration. Our first concern to the people of this city is to the veterans of this city, who give these businessmen an opportunity to run. The boys of this city coming back should get housing protection, and never mind any of these big business agents or these big bankers coming into our city, to try to throw open the doors of the people of this city, with houses that are mortgaged to the hilt, buildings that they want to get rid of. I advocated in 1940 definite off-street parking as far as the rapid transit is concerned, but they turned it back to them. They are not going to come there and build, go into these parking areas that you might be able to get with probably a couple of hundred thousand dollars, to alleviate the traffic problem in the city. Now, I have some ideas I would like to talk over, but I don't like to have anybody come into any public meeting, as long as I am a member of the Body, and try to kid the members of that Body, and that is what has been done on this off-street parking. I want more facts, and I want to see that the parking regulations of this city are lived up to, and, if everyone lives up to them, then I do not think we will need any off-street parking. So that I say if the Police Commissioner would get on the ball and put his men to work and prosecute the men who are parking outside their establishments all day long, from morning to night, and drive those men off the street, that is the time your parking problem will get alleviated. I don't want any person in the city to come in to me from Newton, Southbridge, or East Oshkosh, or any other place, and say that they are interested in the parking problems in Boston. You know as well as I do that they are not, and you know the Boston Herald, or Mr. Mullins, the character assassin, does not care anything about this off-street parking. But he wants to tear down the reputation of men who have run under the Democratic standard, men who are Democrats, as he has been tearing down other men who have held high public office. Take the Governor of the Commonwealth. What has he done to him? He has torn him apart. And the same with any man who has performed service for the city; he has torn him down. There is no Republican going to tell you in this city that they are interested in giving a Democratic mayor of this city five million dollars to spend. They know very well that they are not fair. They know what is going on. And as a member of this Body, in voting for five million dollars I want to know what is going on, and I shall not vote for this until I do know what is going to happen to this five million dollars.

President KELLY—The clerk will call the roll on the passage of the order.

Coun. LINEHAN—Mr. President, on September 9, 1946, I stated in a speech in regard to the curing of the traffic conditions in the City of Boston that "I, for one, am going to vote for that measure; I am going to vote, you might say, with my tongue in my cheek." Well, since then we have had several meetings. We had Planning Board members and others come before us, and I really got a kick out of that. We had no plan come before us; they did not show us any plan. Now, I did say in the Executive Chamber that I would not vote for any bond issues until the veterans' housing was signed by his Honor the Mayor. After sitting in here today and listening to some of the arguments, I have decided to vote against it. Now, that does not mean it will be killed. If it is killed, there is nothing to stop his Honor the Mayor from sending it back to us after he signs the bill for the housing. If he does not sign the bill for the housing and sends this back again, I will vote against the off-street parking. And I defy anybody in this Chamber to say that anybody in my district will say, "We will beat you because you did not vote for the off-street parking in preference to the veterans' housing." It has come down to the point of deciding, I think, between these things. Now the Mayor has said, after many questions put to him by me directly, "I will veto it if the Law Department says it is illegal." Why talk about illegality on measures for housing for veterans when chapter 372 of the Acts of 1946 permits the city to appropriate money, and the City Charter says that the City Council can appropriate money on a loan order? Now, I don't know whether I am getting kidded to vote for off-street parking down there or not but I am not taking any chances. I could vote for or against the off-street parking. I say this due to the fact that there are plenty of defects in this loan order for five million dollars—plenty of them. On September 9 I filed an order requesting that the Law Department prepare legislation to cure three of the greatest causes of traffic congestion in the City of Boston. At that time I said: "1. A truck terminal be located in the City of Boston; 2. Make out a list of streets in the City of Boston to be widened and request that the work be financed out of the State Highway Fund; 3. Arterial highway for the City of Boston to be financed out of the State Highway Fund." And you could add a fourth and a fifth in that order; you can add laws and parking regulations better than they have been up to now. Let us have no parking from 7.30 to 9.30 in the

morning, and keep the people away who park all day in the city, so as to make room for the transients who come in here to buy merchandise. That is very simple. That can be done under the present law. No. 5. Off-street parking. When we get wide streets, when we get an arterial highway, when we get better and more traffic lanes, then build your so-called off-street parking areas. Now, I said I was going to vote for this with my tongue in my cheek. I can now take my tongue out of my cheek and say, "No off-street parking." It is possible that I may change if his Honor the Mayor signs the loan order for ten million dollars sometime in the future, because that is certainly an emergency.

The question came on the passage of the order. The roll was called and the order was not given a two-thirds vote, yeas 13, nays 6.

Yeas—Councilors Bayley, Bryan, Cantwell, Cook, Fish, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Muchnick, Sullivan—13.

Nays—Councilors Carey, Chase, Keenan, Linehan, Russo, Scannell—6.

Coun. HURLEY—Mr. President, I move reconsideration.

The question came on the motion to reconsider.

Coun. CAREY—Speaking on the motion, Mr. President, I had the floor at some length some time ago, and it would be very selfish for me to again go over the remarks that I have already expressed here. But this Body has seen fit to vote this loan order down. Of course we suspected all afternoon that if it was voted down this very thing would happen, that a motion would be made to reconsider. Of course the votes are against us to reconsider, but let us have honest words and let us be honest, not too sympathetic, but let us be honest just the same in so far as this much more necessary housing is concerned. If we have got concrete and cement pipes for plumbing and bathroom supplies which are necessary in open-air parking places, and all this and that—

Coun. MUCHNICK—Mr. President—President KELLY—Councilor Muchnick, for what purpose do you rise?

Coun. MUCHNICK—A point of information. President KELLY—Will the gentleman state his point of information?

Coun. MUCHNICK—I wondered if there was any time limit on how long a man can speak on a motion to reconsider?

President KELLY—The Chair will say that, according to the rules of the City Council, it is ten minutes.

Coun. CAREY—I will not take ten minutes. If we have all those supplies available, of course somebody will talk about priorities which have existed and will exist, but let us make sure that the material is used at the earliest possible moment for housing, and let us not have any use for off-street parking. Now I have one more point. There is absolutely nothing to be lost in delaying any favorable action the Council will take on the off-street parking. That can well be delayed, and his Honor the Mayor can resubmit a request to us, at which time we can get more information, more definite information. But let us be honest with the mothers of those babies that need housing far more than do those automobiles. It is my honest opinion that we will be much better off if we have no off-street parking places downtown than to make more of them. By making them we will cause more congestion. Let us consider doing away with this off-street parking. If we did that, we would be doing the much more sensible thing. I certainly hope that the motion to reconsider will not prevail.

Coun. RUSSO—Mr. President, I would be the first one to vote for reconsideration if I was not convinced of the fact, Mr. President, of the motive behind reconsideration. I say it would be an injustice to the Council as a whole to reconsider this, once the vote has been taken and it has been defeated. I believe that the Council has done right at this time in rejecting it without prejudice. There is nothing that will stop his Honor the Mayor from sending to us another order any time he so desires, and if he does that we might be able to have the information we have been seeking right along. There has been nothing up to the present time that could change our vote, to show that we ought to vote for this here today favorably, due to the fact of any information that has been given to us. There is no one here who can say, Mr. President, that we have received any information since the first reading of this order. All we are asking is to have the proper information to enlighten the Council, to justify our vote in the affirmative. I am sure, Mr. President, that, if reconsideration prevails, a motion will be made to adjourn in order to let this order go through automatically on account of time. It is unfair to place the members of the Boston City Council in that position. I would rather see an order go through in its regular form than to have it said that it went through due to lack of time. The Council has spoken and it has defeated it. Let it stand defeated at the present time, and if his Honor the Mayor feels that he should send in another similar order he can do so. But at least we have given the warning that the Council intends to receive this information. Therefore, I hope that the members of this Body will not let reconsideration prevail.

Coun. SCANNELL—Mr. President, I have seen here today a defeat of a loan order, and, if there are any tactics used to put this over, then I will question the legality of permitting a bond

issue as far as off-street parking is concerned. Let us be fair and square about this matter. The order was defeated.

Coun. CHASE—Mr. President, this matter has been before us for a number of months, and we have gone into careful detail on the entire proposition as submitted to us. Very little information pertaining to this five million dollar land-taking proposition has been given us. The matter just now has been defeated, and I see no reason, sir, why it should be reconsidered, in view of the fact that there is nothing new in the way of evidence or reasons as to why the Council should now change its vote. Mr. President, there has been considerable pressure upon the members of the Council to pass this matter and, notwithstanding the pressure, sir, this measure has failed to pass by two votes. The Boston Retail Association, a powerful organization headed by Mr. Bloomfield, who apparently got the Boston *Traveler* to put in an editorial about Chase of the Back Bay being a penny-saver or penny-thrift, or whatever he said in the editorial, does not affect me one iota. They can write all the editorials they want to write, but they will not bother me at all, because when the situation gets bad enough, sir, I can take to the radio, too, and explain to the people of Boston my honest reasons for voting against this proposition.

Coun. MUCHNICK—Mr. President. President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order. It seems to me on a question of reconsideration that Councilor Chase's personal view is immaterial.

President KELLY—I think he is leading up to saying that he is going to vote against reconsideration. Councilor Chase.

Coun. CHASE—Now, Mr. President, the retail stores in Boston are the prime movers in this proposition. The large department stores are quite anxious to get large parking places in the immediate vicinity of their properties at the cost of the taxpayers in general. Those who will benefit will be your retail stores, and certain banks holding big mortgages, holding property, and real estate speculators. But they are not bluffing me, because such a combine is easy to defeat with the average voter. Mr. President, the department stores, Jordan Marsh and others, apparently only recently entered into a scheme whereby they would deny the city the taxes which were rightfully due to them. I have here an article dated January 14, 1946, which pertains to the department stores, which now, in order to get around paying taxes to the municipalities, are conveying their properties to tax-exempt institutions, namely, colleges, with an understanding that that college will in turn lease the property back to the department store at a very low rental. The article goes on further to say, sir—

Coun. MUCHNICK—Mr. President. President KELLY—Councilor Muchnick.

Coun. MUCHNICK—A point of order, Mr. President. It seems much longer than ten minutes.

President KELLY—No; I have the time, councilor.

Coun. MUCHNICK—It seems to me like it. President KELLY—It is five minutes and fifty seconds. Continue, Councilor Chase.

Coun. CHASE—The article goes on further, Mr. President, and states that "the stockholders of the Allied Stores Corporation approved, involving \$16,150,000 of real estate conveyed to Union College, Schenectady, New York, last year. Net on this transaction, after mortgages were paid off, was estimated at a little more than eight million dollars, which was added to working capital. Included in the sale were all, or important parts, of the land and buildings occupied by Jordan Marsh Company, Boston." According to this article, I assume, sir, that Jordan Marsh Company has entered into a deal whereby the city treasury is going to take a terrific licking. Jordan Marsh is one of the largest stores mentioned. Dan Bloomfield put before us the idea that we should spend five million dollars of the taxpayers' money to improve properties reached by the Jordan Marsh Company. They are not bluffing me one iota, and the quicker they realize it the better off they will be. Now, sir, it does not take much courage to take the right way on matters that you know you are right on. We don't know anything about the proposition before us and are being manhandled through publicity, through editorials and under pressure. You and I know that no business institution, no corporation, would allow its board of directors to handle five million dollars in the manner which has been advocated by the leading proponents for the Council to vote. We don't know a thing about this proposition. There is nothing that has been advanced to us since we last took a vote on it to cause us to reconsider this matter, and I say to you, sir, in justice to everyone, it is time that we should vote, take a final vote, and then let us adjourn and go home.

The question came on reconsideration. The motion was declared to be carried. Councilor Russo doubted the vote and asked for a roll call. A sufficient number sustaining Councilor Russo, the roll was called and reconsideration prevailed, yeas 13, nays 6.

Yeas—Councilors Bayley, Bryan, Cantwell, Cook, Fish, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Muchnick, Sullivan—13.

Nays—Councilors Carey, Chase, Keenan, Linehan, Russo, Scannell—6.

Coun. FISH—I move that the order be laid on the table.

President KELLY—Councilor Fish moves that the order be laid on the table.

The question was put, and the Chair was in doubt and asked for a standing vote, which resulted in 11 in favor and 6 opposed, and the motion to lay on the table was declared carried.

MOTION TO ADJOURN.

Coun. KINSELLA moved adjournment, but withdrew the motion.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of John V. Stapleton (referred September 30) to be reimbursed as a result of an execution issued against him on account of his acts as a member of the Fire Department—recommending passage of accompanying order:

Ordered, That the sum of fifty dollars and fifty-seven cents be allowed and paid to John V. Stapleton in reimbursement for amount of execution issued against him on account of his acts as a member of the Boston Fire Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

RAFTS AT CITY POINT PUBLIC LANDING.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to arrange to have some rafts fastened to the Public Landing at City Point in order that they may be available for persons who desire to use them during the fishing season.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON RULES.

Coun. LANE, for the Committee on Rules, submitted the following:

Report on order (referred September 23) that President of Council appoint a special committee to be known as "The Public Works and Street Commissioners Committee," to consist of five members of the Council—recommending that same ought to pass.

Report accepted; said order passed.

President KELLY—The Chair might state that he will appoint that committee next week.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition of National Shawmut Bank of Boston (referred September 9) for driveway opening at 413 Market street—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

MOTION TO ADJOURN.

Coun. KEENAN—Mr. President, a point of information.

President KELLY—State your point of information.

Coun. KEENAN—On the loan order of five million dollars, where it is left on the table, does that automatically go into effect on Wednesday if there is no action?

President KELLY—I am informed by the clerk that it automatically goes into effect on the eighteenth day of October.

Coun. KEENAN—Would it be in order at this time to make a motion to take it off the table?

President KELLY—Councilor Keenan makes a motion to take the five million dollar loan order off the table.

Coun. MUCHNICK—Mr. President, I move we adjourn.

President KELLY—Councilor Muchnick moves that we adjourn.

Coun. KEENAN—Mr. President—President KELLY—Just a minute now. A motion to adjourn takes precedence over the other matter.

Coun. RUSSO—Not while there is a motion. Coun. KEENAN—I still have the floor.

President KELLY—There is no debate on a motion to adjourn. It takes precedence over a motion to take off the table. The Chair recognized Councilor Muchnick and heard his motion.

Coun. KEENAN—I still have the floor.

Coun. LINEHAN—A point of parliamentary inquiry, Mr. President.

President KELLY—State your point of parliamentary inquiry.

Coun. LINEHAN—When a man gets up and makes a motion, isn't he still recognized until he takes his seat?

President KELLY—I recognized Councilor Muchnick, thinking he was going to speak on the motion, but he made a motion to adjourn.

Coun. LINEHAN—A point of parliamentary inquiry, Mr. President.

President KELLY—State your point of parliamentary inquiry.

Coun. LINEHAN—He did not raise a point of parliamentary inquiry or personal privilege or other personal matter.

President KELLY—I am perfectly clear on it, and I recognized Councilor Muchnick.

Coun. CHASE—Mr. President.

President KELLY—There is no debate on the motion to adjourn.

Coun. CHASE—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. CHASE—Parliamentary inquiry.

President KELLY—State your point.

Coun. CHASE—When a motion to take from the table is before the Body can a motion to adjourn take precedence over that motion?

President KELLY—That is right, it takes precedence, under the rules of the Council. There is no further debate.

Coun. KEENAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KEENAN—A point of information.

President KELLY—State your point of information.

Coun. KEENAN—When I stood up here and you recognized me and I had the floor, I had not finished what I was saying and Councilor Muchnick spoke up and you recognized him. Is that correct?

President KELLY—You made the motion to take this matter from the table, and you were through, and I recognized Councilor Muchnick.

Coun. KEENAN—No, I was not through, and I had not sat down.

President KELLY—You could not debate the motion, councilor, so that you had to sit down.

Coun. SULLIVAN—Mr. President.

President KELLY—I am here to carry out the rules of the Council. When a councilor makes a motion to take a matter from the table the motion is finished because there is no debate on the motion. I recognized Councilor Muchnick, who made a motion to adjourn, and the motion to adjourn takes precedence over the motion to take from the table. Those are the rules of the Body. There is no debate.

Coun. SULLIVAN—A point of information, Mr. President.

President KELLY—State your point of information.

Coun. SULLIVAN—On your own statements, Mr. President—I have sat here all afternoon and I have voted for the off-street parking, and from your own words, Mr. President, if Councilor Keenan could not speak on his motion to take from the table, I believe that the Chair was in error in recognizing Councilor Muchnick, in not raising the same particular point when he asked for the floor.

President KELLY—I am sorry, councilor, but a motion to adjourn is in order at any time under the rules of the City Council. Those are your own rules, councilor.

Coun. SULLIVAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. SULLIVAN—Further information.

President KELLY—State your point of information.

Coun. SULLIVAN—We know it is in our rules that there is no debate on a motion to take from the table.

President KELLY—That is right.

Coun. SULLIVAN—What in our rules gives you the authority to recognize another councilor?

President KELLY—The President always has authority to recognize a councilor for a motion that takes precedence over the previous motion.

Coun. SULLIVAN—You did not ask the maker of that motion for what purpose he took the floor.

President KELLY—If he had wanted to talk on the motion I should have ruled him out of order. I say again that there is no debate on the motion to adjourn. The question is on adjournment.

The question was put, and the Chair being in doubt asked for a standing vote, and the motion was carried.

President KELLY—Ten having voted to adjourn and seven in opposition, the meeting, stands adjourned.

Adjourned, on motion of Councilor Muchnick, at 7:20 p. m., to meet on Monday, October 21, 1946, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

Sept. 24, 1946.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 2:12 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, Ward, and White.

APPROVAL AND AMENDMENT OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion, the minutes of the meeting of Dec. 18, 1945, were amended as follows:

On page 201, to provide that the appointment of William F. Sullivan, instructor, military drill, Department of Physical Education, shall read "seventh year."

DEATHS

The Superintendent reported the deaths of the following named teachers:

Brandeis Vocational High School—Walter G. deGrasse, trade instructor, Aug. 23, 1946.

Trade High School for Girls—Ulla G. Karlsson, trade assistant, Sept. 17, 1946.

John Winthrop District—Sally S. Allen, teacher, kindergarten, Aug. 26, 1946.

Woodrow Wilson Intermediate District—Marguerite T. Rones, teacher, intermediate, Sept. 3, 1946.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent, to take effect on the dates stated, were presented:

Dorchester High School for Girls—Florence L. Cinti, assistant, Aug. 31, 1946.

Jamaica Plain High School—Frederick W. Swan, master, Sept. 20, 1946.

Jeremiah E. Burke High School for Girls—Beatrice E. Kingsley, assistant, Aug. 31, 1946.

Gilbert Stuart District—Dorothy V. Morris, teacher, elementary, Aug. 31, 1946.

Hugh O'Brien District—Rose Silverman, Catherine M. Vaughan, teachers, elementary, Aug. 31, 1946.

Hyde District—Grace V. Sloan, teacher, elementary, Aug. 31, 1946.

Prince District—Gertrude F. Whelan, teacher, elementary, Aug. 31, 1946.

William Barton Rogers Intermediate District—Wanda A. A. Herman, teacher, intermediate, Aug. 31, 1946.

Department of School Hygiene—Marcella Earls, school nurse, Aug. 31, 1946.

Accepted.

The following resignation, reported by the Superintendent, to take effect on the date stated, was presented:

Department of School Hygiene—Joseph A. Cogan, M. D., school physician, Aug. 31, 1946.

Accepted.

The following resignation, reported by the Superintendent, to take effect on the date stated, was presented.

Department of School Lunches—Elizabeth T. Kenney, cafeteria attendant, Aug. 31, 1946.

Accepted.

RETIREMENTS ON PENSION

The Superintendent offered the following:

ORDERED, That the following-named person is hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, Chapter 304 of the Special Acts of 1915, and Chapter 685 of the Acts of 1945, the date of retirement and rate of pension to be as hereinafter specified:

Hyde Park High School—Olive A. Beveridge, assistant, Aug. 31, 1946, \$900.

Passed unanimously.

A communication was received from the Superintendent, under date of Sept. 24, 1946, reporting the retirement from active service of the following-named veteran who has been retired under the provisions of Chapter 32 of the General Laws, as amended by Chapter 483 of the Acts of 1945, and by Chapter 678 of the Acts of 1945:

Paul E. Butler, senior custodian, Dillaway School, Aug. 20, 1946, \$28 per week.

Placed on file.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

Patrick T. Campbell Intermediate District—Richard A. Thomas, teacher, intermediate, men, physical education (eleventh year), Sept. 1, 1946.

Department of Physical Education—John R. Canavan, junior master, military drill, (eleventh year), Sept. 1, 1946.

Department of School Hygiene—Freda Kushner, school nurse, Sept. 1, 1946.

The rules were suspended and the appointments approved.

(HIGH SCHOOL OF PRACTICAL ARTS)

High School of Practical Arts—Mildred C. Pratt, assistant, (from

senior assistant, Brandeis Vocational High School), Sept. 23, 1946.

The rules were suspended and the appointment approved.

BY PROMOTION

John Marshall District—Helen T. Curtis, vice principal (from teacher, intermediate, Patrick T. Campbell Intermediate District), Oct. 1, 1946.

The rules were suspended and the appointment approved.

Sprague, Mary Onley Spratley, Rose Bassett Standish, Velma Ball Stankard, Lillian Ruboy Starr, Marie Cosgrove Steele, Mary B. Stevens, Anna Grady Sullivan, Clara C. Mee Sullivan, Katherine Elston Sullivan, Ruth Kelter Sullivan, Barbara A. Sutton, Mary R. Sweeney, Lucy A. Tagariello, Blanche Mullaney Thomson, Mary V. Thornton, Mary Davey Tobin, Elena V. Trabucco, Selma E. Tracey, K. Mildred Trask, Beverly R. Trundy, Myrtle McDonald Twombly, Thomas H. Wall, Muriel R. Vincent, Agnes Fitzgerald Wallace, Dorothy Scanlon Wallace, Jacqueline L. Wellington, Muriel L. Wellington, Barbara Wernick, Ruth M. Whelton, Catherine Humes Whipple, Esther Rask Wickstrom, Bertha M. Winkler, Reva Fellman Wollock, Helen F. Woods, Dorothy V. Zeidman, Mary Lynch Zook.

Kindergartens—Mildred Newcomb Boland, Frances Garrett Byrd, Margaret Mahoney Cosgrove, Sibyl Kuskin Frumson, Madeleine Augusta McDonald, Helen Holland Renison, Myrtle McDonald Twombly.

Boston Trade High School—Francis J. Reagan, Charles F. Reilly, Louis Strymish.

Department of Household Science and Arts—June Christensen Atwood, Mary F. Deveney, Jeanne P. Griffin, Muriel Preble Loring, Marjorie A. Lowney, Barbara Soper, Elsie M. Sullivan, teachers of cookery; Mary F. Deveney, Clare J. Dunn, Catharine E. Fennessey, Eleanor L. Fordham, Mary L. Hickey, Yvonne L. Jackson, Muriel Preble Loring, Mary F. Lynch, Patricia J. McDermott, Eleanor Monahan, Alice E. Winsloe Morrill, Helen T. Murphy, Rita Hennessey Sherry, Esther Hawkes Fleury Stapleton, Margaret T. Sweeney, teachers of sewing; Mary A. O'Hara, teacher of bookbinding.

Department of Music—Louis I. Shapiro.

Department of Physical Education—Jerome C. Buckley, Edward H. Burke, Loretta M. Burke, Mona Grant Burke, Henry J. Chiarini, Helen O'Dea Cummings, Grace M. Currier, Elliott R. Dudley, Walter D. Fitzgerald, Jr., Thomas P. Hazell, Thomas J. Hennessey, Marguerite V. Houghton, Genevieve L. Jewett, Margaret L. Keating, Nicholas L. Kolivas, Edward C. Lambert, Gandolfa Lima, Leo R. Long, Rita M. Lydon, Walter W. McCarthy, William P. McDonough, Marguerite Higgins Reardon, James M. Stewart, Edna Coburn Sullivan, Lillian E. Tate, Richard A. Thomas, Caroline E. Ward, Martin J. Whelan.

USE OF CERTAIN STREET FOR PLAY PURPOSES

On motion of the Superintendent, it was

ORDERED, That for the purpose of promoting recreation, play and sport, in accordance with the provisions of Chapter 220 of the Acts of 1938, the Traffic Commission of the City of Boston be requested to close to vehicular traffic the following street or part thereof during the period of time hereinafter set forth:

Putnam Street, East Boston, between White and Trenton Streets, on Monday, Sept. 30, 1946, between the hours of eight and eleven o'clock p. m.

SALE OF SCHOOL PROPERTY

The following preamble and order were offered:

WHEREAS, The parcel of land situated on Brainerd Road, Allston, is not now required for school purposes, it is hereby

ORDERED, That it is advisable to sell the following-named property, which is not now required for school purposes, in accordance with the provisions of Chapter 259 of the Acts of 1906:

A parcel of land situated on the northerly side of Brainerd Road, between Redford and Walbridge Streets, Allston, containing approximately 26,000 square feet.

The preamble was adopted and the order passed unanimously.

AMENDMENT TO REGULATIONS

The following was offered:

ORDERED, That the regulations are hereby amended as follows, to take effect Sept. 1, 1946:

Section 336. Strike out the section and substitute in place thereof the following:

Sect. 336. 1. The compensation of a teacher or member of the supervising staff appointed to a rank or grade having a greater maximum salary whether by promotion or by appointment from an eligible list shall be advanced as follows:

(a) Those persons who have not reached the maximum salary of their rank shall be advanced by one increment of \$144 on the date of promotion and thereafter on their old anniversary dates until the maximum of the higher rank is reached; provided that the final increment shall be such as shall place the person upon the maximum salary of his rank.

(b) Those persons who shall have reached the maximum of their rank shall be advanced by one increment of \$144 on the date of promotion, and thereafter on the anniversary of this date by one annual increment until the maximum of the higher rank is reached; provided that the final increment shall be such as shall place the person upon the maximum salary of his rank.

(c) Those persons who are serving under an assignment where additional yearly compensation is allowed shall be advanced in accordance with the foregoing paragraphs; the additional annual compensation received because of assignment shall be taken into consideration, but in no case shall the salary exceed the maximum salary of the higher rank.

(d) Those persons upon original appointment by promotion to The Teachers College with the rank of dean; professor (men); professor (women); assistant professor (men); assistant professor (women); instructor (men); instructor (women); or adviser of women;—or to the Model School with the rank of director; submaster; vice principal; teacher, Model School; teacher, intermediate (women); teacher, elementary; teacher, special class; teacher of kindergarten, two sessions;

or teacher of kindergarten, one session, shall be advanced in accordance with the following provisions:

Those who have not reached the maximum salary of their rank shall be advanced by \$288 on the date of promotion and thereafter on their old anniversary dates by one annual increment of \$144 until the maximum of the higher rank is reached; provided that the final increment shall be such as shall place the person upon the maximum salary of his rank.

Those who shall have reached the maximum of their rank shall be advanced by \$288 on the date of promotion and thereafter on the anniversary of this date by one annual increment of \$144 until the maximum of the higher rank is reached; provided that the final increment shall be such as shall place the person upon the maximum salary of his rank.

(e) Those persons upon original appointment by promotion or by appointment from an eligible list to the rank of vice principal, assistant, or teacher of physical education, Horace Mann School; submaster, vice principal, teacher intermediate (men), teacher intermediate (women), teacher elementary, M. Gertrude Godwin School; assistant, Day School for Immigrants; assistant, special classes; assistant, speech improvement classes; assistant, classes for conservation of eyesight; or assistant, lip reading classes; shall be advanced in accordance with the following provisions:

Those who have not reached the maximum salary of their rank shall be advanced by \$192 on the date of promotion and thereafter on their old anniversary dates by one annual increment of \$144 until the maximum of the higher rank is reached; provided that the final increment shall be such as shall place the person upon the maximum salary of his rank.

Those who shall have reached the maximum of their rank shall be advanced by \$192 on the date of promotion and thereafter on the anniversary of this date by one annual increment of \$144 until the maximum of the higher rank is reached; provided that the final increment is such as shall place the person upon the maximum salary of his rank.

(f) The adjustments referred to in (a), (b), (c) and (d) shall not apply to teachers appointed under the IV. High School certificate granted on account of obtaining of the college degree under the provisions of Section 80, paragraph IV. of the Rules, nor shall they apply to teachers appointed to the rank of assistant, Model School, from assistant, elementary, Model School, or assistant, intermediate, Model School.

2. The compensation of kindergarten teachers when transferred shall be adjusted as follows:

(a) Teachers of kindergartens, one session, upon transfer to two sessions, shall be advanced to the

salary to which they would be entitled had they originally been appointed as assistants, elementary, and shall advance on the salary schedule on their anniversary dates until the maximum of the rank is reached.

(b) Teachers of kindergartens, two sessions, upon transfer to one session, shall be placed upon the salary schedule of teachers of kindergartens, one session, in accordance with the number of years they have been in service, and shall advance on their anniversary dates until the maximum of the rank is reached.

3. The compensation of a teacher or member of the supervising staff who, while holding a permanent appointment, has been appointed to a position of lower rank or grade, and who is subsequently appointed to a position of higher rank or grade by transfer or by appointment from the eligible list, shall be placed upon the year of service in the new rank or grade which will allow the salary which such person would have received had his entire previous permanent service in that or any higher rank or grade been rendered in the new rank or grade. The provisions of this paragraph shall not apply to kindergarten teachers. (See paragraph 2).

4 (a) When appointments to higher ranks or changes in rank are made subsequent to the first day of any month, teachers and members of the supervising staff shall advance each year thereafter on their respective salary schedules on the first day of such month. The provisions of this paragraph shall not apply to kindergarten teachers who are appointed from one-session to two-session kindergartens or vice versa, nor to teachers specially assigned; teachers so appointed or assigned shall retain the date of anniversary held by them prior to such appointment or assignment.

(b) Teachers, members of the supervising staff, school physicians, school nurses, librarians, assistant librarians, secretaries, bookkeepers, telephone operators, head supervisor of attendance, supervisors of attendance, and supervisors of licensed minors, absent from duty on leave without pay for a continuous period in excess of two months shall have the dates of their anniversaries deferred by that period of time for which the absence is without pay, provided, that when this procedure brings the anniversary date subsequent to the first day of any month, such anniversary date shall be the first day of such month. This provision for deferment of anniversary on account of absence without pay shall not apply to persons absent for military duty.

Laid over.

BOUNDARY LINES

On motion of the Superintendent, it was

ORDERED, That the boundary lines of the following-named school districts are hereby amended to read as follows:

SALARIES DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due Joseph A. F. O'Neil, late principal, Mary E. Curley Intermediate District, be paid to his widow, Marcella F. O'Neil.

PAYMENT OF PENSION DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the pension due James P. Doyle, late retired senior custodian, Jefferson Schoolhouse, be paid to his widow, Catherine J. Doyle.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Sept. 24, 1946, reporting the amendment of School Document No. 5, 1946—Candidates Eligible for Permanent Appointment as Teachers, as follows:

Page 27. Special Class Certificate. Assistants. 865. Agatha Guilford Lanier. Dec. 31, 1945. Name inserted on request.

Placed on file.

REAPPOINTMENTS OF TEACHERS

The Superintendent submitted recommendations for appoint-

ments on tenure and reappointments of teachers and members of the supervising staff, and in connection therewith offered the following:

ORDERED, That the recommendations of the Superintendent with reference to retention of excess teachers in the schools are hereby accepted and the continuance of teachers in the respective schools and ranks is hereby allowed pending transfer or other adjustments.

ORDERED, That the recommendations relative to the reappointments of teachers with higher ranks than allowed under the regulations, as submitted by the Superintendent, are hereby approved.

ORDERED, That the recommendations of the Superintendent relative to the re-establishment of conservation of eyesight classes, lip-reading centers, speech improvement classes, and special classes, for the school year 1946-47, are hereby approved.

ORDERED, That the rapid advancement classes which have been authorized for the school year 1945-46 are hereby discontinued.

ORDERED, That the printing of the accompanying report as a school document is hereby omitted for the current year.

The appointments on tenure and the reappointments of teachers and members of the supervising staff, as recommended by the Superintendent were approved; the regulations were suspended, and the five foregoing orders were collectively passed.

LIST OF AUTHORIZED TEXT BOOKS

The Superintendent offered the following order:

ORDERED, That the following-named book is hereby authorized for use as a text book in the School for Veterans:

Hart, Walter W. Progressive High School Algebra. D. C. Heath and Company. cpt. 1943. net \$1.50. Laid over.

SALARY OF JOHN J. SPERRY

On motion, it was

ORDERED, That the classification and the salary or compensation of the following-named person employed in the Office of the Business Manager is hereby established for the year beginning Sept. 1, 1946, and to continue until otherwise ordered as follows:

Office of the Business Manager
Group B

Per week

John J. Sperry, assistant, \$43.

RESIGNATION, OFFICE OF BUSINESS MANAGER

A communication was received from the Acting Business Manager, under date of Sept. 24, 1946, reporting the resignation of Peter A. Gavrilles, assistant in the of-

fice of the Business Manager, to take effect Oct. 8, 1946.

Placed on file and the resignation accepted, to take effect on the date stated.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Sept. 24, 1946, recommending that the following-named junior custodians, who stand at the head of their respective lists, be transferred to the positions indicated, to take effect Sept. 25, 1946:

Frederick J. Betzger, from the East Boston High to the Boston Technical High Schoolhouse.

Placed on file and the transfers approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Sept. 24, 1946, recommending that the following-named senior custodians, who stand at the head of their respective lists, be transferred to the positions indicated, to take effect Sept. 25, 1946:

Peter J. Kelley from the Louis Prang to the custodianship of the Nathan Hale Schoolhouse.

Frederick M. Manning from the Woodrow Wilson to the custodianship of the Edmund P. Tileston Schoolhouse.

Harold F. Page from the Dwight to the custodianship of the Joshua Bates Schoolhouse.

Placed on file and the transfers approved, to take effect on the date stated.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TWO (2) AMBULANCES
FOR BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing ambulances for Boston City Hospital, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Ambulances."* There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Tuesday, November 12, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

PARK DEPARTMENT.

PROPOSALS FOR DEMOLISHING AND REMOVING
THE BATH HOUSE AT DEWEY BEACH,
CHARLESTOWN, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for demolishing and removing the bath house at Dewey Beach, Charlestown, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Demolishing and Removing the Bath House at Dewey Beach, Charlestown, Mass." and left before 2 o'clock on Thursday, October 31, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR DEMOLISHING AND REMOVING THE FIELD HOUSES AT THE CHERRY STREET PLAYGROUND, SOUTH END, AND AT THE WEST THIRD STREET PLAYGROUND, SOUTH BOSTON.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for demolishing and removing the field houses at the Cherry Street Playground, South End, and at the West Third Street Playground, South Boston. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Demolishing and Removing the Field Houses at the Cherry Street Playground, South End, and at the West Third Street Playground, South Boston," and left before 2 o'clock on Thursday, October 31, 1946, at the office of the Park Department with a certified check for \$200, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFENREFFER,
FRANK R. KELLY,

(Oct. 19-26.) *Commissioners.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, NOVEMBER 2, 1946.

No. 44

ADDRESS DELIVERED BY JAMES H. MOONEY OF BOSTON, MASSACHUSETTS, AT THE THIRTY-FIRST ANNUAL MEETING OF THE BUILDING OFFICIALS CONFERENCE OF AMERICA, INC., HELD IN THE HOTEL PEABODY, MEMPHIS, TENNESSEE, SEPTEMBER 30, OCTOBER 1, 2, AND 3, 1946, ON THE DEVELOPMENT OF A PROGRAM OF INQUIRY INTO NATIONAL DISASTERS.

In his address before the Building Officials Conference of America, Inc., as submitted to the Boston Board of Commissioners of School Buildings, Superintendent of Construction James H. Mooney spoke as follows:

Some few weeks ago in New York City your president, Walker S. Lee, meeting with a few other gentlemen of the B. O. C. A., discussed among other things the possibility of forming a committee of building officials to investigate the cause and happenings at scenes of national disasters. Without my being present, the gentlemen there gathered decided that I was the proper man to be chairman of such a committee and promptly so notified me in writing, with the request that I accept the chairmanship and reply in the affirmative by return mail. A reply by return mail did not give me much time to think of the scope of such an assignment; however, the subject immediately intrigued me, and consequently I did reply in the affirmative. I likewise was asked to prepare a paper on the subject for presentation at this meeting, and to that request I also agreed.

A few thoughts I consider pertinent to the subject are reflected in the following paragraphs.

To the best of my knowledge I would say that no building official organizations have had representation at official inquests or investigations of national disasters to the extent that an individual building inspector's or commissioner's report was considered of national import. Generally speaking, it has been to the contrary. An inspector or commissioner has been accused of negligence or severely criticized for failure to properly enforce laws or ordinances. And by whom has he been criticized? Well, first by the local newspapers through the agency of an employee known as a reporter, who usually considers himself an authority on all subjects, particularly if he is inexperienced.

Secondly, by the editorial writer of a newspaper, who, following up the lead of a reporter, obtains some information from witnesses and renders for public consumption a definite reason for the cause of a disaster, be it right or wrong. Thirdly, by the paid employees of nationally known protective agencies, who, after cursory, superficial examinations, render in recorded form opinions as to the cause of disaster and responsibilities of officials concerned, sometimes, it seems, before the smoke of fire or explosion or the dust from collapse has been dissipated.

Biased Reports.

I can but believe that very frequently such reports are biased, have a certain political aspect, and are usually unjust and unfair to the building official.

Why is this so? To me the answer is simple. There must be a goat. Although to say there must be a goat may be considered harsh and uncouth language, it is nevertheless true. Who should be the goat? Why naturally the most defenseless person, the person who has to stand practically alone, without an organization behind him. The man of extreme importance concerning the safety of persons in buildings before the occasion of a disaster, but likewise the man of considered negligence subsequent to the occasion of a disaster — the building inspector or commissioner.

As you know, he has no bespangled, siren-equipped apparatus, manned by uniformed operators, to impress the minds of the public with his importance as a public protector. No, he generally has a small group of technically trained, underpaid employees, an organization wholly inadequate in number to enforce the laws, ordinances, rules, and regulations required of him. Why do such conditions prevail? Simply this. Building inspectors and commissioners are not sufficiently well organized, either sectionally or nationally, to demand the recognition they deserve.

(Continued on page 1264.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, November 4, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending October 26, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 149; nonresidents, 39; total, 188.

Death rate per 1,000 of population: All deaths, 12.75; nonresidents deducted, 10.11.

Death rate per 1,000 of population:

Last week, 13.50; corresponding week last year, 13.93.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 1; sixty years and over, 110. Total deaths: Male, 91; female, 97; deaths in hospitals and institutions, 112.

REPORTABLE DISEASES: CASES AND DEATHS.*

HALLOWEEN NIGHT ENTERTAINMENT.

The following letter was received by his Honor the Mayor from William P. Long, Park Department:

Boston, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Following your instructions and suggestions regarding Halloween night and having the children use the various public buildings, gymnasiums, settlement houses, housing recreation areas, etc., the Park Department intends to conduct a series of Halloween teen-age dances under the supervision of our physical instructors.

These dances will be conducted in all department gymnasiums throughout the city, and in South Boston we will use the Municipal Building. The buildings where these dances will be conducted are the

South Boston Municipal Building.
Paris Street Gymnasium, East Boston.
North Bennet Street Gymnasium, North End.

Charlestown Gymnasium, Lexington street, Charlestown.

Tyler Street Gymnasium, South End.
Williams Building Gymnasium, South End.

Cabot Street Gymnasium, Roxbury.
Vine Street Gymnasium, Roxbury.
Columbia Road Gymnasium, Dorchester.

Curtis Hall Gymnasium, Jamaica Plain.
Roslindale Gymnasium, Roslindale.
Hyde Park Gymnasium, Hyde Park.

At a meeting that was held in this office at which the Police Department, the School Department, Director of Recreation in the Housing, Settlement House Directors (both male and female), it was agreed that everybody would cooperate and assist the Park Department in making this the largest Halloween sport night we have ever had.

I have placed William Mullen and Robert Cusick in charge of these activities.

All physical instructors will be in charge of these various areas.

The girls' end of it will be in charge of Mrs. Kennedy and her group of instructors.

The number of telephone calls received shows unusual interest in these parties.

Very respectfully yours,

WILLIAM P. LONG, *Chairman.*

DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 3, 1944, determining that no person sustains damages by the making of the public improvement consisting of the laying out of Berwick street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto Walter E. Elliott and Ruth E. Elliott, husband and wife, as tenants by the entirety, \$454; that the amount \$454 be, and the same hereby is, awarded to Walter E. Elliott and Ruth E. Elliott, husband and wife, as tenants by the entirety, for the damages sustained by the making of the said improvement.

MAYOR CURLEY GETS PROPOSAL FROM HOUSING AUTHORITY FOR CONSTRUCTION AND FINANCING BY THE CITY OF 1,550 HOMES FOR VETERANS—TOTAL INVESTMENT PLACED AT \$9,956,000—WILL BE AT SMALL COST TO CITY AND AT END OF FIVE YEARS MAY BE OWNED BY VETERAN.

The following is the proposal submitted to Mayor Curley for construction and financing by the city of 1,550 homes for veterans under chapter 372 of the Acts of 1946:

Under this plan it is proposed that the city build 510 one-family houses and 520 two-family houses to shelter, in total, 1,550 families.

It is proposed that the total cost per structure for the single houses shall be \$7,800 each, and \$11,500 each for the two-family buildings.

510 singles at \$7,800 each totals	\$3,978,000
520 doubles at \$11,500 each totals	5,978,000
OR a total investment of	\$9,956,000

In order that the financial plan be simple, the statements will be set up on an individual house of each type.

As in all such plans there are certain basic assumptions, all of which are believed to be reasonable under existing conditions.

Beyond the cost prices referred to above, the other basic assumptions are:

1. That, since the city is expected to be in this endeavor about five years, the money shall be borrowed and amortized for a term of five years only.

2. That the city can borrow money for this term at 1½ per cent.

3. That the following rents be charged:

Single houses, \$50 a month;

Double houses, \$40 and \$45 monthly,

and that no utilities, such as heat and light, are included in these amounts.

4. That no real estate taxes are figured in the rents although an indication will be given of the effect on rent if full or part taxes were paid.

	One-Family House.	Two-Family House.
1. Cost per building	\$7,800	\$11,500
ANNUAL OPERATION AND FINANCING.		
2. Average Interest:		
100 per cent loan at 1½ per cent	\$59	\$87
3. Amortization:		
Equal payments in five years	1,560	2,300
4. Insurance:		
Comprehensive fire, boiler explosion and public liability coverage	25	75
5. Repairs and replacements	120	240
6. Total annual charges	\$1,764	\$2,702
7. Annual rent at \$50	600	
at \$40-\$45		1,020
8. Net city payments each year	\$1,164	\$1,682
9. Net city payments for five-year term	\$5,820	\$8,410
10. Percentage of original cost at which city will have to sell house to recover total net expenditure made	74.62%	73.13%
11. Full taxes at 100 per cent of cost assessment at \$42 would increase monthly rent of each family approximately,	\$27.30	\$20.13
12. A tax payment of 10 per cent of the rent would increase the monthly rent of each family approximately	\$5.55	\$4.72

Assuming, however, that at the end of the five years the city sells the houses at 50 per cent of their original cost, the following results:

	One-Family House.	Two-Family House.
1. Net city investment (see No. 9)	\$5,820	\$8,410
2. Sale Price:		
At 50 per cent of original cost	3,900	5,750
3. Net loss to city	\$1,920	\$2,660
4. Total loss to city:		
510 singles at \$1,920		\$979,200
520 doubles at \$2,660		1,383,200
		\$2,362,400
5. Approximate average loss to city per year		\$472,480
6. Approximate average loss effect on tax rate at each million dollars raised equalling 70 per cent of rate		33 cents

Now, how will the veteran who purchased the house make out? Let us look at the following table:

	One-Family House.	Two-Family House.
1. Cost to veteran	\$3,900	\$5,750
ANNUAL OPERATION AND FINANCING.		
2. Approximate Average Interest: 100 per cent loan at 4½ per cent	\$88	\$130
3. Amortization: Equal payments in thirty years	130	192
4. Insurance: Comprehensive fire, boiler explosion and public liability coverage	25	75
5. Repairs and Replacements: Part done by owner	50	100
6. Taxes	328	483
Original cost	(\$7,800)	(\$11,500)
Rate per M	\$42	\$42
7. Total annual charges	\$621	\$980
8. Monthly payment needed to carry	\$51.75	\$81.66
9. Rents		\$13 25
		\$38 75

It can readily be seen that using the preceding plan, homes for 1,550 veterans can be provided at small cost to the city, and that at the end of five years the veteran can own the home at a rent comparable to that which he paid the city as a tenant and still pay full taxes to the city.

MAYOR NAMES MR. TAYLOR TO HOUSING AGENCY.

His Honor the Mayor on October 22 sent the following letter to Mr. Edward Deveney of the National Housing Agency, with relation to the Mayor's Emergency Housing Committee:

MR. EDWARD DEVENEY, *Locality Expediter*, National Housing Agency
53 State Street, Boston, Mass.

DEAR MR. DEVENEY,—The name of Mr. Silas Taylor is to be added to the Mayor's Emergency Housing Committee.

Mr. Taylor will represent minority groups on this committee.

Sincerely,

JAMES M. CURLEY, Mayor.

VOTING MACHINE INSPECTION.

The Mayor has directed the Election Department to extend the period of time for the demonstration of the voting machines to the general public in locations other than that in which they have been demonstrated in the past week.

The public is invited to view these machines on the evenings of October 28, 29 and 30, in the following locations:

Ward 1, the Samuel Adams School.
Ward 2, the Clarence R. Edwards School.

Ward 3, the Michelangelo School.
Ward 4, English High School.

The Mayor trusts that the public will take advantage of the opportunity to inspect these machines.

MOOSEHEART DAY.

October 27 is Mooseheart Day, the birthday of Pilgrim Governor, Honorable James J. Davis, the Founder of Mooseheart. Mooseheart Day was first observed on October 27, 1913, in commemoration of the birth of Governor Davis.

On October 22, Women of the Moose, Allston Chapter No. 126, led by Mooseheart Alumni Chairman, Clara B. Hennigan and her committee, "took over" the City of Boston for a day. Senior Regent Margaret Partridge acted as Mayor for the day. Other officials were: Alice Curran, Gladys Welch and Margaret Kelly. Two members of the committee who were not able to be in attendance were Geneva Bruno and Gladys Buckley.

WARNING TO TAXPAYERS.

The following was received by his Honor the Mayor from Daniel F. Donovan, City Collector:

A final warning to taxpayers that unless their payments on real estate and personal taxes are received by November 1, they will be liable for a penalty of 4 per cent interest beginning October 1, 1946. Every taxpayer liable for these taxes in Boston and throughout the state should heed this final warning and save the interest charges. Persons having mortgages in financial institutions should check with the bank to find out if their taxes have been paid as they likewise would be liable for the interest charge.

ADDRESS DELIVERED BY JAMES H. MOONEY OF BOSTON ON THE DEVELOPMENT OF A PROGRAM OF INQUIRY INTO NATIONAL DISASTERS.

(Continued from page 1261.)

There is no doubt in my mind that you gentlemen gathered here believe that you know your job and do know your job better than the persons who criticize you, and, this being fact, why aren't you the men best qualified to investigate and report on the causes of disasters and the remedies and preventive measures necessary to lessen, as much as humanly possible, recurrences of them? I know that the committee to be appointed by your president will, by their devotion to a cause, submit such unbiased, factually true reports that they will in themselves demand the respect of investigating authorities and in time reflect credit on the B. O. C. A.

Although few of us realize it, there are methods of reporting which are seldom, if ever, criticized. One such method is that connected with our national pastime, baseball. Men, usually sports writers, expert in their profession, are selected as official scorers, and they, during the course of a baseball season, create an incontestable record of players' performances at bat and in the field. Their scorings are accepted as true and final by virtue of the fact that they are expert in their field, as are the football officials assigned to officiate at college and school games. We, in organizing the

B. O. C. A. Committee to Report on National Disasters, want just as capable men in our field as that of the scorers, so that we can render opinions of such import that they will be accepted without question by the public and investigating bodies.

WHAT CONSTITUTES DISASTER.

However, before we can function, we must decide what constitutes a national disaster or catastrophe. Shall we consider the loss of four lives in one family in a tenement house fire a national disaster? No, I don't believe we should; however, we must consider it a disaster of great importance, because the cause may be just as great as would be the cause for a much larger loss of life. Just recently in Boston there was a fire in a tenement house in which a family of four persons lost their lives by suffocation; however, during the progress of the fire fifty other occupants of the building escaped by means of fire escapes or were rescued by police and firemen.

True, the newspapers carried a story of the fire for one day, but whether the story was published in out-of-town papers is questionable. As I see it, it was a local and not a national disaster, but, gentlemen, think of the importance of cause of loss of life. If the other fifty occupants of the building had not escaped, it certainly would have been published nationally. Just a few months ago a fire occurred in the LaSalle Hotel in Chicago, causing a loss of 62 lives in what has been reported to be a fire-proof constructed building. Such a disaster certainly would be recognized as having a national aspect.

Over the years we have had many conflagrations, explosions, floods, hurricanes, cyclones, and the like, causing millions of dollars loss in property damage and, in some instances, loss of lives. Such occurrences are without question national disasters, but I do not believe that our B. O. C. A. committee should be expected to report on such disasters. I believe we should confine our activities to the types of disasters we know we are better qualified to report on than any other authorities, namely, to disasters in buildings and in structures.

We do not propose to sponsor an educational program whereby individual persons will be instructed how to conduct themselves in emergencies, although I firmly believe that such a program will be required in certain occupancies in the distant future. We recognize the necessity for fire drills in our public schools and lifeboat drills in our passenger ships, so isn't it reasonable to assume that some day the same type of drills required during the war in manufacturing plants will be adapted to peacetime operations of business establishments?

Neither do we propose that our committee will submit reports that can be construed to be regulatory in their recommendations. Regulations are the work of our Code Committee and the legislators, with authority of adoption of same.

DEFINITE POLICY NEEDED.

It should be understood that the suggestions for development of a program of inquiry into disasters which I mention in this paper are in no sense final. They express my own personal viewpoint on the matter and are submitted to you gentlemen for consideration and further recommendations.

I do believe, however, that a definite policy and method of procedure to guide the committee should be established before

this annual meeting terminates, and consequently suggest the following:

That the committee, including the chairman, be composed of fifteen (15) men selected by the president from the membership of the B.O.C.A. in conjunction with the chairman. That the entire country be divided into seven sections or districts, with each district having two B.O.C.A. members appointed as committeemen. For this purpose I propose to write to the following airlines, requesting them to furnish me with a route map showing their stop coverage:

American Airlines, Braniff Airways, Canadian Colonial Airways, Chicago and Southern Airlines, Delta Airlines, Pennsylvania Central Airlines, United Airlines, Western Airlines, Continental Airlines, Eastern Airlines, Inland Airlines, Mid-Continent Lines, National Airlines, Northeast Airlines, Northwest Airlines, Trans-World Airways, Trans-Canada Airlines.

When the maps are available, I feel certain that the country can be so districted that airplane travel will be accessible to committee members, that the expense of travel to scenes of disasters can be minimized, and that the entire nation will have complete coverage.

I further suggest that our president establish credit with the associated airlines, so that each member of the committee will be provided with an air travel card. Such a card will permit a committee member to purchase flight passage tickets without any expenditure of his own personal money, and the airline companies will forward the bills to the secretary-treasurer of the B.O.C.A. for payment.

I also suggest that the president of the B.O.C.A. issue to each committee member a letter so phrased as to be considered a credential that will be acceptable to and honored by any mayor, city manager, police or fire chief or commissioner, to permit the committeeman the same freedom of access accorded newspapermen, photographers, and representatives of other reporting agencies at scenes of disasters.

Any man appointed to the committee must agree that he shall make himself available, without notice from either the president of the B.O.C.A. or the chairman of the committee, to speed without delay to the scene of a catastrophe within his district. I believe that both district committeemen should visit the same scene and collaborate on their report. The building official of the city or town in which the disaster occurred should be requested to make all data concerning the building available to the committeeman.

CAUTION URGED.

As I have said before, we are experts in our chosen field, and our reports, being the reports of experts, should be the most acceptable to investigating bodies. We should be absolutely unbiased and ethical to the extreme, as nothing will be gained if we use our reports as a medium for whitewashing one organization and slapping down another, as I believe has been done by some reporting organizations in the past. Furthermore, it should be understood that in no instance whatsoever shall a member of this committee record actually or by inference an opinion as to the responsibility or guilt of any person or persons involved in any way in a disaster.

Although it is imperative that committeemen arrive at a scene of a disaster with the least possible loss of time, it

is likewise imperative that they be very cautious in making statements for public consumption. We should obtain our facts from visual observations which we ourselves make, and should not accept as fact the word of other persons.

As stated, it is imperative to arrive at the scene of disaster with the least possible loss of time. It likewise is imperative that the committeemen's report be withheld from publication until such time as we are absolutely certain that it is complete in every respect and can stand the scrutiny of any impartial investigating commission. Such procedure may occasion what might be considered by some critics as undue delay, but it is absolutely imperative for many reasons.

First, if we expect, and I know we are capable of obtaining, national recognition, we must publish reports that will be acceptable to a news-hungry public, and our initial statements will be accepted as true. Retractions of statements are futile and so detract from the potency of an organization as to leave it floundering and useless in its purpose. We must never place ourselves in a position that will require us to retract or correct a statement.

Secondly, inexorable pursuit of true facts, and the recording of same, will eventually, if not in the first instance, demand recognition from other reporting agencies, and if our statements are such as to be incontestable we will be assured that investigating commissions will solicit B. O. C. A. reports.

I must again mention the importance of withholding a report until we are certain it is complete in every respect and also warn committeemen that, when besieged by reporters for a statement, they must be extremely cautious.

Many of you gentlemen have not experienced the beseechingness of obstinate, tenacious reporters concerning information they desire for the purpose of reporting news stories having public appeal. They will attempt to obtain from you the utterance of the word "yes" in reply to their question so phrased that a "yes" reply means a statement from you for which you might and probably will be quoted. You must realize that in a time of disaster the public clamors for news, and I am of the opinion that news envisioned in the brain of a reporter is often recorded.

At the time of the terrifying Cocoanut Grove disaster in Boston, thousands of words without any foundation of truth were printed in newspapers, and the statements circulated were so misleading and the truth so garbled that very few of the reading public actually knew what happened other than that there was a fire and tremendous loss of life. One newspaper printed a photograph of a bricked-up door opening in an exterior wall, and referred to it as a means of egress, blocked up shortly before the fire.

Actually it was never a means of egress from the building and had been bricked up many years before the occupancy of the building as a night club, after the razing of a structure which adjoined the Cocoanut Grove building and to which it provided access. One newspaper also printed verbatim copies of the theater law and applied them to the occupancy of the structure. I cite these instances to show you how the reading public can be led to believe untruths to be true, and also to again caution the committeemen never to make a statement which can be proved untrue.

As I have stated previously, we must decide what we will consider a disaster or catastrophe of sufficient magnitude to warrant reports from the B. O. C. A. I believe we should be concerned in disasters causing high property loss in money value, and particularly so if there is loss of life or lives. As the most precious thing in this world is life, we must use all the brains within the command of this organization to preserve it in safety, and if only one life is saved as the result of comprehensive reporting by our committeemen it will justify our efforts.

NEWS BROADCAST.

The occasion of a disaster is usually first heard of through our radio speakers, and I believe it the duty of each committeeman, upon hearing a report he considers warrants investigation, to immediately endeavor to confirm the authenticity of broadcast or news headline. The confirmation desired could be obtained by telegraphing the chief of the police department in the city or town where the disaster is reported to have occurred as follows: "PLEASE WIRE DIRECTLY, COLLECT, CONFIRMATION OF REPORT, HOTEL FIRE, THIRTY-EIGHT LIVES LOST."

A. M. ALERT,

Building Officials Conference of America, Investigation Committee, Blank Street, Cleveland, Ohio."

The day following the receipt of Walker Lee's letter requesting me to accept the chairmanship of this committee, a Boston newspaper published in approximately three-inch high letters the following headline: "Twenty-Three Missing in Hotel Fire." I thought it quite significant that such a report should follow so rapidly the receipt of President Lee's letter, and, inasmuch as I was interested, I called the newspaper and found that the report was not confirmed. Later papers carried a news item about the fire, but stated one person was missing. The fire was reported to have occurred in an Arkansas city or town.

You know that frequently news reports, unconfirmed, are often exaggerated, and for this reason our committeemen should obtain authentic information in the form of a confirmation before proceeding to a scene of disaster.

I do not intend, in presenting this paper, to decide what we will consider a national disaster of sufficient scope to warrant investigation by the B. O. C. A. committee, nor will I attempt to decide how a report should be composed or published, but I do expect that you gentlemen will make such decisions during the discussion period following the presentation of this paper. I will, however, inform you that I believe all reports should be edited by a board of five (5) men, composed of your president, the chairman of the Building Code Committee, the chairman of the B. O. C. A. Foundation Committee, the B. O. C. A. public relations consultant, and the chairman of the Investigating Committee.

As our organization has no regular weekly, monthly, or quarterly publications, I am somewhat at a loss to know how our reports will be published. Therefore, I consider it proper for me to consult our publicity relations director for guidance, and will close my remarks by asking the full cooperation of all members of the B. O. C. A. in this new endeavor. Thank you.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING OCTOBER 30.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
Philip J. Gulesian.....	1144 River street.....	18	Connecting refrigerator.....	\$150

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to continue the employment of Robert Simon, Jr., 33 Robinson street, Dorchester, as a temporary clerk at \$5 a day plus \$200 a year E. C. A.

Permission has been given to continue the employment of Rita Connelly, 7 Gaylord street, Dorchester, as a typist-clerk at \$4 a day plus \$200 a year E. C. A.

Permission has been given to employ William J. Hurlebaus, 871 East Fourth street, South Boston, as a temporary billing machine operator, upon an emergency basis, for a period of one month, at \$5 a day plus \$200 a year E. C. A.

HOSPITAL DEPARTMENT.

General Division.

For the week ending October 8.

The following provisional employees have been appointed:

Lewis Ernst, 47 Bradeen street, part-time hospital kitchen worker, \$10 a week; Delia A. Horan, 809 East Fourth street, hospital house worker, \$18 a week; John J. Bowe, 19 Bean court, Patrick Lawless, 100 Leonard street, hospital house workers, \$19.50 a week; Beatrice Humphreys, 91 Worcester square, hospital medical worker, \$18 a week; Joan Mackan, 923 Dorchester avenue, hospital medical worker, \$10 a week; William F. Parker, 6 Johns court, John J. Doyle, 3 Carlow street, John D. Clark, 610 Columbus avenue, Cornelius McGinty, 187 West Canton street, hospital medical workers, \$19.50 a week; Ralph E. Coolidge, 58 Hampden street, elevator operator, \$19 a week.

Ethel Perkins, 55 Northfield street, hospital medical worker, \$18 a week; Victoria Maciejke, 924 Dorchester avenue, Virginia Purdy, 25 Linwood street, Ellen Doyle, 5 Wilkins place, part-time hospital medical workers, \$10 a week; Bertram Allen, 2 Orchard park, John Kenney, 596 Tremont street, Robert Marshall, 75 Adams street, hospital medical workers, \$19.50 a week; Kenneth Nelson, 3 Cazenove street, LeRoy Wilcox, 217 West Newton street, part-time hospital medical workers, \$15 a week; George O'Neil, 788 Harrison avenue, Peter Gordon, 270 Dudley street, hospital kitchen workers, \$20.50 a week; Margaret Lordon, 41 Polk street, Clara McGloin, 33 Polk street, Flora DePascale, 68 East Lenox street, part-time hospital kitchen workers, \$10 a week; Peter McCartin, 18 Pelham street, Jacob Kerke-Boon, 14 Florence street, Robert Leonard, 23 Ingleside street, hospital house workers, \$20.50 a week; Mary Duggan, 23 Peverell street, William Johnson, 674 Massachusetts avenue, Albert McNulty, 87 Victory road, elevator operators, \$19 a week.

The following hospital medical workers at \$19.50 a week have been changed to part-time hospital medical workers at \$15 a week: John Daniels, Leo Levesque.

Bernard Doherty, hospital kitchen worker at \$20.50 a week has been changed to part-time hospital kitchen worker at \$10 a week.

Carolyn Alkins, reconstruction aid, is now Carolyn Russell.

Helen Hoffman, hospital medical worker, is now Helen Couturier.

The following monthly nurses have been employed:

Inez Bellows, Romaine Byrd, Flora Emerson, Edith Fielding, Lucille Hird, Dorothy G. Harris, Eileen Hurstak, Mary Kingston, Lucille Korff, Lillian McAllister, Cecile Morin, Mary Moo, Margaret Mooney, Mary Mulkerin, Doris Morse, Helen Malvarez, Dorothy Munroe, Frances E. Marcoux, Ann Madden, Inez O'Neil, Winifred O'Keefe, Olive Racker, Norma J. Uleger, Carol Walsh, Beatrice Willette, Ila Weeks, Sophie Zorich, Alice M. Yankas, \$60 a month; Kathryn Bushika, \$10 a month; Elsie Lovely, Ruth Reil, \$11 a month; Marjorie Rossmeisl, \$10 a month; Dorothy Raposa, \$8 a month; Alice Sullivan, Amy A. Walker, Genevieve Wozniak, \$10 a month.

The following nurses have received increases in salary:

Theresa DaCosta, Bessie Kelley, Alice Ryan, from \$10 to \$12.50 a month.

The services of the following employees have been terminated:

Permanent.—Mathew Murray, Jr., 124 Russett road, senior hospital kitchen worker, \$20.50 a week; Bridget Henry, 911 Hyde Park avenue, hospital house worker, \$18 a week; Bridget A. Deveau, 35 Queensberry street, head nurse, \$1,880 a year; Millie Quan, 2 Harold park, Doris W. Kohler, Malden, Carolyn Creehan, 238 Austin street, floor nurses, \$1,700 a year; Mary Deane, Everett, part-time floor nurse, \$820 a year.

Provisional.—Peter Gordon, 270 Dudley street, William Roche, 18 Rollins street, George Doherty, 189 Boylston street, hospital kitchen workers, \$20.50 a week; James Reynolds, 67 Armstead road, Donald Hession, 31 Longfellow street, Hjalmar Kai, 119 Warren avenue, Albert J. Lambert, 5 Worcester square, Alfred S. Bell, 221 Amory street, Frank Gagar, 43 Lynde street, Harold J. Webb, 8 Rollins court, hospital medical workers, \$19.50 a week; John J. Lyons, 1094 Adams street, Kenneth Nelson, 3 Cazenove street, part-time hospital medical workers, \$15 a week; Antonetta Sorrentino, 9 Hayes street, Eleanor Puccino, 73 Lubec street, Roxie Burns, 16 Worcester square, hospital medical workers, \$18 a week; Virginia Purdy, 25 Linwood street, part-time hospital medical worker, \$10 a week; Eleanor Thornton, 87 Adams street, reconstruction aid (military substitute), \$30 a week; Paul V. Stevens, 180 Beech street, engineer (temporary), \$48 a week; Christine Walsh, 7 Worcester square, floor nurse, \$1,600 a year.

South Department.

The following provisional employee has been appointed:

Rose McCallion, 1 Oakview avenue, hospital medical worker, \$18 a week.

The following weekly nurses have been appointed:

Permanent.—Sonia Opalinsky, Chelsea, Louise Ellis, 532 Massachusetts avenue, floor nurses, \$1,600 a year; Charlotte Gerardell, 374 Waverly Oaks road, Waltham, temporary, to permanent floor nurse.

The services of the following employees have been terminated:

Jennie Cole, 745 Massachusetts avenue, hospital house worker (provisional), \$18 a week.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon September 25 the Mayor approved a contract with the Eagle Electric Supply Company, Inc., for furnishing cable, in accordance with specifications, for the Fire and Public Works Departments. The total amount of the contract was \$14,813.77, less a cash discount of one half of one per cent for payment in ten days. Bids, opened September 4, were as follows:

2,000 Feet Simplex 19 Conductor, No. 14S Anhydrex SA Insulated Lead Fire Alarm Cable, Per Foot.—Simplex Wire & Cable Company, 45.1 cents, price includes two reels at \$25 each, OPA, copper increase, \$6.65 per M. feet, per Amendment No. 9 to MPR-82; Eagle Electric Supply Company, Inc., 45.1 cents,* includes two reels at \$25 each, price, plus copper, \$6.65 per M. feet, included in total; Graybar Electric Company, Inc., 45.1 cents, copper per M. feet, \$6.65, including two reels at \$25 each.

3,000 Feet Simplex 10 Conductor, No. 14S Anhydrex SA Neoprene Fire Alarm Cable, Per Foot.—Simplex Wire & Cable Company, 36.4 cents, price includes three reels at \$12 each, OPA, copper increase, \$3.50 per M. feet, per Amendment No. 9 to MPR-82; Eagle Electric Supply Company, Inc., 36.4 cents,* includes three reels at \$12 each, plus copper, \$3.50 per M. feet, included in total; Graybar Electric Company, Inc., 36.4 cents, copper, per M. feet, \$3.50, including three reels at \$12 each.

500 Feet 7 Conductor, No. 12 Anhydrex Insulated Neoprene Jacketed Duct Cable, Per Foot.—Simplex Wire & Cable Company, 35.4 cents, price includes one reel at \$7, OPA, copper increase, \$3.92

per M. feet, per Amendment No. 9 to MPR-82; Eagle Electric Supply Company, Inc., 35.4 cents,* includes one reel at \$7, plus copper, \$3.92 per M. feet, included in total; Graybar Electric Company, Inc., 35.4 cents, copper, per M. feet, \$3.92, including one reel at \$7.

1,000 Feet 9 Conductor, No. 12 Anhydrex Insulated Neoprene Jacketed Duct Cable, Per Foot.—Simplex Wire & Cable Company, 41.2 cents, price includes one reel at \$12, OPA, copper increase, \$5.04 per M. feet; Eagle Electric Supply Company, Inc., 41.2 cents,* includes one reel at \$12, plus copper, \$5.04 per M. feet, included in total; Graybar Electric Company, Inc., 41.2 cents, includes one reel at \$12, copper, per M. feet, \$5.04.

4,292 Feet 259 Conductor, No. 19 Solid Latex Anhydrex Jacket and Duct Taped Control Cable, Per Foot.—Simplex Wire & Cable Company, \$2,814, price includes eleven reels at \$25 each, OPA, copper increase, \$28.49 per M. feet, per Amendment No. 9 to MPR-82; Eagle Electric Supply Company, Inc., \$2,814,* includes eleven reels at \$25 each, plus copper, \$29.49 per M. feet, included in total; Graybar Electric Company, Inc., \$2,814, including eleven reels at \$25 each, copper per M. feet, \$28.49.

Remarks.—Simplex Wire & Cable Company, shipment Item 1, 2d quarter, 1947; balance of items, twenty-four weeks, subject to our ability to obtain the necessary raw material; Eagle Electric Supply Company, Inc., delivery, twenty-four weeks; Graybar Electric Company, Inc., orders will be accepted on the basis that the invoiced prices may be adjusted to our prices in effect at the time of shipment, such prices not to exceed those in effect by OPA on the billing date; due to the shortage of cotton we are quoting on rayon braids on all items; shipment Item 1, 2d quarter, 1947, balance of items, twenty-four weeks, subject to our ability to obtain the necessary raw materials.

Total.—Simplex Wire & Cable Company, \$14,813.77; Eagle Electric Supply Company, Inc., \$14,813.77; Graybar Electric Company, Inc., \$14,813.77.

Cash Discount, Ten Days.—Simplex Wire & Cable Company, one half per cent; Eagle Electric Supply Company, Inc., one half per cent; Graybar Electric Company, Inc., one half per cent, ten days, net, thirty days, from date of invoice.

* Contract awarded.

Upon October 7 the Mayor approved a contract with contractors as indicated for furnishing heavy, medium and light fuel oil, as required, for the period from October 1, 1946, to December 31, 1946, with the privilege of purchasing on the same terms and conditions through September 30, 1947. No bid was received on the city's requirements of 9,000 barrels of medium fuel oil. The White Fuel Corporation, however, has offered to supply this fuel oil on the basis of its posted price on date of delivery.

Contracts were awarded as follows:

Heavy Fuel Oil.

To the White Fuel Corporation: 85,000 barrels to the Boston City Hospital, 20,000 barrels to the Sanatorium Division, 2,400 barrels to the various Health Units—107,400 barrels at \$2.185, \$234,669.

To the Petroleum Heat and Power Company: 15,000 barrels to Deer Island, 8,000 barrels to City Hall Annex, 15,000 barrels to Court House—38,000 barrels at \$2.185, \$83,030.

Medium Fuel Oil.

To the White Fuel Corporation: 5,000 barrels to the Fire Department, 2,000 barrels to the Printing Plant, 1,050 barrels to the Welfare Department, 500 barrels to the Highland Street Garage—9,000 barrels at \$2.531 (delivery less than 3,000 gallons), \$22,779; at \$2.365 (delivery more than 3,000 gallons), \$21,285.

Light Fuel Oil.

To the White Fuel Corporation: 750,000 gallons to various city buildings, at .074 cents, \$54,948, 1 per cent, fifteen days.

Bids were as follows:

Heavy Fuel Oil.

Boston City Hospital, 85,000 barrels; Boston Sanatorium, 20,000 barrels; Various Health Units,* 2,400 barrels; Deer Island, 15,000 barrels; City Hall Annex, 8,000 barrels; Suffolk County Court House, 15,000 barrels; Calf Pasture Pumping Station, 8,000 barrels. †Estimated annual requirements, if fuel oil is burned, 153,400 barrels.

Per barrel of 42 U. S. gallons at 60° F.: Our posted tank price in effect on date of delivery. Today's posted tank wagon price per barrel of 42 U. S. gallons for deliveries of 3,000 gallons or more each.

White Fuel Corporation, \$2.185; approximate total, \$335,179.

Petroleum Heat and Power Company, \$2.185,* approximate total, \$335,179. (*The quoted price is based on today's tank car terminal price of \$1.965 per barrel and shall be increased or decreased by a sum equal to any increase or decrease in said tank car terminal price on day of delivery.) (†No bid. Offer by letter.)

Medium Fuel Oil.

70 Bristol street, Fire Department, 5,000 barrels; North street, Printing Department, 2,000 barrels; Chardon street, Welfare Department, 1,500 barrels; Highland Street Garage, Sanitary Division, 500 barrels. Estimated quantity, 9,000 barrels.

Light Fuel Oil, Approximately 750,000 Gallons, City Departments.

White Fuel Corporation, our posted tank wagon price in effect on date of delivery less discount of 1.2 cents per gallon, today's posted tank wagon price is 8.6 cents per gallon, cash discount, 1 per cent, fifteen days.

Petroleum Heat and Power Company, (*the quoted price is based on today's tank car terminal price of 6.3 cents per gallon and shall be increased or decreased by a sum equal to any increase or decrease in said tank car terminal price on day of delivery), 7.68 cents*; approximate total, \$57,600; net total, \$57,600; Lincoln Oil Company, 7.38 cents; Everett Fuel & Oil Company, 7.59 cents; approximate total, \$596,250; net total, \$596,250; Consolidated Fuels, Inc., posted price at time of delivery less 1 cent per gallon.

Upon October 8 the Mayor approved a contract with contractors as indicated for furnishing automobiles and trucks to the various departments. Bids, opened September 10, were as follows:

Laline & Partridge, Inc. Item 1, \$3,356.58; Item 2, \$1,485.76; Item 3, \$1,516.76; Item 4, \$1,635.81; Item 5, \$993.96; Item 6, \$2,233.21; Item 7, \$1,406.62; Item 8, \$1,128.86; Item 9, \$26,946.00; Item 10, \$1,060.86; Item 11, \$993.86; Item 12, \$753.86; Item 13, \$993.86; Item 14, \$1,015.86; Item 15,

\$7,541.74; Item 16, \$10,416.90; Item 17, \$1,125.86; Item 18, \$5,415.16; Item 19, \$1,126.86; Item 20, \$3,358.28; Item 21, \$14,540.40; Item 22, \$2,285.11; Item 24, \$43,394.15; Item 25, \$30,646.10; Item 26, \$2,002.11; Item 27, \$2,463.11; Item 28, \$3,355.11; Item 29, \$2,460.11; Item 30, \$3,288.11; Item 31, \$2,046.41; Item 32, \$2,135.61; Item 33, \$4,180.09; Item 34, \$7,281.68; Item 35, \$63,800.18; Item 36, \$8,616.05; Item 37, \$1,766.61; Item 38, \$2,146.42; Item 39, \$4,339.09; Item 40, \$2,022.61; Item 41, \$1,588.71; Item 42, \$1,767.21; Item 43, \$15,578.16; Item 44, \$6,518.63; Total, \$302,983.47.

Regarding Item 23, calling for thirty one and one half-ton dump trucks, on which the prices submitted on the Dodge trucks were considerably lower than Ford prices, permission was granted to award this contract to Dan O'Dea, Inc., Lowell, Mass., for the purchase of Dodge trucks at a total amount of \$68,026.80. The Dodge specifications show a 115 h.p. which is considerably higher than the h.p. specified by any of the other dealers, and in the interests of a comparison with the Ford trucks in performance it was recommended that this purchase be made.

Items 45, 46, 47, 48, 49, 50 and 51, called for delivery of five-ton units, but the delivery dates extend into the latter part of 1947 and possibly into 1948 which would necessitate tying up a large amount of money for this long period, and for this reason all bids on these items were rejected.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms, contractors, and mercantile houses for furnishing labor, supplies, etc., to the several departments indicated. Communications from the heads of the departments interested were as follows:

PARK DEPARTMENT.

BOSTON, September 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Park Commissioners respectfully requests your permission to enter into a contract with M. A. Dyer Company, architects, of 8 Beacon street, Boston, for architectural services in the preparation of plans and specifications for a new field house at Charlesbank Playground, Charles street, Boston.

The architect is to receive a fee of 6 per cent of the amount of the construction contract. It is estimated that the construction contract for this building will be approximately \$45,000. The contract for professional services of the architect will be approximately \$2,700.

Mr. Dyer is a well-known architect in Boston, and I believe there is nothing to be gained by advertising for bids for architectural services. It is therefore respectfully requested that we be allowed to award M. A. Dyer Company the architect's contract, without advertising, at an estimated amount of \$2,700, same to be charged to the special appropriation "Park and Playground Improvements, etc., Revenue."

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

SUPPLY DEPARTMENT.

BOSTON, October 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a con-

tract, without public advertisement, to the Whiting Milk Company for furnishing 2,200 gallons of 12 per cent ice cream mix as per specifications at a price of \$1.70½ per gallon during the months of September and October.

This department publicly advertised twice for bids on this commodity and received no response from any of the dealers. We were able, however, to secure the above price from the Whiting Milk Company, and I would respectfully request that the permission asked for above be granted.

This price is less a cash discount of 2 per cent for payment in ten days. The total amount of the contract is \$3,751.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TREASURY DEPARTMENT.

BOSTON, October 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to enter into an agreement between the City of Boston and Brink's Inc., 711 West Monroe street, Chicago, Illinois, for the transportation of city funds, between City Hall and the First National Bank of Boston, and between the National Shawmut Bank of Boston and City Hall.

Brink's Inc., agrees to assume full liability for any loss of any shipment up to the amount of \$500,000 except for approximately fifteen uncertain dates when the liability will be \$1,000,000 and between the period of September 4 and November 4 when it will be \$5,000,000. at a cost to the city of \$162 per month.

Our experience with this company has been entirely satisfactory in past years. No purpose will be served by advertising.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

COUNTY OF SUFFOLK.

BOSTON, October 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I wish to purchase some kitchen equipment to replace some of the inefficient and obsolete type now in use at the jail.

Several companies in the food equipment business, a highly competitive field, have submitted estimates to me, the lowest of which comes from the H. M. Faust Company, 6 Alden street, Boston, amounting to \$1,037.

As this price was secured on a bidding basis plus the fact that delivery dates in fiscal year are uncertain. I do not believe any advantage would accrue to the City of Boston by public advertising. Therefore I respectfully request your permission to place this contract with the H. M. Faust Company.

Yours very truly,

FREDERICK R. SULLIVAN, *Sheriff.*

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way in the Dorchester district designated as Frazer street, leading southerly from Marsh street, for a distance of approximately three hundred feet, as shown on a plan approved in writing by the Board

of Street Commissioners, and on file in the office of the Street Laying-Out Department be, and the same hereby is, approved.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of February 27, 1945, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Northbourne road, be, and the same hereby is, amended, by adding to said order the amount \$1,014 as an award to Philip W. Regan and Lillian F. Regan, husband and wife, as tenants by the entirety; that the amount \$1,014 be, and the same hereby is, awarded to Philip W. Regan and Lillian F. Regan, husband and wife, as tenants by the entirety, for the damages so sustained.

TO OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John Deveney Company has been directed to omit and substitute the following work under the contract for laying sheet asphalt pavement in Farragut road and West Third street, dated August 12, 1946. Items ordered: Omit the spreading and raking of the top course by hand labor and substitute the use of mechanical spreaders (Item 7A, 8,300 square yards); a decrease of 5 cents per square yard is to be made in the price bid for this work, viz., from \$1.33 to \$1.28 per square yard. Estimated decrease in cost, \$415.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

M. Solimando has been granted an extension of time until October 25, 1946, for the completion of the contract for extensions and renovations of greenhouses at Franklin Park, Boston.

J. A. Singarella Company has been granted an extension of time until November 15, 1946, for the completion of the contract for construction of women's solarium and new fence, L Street Bath House, South Boston.

John Guarino has been granted an extension of time until May 1, 1947, for the completion of the contract for architect's services for field house on Ross Playground, Hyde Park.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, estimated to be one (1) week, vehicles are excluded from the following street from 8 a. m. to 5 p. m. each day, effective beginning October 25, 1946:

Dunstable Street, Charlestown.

From Rutherford avenue to Main street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of repairs to the Central Avenue Bridge, estimated to be thirty (30) days, vehicles are excluded from the following street, effective October 23, 1946:

Central Avenue, Dorchester.

From River street to the Boston-Milton line.

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the heads of departments indicated for permission to amend or reallocate budget estimates as follows:

ASSESSING DEPARTMENT.

BOSTON, October 9, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Due to statutory requirements, death or transfer, in the items of first assistant assessor, and second assistant assessor, in this department in the year 1946 budget, there remains a present approximate surplus, in the first of more than \$1,000, and in the second of more than \$800.

It is the considered opinion of the Board of Assessors that there exists an immediate necessity to expedite the listing and billing of motor vehicle excise tax bills, as the result of which a program of overtime employment of office personnel has been undertaken. It is requested, therefore, that the department be permitted to transfer the following items, explained above, as indicated below:

A-1, 50 First Assistant Assessors, \$1,000; 6 Second Assistant Assessors, \$800, representing a total of \$1,800, which is needed in Item A-3, Overtime, for the purposes stated.

Respectfully,

BOARD OF ASSESSORS,

by PETER J. ALLEN,
Chairman.

HOSPITAL DEPARTMENT.

BOSTON, October 11, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a transfer from within the Hospital Department appropriation in the amount of \$10,000 from the A-1 (Personal Service, Permanent Employees) item to C-12 (Medical, Surgical, and Laboratory) is respectfully requested.

The present unencumbered balance is not sufficient to release orders that will be written between now and December 31 to cover the cost of instruments and items of equipment issued through the dispensary and other storerooms and used on all services and wards throughout the department, *i.e.*, syringes, thermometers, atomizers, pipettes, tubes, air rings, arm baths, etc.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

INSTITUTIONS DEPARTMENT.

BOSTON, October 9, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Steamer "Michael J. Perkins."

From B-39, General Repairs, \$100, to E-10, Electrical, \$100.

To provide for purchase of electrical wire required in making repairs and such other items as may be needed during the remainder of the year. It is anticipated that there will be sufficient balance under Item B-39 to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

PARK DEPARTMENT.

BOSTON, October 8, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I respectfully request that you make the following transfers within the Park Department budget:

From D-9, Educational, etc., \$15, to D-5, Medical, \$15.

From C-17, Miscellaneous, \$50, to C-13, Tools, etc., \$50.

The money is needed in D-5 to pay for a necessary purchase of medical supplies for gymnasiums, etc.

The money is needed in D-13 to cover an over-encumbrance on the purchase of necessary tools for this department.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PARK DEPARTMENT (Cemetery Division).

BOSTON, October 7, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From E-1, Building Materials, to E-13, Miscellaneous Materials, \$300.

This transfer is requested to provide money for the purchase of cement, parts for our mowers and other materials chargeable to the E-13 item of our budget.

Our E-13 appropriation for the year 1946 was \$550, and our expenditures to date have amounted to approximately \$540, and we are in need of materials which can only be charged to this item.

The money is available in our E-1 item, hence the request for this transfer.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, October 7, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From B-39, General Repairs, to C-17, Miscellaneous Equipment, \$700.

This transfer is requested to provide money for the purchase of concrete liners to be used in connection with burials in our cemeteries. These liners are paid for by the owners of the burial plots at time of interment and receipts are deposited with the City Collector in our General Cemetery Fund. A profit is made by the city on each liner sold.

We have sections in our cemeteries, recently developed, where burials cannot be made without the use of liners, and we have had many more burials in these sections than we had anticipated. The use of liners saves labor at time of burial, and their use prevents later sinking of the graves from collapse of wooden boxes, and here again labor is saved by avoiding the necessity of filling in sunken graves.

It is found that we need more liners than originally or later anticipated, and, again, the use of these liners is financially and physically advantageous to our cemeteries.

The money is available in the B-39 item and is now needed in the C-17 item of our budget.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, October 10, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Inasmuch as the City Auditor decided that the contract with the Daniel Marr & Son Company, Inc. (to make an investigatory examination at premises, 24 Court street), belongs in the budget, Item B-42, Miscellaneous Service, and having no funds in this item, I therefore request a reallocation in the Public Buildings from B-39, of \$3,000, to B-42, of \$3,000.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT (Paving Service).

BOSTON, October 10, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to amend the 1946 budget of the Paving Service, Public Works Department, by transferring funds as follows:

From A-2, Temporary Employees, \$2,500, to F-7, Pensions and Annuities, \$2,500.

The appropriation for pensions and annuities is about exhausted and this transfer is requested to provide money for the anticipated deficit.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT (Sewer Service).

BOSTON, October 9, 1946.

To HON. JAMES M. CURLEY, *Mayor of Boston.*

From ROBERT P. CURLEY, *Commissioner.*
Subject: Reallocation in Sewer Division Budget.

From D-11, Gasoline and Oil, \$150, to D-16, Miscellaneous Supplies, \$150.

The amount of \$1,466.78 has been spent in the item of D-16 to October 1, 1946. The unencumbered balance is \$33.22. Necessary purchases of engine oil, cylinder oil and waste are needed for the Calf Pasture Pumping Station for the balance of the current year.

Because of a curtailment of expenditures in D-11, the sum of \$150 can be reallocated from this item.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPERIOR CRIMINAL COURT.

BOSTON, October 7, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I respectfully request that the following transfer within the appropriations of the Clerk's Office, Superior Criminal Court, be made:

From the appropriation for B-34, \$3,000, to the appropriation for B-4, \$3,000.

This transfer is necessary because of a shortage which exists in Item B-4 caused by the increase in criminal business.

Respectfully yours,

WILLIAM M. PRENDIBLE, *Clerk.*

SUPERIOR COURT (Civil Business).

BOSTON, October 7, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

MY DEAR MR. MAYOR,—I will greatly appreciate your approval of the transfer of the following amounts in the budget appropriations for this office.

A-1, Personnel, the sum of \$2,500 to be reallocated to D-1 and B-13. There is a surplus in this item due to the fact that vacancies were not filled as soon as they occurred and also because of the military substitute set-up.

D-1, Office Supplies, a transfer of \$2,000 to this item is necessary in order to provide for outstanding obligations and to provide for expenditures to be incurred for the balance of the year.

B-13, Communications, a transfer of \$500 to this item is necessary to take care of telephone charges for the remaining months of this year.

I call your attention to the fact that the business of this office has increased tremendously during the current year and this, plus the increase in prices on supplies, has made it necessary for me to request this reallocation.

Respectfully yours,

THOMAS DORGAN, *Clerk.*

MUNICIPAL COURT OF BOSTON.

BOSTON, October 11, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I request that the sum of \$10 be reallocated from C-9, Office, to C-12, Medical, Surgical, Laboratory, in the budget estimates of this court, to cover the increase cost of a sterilizer for the Medical Department.

Very truly yours,

DAVIS B. KENISTON,
Chief Justice.

MUNICIPAL COURT OF CHARLESTOWN.

BOSTON, October 10, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Permission is hereby requested to amend the budget of this court by making the following transfers within the appropriation:

From B-4, \$100, to B-1, \$10; C-10, \$75; B-12, \$15.

Transfer to B-1 is desired to make available sufficient funds to pay for binding of our Criminal Docket for year 1944.

Transfer to C-10 is desired to pay outstanding bills; to cover needs to end of year. Account is overdrawn due to unexpected purchase of law books.

Transfer for B-12 is desired so that account may not be overdrawn at end of year. From the present balance in the account it is likely to be overdrawn unless this small amount is provided.

Respectfully yours,

JAMES J. MULLEN, *Clerk.*

FIRE DEPARTMENT ORDERS.

General Order No. 64.

I. DEATHS OF MEMBERS IN THE PERFORMANCE OF THEIR DUTIES.

It is with deep regret that the Fire Commissioner announces the deaths of the following-named members of this department who were killed during the performance of their duties as firemen at fire, Box 1463, Tuesday, October 22, 1946:

Hoseman Warren E. Barnard, Rescue Company 1.

P. M. S. Patrick J. Cady, Engine Company 39.

Hoseman Barnard and P. M. S. Cady sacrificed their lives in the protection of the lives and property of the citizens of Boston.

Hoseman Barnard was permanently appointed to the department January 13, 1943, and P. M. S. Cady was appointed December 19, 1945.

The funeral of Hoseman Warren E. Barnard of Rescue Company 1 was held from his late home, 91 Montclair avenue, West Roxbury, at 10.15 a. m., Saturday, October 26, 1946, followed by services at the Holy Name Church, Centre street, West Roxbury, at 11 a. m.

The funeral of P. M. S. Patrick J. Cady was held from his late home, 832 East Second street, South Boston, on Friday, October 25, 1946, at 8 a. m., followed by services at St. Brigid's Church, 845 East Broadway, South Boston, at 9 a. m.

The chief of department made the customary detail to serve as funeral escort at the funeral of the late P. M. S. Cady. Engine 39 was excused from duty to attend the funeral services. The chief of department made the customary detail to serve as funeral escort at the funeral of the late Hoseman Barnard and Rescue Company 1 was excused from duty to attend the services.

II. PROMOTIONS.

The following promotions, which became effective at 8 a. m., Friday, October 25, 1946, are hereby announced:

Hoseman Carl H. Foss, Engine 38, to lieutenant.

Hoseman Edward J. McNulty, Engine 29, to lieutenant.

Hoseman Robert E. Kenneally, Engine 39, to lieutenant.

Ladderman James C. Wilson, Ladder 23, to lieutenant.

Ladderman James J. Hartnett, Ladder 30, to lieutenant.

Hoseman Arthur C. Mullen, Jr., Engine 46, to lieutenant.

Ladderman John J. Collins, Jr., Ladder 27, to lieutenant.

Hoseman William H. Pineo, Engine 33, to lieutenant.

Hoseman Edward W. Sharkey, Engine 24, to lieutenant.

Ladderman Vincent J. Miller, Ladder 8, to lieutenant.

Hoseman Jeremiah E. Mahoney, Engine 31, to lieutenant.

Apparatus Operator John F. H. Fox, Engine 19, to lieutenant.

III. DETAILS.

The following details, which became effective at 8 a. m., Friday, October 25, 1946, are hereby announced:

Lieut. Carl H. Foss to Ladder Company 1.

Lieut. Edward J. McNulty to Engine Company 34.

Lieut. Robert E. Kenneally to Ladder Company 9.

Lieut. James C. Wilson to Engine Company 21.

Lieut. James J. Hartnett to Engine Company 43.

Lieut. Arthur C. Mullen to Engine Company 46.

Lieut. John J. Collins to Engine Company 42.

Lieut. William H. Pineo to Ladder Company 15.

Lieut. Edward W. Sharkey to Engine Company 25.

Lieut. Vincent J. Miller to Ladder Company 8.

Lieut. Jeremiah E. Mahoney to Engine Company 35.

Lieut. John F. H. Fox to Engine Company 49.

IV. RETIREMENTS.

The following retirements, which became effective as of 8 a. m., Wednesday, October 23, 1946, are hereby announced:

Lieut. David J. Murray, Engine Company 52.

Hoseman Henry D. Walsh, Engine Company 51.

Lieutenant Murray was appointed to the department February 24, 1913, and was promoted to lieutenant July 9, 1937. Hoseman Walsh was appointed to the department June 21, 1918.

Both these men leave the department with the best wishes of their associates.

V. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to running cards of the American District Telegraph Company in this department:

Signal 328, 156-164 Oliver street and 88 and 90 Purchase street, Boston, Sandman Electric Company, Inc. (Sprinkler.) Apparatus to respond: Engine 25, Ladder 8, District 3. Nearest box is 1293.

Signal 696, Roxbury Wholesale Grocery Company, 1161-1175 Tremont street, Boston. (Sprinkler.) Apparatus to respond: Engine 13, Ladder 12, District 8. Nearest box is 2223.

By order of Fire Commissioner
RUSSELL S. CODMAN, Jr.

NAPEEN BOUTILIER,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 780.

The following transfers are hereby ordered to take effect on Thursday, October 24, 1946, at 7.45 o'clock a. m.:

Patrolman Thomas M. Leonard, from Division 7 to Division 8.

Patrolman George Dane, from Division 10 to Division 8.

Patrolman Richard F. Lombard, from Division 14 to Division 8.

Patrolman Thomas A. Gormley, from Division 14 to Division 8.

Patrolman John Nocco, Jr., from Division 15 to Division 8.

Patrolman Edward J. McCarten, from Division 15 to Division 8.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 781.

The resignation of Patrolman Edward A. Doocey of Division 15 having been presented, it is hereby accepted to take effect as of Tuesday, October 22, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 782.

The following-named persons, provisional temporary patrolmen in this department, are hereby appointed permanent patrolmen, effective Wednesday, October 23, 1946, at 10 o'clock a. m.:

Patrolman Camille J. Boudreau to Division 3.

Patrolman John J. Diggins to Division 4.

Patrolman Joseph W. Williams to Division 9.

Patrolman Clifford C. Fisher to Division 10.

Patrolman George E. Harrison to Division 10.

Patrolman Bartholomew J. Connors to Division 11.

Patrolman Richard C. Coughlin to Division 11.

Patrolman Joseph C. Petrucci to Division 11.

Patrolman Ralph E. Sullivan to Division 18.

Patrolman Walter W. Benson to Division 19.

Patrolman William F. MacDonald to Division 19.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 783.

The following-named persons are hereby appointed permanent patrolmen in this department, and are assigned as follows; effective Wednesday, October 23, 1946, at 10 o'clock a. m.:

Patrolman Thomas P. McDonough to Division 6.

Patrolman Stewart W. Whelpley, Jr., to Division 10.

Patrolman Thomas L. Keefe to Division 11.

Patrolman Stephen W. Ryder to Division 13.

Patrolman William W. Currie to Division 14.

Patrolman James F. Lynch to Division 14.

Patrolman John S. Connors to Division 16.

Patrolman John M. Fitzgerald to Division 16.

Patrolman Noel R. Pitts to Division 16.

Patrolman John P. Regan to Division 16.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 784.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, October 24, 1946, at 7.45 o'clock a. m.:

Patrolman Hugh C. Jones, Division 10, 26 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 785.

The following-named officer having requested retirement under the provi-

sions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, October 24, 1946, at 7.45 o'clock a. m.:

Patrolman Richard J. Butler, Division 3, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 786.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, October 24, 1946, at 7.45 o'clock a. m.:

Patrolman George L. Drown, Division 8, 26 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 789.

The Superintendent of Police is hereby directed to make the following details in connection with the State Election in this city on Tuesday, November 5, 1946:

1. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Election Day, to preserve order and protect voters in the full exercise of their rights.

2. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State Election at 10 o'clock a. m., Monday, November 4, 1946, such details to continue until all ballots cast at the Election have been received.

3. One patrolman for duty in parking area surrounding City Hall Annex at 4 o'clock p. m., Monday, November 4, 1946, (the night before election day), to properly place "No Parking" signs and to keep the entire area clear for the following morning, so that twenty-five trucks coming to the Election Commissioners' Office for ballots at early hours on election morning will be able to park without interference or delay.

4. One superior officer for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, November 5, 1946, until relieved.

One patrolman from 4 o'clock p. m., on the same date, until relieved for duty at the same place, to keep clear the approaches to the office of the

Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

5. One sergeant for duty at basement vault of Board of Election Commissioners from 9 o'clock p. m., on Tuesday, November 5, 1946, until such time as all returns from the 395 precincts are in.

6. Twenty-five sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample time, to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF NOVEMBER 5, 1946.

(One motor vehicle for each of the twenty-two wards, excepting Ward 1, East Boston; Ward 18, Hyde Park; and Ward 20, West Roxbury, for which two trucks each have been engaged.)

Wards 1 to 7, inclusive, 6 a. m.

Wards 8 to 10, inclusive, 5.30 a. m.

Ward 11, 5 a. m.

Ward 12, 5.45 a. m.

Wards 13 to 17, inclusive, 5.30 a. m.

Ward 18, 5.15 a. m.

Wards 19 and 20, 5.20 a. m.

Ward 21, 5.25 a. m.

Ward 22, 5.30 a. m.

7. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

8. One patrolman to report at each of the three hundred and ninety-five precincts, as hereinafter set forth, on Tuesday, November 5, 1946, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks. Regardless of the use of voting machines in some precincts, a ballot box will be delivered to each one as usual, and it is essential that officer be there to receive it.

Attention is called to the necessity of having officers, so detailed, to report at their posts on time, so that there will be no delay in the opening of any polling place.

In Ward 22, Precinct 3 (polling place located in Allston station of Boston and Albany Railroad), from the opening to close of the polls (8 o'clock a. m., to 8 o'clock p. m.), an officer will be detailed outside this polling place to safeguard the voters.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS TO RECEIVE BALLOT BOXES, BALLOTS, ETC., FROM SERGEANTS DETAILED ON MOTOR TRUCKS.

Ward 1, Precincts 9 to 11, inclusive; Precincts 13 to 19, inclusive; and Precinct 22, 6.15 a. m.

Ward 1, Precincts 1 to 8, inclusive; and Precincts 12, 20, 21, 23 and 24, 6.30 a. m.

Ward 2, 6.30 a. m.

Wards 3, 6 and 7, 6.45 a. m.

Ward 4, Precincts 1, 2 and 5, 6.30 a. m.

Ward 4, Precincts 3 and 4; and Precincts 6 to 15, inclusive, 6.45 a. m.

Ward 5, Precincts 4 to 7, inclusive, 6.15 a. m.

Ward 5, Precincts 1, 2 and 3; and Precincts 8 to 13, inclusive, 6.30 a. m.

Ward 5, Precincts 14 to 16, inclusive, 6.45 a. m.

Ward 8, Precincts 1 to 8, inclusive, 6 a. m.
 Ward 8, Precincts 14 to 16, inclusive, 6.15 a. m.
 Ward 8, Precincts 9 to 13, inclusive, 6.20 a. m.
 Ward 9, Precincts 1 to 6, inclusive, 6 a. m.
 Ward 9, Precincts 7 to 15, inclusive, 6.30 a. m.
 Ward 10, Precincts 1 and 2; and Precincts 4 and 6, 6 a. m.
 Ward 10, Precincts 3 and 5; Precincts 7 to 11, inclusive; and Precinct 17, 6.15 a. m.
 Ward 10, Precincts 12 to 16, inclusive, 6.30 a. m.
 Ward 11, Precinct 1, 5.45 a. m.
 Ward 11, Precincts 2 to 4, inclusive, 6 a. m.
 Ward 11, Precincts 5 to 12, inclusive, 6.15 a. m.
 Ward 11, Precincts 13 to 16, inclusive, 6.30 a. m.
 Ward 12, Precincts 1 to 5, inclusive, 6 a. m.
 Ward 12, Precincts 6 to 8, inclusive, 6.15 a. m.
 Ward 12, Precincts 12 to 19, inclusive, 6.30 a. m.
 Ward 12, Precincts 9 to 11, inclusive, 6.45 a. m.
 Ward 13, Precincts 1 to 5, inclusive, 6 a. m.
 Ward 13, Precincts 6 and 7, 6.15 a. m.
 Ward 13, Precincts 9 to 12, inclusive, 6.30 a. m.
 Ward 13, Precinct 8 and Precincts 13 to 16, inclusive, 6.45 a. m.
 Ward 14, Precincts 1 to 5, inclusive; and Precinct 21, 6 a. m.
 Ward 14, Precincts 6, 7 and 11, 6.15 a. m.
 Ward 14, Precincts 8 to 10, inclusive; and Precincts 12 to 20, inclusive, 6.30 a. m.
 Ward 15, Precincts 1 to 4, inclusive; and Precincts 13 and 14, 6 a. m.
 Ward 15, Precincts 5 to 8, inclusive, 6.15 a. m.
 Ward 15, Precincts 9 to 12, inclusive, 6.30 a. m.
 Ward 15, Precinct 15, 6.45 a. m.
 Ward 16, Precincts 1, 2, 5 and 15, 6.15 a. m.
 Ward 16, Precincts 6 to 14, inclusive; and Precincts 16 to 19, inclusive, 6.30 a. m.
 Ward 16, Precinct 20, 6.15 a. m.
 Ward 16, Precincts 3 and 4, 7 a. m.
 Ward 17, Precincts 1 to 6, inclusive, 6 a. m.
 Ward 17, Precincts 7 to 9, inclusive, 6.15 a. m.
 Ward 17, Precinct 10; Precincts 12 to 15, inclusive; and Precinct 19, 6.30 a. m.
 Ward 17, Precinct 11; Precincts 16 to 18, inclusive; and Precinct 20, 6.45 a. m.
 Ward 18, Precincts 7 to 11, inclusive; and Precinct 14, 6 a. m.
 Ward 18, Precincts 4 to 6, inclusive; Precincts 12, 15, 17; and Precincts 19 to 21, inclusive, 6.15 a. m.
 Ward 18, Precincts 1 to 3, inclusive, and Precincts 13, 16 and 18, 6.30 a. m.
 Ward 19, Precincts 1 to 4, inclusive, 6 a. m.
 Ward 19, Precincts 5 to 9, inclusive; and Precinct 17, 6.15 a. m.
 Ward 19, Precincts 10 to 12, inclusive; and Precinct 15, 6.30 a. m.
 Ward 19, Precincts 13 and 14; and Precinct 16, 7 a. m.
 Ward 20, Precincts 1 to 5, inclusive; and Precinct 22, 6 a. m.
 Ward 20, Precincts 6 to 10, inclusive; and Precinct 15, 6.15 a. m.
 Ward 20, Precincts 13 and 16; and Precincts 18 to 21, inclusive, 6.30 a. m.
 Ward 20, Precincts 11, 12, 14 and 17, 6.45 a. m.
 Ward 21, Precincts 1 to 5, inclusive, 6 a. m.
 Ward 21, Precincts 6 to 10, inclusive, 6.15 a. m.
 Ward 21, Precincts 12 to 18, inclusive, 6.30 a. m.
 Ward 21, Precinct 11, 7 a. m.
 Ward 22, Precincts 1 to 5, inclusive, 6.15 a. m.
 Ward 22, Precincts 6 to 9, inclusive; and Precinct 17, 6.30 a. m.
 Ward 22, Precincts 10 to 12, inclusive; and Precincts 15 and 16, 6.40 a. m.
 Ward 22, Precincts 13 and 14, 7 a. m.

9. The detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

10. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions, on which the Division Commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of November 5, 1946, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be re-

tained in his possession until delivery by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of November 5, 1946, with the ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

11. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

12. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

13. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

14. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

15. When the polls are opened, the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

16. At 8 p. m., Tuesday, November 5, 1946, when the polls close, one sergeant will report in each of the 22 wards (excepting Ward 1, East Boston; Ward 18, Hyde Park; and Ward 20, West Roxbury, for which wards two sergeants and two motor trucks, each, are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked), and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot box, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots and check lists, and individual envelopes containing keys to each voting machine, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

17. When the polls are closed, the patrolman will mark on the same tag

the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope, and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners.

The unused and spoiled ballots are then to be put into the box for unused ballots and the box sealed and certified, to be delivered to the office of the Board of Election Commissioners.

18. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

19. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

20. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official return, the box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

21. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else (the ballots to be in their separate boxes or envelopes) shall be placed by the warden in the leatheroid box sent for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners.

The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box with ballots cast, but are to be returned by the officer to the Board of Election Commissioners.

22. While the polls remain open an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

He shall remind the officer and the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box, but shall be safely delivered to the Election Commissioners with the leatheroid box.

23. Attention is called to the fact that the polls at the State Election on

Tuesday, November 5, 1946, shall open at 8 o'clock a. m. and close at 8 o'clock p. m.

24. Commanding officers of divisions will see that the officers detailed for duty on State Election Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on Election Days."

25. Voting machines will be used in the following precincts at the coming State Election:

Ward 1, Precincts 2, 3, 5, 6, 7, 9, 10, 11, 15, 16, 17, 18, 21 and 23.

Ward 2, Precincts 2, 5, 8, 10, 12, 14, 15, 16 and 17.

Ward 3, Precincts 1, 3, 5, 6, 10, 11, 12, 13, 14, 15, 16 and 18.

Ward 4, Precincts 1, 3, 4, 6, 8, 9, 11, 13, 14 and 15.

Ward 5, Precinct 4.

Officers assigned to these precincts will have custody of the voting machine keys during the polling hours. When the count has been completed, the officers will be given the keys by the warden or clerk to return to City Hall with the official returns and record book. There will be an individual envelope for the keys to each voting machine, so that if there are four machines in a precinct the officer will have four envelopes to return. Each envelope should be signed and sealed by the election officers before it is given to the police officer. Since this procedure is new, the officer should check the envelopes before taking them from the warden or clerk. If any absentee or challenged ballots are cast in the precincts where machines are used, the police officer will have ballots to return, but in any event he will return to City Hall Annex the box sent to the polling place for ballots cast.

IMPORTANT NOTES.

A. Officers shall strictly enforce the law pertaining to smoking. Smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

As polling places and their approaches and exits, are in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

B. During the hours from 6 o'clock p. m., to 8 o'clock, p. m., there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. Officers shall exert every effort to relieve this congestion.

Officers are reminded that it is the privilege of the voters to watch the count of the votes cast. It is understood that no disturbance or crowding is to be permitted and that the voters are to remain outside the rails.

C. Officers shall handle ballot boxes with great care.

D. At the close of the polls all persons waiting to vote, including any who might be in line at the entrance to the polling place, are to be placed in line by the warden and given cards bearing their names. The police officer is to stand at the end of this line to be certain that no additional persons are permitted to join it. All voters in the line are to be permitted to cast their ballots, whether by paper ballots or by machine.

E. A candidate running on "stickers" (or his representative) may stand at the entrance to the polling place to distribute "stickers."

F. Corrected books showing the locations of the polling places will be sent to each division. You will note that in many instances precincts have been combined in one building, but the number of precincts remains at 395, as it was at the State primaries. On account of the many changes in location since the State primaries, officers will check the location book carefully.

G. Commanding officers shall direct all officers detailed at the polling places in the various precincts to report promptly according to schedule.

H. Officers shall be informed that in many instances there are two precincts located in the same building, as follows:

Ward 1, Precincts 2 and 3, are in the Samuel Adams School, Webster street—Precinct 2 in one section of the Assembly Hall; Precinct 3 at the other end of the Assembly Hall.

Ward 1, Precincts 15 and 16, are in the John Cheverus School, Moore street, corner McClellan Highway—Precinct 15 in the girls' basement; Precinct 16 in the boys' basement.

Ward 2, Precincts 14 and 15 are in the Clarence R. Edwards School, Walker street—Precinct 14 in the gymnasium; Precinct 15 in the sewing room in the basement.

Ward 3, Precincts 13 and 14, are in Health Unit, North Margin street—two precincts in different ends of the same room.

Ward 3, Precincts 15 and 16, are in Mayhew School, 106 Chambers street, corner Poplar street—Precinct 15 in the boys' basement; Precinct 16 in the girls' basement.

Ward 4, Precincts 4 and 8, are in the Charles C. Perkins School, St. Botolph street—Precinct 4 in the kindergarten; Precinct 8 in the basement.

Ward 5, Precincts 14 and 15, are in Martin Milmore School—Precinct 14 uses the Kilmarnock street entrance; Precinct 15 uses the Peterborough street entrance.

Ward 10, Precincts 3 and 8, are in the Farragut School, Huntington avenue—two precincts in different parts of the basement.

Ward 10, Precincts 5 and 6 are in Parker Hill Branch Library—two precincts in different parts of the basement.

Ward 11, Precincts 13 and 16 are in the Jamaica Plain Post American Legion, 129 South street—both precincts in the hall on the first floor.

Ward 12, Precincts 3 and 5, are in Boston Clerical School, Warren street—Precinct 3 in custodian's room; Precinct 5 in gymnasium.

Ward 12, Precincts 10 and 11 are in the Roxbury Memorial High School—Precinct 10 uses the Warren street entrance; Precinct 11 the Townsend street entrance.

Ward 13, Precincts 9 and 14, are in the Knights of Columbus Building, Pearl and Pleasant streets—Precinct 14 in the reception room; Precinct 9 in room opposite reception room.

Ward 15, Precincts 8 and 9, are in the John Marshall School, Westville street—Precinct 8 in the kindergarten; Precinct 9 in basement.

Ward 16, Precincts 5 and 20 are in the Mary Hemenway School, Adams street, corner King street—in different parts of the school.

Ward 16, Precincts 18 and 19, are in Old Dorchester Post, A. L., 500 Gallivan Boulevard—Precinct 18 in hall on first floor; Precinct 19 in hall on second floor.

Ward 21, Precincts 14 and 15, are in Alexander Hamilton School, Chestnut Hill avenue—Precinct 14 in the Assembly Hall; Precinct 15 in the basement.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 790.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Tuesday, October 29, 1946, at 9 o'clock a. m.:

Patrolman Sidney N. Wolf, to Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

STATE FISCAL AIDS TO CITIES AND TOWNS FOR PUBLIC ELEMENTARY AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, *i. e.*, partly based on expenditures by the municipality.

TACKLING THE PARKING PROBLEM.

In Hartford, Connecticut, the Mayor has appointed a development commission to study problems relating to the city's future including traffic, parking, and industrial expansion. . . . A study of parking practices in Detroit indicates that the cost of parking is secondary to walking distance. Motorists paying a 10 to 15-cent parking fee walked an average distance of 820 feet according to the study, and those paying a 40-cent fee walked an average distance of 750 feet. . . . The Chicago City Council recently adopted a resolution requesting the State Legislature to permit Chicago to establish and operate municipal parking lots; and a plan for building an underground parking lot in Grant Park also is being considered.

ALMOST 3,000,000 IN NAVAL SERVICES.

By the end of 1943 it was estimated that the following totals of personnel were on active duty in the U. S. Navy, U. S. Marine Corps and the U. S. Coast Guard:

	U.S.Navy	U.S.M.C.	U.S.C.G.	Total
Officers	201,000	29,700	10,500	241,200
Enlisted	2,093,000	370,000	161,000	2,624,000
Total	2,294,000	399,700	171,500	2,865,200

PROCEEDINGS OF CITY COUNCIL.

Monday, October 21, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair, and all the members present. The meeting was opened with the salute to the Flag.

VETO OF \$10,000,000 LOAN FOR VETERANS' HOUSING.

The following was received:

City of Boston,
Office of the Mayor, October 16, 1946.
To the City Council.
Gentlemen,—I beg to return herewith without prejudice and without my signature the order making provision for the expenditure of \$10,000,000 for veterans' housing, for the following reasons:

The law appears to be perfectly clear in section 7 of chapter 372 of the Acts of 1946 which provides that a public hearing shall be held by the State Board of Housing to determine whether an emergency exists in the matter of permanent veterans' housing, and as no such hearing has been held up to the present time, there is serious doubt as to the validity of the action taken by the City Council until such action has been taken by the State Board of Housing.

I accordingly recommend the adoption of the accompanying order by the City Council requesting a hearing to be held in conformity with said section 7 of chapter 372 of the Acts of 1946 since the Corporation Counsel has ruled that joint approval of the Mayor and City Council is necessary for such application to the State Board of Housing.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the City of Boston in accordance with the provisions of section 7, chapter 372, Acts of 1946, hereby applies to the State Board of Housing to determine that an acute shortage of housing exists in the City of Boston; that veterans are unable to obtain shelter for themselves and their families; that the shortage is not being relieved by private enterprise, or likely to be within a reasonable period, and the City of Boston hereby requests said State Board of Housing to hold a public hearing on this application.

Coun. LINEHAN offered the following:
Under chapter 372 of the Acts of 1946 the Emergency Preamble of said act reads as follows: "Whereas an acute shortage of housing exists in many of the cities and towns of the Commonwealth and on account of such shortage many veterans of World War II are unable to obtain shelter for themselves and their families, and this shortage is likely to continue for a substantial period of time; and inability to obtain adequate shelter will cause suffering and disease among such veterans and their families unless such shortage is relieved, therefore this act is declared to be an emergency law, necessary for the immediate preservation of the public health and convenience."

Chapter 372 further provides in section 7 no action shall be taken by a city or town under section 6 unless, upon application by such city or town to the State Board of Housing, said Board determines that an acute shortage of housing exists in such city or town; that veterans are unable to obtain shelter for themselves and their families regardless of their ability to pay for the same; that this shortage is not being relieved by the ordinary operations of private enterprise and that it is unlikely that it will be relieved within a reasonable period of time; and that for such reasons a condition of public exigency, emergency and distress exists in such city or town which can be relieved only by action of such city or town under section 6 of chapter 372, Acts of 1946.

Whereas, The Mayor and City Council of the City of Boston are to make such application to the State Board of Housing today and that before the expiration of this week a public hearing shall be advertised and held this week by said State Board of Housing, and the Chairman of said Board has already expressed his opinion that said State Board of Housing shall declare that an acute shortage of housing exists in the City of Boston, therefore, in order that there be no delay, it is

Ordered, That his Honor the Mayor request a legal opinion to be rendered to the Boston City Council at next Monday's meeting, October 28, 1946, in regard to whether or not the below-mentioned order fulfills all of the legal technicalities under chapter 372 of the Acts of 1946 and also whether or not it is legal under the City of Boston Charter for the City Council to initiate said order next Monday, October 28, 1946, if the State Board of Housing makes said declaration of emergency on housing for veterans of World War II and their families. This legal opinion is desired in order that there will be no further delay because of lack of legal technicalities.

Proposed order to be sent to Corporation Counsel for legal opinion to be rendered to Boston City Council October 28, 1946.

Ordered, That the sum of \$10,000,000 be and hereby is appropriated under the provisions of chapter 372 of the Acts of 1946, to be expended under the direction of the Boston Housing Authority, for one- and two-family housing developments, and to take action on any or all sections of said chapter 372 of the Acts of 1946 which provide

shelter for veterans of World War II and their families, and that to meet said expenses the City Treasurer be authorized to issue from time to time, upon the request of the Mayor, bonds or certificates of the City of Boston to said amount.

Coun. LINEHAN—Mr. Chairman, I move that this order I now present be acted on concurrently with the loan vetoed by his Honor the Mayor plus the order he submitted. I ask suspension of the rules until such a thing can be done. I ask all the members of the Council to pay strict attention to everything that is in this order. I do not intend to make any speech whatsoever on it. If they have any questions in mind, I think they can get the answers in this order. I hope no councilor objects to suspension of the rules.

The rules were suspended, and the clerk read the order of Councilor Linehan. The message of the Mayor and order submitted by him and the order presented by Councilor Linehan were referred to the Executive Committee.

Coun. LINEHAN—Mr. Chairman, will the Council act on these orders at this time, right away?

President KELLY—Both the Mayor's order and your order?

Coun. LINEHAN—That is right.

President KELLY—Do you make that in the form of a motion?

Coun. LINEHAN—I move they be acted upon now concurrently, with suspension of the rules, if no councilor objects to the same.

There being no objection, the motion of Councilor Linehan was carried. The rules were suspended and the orders were severally passed.

FENCING OFF CHELSEA STREET.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of September 23, 1946, to fence off Chelsea street, both sides, from Porter street to Day square, and also Saratoga street, from Kelly square to Shelby street, as a protection to pedestrians using the sidewalks.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 7, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works fence off Chelsea street, both sides, from Porter street to Day square, and also Saratoga street, from Kelly square to Shelby street, as a protection to pedestrians using the sidewalks.

The above-mentioned work will first have to be authorized by the Board of Street Commissioners as specific repairs before any action can be taken by the Public Works Department.

However, I regret to advise you that there are no funds available at the present time for this type of work.

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

LIGHTING CONDITIONS ON GREEN STREET.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of September 23, 1946, to immediately improve lighting conditions on Green street, from Washington street to Centre street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 16, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works immediately improve lighting conditions on Green street, from Washington to Centre streets, and this will advise you that a survey of this location will be made by the Lighting Service of the Public Works Department with a view to improving the conditions, provided same is necessary and conditions permit.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

WIDENING OF SPRAGUE STREET.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in

reply to your order of August 19, 1946, to confer immediately relative to the possibility of widening Sprague street, from the New York, New Haven and Hartford Railroad Bridge to the Dedham Line.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 7, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works and the Board of Street Commissioners confer immediately relative to the possibility of widening Sprague street, from the New York, New Haven and Hartford Railroad Bridge to the Dedham Line.

This matter has been taken up with the Chief Engineer of the Street Laying-Out Department and no action has been taken by them insofar as furnishing this department with plans, etc.

Nothing can be done by the Public Works Department until such time as we are ordered by the Board of Street Commissioners.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

CONSTRUCTION OF CATCH-BASINS, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of September 30, 1946, to construct two catch-basins in the vicinity of Pond street and Columbia road, Ward 7, to take care of flood conditions which exist there after every rainstorm.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 10, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to Council order of September 30, 1946, requesting the construction of two catch-basins in Pond street, between Columbia road and East Cottage street, Ward 7, a contract has been advertised to do this work and we expect that the work will be completed before the start of the winter season.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

NEW SIDEWALK AT NO. 290-310 CUMMINS HIGHWAY.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of October 7, 1946, to construct a new sidewalk at that portion of Cummins Highway opposite No. 290-310, to replace the present gravel sidewalk at this location.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 15, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works construct a new sidewalk at that portion of Cummins Highway opposite No. 290-310, to replace the present gravel sidewalk at this location, and this will advise you that, at the present time, there are no funds available for this type of work.

However, the construction of this sidewalk will be placed on the list to be given consideration during the 1947 construction season.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

INSTALLATION OF WARD 3 TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner, in reply to your order of September 30, 1946, to install all traffic light signals in Ward 3 which to date have been recommended for approval by the City Council.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 11, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated September 30, 1946, which reads as follows:

Ordered, That the Traffic Commissioner be instructed, through his Honor the Mayor, to install all traffic light signals in Ward 3 which to date have been recommended for approval by the City Council.

It is the intention of this Commission, when materials are available, to erect traffic signals at Broadway and Harrison avenue, and Thacher street and Washington Street North.

To date it is impossible to buy copper cable and from the latest information received we doubt that any cable will be available until next year.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

INSTALLATION OF WARD 18 TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, October 18, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner, in reply to your order of October 7, 1946, to arrange for the installation of traffic signal lights at the junction of Cummins Highway and Hyde Park avenue, Ward 18.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 15, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated October 7, 1946, which reads as follows:

Ordered, That the Traffic Commissioner be directed, through his Honor the Mayor, to arrange for the installation of traffic signal lights at the junction of Cummins Highway and Hyde Park avenue, Ward 18.

The intersection of Hyde Park avenue and Cummins Highway is one which will be signalized as soon as cable can be purchased.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston
Office of the Mayor, October 21, 1946.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$22,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1946 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$211,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$22,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 15, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$22,000, which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of \$22,000

When making up the budget estimates for the year 1946, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from the A. I. Permanent Employees, item with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1946, to be transferred as it accrued

from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$22,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of \$22,000

Referred to the Committee on Parkman Fund.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Esther Fotos, for compensation for damage to property at 63 West Newton street, caused by fire truck.

Martin J. Giovenella, to be reimbursed as result of accident which occurred while in performance of duty.

Michael A. Horgan, for compensation for loss of coat while patient at City Hospital.

Peter S. Kilduff, to be reimbursed as result of accident which occurred while in performance of duty.

Salvatore Miglietta, for compensation for damage to car caused by an alleged defect in Sumner Tunnel.

Mrs. E. I. Rubinowitz, for compensation for damage to coat caused by an alleged defect in City Hall Annex.

Samuel H. Sagoff, for compensation for injuries caused by an alleged defect in Essex street.

Eugene H. Wahlstedt, for compensation for damage to car by fire engine.

COMMITTEE ON LICENSES.

Petitions for driveway openings: Blue Line Express, at 15 Rawson street, Ward 7; Dorothy U. Cronin, at 92 Spring street, Ward 20; supplementary petition of New England Transportation Company to operate motor vehicles from Dedham Line to Park square.

LOAN FOR OFF-STREET PARKING IN EFFECT.

The following was received:

City of Boston,
Office of the City Clerk,
October 21, 1946.

To the City Council.

Gentlemen,—You are hereby notified that the loan order recommended by the Mayor, filed with the City Clerk August 19, 1946, for appropriation of \$5,000,000 for off-street parking facilities, not being rejected or withdrawn within sixty days after the date of filing, became effective, as if passed, on October 18, 1946.

Respectfully,

J. B. HINES, City Clerk.

Placed on file.

LEASING OF ELIZABETH PEABODY SCHOOL.

Notice was received from the School Committee of passage of following order on October 15:

Whereas, The Elizabeth Peabody School, Poplar street, Boston, is not in actual use for school purposes, it is hereby

Ordered, That the City Council is hereby requested to authorize the School Committee, in the name of the city, to lease to the William L. Harris Post No. 196, American Legion, the Elizabeth Peabody School, Poplar street, Boston, such occupancy to be discontinued at the will of the School Committee.

Placed on file.

NOTICE OF HEARING BEFORE DEPARTMENT OF PUBLIC UTILITIES.

Notice was received from the Department of Public Utilities of hearing to be held October 30 at 10.30 a. m., on petition of Eastern Massachusetts Street Railway Company for certificate of public convenience and necessity for operation of motor vehicles over certain public ways in Boston.

Placed on file.

CALL FOR STATE ELECTION.

President KELLY offered the following orders: Ordered, That meetings of the citizens of the City of Boston, qualified to vote for state officers, be held at the several polling places designated for the purpose by the Board of Election Commissioners, on Tuesday, the fifth day of November, 1946, for the election of Governor, Lieutenant

Governor, Secretary, Treasurer, Auditor, Attorney General, Senator in Congress, Representative in Congress, Counselor, Senator, Representatives in General Court, District Attorney, Clerk of Supreme Judicial Court, Clerk of Superior Court for Civil Business, Clerk of Superior Court for Criminal Business, Register of Deeds; also to give in their votes "Yes" or "No" on the following questions:

QUESTION No. 1.

Law Proposed by Initiative Petition.

Shall this measure, which by amendments of the General Laws (Ter. Ed.), provide for payment by the Commonwealth of adequate pensions to deservicing citizens sixty-five years of age or over in need of relief or support, who shall have resided in the Commonwealth not less than five years immediately preceding the date of application for such pension, and who shall have resided in the Commonwealth continuously for one year immediately preceding said date of application, which is further described as follows:—

The measure, by amendments of General Laws (Ter. Ed.), c. 6, provides for an old age pension commission of three persons, one to be a qualified physician, another to be an attorney at law and a third to be a non-professional person, who are to be appointed and may be removed for cause by the Governor with the advice and consent of the Council, and are to serve under the Governor and Council. Not more than two members of said Commission shall be members of the same political party. Original appointments of members shall be for one, two and three years respectively, and thereafter appointments are to be for three years. Such members are to devote their whole time to the work of the Commission during business hours and to be engaged in no other business, occupation or profession. One of their number is to be designated as chairman by the Governor and shall receive a salary of \$6,000, and each other member \$5,500 per year, with their necessary expenses. The Commission is empowered to make and enforce rules and regulations as it may deem necessary in the performance of its duties and as may be approved by the Governor and Council.

The measure strikes out chapter 118A of the General Laws (Ter. Ed.), and inserts in its place a new chapter entitled "Adequate pensions for certain aged citizens."

It is provided that pensions hereunder shall be paid from the date of application thereof, but in no event before the applicant reaches the age of sixty-five. The Commission shall render a decision in not less than thirty days from the date of application for a pension or a request for an increase of the amount thereof. Such pension shall, wherever practicable, be paid to the aged person in his own home or in lodgings or in a boarding home, which for the purposes hereof shall include any institution providing shelter, care and treatment for aged persons which is not supported in whole or in part by public funds; provided, that no inmate of such a boarding home or institution shall be eligible for a pension under this chapter while being cared for under a contract. Such pension shall be paid by check or in cash which shall be delivered to the pensioner at his residence, if he so requests, and shall be paid semi-monthly unless the pensioner prefers less frequent payment. Such pension shall be on the basis of need and the amount thereof shall be determined in accordance with budgetary standards established by the Commission. Budgetary standards shall be such as to enable an individual pensioner to maintain a standard of living compatible with decency and health. Such pensions, except as hereinafter provided, shall be at the rate of not less than \$18.00 monthly. The pensioner's budget at such times as may be required shall include medical care, if recommended by a recognized physician, eyeglasses, if recommended by a recognized optician, dental care and false teeth, if recommended by a recognized dentist.

In computing the pensioner's payment under this chapter, the Commission shall deduct from the pensioner's budget or the minimum payment, whichever is greater, the amount of income the person paid or to be paid a pension hereunder may be receiving from any source, and may deduct therefrom such reasonable amount as may be deemed to represent the financial value of board, lodging or other assistance, which is being furnished to such persons from any source.

Upon the death of a person drawing a pension, whose funeral cost does not exceed the sum of two hundred and fifty dollars and in whose estate there are insufficient assets to cover the full cost of the funeral, the Commission shall pay to the funeral director the difference between the assets and the cost of the funeral, a sum not exceeding one hundred and twenty-five dollars.

Expenses for medical, hospital and other services rendered to a pensioner, which remain unpaid at the time of his death or commitment to an institution as an insane person, shall be paid directly to the person rendering such services.

No pension under this chapter shall be discontinued nor shall the amount thereof be decreased until the expiration of fifteen days after notice has been given by the Commission to the pensioner.

Provision is made by which a person receiving a pension may be absent from the Commonwealth on a visit without having such pension suspended. It is provided that General Laws (Ter. Ed.), c. 273, § 20, which relates to the support of parents by children, shall not apply when parents are eligible to receive a pension.

Provision is made that there shall be set up in the Commission a subdivision of appeals under the jurisdiction of a supervisor of appeals. Any person aggrieved by the failure of the Commission to pay an adequate pension under this chapter, or by the failure of the Commission to approve or reject an application for a pension or a request for an increase in the amount thereof, within thirty days after receiving such application or request, shall have a right to a fair hearing, after due notice, upon appeal to the subdivision of appeals in the form and manner prescribed by the Commission; provided that such appeals are received by the subdivision of appeals within sixty days after official notice of the action taken by the Old Age Pension Commission has been received by the applicant or pensioner. The decision of the subdivision of appeals shall be final and binding upon the Commission.

The Commission or any interested person aggrieved by any decision in any proceeding before the subdivision of appeals may obtain judicial review of such decision by filing within twenty days of the date of mailing of such decision, a petition for review thereof in the district court within the judicial district wherein the pensioner or the applicant for a pension lives.

In any proceeding for review the findings of the subdivision of appeals as to facts shall be conclusive, such proceedings shall be heard in a summary manner and given precedence over all other civil cases. From the decision of a district court upon review an appeal may be taken to the Supreme Judicial Court.

The possession by an applicant for pension under this chapter of assets consisting of cash, active securities or inactive securities, or any combination of such assets, shall not disqualify him from receiving such pension; provided, that the total of such assets, figuring the present cash value of such inactive securities at the sum determined by the Old Age Pension Commission, does not exceed the sum of \$300.

A person is not to be disqualified from receiving a pension because of the ownership of an equity in vacant land from which there is insufficient income to provide for his budgetary needs or minimum payments or the ownership of an equity in real estate by an applicant who resides thereon or who in the opinion of the Commission is residing elsewhere because of physical or mental incapacity, provided that if such equity on the basis of assessed valuation exceeds an average of \$3,000 during the five years immediately preceding application for the pension the applicant shall execute a bond in the penal sum for the amount of the equity in excess of \$3,000 conditioned on repayment to the Commonwealth of all amounts paid as such pension without interest, such bond to be secured by a mortgage on the applicant's real estate. Provision is made for the recording of such bond and mortgage without a fee and the apportionment of the proceeds realized from any of them between the Federal government and the Commonwealth.

A person is not to be disqualified from receiving a pension by reason of the ownership of a policy of group insurance or of a policy of insurance in an amount not exceeding \$1,000 or of a policy of insurance in an amount not exceeding \$3,000, having a cash surrender value not in excess of \$1,000, if such policy has been in effect not less than fifteen years.

No pension shall be granted to an applicant who at any time within five years immediately prior to the filing of an application for such pension has made an assignment or transfer of property so as to render himself eligible to such pension. No pension shall be subject to trustee process or assignment, and no applicant for a pension, who knowingly makes any false statement or perpetrates any fraud or deception in relation to his application, shall be granted any pension nor be eligible for one during one year thereafter. A person, his executor or administrator shall be liable in contract to the Commonwealth for expenses incurred by it for a pension paid to such person under this chapter if such person or his estate is in possession of funds not otherwise exempted thereunder.

If an application for a pension under this chapter is effected by the eligibility of the applicant to receive aid under General Laws (Ter. Ed.), c. 115, which relates to State and Military Aid and Soldiers' Relief, the applicant shall be entitled to exercise such options and execute such waivers as may be necessary to receive the pension which he seeks.

All cities and towns in the Commonwealth shall furnish suitable headquarters for the carrying out of the duties of the commission in such cities and towns.

The measure further provides that there shall be established and set up on the books of the Commonwealth a separate fund, to be known as the Old Age Pension Fund, consisting of receipts credited to said fund under General Laws (Ter. Ed.), c. 64B, G. L. (Ter. Ed.), c. 128A, § 15, as amended, G. L. (Ter. Ed.), c. 138, § 27, as amended, and all proceeds of taxes assessed under Acts of 1941, c. 729, §§ 9 and 9A.

The Old Age Assistance Fund as in force immediately prior to the effective date of this act is hereby continued in existence, but shall hereafter be entitled "The Old Age Pension Fund."

It is provided that all civil service employees in the Department of Public Welfare of the Commonwealth, including the supervisor, referees and employees of the subdivision of appeals in said department or of any city or town, employed in

the administration of the Old Age Assistance Law on the effective date of this proposed measure, shall be transferred to the service of the Old Age Pension Commission, retaining their present civil service seniority retirement rights and any step increases from the minimum pay of their grade earned during their service with said department or said bureaus.

It is provided that all records and property used in the administration of the Old Age Assistance Law and which are the property of the Commonwealth are to be transferred to the Old Age Pension Commission.

This act shall take effect on March first, nineteen hundred and forty-seven.

WHICH PROPOSED LAW WAS APPROVED IN THE HOUSE OF REPRESENTATIVES BY A VOTE OF 125 IN THE AFFIRMATIVE AND 79 IN THE NEGATIVE, AND ON WHICH THE SENATE DID NOT VOTE, —be approved?

QUESTION No. 25.

Law Proposed by Initiative Petition.

Shall this measure which provides that no labor union may be operated or maintained unless there is filed with the Commissioner of Labor and Industries a statement signed by the President and Treasurer setting forth the union's officers, aims, scale of dues, fees, fines, assessments and the salaries of the officers.

The President and Treasurer of a labor union is required to file annually with the Commissioner of Labor and Industries a detailed statement in writing setting forth all receipts and expenditures of the union which shall be open to the public, and the said Commissioner is given the power to summons witnesses and records; and there is a penalty of not less than \$50.00 nor more than \$500.00 for whoever fails to file a statement or whoever knowingly makes a false statement—WHICH WAS DISAPPROVED IN THE HOUSE OF REPRESENTATIVES BY A VOTE OF 50 IN THE AFFIRMATIVE AND 154 IN THE NEGATIVE AND IN THE SENATE BY A VOTE OF 6 IN THE AFFIRMATIVE AND 24 IN THE NEGATIVE, —be approved?

Sale of Alcoholic Beverages.

To obtain a full expression of opinion, voters should vote on all three of the following questions:—

(a) If a voter desires to permit the sale in this city (or town) of any and all alcoholic beverages to be drunk on and off the premises where sold, he will vote "YES" on all three questions.

(b) If he desires to permit the sale herein of wines and malt beverages only to be drunk on and off the premises where sold, he will vote "NO" on question one, "YES" on question two and "NO" on question three.

(c) If he desires to permit the sale herein of all alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "NO" on questions one and two and "YES" on question three.

(d) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold, and in addition other alcoholic beverages, but only in packages, so called, not to be drunk on the premises where sold, he will vote "NO" on question one and "YES" on questions two and three.

(e) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises where sold, he will vote "NO" on all three questions.

1. Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

2. Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

3. Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

Pari-Mutual Betting.

1. Shall the pari-mutual system of betting on licensed horse races be permitted in this county?

2. Shall the pari-mutual system of betting on licensed dog races be permitted in this county?

Jury Service by Women.

"Shall the General Court enact legislation requiring jury service by women, with such reservations as it may prescribe?"

Forty-Eight Hour Week for Firemen.

"Shall section fifty-eight B of chapter forty-eight of the General Laws, providing for a forty-eight hour week for permanent members of fire departments, be accepted?"

QUESTION OF PUBLIC POLICY UNDER GENERAL LAWS

In the following Senatorial Districts:—

Middlesex and Suffolk; Norfolk and Suffolk; 3rd Suffolk.

"Shall the Senator in the General Court from this District be instructed to vote to request the President and the Congress of the United States to direct our Delegates to the United Nations to propose or support Amendments to its Charter which will strengthen the United Nations and make it a World Federal Government able to prevent War?"

THE POLLS AT SAID MEETINGS SHALL BE OPENED AT 8 O'CLOCK A. M. AND CLOSED AT 8 O'CLOCK P. M.

Ordered, That the City Clerk be hereby directed to give notice of said meetings according to law.

Ordered, That the provisions of sections 55, 56 and 57 of chapter 51 of the General Laws be, and hereby are, suspended and made inapplicable as to each of the several questions to be voted upon at the State Election to be held on November 5, 1946.

The orders were passed under suspension of the rule.

FORTY-EIGHT HOUR WORK WEEK FOR BOSTON FIREMEN.

Coun. HANNON offered the following:

Resolved, That the members of the Boston City Council, in meeting assembled, go on record as favoring the adoption of a forty-eight hour work week for Boston firemen.

Passed under suspension of the rule.

CONGRATULATIONS OF CITY TO RIGHT REVEREND MICHAEL J. AHEARN.

Coun. HANNON offered the following:

Resolved, That the members of the Boston City Council, in meeting assembled, extend the official congratulations of the City of Boston to the Right Reverend Michael J. Ahearn, S. J., who has contributed so much to better understanding among all races and creeds within the hearing of his radio voice, upon the occasion of the fiftieth anniversary of his ordination in the Society of Jesus.

Passed under suspension of the rule.

WIDENING OF HUNTINGTON AVENUE.

Coun. CHASE offered the following:

Whereas, It has been disclosed by his Honor the Mayor and the Board of Street Commissioners that they propose to widen one side of Huntington avenue, from Gainsborough street to the near vicinity of Norway street, and

Whereas, The proposed plans disclose that the section of Huntington avenue facing Symphony Hall will be left with only a three-foot wide sidewalk, and

Whereas, There are many thousands of pedestrians that use the sidewalk on Huntington avenue, and, if this reduction in the width of the sidewalk is made, the walking public will be forced to use part of the street and the steps in front of Symphony Hall, and

Whereas, Many thousands of pedestrians will be placed at a great inconvenience and their personal safety jeopardized if this unreasonable, unnecessary and costly street widening is made, therefore be it

Resolved, That the Board of Street Commissioners be requested, through his Honor the Mayor, to cancel all plans on the proposed Huntington avenue street widening.

Coun. CHASE—Mr. President, it was recently called to my attention that his Honor the Mayor and the Board of Street Commissioners proposed to make a street widening on Huntington avenue in the vicinity of Massachusetts avenue. They propose to take approximately ten feet of the Christian Science Church park property, part of the Uptown Theatre property and part of the Horticultural Hall property. Then, across the street, across Massachusetts avenue, on the other side of the intersection of Huntington avenue, they propose to cut the sidewalk down to three feet in front of Symphony Hall. Then, sir, a little farther up they propose to make one of the killings of the year, namely, they propose that the taxpayer shall stand the cost of spending between \$40,000 and \$50,000 to benefit Mr. Colon of the Midtown Realty Trust who owns the property from Gainsborough street to Symphony Hall. I accuse his Honor the Mayor and the Board of Street Commissioners of making one of the boldest steals in the history of the city. They propose, sir, to deprive the citizens of my district and the citizens throughout the city—to compel them at one of the busy intersections of Boston to use a three-foot sidewalk. They propose to make thousands of pedestrians, who are compelled to use that particular intersection, walk on a three-foot sidewalk. There are thousands of people who use that sidewalk in front of Symphony Hall on Huntington avenue. Many of them walk by that section three and four or six and seven abreast. If the plans of his Honor the Mayor and the Street Commissioners are carried through, the citizens of Boston using that particular area will be compelled to go into the street, compelled to go up on the steps, in order to go ahead onto the other section of the sidewalk. Their very safety will be jeopardized by having such a narrow sidewalk in such a busy community. It is regrettable that something cannot be done to prevent his Honor the Mayor and the Street Commissioners from making this boldest of bold moves. There is only one party to benefit by this. It will not be the taxpayers. It will not be to the benefit of the people of my district or the people in your district who will be compelled to use this three-foot sidewalk. It will be to the benefit of one man. Mr. President, there may be

more than one man in the deal. Mr. Cohen of the Midtown Realty Company who owns that property from Gainsborough street to Symphony Hall will sell to the city or have that section of his property taken over by the city through eminent domain, and will be paid for 4,000-odd square feet at least \$7 a square foot. It will range anywhere from \$35,000 to \$50,000 to take Mr. Cohen's property. I say, sir, that is the only reason why this taking is about to be made, simply because a certain realtor and others will profit by it. The city in a prior administration went to considerable expense to improve Huntington avenue. Millions of dollars were spent to put in a subway and to put in that underpass and to beautify Huntington avenue, to put it in a state which architects say is perfect harmony on both sides of the street. Under the Mayor's ridiculous proposition he intends to widen one side of the street and allow the other side of Huntington avenue to remain the same. That, sir, will throw the street out of proportion. The most ridiculous part of it is that there is more traffic coming in to Boston on Huntington avenue than there is traffic going out of Boston into the suburbs. This proposed street widening is supposed to facilitate the flow of traffic which leaves Boston and not that which comes into Boston. There is no rhyme or reason why this taking should be made. A very simple solution could be made if any traffic condition does exist there by roofing over the underpass or by restricting the particular area affected with no parking. His Honor the Mayor has not considered those points. He is primarily interested in having Mr. Cohen's land taken by the city. He is primarily interested in paying \$30,000 to \$50,000 for Mr. Cohen's land. He is not interested in disfiguring Symphony Hall. He does not care what great inconvenience he will be placing upon the public in compelling them to walk on a three-foot passageway, with thousands of people compelled to use a three-foot sidewalk. He does not consider the well-being of those pedestrians. He says it will facilitate traffic to widen that particular area. Well, sir, the traffic that goes into that particular area is negligible. It is not necessary to put the city to such expense to widen that. His Honor the Mayor will snap his fingers. He can put in "No Parking" signs in that particular area. The condition can be remedied, but he proposes to spend the taxpayers' money. Mr. Cohen's property has to be taken. We have to consider Mr. Cohen. We have to pay Mr. Cohen between \$7 and \$8 a square foot. Mind you, sir, there will be over 4,000 square feet of Mr. Cohen's property taken. Oh, yes, Mr. President, here is another example of scandalous land-taking, the public's money being used for a supposed public necessity. In this case there is no necessity whatever in existence. I say to you, sir, during Mayor Tobin's administration, under the able guidance of Tom Sullivan who constructed the Huntington Avenue subway, he would have recognized this condition if it was worth while to recognize it. These gentlemen during that administration would have taken into consideration the possible smallness of these outlets which Mr. Curley proposes to widen. But no, sir, after very careful thought and consideration, they propose to go ahead on the plans which they have pursued and to carry them out. It is under Mayor Curley's administration that the land which Mr. Cohen owns will be deemed a necessity to be acquired by the city for some \$40,000-odd. Mr. Curley has not changed his spots at all. I repeat, the only reason why this land-taking is being made is to benefit Mr. Cohen. It is another one of those bold moves that his Honor the Mayor does not hesitate to make when somebody stands to benefit. It is a move which only Mr. Cohen and a few others benefit by. It is a move by which the public at large will be greatly inconvenienced. It is a move which will tear one of the buildings which is known throughout the world for its architectural perfection. Well, Mr. Curley apparently is not interested in the beauty of the City of Boston. He is not interested in causing great inconvenience to the public at large. He is interested if men like Mr. Cohen will benefit by having their property acquired by eminent domain. Sir, I do not know what can be done about this, but I wish that the Council would go along with me in behalf of public safety, and tell his Honor the Mayor that we are against the idea of placing a three-foot sidewalk on Huntington avenue which thousands of pedestrians and voters of the City of Boston from every one of the twenty-two wards in the city will be compelled to use at their inconvenience. No one is for this. No one has advocated this. It is only a few select, quick-thinking, selfish, individual operators. I hope the Council will go along with me on this resolution.

The resolution was referred to the Committee on Public Works and Street Commissioners.

Coun. McCORMACK in the chair.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment (referred October 14) of George M. Fitzgerald, 200 Weld street, Roslindale, as constable to serve without bond and without authority to serve civil process for term ending April 30, 1947—recommending that appointment be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councilors Coffey and Bryan. Whole number of ballots cast 14, years 14, and the appointment was confirmed.

CONDEMNATION OF ACTION OF YUGO-SLAV GOVERNMENT.

Coun. KEENAN offered the following:

Resolved, That the City Council of Boston, in meeting assembled hereby condemns the ungodly action of the Yugoslav government in sentencing to a long jail term Archbishop Stepinac of Yugoslavia, a true servant of God and a true spiritual leader of a great people, who are now under subjugation by a foreign power which not only denies the existence of an omnipotent person, but seeks to punish all those who so believe in the Eternal God.

Passed under suspension of the rule.

PROPOSED INCREASE IN GAS RATES.

Coun. SULLIVAN offered the following:

Resolved, That the City Council of Boston, in meeting assembled, wholeheartedly and decisively opposes any increase in the rates for gas for heating purposes, and calls upon the Department of Public Utilities of the Commonwealth to reject the petition of the Boston Consolidated Gas Company, thereby preventing an arbitrary and unfair increase in the cost of living to many thousands of our residents.

Passed under suspension of the rule.

President KELLY in the chair.

MEMBERSHIP OF PUBLIC WORKS AND STREET COMMISSIONERS COMMITTEE.

President KELLY—The Chair will announce at this time that the councilors to serve on the Committee of Public Works and Street Commissioners are Councilors Sullivan, Bryan, Cantwell, Kinsella and Moriarty.

Coun. KINSELLA—Mr. President, a point of information. On the creation of that committee, what is its function? I was not aware of pending legislation.

President KELLY—I understand it is to consider all matters referred to either one of the two departments, the Public Works Department and the Street Commission.

Coun. KEENAN—Mr. President, a point of information. May I have some more information on the committee? I do not quite understand their power.

President KELLY—Councilor Sullivan introduced an order here some weeks ago which was referred to the Committee on Rules. The Committee on Rules reported that the order should pass. Last week the Council all voted on it. The President appointed five members today.

Coun. KEENAN—I still do not get the information I want.

President KELLY—Were you present at last week's meeting?

Coun. KEENAN—I certainly was.

President KELLY—The order was read off, and the Council passed it unanimously.

Coun. KEENAN—You just gave information to Councilor Kinsella. I would like to get the same information.

President KELLY—Councilor Lane, will you state the ingredients of the order before your committee?

Coun. LANE—Mr. President, as Chairman of the Committee on Rules I understand from the maker of the order, Councilor Sullivan, that a great number of orders introduced here are referred to either of those outstanding departments of the city government. Councilor Sullivan feels that, if such a committee was established, we could get better strength within the departments in securing various things which it is necessary to do in the various departments in the city's districts. Councilor Sullivan's order was well received by the various members of the Rules Committee. We believe the establishment of such a committee will serve all members of the Council in their respective districts.

Coun. KEENAN—Thank you very much, councilor.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition (referred September 9) of United Farmers' Co-operative Creamery Association, Inc., for driveway opening at Roland street, Charlestown—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

TRAFFIC SIGNALS AND SIGNS FOR WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install

"Slow" signs at 1585 Centre street, Ward 20, for the protection of the children of the neighborhood.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the following intersections in Ward 20:

Manthorne road and Centre street; La Grange street and Centre street.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install "Stop" signs at the following locations in Ward 20:

Weld street, at West Roxbury Parkway; South street, at Centre street; Beech street, at Newburg street; Beech street, at Aldrich street; Beech street, at Colberg avenue; Beech street, at Roslindale avenue; Beech street, at Orange street; Beech street, at Washington street; Gardner street, at Spring street; Baker street, at Spring street; Baker street, at Centre street.

Coun. BRYAN—Mr. President, many of these orders I have introduced early in the season have had very unfavorable replies from the Traffic Commission. I would like at this time to have those orders referred to the Executive Session and have the Traffic Commissioner appear here in person so that I might obtain some information in regard to what he is going to do in my district.

The orders were referred to the Executive Committee, and the Traffic Commissioner invited to attend the Executive Committee Session.

BIDS FOR WARD 3 IMPROVEMENTS.

Coun. RUSSO offered the following:

Ordered, That the Trustees of the George Robert White Fund be instructed, through his Honor the Mayor, to immediately give out for bids the construction of a new solarium and bathhouse and swimming pool at the Charles River Esplanade in Ward 3, and also the proposed swimming pool for the North End Park.

Coun. RUSSO—Mr. President, the people of my district have realized that for the past six years during the time of the war, we could not have materials in order to build this project which is vitally needed in the district. I believe they have been more than fair and square in patiently waiting for the erection of the new bathhouse, solarium and swimming pool combined. About seven or eight months ago his Honor the Mayor made a public statement that this project would be started before the end of the year. I feel, Mr. President, that it is high time that the Trustees of the George Robert White Fund give out this project for bids in order that the project may be built and be ready at least for the coming summer of 1947. I do hope that his Honor the Mayor will do everything within his power to instruct the trustees to give this project out for bid. I believe that we can now get the materials which are needed in order to carry on this work. He must realize, as I realize, and we all realize, that the people in my district have not the facilities that most other sections of our city enjoy. They are looking forward to having this project started as soon as possible, so at least it will be ready for the year 1947. I hope that this will have immediate action to satisfy the people who need these facilities in the quickest possible time. I feel that the time is ripe right now. I hope the order will pass under suspension of the rule.

The order was passed under suspension of the rule.

LIFE-SAVING EQUIPMENT FOR POLICE CRUISER CARS.

Coun. SCANNELL offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to make available emergency life-saving equipment in police cruiser cars throughout the city, such as axes, deflated life rafts, ropes, etc.

Coun. SCANNELL—Mr. President, in presenting this order I realize that we have a number of police cruising cars guarding our city throughout the night. I was speaking to a police officer recently. There had been a fire in South Boston a year or so ago where a child had lost its life. This police officer said if he had had an axe available at the time, the child would have been saved. It has happened not only in this instance, but in various instances, where police officers in cruising cars run into emergency cases of this type, such as drownings, or cases where somebody is in a precarious position. Now I think if the Police Commissioner would equip these cars and make sure there is equipment available such as deflated life rafts, it will not take up much room. I know that the police officers of this city will be happy if they have such equipment because it will save lives. Many times a policeman will get to a fire or the scene of an emergency a lot faster than the Fire Department. If the police officers had something to work with, we could save a number of lives in this city. I ask suspension of the rule and passage of the order.

The order was passed under suspension of the rule.

NURSING STAFF AT CITY HOSPITAL.

Coun. SCANNELL offered the following:

Ordered, That his Honor the Mayor be requested to arrange for a conference with the Trustees of the City Hospital and the City Council

Committee on Hospitals for the purpose of devising ways and means of increasing the nursing staff at the hospital and also with reference to increasing the salaries of the hospital employees.

Coun. SCANNELL—Mr. President, I put in an order last week. I am going to further press my remarks in regard to the nursing forces at the City Hospital. I want to speak for an increase for the nurses and employees in that institution because it has come to light in the past week as to some of the conditions that exist in that hospital. I said last week and I maintain today that due to neglect of some of the patients of that hospital, due to the shortage of nurses, there are people dying. Recently there was a reporter from one of the Boston papers who visited the Boston City Hospital to find out conditions in the hospital. The reporter first went to the superintendent of the hospital. He sent this reporter, a woman, to one of the hospitals, one of the wards in the hospital where they had probably three nurses for twenty-five patients. They did not send the reporter to the Medical Building or the Pavilion Building where there is one nurse to take care of forty people. There are patients in that hospital with bed sores as large as they might be through neglect. The trustees of the hospital are not giving the nurses in that institution enough money to live on. There are 48 head nurses in that hospital. They get about \$31 a week. Some of the nurses, graduate nurses of that hospital, get about \$28 a week. That is very small pay for these nurses because those girls who have graduated from that institution are loyal to the institution. They should be compensated by the city. Now the trustees have suggested, or the man who runs the hospital, Dr. Martin English, has said they are going to break in attendant nurses. Anybody who wants to go to the hospital and they will break them in to help the nurses. They are going to pay them \$28 a week. This is ridiculous. If we increase the nurses' pay in the City Hospital, I will guarantee the nurses graduating from that institution will come back to that hospital. I happened to be visiting there today and looked around to see the conditions at the institution. I went into a ward. There were two nurses for seven patients there who were dangerously ill and ready to die. There were twenty-six other patients on that same floor. Those nurses take care of those thirty-three people. Ordinarily two nurses should be taking care of the seven patients who were on the danger list. I say there is neglect in that hospital. It is up to you and me to do something about it. Let us call the trustees in and see if we cannot get hold of the Mayor and the Committee on Hospitals. Let us see if we can do something about this. After all, life is sacred. Whether any person in that hospital is poor or rich, if he comes in, he should be taken care of. As far as I am concerned, I am going to do my utmost to see that the poor of the city are going to be taken care of in that institution. I would like to have you gentlemen visit that hospital and see the conditions in the medical wards and in the Pavilion of that hospital. The people there are neglected because the city cannot find enough money to pay for those nurses who are working on the outside to encourage them to come back to the hospital. I think the Mayor of this city and the trustees should increase the nurses' salaries at the institution so that they may at least bring some of the nurses back who are loyal to it. Never mind about training anybody who does not know anything about nursing. Let us increase the salaries for the nurses and bring those nurses back who have graduated from that institution. After all, some of those girls who have gone out in the field of nursing into other parts of the country, would like to work at the City Hospital. They are not going to work for a low salary. There are people in that institution who have been in the hospital for the past 15 or 16 years working for \$18 and \$21 a week. One of the brain trusters in the hospital, Dr. Martin English, suggested they have nurses' aides, which is ridiculous. Can you imagine being a nurse and breaking in an aide at \$27 or \$28 a week? The nurse who works in the hospital gets \$28 a week. I will guarantee you if the nurses in that hospital have aides, they will walk out of the institution. I hope through this order and through anything I might say which might be for the best interest of the nurses, the Mayor in his wisdom and the hospital trustees will take care of the situation. So far as I am concerned, there will be no trustee in that hospital who can go around and try to hamstring any nurse who might be looking to benefit herself. I know that the institution is bottled up. I feel it is a public institution. No one man can go around, so far as I am concerned, and run it. I hope that with a meeting such as this we can increase the wages of the nurses in the hospital. As soon as we do, we are going to make it feasible for some of the nurses who have left the institution to come back. It is not too much, so far as nurses are concerned, to increase them a couple of hundred dollars a year or \$300 a year. They have done a good job in that institution. I dare say now 60 per cent of the people in that institution are paying their way. I would like to find out about the financing of the hospital. What are they taking in? I know if we do have a conference with the Mayor and the hospital trustees, a legitimate conference, I am sure we can find ways and means of increasing the nurses' pay and the pay of the employees of that institution. I ask for suspension of the rule and passage of the order.

Coun. HURLEY—Mr. President, a lot of things the man who introduced the order has said are

true. I will not go as far as he did in stating conditions in the hospital are that bad. I do not think there is anyone—probably a few other councilors here—who visits the hospital as often as I do, and the few councilors who live near there and are handier to it than other councilors. I think the root of the evil in this particular case lies solely in the School of Nursing. At the present time I am having one of the stenographers draw up an order for the Committee on Hospitals asking for a survey of the School of Nursing in the Boston City Hospital. We all know that the success of our School of Nursing also means the success of the City Hospital. I think the City Hospital is the greatest hospital in the country. I think we have the greatest staff of doctors and nurses in the country. I am not talking in numbers, I am talking about ability. They are wonderful. It has been proven strongly the last five or six years when every hospital in the country was closing up, ward by ward, because they could not get help. With high salaries all over the country in war industries, our hospitals did not close a single ward but opened up wards that were closed to take care of people, the needy people of Boston. But, as I said before, I think the root of all this trouble lies in the school. We have had a lot of trouble in this particular school. It is nothing new. The old members sitting here before me remember when Miss Logan was brought out from Chicago. She brought her own immediate staff along with her. They organized and occupied all of the prominent positions in the School of Nursing which I think is the most important department in the Boston City Hospital. On her resignation, one of her favorite children, Miss Bushy, took over. After Miss Bushy, the present head, Miss Knox, took over. My contention, as is the contention of various members here, is that we should have a graduate of our own school as head of that institution in that particular department. We know that we have capable nurses. We know that we have had capable girls with college degrees that would be recognized by the State Board of Registration. It has always been the cry, "Well, the girls down there have not the necessary degrees to be recognized by the State and National Boards." But, nevertheless, it has been proven time after time up in our own school how, in the Boston City Hospital we have graduate nurses, graduates from our school, who are capable, women with administrative ability, who will do a thorough job, not alone because of the position they are in, but in their feeling for the school they graduated from. As the councilor stated, things may be bad, but, listen, councilors, you have not seen anything. We have had pretty good luck in the hospital during these trying times. We have had classes in this particular school three times a year ranging from 35 to 80 pupils. Now I understand that does not mean that we get 35 or 80 nurses. Sixty per cent of the nurses, of the students entering that school, do not graduate. Forty per cent or less will. I have been given to understand that in the last school, the last class going in there, 13 nurses have entered the School of Nursing. Can you imagine 13 nurses in an institution like that? We do not try to save money up there. We have been very willing to spend money up there so that we will have the best in the Boston City Hospital. We have never cut one cent from their budget whether it is the School of Nursing, maintenance, food or salaries, the budget of the Boston City Hospital will always be given full approval by the Boston City Council. Of that class of 13 we will have five or six girls who will finally last the three years out. There is dissension in the City Hospital with the nurses. As has been stated, they have plans now because they cannot get nurses, they are going to hire attendant nurses. I do not think there is any educational qualification for these nurses, these attendant nurses. A girl going into our School of Nursing has to have at least the education or qualification of a girl attending college for two years. Here is the way it works. This class of 13 girls, the whole School of Nursing, will be sent to the different wards to work under the supervision of the graduate nurses. In their tour of duty, working with these nurses, they will be told they can go down to the five and ten cent store without an education and get more money than they can by attending college and then spending three years of hard work in the School of Nursing. It is difficult training. Of course, when these young girls have this picture painted to them, many of them give up. They say, "What's the use?" When they started in there, they made it their life's work to take care of the poor and the sick. They do a great job. Now they are going to bring in girls, as I understand. I think they are going to get more than the councilor stated. The take-home pay for a nurse is \$29.01. The nurses who are coming in—I do not mean nurses, they are not nurses, they are nurses' attendants or assistants, willing to work under the supervision of graduate nurses—will get one cent less per week than a nurse with a college education and three severe years of training at our School of Nursing in the Boston City Hospital. There is more than that to it. I know that every man and woman who has an administrative position and has people under them have their door open, looking for suggestions or criticisms that will be helpful in making their particular line of business a better business. But that condition does not exist in the School of Nursing in the Boston City Hospital. I would like to have any one of you members call up the superintendent or go to her office tomorrow morn-

ing. Send in one of the attachés working there and say, "I would like to see Miss Knox." She will go in. She will come out and say, "Miss Knox says you should write a letter and ask for an appointment." Nurses with just complaints have written letters time after time. They have never received a reply. Nurses who are sick and tired of writing will call her on the telephone. The nurse is told very sourly, "Don't bother me, I have enough to do." I cannot get her at the hospital. She is the superintendent. I think if we could have a meeting and have the records for the past ten years on attendance of the classes and find out how many graduates there are, find out what the fault is that these youngsters are not completing their training, then I think we will have arrived at the seat of the trouble. I think that can be corrected. Now, Mr. President and members of the Council, I think this is really important for everyone here. The City Hospital at the present time, and this is right after the summer months, supposedly has a pretty low population. It starts next month. Your hospital population will increase every day. It will not be until next April that there will be a dropping off, especially so, in the medical wards. As the councilor said, they are crowded and understaffed. The nurses and the help in the hospital are overcrowded and overworked. So I hope, Mr. President, to have every member of the Council present when I call the meeting. I know that we can do a great job. It might be critical. It might create a little publicity. It will not be something that is going to hurt the hospital. I do not want to hurt the hospital with bad publicity. As I stated four years ago, when one of the councilors got up here and made the statement that we had horse doctors, I disagreed with that councilor. I knew it was a personal matter. I knew it was going to affect the people in my district. It did. As I told the councilors later, one week after the statement was made on the floor, a mother brought a child to my home. She was asking how she could raise money on an insurance policy that she might send her child to a private hospital. I tried to convince the woman we had the greatest staff of doctors in the country, and we have. They are wonderful. They are great. They are brilliant men. She brought out that she had read in the papers that we had horse doctors. Of course, in the better wards, I mean the wards better off financially than my ward, people can afford to go to private institutions and hire private doctors. I knew the day the statement was uttered what effect it was going to have on the people in my district. I think I represent one of the poorest financial districts in the city. I knew it would be bad in my ward, and it was bad. As I said before, I do not want to hurt the hospital. I do not want to hurt its reputation. I do not want it brought around to my district that bad conditions exist there. But I know that even though we do get a little criticism and we might get a little publicity, I know that in the end it is going to be for the best. I am telling you once again, gentlemen, you are going to have lots of headaches this winter. The councilor must have been at the hospital. He must have spoken to nurses in the hospital. They tell me the same thing. If they are worth only \$29.01 a week and a girl without an education or training coming in is worth \$29, it is time to give up. Industrial corporations, private hospitals, government hospitals, will pay far more to nurses than we are paying. Of course, they have to leave even though they take that oath that they are going to work for the poor and the sick. They have to live. They have to eat. They have to pay their room rent and their food bills. They have to buy clothing. They are entitled to go from hospital to hospital seeking more money and better conditions. Mr. President, I sincerely hope that the councilors will let me know what will be the most convenient time for this most important hearing. We can then get to the bottom of this thing. As I stated before, I think all of the trouble is in furnishing nurses. It is just like the minor league furnishing the major league. If they have no players, they cannot come up. If we have no School of Nursing, we have no nurses. I have another order I want to introduce at this time. It calls for a survey and for some figures. Pardon me, I will withdraw it. There is a motion before the Council. I will wait until this motion is passed. As the councilor stated, I hope it is passed under suspension of the rule.

Coun. HANNON—Mr. President.

President KELLY Talking on Councilor Scannell's order.

Coun. HANNON—Yes, Mr. President. For many reasons, personal and otherwise, I have great respect for the Boston City Hospital. Likewise, I have great respect for the two previous speakers, the gentleman from Ward 6 (Councilor Scannell) and the gentleman from Ward 8 (Councilor Hurley). But I really believe in all seriousness that the gentleman from Ward 6 has put his finger more on the focal point of the shortcomings in the hospital rather than the gentleman from Ward 8. There is no doubt about it. The nursing school with its organization must enter into any consideration we extend to the hospital. But as far as I can see, the whole trouble is in the management of the hospital. I think the gentleman from Ward 8 even in his argument has admitted that. He said that this year there are only thirteen scholars in the class of nursing at the Boston City Hospital. Why aren't there more? What effort do they make to go out and induce girls who have a calling for the nursing

profession to go into the City Hospital? Certainly the pay does not attract them. Whose fault is that? It is not the fault of the head of the School of Nursing. I do not know her. I have no brief for anybody up there. Yet it is about time that either the director or the board of directors or the two of them collaborated and got together and did something to improve salaries and working conditions in the Boston City Hospital. I had a man who had a temporary job up there. The fellow was up against it. The ordinary person would not take a job up there. The only reason you go to work up there is because you cannot get a job elsewhere. You can be a married man with a family and they will give you a job at \$19.50 a week. You would be almost better off on the welfare. Yet this man after going to work, being hired and assigned a job, worked for over nine weeks and could not get a penny of his pay. There was something wrong somewhere. They kept tossing him around telling him the Civil Service had not approved it, this or that requirement had not been met with. I sent him to the Civil Service. They said they had never received notification of his appointment. They said of course they would not hold up the approval of his pay. He was entitled to it. There is a man with a family who worked nine or ten weeks without a penny to take home. Yet they expect people to go up there and do a good day's work. I had a man come up to me the other night. He was brought in to the City Hospital with a fractured ankle. He had to wait to be treated. He said while he was waiting there on one leg with a sprain rather than a fractured ankle, they called him in to hold the leg of a child whose knee had cracked open in some way. There was no help there at work. There is no help because there is no pay. The ones who will not recommend pay for the poorer class of people are drawing very good salaries themselves. They take care of that. You can bet the office employees and the directors' employees and the ones who work right under the directors, you can bet your sweet life they are getting paid, and getting well paid. A man will go in off the street and look for a job. He has to wait around all day. Then they think they are doing him a favor by asking him to come to work in the morning for a pittance of \$15 or \$16 a week. If he complains, they tell him he can walk a half a mile and get a bowl of chow that goes with the salary. There is something wrong in the hospital all right, but I laugh when they tell you you cannot see Miss Knox, or whatever her name is. Did you ever try to see Dr. Manary? Talk about help in the hospital, it is nothing to have the employees, men, women and girls, sit outside his office for hours at a time. They will tell you he is not there. You call him on the telephone. They want to know who it is. If you are friendly, or he is friendly disposed towards you, he will talk to you. When they hear the name, and they might think you are going to find fault, you cannot talk to him or see him. Go up there any time. He is always around the hospital on his duties. I have gone around the hospital. I have never bumped into him. I was up there the other night to a medical ward. As the gentleman from Ward 6 (Councilor Seannell) says, they certainly are overcrowded. I am not certain of the number of patients in the ward proper, but I think there were 19 on cots in the middle of the room, and on beds up against the walls. There was only one nurse on that ward. In addition to the patients in private and semi-private rooms on the same floor. That girl was doing a swell job. That girl is doing the best any girl could possibly do. But it is asking too much of any human being to ask that she give proper attention to each patient there. You know what hospitals are like. You get a crank, a chronic complainer and a poor fellow who suffers without opening his mouth. It is impossible for one girl to take care of that many patients and see that each one is administered to in the proper manner. They do their best. Where does the fault lie? The fault lies right with the management. We would have plenty of help up there if the salaries were commensurate with the duties. There would be plenty of help if they got paid for the work they do. It is not merely on the hospital end of it. Go through the offices and see those girls who do the stenography and typing and the social workers. What do they get for pay? The joke of it all is that if there is an opening in some other Civil Service branch of the city, if there is a chance for a transfer to the City Hall or the School Committee, the powers that be in the hospital will not approve it. They will oppose it. They will not even let them get out of there once a poor fool is foolish enough to accept a Civil Service job in the Boston City Hospital. During the summer months there are no Saturdays off for them. If the help here gets an afternoon off because of the heat, they do not get it. They have to show up. Believe me, they work, and work hard. Yet how many times have we here ever been called upon or asked to approve an increase for the help in the hospital? I do not believe in passing the buck. There is a board of trustees appointed up there. It is their job to see that the hospital is upheld, that the hospital is kept up to the high standard which it formerly held. We like to boast about it. I know it is great to say we have the best doctors in the world. Maybe we have. I imagine they measure up to the doctors in every other hospital or any other hospital. I tell you we are going far behind in the

caliber of help we get there, whether it be nurses or clerical help, or any other type of help. The reason why we are going behind is because the authorities up there, the powers that be, the director and board of trustees, are satisfied to sit back and not ask for an increase in the salaries of those who deserve increases. I believe now as ever a fair day's work demands a fair day's pay. The gentleman from Ward 8 (Councilor Hurley) has said that this Council has never yet refused a dollar to the Boston City Hospital. That is true. I do not think we did. We would not refuse a dollar to the Boston City Hospital. If that is so, then why don't the directors of the hospital come in here with a budget sufficient to provide a fair living wage for each employee of the hospital? The nurses' school may be out of order. There may be dissension and dissension, but the best way to improve conditions in the hospital is to offer a fair living wage. Everybody wants to work, that is, everybody who is normal and natural. But when they go to work, they want to work some place where they can work up, where they can get a salary that is commensurate with their ability. That is not provided now at the Boston City Hospital. We were better off years ago when we could take the help from the hospital after a few years of working there and put them on as laborers in the city. They looked forward to that work. They worked for that. But even that has been curtailed and has been stopped. While I know the directors of the hospital will tell you it is Civil Service, it is somebody else, yet my cry is: Why don't they fight for the help up there? Why don't they fight to improve working conditions, to improve the salaries of those employees, regardless of their rating, who work under them? Give every employee of the hospital, regardless of classification, whether it be a nurse, a porter, a clerk or anybody, give him a fair wage. You will get fair help. Every patient in the hospital will receive fair treatment.

Coun. KINSELLA—Mr. President, I am going to make an earnest plea that the press not use the first part of my statement. It is about a potential amputation of the leg of a boy who probably suffered neglect. That is not traceable to anybody but to his own misfortune. I do not want people in Charlestown to think I am trying to capitalize on such an unhappy condition, but after listening to Councilor Seannell, I am minded to think perhaps there is neglect that is not directly the fault of any personal remissness on the part of hospital workers. I think it is due directly to the fact that there is an insufficiency of help. Three weeks ago this boy was taken to the hospital with a crushed foot. Last Thursday he was transferred to the Boston State Hospital as a mental case. In the meantime, under the eyes of the doctors, mind you, gangrene had set in. This morning when I called the Boston State Hospital, I was told by a doctor in charge of the case out there, the physical aspect of the case, that he would have to lose his leg seven inches below his knee. Nothing else could be done to save the boy's life. Now, remember, if you will, that on the day of this accident, the boy was immediately brought into the hospital suffering from a crushed foot. He did not go in with a gangrenous condition. It developed in there under the eyes of the doctor and the nurses. I contend it is obvious, and I am not a medical man, that there must have been some outward indication of the disease inside that leg. It appears to me that because of the fact of an insufficiency of nurses and probably doctors, that condition developed to a point now where the boy not only is a mental cripple, but he will be a physical cripple for the rest of his life. Nothing can be done to avoid it. I hope the press does not quote it. It will be in the *City Record*. From this point on the press can quote as freely as it will. One of the worst headaches I have to contend with is the buttinsky tactics of the social workers. Whoever conceived social service ought to be examined and put into the psychopathic hospital for observation. I never met a more inquisitive, curious group than the social workers for whom I have anything but a fondness. I am tired of trying to assure people night after night at home and in here that their relatives will not be kicked out of the hospital in spite of all a social worker said. It appears to me people have been discharged from the Boston City Hospital in years past, and more particularly in the past year, because of the help shortage than ever before in the history of the institution. Because of the shortage of help, it naturally means it is imperative to get out when able to walk. Everybody here who serves his district has had these experiences in many instances. It is necessary to call the doctor and ask if the person may be readmitted because of a bad condition which has returned. How often people come to my home. They say, "My father is in such a ward and the social worker, not Dr. Jones or Nurse Black, but the social worker says he has to go out tomorrow. If we do not come over and take him, they will send him home in a police car." I have had instances of social workers asking elderly people if they intended to stay in for the winter in order to eat and be housed? Who is going to stop that? They are absolutely impervious to publicity. They are absolutely immune to any honest criticism. What is more, they are better paid than the nurses.

The order was passed under suspension of the rule.

SURVEY OF CITY HOSPITAL SCHOOL OF NURSING.

Coun. HURLEY offered the following:
Ordered, That his Honor the Mayor, together with members of the City Council Hospital Committee, be requested to conduct a survey of the School of Nursing at the Boston City Hospital for the purpose of ascertaining the cause for the decrease in the number of students enrolling in said school.

Referred to the Committee on Hospitals.

CORRECTIONS IN MINUTES OF LAST MEETING.

Coun. CAREY—Mr. President, I ask unanimous consent to have some corrections made in the minutes of last week's meeting.

President KELLY—Hearing no objection, Councilor Carey.

Coun. CAREY—Page 488, line 37. I would like to have the word "is," for the word "are," and the last word "take" changed to "give." On the forty-eighth line of the same page, I would like to have the word "from" inserted after the word "extent." On the same page, on the twenty-first line from the bottom of the page, I would like the words "a dollar" changed to "an automobile." On page 489, the twenty-eighth line from the top, I would like to have the word "question" changed to "pressure."

President KELLY—Councilor Carey asks the changes be made. The corrections will be made in the record.

HOUSING ORDERS.

Coun. LINEHAN—Mr. President, a point of information. I wonder if the President of the Council, or the clerk, would see to it that the two orders pertaining to housing are brought down to his Honor the Mayor this afternoon so that they might be forwarded to the Corporation Counsel, one of my orders, and the other order forwarded to the State Board of Housing so they will receive it by tomorrow in order that they might call a meeting this week so that veterans' housing might get going. I want to make sure the orders are brought down for action today.

President KELLY—I am informed nothing can be done with the order until we adjourn today. After adjournment they will go down there.

Coun. LINEHAN—The clerk will see to it they are brought down?

President KELLY—If we adjourn in time, we will see they are brought down today.

SCHOOL GYMNASIA.

Coun. KEENAN offered the following:
Ordered, That his Honor the Mayor be requested to confer with the School Committee for the purpose of devising ways and means of obtaining the necessary money to open the gymnasias in the various schools throughout the city for the use of the public on evenings during the week.
Passed under suspension of the rule.

SINCLAIR PLACE NOW SINCLAIR ROAD.

Coun. MADDEN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to change the name of Sinclair place, Ward 22, to Sinclair road.

Passed under suspension of the rule.

INCREASED LIGHTING ON CENTRE STREET.

Coun. McCORMACK offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to increase the street lighting on Centre street, Ward 19, from Eliot street to Arborway.
Passed under suspension of the rule.

SWEATERS FOR SCHOOL ATHLETIC TEAMS.

Coun. MADDEN offered the following:
Ordered, That his Honor the Mayor be requested to direct the Boston School Committee to provide in the budget for 1947 the sum of five thousand dollars to be used for the purpose of purchasing sweaters to be suitably decorated with the school letter or emblem and to be awarded to the members of various athletic teams who have earned their letters.

Coun. MADDEN—When I was a young man contemplating going on to high school, there were other young men in the district that impressed me very much as being great fellows. They were boys who were members of the high school football teams ahead of me, on the various high school teams. I often envied the boys with their big

black and red sweaters from Latin School, the boys with the B. C. High insignia, and my own beloved alma mater, Mechanic Arts. I noticed that these young men who toiled so hard on the athletic teams of the various high schools were a credit to the community. I also noticed very rarely did a boy who paraded around town with his new high school sweater get into any trouble. It seems to me that the City of Boston is penny-wise and pound-foolish when they come to setting aside a few dollars to give the boys of various high schools in the city a sweater instead of a little letter. I can remember when I was going to Mechanics that we broke our necks to make that football team and that baseball team. I can also remember we had high school football and baseball championships while I was there. As the years have gone by, it has kind of irked me to pick up the papers or go to a high school football game around metropolitan Boston. You go over here to Medford, Malden, Melrose, Lynn, Waltham, and Newton, and you will see these people at a football game. Where do the kids in Boston have to play? They are lucky if they are permitted into the big local park. Last year I went down on many occasions to watch the Brighton High School football team. I am sorry to say that the playground they were practicing on was nothing but a gravel pit. I do not know whether the Park Commissioner is to blame for that or not. That is McKinney Park in Brighton where the Brighton High School teams practice football. I do not know the condition of other fields throughout the city. It certainly seems to me the city should make some provision to give the various high schools enclosed parks to which the high school authorities could charge an admission and thereby dig up a little kitty. I have talked with a couple of coaches in the high schools of Boston. They all agree that they think it would be a grand thing if the boys had the incentive to work a little harder and go out for the various football teams and athletic teams, making their letter, and then be suitably awarded with a sweater. I think everyone will notice throughout the various districts that the boys who have made their letter in the various high schools of the City of Boston rarely get into any trouble. You will find the boy who has been out for the various athletic teams learned discipline. He has learned self-control and teamwork. Those boys are the leaders in the various communities. We are about to have another Halloween. For some reason or other the kids grab that occasion to raise hell. I suppose we all played a little when we were kids. I never can recall tearing down property, destroying property. It seems prevalent today. I think there would be less juvenile delinquency along that line if the City of Boston could say that it could see its way clear to increase the school budget in the sum of approximately \$5,000 to give these boys sweaters. I think you will find in the junior police force throughout the city boys who could put their finger on other kids bent on raising Cain and getting into trouble, and say, "Wait a minute, it is wrong, fellows." So, Mr. President, I move you that the order pass.

The order was passed under suspension of the rule.

COLLECTION OF CERTAIN BOSTON GARBAGE BY FARMERS.

Coun. MADDEN offered the following:

Ordered, That the Public Works Commissioner and his Honor the Mayor consider the proposal of certain farmers of the Hudson, Mass., area, who offer to collect and truck garbage from certain sections of Boston, free of charge to the city, and to invite to such conference August G. Bonazzoli, attorney, of Hudson, Mass., who represents the farmers interested in this proposal.

Coun. MADDEN There are many things we would like to do in the city that we are stymied on because of the lack of financing. I have listened to the remarks of the various brother councilors on the conditions and the salaries at the Boston City Hospital. I heartily agree with Councilor Hamon that something certainly is wrong there. Where the fault lies, I do not know. But I think some of these various leaks could be stopped and we would have more money to give sweaters to the high school kids, to pay decent salaries in the City Hospital. The employees of the City Hospital get the lowest salaries of any people throughout the entire country. The people in my district are irked at the thought of the city having to pay almost a quarter of a million dollars for ash and garbage removal. I understand that there are some eleven or twelve ash and garbage removal districts in the city, and that the total cost of removing this garbage and ashes throughout the city now runs in excess of \$2,000,000. I do not know whether the city fathers— we are the city fathers—and the other departments are particularly interested in saving money. It seems to me there are several ways in which we can save a lot of money on this one particular thing. It does not make sense to me to have to pay \$2,000,000 to remove garbage and ashes of the City of Boston. You have heard a lot of talk lately about meat shortage and for awhile the farmers were complaining about their inability to get grain and other stuff for the chickens. Gentlemen, there is a way we could help them and at the same time help the city. I have just received a letter from a Mr. August G. Bonazzoli, an attorney at law at Hudson, Massachusetts. I would like to read it to you.

August G. Bonazzoli,
Attorney at Law, 14 Main Street,
HUDSON, MASS., October 10, 1946.
City Councilor Edward C. Madden, Chairman of
Boston Finance Commission, City Hall,
Boston, Mass.

Dear Sir,—On Friday, October 4, 1946, I read an article contained in the Boston Globe published for that day, relative to the garbage disposal of the City of Boston.

The City of Somerville has let the contract of garbage disposal to individuals who furnish trucks and drivers; the city furnishes the men who collect the garbage and dump it into the trucks. The city pays nothing for these trucks and drivers because the truck owners utilize the garbage for the feeding of swine on farms as far away as 30 miles. It therefore costs the city only the pay of its employees.

I understand that the collection of the garbage of the City of Boston is given out to various collectors on contracts; that these collectors gather the garbage and bring it to a certain central point where it is then handled by Coleman Brothers Company who carry it on scows to city-owned property on Spectacle Island for the sum of \$414,000 yearly; that the amount paid to the various contractors who collect the garbage in the various districts of the city runs into many more thousands of dollars.

With the present scarcity of grain and meat, there is a crying need for garbage. Garbage from the City of Somerville as before stated is presently feeding hundreds and hundreds of swine. I understand that there is between 100 and 150 tons of garbage daily that is wasted under your present system; that the quality of this garbage is as good as the average and could be utilized.

I also understand that most, if not all, of the garbage collectors for the various districts of your city allow farmers to collect certain areas covered by their contract; that they pay nothing to these farmers for so doing; that, in certain instances, the farmers furnished a truck and driver and the garbage collector furnished the men for collection; that since the price of pork increased as it is now, the farmers collect their entire routes, furnishing both men and trucks for so doing at a great saving to the garbage collector. I also understand that the Brighton district of the City of Boston is almost wholly collected by farmers free of charge. Why could not the City of Boston be divided into districts; the city furnish the men for garbage collection and certain individuals furnish the trucks and drivers free of charge. The truck owners would haul the garbage out of the city and there would be no need for garbage disposal by barges. This in itself would be a tremendous saving.

I represent a man who is willing to furnish two trucks and drivers free of charge if he were given a certain area from which he could utilize the garbage. He could also furnish more trucks and drivers if he were guaranteed the right to such garbage over a period of not less than 5 years. He is willing to furnish a surety company bond for the faithful performance of his part of the bargain. He informs me that there are in his opinion enough farmers who could guarantee trucks and drivers under bonded contracts to carry away all of the garbage of the City of Boston in this manner. The way it is now, the City of Boston pays much money to dispose of garbage by wasting it, which would be otherwise disposed of for nothing and at the same time utilized to produce pork.

Please let me know as soon as possible if you would care to speak with or interview one or more farmers, who would be interested in the proposition as I have, in a general way, outlined it. Also, if you would like me to send a copy of this letter to any other person connected with your city government at this time, I would be glad to do so.

Very truly yours,
AUGUST G. BONAZZOLI.

Coun. MADDEN—I wrote to Mr. Bonazzoli and suggested he get his powder dry, and that this week I would introduce the letter and see if we could probably start the ball rolling in some way to cut down the tremendous cost of garbage disposal. I have just received a second letter from Mr. Bonazzoli who tells me there is no question about the fact of his powder being dry. Many farmers are willing to do this work and to put up bonds for the faithful performance of the work. In his second letter he says this:

August G. Bonazzoli,
Attorney at Law, 14 Main Street,
HUDSON, MASS., October 17, 1946.
Honorable Edward C. Madden, Councilor of the
City of Boston, Council Chamber, City Hall,
Boston, Mass.

My dear Mr. Madden,—I acknowledge receipt of your letter to me dated October 15, 1946, and I have just finished interviewing the man who was willing, in the previous letter, to furnish two trucks with drivers, free of charge, if he were given a certain area from which he could utilize the garbage.

During the conversation he mentioned other men who would be interested. Farmers who are now obtaining garbage from collections in outlying cities and towns would, no doubt, be interested in like manner.

I am willing, as you have requested, to explain the proposition and, if you think fit, I will bring this man with me, who has already done some collecting in your Brighton district. I know of

another farmer who is now collecting in the Brighton-Allston district.

I am, however, to make it plain, interested in the utilization of the garbage in the City of Boston in general and the obtaining of a source of garbage for my client in particular. There comes to mind, however, the question that this client of mine, who is willing to go out and interview farmers and start the ball rolling, so to speak, should be given a preferential rating in the Brighton-Allston district, if anything should develop along these lines.

Please let me know how you feel about this, and also if you think that we should interview farmers that would be interested at this time. You may be assured that there would be no promises made but just the information given to ascertain how many would be interested and how many trucks and drivers could be mustered.

In the meantime, if you have any suggestions, please let me hear from you.

Very truly yours,
AUGUST G. BONAZZOLI.

Coun. MADDEN—This is interesting. The fellow who collects the garbage in our section gets \$17,000 a month. Now I understand through the authority of this gentleman it does not cost him a cent to pick up the garbage and the swill. These other people are doing it free. I wonder if the gentlemen who pick up the garbage and are being paid to do so return the money to the city? \$17,000 a month is a lot of money. These people who are willing to pick up the garbage are not a fly-by-night outfit. They will save the city thousands of dollars and put up a surety bond to guarantee their faithful performance of their work. I have not any quarrel with any contractor but since we are spending \$2,000,000 in ash and garbage removal, I have not any doubt the contractor in the Brighton-Allston district is very nicely disposing of his garbage at no cost to himself, and the city in turn is apparently paying him for it. This matter should be looked into. Here is an attorney who represents a group of men who are willing to take over this work and cut down the cost of it considerably, probably saving the city as much as \$1,000,000 a year. If, as this gentleman says, a friend of his is collecting the garbage in Brighton and Allston, I do not see why the City of Boston should continue to pay the contractor who has the contract. In other words, the gentleman who has the contract in Brighton and Allston continues to draw \$17,000 every single month from the City of Boston for this particular chore. As this letter suggests, he is not doing the work at all. There is another man doing the work, but he is getting the money. That is one of the many leaks that might well be stopped. I think the money we could save on some of these garbage contracts certainly could be utilized to buy sweaters for the high school boys and in addition to pay decent salaries to our City Hospital employees. I say now the city school teachers are after more money. I think they are entitled to it, but I also think in fairness to all, if a survey was made of the salaries paid to some city employees, it would shock every fairminded person in the City of Boston. I have a good friend of mine who has been working for three years in the City of Boston, in the Public Library, as the elevator operator. He is getting the princely salary of \$30 a month. I think perhaps the trouble lies in the fact that the Boston city employees are poorly organized. If they did belong to some labor union or get on the ball in some way they would get a decent salary perhaps. We can help them get decent salaries if we would stop some of these terrible gray-train contracts that help nobody but the individual contractors. I realize contractors are a necessary evil. They are the boys who finance most of the campaigns. I have not any doubt but what the contractors were very nicely taken care of in this administration. If I am not mistaken, the Mayor announced his predecessor in office had signed a contract with each one of the men who had the contracts in the various districts, hiking the overall cost to approximately \$2,000,000. Mr. President, I suggest the order ought to pass, and the matter be referred to the Executive or some other committee.

The order was referred to the Committee on Public Works and Street Commission.

RECESS.

On motion of Councilor Moriarty, the Council voted at 4.20 p. m., to take a recess subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 4.30 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

Report on order (referred today) that Traffic Commissioner be requested to install "Slow" signs at 1585 Centre street, Ward 20—recommending reference to Committee on Public Safety.

Report on order (referred today) that Traffic Commissioner be requested to install automatic traffic signals at intersections of Manthorne road and Centre street and of La Grange street and Centre street—recommending reference to the Committee on Public Safety.

Report on order (referred today) that Traffic Commissioner be requested to install "Stop"

signals at eleven Ward 20 intersections—recommending reference to the Committee on Public Safety.

The reports were accepted, and the orders were referred to the Committee on Public Safety.

Coun. KINSELLA—Mr. President, on that matter there is a hearing Thursday at half past ten on Councilor Bryan's orders. I would like the Clerk of Committees to be instructed to invite all the councilors and the Traffic Commissioner to be there.

ROXBURY DAY CELEBRATION.

Comm. MORIARTY—Mr. President, I ask unanimous consent to make a statement.

President KELLY—Hearing no objection, Councilor Moriarty.

Coun. MORIARTY—Mr. President, I would like to incorporate in the minutes of the meeting two historic messages, one a brief history of the settlement of Roxbury in 1630 and the other a proclamation by the Governor of the Commonwealth about Roxbury, on October 26 of the year 1946. Gentlemen of the Council, I would like to read an invitation to participate in Roxbury Day. Capt. John J. Sheehan invites you to participate in the hundredth anniversary of the settlement of Roxbury as a city. A mammoth celebration will take place at Old Roxbury High Fort on Fort avenue on Saturday, October 26, 1946, from one to two o'clock. The committee cordially invites the President and members of the Boston City Council to be present on this memorable occasion and participate with them in honoring the glorious history of good old Roxbury.

President KELLY—If there is no objection, the documents will be included in the minutes of the meeting.

The documents were as follows:

Roxbury Day Celebration Committee.
Roxbury, Mass.

The President and Members of the
Boston City Council, City Hall,
Boston, Mass.

Since the founding of Boston in 1630, the many generations of the past, as well as those of the present, look with pleasure every year in celebrating some event of historic interest which took place during the long years of her existence. Among the foremost of these are the celebration of the Battle of Bunker Hill in Charlestown on June 17 and the Evacuation of Boston by the British troops on March 17 and many more less important ones familiar to our citizens.

Roxbury, now a part of the City of Boston, settled by the English colonists in 1630, has almost been forsaken during her long years, notwithstanding her part played both in time of peace and war for State and Nation.

However, the dawn of resurrection to a new life is now about to break upon the horizon and soon Roxbury will once more arise from obscurity and appear in all her glory, so dear to her sons and daughters, who claim her as their birthplace.

This year, the noble sons and daughters of Old Roxbury are now celebrating two of the most outstanding dates in her long years of existence.

The most prominent one is that of its founding, which, by decision of the Third Court of Assistants is September 28, 1630, and the other, that of March 25, 1846, when Old Roxbury threw off the cloak of township and became a city in her own right with her great seal of incorporation.

Thus she will once more take her place with other parts of Boston in bringing before the world her place which she so rightfully inherits and her contribution to the great City of Boston.

In honor of these two historical dates, His Excellency, Maurice J. Tobin, Governor of the Commonwealth of Massachusetts, has set forth his proclamation which reads as follows:

The Commonwealth of Massachusetts,
Executive Department,
State House, Boston.

For more than three centuries the history of the Commonwealth of Massachusetts has been enriched by the outstanding achievements of the people of Roxbury.

The list of distinguished Roxbury citizens includes many of the most illustrious names in the annals of Massachusetts. Among these are the names of nine of our early Governors. Notable too, is Roxbury's record of initiative, courage, and leadership in the successful effort to establish the independence of the United States of America.

Thus in a letter to Harrison Gray Otis, General William Heath declared: "The first company of Minute Men raised in America in 1775 preparatory to the defense of their inalienable rights and liberties, was raised in this Town (Roxbury) and that company distinguished itself in the battle on the 19th of April."

That same spirit of intense patriotism has characterized the people of Roxbury in every generation. Each conflict in which our nation has been engaged has seen Roxbury sending more than its share of sturdy sons to the defense of their country. In the recent world war, that proud record was enhanced by the magnificent achievements of Roxbury men on every fighting front as well as by the devoted service of the women of the district in the auxiliaries of the Army, the Navy, and the Marine Corps, as well as in the Nursing Corps.

In tribute, therefore, to a community which is celebrating the 316th anniversary of its founding, and the centennial of its establishment as a city, I, Maurice J. Tobin, Governor of the Commonwealth of Massachusetts, do hereby proclaim as

ROXBURY DAY.

Saturday, September 28, 1946,

and I respectfully request that the occasion be marked by ceremonies paying honor to a progressive, patriotic, God-fearing community of which the entire Commonwealth is justly proud.

Given at the Executive Chamber in Boston, this twenty-fifth day of September in the year of our Lord, one thousand nine hundred and forty-six and of the Independence of the United States of America, the one hundred and seventy-first.

[SEAL.]

By His Excellency the Governor, MAURICE J. TOBIN.

F. W. COOK, Secretary of the Commonwealth.

GOD SAVE THE COMMONWEALTH OF MASSACHUSETTS.

Adjourned, on motion of Councilor Chase, at 4.35 p. m., to meet on Monday, October 28, 1946, at 2 p. m.

AIDS PAID TO PUBLIC ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME OF MASSACHUSETTS SCHOOL FUND.

State participation in the financing of education began with the establishment of the Massachusetts School Fund in 1834, the income from which was to be used "for the aid and encouragement of common schools," (chapter 169, Acts of 1834). The principal of this fund is now \$5,000,000. The income of the fund has been distributed in many different ways. In 1835, population and the amount raised by local taxation for school support were the determining factors. Many changes followed until the present complex provisions were enacted, mostly in 1919, with some modification in later years.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR NEW HEATING ZONE SYSTEM FOR THORNDIKE BUILDING ANIMAL HOUSE, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for furnishing and installing a new heating system in the animal house, Thorndike Building, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock p. m. on Thursday, November 7, 1946, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, before the time of opening the bids. The rate per hour to be paid those employed to do the work under this contract shall not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposals for New Heating Zone System, Thorndike Building Animal House, Boston City Hospital."

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M. D.,
(Nov. 2.) President.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

EMPLOYERS.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. Liberty 8607-08-09. GEORGE NORTON, Director.

Male and female help furnished on short notice with service that will satisfy any employer. Office, mechanical, factory, domestic, hotel, restaurant, hospital, skilled, and unskilled.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

ADDITIONAL X-RAY FACILITIES, BOSTON CITY HOSPITAL, 818 HARRISON AVENUE, BOSTON, MASS.

The Trustees of the Boston City Hospital invite sealed proposals for alterations and additions to the Thorndike Building, 818 Harrison avenue, Boston, Mass., to provide additional X-ray facilities, giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the architects and engineers, James H. Ritchie and Associates, 38 Newbury street, Boston, Mass., signed by the bidders and left before four (4) p. m., Wednesday, November 20, 1946, at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., with a certified check for \$6,000, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract, shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached in the specification. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract. Sub-bids shall be filed at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., on or before 12 o'clock noon, Monday, November 18, 1946; shall be submitted in accordance with Notice to Sub-bidders contained in the contract documents of the specification and shall be accompanied by a certified check of not less than 10 per cent of the amount of the sub-bid, but in no event less than the sum of one hundred (100) dollars. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the architects and engineers, James H. Ritchie and Associates, 38 Newbury street, Boston, Mass., after twelve (12) o'clock noon on Wednesday, November 6, 1946. A deposit of \$50 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN ENGLISH, M. D.,
(Nov. 2.) President.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY OF BOSTON.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATION AND REPAIRS TO COLUMBUS PARK FIELD HOUSE, OPPOSITE PREBLE STREET, SOUTH BOSTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for alteration and repairs to Columbus Park Field House, opposite Preble street, South Boston, Mass.

Proposals will be received until 2 p. m., Friday, November 15, 1946, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 p. m., Tuesday, November 12, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFFENREFFER,
FRANK R. KELLY,

(Nov. 2-9.) *Commissioners.*

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

PUBLIC AUCTION.

LOT 15, HANNON STREET, DORCHESTER.

The City of Boston will sell at public auction all its right, title and interest in and to about forty-nine hundred (4,900) square feet of land on the southeasterly side of Hannon street, Dorchester, being lot fifteen (15), Charles F. Baxter plan, dated June 22, 1895, recorded with Suffolk Deeds, Book 2307, page 424, and more fully described in a tax deed recorded with Suffolk Deeds, Book 3778, page 228.

Time of sale: Thursday, November 7, 1946, starting at 10 a. m., in the City of Boston Municipal Building, corner West Brookline street and Shawmut avenue, Boston. Minimum price is two hundred fifty dollars (\$250).

A deposit of two hundred fifty dollars (\$250) in cash or certified check, required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Chairman reserves the right to reject any or all bids. Further particulars from Chairman, Board of Real Estate Commissioners, 809 City Hall Annex, Boston.

Chairman

(Oct. 26-Nov. 2.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING KEROSENE FOR CITY DEPARTMENTS AND NO. 1 FUEL (RANGE) OIL FOR SOLDIERS' RELIEF DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing kerosene and No. 1 fuel (range) oil as specified. Proposals may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Both bids to be sealed in envelopes marked "Proposal for Kerosene and Fuel (Range) Oil." The bids will be publicly opened and read at 12 m., at Room 1001, City Hall Annex, on Tuesday, November 12, 1946. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Nov. 2.) *Superintendent of Supplies.*

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TWO (2) LABORATORY STONE DRAINBOARD SINKS AND ONE (1) FAUCET FOR BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing laboratory equipment for Boston City Hospital. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bid, with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m., on Thursday, November 14, 1946, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Laboratory Equipment." The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Nov. 2.) *Superintendent of Supplies.*

POPULATION OF THE CITY OF BOSTON AS RETURNED BY THE SECRETARY OF STATE, BUREAU OF CENSUS, FOR 1945.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933, OF CITY RECORD, PUBLISHED WEEKLY AT BOSTON, MASS., FOR OCTOBER 1, 1946.

STATE OF MASSACHUSETTS. COUNTY OF SUFFOLK, SS.

Before me, a Notary Public, in and for the state and county aforesaid, personally appeared WILLIAM J. CAMPBELL, who, having been duly sworn according to law, deposes and says that he is the Business Agent of the City Record and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, CITY OF BOSTON.
Editor, JOSHUA H. JONES, 40 City Hall, Boston.

Business Agent, WILLIAM J. CAMPBELL, 63 City Hall, Boston.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)

CITY OF BOSTON.

JAMES M. CURLEY, *Mayor*.

JOHN B. KELLY, *President of City Council*.

JOHN B. HYNES, *City Clerk*.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is . . . (This information is required from daily publications only.)

WILLIAM J. CAMPBELL, *Business Agent*.

Sworn to and subscribed before me this thirtieth day of October, 1946.

[SEAL.] JOSHUA H. JONES, *Notary Public*.

(My commission expires August 17, 1947.)

CHANGES IN RULES AND REGULATIONS RELATING TO HACKNEY CARRIAGES.

In accordance with provisions of section 1, of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston is hereby amended by:

1. Striking out the first paragraph as amended in section 4 under the sub-title "Hackney Carriage Drivers' Licenses" as appearing upon page 221 of said Rules and Regulations, and inserting in place thereof a new paragraph which shall read as follows: "The Police Commissioner for the City of Boston may annually grant licenses in said city to suitable persons, residents of Boston, as drivers who are properly qualified to have charge of hackney carriages."

2. Section 4 is further amended by striking out fifth paragraph of this section as appearing on page 222 and inserting in place thereof new paragraph which shall read as follows:

"No person shall be licensed to be a driver who is not of the age of twenty-one years or over, who cannot read, write and speak the English language intelligibly, or who is addicted to the use of intoxicating liquors or narcotic drugs."

All rules and regulations inconsistent herewith, are hereby repealed.

These amendments will take effect Wednesday, November 6, 1946.

SUPPLY DEPARTMENT.

PROPOSALS FOR COPPER SERVICE TUBE.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Water Division, copper service tube as specified, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above-mentioned office. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Copper Service Tube." Bids will be publicly opened and read Friday, November 15, 1946, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CEMENT LINED, SAND SPUN, CAST-IRON WATER PIPE FOR PUBLIC WORKS DEPARTMENT (WATER DIVISION).

The Supply Department of the City of Boston invites proposals for furnishing pipe as specified, to be delivered in such quantities as required during 1947. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Thursday, November 14, 1946, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Pipe."* The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, NOVEMBER 9, 1946.

NO. 45

MAYOR CURLEY SCORES CLOSING OF HOSPITALS AND THUS IMPOSING BURDENS ON ILL AND UNFORTUNATE—SAYS, IN HIS MONTHLY RADIO BROADCAST OF PROGRESS OF HIS ADMINISTRATION, HE BUILDS HOSPITALS INSTEAD OF CLOSING THEM—ALSO TELLS OF PROSPECTS FOR NEW \$10,000,000 VETERANS' HOSPITAL WITH CAPACITY FOR 1,000 BEDS IN SCIENTIFIC HOSPITAL CENTER WHERE MOST NOTED INSTITUTIONS OF KIND ARE GROUPED IN PARK SYSTEM NEAR LEVERETT POND—TELLS OF OTHER HOSPITAL FACILITIES PLANNED FOR CITY AND LONG ISLAND FOR RELIEF OF CHRONIC ILL.

In his monthly address to the citizens of Boston on the progress of his administration, delivered on Monday evening, November 4, over Station WMEX, Mayor Curley spoke as follows:

It is a source of pleasure to inform the public, and in particular veterans and their families, that a tentative agreement has been made with General Omar Bradley and the Authorities charged with the selection, of a site for a \$10,000,000 veterans' hospital to contain 1,000 beds. The site determined upon originally was in the Fenway, in the vicinity of the Rose Garden, but an engineering survey discloses the fact that the cost of foundation work would be excessive, as footings could not be established under 100 feet in depth due to the soil and existence of wells. Accordingly, a new site has been selected in the Park System adjacent to Leverett Pond where solid foundation is possible without expensive piling work, and the indications are that a definite agreement will shortly be arrived at.

The location of this institution is in the scientific hospital center, where are to be found:— the Harvard Medical Group, Tufts College Group, and the following hospitals: Peter Bent Brigham, Robert Breck Brigham, Beth Israel, New England Baptist, Children's, Deaconess, Faulkner, and the Boston Lying-In; also the well-known Lahey Clinic. In fact, the best possible site for the best possible treatment for the victims of the late war to receive the last word in scientific hospitalization in a most beautiful section of Boston.

An architectural contract is to be awarded for a \$5,000,000 addition to the Boston City Hospital, consisting of a surgical unit and nurses' home, displacing two ancient structures that constitute a fire hazard in the center of the Hospital Department. Plans are being considered for a 300-bed unit at Long Island to ease the load at City Hospital of chronic cases that today are being treated at the Boston City Hospital, and the completion of this building will mean the release of acute cases of some 300 beds at Boston City Hospital.

Scores Closing of State Hospitals.

It is unfortunate that the State Tuberculosis Institution at Tewksbury is closed and has been closed for more than a year, since the reopening of this institution would permit our state cases, now treated at the Boston City Hospital and Mattapan Sanatorium, to be sent there, and thereby make possible more and better accommodations for some 300 Boston cases. The condition at Long Island, which for a period of years has been a subject of neglect by preceding administrations makes necessary a large expenditure for the salvaging of buildings that have suffered deterioration through neglect. These major repairs are now being effected.

I am informed by Boston Institutions Commissioner G. Frank McDonald that the Commonwealth has notified the City that it cannot take any more of our cases at Tewksbury. Now what has happened to Tewksbury?

When I was Governor we had a comfortable capacity of 3,600 beds and during my term a modern cafeteria was built, the finest in the land, and the Nichols Hospital Building was started by me and finished by Governor Hurley. Since that time no further building has been done at Tewksbury. What do I find now? In the last five years they have closed five of the buildings which include the Men's Tubercular Building, the Women's Tubercular Building, and Stonecroft. The capacity placed at less than 2,000.

Doesn't Close But Builds Hospitals.

These buildings that the State has closed still are equipped with beds. Now, with the great shortage of hospital facilities of all categories, what can we say but that indifference and apathy are sabotaging this splendid institution. It can only mean that to prevent a crisis in our facilities for caring for the poor and chronic sick, that Boston must double its energy in rebuilding the facilities at Long Island to insure against the probability of the discard of settlements, as a result of this condition at Tewksbury. I don't close hospitals. I build them.

(Continued on page 1296.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Tuesday, November 12, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 64 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending November 2, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 149; nonresidents, 50; total, 199.

Death rate per 1,000 of population: All deaths, 13.50; nonresidents deducted, 10.11.

Death rate per 1,000 of population:

Last week, 12.75; corresponding week last year, 15.29.

Deaths by age periods, sex, etc.: Under one year, 22; one year to four years, inclusive, 3; sixty years and over, 91. Total deaths: Male, 115; female, 84; deaths in hospitals and institutions, 140.

MAYOR CURLEY OPPOSED TO OLD AGE ASSISTANCE AMENDMENT.

The following letter was, on October 30, received by his Honor the Mayor from Charles I. Fox, City Auditor. Preceded by remarks of his Honor:

I have had a very careful survey and study made of the proposed amendment to the Old Age Assistance Act and find myself in complete agreement with the City Auditor who has conducted the study, being that the interest of the aged and of the city would be best served by the defeat of the proposed amendment. Consequently, I am asking every person interested in the welfare of the aged and in the city to vote "No" to question one on the ballot.

JAMES M. CURLEY,
Mayor of Boston.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—On the ballot at the State Election, November 5, there will be a long referendum (Question No. 1) which would repeal the present Old Age Assistance Law in Massachusetts and substitute in its place an entirely new act. Under the provisions of the new act, the administration of old age assistance will be removed from the Department of Public Welfare of the State and placed under the control of an Old Age Pension Commission. All employees of the state and local welfare departments engaged in the operation of the present Old Age Assistance Law are to be transferred to this new department, and all old age assistance payments will be made by the new department. Under the new law, the minimum pension to be paid would be \$48 per month as against the present minimum provision of \$40.

From a reading of the proposed act and the referendum material issued by the Secretary of State, it does not appear that material benefits will accrue in the event of the enactment of the proposed legislation to aged persons who would be eligible for the pension payments provided. The average benefits in Boston under the existing legislation already exceed the proposed \$48 minimum figure by a considerable margin. The average budget for a person living alone is \$60.40 per month in the six summer months and \$67.20 per month in the six winter months. While payments under the proposed legislation are referred to as pensions, the actual provisions of the act provide that all payments "shall be on the basis of need" and establish a limit in the amount of cash which a recipient may have in order to be eligible for payments. The new act further provides that any income a recipient may have shall be deducted from the amount of the so-called pension. These limitations and restrictions clearly indicate that the payments will, as under the present law, be in the form of assistance rather than, as it is claimed, in the form of an outright pension. If the use of the term "pension" is deemed more desirable than the present term "assistance," there is no need for establishing a separate department, since the Legislature may accomplish this end by amendment to the existing statute.

At the present time in Boston, there are nine old age assistance offices located in the different sections of the city which are easily available to the aged. This "close to home" service is a distinct advantage to the aged persons involved, since it reduces to a minimum travel requirements in the event of emergencies or

unforeseen problems arising. Whether this highly advantageous decentralized form of administration would be possible under the single state department proposed is a question.

There are certain aspects of the bill which would appear to endanger the finances of cities and towns throughout the commonwealth. While the proponents of the measure state that the entire cost of the new venture will be borne by the State and the Federal governments, there are no provisions in the proposed act for financing the disbursements of the proposed Old Age Commission. It may be assumed that after Federal and State contributions have been utilized, the balance remaining will be assessed upon cities and towns in the form of a State tax. In the event substantial increases occur in the administration of the new act, as is claimed by its opponents, increased State tax assessments would have to be levied on the cities and towns. In short, while old age benefits disappear as a direct municipal cost, they would still be borne by local taxpayers in the indirect form of the State tax.

There is also a possibility that enactment of the proposed legislation might jeopardize the continued receipt of Federal assistance. Under the provisions of the Social Security Act, it is required that one state department administer all forms of assistance. This requirement is satisfied at the present time by the fact that the State Department of Public Welfare administers all forms of relief within the State. The establishment of an independent department and the transfer to this department of the administration of old age payments, would appear to constitute a possible violation of the present Federal requirement. In the event this possibility became an actuality, the Commonwealth would lose twenty million dollars which it now receives in the form of Federal reimbursements.

In the light of the foregoing comments, it appears that no material benefits will accrue to the aged and that the finances of local communities in Massachusetts may be endangered in the event of the enactment of the proposed legislation.

Very truly yours,

CHARLES J. FOX,
City Auditor.

SERVICE ORDER FOR STREET LIGHTS.

The Mayor has approved the following request of the Park Commissioner:

BOSTON, October 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of July 2 you approved my request to award a service order to the Boston Edison Company for the installation of three street lights on the crosswalk of Fallon Field, Roslindale, for the sum of \$1,213. A survey has been made and we find that in order for the lighting to be effective so that it will cover all the dark areas in this vicinity, it will be necessary for us to have the lights installed in other positions. This will require more underground work and more wiring.

The Edison Company informs us that the cost will be an additional \$507.

Therefore, I request your permission to change Service Order 340, for this work, from the sum of \$1,213 to the sum of \$1,720, same to be charged to the appropriation, "Park and Playground Improvements, etc., Revenue."

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PAY FOR PROBATE REGISTRY ABSTRACTS.

The Mayor has approved the following request:

BOARD OF ASSESSORS,
BOSTON, October 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In the year 1945, an arrangement which was approved by the then Board of Assessors made it possible for the Board to obtain abstracts of the records of the Probate Court of Suffolk County as to the change of ownership of real and personal property by utilizing the services, part time, of three first assistant assessors on an alternating monthly basis. This service cost the city \$1,800, of which each of the three assessors referred to received \$600. The reason that this arrangement was undertaken then was due to the fact that the former probate clerk died and obtaining such information from the probate records was compulsory.

When the 1946 budget was submitted, it was expected that the program might continue for the year 1946, and in the absence of any decision to the contrary, the work was continued under this plan during the month of January, 1946, by Louis M. Gropman, first assistant assessor.

The three assessors involved in the program were then notified that the present Board of Assessors desired to discontinue the arrangement of obtaining information in the Probate Court.

The Board of Assessors now feels that the failure to continue in 1946 the plan in operation during the year 1945 was no fault of Mr. Gropman, who performed this work in the month of January, 1946, in good faith. It is therefore respectfully requested that his Honor the Mayor approve the payment of \$150 to Louis M. Gropman, first assistant assessor, for obtaining Suffolk Probate registry abstracts during the month of January, 1946 (the same monthly sum which was paid in the year 1945).

Very truly yours,

PETER J. ALLEN, *Chairman.*

SERVICE ORDER FOR TRIMMING TREES OF PARK DEPARTMENT.

The Mayor has approved the following request of the Park Commissioner:

BOSTON, October 8, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of September 23 the Superior Tree Service, Inc., of 228 Kelton street, Allston, Mass. (Thomas M. Walsh, president), started necessary work in trimming and pruning street trees along Commonwealth avenue. My intention was to have them trim and prune the trees in certain sections of the avenue at a cost not to exceed the sum of \$950.

I find now that there are trees in several other sections of Commonwealth avenue that need immediate attention. Therefore I am writing you to allow me to have this additional work done, the total cost of all the work not to exceed \$1,900, and, as the amount is under \$2,000, I request your permission to put it on a service order. The work is very important and needs to be done at once.

The service order, in the amount of \$1,900, will be charged to the special appropriation, "Park and Playground Improvements, etc., Revenue."

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

MAYOR CURLEY'S MONTHLY RADIO ADDRESS TO THE CITIZENS OF BOSTON.

(Continued from page 1293.)

The Boston Fire Department is rapidly emerging from a chaotic condition to a real fire-fighting force. The complement of men has been filled to capacity, and all men appointed have been men who served in the armed forces. Two additional fireboats to replace one fifty-one years old, and continually out of commission, are now undergoing reconstruction. The boats in question were built by the Federal Government in 1943 and used less than six months, and cost the Federal Government approximately \$900,000. Boston is exceedingly fortunate, however, in securing the boats for \$25,000 each. Upon completion, the City will be protected with two modern fire-fighting boats with single and twin screw Diesel engines, instead of the old coal-burning type so long in use, which will represent a saving of approximately \$25,000 annually for fuel requirements. Orders have been placed and contracts have been signed for some 53 pieces of fire apparatus to replace the apparatus which has been in use, in many cases, for over 30 years and was continually suffering breakdowns in responding to alarms.

In the case of the Fire Department, the public of Boston have been exceedingly patient and extremely charitable, since 60 per cent of the fire-fighting apparatus has been practically obsolete, and unfit to operate effectively during the last 10 years. Due to labor disturbances and strikes, the probability is that full delivery of the apparatus ordered will require a full year. In the meantime, the public are invited to cooperate on fire prevention work until such time as the Fire Department has been restored to a real fire-fighting basis.

HOUSING SITUATION.

In the matter of housing, contracts are rapidly nearing completion on the veterans' temporary housing projects at Franklin Field and Alsen Playground, whereby accommodations will be made available shortly, and before the winter sets in, for a total of 733 families, which includes Camp McKay already in operation. The Federal Government has exhausted its funds for temporary housing, and likewise for the proposed permanent housing at South Boston, and the vicinity of the Holy Cross Cathedral. Under the law, the City is permitted to borrow some \$28,000,000 for the construction of one and two family houses for veterans and the Boston City Council has already given the first reading to a bill providing \$10,000,000 for this problem.

I have made partial arrangements for all groups that desire to supply houses that can be let at a rental not in excess of \$60 a month, to submit their proposals, and also to construct at once sample houses such as they state can be constructed for \$6,500 or less. Sites will be selected within the next ten days and orders issued for the construction of model houses along the lines which they believe can be built to be rented to veterans and their families. A proposal has been received by the City from a private organization to construct a 2,400-room series of buildings, eight or more stories in height, which it claims can be let at a reasonably low rental, and provided legal difficulties can be satisfactorily ironed out, it is not unreasonable to expect that within 30 days the necessary agreements will be entered into.

A survey has been conducted since January first on the question of readjusting wages for the persons employed in the City, so that their incomes may be sufficient to meet the increase in the cost of living.

The increases determined upon will represent an increase in wages and salaries totaling in excess of \$4,000,000, and it is to be hoped that a measure presented in behalf of the City—in fact of all cities and towns of the Commonwealth—permitting passage of legislation to meet the increased cost of administration, by taxation, other than increasing the burden on real estate, may receive early approval.

RAISING TAX REVENUE.

Various methods have been suggested, ranging from a withholding pay roll tax of 1 per cent on all persons who derive their livelihood in Boston, to a sales tax, or an increase in the corporation tax, and any one of these proposals, if adopted, would return sufficient revenue to the City to not only meet its human obligation to the employees of the City, but, in addition, make possible a reasonable reduction in the tax rate, and a lessening of the burden borne by home owners and business interests.

I might say in passing, that the City of Philadelphia derived revenue in excess of \$21,000,000 last year, from a withholding pay roll tax, and provided the same tax is put in operation in Boston, it would represent an increase in our income in the vicinity of \$10,000,000, or more than sufficient to meet the increase in pay rolls, and in addition, make possible a reasonable reduction of the tax rate.

Through the development of the Logan Airport in East Boston, 34 acres of land, known as Wood Island Park, which has been the great recreation center of this section of the City, has been taken over by the State. Arrangements have been made this month, whereby a playground in the congested section of East Boston will be established, with a stadium for schoolboy games, holding 25,000 persons, a swimming pool, wading pool, baseball diamond and tennis courts that will be real up-to-date in every particular, and in addition, arrangements have been made for the construction of a beach with a bathhouse in the Orient Heights Section of East Boston.

FOR TRAFFIC BETTERMENT.

A modern white way has been installed on Columbus avenue, thereby relieving congestion and adding to the esthetic value of this thoroughfare, while highways in general long neglected, have been modernized and made safe for public travel.

Off-street parking, long desired by the retail business interests and by the shopping public, has been approved and it is expected shortly that the Real Estate Board of Boston and the Boston City Planning Board will agree upon a program so that work may be started in the near future on this important project.

It is my desire that the City take whatever land is necessary for caged garages and lease the same to any persons desiring to operate upon a basis that will amortize the obligation of the City during the period of their operation and further provide that the entire property constructed by private capital revert to the City at the end of the period of lease.

In the event that this recommendation is adopted, the City will amortize the investment of \$5,000,000 within a period of 20 years, and at the end of that period become the possessor of the property thus constructed which would represent a figure at that time in excess of the \$5,000,000 invested by the City and the amounts paid out by the lessees for the construction of the property erected upon city land.

MAYOR NAMES BENJAMIN SPINOZA TO SINKING FUNDS COMMISSION.

On November 5 Mayor Curley made the following announcement:

I have this day appointed to the Board of Sinking Fund Commissioners Benjamin Spinoza. Mr Spinoza is a graduate of Boston University of Law School, 1922, and was admitted to the Massachusetts Bar in 1922. He is a member of Boston, Middlesex and American Bar Associations. He is a trustee of Temple Ohabei Shalom, Brookline, and of several trusts, including Green Brothers Realty Trust, a real estate trust holding chain-store property throughout eastern United States.

He is a director and officer of the N-L Realty Corporation, Upper Falls Realty Corporation, Green Brothers 5 Cents to \$1 Stores, Inc., Green Department Stores, Flint Realty Corporation, Augusta Realty Corporation, Whitinsville Realty Corporation, Wareham Realty Corporation, Milford Building, Inc.

Since 1932 he has been General Counsel in Corporations having nationwide operations as well as corporations operating in the New England states.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Retirement Board, held on the following dates, October 15, 23, and 30, the retirement from active service of the following employees and members of the new State Retirement System was approved to become effective at the close of business, October 31, 1946:

FIRE DEPARTMENT.

John M. Walsh, inspector, salary at time of retirement \$3,100 a year.

HOSPITAL DEPARTMENT.

George P. Harkins, engineer, salary at time of retirement \$2,500 a year.

Rena M. Dean, superintendent of nurses, salary at time of retirement \$2,320 a year.

PARK DEPARTMENT.

Edward F. Horrigan, gasoline operator, salary at time of retirement \$2,028 a year.

POLICE DEPARTMENT.

Edwin B. Cohen, statistician, salary at time of retirement \$2,300 a year.

PRINTING DEPARTMENT.

Annie T. Carnes, monotype operator, salary at time of retirement \$2,440 a year.

PUBLIC WORKS DEPARTMENT.

James J. Farrell, foreman, salary at time of retirement \$2,800 a year.

REGISTRY DEPARTMENT.

Katherine I. Corbett, clerk, salary at time of retirement \$1,800 a year.

SCHOOL DEPARTMENT.

Gertrude L. Palmer, assistant, salary at time of retirement \$3,072 a year.

Viola M. I. Clark, assistant, salary at time of retirement \$3,860 a year.

Clara B. Shaw, head of Department, salary at time of retirement \$3,936 a year.

Mary L. Sheehy, head of Department, salary at time of retirement \$3,936 a year.

Elizabeth I. Rogers, assistant, salary at time of retirement \$2,400 a year.

Annie D. Dooley, vice principal, salary at time of retirement \$3,072 a year.

Katherine Tenney, assistant, salary at time of retirement \$2,304 a year.

Agnes C. Grady, assistant, salary at time of retirement \$2,304 a year.

Anna M. Stevens, assistant, salary at time of retirement \$2,304 a year.

Alfred M. Butler, head of Department, salary at time of retirement \$4,464 a year.

Helen E. Cleaves, director, salary at time of retirement \$4,440 a year.

Margaret Stone, assistant, salary at time of retirement \$3,072 a year.

Lucy Wiig, assistant, salary at time of retirement \$2,304 a year.

Mary F. Casey, assistant, salary at time of retirement \$2,304 a year.

William Cannon, vice principal, salary at time of retirement \$3,888 a year.

Edith Richards, assistant, salary at time of retirement \$2,496 a year.

Grace E. Morrill, first assistant, salary at time of retirement \$3,936 a year.

Rina M. Greene, assistant, salary at time of retirement \$3,072 a year.

STREET LAYING-OUT DEPARTMENT.

Henry A. Brawley, engineer, salary at time of retirement \$3,300 a year.

SUFFOLK COUNTY.

Mary H. Lambert, telephone operator, salary at time of retirement \$1,800 a year.

Louis V. Jennings, messenger, salary at time of retirement \$2,950 a year.

Julia C. Godvin, clerk, salary at time of retirement \$2,300 a year.

Attest:

W. J. DOYLE, *Chairman.*

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, October 15, 18, 23 and 30, the retirement from active service of the following-named employees under the provisions of chapter 521 of the Acts of 1922, was approved to become effective at the close of business, October 31, 1946, except where otherwise indicated:

BUILDING DEPARTMENT.

David Hastie, chief, Planning Division, salary at time of retirement, \$3,500 a year.

FIRE DEPARTMENT.

Robert T. Donovan, hoseman, salary at time of retirement, \$2,500 a year.

Paul D. McGrath, ladderman, salary at time of retirement \$2,500 a year.

Patrick J. O'Connor, ladderman, salary at time of retirement, \$2,500 a year.

HOSPITAL DEPARTMENT.

Grace Dowd, telephone operator, salary at time of retirement, \$1,560 a year.

PARK DEPARTMENT.

Thomas J. Joyce, engineer, salary at time of retirement, \$2,158 a year. (August 13, 1946.)

POLICE DEPARTMENT.

Jacob Bankoff, patrolman, salary at time of retirement, \$2,500 a year.

Raymond J. Lane, patrolman, salary at time of retirement, \$2,500 a year.

John V. Manning, patrolman, salary at time of retirement, \$2,200 a year.

Patrick J. Morrissey, patrolman, salary at time of retirement \$2,500 a year.

Timothy E. Mulvihill, patrolman, salary at time of retirement \$2,500 a year. (May 31, 1946.)

Thomas C. O'Dwyer, patrolman, salary at time of retirement \$2,500 a year.

SCHOOL DEPARTMENT.

Margaret Creedon, assistant, salary at time of retirement \$3,072 a year.

SOLDIERS' RELIEF DEPARTMENT.

Eleanor V. Wentworth, clerk-stenographer, salary at time of retirement, \$1,600 a year. (September 30, 1946.)

Attest:

W. J. DOYLE, *Chairman.*

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

INSTITUTIONS DEPARTMENT.

Long Island Hospital.

The following changes have been made for the week ending October 9:

Appointments.—Elizabeth A. Williams, Lexington road, Concord, helper, serving room, \$726 a year plus \$200 E. C. A.; James H. Lithgow, watchman, provisional, \$800 a year plus \$200 E. C. A.; Estelle H. Fogg, 51 Rossmore road, Jamaica Plain, attendant, provisional, \$800 a year plus \$200 E. C. A.; Vincent Senkowski, 19½ Hardy street, Salem, cook, provisional, \$800 a year plus \$200 E. C. A.; Richard D. Campbell, 164 North Beacon street, Brighton, helper, serving room, \$726 a year plus \$200 E. C. A.

Termination.—Frederick J. Murphy, 29 Wrentham street, Dorchester, porter, provisional.

The following changes have been made for the week ending October 16:

Appointments.—Eleanor Elston, 72 Beachland avenue, Revere, attendant, provisional, \$800 a year plus \$200 E. C. A.; George Bergeron, 280 Boulevard, Revere, attendant, provisional, \$800 a year plus \$200 E. C. A.

CHANGE IN JOB CLASSIFICATION.

The Mayor has approved the request contained in the following letter:

BOSTON, September 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of August 1, 1946, I requested a change in the Classification Act in relation to the position of indictment clerk in this department. This request was disapproved by the Budget Commissioner in the form requested. I am therefore forwarding this request that the present classification of indictment clerk be abolished and that the former classification of chief stenographer and indictment clerk be restored. The duties of chief stenographer and indictment clerk are as follows:

Duties: Under general direction, to act as stenographer for the Grand Jury; to assign and list Grand Jury cases; to draw all indictments resulting from Grand Jury action; to keep necessary records; to supervise and assign the clerical and stenographic work of the District Attorney's office; and to perform other related work.

Range of Compensation: Annual, \$2,600-\$2,900-\$3,200-\$3,500.

Simultaneous with this restoration of classification I desire to transfer to this rating the present indictment clerk, Mr. John P. O'Flanagan. I desire that Mr. O'Flanagan's salary be set at the maximum amount of \$3,500, under the provisions of Schedule C, Section 9-A of the Classification Act.

Mr. O'Flanagan has been a member of the Bar for the past ten years, has been performing the duties of indictment clerk for the past eight years, and has served as Grand Jury stenographer for the past five years. He has been performing all the duties set forth above.

I respectfully request that action on this matter be expedited.

Very truly yours,

WILLIAM J. FOLEY,
District Attorney.

Approved,

JOHN A. SULLIVAN,
Budget Commissioner.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon October 14 the Mayor approved a contract with M. Solimando for additions to, and alterations of Fire Station, Engine 24, located at 434 Warren street, Roxbury. The following bids were opened Friday, September 13, 1946:

Peabody Construction Company, \$21,097; M. Solimando, \$31,577; J. A. Singarella, \$33,950; M. Spinelli & Sons Company, Inc., \$39,646.

The foregoing bid amounts, with the exception of the bid of the Peabody Construction Company, includes allowances for plumbing and heating work and also for five alternates as follows: 1, installation of linoleum; 2, installation of electric overhead doors; 3, installation of oil burner; 4, installation of hose rack; 5, installation of tile wainscot.

Alterations and repairs to Engine House 24 are required for the safe storage and operation of heavy motor fire apparatus and the safety of department personnel quartered in the station. The

work to be done includes installation of a concrete main floor to replace the present wooden floor and other changes throughout the building, including roofing, plumbing, heating, electrical work, etc.

HOSPITAL DEPARTMENT.

Upon October 15 the Mayor approved a contract with the Peabody Construction Company for alterations and repairs to Vose House, to provide a library, and improvements to dietetic laboratory, Boston City Hospital, Bids, opened Wednesday, September 25, were as follows:

M. Solimando, \$3,320; James S. Kelliher, \$3,150; R. A. Bucella & Sons, \$2,785; Peabody Construction Company, \$2,785; Feldman Construction Company, \$1,778.

Upon October 15 the Mayor approved a contract with bidders as indicated in the following letter:

BOSTON, October 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Proposals for equipment for nurses' library, Vose House, Boston City Hospital, were opened at the hospital on Wednesday, September 25, 1946.

The following bids were received:

For Book Shelving: Calley, Henderson & Stewart, Inc., \$2,763.60; Art Metal Construction Company, \$2,313.

For Movable Equipment: Art Metal Construction Company, \$6,477; Calley, Henderson & Stewart, Inc., \$5,707.50.

Subject to your approval, the Trustees have awarded the contract for book shelving to Art Metal Construction Company, the low bidder, at \$2,313, and the contract for movable equipment to Calley, Henderson & Stewart, Inc., the low bidder, at \$5,707.50.

Respectfully yours,

JAMES W. MANARY, M. D.,
Superintendent.

PARK DEPARTMENT.

Upon October 1 the Mayor approved a contract with Warren Brothers Roads Company for surfacing with sheet asphalt the tennis courts at Readville Playground, Readville. Bid, opened Thursday, September 26, was as follows:

Warren Brothers Roads Company, \$2,700.

Upon October 16 the Mayor approved a contract with P. J. Dinn & Co. for furnishing and erecting wire fences at Oak Square Playground, Brighton. Bid, opened Thursday, October 10, was as follows: P. J. Dinn & Co., \$3,250.

Upon October 17 the Mayor approved a contract with J. D'Amico for excavating, loaming, concrete walks and seats at Oak square, Brighton. Bids, opened Thursday, October 10, were as follows:

J. D'Amico, \$5,722.50; William P. Herlihy, \$5,781.50; Rosario A. Buccella & Sons, \$6,392.50; Martin J. Kelly Company, Inc., \$6,577; A. Singarella & Son, \$7,145.

Upon October 18 the Mayor approved a contract with Burgess & Blacher Company for repairs to roof at Cabot Street Bath, Roxbury. Bids, opened Thursday, September 12, were as follows:

Burgess & Blacher Company, \$5,660; Walsh Roofing Company, \$6,318; John J. Hourihan, \$6,414.

Forbes & Son Company, 179 Second street, Cambridge, list unit price, \$8,859; tax deducted from list; less trade-in, \$600; net unit price, \$8,259; total, \$24,777; cash discount, 2 per cent.

Remarks.—C. N. Wood Company, 276 Third street, Cambridge, model Walter F2M, Gar Wood body; delivery 4-5 months; E. A. Forbes & Son Company, 179 Second street, Cambridge, model FWD SU, Gar Wood hoist, Norwood body, delivery 60 days.

Upon October 14 the Mayor approved a contract with low bidders as indicated for furnishing hay and grain for the various city departments, as required, from September 30, 1946, to November 1, 1946. The total of the awards were as follows:

William Culkeen & Sons Company, \$750, less 1 per cent, ten days; Curley Grain and Fuel Company, \$3,754.60, less 1 per cent ten days. Total, \$4,504.60.

Bids were as follows:

Per Hundredweight.

Item 1. United States No. 1 Timothy Hay.—John J. White Company, \$1.59;

Curley Grain and Fuel Company, \$1.519; William Culkeen & Sons Company, \$1.495*; Louis E. Page, Inc., \$1.545.

Item 2. No. 1 Timothy Clover.—John J. White Company, \$1.75; Curley Grain and Fuel Company, \$1.569*; Louis E. Page, Inc., \$1.645.

Item 3. Alfalfa.—John J. White Company, \$2.50; Curley Grain and Fuel Company, \$2.35.*

Item 4. No. 2 Oats.—John J. White Company, \$3.65; Curley Grain and Fuel Company, \$3.24.*

Item 5. Bran.—John J. White Company, \$3.40; Curley Grain and Fuel Company, \$3.15.*

Item 6. Sunflower Seed.—John J. White Company, \$19; Curley Grain and Fuel Company, \$14.50.*

Item 7. Hempseed.—John J. White Company, \$21; Curley Grain and Fuel Company, \$19.*

Item 8. Scratch Feed.—John J. White Company, \$4.50; Curley Grain and Fuel Company, \$4.30.*

Item 9. Creamed Corn.—John J. White Company, \$4.75; Curley Grain and Fuel Company, \$4.35.*

Item 10. Whole Corn.—John J. White Company, \$4.75; Curley Grain and Fuel Company, \$4.25.*

Item 11. Canary Seed.—John J. White Company, \$13; Curley Grain and Fuel Company, \$12.50.*

Item 12. Cracked Oats.—John J. White Company, \$3.90; Curley Grain and Fuel Company, \$3.75.*

Item 13. Beacon Battery Broiler.—John J. White Company, \$4.53; Curley Grain and Fuel Company, \$4.5375; William Culkeen & Sons Company, \$4.51, Flory.*

Item 14. Turkey Growing.—John J. White Company, \$4.475; Curley Grain and Fuel Company, \$4.462*; William Culkeen & Sons Company, \$4.535, Flory.

Item 15. Turkey Fitting.—John J. White Company, \$4.05; Curley Grain and Fuel Company, \$4.028.*

Cash Discount, Ten Days.—John J. White Company, 1 per cent; Curley Grain and Fuel Company, 1 per cent; William Culkeen & Sons Company, 1 per cent; Louis E. Page, Inc., 1 per cent.

* Contract awarded.

Upon October 15 the Mayor approved the award of a contract as indicated in the following letter:

BOSTON, October 7, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On September 11, 1946, a proposal for furnishing lumber to the various city departments was advertised in the *City Record* and forty-two lumber dealers were notified.

On September 25, 1946, bids were publicly opened and read in this department.

The Barney & Carey Lumber Company, 2 Granite avenue, Milton, Mass., was the only bidder, and bid on three (3) items only, as follows:

Item 1. 10,000 board feet, 2 inches by 8 inches by 18 feet, Select Structural hard pine, planed one side, \$137.25 per M. board feet.

Item 2. 30,000 board feet, 2 inches by 8 inches by 12 feet, 14 feet, 16 feet, Select Merchantable spruce, planed one side, 12 feet, \$99 per M.; 14 feet, \$99 per M.; 16 feet, \$103 per M. Approximate total, Item 2, \$3,010 per lot.

Item 3. 10,000 board feet, 4 inches by 8 inches by 16 feet, Select Merchantable spruce, planed one side, \$103, per M. board feet.

I respectfully request that permission be granted me to award a contract to the Barney & Carey Company for these items; and that the other twenty-five items be purchased on the open market, when and where available.

The approximate amount of the Barney & Carey Company contract will be \$5,412.50, 2 per cent, ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Upon October 15 the Mayor approved a contract with bidder as indicated in the following letter:

BOSTON, October 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Attached please find only bid received on proposal for furnishing sectional grave liners to the Cemetery Division of the Park Department which were publicly opened and read under date of October 11, 1946.

I respectfully request that permission be granted me to award a contract to the Cambridge Cement Stone Company of Allston, Mass., the only bidder, calling for 100 No. 86 sectional grave liners and 100 No. 88 sectional grave liners, at a price of \$12 each, less cash discount of 2 per cent for payment in ten (10) days.

The total amount of the contract will be \$2,400.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

Upon October 17 the Mayor approved a contract with the Westinghouse Electric Corporation for furnishing all materials and installing four new cleat-step type reversible moving stairways in the Atlantic Avenue Station of the East Boston Tunnel. Bids, opened August 21, were as follows:

Otis Elevator Company, \$251,660; Westinghouse Electric Corporation, \$241,570.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms, commercial houses and contractors for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, October 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the award of a contract, without advertising, to Asa C. Deming and Milton C. Ford, Ltd., in the sum of \$1,308, for furnishing and installing in complete working order, one Globe free wheel type hydraulic lift for ambulance garage, Boston City Hospital. When this work was contemplated informal bids were requested, and in reply the following bids were received:

B & A Elevator Company, \$1,640; George T. McLaughlin Company, \$1,525; Asa C. Deming and Milton C. Ford, Ltd., \$1,308.

The Trustees feel that nothing can be gained by advertising, and therefore recommend the award of this contract to Asa C. Deming and Milton C. Ford, Ltd., the lowest bidder at \$1,308.

Respectfully yours,

JAMES W. MANARY, M. D.,
Superintendent.

SUPPLY DEPARTMENT.

BOSTON, September 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of August 30, 1946, bids were publicly asked for furnishing 50,000 yards of toweling, as per sample, to the Park Department, for use in the various gymnasiums and bathhouses. Although the entire list of prospective bidders was canvassed by this office no bids were received due to the fact of the extreme scarcity of textiles in general at the present time.

In a further effort to secure bids on this commodity all prospective bidders were contacted informally by means of written quotations and we were able to secure one bid from the Sparrow Chisholm Company, 140 Essex street, Boston, at a price of 22½ cents per yard. The sample submitted on this offer was accepted by the Park Department as satisfactory.

In view of the foregoing I would respectfully request that permission be granted me to award a contract, without advertising, to the Sparrow Chisholm Company for furnishing 50,000 yards of toweling, as per sample, at a price of 22½ cents per yard. The total amount of the contract will be \$11,250, and the terms are net.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is requested to purchase, without publicly advertising for bids, from the New England Coke Company, 250 Stuart street, Boston, 100 tons of stove size coke at \$15.44 per net ton, to be delivered to the Long Island Hospital Division of the Institutions Department.

The New England Coke Company has been supplying this coke under contract for several years and has fulfilled its contractual obligations in a highly satisfactory manner; and, in view of the fact that it is the only coal company with facilities for delivering by lighter into the bins at the Long Island Hospital, it is my opinion that no advantage would be gained by publicly advertising for bids.

The total award will be \$1,544, less a cash discount of 15 cents per ton for payment within fifteen days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, September 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is requested to dispense with public advertisement in the purchase from the Lawton Wing Company, 890 Commonwealth avenue, Boston, of the following:

One new 1946 Plymouth, two-door model, P15 sedan, to include accessory group No. 3 and dual windshield wiper, oil filter, oil bath, air cleaner, rear view mirror, spare wheel with tire and tube, heater and defroster; to be painted Fire Department Burgundy maroon, at \$1,349.40; plus high-type police generator, \$46.30—\$1,395.70; less Excise Tax, \$64.50; accessory tax, 90 cents; trade-in allowance on 1940 Buick limousine, as-is, \$100—\$165.40; net delivered price, \$1,230.30.

The Lawton Wing Company is prepared to make immediate delivery and in view of the condition of the automobile market, it is my opinion that no advantage would be gained by publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 1, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—It is recommended that a contract be awarded, without public advertisement for bids, to the Eagle Signal Corporation, Moline, Illinois, for furnishing and delivering to the Boston Traffic Commission, eight traffic signal controllers, in accordance with Boston Traffic Commission specifications for interconnected system, dated September 10, 1946. This company has quoted a price of \$467 per unit, making a total of \$3,736.

This unit price is the same as that submitted by the Eagle Signal Corporation in a formal bid, publicly opened and read at this office on September 20, 1946, on proposals for furnishing six traffic signal controllers to the Boston Traffic Commission.

In view of the fact that this concern was the only bidder in response to public advertisement, your approval of this award without further advertisement is recommended.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 1, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—On May 31, 1946, bids were publicly opened and read at this office on proposals for furnishing, as required, hay, grain and straw for the various city departments.

Because of shortages, no bids were received on turkey growing mash and it was necessary to purchase this item in the open market. The John J. White Company, 102A street, South Boston, was the only concern in a position to supply this food, and an order was placed for 30,000 pounds at \$4.905 per hundred-weight, a total of \$1,471.50, less a cash discount of 1 per cent for payment in ten days.

It is requested that this transaction be approved in order that the files of this office may be completed.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 11, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—The Boston Ice Company, currently the contract supplier of anthracite coal to the various city departments and buildings, has agreed to supply the requirements of the Soldiers' Relief Department.

I respectfully request permission to award a contract, without advertising, to the Boston Ice Company for supplying approximately two hundred twenty-five (225) tons of anthracite stove coal to the Soldiers' Relief Department at a price of \$17.92 per ton. An additional charge of

50 cents per ton will be made for delivery of one-half ton lots.

The approximate amount of the contract will be \$4,032.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 1, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Under date of July 30, 1946, bids were publicly opened and read at this office on proposals for furnishing three complete lighting plants, in accordance with specifications, for the Fire Department.

As set forth on the attached tabulation, three bids were received. The bid of the Parker-Danner Company was incomplete inasmuch as no price was submitted on Item 2. The Graybar Electric Company submitted a total bid of \$4,256.10, which contained an escalator clause providing for higher prices. Since the public opening, this concern has withdrawn its original bid and substituted a bid of \$4,841.88.

In a letter on file in this office, the Fire Commissioner has recommended the purchase of the equipment offered by the Fairbanks-Morse Company under its alternate bid No. 2, as the equipment best suited for the needs of the Fire Department. Since the public opening, the Fire Department has made one change in specifications, stipulating that the starting equipment be equipped with two standard push-button start instead of automatic starting panel; and the Fairbanks-Morse Company has corrected its bid in that it provided for 115/230 voltage instead of 115 voltage called for in the specifications. The change in starting equipment will provide for a reduction of \$80 per unit; in voltage, \$35 per unit; making a total reduction per unit from the formal bid of \$115.

It is my recommendation, therefore, that the contract for furnishing three lighting plants to the Fire Department be awarded to the Fairbanks-Morse Company, without further advertisement, at a unit price of \$1,316. The total amount of the contract will be \$3,948.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

2 Model K, or Equal, Electric Plants, 2,000W.—Graybar Electric Company, \$474.50 each; Parker-Danner Company, \$366.25 each, Master M*G*3; Fairbanks-Morse Company, as below.

2 Type LCE 20 Cast Aluminum Floodlights, 20-Inch Hammered Glass Reflectors, Arranged for 750-1,000 W Lamps.—Graybar Electric Company, \$58.96 each; Parker-Danner Company, no bid; Fairbanks-Morse Company, as below.

4 Type LCE 16 Cast Aluminum Floodlights, 16-Inch Hammered Glass Reflectors, Arranged for 500W Lamps, 250-Foot Cable, Accessories.—Graybar Electric Company, \$47.57 each; Parker-Danner Company, \$81.50 each, cannot furnish cord and connections as specified, will furnish 12 paraloam at \$64.35 each, light is 14½ inches, No. 1600; Fairbanks-Morse Company, as below.

Cost for Each Unit Complete.—Graybar Electric Company, \$1,418.70; Parker-Danner Company, \$1,315.19; Fairbanks-Morse Company, \$1,507, Model FM, W3A, 2,000W A. C., alternate 1; \$1,638, Model FM, W3A, 3,000W A. C., alternate 2; \$1,431, Model FM, 53A, 5,000W A. C., alternate 2.

Cost for Three Units Complete.—Graybar Electric Company, \$4,256.10; Parker-Danner Company, \$3,947.70; Fairbanks-Morse Company, \$4,521, alternate 1; \$4,914, alternate 2; \$4,293, alternate 2.

Cash Discount, Ten Days.—Graybar Electric Company, 2 per cent on floodlights and cord, balance, net; Parker-Danner Company, 2 per cent; Fairbanks-Morse Company, net, alternate 1; net, alternate 2; net, alternate 2.

Remarks.—Graybar Electric Company, multiple switches, inclusive; Parker-Danner Company, prices subject to change by any OPA ruling.

CONTRACTS AMENDED.

LIBRARY DEPARTMENT.

The New England Deposit Library has been allowed to amend the contract for the rental of storage space in said New England Deposit Library as follows:

Whereas, Said contract provides that the cost of the rental of storage space is \$4,000.

Whereas, Additional rental of space has become necessary in the amount of \$1,386.

Whereas, The reasons in detail for the additional rental of space have been set forth in a letter to the Mayor, approved by the Mayor on July 8, 1946, and subsequently published in the *City Record*, which letter, approval and publication are incorporated herein and made a part hereof.

It is agreed by and between the parties hereto that the contract of February 2, 1946, be amended so as to provide for a total cost of rental of storage space in the amount of \$5,386.

PUBLIC WORKS DEPARTMENT.

R. A. Buccella & Sons have been allowed to amend a contract in accord with the request to the Mayor as contained in the following letter:

BOSTON, September 17, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—A contract dated November 28, 1945, was awarded to R. A. Buccella & Sons for sewerage works in Appleton street, between Clarendon street and Berkeley street, the amount of their bid being \$1,624.15.

The final estimate for the work is \$2,390.23, which exceeds 25 per cent of the original bid in the amount of \$360.04.

In order that the contractor may be paid for his work, we request your approval to amend Item 10 of the contract for excavation below grade at \$5 per cubic yard, from 5 cubic yards to 66.98 cubic yards, and Item 13, for gravel refill at \$5 per cubic yard, from 10 cubic yards to 81.98 cubic yards.

Items 10 and 13 exceeded the estimated quantities because the foundation material was found unsuitable, causing the old sewer to settle about 6 inches.

Respectfully yours,

DANIEL M. SULLIVAN,
Acting Commissioner of Public Works.

POLICE DEPARTMENT ORDERS.

General Order No. 791.

The Police Commissioner wishes to express his thanks to every member of the department who contributed to the fund established for the benefit of the family of the late Serg. William F. Healey. Your sympathetic kindness and generosity long will be remembered by Mrs. Healey and her two little girls. They have

asked me to convey their sincere expression of gratitude to you.

The success of this fund, made possible by the fine response of the citizens of this community to our appeal, I believe, is conclusive evidence of public confidence in the Boston Police Department and interest in its personnel.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 792.

Acting under provisions of Chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at close of business, Thursday, October 31, 1946.

Wherefore, In view of this operation of law, after October 31, 1946, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Thomas C. O'Dwyer, Division 9.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 793.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, and that their names be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by each in the office from which they are retired; effective Friday, November 1, 1946, at 7.45 o'clock a. m.:

Patrolman Hormisdas LaMarche, Division 2, 27 years of service.

Patrolman Patrick A. Hurley, Traffic Division, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 794.

The resignation of Patrolman Robert J. Hartigan of Division 9 having been presented, it is hereby accepted, to take effect as of Thursday, October 31, 1946, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 65.

I. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, October 30, 1946, are hereby announced:

Lieut. John J. Breen, from Engine 34 to Engine 26.

Lieut. Charles J. Fleming, from Tower 1 to Ladder 1.

Lieut. John F. Beecher, from Ladder 32 to Ladder 19.

Lieut. Kenneth C. Arnold, from Ladder 1 to Rescue 3.

Hoseman David E. Lane, from Engine 5 to Ladder 2.

II. NEW FIRE ALARM BOX.

In the near future a fire alarm box will be installed and placed in service as follows:

2164, Warren and Quincy streets.

The box will be connected into circuit No. 84 and assignment of apparatus will be the same as for Box 2161. New assignment cards for the box will be issued at a later date.

III. G. A. C. ASSIGNMENT.

The following signal number is to be added to running cards of the G. A. C. in this department:

Signal 298, Smithcraft, 100 Cummington street, (Wet System.) Apparatus to respond: Engine 33, Ladder 15, District Chief 8. Nearest box is 2313.

IV. DISCONTINUANCE OF A. D. T. SIGNAL.

Notice has been received that the following A. D. T. signal has been discontinued:

Signal 123, 10 Roland street, Crosby Steam Gage and Valve Company.

Company commanders are requested to make the required deletion on page 5 of the A. D. T. Book.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 66.

I. PROMOTION.

The following promotion, which became effective at 8 a. m., October 30, 1946, is hereby announced:

Hoseman Michael J. Donovan, Engine 1, to engineer, High Pressure.

II. TRANSFERS.

The following transfer, which became effective at 8 a. m., October 30, 1946, is hereby announced:

Engineer Michael J. Donovan, from Engine 1 to High Pressure.

The following transfers, which will become effective at 8 a. m., Wednesday, November 6, 1946, are hereby announced:

Ladderman Bernard J. McTiernan, Jr., from Ladder 16 to Ladder 30.

Hoseman Raymond D. Doucette, from Engine 32 to Engine 10.

P. M. S. Robert McGilveary, from Engine 19 to Engine 49.

III. RETIREMENTS.

The following retirement, which became effective at 5 p. m. Thursday, October 31, 1946, is hereby announced:

Chief Inspector John M. Walsh, Electrical Inspection Division.

The following retirement, which became effective at 8 a. m., Friday, November 1, 1946, is hereby announced:

Ladderman Patrick J. O'Connor, Ladder Company 16.

Chief Inspector Walsh was appointed to the Electrical Inspection Division June 16, 1916, and was promoted to the grade of chief inspector September 6, 1933. Ladderman O'Connor was appointed to the department February 1, 1921. Both of these men leave the department with the best wishes of their associates.

IV. COMMENDATIONS.

Hoseman Joseph A. Dashner of Engine 13 is hereby commended for notify-

ing the Fire Department of a gasoline leak in a stalled Elevated bus on Norfolk avenue, Roxbury, on October 27, 1946, while off duty. Hoseman Dashner kept a crowd of children away from the scene and warned adults not to light matches or smoke near the scene.

P. M. S. Raymond G. Chisholm of Engine 33 is hereby commended for notifying the department of a fire, and holding said fire in check until the arrival of apparatus at Box 5137, on the night of October 31, 1946, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TRAFFIC COMMUNICATION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water-main construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective October 31, 1946:

Oakview Terrace, West Roxbury.

From Centre street to Belmore terrace.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective June 10, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days, from August 9, 1946, is hereby extended for a further trial period of sixty (60) days, from October 8, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Blue Hill Avenue, Roxbury.

East side, from Dudley street to Warren street, 8 a. m. to 10 a. m.

West side, from Dudley street to Warren street, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted June 13, 1946, and were effective June 13, 1946, for a trial period of sixty (60) days, and which were extended for a further trial period of sixty (60) days, from August 11, 1946, are hereby extended for a further trial period of sixty (60) days, from October 10, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Atlantic Avenue, Boston Proper.

West side, from Richmond street to Clinton street, twenty-four hours.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Atlantic Avenue, Boston Proper.

East side, from Commercial street to a point one hundred (100) feet northeast of Summer street, 8 a. m. to 10 a. m.

West side, from Commercial street to Summer street, 4 p. m. to 6 p. m.

Commercial Street, Boston Proper.

Northeast side, from Jackson avenue to a point one hundred and forty (140) feet northwest of Hanover street, 8 a. m. to 10 a. m.

Northeast side, from Hanover street to Atlantic avenue, 8 a. m. to 10 a. m.

Southwest side, from Jackson avenue to Atlantic avenue, 4 p. m. to 6 p. m.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 28, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilor Russo. The meeting was opened with the salute to the Flag.

RAFTS AT CITY POINT PUBLIC LANDING.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the Chairman of the Board of Park Commissioners, in reply to your order dated October 14, 1946, to arrange to have some rafts fastened to the Public Landing at City Point in order that they may be available for persons who desire to use them during the fishing season.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston.

Park Department, October 19, 1946.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of October 17, with inclosure, order from the City Council requesting this department to arrange to have some rafts fastened to the Public Landing at City Point in order that they may be available for persons who desire to use them during the fishing season.

Please be informed that the few rafts we have in the department are now being repaired, after the summer season, and it will take at least a month or two before they would be available.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

LIGHTING FACILITIES, HARTVALE AND DALE STREETS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works in reply to your order of October 7, 1946, to provide additional lighting facilities on Hartvale and Dale streets, Ward 18.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 21, 1946.

Mr. J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works provide additional lighting facilities on Hartvale and Dale streets, Ward 18, and this will advise you the Lighting Service of the Public Works Department will have a survey made of these streets with a view to improving conditions, providing same is necessary and conditions permit.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

CHANGING NAME OF SINCLAIR PLACE.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Board of Street Commissioners in reply to your order of October 21, 1946, to change the name of Sinclair place, Ward 22, to Sinclair road.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Street Commissioners,
October 25, 1946.

Mr. J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—In the matter of the inclosed order of the City Council requesting that the name of Sinclair place, Ward 22, be changed to Sinclair road, would say that this street is a private way and the Board of Street Commissioners has no jurisdiction as to changing its name.

Very truly yours,
CHARLES E. MANION, Chairman.

Placed on file.

SALE OF LAND TO JOHN HANCOCK MUTUAL LIFE INSURANCE COMPANY.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1946.

To the City Council.

Gentlemen,—I submit herewith an order for the sale of 4,703 square feet of land situated on the

northerly side of Veterans of Foreign Wars Parkway, West Roxbury, to the John Hancock Mutual Life Insurance Company for the sum of \$200.

I am informed by the Chairman of the Park Commissioners that this piece of land is no longer required for park purposes, and I am also informed that this particular parcel of land is within an area in which the John Hancock Company are to build a large housing project extending through from Brookline to West Roxbury.

In my opinion, and in view of the fact that the city has no immediate use for this small parcel of land, I believe it should be sold to the John Hancock Company in order that that organization may proceed with all assistance toward the completion of its housing project.

I recommend the passage of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, October 23, 1946.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—I am inclosing herewith an order which I request to be placed before the City Council at its next meeting on Monday, October 28, 1946.

This order is drawn so that the City Council of the City of Boston may authorize the sale of a parcel of land, situated on the Veterans of Foreign Wars Parkway, to the John Hancock Mutual Life Insurance Company.

I am forwarding to you the original and four carbon copies.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately four thousand seven hundred three (4,703) square feet of land situated on the northerly side of Veterans of Foreign Wars Parkway at the junction of Farmington road in the West Roxbury district of the City of Boston. The City of Boston acquired title to this parcel of land by the foreclosure of a tax deed by a decree of the Land Court dated June 30, 1944, in case No. 24109 T. L.; and

Whereas, By an order of the City Council passed April 23, 1945, and approved by the Mayor of the City of Boston, May 2, 1945, this parcel of land was transferred to the care, custody, management and control of the Park Department for playground purposes; and

Whereas, The Board of Park Commissioners of the City of Boston have declared that this parcel of land is no longer required for playground purposes; and

Whereas, John Hancock Mutual Life Insurance Company desires to purchase said parcel of land for its proposed housing development; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to sell at private sale to the John Hancock Mutual Life Insurance Company, a corporation organized and existing under the laws of the Commonwealth of Massachusetts, for the sum of two hundred dollars (\$200), all the City of Boston's right, title and interest in and to said parcel of land, herein-after described, and to execute and deliver a deed thereof satisfactory in form to the Law Department of the City of Boston.

Said parcel of land is bounded and described as follows:

Southerly by the northerly side line of Veterans of Foreign Wars Parkway, thirty-five (35.00) feet; westerly by the easterly side line of Veterans of Foreign Wars Parkway, twenty-eight (28.00) feet; northerly by Farmington road, one hundred (100.00) feet; easterly by lands now or formerly of John Hancock Mutual Life Insurance Company, fifty (50.00) feet; southeasterly by other lands now or formerly of John Hancock Mutual Life Insurance Company, seventy-three (73.00) feet, containing approximately four thousand seven hundred three (4,703) square feet of land, more or less.

Said parcel of land and all of said measurements are shown on a plan marked "W. P. A. Project, Assessors Plan, Ward 20, PT—Blocks 86B—86E—PT, BLK. 86J, Scale 1 in. = 30 ft., T. B. Kenney, C. E., December 1931." The original of said plan is on file in the office of the Board of Assessors, City Hall, Boston, Massachusetts.

Referred to Committee on Public Lands.

OPINION OF LAW DEPARTMENT RE PROPOSED LOAN FOR VETERANS' HOUSING.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from Corporation Counsel of the Law Department in reply to your order of October 21, 1946, requesting his opinion concerning a proposed loan order under St. 1946, c. 372.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Law Department, October 28, 1946.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—You have transmitted to me the order adopted by the City Council on October 21, 1946, concerning a proposed loan order under St. 1946, c. 372, wherein my opinion is requested "in regard to whether or not the below-mentioned order fulfills all of the legal technicalities under chapter 372 of the Acts of 1946, and also whether or not it is legal under the City of Boston Charter for the City Council to initiate said order next Monday, October 28, 1946, if the State Board of Housing makes said declaration of emergency on housing for Veterans of World War II and their families."

To eliminate various difficulties which would arise upon the adoption of a loan order in the exact form of the draft appended to the order requesting my opinion, I suggest that the loan order be in the following form:

Ordered, That under authority of chapter 372 of the Acts of 1946 entitled "An Act to Provide Housing for Veterans of World War II," the sum of ten million dollars (\$10,000,000) be, and the same hereby is, appropriated to meet expenses necessary for carrying out section six of said chapter, and that the City Treasurer be, and hereby is, authorized to issue, from time to time, upon request of the Mayor, bonds, notes or certificates of indebtedness of the City of Boston to said amount.

The City Council may properly originate a loan order in the foregoing form at its meeting today provided that after appropriate proceedings the State Board of Housing has determined that an acute shortage of housing exists in the City of Boston; that veterans are unable to obtain shelter for themselves and their families regardless of their ability to pay for the same; that this shortage is not being relieved by the ordinary operations of private enterprise and that it is unlikely that it will be relieved within a reasonable period of time; and that for such reasons a condition of public exigency, emergency and distress exists in the City of Boston, which can be relieved only by action of the City of Boston under St. 1946, c. 372, s. 6.

Respectfully,
JOSEPH A. SCOLPNETTI,
Corporation Counsel.

Placed on file.

\$10,000,000 LOAN, VETERANS' HOUSING.

Coun. LINEHAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. LINEHAN—May I at this time ask for suspension of the rule and ask for action on this order we are going to file if I get suspension of the rule?

President KELLY—Councilor Linehan moves suspension of the rule in order to introduce an order.

The rule was suspended.

Coun. LINEHAN offered the following:

Ordered, That under authority of chapter 372 of the Acts of 1946 entitled "An Act to Provide Housing for Veterans of World War II" the sum of ten million dollars (\$10,000,000) be, and the same hereby is, appropriated to meet expenses necessary for carrying out section six of said chapter, and that the City Treasurer be, and hereby is, authorized to issue, from time to time, upon request of the Mayor, bonds, notes or certificates of indebtedness of the City of Boston to said amount.

Coun. LINEHAN—Mr. President, may I also ask if you can please ascertain whether or not we have fifteen votes present in the Chamber?

President KELLY—I will ring the bell, councilor.

Coun. LINEHAN—Thank you.

President KELLY—Councilor, if you want a further suggestion, you may amend the rule to pass under suspension of the rule so that it can be voted on later.

Coun. LINEHAN—I would like to postpone action on this until later in the session when I believe fifteen votes will be present. I make that in the form of a motion.

Action was postponed.

TRANSFER OF APPROPRIATIONS BETWEEN DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1946.

To the City Council.

Gentlemen,—The inclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 186 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for City Planning Board, \$2,000, to the appropriation for Public Buildings Department, \$2,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Buildings Department, \$504, to the appropriation for County Buildings Department, \$504.

Referred to the Executive Committee.

COMMUNICATIONS FROM STATE BOARD OF HOUSING.

Notice was received from the State Board of Housing of public hearing to be held in Council Chamber, City Hall, on Friday, October 25, at 3 p. m., to determine if housing shortage for veterans exists which would warrant relief by the City of Boston.

Notice was received of resolution passed October 25, 1946, by State Board of Housing determining that an acute shortage of housing exists in the City of Boston which can be relieved only by action of the City of Boston under section 6 of chapter 372 of the Acts of 1946.

Severally placed on file.

BOSTON ELEVATED TRACK LOCATIONS.

Notice was received from the Board of Street Commissioners of locations granted Boston Elevated Railway Company:

Relocation of double track on Brighton avenue, Brighton, connecting with double track west of Commonwealth avenue and east of Harvard avenue, being 112th location.

Relocation of double track on Columbus avenue, Roxbury, south of Centre street, being 113th location.

Severally placed on file.

HEARING ON GAS RATES.

Notice was received from the Department of Public Utilities of hearing to be held December 3 at 10.30 a. m., on petition of the Boston Consolidated Gas Company for increase in heating rates.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Annie Arntstein, for refund on milk and ice cream license.

Frank J. Burne, to be reimbursed for execution issued against him.

Herman and Lillian Carp, for compensation for injuries and damage to property caused by an alleged defect in Blue Hill avenue.

Catherine L. Clark, for compensation for damage to car by car of Weights and Measures Department.

James Demas, for compensation for damage to car by city garbage wagon.

Vera Gillespie, for refund on second hand dealer's license.

William H. Hickey, for compensation for eye-glasses broken at City Hospital.

James E. Lydon, to be reimbursed for accident which occurred caused by an alleged defect in street at 3,694 Washington street.

Walter C. Mackie, to be reimbursed as result of accident which occurred while in performance of duty.

Helen J. Willhauck, for compensation for injuries caused by an alleged defect at 32 Spring Park avenue.

Walter J. Kelley, for compensation for injuries caused by being struck by door in pressroom, City Hall.

INCREASED PAYMENTS TO CERTAIN WIDOWS AND DEPENDENTS OF CITY EMPLOYEES OR OFFICIALS.

Coun. LANE, McCORMACK, BRYAN, CANTWELL, MADDEN, KELLY offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation to permit any political subdivision of the Commonwealth to pay to the widow or dependents of any employee or official of such subdivision a sum of money equal to the annual wage of such deceased employee or official, said payment to be paid during such time as the widow remains unmarried, or until such time as the dependents have reached the age of eighteen, or have died if such dependents are the father, mother, sister or brother of the deceased; provided, however, that said deceased employee or official was killed or died from an injury in the performance of duty, and provided, further, that the medical board authorized under existing laws certifies that said death has occurred within one year; and that said death is the natural or proximate result of an injury or accident received in the performance of duty.

Coun. LANE—Mr. President, every law-abiding citizen of the City of Boston and of the Commonwealth of Massachusetts and every individual reading his local newspaper in every city, town and hamlet in New England was shocked to learn recently that in the performance of his hazardous duty Sergeant Healey, a Medal of Honor winner, of the Boston Police Department was slain by bandit fire. The citizens of Boston were aroused to the point where a public subscription fund was immediately started under the jurisdiction and guidance and direction of Col. Thomas F. Sullivan, Police Commissioner of Boston. The fund ran for approximately three weeks. I was in direct communication with Colonel Sullivan this morning at police headquarters. I have learned officially that the amount reached the staggering sum of \$39,000, a sum which will be administered and directed and dispensed without charge by a voluntary move on the part of the Old Colony Trust Company of Boston. Two days after the tragic loss of Sergeant Healey, a married man, the father of two minor children, we were again shocked to learn of two young firemen, one of them twenty-nine years of age and one twenty-eight, whose lives were snuffed out by asphyxiation at an unimportant fire in a fur establishment on Chauncy street in downtown Boston. Both of these firemen, one a provisional appointee and not a regular recognized member of the Fire Department, served for over four years on the battlefields of Europe. Each came home without a scratch, to lose their lives shortly thereafter while performing their usual heroic service in the employment of the City of Boston Fire Department. We all know that it is customary for the generous people of Boston to start public funds. It is nothing more than public charity to provide adequate funds for the bereaved individuals of these gallant men. The introduction of this resolution today is done for the purpose of eliminating all such public subscriptions hereafter. Arrangements have already been completed by your speaker with Charles D. Driscoll of the Twenty-first Suffolk District, and he will within 48 hours file this bill in the Great and General Court of this Commonwealth. We all know how emotional we feel when we pick up our great metropolitan dailies and, from time to time—thank God, it is not too frequent—read of individuals, public servants, who have sacrificed their lives. They have made the supreme sacrifice by their devotion because of their great exposure in their normal line of service. Seated in the gallery up there today are two women so bereaved. One is the widow of Police Officer Reiser, a mounted officer in 1918, who was shot and instantly killed by bandit fire near Fenway Park in Boston. The other woman at her side in the gallery, and I now look at her, is the widow of Charlie Deininger, a Boston police officer, shot and killed in a garage in Chelsea in 1919. Those two women, bereaved by the loss of their heroic husbands, received the munificent—I emphasize with sarcasm the word I have chosen—the munificent sum of \$700 a year for many years. That was all they received, until recently the amount was increased to \$1,000 per annum. In 1936 or 1937—I am subject to correction—then serving as a Representative from East Boston, was the present Clerk of the District Court in that community, Billie Barker, who introduced a bill, an act, to pay the widows of all such heroic men their full salary as long as the widow shall live and remain unmarried, or to the mother or other dependents, if single. The Legislature on Beacon Hill at that time, in 1936 or 1937, made a compromise agreement where they raised the ante from the then existing \$700 per annum to \$1,000. It took those two noble widows in the gallery just exactly nine years before they were raised from \$700 to the now existing \$1,000. The increase came about because of the same Charles D. Driscoll, who then introduced the bill on Beacon Hill. Now there have been other orders which apparently are going to be introduced here today. I went to the honorable City Clerk and he can subscribe to the fact as being true—two weeks ago and asked him to draft an order or resolution, as he saw fit, to cover such an instance. The Boston Post came out last Saturday with a story on the front page, featuring such a move as progressive and saying it would be introduced in the Council today, although no names were mentioned in the Boston Post. Yesterday Governor Tobin came out with a statement to the press that, if and when elected and taking office next January for his second term, one of his first official acts will be to incorporate the introduction of such an order. He came out on the radio yesterday with the same thought. I know the City Clerk will bear me out. I went to him two weeks ago with this idea, and today on this Council floor four other individuals have grouped together with another similar bill, not as complete as the one which is presented now, and extending protection only to the bereaved members of the families of firemen and policemen. There is no question in my mind that other councilors in this chamber here today have prepared and are now ready to offer other such proposals. I felt in fairness to every member of the Council, for whom I have a personal high regard, that all should share equally in this great forward step. I have referred this to President Kelly and Councilors Bryan, Cantwell, and McCormack. They have all concurred with my thought. Therefore, Mr. Clerk, I wish you would include every one of the 22 members of this Council as the originators of this idea. All I want to do is to underscore the families who

deserve recognition. The personal reward means nothing to me but it means a lot to each councilor here to be able to go to his people and his constituents next year, and point with justifiable pride to this resolution. Now, when this fund collected for Sergeant Healey's family, in excess of \$39,000, was established—I wish to make my point clear this money was not turned over to his widow and his two dependent children. The Old Colony Trust Company of Boston will administer the fund. A certain amount will be earmarked for the eventual education of his two now minor children. It will be necessary for that woman to draw only a stipulated sum each month. Under our plan here, every city and town in the Commonwealth of Massachusetts, when the bill is enacted on Beacon Hill in the 1947 session, will benefit by it. In the City of Boston it will cover everyone from the Mayor down. In every town it will cover everyone from the board of selectmen down. Whether appointed or elected, every person in the employment of the city or town which is in this Commonwealth will be covered. When enacted into law, the full salary will be the grant in each case, and not an administrative fund. It will be a direct payment. I hope this passes under suspension of the rule.

The resolution was passed under suspension of the rule.

INFORMATION RE DRAFTING BILL TO PROVIDE PAYMENT TO WIDOWS OF CERTAIN CITY EMPLOYEES, ETC.

Coun. KINSELLA offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to inform the City Council whether or not steps have been taken, as recently requested, to draft a bill for presentation to the 1947 Legislature, providing an annuity of \$1,500 for the wives and \$360 per year for each child under eighteen years of age, of policemen, firemen and other city employees who may be eligible who are killed in the performance of their duties.

Coun. KINSELLA—Mr. President, two weeks ago this morning I received an unsigned letter from a lady who described herself as the widow of a fireman. Apparently she had no children, because in the note she stressed the impossibility of getting along on \$1,000 a year as an annuity. So I concluded from that that the lady was childless. She asked if something might be done to increase the stipend. Under date of October 14, two weeks ago today, I introduced an order which was passed under suspension of the rule, by which his Honor the Mayor was requested to instruct the Corporation Counsel of the City of Boston to draft legislation for consideration for the 1947 Legislature that would permit the City of Boston to change the amount of annuity payable to the widows of firemen and policemen from the present \$1,000 to \$1,500, and to change the present allowance of \$200 to children under the age of eighteen to \$300. There was a slight technical mistake in the last part of the order. The children's figure is \$260. Since an increase would be on the basis of at least \$100, the other figure should have been \$360. Today, in offering this order, I am trying to make the correction in the matter of the technicality. In keeping with City Councilor Lane's remarks on the public necessity of taking care of the families of policemen and firemen and others who lose their lives in the interest of the city, it might be well to say that the policemen and firemen of Boston at best are underpaid. If I had arbitrary power in the matter, I would break down the present pay structure of our city employees and pay them a figure more commensurate with the hazards of their profession. When we look back at the police and firemen stationed in Boston or any other place in the Commonwealth, we are faced with an inescapable fact. First of all, those men must qualify by standards which they have absolutely no hand in setting. They must be of good character. They must be in good health. They must be of a certain age and no older. And yet many of them, within a very few years of their appointment, forfeit everything in the interest of the city which pays them little better than an office boy's salary. I have always been extremely doubtful of the validity of some of the actions of the Retirement Board in presuming to think a man who forfeits his health in the interest of the city must of necessity run up against all sorts of artificially created obstacles when seeking either a pension or, in the case of his widow, when she seeks an annuity. I do not know why they offer such resistance. It appears to me that legislation is long overdue that would ease, in some measure at least, the economic condition of families left behind these dead or crippled firemen, policemen, and others. I have an idea, Mr. President, that the terms of the order just read are probably as generous as the Legislature, if it authorizes anything, will authorize. My order reads \$1,500 for the widow and \$360 for each child. In the event that the lady has no children, she will be paid at the rate of \$125 a month, twelve months of the year. If there is one child, the \$360 will hardly be enough to support the average, active, normal child today. If there are two or three or four children, all under the age of eighteen, it means that her total annual benefit, if that is what we call it, will far exceed the annual earnings of the husband at his maximum, had he lived. I think

we are very much interested in what happens to these families of the men after they die. Many of these men are cut down before they are thirty. Others are cut down at the time when they can enjoy their families, with no adequate compensation whatever. One thing we must avoid. Everybody in here who is cognizant of legislative procedure will agree with me that we cannot present to the Legislature a bill that they will not accept, which, because of the generosity of its provisions, may result in something up there by the committee being rewritten, so that all the good benefits are struck out. Anyone who has served in the Legislature will tell you the trick is to offer no more than they will accept. In this instance, I think that the terms of the order just read, which is in some respects a correction of the order of two weeks ago today, is probably as much as the legislators will grant. We do not know that they will grant that. It seems to me by the time January, February, March, and April roll around, at which time the committees of the Legislature will hear these various bills, all of the excitement, all of the sorrow, all of the sadness inflicted on these families will have been forgotten by all but their families. Then it will be a hard-headed, commercial, political proposition. So that I caution in the interest of the people we are trying to help, I caution a little prudence. Let us not ask them for something they may not give and which may result in a revision of the terms of the bill to such an extent that any increased benefits will be hardly noticeable. If that statement is given due consideration, you may be sure they will give it due consideration on Beacon Hill, even if we do not. Then all of our efforts here will have been in vain, unless we can decide that what we send up there is the best that we can get. In any case, Mr. President, I would like to offer my personal condolences to the families of the two boys who were cut down in early manhood and to the families and survivors of all city employees who have given their lives in the past and who were never adequately compensated therefor.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

1. Report on petitions for driveway openings: Samuel Katz (referred October 14) at Main and Henley streets, Ward 2.

Dorothy U. Cronin, 92 Spring street, Ward 20—recommending that permits be granted under usual conditions.

Report accepted; permits granted under usual conditions.

PAYMENT OF SUM TO WIDOWS OF PATRICK J. CADY AND WARREN E. BARNARD.

Coun. SCANNELL and MADDEN offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to prepare legislation favoring the payment of \$2,500, or more, to the widows of Patrick J. Cady and Warren E. Barnard, deceased members of the Fire Department who lost their lives in the performance of duty, such payment to be in addition to the regular annuity payments now allowed under existing laws.

Passed under suspension of the rule.

LOAN OF \$200,000 FOR INCINERATOR BUILDING.

Coun. BAYLEY—Mr. President, I move that No. 1 be taken from the calendar.

President KELLY—Counselor Bayley moves we call up No. 1 on the calendar.

No. 1 on the calendar was as follows:

1. Order for loan of \$200,000—for construction and equipping of an incinerator building.

On October 14, 1946, the said order was read once and passed—yeas twenty, nays none.

President KELLY—The question is on the passage of the order.

Coun. SULLIVAN—Mr. President, is it taken from the calendar?

President KELLY—It is on the calendar.

Coun. SULLIVAN—I move it be referred to the Committee on Public Works and Street Commissioners, because that committee is holding a hearing tomorrow at 11 a. m. relative to garbage and ash collections throughout the city. This has something to do with the Brighton area.

No. 1 on the calendar was referred to the Committee on Public Works and Street Commissioners.

PERSONNEL MANAGER AT CITY HOSPITAL.

Coun. SULLIVAN offered the following:

Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the

Mayor, to establish the position of Personnel Manager in the Boston City Hospital.

Coun. SULLIVAN—Mr. President, I ask that this order be referred to the Committee on Hospitals.

Referred to the Committee on Hospitals.

REPORT OF COMMITTEE ON PARKMAN FUND.

Coun. COFFEY, for the Committee on Parkman Fund, submitted the following:

Report on message of the Mayor and order (referred October 21) appropriating \$22,000 from income of Parkman Fund to be expended under direction of Park Commission—recommending that same ought to pass.

Report accepted, said order passed, yeas 19, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Hannon, Keenan, Kinsella, Kelly, Lane, Linehan, Madden, McCormack, Muchnick, Scannell, Sullivan—19.

Nays—0.

LOAN OF \$10,000,000 FOR VETERANS' HOUSING.

Coun. LINEHAN—Mr. President, I move that the matter of the \$10,000,000 for veterans' housing be acted on at this time.

President KELLY—Counselor Linehan offers an order.

The clerk read the order for loan of \$10,000,000 offered by Councilor Linehan earlier in the meeting.

Coun. COFFEY—Mr. President, may I ask Councilor Linehan to give way for a moment until my other order is read? There will be no talk on the matter.

Coun. LINEHAN—Gladly.

ATTENDANCE OF DOCTOR AT FIRES.

Coun. COFFEY and SULLIVAN offered the following:

Ordered, That the Fire Commissioner of the City of Boston be requested, through his Honor the Mayor, to consider the advisability of assigning a doctor whose duty it will be to be present at each and every fire for the protection of the people. Passed under suspension of the rule.

LOAN OF \$10,000,000 FOR VETERANS' HOUSING.

Coun. LINEHAN—Mr. President, at the outset may I thank all the members of the Council and other citizens of Boston who appeared at the public hearing on housing on Friday of last week. I might say that the President of the Council was very generous in turning over to us the use of the City Council chamber for the State Board of Housing. The State Board of Housing did render a decision that there was an emergency on veterans' housing in the City of Boston. Now we are right back to our original premises, an order of \$10,000,000 to be appropriated under chapter 372 of the Acts of 1946. I also want to thank the State Board of Housing for the quick and efficient manner in which they held a hearing Friday of this week. They were grand. They realized we had to act fast. It is up to us today to still keep the ball rolling. I do not doubt but we can get enough votes here to give the loan order a first reading, also that his Honor the Mayor will sign this order when presented in a legal manner, if his Honor the Mayor is satisfied that all the requirements under chapter 372 of the Acts of 1946 are complied with. As a result of this order filed today, I have been informed in all probability he will sign it when it reaches his desk. I do not doubt that every councilor in the City Council is only too happy to cooperate with his Honor the Mayor in what I think will be the best program ever started in the City of Boston. We all know that the City of Boston needs building up. When I say building up, I mean more one and two-family homes. I hope at this time the Council will not be bothered if I read in full detail chapter 372 of the Acts of 1946 because we are going to vote on a bond issue of \$10,000,000. I want every councilor to be able to answer any questions any constituent might ask him on what the City Council can do under section 6. Here it is.

"Section 6. Subject to the provisions of section seven, a city or town may also during the present emergency, raise, appropriate and expend money and take such other action as is suitable and necessary for the purpose of providing shelter for veterans who are inhabitants of such city or town, by purchasing or acquiring by gift or by taking by eminent domain one or more tracts of land of sufficient size for a housing development, or by using any such tract to which it holds title and which is not devoted to and required by any other public use, subdividing such tracts into parcels of adequate size for house lots, laying out and providing or causing to be provided ways, public and private, and other utilities for the use of the development, to such extent as it deems necessary or advisable, and either (1) Selling such parcels to

veterans at reasonable rates on conditions requiring in each case the erection within a specified time of a single or two-family residence thereon for the occupancy in whole or in part of the veteran purchasing the same. (2) Selling parcels to corporations and individuals generally, on condition that the purchaser agree to erect a single or two-family residence on each such parcel within a specified time, and offer to sell such residence to a veteran at a reasonable rate or to rent such residence to one or to two veterans, as the case may be, at reasonable rates. (3) Constructing single or two-family residences on such parcels, suitable for dwelling units for veterans, and renting such dwelling units to veterans at reasonable rates; provided, that as soon as may be after the termination of the present emergency as defined in section two, and in no event later than one year after such termination, such residences shall be offered for sale at the fair market value thereof."

I think that is about all there is in section 6 which the councilors are concerned with, and about which they would like to be informed. I have read it so that all of us will be familiar with everything in section 6 to such extent we can reasonably answer any questions pertaining to just what this \$10,000,000 bond issue will be used for. That is about all I can say, other than to remark that I think that the Mayor and the members of the City Council are going to get together on this proposition from now on. I predict his Honor the Mayor will be only too glad to sign this loan order. We are going on what I think is the biggest and best thing ever done for the City of Boston. It might be that the plight of veterans at this time in regard to housing might be a blessing in disguise. It might result in the building of a bigger and better Boston. As a result more one- and two-family homes will be built in our city.

President KELLY—Does the gentleman ask for suspension of the rule and passage of the order?

Coun. LINEHAN—Yes, Mr. President.

The question came on suspension of the rule and the rule was suspended. The question came on giving the order its first reading and passage. The order was passed, yeas 20, nays 0, viz.:

Yeas—Couns. Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Muchnick, Scannell, Sullivan—20.

Nays—0.

ROPING OF McCONNELL PARK FOR SUNDAY GAMES.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the Park Commissioner to arrange for the roping of McConnell Park on the Sunday afternoons that football games are played at this playground.

Passed under suspension of the rule.

MOTION TO WITHDRAW DRIVEWAY APPLICATION FROM COMMITTEE ON LICENSES.

Coun. HANNON—Mr. President, I move now that the Committee on Licenses be discharged from further consideration of the application for the driveway opening at the corner of Dorchester avenue and Savin Hill avenue.

President KELLY—What is that, councilor?

Coun. HANNON—That the Committee on Licenses be discharged from further consideration of the application for a driveway opening on Dorchester avenue at the corner of Savin Hill avenue.

President KELLY—To withdraw it from the committee?

Coun. HANNON—Yes, and bring it in here.

President KELLY—Counselor Hannon moves it be withdrawn from the committee.

Coun. HURLEY in the chair.

Chairman HURLEY—Does the councilor know when the petition was presented to the Body?

Coun. HANNON—January 14, 1946.

Chairman HURLEY—The Chair will rule it takes only twelve votes to take it from the committee.

Coun. KELLY—Talking on the motion, this motion just made, Mr. Chairman, concerns a situation that exists in my ward. I have had the pleasure of serving in it for the past nine years. One thing I have never done while I have been a member, Mr. Chairman, is to interfere in the affairs of another man's district. I have been a member of this Body for nine years. I have always felt that the councilor who is sent to represent the people of the district was sent there because the people had intelligence and had confidence in him. I have been sent here year after year from Ward 15. I think I understand Ward 15 from A to Z. Every time my name appears on the ballot in Ward 15, the people have not only reelected me to office in the City Council, but they have elected me and allowed me to carry the fifteen precincts five consecutive times. This petition, Mr. Chairman, is a petition for a driveway opening at the corner of Dorchester avenue and Savin Hill avenue. I know the conditions surrounding the district. That is the reason why I asked the chairman to keep it in

the committee. I am going to ask the other councilors, the members of this Body, to go along with me. I can say a lot more on the floor of the Council. Lots of times things are said on the floor of the Council, and people are sorry they said them afterwards. I am going to ask the members of the Body to give me the same courtesy I have given them for the last nine years, namely, to let this stay in the committee until the councilor from Ward 15 (Councilor Kelly) is satisfied it is a proper time to present it to the members of this Body.

Coun. HANNON—Mr. Chairman, speaking on the motion I agree with everything the previous speaker has said. I agree also it is an unusual procedure for one councilor to suggest presenting a matter before this Body, a matter that lies entirely within the boundary lines of another ward. I agree with the gentleman that he has been honored by the people of Ward 15. He has been sent back here year after year. But I also think, Mr. Chairman, that there are certain situations that arise that have to be handled in man-to-man fashion. We are sent here to represent the people. We are not representing anybody if we are allowing things to stay behind the doors in committee. Let us bring the thing out in the open, pass it or defeat it. I am not interfering with the rights of any councilor. I am merely asking for the right of a citizen who lives in my district, a citizen who made application for a driveway last January. This is October. It is still out there being eaten up by moths, being burned by fumes or being consumed by the air. It makes it apparent, it appears to the people in our district, that we have not got courage enough in here to vote yes or no on a driveway. I agree with the gentleman from Ward 15 (Councilor Kelly), the driveway is going to be in his district, but it is bordering on my district. The person who is suffering by our inactivity on this matter is a resident of my district. Regardless of what district he lives in, he lives in the City of Boston. He is a citizen of Boston and, as such, he has certain rights. You and I in the City Council, regardless of district, wherever we come from, must respect those rights. People go about saying the City Council did this or did that, or refused to take any action. They do not say "This councilor or that councilor." They say it is the Body. It is the Body. After all, committees are only subdivisions of this Body. They serve their purpose. I think we are perfectly right and perfectly justified in referring matters to committees. I respect the chairman of any committee when he consults the member in whose ward lies any certain matter that is before his committee. I respect that right. I am not asking any infringement of that right. I am merely saying, bring the matter out here. If the gentleman from Ward 15 (Councilor Kelly) does not want it, lick it. But let us not be cowardly. Let us not be backward. Why keep a thing under the table? Why keep it out in the committee? Bring it out here on the floor. If the gentleman in whose ward the property is located does not want it, let the matter be defeated. I think when any citizen of Boston, regardless of what ward he is in, files an application here for a driveway or files an application for anything else, our obligation is to act on it. We are sent here, it is true, to represent the people of our districts, but the people of our districts do not think that we are representing them if we do not do anything. We are sent here to act positively or to act negatively. I join with other councilors in preserving the right of every individual councilor to attend to the business of his own ward.

Chairman HURLEY—The question comes on the motion to take from the committee. Those in favor will please rise.

The motion to take from the committee was lost by a rising vote, yeas 6, nays 6.

Coun. HANNON—Mr. Chairman, I move that the matter of driveway openings now pending before the Licensing Committee be transferred to the Committee on Public Works and Street Commissioners.

Chairman HURLEY—Councilor Hannon moves that the rules be amended so that all licenses will hereafter be referred—

Coun. HANNON—All licenses for driveways.

Chairman HURLEY—All licenses for driveways will hereafter be sent to the Committee on Public Works and Street Commissioners.

Coun. MUCHNICK—Mr. President, will the gentleman yield for a question?

Coun. HANNON—Yes.

Coun. MUCHNICK—I wonder if the gentleman can tell me whether or not on the license to which he referred a few minutes ago any hearing has as yet been given by the Licensing Committee.

Coun. HANNON—None that I have been able to find out about.

Coun. MUCHNICK—Would it be proper at this time to ask the question, while Councilor Hannon has the floor, if anybody in the Body might have the information?

Coun. SCANNELL—Well, Mr. Chairman—Chairman HURLEY—Councilor Scannell, Chairman of the Committee on Licenses.

Coun. SCANNELL—It has always been the custom of the Licensing Committee to function as a committee. If there might be any opposition from any ward that these cuts might be in, it is always the duty of the chairman of the committee to ask whether the councilor in the ward is for or against it on anything that might pertain to the ward of any individual in the Body. I received complaints from Councilor Kelly that the abutters

in this certain section of his ward were opposed, and that is why there was no hearing.

Coun. MUCHNICK—Mr. Chairman, would it be proper to ask the chairman another question while Councilor Hannon has the floor?

Chairman HURLEY—Does Councilor Hannon yield?

Coun. HANNON—Happily.

Coun. MUCHNICK—Is that a policy started by the committee this year, or has that always been the policy, and if it has been the policy, by what rule of the Council is it governed?

Coun. SCANNELL—That has been the policy for the past seven years, since I have been in this Body.

Coun. MUCHNICK—By what rule of the Council is it governed?

Chairman HURLEY—He did not say it was a rule.

Coun. SCANNELL—It is a matter of courtesy.

Coun. KELLY—Speaking on the motion, Mr. Chairman, all I have to say after what the Chairman of the Committee on Licenses has said, is that for the past nine years there has been nothing unusual in having a request for driveway openings remain in the committee. You can go out there now and see driveway openings a year, two years, or two years and a half. It is nothing unusual. They have remained out there because the councilor from the district, after conferring with the Chairman of the Committee on Licenses, has asked the courtesy to have them stay in the committee. It is not anything unusual. What happened this year is not any different from what has happened in the last nine years, since I have been a member of this Body. It has always been a matter of courtesy for the members of the Council, if the councilor in the particular district asks to have that remain in the committee, the councilor is always granted the courtesy. The Council always has granted the courtesy to the members of the Council. There is not anything different happening this year from what has happened in other years. I do not recall anyone here for the past nine years who has held any hearing on driveway openings in the City of Boston. I do not recall any in my time in the City of Boston. It has always been a matter of courtesy with the chairman of the committee. The councilor interested would go to the chairman, and the chairman would poll the members of the committee to see how they felt. It is not any different from what it has been in the last nine years.

Coun. MUCHNICK—Mr. Chairman, while it may not be unusual for matters to stay in committee as a matter of courtesy to the councilor from a certain district, it seems to me it is very clear we owe a great deal of duty to this Body other than merely paying courtesy to other members of the Body, whether they come from Ward 1 or 22, or any of the in-between wards. Our primary duty, as I see it, is to serve the citizens of Boston. It is not particularly to be courteous to other members of this Body. A citizen of this city has filed an application. He is entitled at least to a hearing, if to nothing else. He, too, is entitled to some courtesy. It is a matter of right. He is a citizen complying with the law relative to filing applications for licenses. It is not merely a matter of courtesy because somebody happens to be a member of the Body. It seems to me highly improper to deprive any man in this city of his right to a hearing on any application he files, whether it has been done before or whether it will be done again in the future. I guess a motion is not proper, but I urge that unless hearings are going to be given by the committee, then matters be taken from the committee and sent to the other one, in accordance with the motion.

Coun. SCANNELL—Mr. Chairman, they talk about courtesies. Any man who comes to this Body knows his district. If any man does not want a driveway opening in his district, he must have reasons for it.

Coun. MUCHNICK—Mr. Chairman, will the gentleman yield to a question?

Coun. SCANNELL—I do not care to yield. I think in the City of Boston there are a lot of people aspiring for this office. I think the people of Boston have confidence in each individual in this Council. If Councilor Kelly from Ward 15 does not want a sidewalk opening in his district he must have reason. He has complaints from the neighbors out there that they do not want it. I am going to listen to them. Any time anybody ever requested a hearing by the Committee on Licenses, they always got it. It is a matter of courtesy to ask whether a matter affects a councilor in his district. I do it, and I always will do it as a member of this Body. If anybody asks for a hearing by my committee—and I am going to have a meeting this week of the Committee on Licenses on another matter—they are going to get a hearing, and a fair one.

Coun. CAREY—Mr. Chairman, speaking on the motion, what has been said here regarding the extension of courtesies by one councilor to another of his colleagues is true, but I do not feel it is fair to the members of the Council as a whole to permit a matter of this kind to remain in committee for a period of approximately ten months. I do not question what Councilor Kelly says about opposition being registered against this particular driveway opening. That opposition has not been placed before the committee as a committee. It is most embarrassing to any member of the Council to have a matter of this nature pending before the Council or a committee for such a

long period of time. It is not fair to the members of the Council who necessarily do not have to have an interest to permit this matter to go unaccounted for such a long period of time. I feel in fairness to the members of the Council and to the members of the committee who might be opposed to this opening, and also to the gentleman who is a taxpayer of the city, even though he resides in one ward and has a place of business in another, something definite should be done. If the people in Ward 15 oppose this opening, it is only fair that the Committee on Licenses should have a hearing in order that the opposition might be set before the committee. It is about time something was done. Nobody can deny if the opening is a bad thing for the people in Ward 15 that he will vote against it. But certainly I think that the fair thing to do from every standpoint is to have a hearing on this opening, and let the Council get rid of it one way or another. Having that in mind, if the Committee on Licenses cannot bring back a report on this matter next week—because Councilor Scannell says he contemplates having a meeting of the Committee this week—then I certainly feel the matter should go to the Committee on Public Works and Street Commissioners. At any rate, it should be disposed of. I certainly hope it will be disposed of either this week or next, at the latest.

Coun. HANNON—Mr. Chairman, speaking on the motion, I wish to withdraw my motion and move reconsideration.

Chairman HURLEY—Councilor Hannon withdraws the motion and moves reconsideration of the previous vote on the other motion. Speaking on reconsideration, Councilor Hannon.

Coun. HANNON—Mr. Chairman, the reason I am speaking on reconsideration is because I feel as a result of the arguments presented by what might be termed the opposition here, my position in this matter has been strengthened, apparently. One side of the argument has been heard by the committee chairman, and he claims there is opposition. The place where this driveway is to be constructed borders Ward 13 and Ward 15. The middle of the street is the dividing line. The driveway itself is probably in Ward 15. It will, however, be used by people from Ward 13 and Ward 15. Any benefits to be accrued or any injury to be suffered will be borne probably equally by the people of both districts. However, I am not arguing along that line. I am not trying to infringe on the rights of any councilor. I am honest enough to admit that if the situation arose in my ward 1, too, would holler about it, but at the same time I think I am likewise honest when I say I would not keep hollering for ten months. I would not refuse to have any action taken in ten months. We have the case here of a boy who grew up in our district, a kid who had a gasoline pump put on the sidewalk. He has worked hard, and raised a family of four children. He has remained in the district and is well liked by everybody with whom he comes in contact. He looked forward to the day when he could acquire property on a more lucrative spot. When that opportunity came at a public auction, he went out and borrowed the money, and was successful in purchasing a lot at the corner of Dorchester avenue and Savin Hill avenue. Then he applied himself for a gasoline station permit. He is not an oil dealer. He is merely a kid who started peddling oil from door to door, and has worked up. He owes allegiance to no oil company or gasoline company. In going ahead, he is going ahead on his own. A hearing was held before the Street Commissioners and at that hearing petitions were presented by all the abutters in favor of this gasoline station. There was no petition against it. But at the request of the councilor from the district who had received ample notice of the hearing, a continuance was granted, and he was extended the courtesy of bringing in a petition two or three weeks later opposing this gasoline station. Anybody can get a petition in opposition. You and I know that. A petitioner does not have to be in the immediate neighborhood. The people in the immediate neighborhood signed a petition in favor of it, and that petition was presented at the hearing. Two or three weeks later the petition in opposition was presented, but in spite of this the permit or license was granted. The next step was to come before the City Council and ask for driveway openings. This was done. What happened? I do not know. If I did know, I would not care to divulge it. Anyway, opposition appeared up here. No hearing was ever held on this matter. The chairman of the committee says he was advised there was some opposition. I think in all fairness to the petitioner that the petitioner should have been given a hearing. Likewise, if he were advised of the opposition, he should also have been advised of those who are favorably inclined toward the erection of the station. This is merely a fellow born and brought up in the district trying to get ahead. Now, after ten months of delay we have reached this point. This man has applied to the Colonial Beacon Oil Company for money to finance the construction of this gasoline station. He has been assured that he will be given the money if he meets the plans that have been drawn for him by the architects of the company. He has to go out and get his builder. He has to go out and get the man to do the construction work before he can get a penny from this company in the way of a mortgage loan. He has to show them he has permission to construct the driveways as well as the building. The building construction is a matter of form. That does not come before us. As a matter

of fact, the driveways can be constructed because he can put in ten-foot driveways, two ten-foot driveways, and an island in between on both Dorchester avenue and Savin Hill avenue. And he does not have to come before the City Council for any consideration or any permit whatsoever. However, the plans that have been submitted by the person who is going to lend him the money call for larger driveways, two larger driveways, which must be approved by the City Council. All I am asking for is action one way or the other. He is a citizen of Boston, and has a right to a hearing. As a citizen of Boston, he has a right to ask that this Council take some definite action one way or the other. As a citizen of Boston he has a right to demand that we do our duty. I know it is nice to say we are sent up here year after year. But if we are sent here year after year, we are sent to do a job. Our job is to take action, positive action, either yes or no. Before we do that, I think every petitioner who presents a petition before this Council has a right to a hearing. It is not often that you will run into a situation where the driveway is over the boundary line of one ward and the petitioner is a respected resident of an adjoining ward. We have that situation here. The councilor from Ward 15 (Councilor Kelly) feels he is protecting his rights. I have no argument with him. Let him protect them. I am trying to protect the rights of Mr. Average Citizen. Are we here, the members of the Council, going to retard progress? Are we here going to be the wall that says to this fellow, "You cannot borrow that money, you cannot build that gasoline station," or are we going to be men enough to say, "Let's have a hearing and consider this thing on its merits. If it is yes, give him the license; if it is no, I am satisfied at least that, as councilor from my district, I tried to carry on my job and listen to the evidence and vote 'yes' or 'no.'"

Coun. COFFEY—Mr. Chairman, of course we do not like to prolong and continue a matter like this, but under our rules we have to take a stand one way or the other. It does not take too much courage. Everybody in this Body has to have courage to put his name on the ballot and go out and win a fight, the kind of fight where you have to win by a majority. There is a lot of merit in what the councilor from Ward 13 (Councilor Hannon) says, and a lot of merit in my opinion, in what the councilor from Ward 15 (Councilor Kelly) says. I was glad to see that the councilor from Ward 13, an old-timer in politics, served in the Legislature before he came here. He had the good sense to withdraw his motion to take all the driveway openings away from the Committee on Licenses. I am not chairman of the committee. I was chairman for four years. I do not know if anybody ever made a complaint in the four years I was chairman unless they made a complaint behind my back. I have never received any complaint in the four years.

Coun. MUCHNICK—Mr. Chairman, I made them on the floor last year.

Coun. COFFEY—Well, we will go into Izzie. Izzie made the statement it is not a case of courtesy. I say it is. For example, we brought an order in here, a bill passed by the Legislature, and on the floor of the Council the councilor admitted he was the attorney. Somebody had a booze license and then decided they did not want it. They wanted the fee back. As a matter of courtesy to Councilor Muchnick, we returned the fee to that gentleman. I do not know who he is. He owns a hotel. It was admitted on the floor he was the attorney for the gentleman seeking the refund of the fee for a license. He bought it and decided he did not want to use it after he bought and paid for it. As a matter of courtesy, everybody in here went along with the councilor from Ward 14 (Councilor Muchnick). I think that settles the argument on courtesy. As far as licenses are concerned, I do not know of any complaint he ever made on the floor. I do not know one. I have held licenses up. If I were the person that wanted the petition from Councilor Hannon's ward, I would go and take the opening, just open it up and then ask the question, "Who is going to do anything about it?" They have taken one over in my ward 150 feet. We have a rule here which has been lived up to for years that there will be no opening over 30 feet. We have a gentleman going in and taking an opening for 150 feet. Then he files a petition here for two thirty-foot openings. It has not been acted upon. It is in the Day Square section of my town. I do not want it. This man took thirty-foot openings, two of them. He has them. When I go to the proper authorities and say, "This man filed a petition with the Boston City Council, and the Committee on Licenses has not granted him permits for opening two thirty-foot openings, but the man has taken them," they say to me, "What can we do?" Just walk in and take them. You do not need to care about licenses for sidewalk openings. I had the same thing happen in here four years ago. A gentleman walked in from South Boston. He had a hearing. He wanted four sidewalk openings. I said, "Where is the location?" There were three brothers. They told me. I said, "Who are you kidding? You have two openings. I saw them. I drove by your place of business." They admitted they did have the openings. Getting back to the other argument Councilor Kelly gives, I think the whole thing can be straightened out. Here are two old-timers in politics. They are not kids. They both know what they want. Councilor Kelly says he is willing to abide by the decision of the Committee on Licenses. Councilor Hannon says he will abide by the Committee on

Licenses, if they hold a hearing. There is only one thing to do with the thing without putting everybody on the spot, and that is have a hearing this week. Let Councilor Hannon bring in his man who wants the petition and anybody else who is in favor of it. Let Councilor Kelly bring in the opposition, and let us hold a hearing on it. Let Councilor Scannell announce a date that the Committee on Licenses will hold a hearing. Both sides will be satisfied. We can stop all arguments here. I am going to ask Councilor Hannon if he would be satisfied with that, on the agreement that Councilor Scannell hold a hearing this week. If the gentleman who lives in Tom Hannon's ward wants a hearing, let us have one, and decide one way or the other whether the permit will be granted or thrown out.

Chairman HURLEY—Councilor Hannon is willing to withdraw his motion provided the Committee on Licenses calls a hearing this week.

Coun. HANNON—Yes Mr. Chairman.

Coun. KELLY—Mr. Chairman, I am willing a hearing be held on this matter. We have heard one side of the story. Let us be fair and hear the other side of the story. My brother made a statement he had a hearing before the Street Commissioners which was perfectly right. He made the statement that the petition in opposition was not presented until some two or three weeks after the public hearing was held before the Street Commissioners. I want the members of this Body to know that the petition was presented 48 hours after the public hearing held by the Street Commissioners. I asked the Commissioners for 48 hours to present a petition. A petition of some 48 names was presented in opposition to the granting of the permit for gasoline. The granting of the permit was in the closing days of the previous mayor's administration, that of Mr. Kerrigan. I have not any opposition to the hearing being held next week. For one thing, we have an election a week from tomorrow. I am very busy. If they want a hearing any time after the election, I would be glad to have a hearing on the matter. We would be glad to present both sides. That is fair. I am the councilor in the district. The gasoline station is not in Ward 13, it is in Ward 15. The driveway openings are all in Ward 15. I think if the chairman of the Committee on Licenses would look over the application for a permit, it may be that the permit itself is before the Committee on Licenses illegally. It may be we could not act on the application the way it is before the committee. In my mind the application is before the committee illegally. It has not been made out correctly. That is not for me to say. It is up to the gentleman who filed the application. I have not any opposition to the hearing being held as long as it is any time after the election.

Coun. HANNON—Well, Mr. President, I think now we have waited ten months; we have meetings scheduled this week. There is a meeting tomorrow. I think we cannot very well do anything else but bestir ourselves a little bit and show some courtesy in this matter. I think we have shown courtesy enough to each other. If the gentleman from Ward 15 (Councilor Kelly) says the petition is illegally drawn, I certainly think he is not showing courtesy in waiting ten months before disclosing that fact.

Coun. KELLY—The petition is before a committee. It is not up to me to tell the fellow it is illegal. I have looked at the petition myself. In my opinion, it is illegal. That is his business. I am willing to have a public hearing but, as I said, I am very busy, and I will be busy until election day. If election was not a week from tomorrow, I would just as soon have it this week. I want to be granted courtesy as the councilor from Ward 15, a councilor from a district where openings are going to be granted, I want enough time to notify the residents of the district that a hearing is to be held.

Coun. HANNON—Mr. Chairman, the motion before us is reconsideration. As long as there is any question of the illegality of the petition now pending, I would like the courtesy of having this measure adopted and having the matter referred to the Executive Committee so that we might straighten out any illegality that now exists. After waiting ten months, I think the situation is entitled to at least that consideration. If this motion prevails, I will move that the matter be sent to the Executive Committee so that we might then determine its legality or illegality and properly refer it to the Committee on Licenses.

Chairman HURLEY—The motion before the Body is now reconsideration.

The motion to reconsider was carried.

Coun. HANNON—I move that the matter be sent.

Chairman HURLEY—Councilor Hannon moves that the petition be withdrawn from the Committee on Licenses for the purpose of sending it to the Executive Committee.

The motion to withdraw the petition from the Committee on Licenses and refer it to the Executive Committee was defeated on a rising vote, yeas 6, nays 2.

REPORT OF COMMITTEE ON PUBLIC SAFETY.

Coun. KINSELLA, for the Committee on Public Safety, submitted the following:

Report on order (referred October 21) that Traffic Commissioner be requested to install "Slow" signs at 1585 Centre street, Ward 20,

for protection of children of the neighborhood—that same ought to pass.

Report on order (referred October 21) that Traffic Commissioner be requested to install automatic traffic signals at intersections of Manthorne road and Centre street and La Grange street and Centre street—that same ought to pass.

Report on order (referred October 21) that Traffic Commissioner be requested to install "Stop" signals at eleven Ward 20 intersections—that same ought to pass.

The reports were accepted, and the orders were severally passed.

LIFE INSURANCE PLAN FOR FIRE AND POLICE DEPARTMENTS.

Coun. MUCHNICK offered the following:

Ordered, That the Fire Commissioner and the Police Commissioner be requested by his Honor the Mayor to investigate the feasibility of inaugurating a life insurance plan for the members of their respective departments.

Coun. MUCHNICK—Mr. President, I do not want to dwell on the tragedies, the three tragedies, that have taken place within the past month. Everything has been said today and previously that could be said, but it seems to me that we ought to recognize by now that the possibility of being killed is a risk that is inherent in the work of both the Fire Department and the Police Department. It seems to me further that, recognizing that risk, we ought to assume some responsibility of doing what we can for the families of those who survive the unfortunates who are killed. Now it is all very well to have haphazard motions here and there to take care of a specific instance. It is not so well to have public collections taken up. These people deserve much more than charity. It seems to me that the only way that this can be done in systematic fashion is to have some sort of insurance protection for the policemen and firemen who happen to get killed in line of duty. I know that this could probably be an expensive program, but it seems to me that it ought to be investigated, and investigated thoroughly. I do not particularly want this passed now. I would like to have it studied. I think it would be very much better to refer it to some appropriate committee and ask the two commissioners involved to be present at a hearing and to have a member of the Law Department present, and a member of the treasurer's office, and the Budget Commissioner's office, to see if we can get some information telling us just how much it would cost and what specifically can be done to bring that program about.

The order was referred to the Committee on Public Safety.

President KELLY in the chair.

MOTION TO ADJOURN.

Coun. KINSELLA—Mr. President, I rise to make a motion that when we adjourn today we adjourn to meet three weeks from today at two o'clock.

President KELLY—The Chair will remind Councilor Kinsella that by law we have to draw jurors next Monday or thereabouts.

Coun. KINSELLA—I withdraw my motion.

Coun. MUCHNICK—Can we do it before Monday?

President KELLY—We probably will not get the venire until Monday.

Coun. MUCHNICK—Tuesday, then?

Coun. LINEHAN—Mr. President, I want to remind the councilors that if they want to have a second reading on the \$10,000 loan order for veterans' housing two weeks from today, unfortunately there is a holiday. I move at this time, if it is possible, if there is going to be any adjournment for two weeks, it be two weeks from tomorrow. I do not want another week wasted.

President KELLY—The way things stand, we will have to meet next Monday.

RESURFACING OF CERTAIN WARD 10 PLAYGROUNDS.

Coun. CAREY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in next year's budget sufficient funds to properly resurface the Mission Hill, Parker Hill and Jefferson Playgrounds in Ward 10.

Passed under suspension of the rule.

LAYING OUT OF DAISY FIELD, JAMAICAWAY.

Coun. CAREY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in next year's budget sufficient funds to properly lay out, as a playground, the so-called Daisy Field on Jamaicaaway, in Ward 10.

Passed under suspension of the rule.

ACCEPTANCE OF HARVEST TERRACE, WARD 7.

Coun. LINEHAN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public way Harvest terrace, Ward 7.

Passed under suspension of the rule.

RECESS.

On motion of Councilor Bayley, the Council voted at 3.40 p. m. to take a recess subject to the call of the Chair. The members reassembled and were called to order by President Kelly at 4.20 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and orders (referred September 30) that Fire Commissioner be authorized to sell at public auction, after duly advertising time and place of sale, the fireboat "John P. Dowd," Engine 47, at upset price of \$10,000, and two boilers at upset price of \$10,000—that same ought to pass.

The report was accepted, and the orders were passed.

2. Report on message of Mayor and orders (referred today) for transfer of \$2,000 from appropriation for City Planning Board to Public Buildings Department, and transfer of \$504 from Public Buildings Department to County Buildings Department—that same ought to pass.

The report was accepted, and said orders were passed, yeas 17, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Linehan, McCormack, Moriarty, Scannell, Sullivan—17.

Nays—0.

EQUIPMENT FOR WINTER SPORTS AT WRIGHT GOLF COURSE.

Coun. CANTWELL and BRYAN offered the following:

Ordered, That his Honor the Mayor be requested to direct the Park Commissioner to immediately arrange for the installation of equipment in connection with the initiation of a program of winter sports to be made available at the George Wright Golf Course for the residents of Boston.

Coun. CANTWELL—Mr. President, when the George Wright Golf Course was first built some time ago, I understood that they were going to have winter carnivals there. It is a natural site for that purpose. All winter long that property lies there. It is dead. In Boston we have a number of people who go to New Hampshire for winter sports when we have a site right here that could be utilized for that purpose. I hope that his Honor the Mayor will see fit to see that we have winter carnivals at the George Wright Golf Course during the winter season.

The order was passed under suspension of the rule.

RECORDING OF COUNCILOR MORIARTY ON VETERANS' HOUSING LOAN.

Coun. MORIARTY—Mr. President, I would like unanimous consent to be recorded in the affirmative on the \$10,000,000 loan for veterans' housing—on the loan order.

President KELLY—If there is no objection Councilor Moriarty will be recorded in the affirmative.

ATTENDANCE OF COUNCILORS AT HEARINGS ON CITY CHARTER REVISION.

Coun. HURLEY offered the following:

Ordered, That the Recess Commission for study of the Boston City Charter be requested, through his Honor the Mayor, to invite the members of the City Council to any hearings held by said commission, so that City Council members may have an opportunity to express opinions concerning provisions of the charter.

Coun. HURLEY—Mr. President, there has been appointed a Recess Commission for the study of the Boston City Charter. I think it is leading up to Plan E. I am sure Speaker Willis of the House of Representatives at the next session will persist in pushing Plan E on the people of Boston. I hope that we will be notified by this Recess Commission of all hearings, and that members of the Boston City Council will be able to be present at these hearings and protect, as far as possible, the people of Boston from this form of city government. You and I know that every year different cities are trying this. Some are holding on because of a false economy like the city of Cambridge. It was only in the past month that through false economy in their water department, in not having sufficient help and not replac-

ing old water mains, they had ten or twelve mains break. The cost of replacing the mains will be in the vicinity of half a million dollars, plus an estimated cost of \$2,500,000 damage which was done to property in Cambridge. If Plan E is forced on the people of Boston, of course there will be reduction in help. There will be forced economy of materials and work, such as happened in Cambridge in the past four weeks. There will be consolidation of departments and wholesale firing of help in the City of Boston. We know that was the talk of the Republican machine last year on Beacon Hill; whether we like it or not, they are going to try to pass this without a referendum to the people, and have a Republican Legislature force Plan E on the people of Boston. I hope, Mr. President, this resolution will be honored by the Recess Commission for the study of the Boston City Charter and that all the meetings being held relative to this matter will be held with notice to the members of this Body.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on message of Mayor and order (referred September 23) accepting chapter 207 of Acts of 1946 permitting bowling on the Lord's Day—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. BRYAN—Mr. President, I ask that a public hearing be held in regard to this order.

President KELLY—Councilor Bryan makes the motion that a public hearing be held on this matter. Talking on the motion, Councilor Coffey.

Coun. COFFEY—Mr. President, all the Committee on Licenses does is take this matter up with the vice president of the Bowling League who recently bought some bowling alleys in my ward. All this committee does is accept or reject the act. If we accept the act today, we can hold a hearing before the Committee on Ordinances some day this week. Councilor Hannon agreed to hold a hearing on Friday morning—I mean Councilor Cook. It has been agreed a hearing will be held this week. I understand now the chairman has agreed to hold a meeting on Thursday. Is that satisfactory to Councilor Bryant? All we are doing is accepting or rejecting the act. The final say is with the Committee on Ordinances which has to set the price. We can act on next Monday.

Coun. BRYAN—Mr. President, I would like to have the President set the time of the hearing so that the church organizations opposed to the Sunday bowling will have an opportunity to be heard.

President KELLY—Councilor Cook, will you set the time for the hearing of the Committee on Ordinances for Thursday?

Coun. COOK—Mr. President, my committee meeting Thursday morning is as an executive meeting. It has nothing to do with bowling. I will not call a meeting on the bowling fees until the act is accepted in the Committee on Licenses.

President KELLY—Councilor, the motion is to accept the act. It is before the Committee on Licenses now. I want to try to clear up the matter.

Coun. BRYAN—Mr. President, I believe that Councilor Scannell is the chairman of the Committee on Licenses.

Coun. SCANNELL—Mr. Chairman.

President KELLY—I am informed that before the Committee on Ordinances can hold a hearing, we have to accept the act—before a public hearing is held before the Ordinances Committee. I am informed by the City Clerk it has to be in legal form.

Coun. BRYAN—I do not want the order passed here today. I want a public hearing on it.

President KELLY—This is just accepting the act. The ordinance for bowling will have a public hearing Thursday morning by the chairman of the committee.

Coun. BRYAN—Councilor Cook said so. He is not the chairman of the Committee on Licenses, so I believe. I want to have the situation cleared up.

President KELLY—Councilor Scannell, you are chairman of the Committee on Licenses.

Coun. SCANNELL—Mr. President, the Committee on Licenses has voted to pass, or to accept, this legislation, today. I wish Councilor Bryan would listen. It was done with the idea that there will be a public hearing before the Committee on Ordinances. It has to be accepted by the City Council. If the chairman of the Committee on Ordinances will name a date, as I understood that he was going to, then there can be a public hearing after today when we have accepted it. Is that clear, councilor?

President KELLY—Councilor Cook, can you enlighten Councilor Bryan? If the act is accepted, you will call a public hearing?

Coun. COOK—If this act is accepted, I will call a meeting as soon as possible, probably Thursday morning. I understand the act was accepted.

President KELLY—The act was not accepted. It is before us, councilor.

Coun. COOK—Until it is accepted, there will be no meeting of the Committee on Ordinances to set fees. If it is accepted today, I shall call a meeting Thursday.

Coun. FISH—Mr. Chairman, may I ask the chairman of the Committee on Ordinances to

clarify the mind of the Council—if it is accepted, will he call a meeting this week?

Coun. COOK—I have just got through saying I would call it this Thursday. I have been informed there is a Committee on Hospitals meeting at the hospital. Then I will call it on a date that would be acceptable. I think that probably would be Friday. That is all on the supposition that the Council accepts the act today.

President KELLY—Do you understand that?

Coun. BRYAN—That is right.

President KELLY—The question is on the acceptance of the act. Those in favor will say "Aye."

Coun. COOK—Mr. President.

Coun. BRYAN—Mr. President, I want to get—President KELLY—The vote is being taken.

Coun. BRYAN—Mr. President, there is still a misunderstanding all around. I am going to move that the order be laid on the table until we get sufficient information to find out which way we are going. I understand from the chairman of one committee he is going to hold a committee meeting Friday. The other chairman is going to hold a committee hearing. I move the order be laid on the table.

Coun. SCANNELL—Just a minute, Mr. President.

President KELLY—According to the rules of the Council, there is no debate on the motion. Councilor Bryan makes a motion that the order before us to accept the act be laid on the table.

Coun. MCCORMACK—Mr. President, a point of information.

President KELLY—There is no point of information.

The question came on the motion to lay on the table and the motion was lost.

President KELLY—I want to make a statement. I want to try to clear up in Councilor Bryan's mind what is taking place. Evidently he does not understand.

Coun. BRYAN—Mr. President, I understand. I am not going to be told one thing by one chairman and another by another chairman.

President KELLY—That is what I mean. Councilor Cook, you are chairman of the Committee on Ordinances. I understand there is a Committee on Hospitals meeting at 11 a. m. Thursday morning. If this act is accepted by the Council today, when would you call a committee meeting of the Committee on Ordinances and have a public hearing?

Coun. COOK—Mr. President, I will call a meeting Friday at eleven o'clock. Mr. President, I think this is what Councilor Bryan had in mind. Before the Committee on Ordinances could set fees for Sunday bowling, we would have to have Sunday bowling accepted. It has been my understanding that the Committee on Licenses did not have a public hearing on whether or not they would accept the act before they put their report into the Council. I think that is Councilor Bryan's idea.

Coun. BRYAN—That is correct. I was told so by the chairman.

President KELLY—I want to find out what is in your mind. Do you understand, councilor, that Councilor Cook said he would hold a public hearing on Friday of this week if the act is accepted?

Coun. BRYAN—That is right. I understand the chairman of the Committee on Licenses promised to hold a meeting on Friday before it came into the Body at all. I want that situation cleared up.

President KELLY—The clerk informs me that before the Committee on Ordinances can hold a hearing the Committee on Licenses has to accept the act.

Coun. KINSELLA—Mr. President, I am not going to set myself up as one who can clarify this, but I ask all the councilors to listen. The clerk can judge as to what is going on. Assuming we accept this today, we implement it with orders which the Ordinance Committee will work out as a result of meeting Friday. In the event that no ordinance is ever devised to have Sunday bowling, then the act, even upon acceptance, cannot become operative.

Coun. COOK—Mr. President, one of the reasons why your chairman of the Committee on Ordinances has taken this view of the matter, when I said I would not call a public hearing until the act was accepted, was that the Committee on Ordinances had a meeting on the setting up of fees for Sunday bowling. All the councilors were invited and the bowling people were invited. At that time I was under the impression that the act had been accepted by the City Council. The setting up of fees for bowling alleys operating on Sunday is something that should be arranged after the act is accepted. Right now I have a question in my mind whether this means a public hearing because, even after the ordinance is accepted and there is an ordinance that has been submitted to us upon which evidence was heard by the Committee on Ordinances, so far as the committee is concerned today, all we would need would be an executive meeting to determine what the committee thought was a fair and reasonable rate for Sunday bowling licenses, in the event that Sunday bowling was accepted by the Boston City Council. In view of the misstatements orally in the presence of us and over the radio and in the press, it seems to me we should not act until the matter of accepting the act for Sunday bowling is recognized and threshed out. It is my impression Councilor Bryan wanted a public hearing on the acceptance of the act. So far as I know, there has been none. The Com-

mittee on Licenses, in its wisdom, has put in a report saying the act should be accepted at this time. Then it devolves upon the various councilors who have an interest one way or the other to debate that motion. Until that motion is disposed of, I do not see that the Committee on Ordinances should take any action. I have made the statement I will stick to it. If the act is accepted, the Committee on Ordinances will try to either pass upon the recommended ordinance or fees and their amounts, or set up another ordinance which would be reasonable and fair to all the people around.

President KELLY—The Chair might explain and try to clear it up. Even if we should accept this act today, it will not mean anything until the ordinance is passed.

Coun. BRYAN—Mr. President, I asked for a hearing before Ordinances the day the committee meeting was held in Ordinances, and they told me when it came up before the Licensing Committee, that was the place I was to get my hearing. Now I think in fairness to the church organizations and all those interested, for or against Sunday bowling, they should have an opportunity to be heard. I think before the Licensing Committee report is accepted, a committee meeting should be held. I am still in favor of a committee meeting being held before it is accepted.

President KELLY—Councilor Bryan, you can make a motion it be recommitted to the Committee on Licenses and that a hearing be held this week.

Coun. BRYAN—I so move.

The question came on the motion to recommit to the Committee on Licenses with a public hearing to be held by the committee this week.

Coun. BRYAN—It is up to the Committee on Licenses.

Coun. COFFEY—Mr. President, speaking on the motion, I do not think there is any necessity for this going back to the committee for another hearing which we will have before the Committee on Ordinances. I think we have waited long enough. It has been in the committee long enough. They have taken a vote on it today and voted to bring it out. If we pass it today, as the clerk will explain, it still will not be in effect until the Committee on Ordinances sits down and has a meeting on it, whether it is public or private, and then decides on what fee it shall set for the bowling operators throughout the city. They cannot operate until the Committee on Ordinances gives them the go-ahead sign. I hope it is not sent back to the Committee on Licenses.

The question came on the motion to recommit, and the motion was declared lost. Councilor Bryan doubted the vote, and asked for a roll call. A sufficient number of councilors having supported him, the roll was called, and the motion to recommit was carried, yeas 10, nays 7.

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Hannon, Linehan, McCormack, Moriarty, Scannell—10.

Nays—Councilors Carey, Coffey, Fish, Hurley, Keenan, Kinsella, Sullivan—7.

Voting present—Councilor Kelly—1.

President KELLY—The order is recommitted to the Committee on Licenses.

Coun. SCANNELL—Mr. Chairman, there will be a meeting of the Committee on Licenses Friday morning at eleven o'clock.

Coun. FISH—Mr. President, a point of information. Will the Committee on Licenses have to act upon this before the Ordinance Committee?

President KELLY—I am informed by the City Clerk the Committee on Ordinances cannot take final action until the Committee on Licenses acts on it.

Coun. FISH—I wonder if the chairman of the Committee on Licenses would consider advancing that public hearing so that the Ordinance Committee may have an opportunity to act on it after that, so that there will be action on it by next Monday.

Coun. SCANNELL—Mr. President, I think there should be time allowed to those people who are for the ordinance or opposed to this ordinance. We should give them time. I think the matter of five days can be timed so that anybody opposed to this could be notified. I am going to ask that they be notified tonight.

Coun. COOK—Mr. President, I wish that in any notices going out, it is clearly stated that this meeting has nothing to do with an ordinance, but with the order for acceptance of Sunday bowling in Boston.

President KELLY—Does the Chair understand it is the will of the members of the Body that this be a publicly advertised hearing of the Committee on Licenses?

Coun. SCANNELL—Well, if it is the wish that it be a public hearing, it shall be, but if it is the wish of any member who is opposed to the accepting of Sunday bowling in Boston not to have one, it will depend on the wish of the Body. I believe there are a few councilors who want a public hearing. I think they should have it.

Coun. KINSELLA—Mr. President, the matter will rest with the chairman of the Committee on Licenses.

Coun. KINSELLA—If it is a public hearing, it must be advertised seven days in advance.

President KELLY—I understand there is no requirement that it be advertised seven days in advance.

Coun. KINSELLA—A public hearing?

President KELLY—Not this kind of hearing.

Coun. BRYAN—I want this as a public hearing so that church organizations who have written to me in opposition to this bill may have an opportunity to come in here. I do not want it discussed among the councilors. I want an open, public hearing so that the bill can be heard.

Coun. SCANNELL—Mr. President, any hearing that has ever come before the City Council in regard to any order accepting any bill of the Legislature has always been open to the public. I meant as far as the executive meeting went, and so forth. This shall be open to the public or anybody who wishes to attend. If the gentleman from Ward 20 (Councilor Bryan) wishes, it will be held on the main floor of the City Council.

Coun. BRYAN—I want to thank the gentleman for his information.

CHANGING NAME OF "HARVARD BRIDGE" TO "TECHNOLOGY BRIDGE."

Coun. HURLEY offered the following:

Ordered, That his Honor the Mayor request appropriate authorities to change the name of the so-called "Harvard Bridge" to the "Technology Bridge."

Coun. HURLEY—Mr. President, before I introduce the order today I want to say I think it is a fair order. Here is a bridge that leads from Boston to the city of Cambridge to the doors of the Massachusetts Institute of Technology. It bears the name "Harvard Bridge." Harvard University is at least two or three miles away from the bridge. This bridge leads to the doors of that great institution which has done so much for this country in the past war. I think it is only fitting and proper, Mr. President, that the proper authorities be consulted with regard to the advisability of changing the name of the "Harvard Bridge" to "Technology Bridge." I would like to amend the order now and in place of "Technology Bridge" have it read the "Massachusetts Institute of Technology Bridge."

Coun. COOK—Mr. President, speaking on the motion, I am sure that the councilor from Ward 8 (Councilor Hurley), by praising the Massachusetts Institute of Technology, did not in any way imply that Harvard College was any less helpful in winning the war or in any other way. It seems to me, Mr. President, that in changing the name from the "Harvard Bridge," think of the poor policemen who will have to change all the tags and speeding tickets and write out that the place of arrest was the "Massachusetts Institute of Technology Bridge" instead of the "Harvard Bridge." I think it is a late time to be changing the name of a well-known place and a well-known bridge. We can name something else after the Massachusetts Institute of Technology. But I certainly would not change the name of the Harvard Bridge at this time. I do not think it is any disparagement to that great institution across the Charles. I would like to know, if I may be answered later by the councilor from Ward 8, as to what brought this on at this time, especially when Harvard is one of the undefeated, untied football teams in the East. Why at this time does he wish to change the name?

Coun. HURLEY—Mr. President, it is in the Boston *Evening Globe*, a very reputable paper. The Roxbury Centennial Edition asked for it. Here are the headlines in the Boston *Globe* asking why the bridge to Massachusetts Institute of Technology is called the Harvard Bridge. I think it is a fair question. Why is the bridge to Massachusetts Institute of Technology called the Harvard Bridge?

Coun. BAYLEY—Mr. President, talking on the motion I agree with all the distinguished councilor from Ward 12 (Councilor Cook) said. As an alumnus of Harvard, may I rise in defence of my institution? While it is true Massachusetts Institute of Technology has a distinguished history, no college in this country has had so long a history as Harvard, which recently celebrated its three hundredth anniversary. What the distinguished councilor said is true. Harvard men are known all over the world for their learning and now for their football team. It will be very difficult, as the councilor has said, for the people in my district to learn to call the bridge the Massachusetts Institute of Technology Bridge. My district is at the end of the bridge. It may be that the councilor who introduced the order likes long words. We are simple folk in Boston. We should have the name we know best. You get a long four-word name for the bridge and that would be very unfortunate, in my mind.

Coun. HURLEY—Mr. President, I wish to withdraw the amendment calling it the Massachusetts Institute of Technology Bridge, and let it stand originally as Technology Bridge.

President KELLY—Does Councilor Bayley yield?

Coun. BAYLEY—I will yield on this occasion.

Coun. HURLEY—If it is difficult for the people in the Back Bay to pronounce those four words, "Massachusetts Institute of Technology," there is a suggestion made here that it be called the Tech Bridge. That is a short word of four letters. I think the people over in the Back Bay will be able to pronounce and spell Tech. I now ask an amendment to the order.

Coun. COOK—Mr. President, a point of information.

Coun. BAYLEY—I have just yielded.

President KELLY—Councilor Bayley has the floor. Do you yield to Councilor Cook?

Coun. BAYLEY—There is a question if the gentleman from Roxbury (Councilor Hurley) can spell the name he originally has given.

Coun. HURLEY—For \$5 I will spell it.

Coun. COOK—Mr. President, talking on the motion to withdraw, now that we are back to the original motion to call it the Tech Bridge, I wonder if the councilor from Ward 8 (Councilor Hurley) realizes that is the name of a toothbrush instead of an institution of learning. I think we ought to stay with dear Old Harvard and keep it as the Harvard Bridge.

Coun. HURLEY—Mr. President, to save time I will let the order stand as it was originally, Technology Bridge. We will educate the people in the Back Bay to the spelling of Technology.

Coun. BAYLEY—And educate the councilor from Ward 8.

The motion came on the passage of the order, and the order was declared passed. Councilor Bayley doubted the vote, and asked for a roll call. A sufficient number of councilors did not support him.

President KELLY—I am sorry, councilor.

Coun. BAYLEY—Will you ring the bell, Mr. President, and see if Councilor Muchnick is outside?

Adjourned, on motion of Councilor Sullivan, at 4.45 p. m., to meet on Monday, November 4, 1946, at 2 p. m.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules which were adopted May 23, 1946, and were effective July 8, 1946, for a trial period of sixty (60) days, and which were extended for a further trial period of sixty (60) days, from September 6, 1946, are hereby extended for a further trial period of sixty (60) days, from November 5, 1946:

Section 15 (Commercial Vehicles May Back to Curb or Edge of Roadway Except in Specified Places) is amended by adding the following:

Atlantic Avenue, Boston Proper.

West side, from Commercial street to Summer street, 4 p. m. to 6 p. m.

Brookline Avenue, Boston Proper.

Both sides, from Kenmore square to Park Drive, 4 p. m. to 6 p. m.

Commercial Street, Boston Proper.

Southwest side, from Prince street to Atlantic avenue, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective June 24, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days, from August 23, 1946, is hereby extended for a further trial period of sixty (60) days, from October 22, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Columbus Avenue, Boston Proper and Roxbury.

Southeast side, from Washington street (Egleston square) to a point two hundred and eighty (280) feet southwest of Arlington street, 8 a. m. to 10 a. m.

Northwest side, from a point one hundred and fifteen (115) feet north of Washington street (Egleston square) to Stuart street, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted February 28, 1946, and was effective July 8, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of

sixty (60) days, from September 6, 1946, is hereby extended for a further trial period of sixty (60) days from November 5, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:
Dudley Street, Roxbury and Dorchester.

Northeast side, from Washington street to Columbia road, 8 a. m. to 10 a. m.

Southwest side, from Washington street to Columbia road, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective June 18, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days, from August 17, 1946, is hereby extended for a further trial period of sixty (60) days, from October 16, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:
Centre Street, Roxbury and West Roxbury.

Southeast side, from Amory street to Greenough avenue, 8 a. m. to 10 a. m.

Clerk.

CITY OF BOSTON.

LISTING BOARD.

PROPOSALS FOR SUPPLYING THE CARDS AND PAPER IN CONNECTION WITH THE POLICE LISTING OF RESIDENTS TWENTY YEARS OF AGE OR OVER FOR THE YEAR 1947.

The Listing Board for the City of Boston invites proposals for supplying the cards and paper in connection with the police listing of residents twenty years of age or over for the year 1947. The bidder must use the form of the proposal to be obtained at the office of the Police Commissioner, 154 Berkeley street, Boston, and deposit with his bid a properly certified check for \$600, payable to and to become the property of the Listing Board for the City of Boston, if the proposal is not carried out. Proposals will be publicly opened and read on Thursday, November 14, 1946, at 10 o'clock a. m., at the office of the Police Commissioner, 154 Berkeley street, Boston. The Listing Board reserves the right to accept or reject any or all proposals, or any part of a proposal and to award the contract as it deems for the best interest of the Listing Board of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 25 per cent of the estimated contract amount.

ment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective June 13, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days, from August 12, 1946, is hereby extended for a further trial period of sixty (60) days, from October 11, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:
Boston Street, South Boston and Dorchester.

East side, from Dorchester avenue to Columbia road, 8 a. m. to 10 a. m.

West side, from Dorchester avenue to Columbia road, 4 p. m. to 6 p. m.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING 16 MM. SOUND MOTION PICTURE PROJECTORS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering 16 mm. sound motion picture projectors for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for 16 MM. Sound Motion Picture Projectors." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check in the amount of 5 per cent of the total bid, payable to the City of Boston, must be left at the office of the Business Manager on or before Tuesday, November 19, 1946, at 12 m. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as it deems best for the interest of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

J. GEORGE HERLIHY,
Acting Business Manager of the School Committee.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR PAINTING WARD O, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for painting Ward O, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock p. m. on Thursday, November 14, 1946, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, before the time of opening the bids. The rate per hour to be paid those employed to do the work under this contract shall not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Painting Ward O, Boston City Hospital."

(Nov. 9.) *President.*

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR CONVERSION OF TWO FORMER AMC TYPE NAVAL VESSELS FOR USE AS FIREBOATS.

The Fire Commissioner of the City of Boston invites sealed proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for conversion of two former AMC type naval vessels for use as fireboats, including the installation of pumps and other equipment. Bidders may see the boats at the dock of Engine No. 47, 120 Lewis street, East Boston. A bond of an approved surety company doing business in the Commonwealth of Massachusetts, in the full amount of the contract, will be required to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at the office of the Fire Commissioner, 60 Bristol street, Boston. Each proposal must be signed by the bidder, placed in an envelope, sealed, and marked "Proposal for Conversion of Two Former AMC Type Naval Vessels for Use as Fireboats," and left at the office of the Fire Commissioner, 60 Bristol street, before 12 o'clock noon of November 22, 1946, accompanied by a certified check for five thousand (5,000) dollars, payable to the City of Boston and to become the property of said city as liquidated damages suffered by said city if, after acceptance of his proposal, the bidder shall fail to carry out said proposal. Proposals must be made in duplicate, and the sealed duplicate, without check, must be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing will be required prior to the award of said contract. Forms of proposals may be obtained at the office of the Fire Commissioner, 60 Bristol street, Boston. A deposit of ten (10) dollars in cash will be required for each set of plans and specifications taken out for estimating. said deposit to be refunded on the return of the plans and specifications in good condition. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

RUSSELL S. CODMAN, JR.,
(Nov. 9-16.) *Fire Commissioner.*

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PROPOSALS FOR REPAIRS TO NURSES' HOME AND FURNISHING CAFETERIA EQUIPMENT AT LONG ISLAND HOSPITAL, BOSTON HARBOR.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for repairs to nurses' home and furnishing cafeteria equipment at Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Friday, November 22, 1946, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$6,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, carpenters, engineers and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract, and also comply fully with the rules and regulations governing the taking down of buildings or other structures as contained in Bulletin No. 49, revised as of January 2, 1944, of the Building Commissioner for the City of Boston.

Specifications may be obtained at the office of the Awarding Authority. A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, November 19, 1946.

A bid deposit in the form of cash or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to sub-bidders.

In the event no subcontractor files a bid covering a sub-trade specified in Item 2 of the proposal form, the general contractor shall include such specified work in Item 1 of his proposal as part of the work to be performed by such general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any

and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939, as amended.

G. FRANK McDONALD,
(Nov. 9.) Commissioner of Institutions.

CITY OF BOSTON.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATION AND REPAIRS TO COLUMBUS PARK FIELD HOUSE, OPPOSITE PREBLE STREET, SOUTH BOSTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for alteration and repairs to Columbus Park Field House, opposite Preble street, South Boston, Mass.

Proposals will be received until 2 p. m., Friday, November 15, 1946, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 p. m., Tuesday, November 12, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
FRANK R. KELLY,
(Nov. 2-9.) Commissioners.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS AND WATER WORKS IN LEDGEDALE ROAD, TRUMAN ROAD AND ALWARD ROAD, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works and water works in Ledgeale road, Truman road and Alward road, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works and Water Works in Ledgeale Road, Truman Road and Alward Road, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, November 21, 1946, with a certified check for eight hundred (800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Nov. 9.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FIRE HOSE TO THE BOSTON FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing fire hose to the Boston Fire Department, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Fire Hose." There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Tuesday, November 19, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, NOVEMBER 16, 1946.

No. 46

REORGANIZED VETERANS' REHABILITATION DIVISION HAS AIDED 51,897 WORLD WAR II DISCHARGEES SINCE MAYOR CURLEY'S ADMINISTRATION TOOK OVER CONTROL AND PLACED IT UNDER SUPERVISION OF SOLDIERS' RELIEF DEPARTMENT — COMMISSIONER DAVID J. BRICKLEY MAKES KNOWN FACTS IN REPORT TO MAYOR — MOST OF 79,237 MEN OUT OF SERVICE HAVE SOUGHT AND RECEIVED AID OR SERVICE THROUGH EMPLOYEES HANDLING SERVICE.

Mayor Curley's reorganized Veterans' Rehabilitation Division has processed 51,897 individuals, rendering services according to the individual needs of the veterans. This fact grows more important when it is considered that there are now approximately 79,237 discharged World War II veterans in Boston. These facts were disclosed in a communication from Soldiers' Relief Commissioner David J. Brickley in the form of a report on the activities of the Division.

The complete report to the Mayor is as follows:

HON. JAMES M. CURLEY,
Mayor of Boston, City Hall, Boston.

DEAR MR. MAYOR,— I have the honor to present to you for your perusal the following facts relative to the functioning of the Veterans' Center, reorganized under your direction into the Boston Veterans' Rehabilitation Division:

Since the reorganization of the City of Boston Veterans' Center, as of January 15, 1946, to that of City of Boston Veterans' Rehabilitation Division, I respectfully submit an informative and statistical report of the many services rendered the veterans of Boston, and in some instances Greater Boston, from February 1, 1946, to September 30, 1946. As of this date, there have been approximately 79,237 discharged World War II veterans in Boston. Of this number, 51,897 individual services have been processed through this division.

The Veterans' Rehabilitation Division, under the supervision of George J. Devin, has served as a reservoir of information and an inexhaustible source of informative advice and counsel in solving the many problems confronting the veterans in adjusting themselves to civilian life.

Various Services.

The various services rendered the ex-service men and women are of inestimable value and have been widely expressed in their need and desire to obtain proper counseling and guidance in the many benefits available through the G. I. Bill of Rights. Large numbers of veterans have returned for further help in solving the many types of personal problems which occur in the interim before their ultimate adjustment, and deep appreciation has been adequately expressed through the many letters of a complimentary nature received by the Rehabilitation Center.

It is gratifying to state that the various government agencies dealing with the veteran have been most cooperative; an excellent feeling of mutual interest and understanding exists, with the one objective of rendering to the veteran the best possible service. On numerous occasions we have found it necessary to call upon the several departments connected with the City of Boston for information in adjusting a veteran's problem. We have always received courtesy and the fullest cooperation from the personnel of these departments.

The employees of this Division consist of a staff of ten, most of whom are veterans and several of whom are disabled. They are skilled in their particular assignments and render an efficient, courteous service in helping solve the problems of returned service men and women.

We have been most fortunate in obtaining, through the courtesy of Dr. Arthur L. Gould, Superintendent of City of Boston Schools, and Dr. Paul V. Donovan, Chief of the Vocational Guidance Division, a counselor who is assigned each day to our Division to advise veterans on educational and vocational problems. These men with their many years of experience are contributing an outstanding service. They have given their time, talents and energy unstintingly in an endeavor to re-establish the veteran in civilian life.

Very truly yours,

DAVID J. BRICKLEY, *Commissioner,*
Soldiers' Relief Department.

A statistical report follows on page 1320:

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

Meeting of the City Council, Monday, November 18, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending November 9, 1946.

LIBERTY"—PORTRAITS AND OTHER PAINT-
INGS TO BE RESTORED—LIKENESSES OF
MANY NOTED MEN CONNECTED WITH HIS-
TORY AND DEVELOPMENT OF NATION TO BE
INCLUDED.**

The following letter was received by his Honor the Mayor:

CITY OF BOSTON ART COMMISSION,
Faneuil Hall, October 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—In connection with the admirable work of your Honor's administration in regilding the weather vane and repainting the outside of Faneuil Hall, we beg to call your attention to this Commission's desire, in connection with the proposed repainting of the interior, to have the paintings cleaned and revarnished.

The great painting of the Webster-Hayne debate has not been cleaned for many years; the other paintings were last cleaned in 1931. From the curator of paintings of the Museum of Fine Arts, Mr. William G. Constable, this Commission has received a report (after careful examination of each painting) that "all of them have a coating of dirt, and that in many cases the protective layer of varnish is disintegrating." He also writes: "As they are at present, they would look very unsightly in the repainted hall." If not cleaned and revarnished, "in time, the paint surface will be attacked, and the cost of putting the paintings in order will be greatly increased."

To deal with the Webster-Hayne painting by Healy, says Mr. Constable, "Almost everything that is necessary can be done by the use of staging." We therefore propose to your Honor that this great painting be cleaned when staging is available for repainting the end of the hall itself. With this in view, we have secured an estimate from Mr. Richard M. Finlayson, of 729 Boylston street, Boston, who is associated with one of the restorers in the Museum of Fine Arts. If the staging is provided, Mr. Finlayson would do the work for what seems to this Commission the moderate charge of \$300.

We recommend that the Museum of Fine Arts itself be entrusted with the reconditioning of the other nineteen paintings, propose that they be sent to the Museum for expert treatment, a few at a time, then returned and rehung, before a succeeding group is sent. Thus the walls of the hall will never be left too bare.

On this basis the estimated cost is as follows:

The two large portraits, Peter Faneuil (removing dirt and old varnish, revarnishing), \$100 to \$125, plus transportation, round trip Museum to Faneuil Hall and back, \$5 to \$6.

The John Quincy Adams, General Knox, Samuel Adams, John Hancock (cleaning and revarnishing), \$200 to \$300, plus transportation, \$5 to \$6. The

Governor Andrew, Anson Burlingame, Rufus Choate, Edward Everett, \$240 to \$325, plus round trip transportation, \$5 to \$6. Renovating this first set of paintings, therefore, would cost not less than \$630 and not more than \$868.

The remaining paintings would involve the following estimated expense: Lincoln, Phillips, Paine, Preble, \$215 to \$275, round trip transportation, \$5 to \$6. Strong, Sumner, Warren, Wilson, Winslow, \$180 to \$255, round trip transportation, \$5 to \$6, plus return of last five paintings to Faneuil Hall, \$5 to \$6. Thus, reconditioning this second group of paintings would therefore cost not less than \$410 and not more than \$548.

To recapitulate: Webster-Hayne, \$300; first group of portraits, \$630-\$868; second group of portraits, \$410-\$548; total, \$1,340-\$1,716.

We therefore ask for a special appropriation to the credit of the Art Department for seventeen hundred and sixteen dollars (\$1,716) for cleaning, repairing, and revarnishing the twenty paintings in Faneuil Hall, and for such other maintenance of works of art as this Commission may find necessary.

ROBERT P. BELLOW, *Chairman*,
MARY EVANGELINE WALKER,
WILLIAM EMERSON,
GEORGE H. EDGELL,
DANIEL SARGENT.

**MAYOR'S HALLOWEEN PARTIES
FOR CHILDREN MOST
SUCCESSFUL.**

Mayor Curley has received the following letter from Park Commissioner Long:

BOSTON, November 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I am respectfully submitting the following report on the October 31st Halloween parties.

The reason for the delay in answering this, is that it was necessary to check with all public and private agencies' directors who assisted in the supervision of 142 gatherings which reached approximately 73,000 youngsters.

The consensus of opinion seemed to be that for a program so varied and city-wide, reaching so many youngsters of every race, creed and color, that this year's cooperative plan was more successful than any party we have ever run. The youngsters really seemed to enjoy the parties, even the daily papers agreed it was a safe and sane evening and certainly reduced the amount of hoodlumism to a remarkable degree. This was

made possible through the program of supervised parties.

The Police Department, the School Department and the Parochial School Department cooperated 100 per cent, and the youngsters certainly cooperated more than they ever did before and seemed to appreciate the fine program we offered them and showed their appreciation by their conduct after leaving the parties.

I, personally, only received one complaint, that was from a lady in West Roxbury.

Respectfully submitted,
WILLIAM P. LONG, *Chairman.*

**MAYOR CURLEY TO PRESENT
PEN TO COUNCILOR LINE-
HAN ON SIGNING HOUSING
ORDER.**

On the occasion of the signing of the \$10,000,000 loan order for veterans' housing November 13, by the Mayor, his Honor was pleased to communicate the following letter to Councilor Thomas E. Linehan who originally sponsored this loan order in the Boston City Council:

COUNCILOR THOMAS E. LINEHAN,
City Council Chambers.

DEAR COUNCILOR LINEHAN,—I have this day signed the \$10,000,000 loan order for veterans' housing.

Through your initiation and efforts, this order received prompt action in the City Council. I think you should be publicly complimented for the manner in which you devoted your energies to this very laudable purpose.

I believe the pen with which I affixed my signature to the loan order should be presented to you and preserved by you. If you will kindly call at my office Thursday morning, November 14, at 11 a. m., I will be happy to make presentation of this pen to you.

Respectfully,
JAMES M. CURLEY, *Mayor.*

**PRESENT ADMINISTRATION
TAKING STEPS TO CARE
FOR HEROES BURIED ON
RAINSFORD ISLAND. CITY
NOT NEGLECTFUL AS
CHARGED.**

It has been brought to my attention, not as Director of Public Celebrations, but as Secretary to the Mayor, that the City of Boston has been assailed for neglecting veterans' graves in Rainsford Island in Boston Harbor.

Since Mr. Pedonti, of Graves Registration, is in the hospital at this time, I feel it incumbent upon myself to answer the charges made. It is charged that this situation was called to the city's attention one year ago, and that the city government has done nothing to rectify conditions on Rainsford Island.

I would like to point out the fact that there has been a change in city government within the last year, and that far from being neglectful in the matter of Rainsford Island, Mr. Pedonti and I made a special trip down the harbor to thoroughly look over Rainsford Island, preparatory to taking steps which would once again beautify the burying ground there.

The question arose as to whether it was the responsibility of the City of Boston or of the Federal Government to insure the upkeep of the graves on Rainsford Island. With this in mind, Mr. Pedonti, who is the Supervisor of Graves Registration, has contacted Washington notifying them that if the Federal

Government were not to take care of Rainsford Island, the City of Boston would restore it once again.

Unfortunately, when a question which affects both the Federal Government and the City arises, there is a certain amount of time that must elapse before arrangements can be made. This being so, I wish to make it clear at this time, in Mr. Pedonti's absence, in the hospital, that the present administration is doing all in its power in definitely placing the responsibility for the upkeep of Rainsford Island and to insure its restoration as a suitable burial place of Civil War and Spanish War Veterans.

GEORGE JAMES CURLEY.

MAYOR APPEALS TO WAR DEPARTMENT IN BEHALF OF MISSING MICHAEL DE BARTOLO.

The following telegram was sent on November 12 to the Honorable Robert P. Patterson, Secretary of War, War Department, Pentagon, Arlington, Virginia:

WITH REFERENCE TO PRESS REPORT STATING THAT MICHAEL DE BARTOLO, LISTED AS MISSING BY WAR DEPARTMENT FOR PERIOD OVER THREE YEARS, NOW RETURNED TO MILITARY CONTROL OVERSEAS. ADVISE THE MOTHER AND PUBLIC GENERALLY ARE INTERESTED IN HAVING REPORT CHECKED AND, IF FACTS STATED ARE TRUE, HAVE THIS SOLDIER RETURNED AT ONCE TO HIS MOTHER, WHO RESIDES AT 19 ORCHARD STREET, SQUANTUM, MASSACHUSETTS.

JAMES M. CURLEY, M. C.,
Mayor of Boston.

THANKSGIVING MENU AT CITY HOSPITAL.

The following is a list of the menus to be served at the Boston City Hospital and the Sanatorium Division on Thanksgiving Day:

Sanatorium Division.

Cream of celery soup, roast, stuffed turkey, giblet gravy, cranberry sauce, candied sweet potatoes, mashed white potatoes, butternut squash, peas, mince pie and ice cream, coffee, sweet rolls.

Celery, olives, salted nuts, assorted fresh fruits, blue cheese and crackers for nurses and doctors.

800 pounds of turkey will be served.

Boston City Hospital.

DEPARTMENT CHANGES.

(Continued from page 1323.)

ELECTION DEPARTMENT.

John A. Mayr, 7 Cardington street, Roxbury, from assistant registrar at \$2,300 a year plus \$200 E. C. A. to voting machine custodian (provisional, six months) at \$2,800 a year plus \$200 E. C. A.

FIRE DEPARTMENT.

Michael J. Donovan, 208 West Seventh street, South Boston, from hoseman at \$2,500 a year to engineer, High Pressure, at \$2,600 a year.

HEALTH DEPARTMENT.

Dorothy A. McManus, 90 Bynner street, Jamaica Plain, from public health nurse at \$2,000 a year plus \$200 E. C. A. to supervising public health nurse at \$2,200 a year plus \$200 E. C. A.

Anna M. Curley, 4 Rosedale street, Dorchester, from public health nurse at \$2,000 a year plus \$200 E. C. A. to supervising public health nurse at \$2,200 a year plus \$200 E. C. A.

HOSPITAL DEPARTMENT.

J. Alice Creed Bell, 10 Tappan street, Roslindale, from floor nurse at \$1,600 a year to floor nurse (performing the duties of night supervisor) at \$1,980 a year.

Ann Phillips, 1621 Tremont street, Roxbury, from floor nurse at \$1,980 a year to head nurse at \$1,880 a year.

INSTITUTIONS DEPARTMENT.

George R. Egan, 672 La Grange street, West Roxbury, from inland mate, temporary, at \$2,400 a year plus \$200 E. C. A. to captain, temporary, at \$2,800 a year plus \$200 E. C. A.

The Mayor has approved the following transfer:

PUBLIC BUILDINGS DEPARTMENT.

Thomas Kelly, 795 East Third street, South Boston, from Public Works Department as laborer at \$33 a week plus \$1.92 E. C. A. to Public Buildings Department as laborer at \$33 a week plus \$1.92 E. C. A.

The Mayor has approved the following leaves of absence:

HEALTH DEPARTMENT.

Joseph A. Cahalan, 549 West Park street, Dorchester, secretary and senior clerk, \$3,800 a year plus \$200 E. C. A., continuing during such time as Mr. Cahalan continues to act as deputy commissioner, Division of Housing and Sanitation.

HOSPITAL DEPARTMENT.

May Donovan, 294 Stratford street, West Roxbury, part-time floor nurse, \$940 a year.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon October 22 the Mayor approved a contract with the City Building Wrecking Company for demolishing and removing portions of the Overlook Building, Franklin Park, Dorchester. Bids, opened Thursday, October 17, were as follows:

City Building Wrecking Company, \$3,170; Mystic Building Wrecking Company, Inc., \$3,375; Marinucci Brothers &

Co., \$3,750; American Building Wrecking Company, Inc., \$4,450; Chelsea Building Wrecking Company, Inc., \$6,900; J. A. Singarella Company, \$9,500.

PUBLIC WORKS DEPARTMENT.

Upon October 29 the Mayor approved a contract with A. Singarella & Son for laying and relaying water pipes in Rosedale street, Stanton street, School street, Wilbur street, Cushing avenue, Upham avenue and Frazer street, Dorchester, at an estimated cost of \$17,848. The work to be done under this contract is to be completed on or before December 14, 1946. There was an informality in the proposal submitted by the Roslindale Contracting Company, Inc., rendering them ineligible for award. The following bids were received October 7:

Roslindale Contracting Company, Inc., \$16,139.50; A. Singarella & Son, \$17,848; J. D'Amico, \$17,991; Baker & Co., Inc., \$19,043; Angelo Grande, \$21,383; Construction Units, \$31,578.

Upon October 29 the Mayor approved a contract with Edward M. Matz, Inc., for sheet asphalt pavement in Coleman and Kimball streets, Ward 15; Sunnyside and West Selden streets, Ward 18, at an estimated cost of \$69,542.50. The work to be done under this contract is to be completed December 31, 1946. The following bids were received September 26:

Edward M. Matz, Inc., \$69,542.50; John Deveney Company, \$71,944; S. J. Tomasello Corporation, \$75,197.50.

SUPPLY DEPARTMENT.

Upon September 23 the Mayor approved a contract with the Socony-Vacuum Oil Company for furnishing approximately 1,000,000 gallons regular and approximately 15,000 gallons premium gasoline, as required, from August 1 to December 31, 1946, with the privilege of purchasing on the same terms and conditions through July 31, 1947. The approximate amount of the contract was \$73,102.

Bids, opened June 23, were as follows:

Approximately 1,000,000 Gallons Regular Gasoline.

Posted Commercial Consumer Tank Wagon Price on Day of Bids, Per Gallon.—Colonial Beacon Oil Company, 8.7 cents; Bonded Oil System, Inc., 8.7 cents; Shell Oil Company, Inc., 8.7 cents; The Texas Company, 8.7 cents; Socony-Vacuum Oil Company, 8.7 cents*; Cities Service Oil Company, 8.7 cents; Tide Water Associated Oil Company, 8.7 cents; Lincoln Oil Company, 8.7 cents; American Oil Company, 8.7 cents.

Minus Differential of, Per Gallon.—Colonial Beacon Oil Company, 1 cent; Bonded Oil System, Inc., .62 cent; Shell Oil Company, Inc., .25 cent; The Texas Company, .25 cent; Socony-Vacuum Oil Company, 1.52 cents; Cities Service Oil Company, 1.17 cents; Tide Water Associated Oil Company, 1.25 cents; Lincoln Oil Company, .94 cent; American Oil Company, .75 cent.

Net Price Day of Bid, Per Gallon.—Colonial Beacon Oil Company, 7.7 cents; Bonded Oil System, Inc., 8.08 cents; Shell Oil Company, Inc., 8.45 cents; The Texas Company, 8.45 cents; Socony-Vacuum Oil Company, 7.18 cents*; Cities Service Oil Company, 7.53 cents; Tide Water Associated Oil Company, 7.45 cents; Lincoln Oil Company, 7.76 cents; American Oil Company, 7.95 cents.

Approximate Total.—Colonial Beacon Oil Company, \$77,000; Bonded Oil System, Inc., \$80,800, 1 per cent, ten days; Shell Oil Company, Inc., \$84,500; The Texas Company, \$84,500; Socony-Vacuum Oil Company, \$71,800; Cities Service Oil Company, \$75,300, 1 per cent; Tide Water Associated Oil Company, \$74,500; Lincoln Oil Company, \$77,600, 1 per cent, ten days; American Oil Company, \$79,500, 1 per cent, ten days.

Maximum Guaranteed, Net.—Colonial Beacon Oil Company, 8.7 cents; Bonded Oil System, Inc., none; Shell Oil Company, Inc., none; The Texas Company, none; Socony-Vacuum Oil Company, none; Cities Service Oil Company, 9.70 cents; Tide Water Associated Oil Company, none; Lincoln Oil Company, none; American Oil Company, 9.7 cents.

Trade Name or Brand.—Colonial Beacon Oil Company, Esso; Bonded Oil System, Inc., Esso; Shell Oil Company, Inc., Shell; The Texas Company, Texaco; Fire Chief; Socony-Vacuum Oil Company, Mobilgas; Cities Service Oil Company, Cities Service Koolmotor; Tide Water Associated Oil Company, Tydol; Lincoln Oil Company, Cities Service Koolmotor; American Oil Company, American.

Approximately 15,000 Gallons Premium Gasoline.

Posted Commercial Consumer Tank Wagon Price on Day of Bids, Per Gallon.—Colonial Beacon Oil Company, 10.2 cents; Bonded Oil System, Inc., 10.2 cents; Shell Oil Company, Inc., 10.2 cents; The Texas Company, 10.2 cents; Socony-Vacuum Oil Company, 10.2 cents*; Cities Service Oil Company, 10.2 cents; Tide Water Associated Oil Company, 10.2 cents; Lincoln Oil Company, 10.2 cents; American Oil Company, 11.2 cents.

Minus Differential of, Per Gallon.—Colonial Beacon Oil Company, 1 cent; Bonded Oil System, Inc., .62 cent; Shell Oil Company, Inc., .25 cent; The Texas Company, 1.5 cents; Socony-Vacuum Oil Company, 1.52 cents*; Cities Service Oil Company, 1.17 cents; Tide Water Associated Oil Company, 1.25 cents; Lincoln Oil Company, .94 cent; American Oil Company, .75 cent.

Net Price Day of Bid, Per Gallon.—Colonial Beacon Oil Company, 9.2 cents; Bonded Oil System, Inc., 9.58 cents; Shell Oil Company, Inc., 9.95 cents; The Texas Company, 9.7 cents; Socony-Vacuum Oil Company, 8.68 cents*; Cities Service Oil Company, 9.03 cents; Tide Water Associated Oil Company, 8.95 cents; Lincoln Oil Company, 9.26 cents; American Oil Company, 10.45 cents.

Approximate Total.—Colonial Beacon Oil Company, \$1,380; Bonded Oil System, Inc., \$1,437, 1 per cent, ten days; Shell Oil Company, Inc., \$1,492.50; The Texas Company, \$1,455; Socony-Vacuum Oil Company, \$1,302; Cities Service Oil Company, \$1,354.50, 1 per cent; Tide Water Associated Oil Company, \$1,342.50; Lincoln Oil Company, \$1,389, 1 per cent, ten days; American Oil Company, \$1,567.50, 1 per cent, ten days.

Maximum Guaranteed, Net.—Colonial Beacon Oil Company, 10.2 cents; Bonded Oil System, Inc., none; Shell Oil Company, Inc., none; The Texas Company, none; Socony-Vacuum Oil Company, none; Cities Service Oil Company, 11.2 cents; Tide Water Associated Oil Company, none; Lincoln Oil Company, none; American Oil Company, 12.2 cents.

Trade Name or Brand.—Colonial Beacon Oil Company, Esso Extra; Bonded Oil System, Inc., Esso Extra; Shell Oil

Company, Inc., Shell Premium; The Texas Company, Texaco Sky Chief; Socony-Vacuum Oil Company, Mobilgas Special; Cities Service Oil Company, Cities Service Ethyl; Tide Water Associated Oil Company, Tydol Ethyl; Lincoln Oil Company, Cities Service Ethyl; American Oil Company, Amoco.

Remarks.—The Texas Company, add 1 cent per gallon if less than full compartment delivered; no check submitted with bid; Socony-Vacuum Oil Company, see letter for services offered; no copy of letter with auditor's bid; Cities Service Oil Company, see letter for services offered.

* Contract awarded.

Upon October 23 the Mayor approved a contract with the bidder as indicated in the following communication:

BOSTON, October 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of September 24, 1946, bids were publicly opened for furnishing fuel oil to the various city departments.

The White Fuel Corporation was the low bidder on 8,000 barrels of heavy fuel oil for the Calf Pasture Pumping Station at \$2.185 per barrel.

I respectfully request that permission be granted me to award a contract to the White Fuel Corporation, 900 East First street, South Boston, for this material.

The approximate amount of this award will be \$17,480.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, contractors, etc., for furnishing, labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

ELECTION DEPARTMENT.

BOSTON, October 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We respectfully request authority to dispense with advertising for bids in connection with the installation of temporary electrical equipment (extension cords, 3-way connections, etc.) for the voting machines to be used at the coming State Election. We did not anticipate the necessity for additional electrical installations for the machines until they were actually placed in the polling places, when it was brought to our attention that only a limited number of machines could be operated on a single circuit.

Since some machines must be set up for the scheduled demonstrations next week and since all must be in operating order for the Election, we had to act immediately. The Massachusetts Electric Construction Company, 120 Tremont street, has surveyed the work and has submitted a price of \$3,920 for it, including the removal of temporary lines after the election. This company is equipped to do the work and is willing to guarantee that it will be completed in time. (May we add that the estimate submitted covers necessary overtime which will be

required if the demonstration machines are to be ready on schedule.)

We believe that no possible benefit would accrue to the city through holding up this essential work while advertising for bids.

Respectfully yours,

MICHAEL J. MANNING,
Commissioner.

FIRE DEPARTMENT.

BOSTON, October 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I request your Honor's permission to appoint John G. Alden, 131 State street, Boston, Massachusetts, Naval Architect and Engineer, to draw plans and specifications and to supervise work in connection with the conversion of the following boats into fireboats: AMc-50 Marabout, AMc-68 Bulwark, and two Army T tugs; and salvage of equipment from Engine 47, "John P. Dowd."

On July 22, 1946, and on September 9, 1946, the Boston City Council appropriated \$100,000 and \$200,000, respectively, for the purchase, furnishing and equipping of the said boats, and architectural and engineering services in connection therewith.

As no advantage would be gained by advertising for such professional services, I request your Honor's approval to award this work to the said John G. Alden for a fee equal to ten (10) per cent of the actual cost of the work, but in no event shall said fee exceed twenty-five thousand dollars (\$25,000).

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, October 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to award a contract to the Commercial Refrigeration Company, 74 Brookline avenue, Boston, Frigidaire agents, in the sum of \$2,455, without public advertising, for the reason that a pressing necessity existed prior to the order which did not admit of the delay incident to advertising.

The refrigerating plant at the Long Island Hospital is an antiquated ammonia and brine system that is no longer efficient. We have walk-in chests at the hospital which should be cooled to 34 degrees but we are unable to get a cooling point below 51 degrees. A leak has suddenly developed in the meat chest and is creating a hazard to the health of the inmates, besides loss of our meat.

It is my intention to install individual refrigerator units in each chest with a guarantee of at least 34 degrees cooling. However, the meat chest, singly, must be equipped with a unit immediately.

The Commercial Refrigeration Company is the sales service for Frigidaire, they have the equipment on hand, and will start work within three days. The Frigidaire is a well known national product and the price we have received is a commercial price for this unit and nothing can be gained by advertising.

Yours very truly,

G. FRANK McDONALD,
Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On September 3, 1946, you approved a contract which was entered into without advertising, in accordance with section 30 of the City Charter, between the Ward General Contracting Company, 157 Hampden street, Roxbury, Mass., and the city. This contract was in the sum of \$3,396 and covered the patching of approximately 1,132 square yards of macadam pavement in Phillips, Garden and Anderson streets.

It has become necessary to patch an additional 191 square yards in the above-mentioned area.

The Ward Company is performing work of a similar nature for various public service corporations, which enables the Company to charge the city a lower price than if all necessary manpower and equipment were used exclusively for the city.

I am of the opinion that, under the circumstances no better price would be obtained by publicly advertising for bids and that it would be in the best interests of the city to award the contract to the Ward General Contracting Company, 157 Hampden street, Roxbury, in the sum of \$573 for the patching of approximately 191 square yards of macadam roadway in Garden street, City Proper, at the rate of \$3 a square yard.

Your authority to dispense with advertising in entering into the above contract is respectfully requested.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without public advertisement, to Peter E. Manning, 267 Thatcher Street, Milton, Mass., for furnishing to the Park Department 200 cords of well-rotted cow manure at a price of \$11 a cord.

A canvass has been made of all possible sources of supply of this commodity and the condition and price are satisfactory to this department.

The total amount of the contract is \$2,200, delivered to the Franklin Park Yard.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On May 18, 1946, and August 13, 1946, bids for furnishing passenger cars to the various city departments were publicly opened and read at this office. Included in those proposals were invitations to furnish Buick cars.

No bids were received for any of the items concerning this make of car. Upon subsequent contact of various Buick dealers, the Noyes Buick Company of Boston agrees to furnish the number of cars we require as quickly as they are available. They will deliver four during the month of October and four or more each succeeding month until our requirements are met.

Due to the fact that no bids were received after public advertisement and that the Noyes Buick Company has

offered us the best delivery, permission is respectfully requested to purchase the following Buick sedans from this company without further advertising.

Item 1.—Health Department, Buick, Model 71; list price, \$2,336.55; less tax, \$95.20; less trade-in, \$500; net delivered, \$1,741.35.

Item 2.—Public Works Department, Buick, Model 71; list price, \$2,336.55; less tax, \$95.20; less trade-in, \$929; net delivered, \$1,312.35.

Item 3.—Public Works Department, Buick, Model 71; list price, \$2,336.55; less tax, \$95.20; less trade-in, none; net delivered, \$2,241.35.

Item 4.—Public Works Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, \$545; net delivered, \$1,402.70.

Item 5.—Public Works Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, none, net delivered, \$1,947.70.

Item 6.—Institutions Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, \$900; net delivered, \$1,047.70.

Item 7.—Public Buildings Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, \$700; net delivered, \$1,247.70.

Item 8.—Public Works Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, \$500; net delivered, \$1,447.70.

Item 9.—Building Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, \$700; net delivered, \$1,247.70.

Item 10.—City Hospital Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, \$600; net delivered, \$1,347.70.

Item 11.—Transit Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, none; net delivered, \$1,947.70.

Item 12.—Public Works Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, \$300; net delivered, \$1,647.70.

Item 13.—Street Laying-Out Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, none; net delivered, \$1,947.70.

Item 14.—Public Works Department, Buick, Model 51; list price, \$2,029.55; less tax, \$81.85; less trade-in, \$400; net delivered, \$1,547.70.

Radio and antenna, heater and defroster, gasoline, porcelainize, windshield, washer, spare tire and tube are included with each car.

These prices include a 5 per cent overage to cover any O. P. A. price increase prior to delivery. The maximum total is \$22,074.75.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Upon October 23 the Mayor approved a contract with bidders as indicated in the following letter:

BOSTON, October 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Attached please find list of bidders on proposals for furnishing rock salt to the various city departments which were publicly opened and read at this office under date of September 10, 1946.

I would respectfully request that permission be granted me to award a contract to the American Flour Com-

pany, the lowest bidder, for furnishing Items 2, 3, 4 and 5, as indicated on the attached sheet.

On Item 1, calling for 600 tons of salt in bulk, the Atlantic Salt Company and the Eastern Salt Company quoted identical prices, namely, \$10.40 per ton, and I would respectfully request that permission be granted me to award contracts for 300 tons to each of these bidders.

On Item 6, calling for 2,000 bags of salt for delivery to the Water Service, the Atlantic Salt Company and the Eastern Salt Company quoted the same price of \$1.04 per bag, and I would recommend that permission be granted me to award contracts for 1,000 bags to each of these bidders.

On Item 7, calling for 100 bags of salt to be picked up as needed, the Atlantic Salt Company and the Eastern Salt Company submitted the same price of 94 cents per bag, and I would again recommend that permission be granted me to award contracts for 50 bags to each of those bidders.

The approximate total amounts of contracts are as follows:

Eastern Salt Company, \$4,207; Atlantic Salt Company, \$4,207; American Flour Company, \$1,185.92.

In view of the informality of this bidding, I would recommend that the above awards be made without further advertising.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies,

Bids were as follows:

Item 1. 600 Tons Rock Salt, in Bulk, for Paving and Sanitary Divisions, Per Ton.—Atlantic Salt Company, \$10.40; Eastern Salt Company, \$10.40.

Item 2. 408 Bags Rock Salt to Various City Departments, Per Bag.—American Flour Company, 99 cents; Atlantic Salt Company, \$1.04; Thomas F. Culkeen Company, \$1.20; Eastern Salt Company, \$1.04.

Item 3. 200 Bags Rock Salt, in 5 Lots of 40 Each, to City Hospital, Per Bag.—American Flour Company, 99 cents; Atlantic Salt Company, \$1.04; Thomas F. Culkeen Company \$1.10; Eastern Salt Company, \$1.04.

Item 4. 100 Bags Rock Salt, in 2 Lots of 50 Each, to Traffic Tunnel, Per Bag.—American Flour Company, 99 cents; Atlantic Salt Company, \$1.04; Thomas F. Culkeen Company, \$1.10; Eastern Salt Company, \$1.04.

Item 5. 500 Bags Rock Salt, in 2 Lots of 250 Each, to Bridge Service, Roxbury, Per Bag.—American Flour Company, 97 cents; Atlantic Salt Company, \$1.04; Thomas F. Culkeen Company, \$1.10; Eastern Salt Company, \$1.04.

Item 6. 2,000 Bags Rock Salt for Water Division, to be Delivered to Fire Stations, Per Bag.—Atlantic Salt Company, \$1.04; Thomas F. Culkeen Company, \$1.10; Eastern Salt Company, \$1.04.

Item 7. 100 Bags Rock Salt, for Public Buildings, to be Picked Up as Needed, Per Bag.—American Flour Company, 99 cents; Atlantic Salt Company, 94 cents; Thomas F. Culkeen Company, \$1.05; Eastern Salt Company, 94 cents.

Remarks.—American Flour Company, net, total bid, \$1,274.92; Atlantic Salt Company, net, thirty days, total bid, \$11,870.32; Thomas F. Culkeen Company, net, thirty days, total bid, \$3,674.60; Eastern Salt Company, net, thirty days, total bid, \$9,670.32.

NOTE.—Eastern Salt Company stipulates a minimum delivery of twenty bags on each item, and Atlantic Salt

Company, a minimum delivery of twenty bags on Fire Stations. On carload shipments, Eastern Salt Company makes the following condition: "We are not to be held responsible for any delay in shipment due to strikes, contingencies of transportation, or other causes beyond our control."

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

The Atlantic Roofing and Skylight Works has been granted an extension of the time of completion of the contract for roofing at the Albert Palmer School, approved on July 24, 1946. Completion date to be extended from September 21, 1946, to November 21, 1946. This extension is requested for the reason that, due to shortage of material, work covered by this contract could not be completed on time.

Fred Williams, Inc., has been granted an extension of the time of completion of the contract for reinstalling oil burning equipment in various schools, approved on July 12, 1946. Completion date to be extended from September 14, 1946, to December 15, 1946. This extension is requested for the reason that, due to shortage of materials, contract could not be completed on time.

PUBLIC WORKS DEPARTMENT.

J. A. Singarella Company has been granted an extension of the time of completion of the contract for repairs to Glenwood Avenue footbridge, from September 22, 1946, to November 30, 1946, inclusive. This extension is requested for the reason that the contractor was delayed due to non-delivery of certain materials necessary for the work.

NO DAMAGES SUSTAINED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Hodgdon terrace, West Roxbury district, as a highway, under the order of the Board of October 17, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Garth road (formerly Garden street), West Roxbury district, as a highway, under the order of the Board of October 17, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Niles street, Brighton district, as a highway, under the order of the Board of October 21, 1946, and awards no damages therefor.

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the request of the heads of the departments interested for permission to amend or reallocate appropriations as follows:

CITY MESSENGER.

BOSTON, October 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your authority is requested to make the following reallocation in the City Council budget:

From B-10, Rent, \$25, to B-3, Advertising, \$25.

From B-5, Trucking, \$25, to B-4, Transportation, \$25.

From B-1, Printing and Binding, \$110, to B-42, Miscellaneous, \$110.

Respectfully yours,

WILLIAM J. O'DONNELL,
City Messenger.

COLLECTING DEPARTMENT.

BOSTON, October 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to amend the Collecting Department, Water Division, budget as follows:

From B-10, Rentals, \$400, to B-39, General Repairs, \$400.

The purchase of the Remington-Rand machines used by this department necessitated the establishment of a repair and maintenance service agreement on an annual basis. The date of purchase being July 1, 1946, the amount to be paid on this maintenance agreement amounts to \$442.82.

No provision was made in the B-39, General Repairs, budget item when making up the 1946 budget, however, the balance of the B-10, Rentals, budget item will show a balance, therefore, we use this account to make this reallocation.

Respectfully yours,

DANIEL F. DONOVAN,
City Collector.

ELECTION DEPARTMENT.

BOSTON, October 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We respectfully request authority to make the following reallocation of funds within our departmental budget:

From A-2, \$3,920, to B-39, \$3,920.

This appropriation is to be used for installation of temporary electrical equipment in connection with the voting machines. The need for this equipment was not anticipated until actual installation of the machines in polling places was made, when it became apparent that in most instances more than one circuit would be needed for each polling place.

We trust that you will give this matter your favorable consideration.

Respectfully yours,

MICHAEL J. MANNING,
Commissioner.

BOSTON, October 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We wish to point out that a state of emergency now exists in this department if we are to prepare printer's copy and have the second sup-

plementary voting list printed on time so that it will have some value to the candidates seeking office.

In view of this, the Board respectfully requests authority to pay overtime to the employees of the department. We anticipate extending their working hours from 5 p. m. to 10 p. m., for five nights, effective this evening. The rate of pay for this overtime work will be at the rate of \$1 an hour.

We are setting forth below request for reallocation of funds in the A item of our budget to provide the necessary money for the payment of this overtime:

From A-2, \$1,000, to A-3, \$1,000.

Respectfully yours,

MICHAEL J. MANNING,
Commissioner.

FIRE DEPARTMENT.

BOSTON, October 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's approval is requested of the following transfer of funds in the 1946 Fire Department budget:

From B-1, Printing and Binding, \$200, to D-16, Miscellaneous, \$200.

The foregoing transfer is requested in order that we may purchase flash lamps, developer chemicals, film holders, films, etc., for use by the Fire Department photographer.

In order to keep a proper photographic record of official Fire Department activities, including scenes of suspicious fires, department personnel photographs, etc., we must have the required supplies on hand.

At the present time we have two men acting as photographers who are on duty twenty-four hours a day. These men supply their own cameras but inasmuch as they are engaged solely in department work the city must pay for the photographic supplies.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

BOSTON, October 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your authorization is requested to effect the following transfers and reallocation of funds in the 1946 Fire Department budget:

From A-1, Permanent Employees, to B-14, Motor Vehicles, Repair and Care, \$5,000.

From A-1, Permanent Employees, to B-39, General Repairs, \$10,000.

From C-16, Wearing Apparel, to C-13, Tools and Instruments, \$1,000.

From C-16, Wearing Apparel, to C-15, Tires, Tubes and Accessories, \$2,000.

From C-16, Wearing Apparel, to D-3, Fuel, \$6,000.

From C-16, Wearing Apparel, to D-5, Medical, Surgical, and Laboratory, \$200.

From C-16, Wearing Apparel, to D-8, Laundry, Cleaning, and Toilet, \$600.

From C-16, Wearing Apparel, to D-13, Chemicals and Disinfectants, \$500.

From C-16, Wearing Apparel, to E-9, Machinery, \$200.

From C-16, Wearing Apparel, to E-13, Miscellaneous, \$500.

As the present year has progressed it has become more and more obvious that the previous administration did not make sufficient allowances in the preparation of the budget to meet unforeseen expenditures as a result of additional wear and

tear on the over-age apparatus of the Fire Department. Pending delivery of new equipment which your Honor has already ordered the maintenance of our present equipment is increasingly more costly on account of more frequent breakdowns.

Furthermore, your Honor will note that the allocation of \$26,000 will also be used for certain items, such as coal and oil for the heating of fire stations; also, gasoline, oil and grease for the operation of motor fire apparatus.

Referring to Item B-39, General Repairs, depreciated equipment in the fire stations has called for extraordinary repairs on boilers and stokers. It is estimated that approximately eight to ten thousand dollars will be needed for work on fireboat, Engine 31, now out of service for annual overhaul.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HEALTH DEPARTMENT.

BOSTON, October 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully submit for your approval the following reallocations within the budget of this department:

From B-17, Care of Persons, \$500, to B-14, Motor Vehicles, \$500.

To provide for repairs to department cars.

From B-17, Care of Persons, \$100, to C-15, \$100.

To provide for purchase of tires, tubes and batteries, if required during the remainder of the year.

From B-17, Care of Persons, \$25, to E-10, Electric, \$25.

For the purchase of one Thermo regulator needed in the culture incubator.

Yours respectfully,

JOHN H. CAULEY, M. D.,
Health Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, October 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows:

Long Island Hospital.

From D-5, Medical, Surgical, Laboratory, \$100, to D-13, Chemicals and Disinfectants, \$100.

To provide for purchase of calcium chloride for ice plant and for such other items as may be required for the remainder of the year. It is anticipated that there will be sufficient balance under D-5, to provide for the transfer.

Yours respectfully,

G. FRANK McDONALD,
Commissioner.

LAW DEPARTMENT.

BOSTON, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This letter is to request your approval of the following reallocation of funds in the Law Department appropriation for the current year:

From A-1, Permanent Employees, \$925, to A-2, Temporary Employees, \$925.

The reallocation of this amount is requested for the following purposes:

\$575.30 to provide for the amount necessary in the year 1946 for the employment of an additional assistant corpora-

tion counsel for three months commencing October 23, 1946, at an annual salary at the rate of \$3,000.

\$349.70 (the balance) to provide for the amount necessary in the year 1946 for the employment of a temporary janitor.

Yours very truly,

JOSEPH A. SCOLPONETI,
Corporation Counsel.

PARK DEPARTMENT.

BOSTON, October 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfers of funds in the budget of the Cemetery Division, Park Department:

From A-1, Permanent Employees (Cemetery Workers), to B-14, Motor Vehicles, Repair and Care, \$400.

From A-1, Permanent Employees (Cemetery Workers), to C-15, Tires, Tubes and Accessories, \$150.

From A-1, Permanent Employees (Cemetery Workers), to D-3, Fuel, \$200.

Because of our inability to have our full quota of permanent laborers, despite the need, we have money available in the A-1 item of our budget, and because of increased costs our appropriations on the B-14, C-15 and D-3 items have proved insufficient, hence the request for the above transfers.

From C-3, Electrical Equipment, to B-13, Communications, \$150.

From E-2, Highway Materials, to D-10, Agricultural Supplies, \$75.

With the increased volume of business during the current year our expenditures on the B-13 item have exceeded our estimate and appropriation, and it is now estimated that we will require \$150 additional to meet our requirements for the balance of the year. The money is available in our C-3 item.

Increased cost of agricultural supplies has exhausted our appropriation on the D-10 budget item. The amount requested for transfer, \$75, is available in our E-2 item.

Very truly yours,

WILLIAM P. LONG,
Chairman.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, October 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds in the County Buildings as follows:

From C-7, \$175, to C-9, \$175; and from D-1, \$60, to D-8, \$60.

Money is needed in C-9 to buy necessary equipment for the rest of the year.

Money is needed in D-8 to buy necessary soaps, toilet paper, etc., for the next few months.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Lighting Service.

From B-8, Street Lights, \$6,000, to C-17, Gas Lamp Globes, Domes, Mantles and Posts, \$6,000.

This transfer is needed to provide funds for the purchase of latter item.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sanitary Division funds as follows:

\$100, from D-11, Gasoline, Oil and Grease, to D-13, Chemicals and Disinfectants.

\$100, from D-11, Gasoline, Oil and Grease, to D-16, Miscellaneous Supplies.

\$100 to D-13 is needed to cover deficiency notice received from auditor for urgently needed disinfectant, \$90.75, and estimated requirement to end of 1946.

\$100 to D-16, estimated requirement for acetylene gas to end of year.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

REAL ESTATE COMMISSION.

BOSTON, October 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of this department to the extent of establishing a new position of clerk-typist at the rate of \$1,200 a year plus \$200 a year E. C. A. This will necessitate the following transfer of funds in the budget:

From A-1, Permanent Employees, 1 Real Estate Custodian at \$2,300 a year, \$183.60, to A-1, Permanent Employees, 1 Clerk-Typist at \$1,200 a year, \$183.60.

The above-mentioned amendment is necessary in order to provide for the permanent appointment of a clerk-typist who has been employed on a temporary basis since October 14. The increased work of the department makes it absolutely necessary to establish this permanent position, effective November 6, 1946.

Very truly yours,

IRVING LEWIS, *Chairman.*

REGISTRY DEPARTMENT.

BOSTON, October 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a reallocation in the amount of \$1,000 from the appropriation A-1, Personal Services, to D-1, Office Supplies, is respectfully requested.

This amount will be needed to meet the cost of emergency orders of marriage intention forms, stamps, and other forms for use in the Marriage and Birth Divisions of the Registry Department and necessitated by an unexpected increase in the number of marriages and births recorded this year.

Very truly yours,

MICHAEL J. MANNING,
City Registrar.

STREET LAYING-OUT DEPARTMENT.

BOSTON, October 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of June 27 the Board of Street Commissioners requested

that the budget estimates for this department be amended as follows:

By decreasing the quota Investigators of Encroachments, 5 at \$2,100 per annum, to 4, and to provide for Clerks, 2 at \$2,100 per annum, so as to make possible the appointment of an additional clerk at \$2,100.

This request was approved by the Budget Commissioner and Mayor on June 27, 1946.

It is now understood by the Board that a transfer of one investigator at \$2,100 to a State Department position is no longer being considered, and the Board desires that its request of June 27 be canceled and the quota Investigators of Encroachments, 5 at \$2,100 per annum, be restored.

Very truly yours,

CHARLES E. MANION, *Chairman.*

BOSTON JUVENILE COURT.

BOSTON, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—This court respectfully requests that it be allowed to amend its budget for the year 1946 as follows:

From B-17, Custody, \$1.50, to B-12, Bonds, \$1.50.

The reason we ask for this change is due to the appointments made of probation officers, and the change from temporary appointment to permanent appointment which made an additional charge of the above amount, \$1.50.

Will you please allow the above request?

Sincerely,

JOHN T. LANE, *Clerk.*

COURT HOUSE COMMISSION.

BOSTON, October 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I hereby request the following transfer:

From C-7 to C-13, \$500.

This amount is necessary to purchase various items in this classification for the balance of the year 1946.

Respectfully yours,

ARNO I. DREW, *Chairman.*

MEDICAL EXAMINER (Northern Division).

BOSTON, October 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly reallocate the following amounts:

From B-18, Laundry, to B-14, \$13.

From C-16, Apparel, to C-15, \$1.02.

To meet funds expended on necessary ambulance repair and for tires and tubes for same.

Respectfully yours,

WILLIAM J. BRICKLEY,
Medical Examiner, Northern Division.

MEDICAL EXAMINER (Southern Division).

BOSTON, October 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I hereby request the following transfer:

From B-39, \$10, to B-14, \$10.

To meet the cost of storage for car registration 290 for October.

Yours very truly,

TIMOTHY LEARY, M. D.,
Medical Examiner, Southern Division.

MUNICIPAL COURT, CITY OF BOSTON.

BOSTON, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Approval is requested for the transfer of funds within the appropriations of the Municipal Court of the City of Boston as follows:

From the appropriation for A-1, Permanent Employees, to the appropriation for F-7, Pensions and Annuities, \$748.71.

Eleanor F. Holland, deputy probation officer (female), attained the age of seventy years on August 3, 1946, and retired. This retirement was not foreseen at the time the budget estimates were made.

Very truly yours,

DAVIS B. KENISTON,
Chief Justice.

BOSTON, October 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Approval is requested for the reallocation of funds within the appropriations of the Municipal Court of the City of Boston as follows:

From the appropriation for B-1, Printing and Binding, \$400, and from B-39, General Repairs, \$200, to the appropriation for B-35, Fees, Service of Venires, etc., \$600.

The appropriation for B-35, for witness fees on the criminal side of the court, has been expended, and this transfer is to cover fees for the balance of the year.

Very truly yours,

DAVIS B. KENISTON,
Chief Justice.

MUNICIPAL COURT, CHARLESTOWN DISTRICT.

BOSTON, October 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is hereby requested to amend the budget of this court by making the following transfer of funds within the appropriation:

From B-4, \$15, to C-9, \$15.

The transfer to C-9 is desired to make available a sufficient amount in this account to cover the purchase of a new typewriter.

Respectfully yours,

JAMES J. MULLEN, *Clerk.*

MUNICIPAL COURT, ROXBURY DISTRICT.

BOSTON, October 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is respectfully requested that the following sums be reallocated within the budget of this court:

From F-7, Pensions, \$324, to D-1, Office, \$324.

From F-7, Pensions, \$800, to B-4, Transportation, \$800.

From F-7, Pensions, \$150, to B-13, Communication, \$150.

These reallocations are asked on account of the fact that the increased cost of materials, etc., has used up the items of the budget faster than was planned.

Yours truly,

THEODORE A. GLYNN, *Clerk.*

REGISTRY OF PROBATE.

BOSTON, October 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Will you please amend the budget of the Probate Court for 1946 to read as follows:

Kindly add \$19.72 to Item D-13 (Chemicals and Disinfectants), and deduct said sum of \$19.72 from Item D-1 (Office Supplies). Said sum is necessary for the purchase of chemicals for the photostat machine.

Respectfully yours,

ARTHUR W. SULLIVAN, *Register.*

SUFFOLK COUNTY JAIL.

BOSTON, October 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following reallocations within the appropriations for the County Jail:

From B-39, \$2, to B-37, \$2.

From C-7, \$50, to C-13, \$50.

From D-2, \$150, to D-5, \$150.

These reallocations are requested that sufficient funds may be provided to cover payments of outstanding obligations.

Respectfully submitted,

FREDERICK R. SULLIVAN, *Sheriff.*

SUPERIOR CRIMINAL COURT.

BOSTON, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that the following transfer within the appropriations of the Clerk's office, Superior Criminal Court, be made:

From the appropriation for B-35, \$15,000, to the appropriation for B-34, \$15,000.

This transfer is necessary because of a shortage which exists in Item B-34 caused by the increase in criminal business.

Respectfully yours,

WILLIAM M. PRENDIBLE, *Clerk.*

POLICE DEPARTMENT ORDERS.

General Order No. 795.

In accordance with provisions of section 1 of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations Relating to Hackney Carriages established by the Police Commissioner for the City of Boston are hereby amended by:

1. Striking out the first paragraph as amended in section 4 under the subtitle "Hackney Carriage Drivers' Licenses" as appearing upon page 221 of said rules and regulations, and inserting in place thereof a new paragraph which shall read as follows:

"The Police Commissioner for the city of Boston may annually grant licenses in said city to suitable persons, residents of Boston, as drivers who are properly qualified to have charge of hackney carriages."

2. Section 4 is further amended by striking out fifth paragraph of this section as appearing on page 222 and inserting in place thereof new paragraph which shall read as follows:

"No person shall be licensed to be a driver who is not of the age of twenty-one years or over, who cannot read, write and speak the English language intelligibly, or who is addicted to the use of intoxicating liquors or narcotic drugs."

All rules and regulations inconsistent herewith are hereby repealed.

These amendments will take effect Wednesday, November 6, 1946, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 796.

The following explanatory matter concerning General Laws, chapter 32, as amended by chapter 658, Acts of 1945, which created the new "State-Boston Retirement System" is for the information of members of the department:

On October 1, 1946, all employees of the City of Boston became members of the State-Boston Retirement System.

The State-Boston Retirement System provides for a 5 per cent deduction from wages to begin January 1, 1947. It provides for superannuation retirement at age 55 and under this system a police officer must retire at age 65.

Because of the hazardous nature of his employment, a police officer is granted a bonus of five years' service which is computed on the average salary received by him during the five years next preceding date of retirement.

Superannuation allowance is computed as follows:

1. For service prior to July 1, 1937, 2 per cent of the average annual salary (not exceeding \$2,600 in any one year) for the period between July 1, 1932, and July 1, 1937, multiplied by the number of years of prior service.

2. For service subsequent to July 1, 1937, 2/5 of total deductions.

3. One-fifth of first \$750 of deductions.

4. Less 3 per cent per year for each year retirement precedes age 60.

EXAMPLE.

Assume that a police officer enters the department at age 25 on July 1, 1925, at \$1,600 per year and receives a step-rate increase of \$100 per year for the next five years. On January 1, 1944, he is increased to \$2,300 and on January 1, 1946, is further increased to \$2,500, and wishes to retire at age 55.

Step No. 1. His average annual salary from July 1, 1932, to July 1, 1937, is \$2,100. He is credited with 2 per cent, or \$42 for each year of service prior to July 1, 1937, or 12 years amounting to..... \$504 00

Step No. 2. For the period between July 1, 1937, and January 1, 1947, his deductions were at the rate of 4 per cent of his salary and amounted to \$830. He is credited with 2/5 of this amount, or \$332. On January 1, 1947, he will be earning \$2,500 and the 5 per cent deduction will become effective. At age 55 he will have an additional service of 8 1/2 years. His deductions will be \$1,062.50 and the credit at 2/5 thereof will amount to \$425. An additional credit of 5 years is given him at the same rate of pay as the average received by him during the last 5 years of his employment (\$2,500). Additional deductions amount to \$625 which at 2/5, credits him with \$250 and brings the total credit under Step No. 2 to..... 1,007 00

Step No. 3. An additional allowance of 1/5 of the first \$750 which amounts to..... 150 00
Brings total credits to..... \$1,661 00

Step No. 4. Because he is retiring before age 60, his allowance is reduced 15 per cent (5 years at 3 per cent per year) of..... 249 15
Net allowance at age 55..... \$1,411 85
(56.4 per cent of his highest salary)

If this officer remains in the department until age 60 at the same rate of pay, his retirement allowance would than amount to \$1,911 (76.4 per cent of his highest salary). As the law places a maximum of 80 per cent on this type of pension, this officer would reach his limit at age 61 years, 9 months.

Under the Boston Retirement System this officer would receive a retirement allowance of about \$1,200 (48 per cent of his highest salary) upon attaining age 60, the minimum age for superannuation retirement under this system.

Under the State-Boston Retirement System, if this officer were a veteran, his allowance would be \$1,644.39 at age 55 and he would reach his maximum (\$2,000) somewhere between ages 58 and 59, as this plan provides that a veteran shall receive a retirement allowance equal to that given a non-veteran in the same group plus 1/5 of a non-veteran's allowance under Group "A," so called, not to exceed \$300. The Boston Retirement System makes no similar provision for veterans.

A police officer, who entered the service as a veteran prior to July 1, 1939, may elect to retire for disability under the provisions of sections 56-60A at half pay with deductions refunded to him. (NOTE — a veteran of World War 2 receives an annuity in lieu of a refund.) However, it is not advantageous in all cases for a veteran to retire under these provisions. Before taking such a step he should first compute his allowance under superannuation retirement and then compare both allowances noting the number of years under superannuation it would take him to recover an amount equal to his accumulated deductions.

An officer retiring because of ordinary disability must have 20 years of creditable service under the State-Boston Retirement System and his allowance is computed on this service as though he were retiring at age 55.

Under the Boston Retirement System you may retire for ordinary disability after 15 years of service and your allowance is computed in the following manner:

1. An annuity purchased by your accumulated deductions, plus
2. Nine tenths of the pension the city would have granted had you remained in service until age 60 without increase in salary.

An officer retiring because of accidental disability may elect to receive the 3/4 disability allowance provided under the Boston Retirement Act as the State Plan guarantees the minimum provisions of this Act, or he may receive under the provisions of the State Plan the sum of the following:

1. An annuity purchased by his accumulated deductions.
2. One half of salary at time of accident.
3. An additional allowance of \$260 for each child under age 18, or over 18 if incapacitated (total allowance not to exceed full pay).

If an officer dies in line of duty his widow will receive:

1. The return of his accumulated deductions in a lump sum.
2. A half pay pension so long as she remains unmarried.
3. An additional allowance of \$260 per year for each child under age 18, or over 18 if incapacitated (total of 2 and 3 not to exceed full pay). The Boston Retirement Act does not make an allowance for children under 18, or over age 18 if incapacitated.

Under the State Plan an officer who has attained age 55 cannot lose his pension rights thereafter unless he is discharged for reasons of moral turpitude.

Under this plan an officer who has 20 years of creditable service and who resigns before reaching age 55, nevertheless retains his rights to a superannuation retirement allowance which may be taken at that time or deferred until any time before reaching maximum retirement age (age 65). Under the Boston Retirement System an officer has no rights to a superannuation retirement allowance until he reaches age 60.

The State Plan provides three options for receiving allowance:

Option A. Full retirement allowance terminating on death of member.

Option B. A lesser retirement allowance with cash refund of unexpended portion (if any) of deductions.

Option C. A lesser retirement allowance with joint and last survivor feature written on two lives, upon the death of member to continue at 2/3 the amount during the life of the beneficiary.

An employee with non-contributory rights will be obliged to pay into the State-Boston Retirement System the amount of deductions he would have contributed since February 1, 1924, had he been a member of the Boston Retirement System, plus regular interest. The advantages offered him by this plan are two:

1. His pension, which dies with him under the non-contributory system, may be perpetuated at a lesser amount for his widow (Option C).

2. His widow and dependent children are protected by a greater pension allowance in the event death results in the performance of duty.

Whether this is sufficient incentive to warrant the investment required by his entry into the State-Boston Retirement System is for the officer himself to decide.

It seems that, all conditions being equal, an officer could retire under the State Plan for superannuation 5 years earlier than he could under the Boston Retirement System and at a greater retirement allowance.

It would also seem that all minimum allowances granted under the Boston Retirement Act are guaranteed by the State Plan and in most cases are exceeded by its provisions.

An officer has pension rights after 20 years of service regardless of age under the State Plan, while rights to superannuation under the Boston Retirement Act are required only after the attainment of age 60.

You may retire at age 55 under the State Plan and you must retire at age 65. Under the Boston Retirement Act you may retire at age 60 and can remain in service to age 70.

Your superannuation allowance under the State Plan is limited to 80 per cent of the average pay received during the highest five years subsequent to 1932. You may obtain a greater maximum allowance under the Boston Retirement Act if you remain in service long enough.

Your cost under the State Plan is 1 per cent greater than under the Boston Retirement System (\$25 per year for patrolmen).

Under Option B of the State Plan only the unexpended portion (if any) of your own contributions are returned as contrasted with Option 1 of the Boston Retirement System wherein the unexpended portion (if any) of both your own and the city's contributions are returned.

It is brought to your attention that under the State Plan, if you retire because

of ordinary or accidental disability only, Option A or Option B may be elected. You cannot elect to receive your allowance under Option C, the joint and last survivor allowance. In effect this means that your allowance dies with you and cannot be continued during the life of a beneficiary except that if retirement is by reason of accidental disability and it is shown that death resulted from the injury sustained or hazard undergone while on duty, then, of course, the widow and/or dependent children would be entitled to the same benefits they would have received had death occurred on duty (Section 9). Under the Boston Retirement System you have full option rights under all methods of retirement.

The foregoing is directed to police officers and is based on chapter 32, as amended by chapter 658, Acts of 1945, as it pertains to Group "B" employees.

Officials and General Employees including clerical, administrative and technical workers, laborers, mechanics and all others not otherwise classified by this Act are Group "A" employees, and as such, do not receive the 5 years' extra service which is credited to Group "B" employees.

Group "A" employees may retire for superannuation at age 55, but can remain until age 70.

If retirement precedes age 65, their allowance is reduced by 1/4 of 1 per cent for each month prior to age 65.

Members of the department who elect not to remain members of the new State-Boston Retirement System, and wish to retain their pension rights under previous enactments, must file on or before December 30, 1946, a notice to that effect on an official form provided for that purpose.

A supply of official forms is forwarded herewith and these forms when properly filled out by members of the department who elect not to remain members shall be forwarded by commanding officers to the office of the Chief Clerk for recording purposes, which office in turn will forward them to the Boston Retirement Board.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 797.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Wednesday, November 6, 1946, at 9 o'clock a. m.:

Patrolman Thomas B. McEvoy to Division 16.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 798.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Friday, November 8, 1946, at 9 o'clock a. m.

Patrolman Herbert F. Mulloney to Division 16.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 799.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Monday, November 11, 1946, at 7.45 o'clock a. m.:

Patrolman William Hansen, Division 7, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 800.

Patrolman Harold E. Stilphen, Division 10, honorably discharged veteran of World War I, having arrived at the age of forty-seven years; having been in service of the Boston Police Department for twenty years; and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit), as amended; it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Stilphen be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half the compensation received by him in office from which he is retired; effective Tuesday, November 12, 1946, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 801.

The Police Commissioner, having heard on June 24, 1946, a complaint made by Bernard J. Graham, captain commanding Division 19, against Patrolman Thomas D. Sullivan of the same division, charging him with violation of Rule 54, of the Rules and Regulations of the Police Department (conduct unbecoming an officer), finds the said Patrolman Thomas D. Sullivan guilty as charged, and hereby orders that he be discharged from the Police Department, effective as of Monday, June 24, 1946, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 802.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at the close of business Saturday, November 30, 1946.

Wherefore, In view of this operation of law, after November 30, 1946, the said police officer shall no longer be an active member of this department, and it is

hereby ordered that its records be so amended.

Patrolman Hugh F. Ahern, Division 2.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.*General Order No. 68.***I. RETIREMENT.**

The following retirement, which became effective at 8 a. m., Wednesday, November 6, 1946, is hereby announced:

Lieut. George L. Evanson, Tower Company 2.

Lieutenant Evanson was appointed to the department February 20, 1907. He was promoted to the grade of lieutenant on February 1, 1924. He leaves the department with the best wishes of his associates.

II. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, November 13, 1946, are hereby announced: Apparatus Operator Alfred T. Cunningham, from Engine 30 to High Pressure.

Ladderman Charles A. Newell, from Ladder 5 to Ladder 19.

III. DISCHARGE.

The following-named member will be dropped from the rolls of the department, effective at 8 a. m., Wednesday, November 13, 1946:

P. M. S. John I. Martin, Engine Company 16.

IV. RETURN TO DUTY FROM ARMED FORCES.

The following-named member who has been serving in the armed forces of the United States will return to duty in this department, effective at 8 a. m., Wednesday, November 13, 1946:

Ladderman Alfred Sudhalter, Ladder Company 14.

V. A. D. T. ASSIGNMENT.

The following signal number is to be added to running cards of the A. D. T. Company in this department:

Signal 332, Cole-Hersey Company, 18-34 Old Colony avenue, Boston. (Sprinkler System.) Apparatus to respond: Engine 15, Ladder 20, District Chief 6. Nearest box is 7231.

VI. BOSTON AUTOMATIC ASSIGNMENTS.

The following signal numbers are to be added to running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 337, building, 129 Malden street. Apparatus to respond: Engine 3, Ladder 3, District Chief 7. Nearest box is 1643.

Signal 545, building, 155-159 High street. Apparatus to respond: Engine 25, Ladder 8, District Chief 3. Nearest box is 1291.

Signal 547, building, 26 and 28 Oliver street. Apparatus to respond: Engine 25, Ladder 8, District Chief 3. Nearest box is 1283.

VII. COMMENDATION.

Hoseman Edward J. Higgins of Engine Company 21 is hereby commended for responding to and working at fire, Box 3366, on November 6, 1946, while off duty.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective June 20, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days from August 19, 1946, is hereby extended for a further trial period of sixty (60) days from October 18, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Columbia Road, Dorchester.

Southeast side, from East Cottage street to Blue Hill avenue, 8 a. m. to 10 a. m.

Northwest side, from East Cottage street to Blue Hill avenue, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing in Portland street, estimated to be two (2) weeks, the following rules are effective November 4, 1946:

Vehicles are excluded from the following street:

Portland Street, Boston Proper.

From Causeway street to Merrimac street.

The one-way rule in the following street is reversed so that it is one way in the direction indicated:

Merrimac Street, Boston Proper.

From Chardon street to Causeway street.

POLICE PENSIONS AND BENEFITS.

On December 1, 1944, there were 426 persons on the pension roll. During the year 24 died, viz.: 2 captains, 1 lieutenant, 2 lieutenant-inspectors, 4 sergeants, 13 patrolmen and 2 annuitants. Eighty-six were added, viz.: 3 lieutenants, 13 sergeants, 67 patrolmen and the widows of Patrolman Eugene F. Brady, Patrolman Frank B. Callahan, Patrolman Stephen X. Mahoney, who died from disability received in the performance of duty, leaving 488 on the roll at date, 440 pensioners and 48 annuitants.

The payments on account of pensions and annuities during the past year amounted to \$546,350.33, and it is estimated that \$845,094.23 will be required for pensions and annuities in 1946.

The invested fund of the Police Charitable Fund amounted to \$207,550. There are 43 beneficiaries of the fund at the present time, and there has been paid to them the sum of \$6,729.50 during the past year.

POLICE DEPARTMENT PERSONNEL.

The police personnel of the department on November 30, 1945, consisted of 1 superintendent, 5 deputy superintendents, 28 captains, 63 lieutenants, 1 lieutenant-inspector, 185 sergeants, 1,867 patrolmen, 15 patrolwomen, 94 provisional temporary patrolmen and 1 provisional temporary patrolwoman; total, 2,260.

On November 30, 1945, there was a total of 2,502 persons, including civilian employees, on the rolls of the department.

During the year in General Orders, officers were commended as follows:

Captain, 1; lieutenants, 6; sergeants, 8; patrolmen, 34; department as a whole, 1.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 4, 1946.

Regular meeting of the City Council held in the Council Chamber at 2 p. m., President KELLY in the chair. Absent, Councilor McCormack.

The meeting was opened with the salute to the Flag.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Joseph Coleman, for compensation for damage to car by city truck.

Patrick J. Connolly, to be reimbursed as result of accident which occurred while in performance of duty.

Daniel J. Foley, for compensation for damage to car caused by an alleged defect in Hunnewell avenue, Brighton.

Michael F. McGinley, to be reimbursed as result of accident which occurred while in performance of duty.

Rose A. McInnis, for compensation for damage to car caused by City Hospital ambulance.

Arthur J. Roberto, for compensation for injuries caused by an alleged defect in Sumner Tunnel.

William J. Timmins, for compensation for damage to glasses and injuries caused by an alleged defect in South Ferry.

Executive.

Petition of Mrs. William Farley, to be paid annuity on account of death of husband, William F. Farley, late member of Fire Department.

Committee on Licenses.

Petitions for driveway openings: William P. Daley, 55 Jersey street; S. & S. Eustis Co., Inc., 36-50 Dearborn street, at Eustis street; Marr Equipment Company, 25 D street, Ward 6; Merchants Realty Company, 1302-1306 Boylston street; George Missell, Economy Grocery Stores Corporation, 590-600 Washington street, Brighton; Abraham Sheroff, 200 Harrison avenue, Ward 3; Eastern Specialty Products, Inc., 83 Zeigler street, at Winslow street.

FINANCE COMMISSION REPORT RE HUNTINGTON AVENUE WIDENING.

The following was received:

City of Boston,

Finance Commission, October 29, 1946.

Hon. James M. Curley,
Mayor of Boston.

Honorable Sir,—There is now before the Board of Street Commissioners an order to widen Huntington avenue between Norway and Gainsborough streets on the side on which Symphony Hall, Horticultural Hall and the Christian Science Church properties abut. One order to provide for such a widening has been adopted, but a proposed modification of the plan on which that order was based has now necessitated a reopening of the matter. Inasmuch as it appears that there is opposition to any widening of Huntington avenue at all in this vicinity, the Commission desires to make public record of certain facts in connection thereto.

Representatives of the Street Commission, which ordered the widening, have informed the Finance Commission that the proposal to make this widening did not come to the Street Commission in the form of a petition of abutting property owners. Nor was the proposal made by the Traffic Commission which is the primary official agency concerned with the elimination of traffic hazards. It is, rather, a widening that was initiated by the Street Commissioners themselves.

The record reveals that on July 11, 1946, without any previous public discussion or announcement in regard to it, the Street Commissioners adopted an order to authorize a public hearing on a proposal for the widening. This hearing date was duly advertised in the daily papers to be held on July 24. On the latter date, the record reveals, no one appeared before the Street Commission either to advocate it or to oppose it. The City Council in the district has informed the Finance Commission that he received no notice of it and did not, in fact, know it was being held. After the hearing date an order of widening was adopted which was approved by Mayor Curley on August 7.

The widening, as provided for in the original plan, parallels the underpass on Huntington avenue from a point beginning at Norway street and extending westerly to Gainsborough street. In other words, the widening begins 210 feet east of the easterly approach to the underpass and extends to a point which is 205 feet west of the westerly approach to the underpass. By this plan the westerly line of Gainsborough street will project 10 feet more into Huntington avenue than will the easterly line. On the Norway street end the line of the widening will taper to the existing line of Huntington avenue at that point.

Because the entrance steps to Symphony Hall project into the sidewalk, by the original plan the three steps now extending to the sidewalk level, perpendicular to the street line, would be eliminated and there would be no sidewalk space

left at that locus at all. Walkers would have been required to mount three steps at either end, pass a distance of approximately 120 feet on an upper level and then descend three steps on the other side. By a proposed modification in the plan which is the reason for a second hearing on the matter tomorrow (October 30) the steps are to remain as they now are with a sidewalk strip three feet wide outside. In the remaining length of the intended widening the plan remains as originally adopted.

Except in this locus (Symphony Hall) and at the Norway street beginning of the widening, the strip to be taken is an even 10 feet of its entire length. In front of the Christian Science Church property, a 10-foot taking would require a 10-foot slice of the church park area now bordering at that point. In front of the Uptown Theatre and the side of Horticultural Hall it would take away 10 feet of an area used for sidewalk purposes. The present sidewalk here is approximately 22 feet wide. Beyond Symphony Hall to Gainsborough street it would require 10 feet of an existing sidewalk area which is approximately 23 feet wide. In other words, it would leave a sidewalk width of 10 to 13 feet along its entire length except where the Symphony Hall steps project into the sidewalk. At the latter point the sidewalk will be but three feet wide.

There are five separately owned properties which border on the widening. The only one which has changed ownership in recent years is that now assessed as three separate parcels extending from Symphony Hall to Gainsborough street. A corporation known as the Midtown Realty, Inc., became the owner of these three parcels in November, 1945. The whole area was then assessed for a total of \$750,000. This valuation had been approximately constant for many years. The record reveals the Midtown Realty, Inc., to be a Massachusetts corporation chartered September 21, 1945. The owners of its stock at that time were Edward I. Cohen of Newton and Henry S. Cohen of Brookline.

The land valuation for the entire area (51,547 square feet) of the Midtown Realty, Inc., property totals \$412,400, a per-foot value of \$8. No part of the buildings in this property is within the area of taking. In fact, the area to be taken is now and has been for many years used as sidewalk, and there remains a strip of about 12 feet also used as sidewalk between the inside line of the taking and the building line.

On May 10, 1946, on the entire holding of the Midtown Realty, Inc., an abatement of \$100,000 of the 1945 valuation was granted by the assessors, which left the total valuation for 1945 at \$650,000. Nevertheless, the assessors at approximately the same time fixed the 1946 valuation at \$750,000. In other words, after granting an abatement of \$100,000 of the 1945 valuation, the assessors almost immediately restored the valuation to the figure carried on the assessment roll for previous years—\$750,000.

On the merits of the widening opinion will differ. At best it will improve passage for automobile traffic on a length of approximately 400 yards. In front of Symphony Hall, however, it will leave only a dangerously narrow strip of sidewalk, 3 feet wide. It will not affect at all the corresponding traffic lane on the southerly side of the underpass where the conditions are practically identical with the northerly side. It will make a dangerous jog in the street line at the western corner of Gainsborough street and Huntington avenue.

One of the most damaging criticisms of the proposed change which can be made is the fact that a primary traffic purpose of the plan is defeated by the ultimate design. One of the ostensibly chief objectives of the plan is provision of increased space for: (1) traffic from the north entering Huntington avenue at Symphony Hall and proceeding westerly, and (2) traffic from the south entering Huntington avenue at the same point and traveling westerly. Under the proposed plan, however, the street width in front of Symphony Hall is approximately 8 feet narrower than the rest of the length of the widening. This narrowing at the point of entrance inverts the fundamental approach to a traffic solution by narrowing the mouth in relation to the rest of the widening, and tending to develop a bottleneck which nullifies any benefits of increased widening beyond that point.

In numerous periods of observation, representatives of the Finance Commission saw little moving traffic in the lane proposed to be widened. It is plain that whatever difficulty in moving traffic might develop there is due, not to the narrowness of the lane as it was laid out, but to the fact that parking of automobiles is allowed alongside the curb. This narrows the width for moving vehicles to about 10 feet. It is apparent that many of the parkers are for periods of a long time. Every car length is continuously occupied. The Traffic Department has even encouraged this parking by the placing of a painted white line parallel to the curbing within which it is intended that parked cars shall be kept. In each period of Finance Commission observation it was noted that many drivers park with little respect for the established line. Such cars, when they are projected at an angle into the moving traffic lane, increase the difficulty of safe passage through.

The cost of the improvement is problematical. The construction cost, by a bid already received but not accepted, is approximately \$13,113. The only land involved in the taking which is used by

the owner for other than sidewalk purposes is the strip to be taken off the park area owned by the Christian Science Church. Included within this taking will be a stretch of horticultural beauty which it has taken years to develop to its present condition. Taking such a strip would seriously affect also any possibility of other future use. If the abutters all insist on full salable value for the areas taken, these areas being front land, the cost might well reach into six figures.

It does not seem to the Finance Commission that the Street Commissioners have due regard for the taxpayers' interests when they order such an undertaking. Too little is obtained at too great a cost. By the simple expedient of prohibiting parking in this short length of Huntington avenue ample space is provided for all moving vehicular traffic needs. The ultimate result of this widening will be little more than to provide additional parking area on a public highway.

Respectfully submitted,
EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
The Finance Commission.

ROBERT E. CUNIFF,
Secretary.

Placed on file.

Coun. BRYAN in the chair.

JURORS DRAWN.

Jurors were drawn, Councilor Cook presiding at the ballot box in the absence of the Mayor, as follows:

One hundred and fifty-two traverse jurors, Superior Court, Civil Business, and sixty traverse jurors, Superior Court, Criminal Session, viz.:

Sixty traverse jurors, Superior Criminal Court, to appear December 2, 1946:

Salvatore Cassetta, Ward 1; Leo Comeau, Ward 1; Jerome Ford, Ward 1; Rinaldo Lanieri, Ward 1; Francis J. Osterle, Ward 1; Anthony Palmieri, Ward 1; Giuseppe D'Arcangelo, Ward 3; Henry J. Fitzgerald, Ward 4; Myles J. Mulhall, Ward 4; George B. Ryder, Ward 4; Frederick R. Whitcomb, Ward 5; John J. Walsh, Ward 6; Steve Washwell, Ward 6; Peter P. Yotts, Ward 6; George Caldwell, Ward 7; Thomas A. Howe, Jr., Ward 7; John Deyesso, Ward 8; Richard J. Doyle, Ward 8; Percival T. Magee, Ward 9; James C. Wood, Ward 9; David B. Roche, Ward 11; Axel L. Benson, Ward 12; Manuel K. Lema, Ward 12; Joseph D'Anna, Ward 13; Solomon L. Hershoff, Ward 13; Hyman Cohen, Ward 14; Samuel W. Davidson, Ward 14; Jacob Gilbert, Ward 14; Rubin Kapien, Ward 14; Isaac Sisson, Ward 14; John Sidney Wells, Ward 14; John Davis, Ward 15; Clifford W. Green, Ward 15; Michael J. Higgins, Ward 15; John Grant, Ward 16; James J. Kelly, Ward 16; Harold L. Judge, Ward 17; Saul Kahn, Ward 17; Joseph Piraino, Ward 17; David I. Quirk, Ward 17; James Daly, Ward 18; William J. Dick, Ward 18; Frederick C. Fitch, Ward 18; William B. MacInulty, Ward 18; John J. Nolon, Ward 18; Angel Poly, Ward 18; Oskar H. Thulander, Ward 18; Ralph O. Thompson, Ward 19; Bernhard H. Condon, Ward 20; Harold A. Curtis, Ward 20; Walter A. Danielson, Ward 20; Joseph B. Dobbins, Ward 20; Thomas E. Fitzpatrick, Ward 20; John M. Hogarty, Ward 20; John S. VanBael, Ward 20; Benjamin Arlook, Ward 21; Maurice Moses Fields, Ward 21; William A. Brack, Ward 22; Luke A. Flood, Ward 22; George M. McLaughlin, Ward 22.

One hundred fifty-two traverse jurors, Superior Civil Court, to appear December 2, 1946:

Reginald Blowers, Ward 1; Joseph D. Celia, Ward 1; Charles L. Cogswell, Ward 1; Harry C. DeCoste, Ward 1; Frank L. Dexeau, Ward 1; John J. DiAngelis, Ward 1; Luigi Falsini, Ward 1; Ernest Fox, Ward 1; Vincent Fronduto, Ward 1; Leo Giardullo, Ward 1; Ashton S. Hines, Ward 1; William E. Hodson, Ward 1; Frank Iacovino, Ward 1; Nicola Marino, Ward 1; Joseph G. McGinn, Ward 1; Archibald McInnes, Ward 1; Armand Placet, Ward 1; John J. Previte, Ward 1; Carmine Rotundo, Ward 1; Daniel J. Spain, Ward 1; Albert E. Butler, Ward 2; Joseph G. Lawler, Ward 2; Pasquale Alessi, Ward 3; Frank Malzone, Ward 3; Edward Thal, Ward 3; Joseph Witter, Ward 3; John B. Zerella, Ward 3; Edward J. Dineen, Ward 4; Arthur J. Donohue, Ward 4; Ernest A. Hall, Ward 4; William M. Williams, Ward 4; John P. Burke, Ward 5; James J. Deery, Ward 5; Frank P. Dennison, Ward 5; Harold S. Fogg, Ward 5; Leon E. May, Ward 5; Richard B. Salinger, Ward 5; John Sargent, Ward 5; Frank J. Macchia, Ward 6; William A. Murphy, Ward 6; Francis J. Murray, Ward 6; Hugh J. O'Connor, Ward 6; Carmen J. Cappuccio, Ward 7; James J. Concannon, Ward 7; George E. Frank, Ward 7; Thomas C. Hayes, Ward 7; Leonard J. Hefty, Ward 7; James J. O'Gorman, Ward 7; Frank P. Keating, Ward 8; Edward L. Cowen, Ward 9; William Amos Gibson, Ward 9; John Lewis, Ward 9; John J. Crowley, Ward 10; Frank T. McNamara, Ward 10; Chester M. Witbeck, Ward 10; William J. Tucker, Ward 20; James H. Wilson, Ward 20; Marshall Andelman, Ward 21; Benjamin Crystal, Ward 21; Peter Kilgour, Ward 21; James Coleman, Ward 22; Harry E. Crowell, Ward 22; William C. DeLacy, Ward 22; James J. Graham, Ward 22; William E. Kane, Ward 22; George Laing Leeds, Ward 22; Alexander Angus McRae, Ward 22; Henry Nadell, Ward 22; Emerson E. Richmond, Ward 22; Fred Sorocco, Ward 22; Charles F. Sullivan, Ward 22; John B. Sullivan, Ward 22; Frederick C. Young, Ward 22.

President KELLY in the chair.

PAYMENTS ON DEATH OF CERTAIN MEMBERS OF POLICE AND FIRE FORCES.

Coun. LANE, McCORMACK, BRYAN, CANTWELL, MADDEN, KELLY, FISH, HANNON, MORIARTY and COFFEY offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation providing for payment of certain sums of money from the city treasury in case any member of its police or fire force is killed or dies from injuries received in the performance of his duty, provided such legislation contains a referendum to the Mayor and City Council.

Coun. LANE—Mr. President, last week at the Council session, in collaboration with other councilors, I offered a resolution urging the Great and General Court of the Commonwealth of Massachusetts to enact legislation at the forthcoming 1947 session, wherein the members of the cities and towns of this Commonwealth would be adequately compensated if a city or town worker should suffer the loss of his life in the performance of his duty or should die subsequently from injuries received as a proximate cause of such injury received in the performance of his duty. At that time I stated that Representative Charles D. Driscoll of the Twenty-first Senatorial District would introduce the bill during that week, last week, in the Great and General Court. He was in conference with the counsel for the House of Representatives, who examined carefully the resolution we had passed here and suggested that it be revised inasmuch as the present existing Workmen's Compensation Law now adequately and efficiently covers all city and town workers other than the Fire and Police Departments, who are regarded as having outstanding exposures in their official lines of duty. So that, therefore, in collaboration with the same councilors, we are offering this revised resolution. The bill has already been filed with the House Clerk on Beacon Hill. Last week, in offering this resolution, I gave every councilor of this Body an opportunity to join with those sponsoring the measure, and I am happy to extend to the Council members today the privilege of joining in this measure, and at the conclusion I would like to have the President call upon any other members who wish to be included in this resolution. The new Act now officially filed with the House Clerk in the House of Representatives reads as follows: "An Act Providing for Payment of Certain Sums of Money from the City or Town Treasury in Case any Member of its Police or Fire Force is Killed or Dies from Injuries Received in the Performance of His Duty."

Chapter thirty-two of the General Laws is hereby amended by inserting after section eighty-nine the following section:—

SECTION 89A. If a member of the police or fire force of a city or town which accepts this section is killed, or dies from injuries received, or dies as a natural and proximate result of undergoing a hazard peculiar to his employment, while in the performance of his duty and it shall be proved to the satisfaction of the mayor and city council or selectmen that such death was a natural and proximate result of an accident occurring, or of undergoing a hazard peculiar to his employment, while he was acting in the performance and within the scope of his duty, and a majority of the members of a board consisting of two physicians designated by the mayor and city council or selectmen, and one physician to be designated by the commissioner of public health shall certify to the treasurer of the city or town by which the compensation of such deceased person was payable, that the death was a natural and proximate result of the said injury or hazard, there shall be paid out of the treasury of the city or town an annuity equal to his annual compensation at the time he was killed or received the injury causing his death or died as the result of undergoing such a hazard, to the widow so long as she remains unmarried, or, if there is no widow or the widow later dies or remarries and so long as there is any child under the age of eighteen or over said age and physically or mentally incapacitated from earning, to or for the benefit of such children in equal shares, or, if there is no widow or the widow later dies or remarries and there is no such child, to or for the benefit of the dependent father, mother, brother and sister of the deceased, or any of them, so long as such dependency continues.

SECTION 2. The first paragraph of section eighty-nine of said chapter thirty-two, as most recently amended by chapter six hundred and ninety-six of the acts of nineteen hundred and forty-five, is hereby further amended by adding at the end the following sentence:—This section shall not apply in the case of a member of the police or fire force of any city or town which accepts section eighty-nine A, who is killed or dies from injuries received, or dies as a natural and proximate result of undergoing a hazard peculiar to his employment, while in the performance of his duty.

I do not think that that calls for any further elaboration, Mr. President. It seems to be just, fair and equitable to everyone, and there is every reason to believe that the Act will pass on Beacon Hill. I would like to know if any other members would like to join the committee.

Coun. HANNON—Mr. President, I would like to be added.

Coun. MORIARTY—Mr. President, I would like to have my name added.

Coun. COFFEY—Mr. President, I make a motion that we make it unanimous.

The motion to make unanimous was passed, and the order was passed under suspension of the rule.

REPAIR OF CHARLESTOWN MUNICIPAL BUILDING.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to supply funds for the immediate repair of the municipal building commonly called the Wardroom, in Charlestown, at Lexington and Bunker Hill streets.

Coun. KINSELLA—Just briefly, Mr. President, some time last summer I received a call from the Superintendent of Public Buildings in regard to this matter. The Wardroom houses a gymnasium and showers which are used every night in the week and Sundays by the public at Charlestown. They wanted to start work August 1, but because of the weather I suggested that we might postpone it until September 1, hoping that we would run into weather no warmer than what Indian Summer might be. But I am now confronted with the information that after tearing out the ceiling of the Wardroom they discover that the condition of the floor of the showers upstairs is such that it will exceed about \$15,000 to put the floor and the building back into safe, habitable and useful condition. In discussing the matter today with Mr. Sullivan, the Superintendent of Public Buildings, I was informed that there was no money to do this work immediately. I would like to have it put into the public record as strongly as I can put it, that this is the highest type of inefficiency which allows a public building to become idle because of an insufficiency of funds to make repairs. I ask the Council to bear in mind, and I ask the Mayor, if the order reaches him, to bear in mind, that we have many people in Charlestown who have to patronize those common showers, and to keep them without public bathing facilities until the budget of 1947 is passed is something that I would describe as unthinkable. I hope that suspension of the rule is granted and that the Mayor will take some immediate and forthright action.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition of Eastern Specialty Products, Inc. (referred today), for driveway opening at 83 Zeidler street, at Winslow street—that permit be granted.

Report on petition of Cornelius J. Moriarty (referred January 14) for driveway opening at Dorchester avenue and Savin Hill avenue—that permit be granted.

Reports accepted; said permits granted under usual conditions.

REPORT OF COMMITTEE ON PERAMBULATION OF BOUNDARY LINES.

Coun. BRYAN, for the Committee on Perambulation of Boundary Lines between Boston and the Cities of Revere, Everett, Somerville and Newton, and the Towns of Brookline, Dedham and Milton, submitted report, same being printed as City Document No. 58.

The report was accepted and the committee was discharged.

FENS STADIUM IMPROVEMENTS.

Coun. BAYLEY offered the following: Ordered, That the Park Commission be requested, through his Honor the Mayor, to make the necessary improvements at the Fens Stadium that will eliminate the dust and dirt nuisance which now exists; and to take such other steps as may be necessary to beautify this stadium without endangering its facility as a playground.

Coun. BAYLEY—Mr. President, two years ago the Fens Stadium was all grassed over and made into one of the finest playgrounds in Boston, but due to a combination of circumstances, which include its use by a professional team, there is not much left there now but dust. I am going to quote from the Boston Herald of last week, which says: "Hardy souls who can stand the rigors of Fens Stadium are still gasping over the Hyde Park-East Boston game the other day, which many claim was the greatest game of football they ever saw. Hyde Park, with a squad of 15, beat East Boston, with a squad of 40, on the very last play after a contest in which everything happened. The subject of Boston games brings up the point that conditions are truly outrageous at Fens. As soon as a play starts, both officials and players are shrouded with dust. Sprinkling would help, but the Park Department is reported to have put away its sprinklers for the season. That's a ridiculous situation." Mr. President, I hope that for the next games on Sundays and during the week, when the boys and the kids are playing there, we may have the place sprinkled so that the dust may be reduced to the minimum, and that the Park Department will be able to reseed the ground so that we may have grass, which will be a credit to Boston, and enable the spectators to see the officials and the teams with comparative comfort, which they cannot do now. I ask for a suspension of the rule and the passage of the order.

At the request of Councilor Kinsella the order was again read by the clerk.

Coun. KINSELLA—Mr. President, through you, I would like to ask Councilor Bayley a question, if I may.

President KELLY—Councilor Bayley, will you answer a question of the councilor?

Coun. BAYLEY—I will.

Coun. KINSELLA—The question is this: Does Councilor Bayley feel that there is sufficient police protection at the games at the Fens Stadium?

Coun. BAYLEY—I believe that there is. I have had no complaints about that.

Coun. KINSELLA—Mr. President, I can agree wholeheartedly with everything that is said in the order, but I believe that the physical condition of the field at Charlestown would be very much better if we had sufficient police to keep the spectators from becoming participants. I suppose it is not a very important matter the day before election to stand up here criticising the Police Department for failure to provide adequate protection, but I would like to tell you how serious it is. We have boys in our town who want in the worst possible way to stay out of trouble, who organize themselves at some personal expense into football teams, graded by the Park Department, but the condition of the field at Sullivan square, Charlestown, has become so bad, because of inadequate police protection, that the kids no longer will play football in Charlestown amongst their neighbors and friends. They have got to go to other parts of the city even for what we commonly call their home games. I have had them come up to me as late as 12 o'clock on a Sunday asking for proper police protection, and they would cite the instances of prior Sundays, when the spectators, because of no police protection, roamed the field and mingled with the players. Now, that is not a matter of prime importance to anybody except the young fellows, whom I would much rather see on the playing fields of the city than in the taverns, or on the back lots shooting dice on Sunday afternoons. I often wonder whether the police feel it is their responsibility to contribute to the police records by waiting for somebody to get into trouble rather than to take steps in advance to keep the kids from getting into trouble. I have no personal quarrel with the Police Commissioner of the city, but I suspect that he will say that he is not interested in any comment from the City Council, if the press call upon him for a statement. This thing is bigger than the Police Commissioner of the city. It is bigger than the police captain of the district, who admits that he has not enough men on his Sunday

roster to provide protection against the people for whom those boys play their hearts out. I can just imagine that in some sections of the city where they have better physical equipment—and by equipment I do not mean shoes and helmets, uniforms, and the like, but I mean the physical condition of the property on which they carry out their games—I can imagine that, in connection with having that improved physical condition, they have more protective measures for not only the players but the spectators as well. For years we have never had adequate policing of the games in Charlestown. Not all offenders, it is true, are townspeople, and it is impossible that they should be, because you know it is a common practice for teams that are visiting at any field at all to bring a couple of bus loads of their rooters and friends from distant parts of the city or from outside the city to cheer on their favorites, just as the Charlestown people in the hundreds go across the city or out of the city to cheer on their own boys. But we have got to have adequate protection so that it will be possible for our boys to play a game without interruption and interference by interlopers. I hope that Mr. Sullivan's comment, if he makes any, if he is asked to make any, will be a little on the humble side. I hope that his answer will not be as arrogant and domineering and as sarcastic as it usually is when there is any wholehearted and sincere criticism from this Council Chamber. I hope, of course, that Councilor Bayley gets his dust-bowl condition alleviated. And I hope that Councilor Bayley and the rest of the councilors who have similar conditions in their districts will get police protection so that we can see the boys play once in a while.

Coun. HANNON—Mr. President, I agree wholeheartedly that something should be done to provide proper facilities and proper playing conditions for the various teams throughout the districts. On October 7, at page 477 of the City Council minutes, I introduced an order that ropes and stakes be provided at these fields, because I feel that there should be adequate protection by the roping off of the fields and keeping the spectators back. I do not believe I have ever received any answer to that request. Last week I filed an order that at McConnell Park, which is in my district, proper roping be provided on the Sunday afternoons when football games are played there. I agree with the councilor from Charlestown that not only the players themselves undergo great hazard in playing on the stripped fields, but the spectators are liable to be injured, or even to be killed or maimed, because these fields where they play are not in proper condition, and if there are no facilities, no ropes to keep the crowd back, I think we are endangering the lives of the spectators. I don't know if the police themselves could do it, but I think every playground should have ropes and stakes, and these should be set up and the field itself be roped off, so that the participants may be given a fair opportunity to play the game as it should be played, and the spectators be protected.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON PUBLIC WORKS AND STREET COMMISSIONERS.

Coun. SULLIVAN, for the Committee on Public Works and Street Commissioners, submitted the following:

Report on message of Mayor and order (referred October 28) for loan of \$200,000 for construction and equipping of an incinerator building—that same ought to pass.

The report was accepted, and the order was given its second and final reading, yeas 20, nays 0; Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, Moriarty, Muchnick, Russo, Sullivan—20. Nays—0.

TRAFFIC LIGHTS AT JUNCTION OF TREMONT AND WEST CONCORD STREETS.

Coun. SULLIVAN offered the following: Ordered, That the Traffic Department be requested, through his Honor the Mayor, to install traffic lights at the junction of Tremont and West Concord streets, Ward 9.

Passed under suspension of the rule.

THE NEXT MEETING.

On motion of Councilor Linehan it was voted that, when the Council adjourn, it be to meet on Tuesday, November 12, at 2 p. m.

MAKING OF "GREAT FAMILY TRADITION" A CAMPAIGN ISSUE.

Coun. HURLEY, MUCHNICK, COOK, SCANNELL, KINSELLA and HANNON offered the following:

Resolved, That the Boston City Council goes on record as condemning the un-American action of the Republican party in making "great family tradition" an issue in the current election campaign.

Coun. KINSELLA—Is debate allowed on that resolution?

President KELLY—No debate is allowed. There is no unanimous consent on that.

Coun. KINSELLA—A point of information.

President KELLY—State your point of information.

Coun. KINSELLA—Will the Chair tell me whether or not Abraham Lincoln, the first Republican of history, had a family in the meaning of the word?

President KELLY—I will say that the Chair is ruling on the basis of the rules that exist in the City Council.

Coun. KINSELLA—I was not hoping for an answer.

President KELLY—Thank you, councilor.

Coun. MUCHNICK—Is there any way at the present time that a vote of this Body can be taken on that resolution?

President KELLY—We can take it up only by the action of the Rules Committee.

Coun. MUCHNICK—If the Rules Committee were to meet now, Mr. President, do you think we could?

President KELLY—Mr. Councilor, I am saying that that is the only action that can be taken, by the Rules Committee. You know what the rules of the Council are.

Coun. MUCHNICK—I do not want to prolong this, Mr. President, but obviously next week, or any time beginning tomorrow, will be a little bit too late for this, and it seems to me that this concerns the people of Boston greatly. This is something that goes even beyond elections.

Coun. LINEHAN—Mr. President—

President KELLY—The Chair will rule that there is no debate permitted on this resolution.

Coun. LINEHAN—A point of parliamentary inquiry, Mr. President.

President KELLY—State your point of parliamentary inquiry.

Coun. LINEHAN—Can a councilor move to have this matter taken from the committee?

President KELLY—That motion would not be in order.

Coun. LINEHAN—I now move that this order be taken from the Committee on Rules.

President KELLY—The Chair will rule that any motion to take it from the Committee on Rules would be out of order.

Coun. RUSSO—Am I in order in asking to have that order read again?

Coun. COOK—Thank you, Councilor Russo.

President KELLY—The order has been referred to the Committee on Rules. You can ask the stenographer if he will kindly read the order again.

Coun. RUSSO—I ask that the order be read again.

(The order is read by the official stenographer.)

Coun. LINEHAN—I would like to ask the clerk, through you, sir, just what the rule is. Is he referring to Rule 13?

President KELLY—The clerk will read the rule that applies.

The CLERK—"No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment. Any motion, order or resolution which in the opinion of the presiding officer does not have a direct bearing on the business of the Council shall be referred without debate to the Committee on Rules and shall not be further considered by the Council except upon report of that committee. There shall be no appeal from the decision of the Chair hereunder, and this rule shall not be subject to suspension. No motions shall apply, nor shall unanimous consent to speak on the matter so referred be in order."

Coun. LINEHAN—Could we poll the Committee on Rules and see whether we can act on this at this time?

President KELLY—That is a matter to discuss with the chairman of the Committee on Rules. In the meantime we will go on with further business of the Council.

Coun. MUCHNICK—Mr. President, is a motion in order? I move that the Clerk of Committees be instructed to write to those newspapers in Boston that have made great family tradition an issue in their papers, condemning their acts in so doing.

President KELLY—Will you kindly put that motion in writing, councilor, so that it will be legal? In the meantime we will go on with further business of the Council.

POLICE APPOINTMENTS FROM EXISTING LIST FOR SERGEANTS.

Coun. KEENAN, MADDEN, CANTWELL, HANNON, LANE and COOK offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to make prompt appointments from the existing civil service list for sergeants, so that certain veterans of World War II, on said list, whose rights were preserved during their war service by Act of the Legislature until November 30, 1946, shall not lose their right of appointment from the list.

Coun. MADDEN—Mr. President, for some mysterious reason the Police Commissioner seems to have fallen into the somewhat apathetic category that many other department heads have taken refuge in in the past several months. During the years 1942, 1943, 1944, and 1945 everybody was saying, "Nothing is too good for the veteran,"—and well they might have said it, because the men were certainly fighting all over the world for democracy. The men who were doing this are not the men who created the war; they were ordinary American citizens, engulfed in a terrible war, not of their own making but of their saving. In 1941 a police sergeant examination was held by the Civil Service Commission. This list would have expired except for legislative action, and the list was amended in 1943 and again in 1945. The list now has approximately one month to run. It seems strange that the Police Commissioner some two months ago would request the Civil Service Commission to certify the names of men on the sergeants' list. If I am correct, the Civil Service Commission certified the names of some forty-one men. Of the first seventeen men on the list, ten have had over twenty years of experience, eight have had over ten years of experience, eleven have had at least seven years' experience. These men, Mr. President, are not greenhorns; they are men who have served very, very faithfully on our Boston Police Department, they are men who have proven by their examination, by their marks in this examination, and it certainly seems to me that the Police Commissioner is abusing his rights and the rights of these veterans by ignoring their right to promotion. It seems strange that the Police Commissioner would neglect to make appointments after having requested the list, thereby implying that the Boston Police Department necessarily needs the appointment of some twenty-eight more men, at least twenty-eight more sergeants. I now understand that the Mayor has on his desk the names of several men who have made requests for retirement, which would mean that over thirty men could be appointed from this list. Why he has held it up, Mr. President, I do not know, but it seems to me a sad corollary where men—and on this list, incidentally, are some sixteen men, and the first four shown are veterans not only of World War II but of World War I—who have proven not only their patriotism to their country but the mere fact that they have been on the police force as long as they have with unblemished records is an indication that they are efficient and may be well worthy of promotion. Now, if the Police Commissioner is going to disregard this list and disregard the rights of the veterans, I say perhaps it might be in order to file an order in this Council to have him removed from office. We have too many public officials who give lip service to the veterans, and this is a glaring instance. These men have rendered faithful service to the city; they have taken this examination, and when the State Legislature goes to the trouble of extending the time limit I certainly think that the men are entitled to promotion. I certainly feel that it would boost the morale of the Police Department if the men were appointed from this list and give other young men a chance to be promoted. If the commissioner is going to ignore this list, is going to bury it, there will be no incentive, no chance for any young police officer to get ahead. The Lord knows that there is much, perhaps, that could be improved in our Police Department. For many, many weeks here we have been debating this off-street parking, and, if I am correct, Councilor Scannell attacked the Police Commissioner viciously and contended that if the Police Commissioner would enforce the parking laws we would not need off-street parking. During the past few days, this past week, one of the Boston newspapers—if I am not mistaken, the *Herald*—has shown several pictures of cars parked on one-way streets (one-way going south—the cars going north). There have been a dozen glaring instances published in the *Herald*, if I am not mistaken, showing that the Police Commissioner apparently has utterly no regard for the traffic situation in Boston. Only this past week we picked up a paper and found out where another veteran had his jaw broken by the police. I think that the commissioner could well put his house in order and I think probably the first and best step he could take would be to utilize this list and make the twenty-eight appointments.

Coun. KEENAN—Mr. President, on September 6, 1946, Police Commissioner Sullivan made a request to the Civil Service Commission for twenty-eight sergeants. As I understand, twenty-eight names were submitted to Police Commissioner Sullivan, and they were notified by the Civil Service Commission. The names appeared in every newspaper in Boston. They were appointed, but for some unknown reason they have not been certified by Commissioner Sullivan. I understand that the commissioner has stated that these men lack experience. In answer to that, let me point out that of the first twenty-five men on the list, twelve have seventeen years' service as patrolmen, ten men have ten years, and three men have seven years. Compare this record with six years for Superintendent Fallon when he was a patrolman, six years for Deputy Daley, seven years for the great racket buster, Deputy Sheehan, six years for Captain O'Neil, and all down the line. I request, Mr. President, that the commissioner appoint the twenty-eight men, and if he doesn't do it I for one am going to ask for his removal as Police Commissioner in the

City of Boston, because he is doing an injustice to many of these police officers who are hard-working men, and they want to go ahead in the Police Department. I think where there are twenty-eight vacancies that the Police Commissioner should fill those vacancies, giving an incentive to the other men on the force to go up higher in the Police Department.

Coun. FISH—Mr. President, may I have the order read?

(The order is again read.)

Coun. FISH—Mr. President, my purpose in rising on that is that I am very much interested in this order. I had one of the police officers of the city call at my home last week, and he told me so much that I just couldn't repeat it all here today. I think it is information that should be given to a committee, and I explained it that way to the police officer, and he thought it would be advisable that we do refer it to a committee so that they can go over it more thoroughly. So that I recommend that it be referred to—I don't know what particular committee.

President KELLY—The Committee on Public Safety, councilor, or the Executive Committee?

Coun. FISH—I would prefer one of the smaller committees, because they seem to get more time than we get in the Executive.

President KELLY—Councilor Kinsella, you are chairman of the Committee on Public Safety. Shall I refer it to your committee?

Coun. KINSELLA—I will follow any suggestion that Councilor Fish makes. That is perfectly agreeable to me. If I may have the floor a minute, I would like to ask Councilor Madden a question through the Chair.

President KELLY—Will you answer a question, please?

Coun. MADDEN—Yes, sir.

Coun. KINSELLA—Does Councilor Madden know how near expiration the present list is from which these men are expecting appointment?

Coun. MADDEN—Yes, we are running against time. The list expires November 30 of this year, in two or three weeks.

Coun. KINSELLA—Mr. President, it is a cruel device that some department heads use to suffocate and choke off men who have won the right to higher positions in the public service, to wait, in spite of everything else, for a list to expire, and then find some specious reason for not appointing. I met a police officer the other day who is in the first ten, I believe. He has been a police officer since 1919 or 1920, or thereabouts. He is a veteran of World War I, and a fine, substantial family man. He is still a young man by present-day standards, being under fifty. He has an honorable record in the police department, and he took the examination that was dictated by the rules of Civil Service. I would like to point out to the other councilors here something of which they are cognizant, but which at times perhaps escapes their notice. We are too quick to forget that these people on Civil Service meet a standard that they have no hand in setting. They have got to be young, of a certain age, and no older; they must possess good moral character, which is of course their own responsibility; they must be of a high physical standard; they must be of a high mental standard; and all of those standards are set up by people who could not meet the standards themselves. It is a case of doing as I say and not as I do. Then after many years of hazardous employment—and the Police Department is a hazardous one—certain ambitious members take examinations for promotion and they find themselves fortunate enough to be amongst the favored few who pass, and then, instead of being appointed immediately upon vacancies being declared by virtue of the disability, death, or retirement of somebody, some arbitrary and high-handed commissioner can choke off the realization of their normal, natural ambition, an ambition that in part must be approached from two angles, first, by qualifying him, and then by having some commissioner who is responsible to the public exercise, either arbitrarily or charitably, as the case may be, the enormous power which is vested in him in the matter of appointments. I am informed that there are twenty-seven vacancies today for sergeancy promotions in the Boston Police Department—twenty-seven of them. That is not going to put a strain and stress on the finances of the city, because they are provided for in the ceiling of the personnel within the department. I think that Commissioner Sullivan, before the expiration date of that list rolls around—and I have just been informed that it is the last day of this month—should appoint forthwith all of the eligible patrolmen who have taken the sergeant's examination, up to and including the twenty-seven vacancies, if that is the number, and I hope that this, upon being heard by the Committee on Public Safety, will be acceptable to the Council as a whole at the next meeting on Tuesday of next week.

President KELLY—The order is referred to the Committee on Public Safety.

Coun. KINSELLA—Mr. President, I would like to announce that we will hold a meeting of the Committee on Public Safety to discuss this order at half-past ten next Friday morning, and I would like to invite the full Body of the Council to attend.

President KELLY—Councilor Kinsella announces a meeting of the Committee on Public Safety next Friday morning at half-past ten to discuss the matter, and all members of the Boston City Council are invited to attend.

Coun. MADDEN—Mr. President, may I make the suggestion that the patrolmen on the list be invited to attend that hearing, so that we may interrogate them as to their years of service and their general record of service in the Police Department?

President KELLY—Will the chairman of the committee take care of Councilor Madden's request?

Coun. KINSELLA—I request that Councilor Madden submit a list of the names of the patrolmen he has in mind to the Clerk of Committees, asking that they be sent invitations to attend and give us any information that may be desired.

Coun. KEENAN—Mr. President, I do not think that the police officers will come up here, as I understand it. I know I had a little trouble some time ago in connection with Captain Dorsey, when a policeman could not get the permission of the captain to appear before any members of the Council. So that, for Councilor Kinsella's information, I do not think that the Police Commissioner will allow any police officer to come up here.

President KELLY—The matter has been referred to the Committee on Public Safety, and further discussion will have to take place before that committee.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on message of Mayor and order (recommended October 28) that chapter 207 of Acts of 1946 entitled "An Act Relative to the Licensed Operation on the Lord's Day of Bowling Alleys" be accepted—recommending that same ought to pass.

The report was accepted, and the order was passed.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

Report on petition of Matilda E. Chamberlain (referred July 22) to be paid annuity on account of death of her husband, Edward G. Chamberlain, late member of the Fire Department—recommending passage of accompanying order, viz.:

Ordered, That under the provisions of chapter 366 of the Acts of 1943, as amended, an annuity of one thousand dollars be allowed and paid to Matilda E. Chamberlain, widow of Edward G. Chamberlain, a member of the Fire Department who died on March 14, 1946, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the payments to date from March 14, 1946, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report on petition of Anna Riley (referred June 10) to be paid annuity on account of death of her husband, Michael J. Riley, late member of the Fire Department—recommending passage of accompanying order, viz.:

Ordered, That under the provisions of chapter 366 of the Acts of 1943, as amended, an annuity of one thousand dollars be allowed and paid to Anna Riley, widow of Michael J. Riley, a member of the Fire Department who died on May 19, 1946, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the payments to date from May 19, 1946, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report on petition of Mary E. Mellyn (referred August 5) to be paid annuity on account of death of her brother, Thomas F. Mellyn, late member of the Fire Department—recommending passage of accompanying order, viz.:

Ordered, That under the provisions of chapter 366 of the Acts of 1943, as amended, an annuity of one thousand dollars be allowed and paid to Mary E. Mellyn, sister of Thomas F. Mellyn, a member of the Fire Department who died on February 14, 1946, on account of injuries received in the performance of his duty, said annuity to continue during such time as she is unable to support herself and does not marry; the payments to date from February 14, 1946, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Reports accepted; said orders severally passed.

Adjourned at 3.33 p. m., on motion of Councilor Hannon, to meet on Tuesday, November 12, 1946, at 2 p. m.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be four (4) weeks, the following street is one way in the direction indicated, effective November 4, 1946:

Bennington Street, East Boston.

From Day square to Swift street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective November 7, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Huntington Avenue, Roxbury.

Northwest side, from Massachusetts avenue to a point fifty (50) feet southwest of Massachusetts avenue, twenty-four hours.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Huntington Avenue, Roxbury.

Northwest side, from Norway street to Gainsborough street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective November 4, 1946:

Section 41 (Isolated "Stop" Streets) is amended by adding the following:

Chelsea Street, East Boston.

At Marion street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective November 18, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

St. Alphonsus Street, Roxbury.

East side, from Tremont street to a point fifty (50) feet north of Tremont street, twenty-four hours.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

St. Alphonsus Street, Roxbury.

East side, from Huntington avenue to Tremont street, twenty-four hours.

St. James Avenue, Boston Proper.

From Tremont street to Delle avenue.

Delle Avenue, Roxbury.

From Carmel street to Burney street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective November 25, 1946:

Section 41 (Isolated "Stop" Streets) is amended by adding the following:

Shawmut Avenue, Boston Proper.

At Castle street.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

POPULATION BY WARDS ACCORDING TO POLICE CENSUS OF 1945.

21	38,476
22	33,257
Total	766,386

[POLICE EXPENDITURES.

During the twelve months ending November 30, 1945, the total expenses of the Boston Police Department amounted to \$6,426,363.77. This included the pay of the police and employees, pensions, supplies, expense of listing (\$68,253.96, the annual listing on January 1 of all residents twenty years of age or over), and the maintenance of the Police Signal Service.

In the corresponding period of 1944, expenditures totaled \$6,202,557.44.

HEALTH DEPARTMENT DENTAL SERVICE IN BOSTON.

Eleven dental clinics were maintained in 1944 for the use of pre-school and school children. As in previous years, the objective of these clinics is preventive dentistry and every effort is made to teach the child the proper care of the teeth. Correlation between class instruction in dental health and the visits to the clinic is encouraged by the school nurse, the dental hygienist and the health educator.

ALMOST 3,000,000 IN NAVAL SERVICES.

By the end of 1943 it was estimated that the following totals of personnel were on active duty in the U. S. Navy, U. S. Marine Corps and the U. S. Coast Guard:

	U.S.Navy	U.S.M.C.	U.S.C.G.	Total
Officers	201,000	29,700	10,500	241,200
Enlisted	2,093,000	370,000	161,000	2,624,000
Total	2,294,000	399,700	171,500	2,865,200

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR PAINTING, ETC., AT THE SUMNER TUNNEL AND ADMINISTRATION BUILDING.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for painting, etc., at the Sumner Tunnel and Administration Building. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Painting, Etc., at the Sumner Tunnel and Administration Building," and left at Room 508, fifth floor, City Hall Annex, before 12 m., of Tuesday, November 26, 1946, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Nov. 16.) Commissioner of Public Works.

READVERTISEMENT.

CITY OF BOSTON.

FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO THE FOLLOWING FIRE STATIONS: ENGINE 14, ELIOT SQUARE, ROXBURY; ENGINE 41, 16 HARVARD AVENUE, BRIGHTON.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 14, Eliot square, Roxbury; Engine 41, 16 Harvard avenue, Brighton.

Proposals will be received until 12 o'clock noon, Friday, November 29, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to bidders, upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, November 26, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

RUSSELL S. CODMAN, JR.,

(Nov. 9-16.) *Clerk.*

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR CONVERSION OF TWO FORMER AMC TYPE NAVAL VESSELS FOR USE AS FIREBOATS.

The Fire Commissioner of the City of Boston invites sealed proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for conversion of two former AMC type naval vessels for use as fireboats, including the installation of pumps and other equipment. Bidders may see the boats at the dock of Engine No. 47, 120 Lewis street, East Boston. A bond of an approved surety company doing business in the Commonwealth of Massachusetts, in the full amount of the contract, will be required to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at the office of the Fire Commissioner, 60 Bristol street, Boston. Each proposal must be signed by the bidder, placed in an envelope, sealed, and marked "Proposal for Conversion of Two Former AMC Type Naval Vessels for Use as Fireboats," and left at the office of the Fire Commissioner, 60 Bristol street, before 12 o'clock noon of November 22, 1946, accompanied by a certified check for five thousand (5,000) dollars, payable to the City of Boston and to become the property of said city if, after acceptance of his proposal, the bidder shall fail to carry out said proposal. Proposals must be made in duplicate, and the sealed duplicate, without check, must be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law, so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing will be required prior to the award of said contract. Forms of proposals may be obtained at the office of the Fire Commissioner, 60 Bristol street, Boston. A deposit of ten (10) dollars in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition. The contract is made subject to appropriation to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR WATER METERS.

The Supply Department of the City of Boston invites proposals for furnishing water meters to the Public Works Department, Water Income Division, 710 Albany street. Blank proposals may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal. The bidder must leave his proposal and a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Bids to be in sealed envelopes, marked "Proposal for Meters." The bids will be publicly opened and read on Wednesday, November 27, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

SEALED PROPOSALS FOR \$2,955,000 CITY OF
BOSTON LOANS.

\$2,800,000 COUPON SERIAL BONDS.
\$155,000 COUPON SINKING FUND BONDS.

BONDS EXEMPT FROM TAXATION IN MASSACHUSETTS AND FROM THE PRESENT FEDERAL INCOME TAX.

TREASURY DEPARTMENT.
OFFICE OF THE CITY TREASURER.

CITY HALL, BOSTON, MASS., Nov. 14, 1946.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock m., Eastern Standard Time, Friday, November 22, 1946, for the purchase of all but no part of the following-described coupon bonds.

Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of one per cent; no bid to be less than par and accrued interest, and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

CITY OF BOSTON FUNDING LOAN, ACTS OF
1946, \$500,000.

Order of City Council of Boston of July 24, 1946. Payable \$100,000 annually, December 1, 1947, to December 1, 1951, inclusive.

CITY OF BOSTON, VOTING MACHINE LOAN, ACT
OF 1943, \$300,000.

Chapter 411, Acts of Massachusetts, 1943. Payable \$30,000 annually, December 1, 1947, to December 1, 1956, inclusive.

PERMANENT HOUSING FOR VETERANS OF
WORLD WAR II, \$500,000.

Order of City Council of Boston of November 13, 1946. Payable \$35,000 annually, December 1, 1947, to December 1, 1956, inclusive, and \$30,000 annually, December 1, 1957, to December 1, 1961, inclusive.

CITY OF BOSTON PARKING FACILITIES LOAN,
ACT OF 1946, \$1,500,000.

Order of City Council of Boston of October 18, 1946. Payable \$75,000 annually, December 1, 1947, to December 1, 1966, inclusive.

Coupon Sinking Fund Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of one per cent; no bid to be less than par and accrued interest.

SUBWAY BONDS, ACTS OF 1933 (HUNTINGTON AVENUE SUBWAY EXTENSION), \$155,000.

Chapter 395, Acts of Massachusetts, 1938. Payable December 1, 1976.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semi-annually on the first days of June and December in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the city (total interest for the duration of the loan from December 1, 1946, less the amount of premium bid).

The bonds will be dated December 1, 1946, and will be ready for delivery on or about December 17, 1946. Interest will begin December 1, 1946, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to Henry F. Brennan, City Treasurer, Boston 8, Mass., indorsed "Proposals for Loans." Each proposal must be accompanied by a cashier's or certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent of the amount of loans bid for, the check made payable to the City of Boston, Henry F. Brennan, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loans awarded. All other checks or cash will be returned.

Accrued interest from December 1, 1946, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Friday, November 22, 1946, at 12 o'clock m., Eastern Standard Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the City.

HENRY F. BRENNAN,
City Treasurer.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PASSENGER AUTOMOBILES FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing passenger automobiles for city departments, on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Automobiles."* There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Tuesday, November 26, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Nov. 16.) Superintendent of Supplies.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

TO GENERAL CONTRACTORS.

PROPOSALS FOR WASHING, PAINTING, PLASTERING, TILE WORK, SHEET METAL WORK, FLOORING AND MISCELLANEOUS REPAIR WORK, DROWN HOUSE, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for washing, painting, plastering, tile work, sheet metal work, flooring and miscellaneous repair work in Drown House, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees thereof in the sum of the full amount of the contract price. In their proposals bidders must submit separate prices for each of the items specified. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock p. m. on Thursday, November 21, 1946, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, before the time of opening the bids. The rate per hour to be paid to those who are to be employed under this contract shall not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Painting and Miscellaneous Repairs, Drown House, Boston City Hospital."

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M. D.,
(Nov. 16.) President.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, NOVEMBER 23, 1946.

NO. 47

MAYOR PRAISES POULTRY INDUSTRY AT DEER ISLAND WHICH FOR THIS THANKSGIVING WILL FURNISH 2,000 FRESH-KILLED TURKEYS AND SOME 10,000 CHICKENS TO THE CITY AND LONG ISLAND HOSPITALS, THE BOSTON SANATORIUM, THE CHARLES STREET JAIL, AND OTHER INSTITUTIONS — BIRDS RAISED ON ISLAND BY INMATES WHO ARE TRAINED TO WORK UNDER MASTER AND BECOME SUCH EXPERTS AT BUSINESS THAT MANY FOLLOW LINE SUCCESSFULLY AFTER RELEASE — DISTRIBUTION STARTS IN FEW DAYS.

The following is the statement of Mayor James M. Curley on Thanksgiving feast for institutions of city:

I am very happy to announce that within the next few days there will be distributed to the Boston City Hospital, Long Island Hospital, Boston Sanatorium, Charles Street Jail, and other city institutions some 2,000 fresh-killed turkeys and about 10,000 fresh-killed chickens for Thanksgiving.

These birds are the product of the remarkable poultry industry inaugurated and maintained at Deer Island under the supervision of the Penal Institutions Department of the City of Boston. It is a significant fact that Boston is the only city in the country to supply its hospitals and institutions with fresh-killed turkeys and chickens.

This Deer Island industry, which is self-sustaining, fills a twofold purpose. It not only permits the supplying of our sick and other unfortunates with fresh-killed poultry at a price below the normal market prices for cold-storage birds, but it also allows the instructing of certain types of inmates in the highly specialized art of raising poultry. Many of these men, upon their release, are engaging in the poultry business for themselves.

Special Type Bird.

A special type of chicken is raised at Deer Island. It is a cross between a Dark Cornish male and a Rhode Island Red female. This type of bird is one of a particularly broad breast, which makes for a larger per cent of white meat per bird than any other type.

The chickens — as are also the turkeys — are raised entirely on wire. This reduces disease to a minimum by largely eliminating filth, which causes more than 80 per cent of poultry diseases. Since the inception of the industry there have been no epidemics of such diseases, and the mortality rate has been exceedingly low.

This record can be attributed to the expert knowledge of the poultry supervisor, his method of rearing, a special diet comprising rations of the best feeds and grains obtainable, and the complete cooperation of everyone connected with the industry. Henry F. Drewes, a most conscientious supervisor, whose poultry-rearing methods are almost a religion with him, has, at all times, had the full backing of Maxwell B. Grossman, Commissioner of the Penal Institutions Department, Master George S. A. Mulcahy, and Deputy Master George H. Donovan, Sr., at Deer Island.

Special Feeding.

Birds reared under the conditions that prevail at Deer Island are absolutely dependent on feed and care, and, in order to attain the best results, a special cage ration is used. This so-called cage system lends itself to the Deer Island situation quite admirably. Each inmate, while being taught to rehabilitate himself, is given a certain unit of birds to take care of. He is responsible for and soon learns to take pride in the growth and condition of the birds entrusted to him. Strangely enough, most of these men are the so-called city-bred type, who seem to take more interest in the industry than do those from rural districts.

The turkeys are purchased as day-old poults in April and May. They are raised on wire similar to the system used for chickens, until they reach the age of four to five weeks. They are then placed in specially constructed houses with wire floors and sunporches, where they are kept until the holiday season. A special type of white turkey has been tried out during the past few weeks, and these birds, which are very beautiful to look at in their sunporches, are now ready for Thanksgiving dinner tables in the hospitals and other institutions.

In addition to the poultry industry, Deer Island raises cattle and pigs, and has made a reputation in these fields also, but at the present season interest centers primarily on the turkeys and chickens.

As Mayor of Boston I wish to commend all who are associated in any way with the Deer Island poultry industry, and I am sure that the people of Boston, knowing the facts, will join with me in words of well-merited praise.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 2, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

MAYOR CURLEY FELICITATES NEW PRESIDENT OF MEXICO.

On November 12 Mayor Curley dispatched the following letter to the new President of Mexico:

HON. LIC. MIGUEL ALEMAN, *President-Elect*, Republic of Mexico, Calle Fundicion No. 187, Mexico D. F., Mexico.

DEAR MR. PRESIDENT.—On this, the eve of your auspicious inauguration as President of the Republic of Mexico, may I extend to you the heartfelt greetings and good wishes of the citizens of Boston, Massachusetts, United States of America.

Never before in history, perhaps, have the common relationships of our Sister Republics—yours and mine—been so closely entwined.

We need each other in the warmest of friendly contacts. It is my fervent hope—and that of those whom I proudly represent—that this mutual feeling, good will and comprehending appreciation may be expanded and extended through the times that are ahead.

Good luck, health, happiness, and success to you.

Yours sincerely,

JAMES M. CURLEY,
Mayor of Boston.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon November 5 the Mayor approved a contract with Construction Units, Inc., for additions to and alterations of fire station, Engine 46, located at 1884 Dorchester avenue, at Peabody square, Dorchester. The following bids were opened Friday, October 25:

Construction Units, Inc., \$26,893; John Rugo, \$29,500; Sciaba & Co., \$29,999; J. A. Singarella, \$30,575; Rossano Construction Company, \$32,359; P. J. Cantwell, \$32,826; James S. Kelliher, \$33,582; Peabody Construction Company, \$34,191; M. S. Kelliher Company, \$35,226; M. Spinelli & Sons, \$35,872; John Bowen Company, \$41,750.

Three alternate bids on installation of linoleum, overhead doors, and oil burner were included in the contract sum but inasmuch as the Civilian Production Administration prohibited the installation of linoleum and oil burner, the amount sub-

mitted for these alternates was deducted from the contract price submitted by each bidder.

Alterations and repairs to Engine House 46 are required for the safe storage and operation of heavy motor fire apparatus and the safety of department personnel quartered in the station. The work to be done includes installation of new concrete main floor and other changes throughout the building, including foundation work, roofing, carpentry, painting, plumbing, heating, etc.

PARK DEPARTMENT.

Upon November 6 the Mayor approved a contract with the Mystic Building Wrecking Company, Inc., for demolishing and removing the field houses at the Cherry Street Playground, South End, and at the West Third Street Playground, South Boston. Bids, opened Thursday, October 31, were as follows:

Mystic Building Wrecking Company, Inc., \$1,480; American Building Wrecking Company, Inc., \$1,585; C. Corkin & Sons, Inc., \$1,945; Daniel J. Shea, \$2,640; City Building Wrecking Company, \$2,800; Patrick J. Sullivan, \$4,600.

Upon November 6 the Mayor approved a contract with C. Corkin & Sons, Inc., for demolishing and removing the bathhouse at Dewey Beach, Charlestown. Bids, opened Thursday, October 31, were as follows:

C. Corkin & Sons, Inc., \$3,845; Mystic Building Wrecking Company, Inc., \$3,925; Daniel J. Shea, \$4,720; Central Building Wrecking Company, \$4,975; American Building Wrecking Company, Inc., \$6,895.

PUBLIC WORKS DEPARTMENT.

Upon November 5 the Mayor approved a contract with the M & R Construction Company, the second lowest bidder, for repairs to roadway of Warren Bridge, over the Charles river, at an estimated cost of \$8,985. The work is to commence on a date to be specified in a written order from the commissioner and shall be fully completed within two months from that date. The following bids were received October 22:

Fred Wallace, \$8,385; M & R Construction Company, \$8,985; A. Orlando, Inc., \$9,030; Marinucci Brothers & Co., \$9,732; J. A. Singarella Company, \$9,835; John P. Cavanagh, \$10,010; M. J. Kelly Company, Inc., \$10,500; W. H. Ellis & Son Company, \$11,580; Vincenzo Grande, \$13,650.

Upon November 7 the Mayor approved a contract with Charles Struzziery Company for sewerage works in Reedsdale street, Kilsyth road and Union street, Brighton; Spring Park avenue and Washington street, West Roxbury; Pond street, Dorchester; Homer street and Saratoga street, East Boston, at an estimated cost of \$3,660.38. The work contemplated in the contract is to be completed within sixty days after approval by the Mayor. The following bids were received October 24:

Charles Struzziery Company, \$3,660.38; J. D'Amico, \$3,907.50; John Williams, \$4,525; R. A. Buccella & Sons, \$4,872.50.

SUPPLY DEPARTMENT.

Upon November 6 the Mayor approved a contract with contractors as indicated for furnishing milk and cream, as required, from November 1, 1946, to December 31, 1946, and extending to April 30, 1947. Inasmuch as prices on milk and cream have been legally set by the Milk Control

Board of Massachusetts, all concerns submitted identical bids. It was recommended that contracts be awarded as follows:

Martin Cosgrove & Sons: Sanatorium Division, \$30,141.42.

Herlihy Brothers, Inc.: Charles Street Jail, \$924; Franklin Park Zoo, \$646.

Shawmut Dairy, Inc.: Boston City Hospital, \$91,401.80.

Whiting Milk Company; Long Island Hospital, \$37,023.60.

Total, \$160,136.82.

Bids, opened October 24, were as follows:

Boston City Hospital.

10,000 Cans Pasteurized Milk, 40-Quart Cans, Per Can.—Martin Cosgrove & Sons, \$6.40; Herlihy Brothers, Inc., \$6.40; Shawmut Dairy, Inc., \$6.40; Whiting Milk Company, \$6.40.

Or

Item 89. 50 Cases Squash, 6 No. 10.—No bids.

Item 90. 300 Cases Tomato Soup, No. 10, Per Case.—George D. Emerson Company, \$5.20; H. A. Johnson Company, \$4.48.*

Item 91. 800 Cases Tomatoes, 6 No. 10.—No bids.

Item 92. 400 Cases Tomato Puree, No. 10.—No bids.

Item 93. 150 Cases Spinach, 6 No. 10, Per Case.—George D. Emerson Company, \$3.90; H. A. Johnson Company, \$3.73*; H. J. Heinz Company, \$3.895.

Item 94. 19,500 Cans Strained Foods, 4-Ounce Cans, Per Can.—Suffolk Grocery Company, 9 cents, Gerber's, average 4½-ounce jar; Reid, Murdoch Company, 6 cents*; H. J. Heinz Company, 7.7 cents.

Item 95.

10 Cases Apricots, 24 No. 2½, Per Case.—George D. Emerson Company, \$7.80; H. A. Johnson Company, \$7.98.

60 Cases Asparagus, 24 No. 2.—No bids.

10 Cases String Beans, 24 No. 2, Per Case.—George D. Emerson Company, \$4.70; H. A. Johnson Company, \$4.10.*

5 Cases Wax Beans, 24 No. 2.—No bids.

10 Cases Fruit Cocktail, 24 No. 2½.—No bids.

5 Cases Sliced Peaches, 24 No. 2½, Per Case.—George D. Emerson Company, \$7.50; H. A. Johnson Company, \$6.50.*

30 Cases Peaches, Halves, 24 No. 2½, Per Case.—George D. Emerson Company, \$7.50; H. A. Johnson Company, \$6.50.*

15 Cases Pears, 24 No. 2½.—No bids.

15 Cases Peas, 24 No. 2, Per Case.—George D. Emerson Company, \$4.40*; H. A. Johnson Company, \$4.79.

15 Cases Sliced Pineapple, 24 No. 2½, Per Case.—George D. Emerson Company, \$8; H. A. Johnson Company, \$6.16.*

25 Cases Tomatoes, No. 2, 24's.—No bids.

Remarks.—H. A. Johnson Company, 1 per cent, ten days; Ralston Purina Company, 2 per cent, ten days; Suffolk Grocery Company, 2 per cent, ten days; H. J. Heinz Company, 2 per cent, ten days, agrees to deliver the total number of units listed, but the City of Boston is not required to take any certain quantity; Reid, Murdoch Company, 2 per cent, ten days; George D. Emerson Company, net; American Flour Company, 2 per cent, ten days; The Quaker Oats Company, 2 per cent, ten days; Morgan Foods Company, 2 per cent, ten days, orders to ship must be received not later than December 1, 1946; cannot guarantee delivery after December 1, 1946.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors commercial houses, etc., for furnishing, labor, materials and supplies, etc. Communications from the heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, October 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—On August 15 your Honor approved a contract to the Daniel Russell Boiler Works, Inc., for repairing and retubing boilers in various schools. This award was approved after advertising in the sum of \$3,598.

During the life of this contract additional repairing and retubing was found to be necessary in boilers in sixteen school buildings. In the process of the work of installing new boiler tubes it is impossible

to determine whether or not an adjoining tube will be fractured or be in such condition as to be unsafe, due to the installation of new tubes. From years of experience on this type of work I know that more tubes are required than originally anticipated in the formulation of the contract on account of the impossibility of determination by the Insurance Company's inspector of tubes not suitable for use. This year is no exception, but conditions encountered have been of a more extensive nature. As the additional work on each boiler, over and above that contracted for, could not possibly be predetermined, the only method available to correct faulty tubes was to authorize the contractor performing the work to proceed with the additional work required. Said procedure, I am sure, was in the best interests of the City of Boston.

Attached hereto is a listing of the schools and the amounts involved in the performance of this work.

I therefore respectfully request your Honor's approval to enter into a contract, without advertising, with Daniel Russell Boiler Works, Inc., 83 Boston street, South Boston, Mass., for this additional work in the sum of \$2,849.06.

I am following this procedure in order to comply with the requirements of the City Auditor's office.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

Retubing and Repairing of Boilers in Various Schools.

Thomas Gardner School: Renew one tube, No. 1 boiler, renew eight tubes, No. 2 boiler, \$151.11.

Abraham Lincoln School: Renew fifteen tubes, No. 2 boiler, leave two spare tubes, \$240.07.

Phillips Brooks School: Renew fourteen tubes, No. 2 boiler, leave one spare, \$176.30.

Jamaica Plain High School: Plug one tube, No. 2 boiler, \$13.28.

Lawrence School: Renew three tubes, No. 2 boiler, \$35.54.

English High School: Renew fifteen long tubes and seven short tubes, No. 1 boiler, renew four long tubes and four short tubes in No. 3 boiler, \$342.43.

William L. Garrison School: Renew two tubes, No. 1 boiler, renew twenty tubes, No. 2 boiler, \$311.31.

High School of Practical Arts: Furnish and install new handhole plate, \$5.10.

Audubon School: Renew fifty-nine tubes in No. 1 boiler, \$655.76.

Teachers College: Renew one tube, No. 2 boiler, tube furnished by department, \$20.78.

Lowell School: Renew two tubes, No. 1 boiler, tubes furnished by department, \$18.53.

Longfellow School: Renew six tubes, No. 1 boiler, renew one tube, No. 2 boiler, leave two spare tubes, \$168.86.

William Blackstone School: Install reinforcing rings around manhole openings in front heads of boilers No. 1 and No. 2 in place of handhole openings as called for in specifications, \$138.29.

Boston Latin School: Installing reinforcing rings around manhole openings in front heads of boilers No. 1 and No. 2 in place of handhole openings as called for in specifications, \$186.16; renew one tube, No. 2 boiler, \$29.60.

John D. Philbrick School: Renew brass nipples in feed line in smoke hood with new bushing in boiler No. 1, \$23.08.

William E. Endicott School: Renew twenty-two tubes in No. 1 boiler, leave six spare tubes, \$332.86.

Total, \$2,849.06.

FIRE DEPARTMENT.

BOSTON, November 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Subject to your Honor's approval I shall enter into a lease with Sylvia T. Stone, Swampscott, Mass., for the rental of the garage at 172-176 Blue Hill avenue, Roxbury. The monthly rental will amount to \$1,250. At present this property is subject to two mortgages. However, both mortgagees have agreed to assent to the proposed lease.

The Fire Department proposes to lease the entire garage at 172-176 Blue Hill avenue, Roxbury. At present a portion of this garage is under lease to the Fire Department on a month-to-month basis. However, the lessee has given ninety (90) days' notice to terminate, effective December 31, 1946, as permitted under the existing lease. The lessor is desirous of leasing the entire garage property to the city or to someone else.

It is imperative that the Fire Department enter into the proposed lease forthwith for many reasons. The lessor has terminated the existing lease, and there is available to the Fire Department no other garage spacious enough to house the many pieces of Fire Department equipment. At the present time the Fire Department has many units of motor equipment, including ladder trucks, hose cars, pumping engines and passenger cars for which it has no storage space. There is no space available for this equipment in any other city-owned garage. Further, all of our fire stations are now occupied to capacity with apparatus in service.

The location of this garage property at 172-176 Blue Hill avenue is ideally suited for the needs of the Fire Department. It is near enough to our Maintenance Division Repair Shop so that apparatus, equipment and mechanics can be transferred between the two points in a very short time. The premises are spacious enough and ideally suited to house Fire Department equipment and for accommodating the repairs which must necessarily be made on motor equipment from time to time.

It is submitted that the foregoing reasons are adequate to dispense with inviting bids by advertising and that the best interests of the city and Fire Department will warrant the execution of this lease forthwith. Accordingly, it is requested that your Honor approve the entrance into this lease and give your authority to dispense with advertising.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, November 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to award a contract, without public advertising, in the sum of \$2,089, to H. A. Smith Company, 48 Troy street, Boston, for repair of the roofs on the west wing of the Women's Hospital, the Recreation Building, and the Nichols Building at the Long Island Hospital.

On Saturday night, June 8, a wind-storm, with hurricane force, struck Long

Island Hospital, ripping off the slate roofs from buildings and creating great general damage. An emergency was existing to protect city property and the safety of patients and employees. Roofing contractors were obtained and they removed the loose remaining slate and hanging gutters and temporarily covered the roofs with roofing paper. Roofs that then could be estimated upon were advertised and awarded to the lowest bidder. The patching of the above roofs with the salvaged slate was then left.

Invitation bids were asked from the contractors who had their men and equipment on the job and would proceed immediately. The firm of H. A. Smith Company submitted the lowest price for completing the work on the above buildings.

As an emergency is existing now it is in the interests of the city to award the work to this firm without the delay incident to public advertising.

Yours very truly,

G. FRANK McDONALD,
Commissioner.

BOSTON, November 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to award a contract, without public advertising, in the sum of \$1,855, to John J. Hourihan, 110 South Huntington avenue, Boston, for repair of the roofs on the east wing and center wing of the Women's Hospital at the Long Island Hospital.

On Saturday night, June 8, a windstorm, with hurricane force, struck Long Island Hospital, ripping off the slate roofs from buildings and creating great general damage. An emergency was existing to protect city property and the safety of patients and employees. Roofing contractors were obtained and they removed the loose remaining slate and hanging gutters and temporarily covered the roofs with roofing paper. Roofs that then could be estimated upon were advertised and awarded to the lowest bidder. The patching of the above roofs with the salvaged slate was then left.

Invitation bids were asked from the contractors who had their men and equipment on the job and would proceed immediately. The firm of John J. Hourihan submitted the lowest price for completing the work on the above buildings.

As an emergency is existing now it is in the interests of the city to award the work to this firm without the delay incident to public advertising.

Yours very truly,

G. FRANK McDONALD,
Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, October 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under a lease dated October 26, 1945, the Soldier's Relief Department occupies the entire first floor and one half of the second floor of the premises at 14 and 18 Oliver street, Boston. Said lease expires on October 31, 1946.

Under the terms of a new lease the Soldiers' Relief Department desires additional space, and said revised lease now embraces a portion of the street floor and the entire first floor. This change

will provide an additional space of approximately 500 square feet at a cost of \$750 additional.

The changed location of their offices will unquestionably enhance the efficiency of the department in dealing with discharges and their dependents and I respectfully request your Honor's approval of the new lease with the Eighteen Oliver Street Company for a period of one year expiring, October 31, 1947, in the sum of \$9,750.

As time is of the essence and the location of the property unique, advertising for bids for this contract of lease would serve no useful purpose.

I respectfully request therefor, that your Honor grant me authority to dispense with advertising and to enter into this contract of lease.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to award a contract, without advertising, to the Peabody Construction Company, 12 Rowena street, Dorchester, to erect a retaining wall in the rear of the Hancock Street Garage, Dorchester, waterproof the rear wall of the garage and remove defective heating coils in the sand hoppers at the Hancock Street Paving Yard, at an estimated cost of \$2,900.

The work at the Hancock Street Garage is necessary in order to stop the leakage of ground water through the rear wall of the garage. The leakage is causing rapid deterioration of a structure valued at well over \$100,000, and which is used for the storage of heavy equipment.

The sand hoppers at the Hancock Street Yard are used exclusively for the storage of sand for use on icy streets. The heating coils in the hoppers, which prevent the moisture in the sand from freezing, have become defective and should be put in proper condition before the arrival of freezing weather. The hoppers in their present condition are unsafe and cannot be used. The storage capacity of the hoppers is vital to the operations of the Public Works Department in ice control.

The Peabody Construction Company is in a position to perform the required work immediately, thus ensuring completion before severe weather conditions set in.

This will be charged to Item B-39 of the Paving Service Budget.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The present lighting system on the Congress Street Bridge is out of commission with the exception of two lights at the South Boston approach, due to the badly corroded condition of the conduits, etc., carrying the wires.

The Bridge and Ferry Division of this department has contacted the Boston Edison Company and has been quoted an estimated price of \$1,500 for the installation of four short shaft posts on top of the approach span girders and one standard post on the level of the bridge on the Sleeper street end.

In view of the fact that this proposal is considerably less than it would cost to renew and put back in proper condition the present lighting system, I respectfully request the authority of your Honor to issue a service order to the Boston Edison Company, to furnish and place the five proposed lights at an estimated cost of \$1,500, this work to be charged to the appropriation for "Bridges, Repairs, etc."

As the Boston Edison Company is the only firm in a position to make the above-mentioned installation, no advantage would be gained by obtaining proposals, so for that reason I respectfully request your Honor's permission to dispense with the requirement of advertising for bids.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

CHANGE IN CONTRACT.

PARK DEPARTMENT.

J. A. Singarella Company has been ordered to make the following change in the contract dated April 9, 1946, for construction of women's solarium and new fence at L Street Bath House, South Boston:

Addition: You are to cut an opening in the brick wall between the men's and women's sections and install in the opening one 3 foot by 7 foot by 1½ inch solid kalamein door, complete with kalamein frame and trim, with the necessary steel lintel over the opening. The door will be complete with hardware, including 1½ pair butts, lockset and door closer and will be painted three coats of lead and oil paint. Lock shall be submitted to Mr. John Murphy at the Park Department for approval before installation. The work to be done for the sum of \$375. Original contract, \$47,400; previous change orders, \$5,738—\$53,138; add, \$375; total amount of contract to date, \$53,513.

DEDUCTION FROM CONTRACT.

FIRE DEPARTMENT.

M. Solimando has been allowed the following deduction from the contract for alterations and additions to fire station, Engine 24, located at 434 Warren street, Roxbury:

Deduction: Installation of overhead electrically operated doors, \$1,267. Original contract, \$31,577; total contract with foregoing deduction, \$30,310.

The installation of overhead electric doors was included as Alternate No. 2 in the contract, but we have received notice from the contractor that he cannot obtain delivery of the doors in less than seven to eight months, and inasmuch as the contract work will otherwise be completed in approximately sixty days, the foregoing deduction is being made.

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

EXTENSION OF CONTRACTS.**PUBLIC WORKS DEPARTMENT.**

The Walter Reed Corporation has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Day square and Bennington street, Ward 1, from Prescott street to 340 feet east of bridge over Boston & Albany Railroad bridge, from October 31, 1946, to December 15, 1946. This extension is requested for the reason that the contractor was required to shut down work from September 30 to October 26 due to traffic caused by the fall meet at Suffolk Downs race track.

The Walter Reed Corporation has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Bremen street, Ward 1, from Porter street to Bennington street, from October 31, 1946, to December 15, 1946. This extension is requested for the reason that the progress of the work was delayed by traffic conditions caused by the fall meet at Suffolk Downs race track.

Baker & Co. Inc., have been granted an extension of the time of completion of the contract for bituminous concrete pavement and sewerage works in Metropolitan avenue, Ward 18, from Kittredge street to Poplar street, from October 31, 1946, to November 30, 1946. This extension is requested for the reason that the contractor has been delayed by shortage of pipe; the manufacturer has promised delivery within a week.

ADDITIONS TO CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

John Rugo has been ordered to make the following additions to the contract for the James Otis School:

Item 1. Remove drain from present location below the basement floor in boys' toilet so that caisson may be installed. Replace same after caisson is in place. Install sleeves where pipes go through concrete beams. Item 2. Remove present 4-inch vent pipe where it interferes with new passage from Room 4 to corridor. Replace vent offsetting pipe so as to clear passage. Cut into old vent at basement ceiling and run to present pipe at first floor ceiling. Furnish necessary hangers and wire lath plaster all openings in ceiling. For this work add the sum of \$148.32 to the contract, making the account as follows: Contract price, \$13,590; total additions, \$148.32; amount of contract, \$13,738.32.

M. S. Kelliher Company has been ordered to make following additions to the contract for the Dorchester High School for Girls:

Item 1. Install new flight of wooden stairs and platform from cafeteria in basement. Install new door and frame with safety lock, new lock on present grille and paint stairs, platform, door and frame. Item 2. Remove the overlapping floor in Room 27 where partition was removed and make entire floor level. For this work add the sum of \$570 to the contract, making the account as follows: Contract price, \$24,670; total additions, \$570; amount of contract, \$25,240.

EXTRA WORK UNDER CONTRACT.**PENAL INSTITUTIONS DEPARTMENT.**

The Van Dorn Iron Works Company has been directed to perform the following extra work under the contract for replacement of cell door locks at House of

Correction, Deer Island, and their re-engineering, dated July 12, 1946. Items ordered: Install forty-five sets of door guides for sliding cell doors at the Hill Prison, in the sum of \$900. (In connection with the installation of the new locks for the cell doors at the House of Correction, Deer Island, it was found after installing all of the locks, cleaning out door guides, etc., that approximately forty-five doors with the door guides were so badly deteriorated that they no longer function properly, that is, "keeping the cell door vertical and in line with the lock door keeper.") Estimated cost of extra work, \$900.

AMENDMENT TO CONTRACT.**PUBLIC WORKS DEPARTMENT.**

Anthony J. Ryan, Inc., has been allowed to amend the contract for collecting and removing garbage and refuse in the Brighton district, so called, in consideration of the sum of \$1. The provision which reads as follows:

"In the Brighton district, the contractor shall deliver the ashes, store dirt, house dirt and refuse to the dump on Mt. Vernon street, Dorchester, owned by the city."

will be stricken so as to read as follows:

"In the Brighton district, the contractor shall deliver the ashes, store dirt, house dirt and refuse to the dump of the Coleman Disposal Company on Mt. Vernon street, Dorchester, also known as the Mile road."

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

John Deveney Company has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Greenwich street and Rexford street, dated October 8, 1946. Items ordered: Omit the spreading and raking of the top course by hand labor and substitute the use of mechanical spreaders (Item 7A, about 6,300 square yards) in Greenwich street and Rexford street; a decrease of 5 cents per square yard is to be made in the price bid for this work, viz., from 75 cents to 70 cents per square yard. Estimated decrease in cost, \$315.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 29, 1944, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Owen street, be, and the same hereby is, amended, by adding to said order the amount \$66 as an award to Ainsley R. Atkinson and Alfreda Atkinson, husband and wife, as tenants by the entirety; that the amount \$66 be, and the same hereby is, awarded to Ainsley R. Atkinson and Alfreda Atkinson, husband and wife, as tenants by the entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 4, 1944, determining that no person sustains damages by the making of the public improvement consisting of the laying out of Burnah street, be, and the same hereby is, amended, by striking out in the first and second lines of said order

the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto Michael Guerra and Celia Guerra, husband and wife, as joint tenants, and not as tenants in common \$65; that the amount \$65 be, and the same hereby is, awarded to Michael Guerra and Celia Guerra, husband and wife, as joint tenants, and not as tenants in common, for the damages sustained by the making of the said improvement.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Five catch-basins and connections, two drop inlets and connections, two man-holes, and rebuild two catch-basins in Washington street and Spring Park avenue, West Roxbury; Kilsyth road, Union street and Reedsdale street, Brighton; East Newton street, City Proper; Homer street, East Boston; and Pond street, Dorchester, at an estimated cost of \$3,200.

DAMAGES SUSTAINED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the making of the public improvement consisting of the laying out and construction of Florian street (formerly Florence Street East), West Roxbury district, as a highway, between Wyvern street and Southbourne road, under the order of the Board of October 23, 1946, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Ada M. King, 352 square feet, \$1.

Gloria Florence Angela Canale, 20 square feet, \$1.

Gloria Florence Angela Canale, 315 square feet, \$1.

Vera Nenn, 552 square feet, \$1.

Frank Murray, 112 square feet, \$1.

Ralph J. and Mildred Mock, 251 square feet, \$1.

Elizabeth A. Hitcock, 151 square feet, \$1.

Eugene and Palmyra Burner, 224 square feet, \$1.

Jennie I. Loring, 37 square feet, \$1.

Andrew R. Scott, 319 square feet, \$1.

STREET CONSTRUCTION.

The Mayor has approved the following request of the Public Works Department:

BOSTON, November 4, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—In accordance with the provisions of section 4 of chapter 393 of the Acts of 1906, I hereby certify that public necessity requires that the construction of the following streets, which have been laid out and ordered constructed under the authority of said Act, be carried on after November 15, 1946, and respectfully request your approval therefor:

Boylston Place, West Roxbury, from Boylston street 250 feet easterly.

Pleasant Hill avenue, Dorchester, from Gallivan Boulevard to Morton street.

Yours respectfully,

DANIEL M. SULLIVAN,

Acting Commissioner of Public Works.

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the heads of the departments interested for permission to amend or reallocate budget appropriations as follows:

BUDGET DEPARTMENT.

BOSTON, October 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested of the following transfer of funds in the 1946 budget of the Superior Court, Civil Session, General Expenses:

From B-35, \$762, to B-12, \$50; F-7, \$712.

Respectfully yours,

JOHN A. SULLIVAN,
Budget Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, October 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a transfer in the amount of \$6,000 from the appropriation A-1, Permanent Employees, to the appropriation B-10, Rent, Taxes and Water, is respectfully requested.

The above amount will be needed to meet the cost of rooms for student nurses at the Franklin Square House, covering the period from October 1 to December 31, 1946.

There is no unencumbered balance at the present time.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

BOSTON, October 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of the transfers, from within the hospital appropriation, as listed below is respectfully requested.

From A-1, Permanent Employees, to B-14, Motor Vehicles, Repair and Care, \$700.

From A-1, Permanent Employees, to C-5, Motorless Vehicles' Equipment, \$1,000.

From A-1, Permanent Employees, to C-9, Office, \$300.

From A-1, Permanent Employees, to C-15, Tires, Tubes, etc., \$300.

From A-1, Permanent Employees, to C-17, General Plant Equipment, \$300.

From A-1, Permanent Employees, to D-11, Motor Vehicle Supplies, \$300.

From A-1, Permanent Employees, to E-13, General Plant Materials, \$1,000.

The transfer to B-14, Motor Vehicles, Repair and Care, will be needed to meet the cost of repairs now being made and emergencies that will have to be met for the balance of the year.

The transfer to C-5, Motorless Vehicles' Equipment, will be needed to release orders for specially constructed trucks, to be used in the Thorndike Memorial Laboratory, for animals for research and laboratory purposes. No unencumbered balance at the present time.

The transfer to C-9, Office, will be needed to meet the cost of clips, small filing units and miscellaneous supplies chargeable to this item.

The transfer to C-15, Tires, Tubes and Accessories, will be needed to release orders to be written for tires, tubes, chains, etc.

The transfer to C-17, General Plant Equipment, is needed to establish a balance that will release all necessary orders for rubber tubing, etc., chargeable to that item for the balance of the year.

The transfer to D-11, Motor Vehicle Supplies, will be needed to release all orders to be placed for gasoline.

The transfer to E-13, General Plant Materials, will be needed to cover the cost of orders for miscellaneous materials, i. e., bushings, valves, brads used in Plant Department, all types of articles used in the Housekeeping Department, plus laundry bags, cord, rope, and sand, etc.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

BOSTON, October 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of the transfers as listed below, from within the hospital appropriation, is respectfully requested.

From A-1, Permanent Employees, to A-2, Temporary Employees, \$5,000.

From A-1, Permanent Employees, to C-12, Medical, Surgical and Laboratory, \$5,000.

From A-1, Permanent Employees, to D-5, Medical, Surgical and Laboratory, \$15,000.

The transfer to A-2, Temporary Employees, will be needed to meet the pay roll charges for final rolls of the year.

The transfer to C-12, Medical, Surgical and Laboratory, will be needed to release orders for syringes, small items of laboratory equipment, replacements on X-ray tubes, screens, needles, etc., used throughout the hospital plus special items for Thorndike Memorial Laboratory and animal houses in connection with research work.

The transfer to D-5, Medical, Surgical and Laboratory, will be needed to release orders to be written during November and December for drugs, medical supplies, penicillin and streptomycin, etc., used throughout the hospital.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

INSTITUTIONS DEPARTMENT.

BOSTON, October 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows:

Long Island Hospital.

From E-13, Materials, \$400, to E-10, Electrical, \$400.

To provide for purchase of electric light bulbs and material for electrical repairs for the remainder of the year. Requisitions 830, 882, 988, 1082, 1129, 1157, 1176, 1181, 1182, 1208 and 1231 are being held on account of insufficient funds. It is anticipated that there will be sufficient balance under E-13 to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, October 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following transfers for the reasons noted below:

From E-1, \$350, to C-13, \$350.

This transfer is necessary because the present balance in our C-13 account is insufficient to meet our needs for paint brushes, sponges, hose, etc., for the remainder of the year.

From C-5, \$15, to C-3, \$15.

This additional amount is needed in the C-3 account for the purchase of a Detex Patrol Watchlock to replace an antiquated one now in use. The high cost of maintenance of the one now being used is such as to make advisable its replacement by a new one.

From E-1, \$300, to D-8, \$300.

Because the balance in our D-8 account is insufficient to meet our needs for paper towels, soap, other cleansing agents and toilet articles for the balance of the year the foregoing transfer is necessary.

From E-13, \$200, to D-1, \$200.

This transfer is necessary to purchase additional postage and other office supplies for the balance of the year.

Respectfully,

MILTON E. LORD,
Director.

OVERSEERS OF PUBLIC WELFARE.

BOSTON, October 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Temporary Home appropriation of this department:

From B-8, Light, Heat, Power, \$25, to B-42, Miscellaneous, \$25.

From C-16, Wearing Apparel, \$2.40, to C-13, Tools and Instruments, \$2.40.

B-42, to provide for the extermination of vermin.

C-13, to provide for the purchase of plungers.

Respectfully yours,

DANIEL J. MURPHY,
Acting Secretary.

BOSTON, October 24, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Central Office appropriation of this department:

From B-4, Transportation, \$25, to B-1, Printing and Binding, \$25.

From B-37, Photographing and Blueprinting, \$50, to B-12, Bond and Insurance, \$50.

From B-39, General Repairs, \$265.75, to B-14, Motor Vehicle Repairs, \$265.75.

From D-13, Chemicals and Disinfectants, \$25, to D-5, Medical, Surgical and Laboratory, \$25.

From E-1, Building, \$50, to E-10, Electrical, \$50.

B-1, to provide for cost of printing 1944 annual report.

B-12, to provide for the payment of premiums for two surety bonds.

B-14, to provide for payment for repairs to department car.

B-5, to provide for the purchase of medical supplies.

E-10, to provide for the purchase of electric light bulbs.

Respectfully yours,

DANIEL J. MURPHY,
Acting Secretary.

BOSTON, October 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer in the Wayfarers' Lodge appropriation of this department:

From A-1, Permanent Employees, \$300, to A-2, Temporary Employees, \$300.

To provide for the appointment of a temporary night watchman. This balance is available in Item A-1.

Respectfully yours,

DANIEL J. MURPHY,
Acting Secretary.

PARK DEPARTMENT.

BOSTON, October 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that you make the following transfer within the Park Department budget:

From C-15, Automobile Tires and Tubes, \$300; D-3, Fuel, \$150, to D-16, Miscellaneous, \$450.

This transfer is needed in order that we might get a stock of anti-freeze and alcohol for the motor vehicles in this department for the winter months.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, October 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—You are respectfully requested to make the following transfers within the Park Department budget:

From D-4, Forage and Animal, \$75, to D-16, Miscellaneous Supplies, \$75.

This transfer is needed so that we might pay for an over encumbrance on the D-16 item.

C-15, Tires, Tubes, etc., \$200; D-9, Educational, \$200; D-4, Forage and Animal, \$200, to C-13, Tools and Instruments, \$600.

This transfer is needed at once so that we may pay for mops, brushes, etc., needed for cleaning of buildings and for tools needed during the fall and winter months in the various shops and buildings of this department.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, October 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request the following very necessary transfer within the Park Department budget:

From D-4, Forage and Animal, \$1,000; D-9, Educational, \$500; A-1, Permanent Employees, Gardeners, Mechanics, etc., \$6 a day, \$1,000; Gardeners, Mechanics, etc., \$5.50 a day, \$8,500, to E-13, Miscellaneous, \$11,000.

This transfer is needed at once to cover requisition and order that have been sent along for an emergency purchase of toweling for all the public baths in the city. We were required to purchase 50,000 yards so that we might have an ample supply on hand for all public bath and gymnasium needs. Otherwise, we would have been subject to very severe criticism and would have been forced to close the baths.

This 50,000 yards will cost \$11,250. As funds are available in our budget at the present time, we ask your approval of this transfer.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, October 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the following transfers within the Park Department budget:

From A-1, Permanent Employees: Chief Carpenter at \$2,200 a year, \$1,500; Engineer-Inspector at \$2,700 a year, \$1,500; Physical Instructors at \$1,700 to \$2,300 a year, \$1,730, to A-2, Temporary Employees, \$3,500; F-7, Pensions, \$1,230.

The money is needed in A-2 to pay temporary employees now on our pay rolls who will continue to be employed to the end of the year.

The money is needed in F-7 to provide funds for payment of the pension roll for the months of November and December.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, October 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds in the Public Buildings Department as follows:

From D-13, \$50, to D-8, \$50.

From D-16, \$150, to D-8, \$150.

Money is needed in D-8 in order that this department may function for the next few months; it will be necessary for this department to buy soaps, toilet paper and miscellaneous supplies.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent.

BOSTON, October 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds in the Public Buildings Department as follows:

From C-7, \$250, to C-3, \$250.

From C-7, \$300, to C-13, \$300.

Money is needed in C-3 inasmuch as we had to buy fans and other electrical equipment for different departments.

Money is needed in C-13 in order that this department may function for the next few months; it will be necessary for this department to buy mops, brooms, etc.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 7, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to amend the 1946 budget of the Paving Service, Public Works Department, by transferring funds as follows:

From C-17, Miscellaneous Equipment, \$850, to C-2, Machinery, \$850.

The additional funds are required in Item C-2 in order to pay for two power lawn mowers; the orders for these mowers are being held in the auditor's office pending transfer of funds.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sanitary Division funds as follows:

From B-19, Removal of Waste, \$250, to B-16, Care of Animals, \$250.

This amount is estimated to the end of the year 1946 for emergency visits to animals of the Sanitary Division incurred after the cessation of the employment of the regular department veterinarian.

Services rendered from June 1 to September 1, 1946, \$130, per bills received to date.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sanitary Division funds as follows:

From B-14, Motor Vehicles, Repair and Care, \$6,000, to B-6, Hire of Trucks, \$6,000.

From B-14, Motor Vehicles, Repair and Care, \$121.20, to C-5, Motorless Vehicles, \$121.20.

From B-14, Motor Vehicles, Repair and Care, \$245.10, to E-1, Building Materials, \$245.10.

This money is needed in the B-6 item to cover the hire of trucks until the new equipment is received, and in the C-5 and E-1 items to cover deficiency notices received from the office of the auditor.

From A-3, Overtime, \$7,000, to F-7, Pensions and Annuities, \$7,000.

To cover present deficit of \$332.49, for the month of September, and estimated requirements to the end of the year, on account of large increase in veterans' retirements and 20 per cent increase in pensions to laborers.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sewer Division funds as follows:

From E-5, Sewer and Water, \$150, to E-10, Electric Supplies, \$150.

The unencumbered balance in E-10 is \$36.03. Expenditures up to October 1, 1946, are \$533.97. In order to pay for needed electrical equipment for the Calf Pasture Pumping Station, this reallocation is necessary.

Money is available out of E-5 after anticipated purchases.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sewer Division funds as follows:

From C-2, Machinery, \$140, to C-13, Tools and Instruments, \$140.

This money is needed in the item of C-13 to purchase cable used on the Sewer Division catch-basin cleaning machines. The present balance not committed is \$75.60.

The unencumbered balance of \$140 in C-2 can be used for this purpose as no further expenditures are anticipated in this item for the balance of the year.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to amend the 1946 budget of the Paving Service, Public Works Department, by transferring funds as follows:

From B-14, Motor Vehicles Repairs, \$250, to B-37, Photographic Services, \$250.

This transfer is necessary to provide funds to do photographic work of motor vehicle equipment, garages, etc., belonging to the Public Works Department. The money can be spared from the budget item for motor vehicle repairs. This expense is to be incurred to obtain photographs of the progress of the construction of a new service station and contingent work in the Highland Street Garage.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sewer Division funds as follows:

From B-39, General Repairs, \$250, to B-4, Transportation, \$250.

Up to September 30, 1946, \$820.50 has been spent in the item of B-4, leaving an unencumbered balance of \$79.50. In order to reimburse engineers and inspectors in the Sewer Division for street car, bus and Elevated fares, which will be spent by them on city business from October 1 to December 31, 1946, approximately \$250 has to be reallocated.

Money is available out of B-39, which has an unencumbered balance of \$1,622.77 at the present time.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

CLAIMS ALLOWED.

The Mayor has approved the following claims on approval of the Corporation Counsel:

Edward J. Russell, 2 Ludlow street, Charlestown, to be reimbursed in the sum of \$153.92, as a result of an accident which occurred on January 17, 1946, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by Ruth C. McLaughlin.

Henry Schuhmacher, 11 South Fairview street, Roslindale, in the sum of \$24.28, as compensation for damage to automobile caused by hole in highway on Fenwood road, at junction of Brookline avenue, April 20, 1946.

Cox, 39 Kenwood street, Dorchester, to be reimbursed in the sum of \$27, as a result of an accident which occurred on June 5, 1946, when motor truck belonging to the Street Cleaning Division, Public Works Department, which he was operating, collided with an automobile owned by Wolfe Silverstein.

John J. Power, 608 East Second street, South Boston, to be reimbursed in the sum of \$403, as a result of an accident which occurred on January 31, 1946, when

motor apparatus belonging to the Fire Department, which he was operating, collided with building owned by Hedge & Mattheis Company.

Eva G. LeCain, 36 Jenness street, East Lynn, in the sum of \$75, as compensation for personal injuries caused by hole in sidewalk at Haymarket square, near Washington street, December 10, 1945.

John B. Kerr, 112 Hillside street, Roxbury, to be reimbursed in the sum of \$64.25, as a result of an accident which occurred on February 5, 1946, when motor truck belonging to the Transit Department, which he was operating, collided with an automobile owned by Rita McTernan.

Edward P. Garvey, 15 Coffey street, Dorchester, to be reimbursed in the sum of \$18, as a result of an accident which occurred on March 15, 1946, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Joseph A. Calcagno.

Neil P. Coyle, 11 Ditson street, Dorchester, to be reimbursed in the sum of \$47, as a result of an accident which occurred on April 19, 1946, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Mary Ryan.

Mary T. Thornton, 422 Ashmont street, Dorchester, in the sum of \$100, as compensation for personal injuries caused by hole in sidewalk in front of 97 Summer street, Boston, April 25, 1945.

John J. Lydon, 11 Lafield street, Dorchester, to be reimbursed in the sum of \$153.50, as a result of an accident which occurred on April 23, 1946, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by Robert Burgoyne.

Edward F. Powers, 498 Blue Hill avenue, Roxbury, to be reimbursed in the sum of \$20.25, as a result of an accident which occurred on February 22, 1946, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by Samuel Gerstl.

Edward Thomson, 42 Hamilton street, West Roxbury, to be reimbursed in the sum of \$3.50, as a result of an accident which occurred on August 24, 1946, when motor vehicle belonging to the Police Department, which he was operating, collided with an automobile owned by Martin J. Foley.

Marie E. Fitzgerald, 11 North avenue, Roxbury, in the sum of \$100, as compensation for personal injuries caused by broken curbing on North avenue, at the corner of Dudley street, June 3, 1946.

Eleanor E. Downey, 27 Garfield avenue, Hyde Park, in the sum of \$75, as compensation for damage to her coat caused by wire protruding from fence around city yard on Dana avenue, Hyde Park, January 1, 1946.

Margaret F. Rusk, 67 Toxteth street, Brookline, in the sum of \$250, as compensation for personal injuries caused by hole in sidewalk in front of 401 Centre street, Jamaica Plain, July 22, 1946.

Bella Shucher, 31 Nazing street, Roxbury, in the sum of \$200, as compensation for personal injuries caused by hole in sidewalk in front of 504 Blue Hill avenue, April 2, 1946.

Julius Michelin, 244 Kelton street, Brighton, in the sum of \$450, as compensation for personal injuries caused by

hole in sidewalk in front of 1299 Commonwealth avenue, April 16, 1946.

Rose F. Healy, 212 Weld street, West Roxbury, in the sum of \$275, as compensation for personal injuries caused by hole in sidewalk in front of 224 Weld street, September 15, 1945.

Kathryn M. Quealy, 17 Elm street, Hyde Park, to be reimbursed in the sum of \$168, for damage to property at above address caused by a change in grade of the sidewalk in front of her premises by the Public Works Department in December, 1944.

Robert O. Pineo, 78 Riverview road, Brighton, to be reimbursed in the sum of \$194, as a result of an accident which occurred on June 8, 1946, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by Fred Beswick.

POLICE DEPARTMENT ORDERS.

General Order No. 803.

The commissioner desires to express his appreciation to all officers who performed many extra hours of duty cheerfully and willingly in the policing of the various important events including the State Primary, State Election, and the Armistice Day parade.

The commissioner is pleased to commend the personnel for their unselfish devotion to duty and grants all of them three days' extra vacation.

Commanding officers of divisions and units are hereby instructed to permit officers entitled to this extra vacation to take it in such manner and at such times that the efficiency of the department will not be impaired in any way.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 804.

By virtue of authority conferred by the Department of Civil Service and Registration, Edward A. Doocey, who resigned, effective Tuesday, October 22, 1946, at 7.45 o'clock a. m., is hereby reinstated as a patrolman and assigned to Division 15, to be effective Friday, November 15, 1946, at 10 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 805.

Patrolman Louis Van Ounsen of Division 16 is commended for meritorious police duty performed on the early morning of July 28, 1946.

While Patrolman Van Ounsen was patrolling his route he observed a man carrying a laundry bag over his shoulder whom he stopped and not being satisfied with the explanation given proceeded towards the station. After a short struggle the prisoner pulled an automatic pistol from inside his belt and fired three shots at the officer, one of which passed through the officer's chest.

As a result of further investigation two men were taken into custody, one of whom admitted shooting Patrolman Van Ounsen, and implicated the other man. Both men were convicted and sentenced to long periods in prison.

The commissioner is pleased to recognize and commend Patrolman Van Ounsen for

his alertness and devotion to duty which brought about the arrest of these two desperate criminals.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 806.

Patrolman Michael J. Connell, Division 9, honorably discharged veteran of World War I; having arrived at the age of fifty-five years; having been in service of the Boston Police Department for twenty-two years; and having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Michael J. Connell be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half of the compensation received by him in office from which he is retired; effective Tuesday, November 19, 1946, at 5.45 o'clock p. m.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 807.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Wednesday, November 20, 1946, at 9 o'clock a. m.:

Patrolman John F. Shea to Division 9.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted September 12, 1946, and was effective September 23, 1946, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from November 22, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Summer Street, South Boston.

Northeast side, from the entrance to the Army Base to a point ninety-two (92) feet northwest of the entrance to the Army Base, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendment to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective July 29, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days from September 27, 1946, is hereby extended for a further trial period of sixty (60) days from November 26, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following: Washington Street, Dorchester.

East side, from Blue Hill avenue to Gallivan Boulevard, 8 a. m. to 10 a. m.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Hampden Street, Roxbury.

West side, from Albany street to Dudley street, 4 p. m. to 6 p. m.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, November 12, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m.. President KELLY in the chair. Absent, Councilor McCormack.

The meeting was opened with the salute to the Flag.

TRANSFERS OF APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, November 12, 1946.
To the City Council.

Gentlemen,—The enclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Municipal Employment Bureau, \$224.68, to the appropriation for City Council Proceedings, \$224.68.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, \$250, to the appropriation for Public Welfare Department, Temporary Home, \$250.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, \$8,500, to the appropriation for Public Welfare Department, Wayfarers' Lodge, \$8,500.

Referred to Executive Committee.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.:

Wheigher of Coal, for term ending April 30, 1947: Robert Griffin, 6 Harvard avenue, Dorchester.

Referred to Committee on Constables and Confirmations.

PRESENCE OF DOCTORS AT FIRES.

The following was received:

City of Boston,
Office of the Mayor, November 12, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Fire Commissioner, in reply to your order of October 28, 1946, to consider the advisability of assigning a doctor whose duty it will be to be present at each and every fire for the protection of the people.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, November 9, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—With reference to City Council order of October 28, 1946, relative to assignment of a doctor to respond to each and every alarm of fire, I submit for your consideration the opinion of the Medical Examiner of this department.

I concur with the opinion of the Medical Examiner that it would not be advisable for this department to try to execute the order of the City Council.

Respectfully yours,
RUSSELL S. CODMAN, JR.,
Fire Commissioner.

City of Boston,
Fire Department, November 8, 1946.
From: The Medical Examiner.
To: The Fire Commissioner.
Subject: City Council Order.

Referring to City Council order of October 28, 1946, regarding the advisability of assigning a doctor to be present at each and every fire for the protection of the people:

A police ambulance responds to all alarms and can remove anyone to a hospital in about five minutes.

A doctor, if present, has his limitations and, if a person is overcome or sustains a serious injury, he could only send him to a hospital.

All multiple alarms are answered by an ambulance from the Boston City Hospital with doctors,

All three-alarm fires are answered by the Medical Examiner of the Fire Department, when possible, and a great many times doctors who are "sparks" are present, as in the case of the Coconut Grove fire.

Furthermore, the men of the Fire Department are trained in first aid.

Respectfully submitted,
TIMOTHY LEARY, M. D.,
Medical Examiner.

Placed on file.

CONDITION OF RUTHERFORD AVENUE, WARD 2.

The following was received:

City of Boston,
Office of the Mayor, November 2, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of October 7, 1946, to require the Boston Consolidated Gas Company to restore Rutherford avenue, Ward 2, to its original condition.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
November 1, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works require the Boston Consolidated Gas Company to restore Rutherford avenue, Ward 2, to its original condition, and this will advise you that this work has been completed.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

IMPROVED STREET LIGHTING, CENTRE STREET, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, November 12, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Public Works Department, in reply to your order of October 21, 1946, to increase the street lighting on Centre street, Ward 19, from Eliot street to Arborway.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
November 5, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works increase the street lighting on Centre street, Ward 19, from Eliot street to Arborway, and this will advise you that the lighting service of the Highway Division will have a survey made of this area with a view to improving conditions, providing same is necessary and conditions permit.

Very truly yours,
D. M. SULLIVAN,
Acting Commissioner of Public Works.

Placed on file.

WILLIAM H. RYAN BEQUEST.

The following was received:

City of Boston,
Office of the Mayor, November 5, 1946.
To the Honorable City Council.

Gentlemen,—Henry Hixon Meyer and the State Street Trust Company, trustees under the will of William H. Ryan, late of Brookline, Massachusetts, have presented to the City of Boston a draft in the amount of \$8,023.49, payable to "City of Boston to increase the principal of the Randridge Trust Fund" as the City of Boston's share in the charitable bequests of Mr. Ryan.

Mr. Ryan, until his death in 1940, was a resident in the neighboring town of Brookline. I am informed Mr. Ryan, at the time of his decease, was seventy-five years young, and during the major part of his latter years was totally blind.

William H. Ryan, despite his affliction, was a man of exceptional talent and of broad charitable impulses; particularly did he take a keen interest in providing for and bringing joy to the orphaned and underprivileged children as is evidenced by his gifts to the Home for Destitute Catholic Children, the Perkins Institute and Massachusetts School for the Blind, St. Mary's Infant Asylum and Lying-In Hospital and this most generous bequest for the benefit of the children of the poor in the City of Boston.

Under the terms of Mr. Ryan's will he has bequeathed to the City of Boston one-fifth interest in his residuary trust estate—"to increase the principal of the Randridge Trust Fund."

The Randridge Trust Fund was established by a bequest of \$50,000 left to the City of Boston by the late George L. Randridge in the year 1896 upon the following terms and conditions:

"That the fund be kept intact, and that the income be applied forever under the sole direction of the Mayor of the City for the time being for the sole purpose of affording to the children of the poor of the city of all religious denominations the pleasure of one or more excursions during the months of July and August in each year."

As Mayor of the City of Boston and in its name, I am very happy to present to your Honorable Body for your acceptance this charitable bequest of William H. Ryan. It is men of noble character like William H. Ryan, as evidenced by his life, his will and his gift to the City of Boston and other charitable institutions, who encourage us to have faith in our fellow men.

I respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, William H. Ryan, late of Brookline, Massachusetts, by his last will and testament provided as follows:

"(8) To Henry Hixon Meyer of Belmont in the County of Middlesex and said Commonwealth, and the State Street Trust Company all the rest, residue and remainder of my estate, whether real or personal, including all property over which I may be entitled to exercise any power of appointment, IN TRUST, however, to invest and reinvest the same and to apply the income therefrom and/or the principal thereof as they in their sole discretion shall deem best, to the maintenance, benefit, pleasure and/or support of my brother, James F. Ryan, of said Brookline during his life, and upon his death, after paying the expenses of his funeral and last illness, to convey, transfer and deliver the remaining portion of the principal of the trust estate, together with any income therefrom in their hands, if any, as follows:—One fifth to the Holy Ghost Hospital of Cambridge, Massachusetts; one fifth to Perkins Institution and Massachusetts School for the Blind; one fifth to Home for Destitute Catholic Children; one fifth to St. Mary's Infant Asylum and Lying-In Hospital; and one fifth to the City of Boston to increase the principal of the Randridge Trust Fund. Upon the decease of my brother James F. Ryan, if the said Delia Kelly shall then be living I give and devise to her my share and interest in the house and land on Garven's Falls Road, Concord, New Hampshire, together with all the furniture and other personal property therein contained"; and

Whereas, Henry Hixon Meyer and the State Street Trust Company, trustees under the will of William H. Ryan, as aforesaid, have presented to the City of Boston a draft in the amount of \$8,023.49, payable to the City of Boston, to increase the principal of the Randridge Trust Fund as the city's share in the charitable bequests of William H. Ryan; now, therefore, it is hereby

Ordered, That the bequest of William H. Ryan, late of Brookline, to the City of Boston, to increase the principal of the Randridge Trust Fund be, and the same hereby is, accepted by the City of Boston; and, it is hereby further

Ordered, That the City Treasurer be, and hereby is, authorized in the name and behalf of the City of Boston, to receive and receipt for the said draft in the amount of \$8,023.49, and such further sum or sums as may hereafter be paid on account of such bequest, and the City Treasurer is hereby directed to place the same to the credit of the principal of the City of Boston—the Randridge Trust Fund.

Referred to Executive Committee.

SALE OF LAND ON WEST BROADWAY, C AND ATHENS STREETS.

The following was received:

City of Boston,
Office of the Mayor, November 7, 1946.
To the Honorable City Council.

Gentlemen,—The City of Boston in 1921 through eminent domain proceedings took in fee for gymnasium purposes a certain parcel of land containing approximately fifteen thousand five hundred eighteen (15,518) square feet of land situated on West Broadway, C and Athens streets, in Ward 6, South Boston.

The city having acquired title to the property has never proceeded to erect a gymnasium thereon. At the present time a new gymnasium is being erected in Ward 6 as an addition to the Municipal Building situated on East Broadway between G and H streets.

The Board of Park Commissioners inform me that this parcel of undeveloped land is no longer needed for gymnasium purposes.

In my opinion, this parcel of land situated in a local business area is not suited for use as it is adapted for other park or playground purposes, and, it is my further opinion that this parcel of city-owned property undeveloped vacant and nontaxable should be sold and thereby accomplish the fourfold measure of the development of the neighboring business area; the increase of city revenues by receipt of the sale price; the restoration of such land together with improvements to be made thereon to the tax assessment rolls; and the means of providing increased employment and business opportunity and prosperity within the local district.

I recommend that this parcel of land be sold at public auction at an upset price of \$7,500, and your consideration and passage of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, The City of Boston owns in a fee a certain parcel of land containing approximately fifteen thousand five hundred eighteen (15,518) square feet of land situated on West Broadway, C and Athens streets, South Boston. The City of Boston acquired this parcel of land for gymnasium purposes through eminent domain proceedings by an order passed in Board of Street Commissioners November 16, 1921, approved by the Mayor of Boston November 17, 1921, and recorded with Suffolk Deeds, Book 4329, page 347. The deed in confirmation of said taking is dated December 31, 1941, and is recorded with Suffolk Deeds, Book 4436, page 309; and

Whereas, Said parcel of land is now in the custody, care and control of the Board of Park Commissioners of the City of Boston and said Board of Park Commissioners have declared that this land is no longer needed for gymnasium or other public purposes; now, therefore, it is hereby Ordered, That the Board of Park Commissioners of the City of Boston be, and they hereby are, authorized in the name and behalf of the City of Boston, to sell at public auction at an upset price of seven thousand five hundred (7,500) dollars the said parcel of land, hereinafter described; and, it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to execute and deliver to the purchaser at said public auction a written instrument satisfactory in form to the Law Department of the City of Boston conveying all the City of Boston's right, title and interest in and to said parcel of land, bounded and described as follows:

Southwesterly by the northeasterly sideline of West Broadway, one hundred six and 55-100 (106.55) feet; northwesterly by the southeasterly sideline of C street, one hundred forty-five and 45-100 (145.45) feet; northeasterly by the southwesterly sideline of Athens street, one hundred six and 74-100 (106.74) feet; southeasterly by land now or formerly of Daniel Nee and of Ersena Stanziani, by two measurements, sixty-five and 50-100 (65.50) feet and seventy-nine and 95-100 (79.95) feet, containing fifteen thousand five hundred eighteen (15,518) square feet of land, more or less.

Said parcel of land and all of said measurements are shown on a plan marked "City of Boston, West Broadway, C street and Athens street, South Boston, November 5, 1946, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original of said plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Massachusetts.

Referred to Committee on Public Lands.

SALE OF LAND AT CLEVELAND CIRCLE

The following was received:

City of Boston,
Office of the Mayor, November 12, 1946.
To the City Council.

Gentlemen,—I am in receipt of a communication from the chairman of the Park Commission in which he recommends the sale of a parcel of land at Cleveland Circle comprising 31,368 square feet.

Information presented to me indicates that this parcel of land is desirable for commercial purposes, and an interested party intends to construct a building thereon, to be used as a specialty store. Such construction will, of course, mean additional revenue to the city in the form of taxes and, incidentally, provide additional employment.

An offer to purchase the land in question, for double its assessed valuation has been received by the chairman of the Park Commission. I am in favor of the sale of this land for the sum offered, and respectfully request adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately thirty-one thousand three hundred sixty-eight (31,368) square feet situated on the southerly side of Chestnut Hill avenue at Cleveland Circle in the Brighton district; and

Whereas, The said parcel of land is now in the custody, care and control of the Board of Park Commissioners for playground purposes, and the Board of Park Commissioners have declared the said parcel of land is no longer required for playground purposes, now, therefore it is hereby

Ordered, That the Board of Park Commissioners of the City of Boston, be and they hereby are, authorized in the name and behalf of the City of Boston to sell at private sale to Samuel G. Fish of Boston at a price of thirty-one thousand three hundred sixty-eight dollars (\$31,368) the said parcel of land, hereinafter described, subject, however, to the exception and reservation hereinafter specified; and, it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the

name and behalf of the City of Boston to execute and deliver to Samuel G. Fish of Boston a written instrument satisfactory in form to the Law Department of the City of Boston conveying all the City of Boston's right, title and interest in and to said parcel of land, subject, however, to the exception and reservation in the City of Boston and in its licensee to lay, construct, maintain, operate, repair, and renew sewage works in and through said parcel of land in the location designated therefor on the plan hereinafter referred to. Said parcel of land is bounded and described as follows: Northeasterly by the southwesterly line of Chestnut Hill avenue, as shown on the plan hereinafter referred to, by two (2) measurements, fifteen and 51-100 (15.51) feet in a radius of fourteen and 68-100 (R = 14.68) feet, and one hundred ten and 12-100 (110.12) feet; southeasterly by land now or formerly of Allston Theatres, Inc., by two (2) measurements, one hundred twenty-five and 33-100 (125.33) feet, and one hundred eight-two and 17-100 (182.17) feet; southwesterly by other land now or formerly of the City of Boston, sixty-seven and 41-100 (67.41) feet; westerly by other land of the City of Boston, forty-six and 47-100 (46.47) feet; northwesterly by other land of the City of Boston, by two (2) measurements, one hundred forty-seven and 25-100 (147.26) feet, and one hundred fifteen and 41-100 (115.41) feet, containing thirty-one thousand three hundred sixty-eight (31,368) square feet of land, more or less. Said parcel of land and all of said measurements, together with the location of the right and easement for sewage works, excepted and reserved unto the City of Boston, and to its licensee, are shown on a plan marked "City of Boston, Chestnut Hill Avenue, Brighton, October 25, 1946, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original of said plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Massachusetts.

Referred to Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Esther Baum, for compensation for injuries caused by an alleged defect at 343 Washington street.

Charles H. Dolan, for compensation for damage to property at 21 Worley street, West Roxbury, due to rebuilding of Dwinell street.

Elizabeth Hebert, for compensation for injuries caused by an alleged defect in South street.

Ray C. Johnson, for compensation for damage to property at 1123 and 1125 Washington street, caused by water from street.

John G. Kuzirian, for compensation for damage to property at 164 Chestnut avenue, Jamaica Plain, caused by break in water main.

Eva J. Lannon, for compensation for injuries caused by an alleged defect in Rowe street.

Clifford A. Lara, to be reimbursed for loss of clothing while patient at City Hospital.

Fred Masucci, to be reimbursed as result of accident which occurred while in performance of duty.

Ralph L. Nichols, for wife, for compensation for injuries on Washington street, caused by being knocked down by boy being chased by police.

Arthur and Bella E. Rabinovitz, for compensation for damage to property by water from street.

Standard Drug, for compensation for damage to property at 1129 Washington street, caused by backing up of sewage.

Mrs. S. Yacubian, for compensation for damage to property at 3 Vermont street, caused by repaving of sidewalk.

John T. Rigney, for compensation for damage to car by truck of Public Works Department.

APPOINTMENT OF BENJAMIN SPINOZA.

Notice was received from the Mayor of appointment of Benjamin Spinoza of 138 St. James avenue, Boston, to be a member of the Board of Sinking Funds Commissioners, for term ending April 30, 1947, vice John E. Hannigan, resigned. Placed on file.

RESIGNATION OF JAMES L. BLUE.

Notice was received of resignation of James L. Blue as constable of City of Boston as of November 4, 1946. Placed on file.

FINANCE COMMISSION REPORT RE LITTLE BUILDING TAX ABATEMENT.

The following was received:

City of Boston,
Finance Commission, November 8, 1946.
The Honorable the City Council.

Gentlemen,—The Finance Commission has investigated the circumstances surrounding the

decision of the Board of Assessors to abate a large portion of the assessments levied against the owners of the Little Building at Boylston and Tremont streets.

There has been unusual public interest in this case. There has been criticism in the City Council of the decision to abate. This interest and criticism has stemmed from these principal causes:

1. The abatement was granted after new owners had taken possession of the property.

2. It was well known and amply recorded on the public record that the Pelham Trust, which had owned and operated the building for many years and had been dissatisfied with the assessors' taxable valuation of it, had been unable to obtain any decision on their applications for abatement in each of the past five years.

3. The decision to reduce the valuation to \$2,000,000 for 1946 assessment purposes was made within a few weeks after the assessors had increased the valuation from \$2,700,000 to \$3,000,000.

4. The reduction granted was a reversal in a single instance of the policy just previously enunciated in defense of the 1946 tax rate that because properties of the nature of the Little Building had been enjoying unusual earnings due to war conditions larger assessments should be levied.

5. It has been publicly stated that the reason for the abatement was that the assessors had learned that the property was sold for approximately one half the assessors' 1946 valuation. Nevertheless, it is the only known case where the assessors have taken recognition of the sale price and promptly reduced valuation because of a lower sale price.

6. Many owners, the valuation of whose properties was increased in 1946 as was the valuation of the Little Building, have been unable to obtain any similar consideration.

The Finance Commission has examined the chairman of the Board of Assessors, Mr. Peter J. Allen, in regard to the matter; it has also examined Mr. Bailey Aldrich who, as a trustee of the Pelham Trust—the former owner of the Little Building—attended to the sale of the property to the new owner. The testimony taken from these two speaks for itself in regard to all the details of sale and application for and grant of abatement.

In the testimony received by the Finance Commission, it appears that the Pelham Trust deeded the property to the new owners on August 1, 1946, and that the abatement of taxes for the years 1942, 1943, 1944 and 1945, and the reduction of the valuation for 1946 occurred on August 8, 1946.

The Commission has extracted the principal points of this testimony and submits them in brief form as the most satisfactory manner of making public record of this case.

From Mr. Peter J. Allen, Chairman of the Board of Assessors:

An assessed valuation of \$3,000,000—an increase of \$300,000 over the 1945 valuation of \$2,700,000—was placed on the Little Building in May of 1946. At that time there were on file applications for abatement for the years 1942, 1943, 1944 and 1945.

The only one eligible to apply for abatement is the owner of record as of January 1. In this case the settlement for abatement was made with a Mr. Slobodkin who was attorney for Mr. Bailey Aldrich who represented the Pelham Trust (owners of record). This Mr. Slobodkin came to Mr. Allen's office during the first week in August of 1946 and informed him that the property had been sold for \$1,525,000 to William J. McDonald & Goldfine, final passage of papers having taken place on August 1, 1946.

The Board of Assessors then settled the case on the basis of an assessment of \$2,000,000 for each of these years.

Effect.

The following table gives the picture of the action taken:

YEAR.	Previous Valuation.	New Valuation.	Reduction.
1942.....	\$2,200,000	\$2,000,000	\$200,000
1943.....	2,200,000	2,000,000	200,000
1944.....	2,200,000	2,000,000	200,000
1945.....	2,700,000	2,000,000	700,000
1946.....	3,000,000	2,000,000	-1,000,000
Total.....			\$2,300,000

This reduction, which applies to the building and not to the land, settled all applications for abatement, all of which had been filed by the same party, the Little Estate (known as the Pelham Trust).

Reasons for Reduction of Valuation.

The reasons given for this action by Mr. Allen were:

1. The sale price, \$1,525,000.
2. The case was marked for trial before the Appellate Tax Board.
3. Experience with the Appellate Tax Board showed that the Board does take sale price "strongly into consideration."
4. "City does not fare very well at the Appellate Tax Board."
5. That Board frequently arrives at a point half-way between the sale price and the assessed valuation in determining the true valuation.
6. Fear that the Appellate Tax Board might bring the value down to \$1,750,000 or \$1,800,000 and "might come down with the value for all years in question."

Adjacent Property.

All property in that district was raised in valuation but no requests for reduction have yet been brought to Mr. Allen's attention. The Colonial Building located next to the Little Building has been an applicant for abatement, but no action has been taken by the City in the case because it is not handy to trial at the Appellate Tax Board.

Law and Rules.

Mr. Allen said that the Appellate Tax Board had never ruled that the sale value of property was not the true criterion of value. When confronted with a case which was brought to the Supreme Court in which property was sold for much less than valuation, whereupon the Supreme Court ruled that such was not a true criterion, Mr. Allen replied, "We are not bound by the Supreme Court." He admitted that there was a right of appeal to the Supreme Court from decisions of the Appellate Tax Board.

Old Owners v. New Owners.

He does not believe that the sale price was dependent on a reduction in the valuation. He did not talk about this piece of property until after the sale had been made, so that there was no foreknowledge that there would be an abatement. He did not think there was any agreement between the Pelham Trust and McDonald & Goldfine in the matter of the 1946 taxes. The 1946 tax bill was assumed by Mr. Slobodkin for the Pelham Trust.

Board of Assessors.

This case was decided by the full Board of Assessors, not by the chairman. A majority decision is necessary, but in this case there was no difference of opinion. There was, moreover, no suggestion from any source that he should arrive at this decision.

Experts.

No expert was engaged in this case. The city did not know whom it could employ. Two experts usually used are presently sick and other aspiring experts are disqualified for lack of proper qualification. One of the city experts subsequently agreed that \$2,000,000 was a good settlement.

The Building.

The building has been fully occupied but has had very high expenses, "which we hope the new owners will cut down." Against a gross rental of \$300,000 in 1944 expenses totaled \$294,942, including taxes. He said that the estimated value filed by the Pelham Trust was \$1,300,000.

Asked how—faced with these figures—he could raise it \$300,000 in May, he answered that he had not gone over each application before raising. In explaining a raise of \$300,000 at one time and a reduction of \$1,000,000 soon afterward, he said that the over-all picture, "prompts us when we find that office buildings have raised rents."

From Mr. Bailey Aldrich:

Position in the Case.

Mr. Aldrich handled all the details with reference to the sale of the Little Building. This building was owned by the Pelham Trust of which Mr. Aldrich has been a trustee since 1940. His firm (Choate, Hall & Stewart) acted as counsel to the trustees in connection with the sale. They handled abatement petitions for 1942, 1943, 1944 and 1945. These were applications for abatement which were denied and were followed by petitions to the Appellate Tax Board each year. The full tax was paid in each case.

Negotiations to Purchase.

When the question of selling the building came up, the purchasers were undisclosed to him. They were represented by Hugh D. McLellan with whom he made an agreement for the purchase and sale of the building. This agreement was dated April 26, 1946. An attorney named Slobodkin came into the case later. Mr. Aldrich was told by Mr. Slobodkin that he was representing one principal, while Judge McLellan was representing another. To Mr. Aldrich's knowledge Mr. Slobodkin came into the picture some time after the agreement of sale had been entered into; Mr. Slobodkin told Mr. Aldrich that he was in the picture before the agreement of sale as an undisclosed attorney for an undisclosed principal. Mr. Aldrich states that Mr. Slobodkin was not in this picture in 1942, 1943, 1944, 1945.

Agreement to Purchase.

The agreement was executed by the three trustees of the Pelham Trust and by a Jeremiah S. Connors, an attorney, who represented to Mr. Aldrich that he was a "straw." In the discussion of the terms of sale with Judge McLellan the tax suits were discussed, and Mr. Aldrich proposed the two following choices with respect to the tax suits (pending for four years):

1. He could buy at a particular figure which would include the tax suits.
2. He could buy at \$50,000 less (Aldrich's estimate of the value of the suits) without including the tax suits.

Judge McLellan said that his client wanted to buy the tax suits. He was to pay \$1,525,000 and was to be given the building and the pending tax suits. The agreement does not allocate any particular amount for the tax suits. The date of agreement was April 26, and delivery was dated for August 1.

In the course of that period Mr. Slobodkin entered the picture and Judge McLellan dropped out. Thereafter, discussions on the agreement were with Mr. Slobodkin and Mr. Harry H. Ham (in the same office as Jeremiah Connors). Mr. Ham has been counsel for William J. McDonald for years. The interested parties were disclosed in the following order: Mr. McDonald, Mr. Slobodkin and, toward the end of this period, a Mr. Goldfine.

In answer to the question whether Mr. Slobodkin was also a purchaser of the building, Mr. Aldrich replied, "I have never known. So far, I will say it has never been made too clear to me just who was the purchaser." It was of no consequence to him, Mr. Aldrich stated, who the principals were.

Subsequent Events.

After the passing of the papers on August 1, Mr. Aldrich went on vacation, during which time Slobodkin called him several times to have him endorse checks from the City of Boston, and also to get from Mr. Aldrich's office the papers on the tax abatement petition. Mr. Slobodkin was told that he could have everything which was proper for him to have in accordance with the agreement.

About the 22d or 23d of August, Mr. Slobodkin appeared at the vacation place with two checks from the City of Boston and a letter from Jeremiah S. Connors, on the letterhead of Ham Ganz & Connors (Connors being the new record owner of the Little Building), authorizing the "trustees for the Pelham Trust to endorse said checks to Myer H. Slobodkin, my attorney." The checks, issued by the city for rebates of taxes assessed against the Little Building for 1942, 1943, 1944 and 1945 were:

1. Made payable to Joseph H. Gifford *et al.*, trustees for Pelham Trust in the amount of \$18,597.84.
2. Made payable to Amos R. Little *et al.*, trustees for Pelham Trust in the amount of \$39,305.31.

At the same time, Mr. Slobodkin also asked Mr. Aldrich to execute an application for abatement for 1946. That had not been done and Mr. Aldrich executed it for himself and the co-trustees at that time.

The 1946 Taxes.

In the matter of assuming any part of the 1946 taxes, the agreement in that connection reads:

"On the delivery date there shall be prorated and adjusted between the parties as of said date the current rents, the water rates, the taxes for the year 1946; but if the 1946 assessed value is greater than that for 1945, any excess tax due thereto is not to be apportioned."

The agreement having provided that the purchaser would pay all the taxes for 1946, Mr. Aldrich allowed him as a credit 7/12 of a tax based on the present rate and based on an assessment of \$2,700,000. That adjustment was made at that time (August 1). Mr. Aldrich was asked whether he had not thereby sold any right that he had to get back any part of the tax allowance for 1946; also, whether he profited or the Little Building Trustees profited in the abatement of the 1946 taxes. These questions involving matters of opinion he did not care to answer at the moment. However, he did call attention to the fact that earlier in the agreement there was a specific provision under which the trustees sold the building and claims for abatement of real estate taxes for 1942 to 1945, inclusive, adding that there was nothing said about selling any claim for abatement in that paragraph for 1946.

At the time Mr. Aldrich supposed that the purchasers would file a petition for abatement and the customary subsequent procedure would take place. He never gave any thought to the possibility of the tax being reduced before it had to be paid.

Other Negotiators for Purchase.

There were many other negotiators for purchase. A great many people represented to Mr. Aldrich that an abatement could be obtained; who they were he did not recall.

Appellate Tax Board.

His case (appeals to the Appellate Tax Board on the 1942, 1943, 1944 and 1945 assessments) was reached for purposes of pre-trial on two occasions; on one occasion, he was notified that the case had been postponed; on the other occa-

sion, he was not notified of postponement but when he went to the Appellate Tax Board to pre-trial the case, was told that somebody was ill, and, if it would be continued, they would let him know. He never heard anything from the Appellate Tax Board after that. This took place long before purchase negotiations.

Negotiations with the City.

He had no direct negotiations with the city, but he was informed by a representative of a prospective purchaser that "his people had been to City Hall, discussed what could be done and came back reporting that nothing could be done." Therefore, they were not interested in buying it.

There were attorneys who represented that an abatement could be had. There was one specific offer in which a gentleman stated how much the abatement would be, and how much it would cost. This proposition, however, was not made to Mr. Aldrich directly, but to an employee who is now in Arizona. Mr. Aldrich said he was not interested in a deal of that sort. Discussing the matter with other lawyers, he said there was a division of opinion on whether such a thing could be done. Mr. Aldrich and his firm made no attempt to sit down with the city and get any reduction.

Mr. Aldrich was never consulted or informed as to any progress being made in the prosecution of abatement proceedings, except that after the sale he was asked to have a withdrawal entered on behalf of his firm. Furthermore, he had no negotiations with any city official.

Because matters connected with this case are now in litigation, the Finance Commission offers at this time the above information without further comment.

Respectfully submitted,
EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
The Finance Commission.

ROBERT E. CUNIFF,
Secretary.

Placed on file.

INCREASED STAFF AND BETTER CONDITIONS FOR ELECTION WORKERS.

Coun. LANE, HANNON, BAYLEY and MADDEN offered the following:

Ordered, That his Honor the Mayor be requested to direct the Board of Election Commissioners to establish a procedure whereby in all future elections involving the election of Governor or President, two staffs of election workers be engaged to man the polls in all precincts where voting machines are not in use; one staff to work during the time the polls are open, and the other staff to work after the close of the polls and until all ballots are counted and ballot boxes sealed for delivery to Election Department; and be it further

Ordered, That satisfactory toilet facilities be provided at all precincts, and that the Board of Election Commissioners contract with a competent caterer for meals to precinct workers.

Coun. LANE—Mr. President, we all observed considerable publicity in our local papers within the last few days bringing to our attention the fact that 54 election officials were summoned to appear at a special hearing before the Board of Election Commissioners to show cause why they should not be discharged from their duties hereafter as precinct workers because of the alleged fact that they failed to perform the duties for which they had previously taken a solemn oath. In Precinct 18 of my own Ward 21, six workers, all females, worked from the opening of the polls at eight o'clock on Tuesday morning and, without any nature or semblance of relief, continued to work until nine o'clock the following morning. They put in 25 consecutive hours. They had no food or nourishment until nine o'clock that night, when I sent out to Cleveland Circle for food for them. The same situation prevailed in three other precincts where I sent out for food for the workers. We all know in recent years, with the interest the people are taking in elections and the number of candidates seeking public office, that the voting has been heavier than ever in the history of the city. I feel that these workers, 54 in number, a great many of whom were from my ward, the majority of whom were from Ward 5, Councilor Bayley's ward, were all unfairly reprimanded and charged with neglect of duty; I feel the Election Commissioners—only two of them sat at the hearing, Commissioners Prout and Manning—censured them quite severely. If they had only taken into account the laborious work these persons had done over the long term of 24 or more hours, they would have been somewhat more sympathetic. But they concluded the meeting by announcing to the press that those 54 workers were discharged and never again could be employed as election workers. I believe that is entirely unfair. I hope and urge and call upon his Honor the Mayor to reconsider the decision publicly made by his Election Commissioners. As for the food, I feel that certainly a competent caterer in each district should be employed to bring in food to these workers. They have no means of securing food. I certainly feel it would be much to their physical advantage if it were done. Now election workers, the warden and clerk, receive the sum of \$13, whereas the four

inspectors in each precinct receive \$11. In my own home precinct where they worked 25 solid hours faithfully and enthusiastically, they were paid, these inspectors, at the rate of 44 cents an hour for 25 hours, whereas the warden and clerk, based on a rate of \$13, were paid at the rate of 52 cents. I feel Councilor Bayley also will speak on this motion. I do hope the order will pass.

Coun. BAYLEY—Mr. President, I agree with the distinguished councilor from Ward 21 (Councilor Lane). I think that the election showed, and the troubles with the count that took place in the city and in my ward, the absolute necessity for having voting machines all over Boston by the presidential election in 1948. I understand there was some trouble with certain voting machines, due perhaps to insufficient voting machines in those precincts, or the extra long referendum. But after what happened in my ward and all over the city, it is certainly important we have voting machines put in as soon as possible, and certainly not later than two years hence. I wish to say a word in defence of the election officials. Some of them, as Councilor Lane pointed out, worked 24 to 30 hours. They were on the job at eight in the morning until eight at night. After the polls closed, they had to count the votes. In my ward the voting was extremely heavy. We led the city in supplemental registration. We had 17,500 people on the voting list, 85 per cent of whom voted. In one of my precincts 772 out of 880 voted, only a few failing to vote. A great many ballots were to be counted. It is unfair to expect the election officials to be fully primed for the job after 24 hours' ceaseless work, 12 hours while the voting is going on and 14 or 16 hours counting afterwards. In many cases, people had nothing to eat during the period from eight o'clock on. In my case, we did see they did have something substantial around eleven o'clock. However, in one or two voting places there were no toilet facilities for the election officials, who were without them for some 12 hours. Three or four were taken sick. One person had to go home in a taxi-cab before she could finish her job. She was sick at that time. Two years ago there were two additional checkers put in to help add the count. I think that should have been done this year. Two fresh people whose job it would be to add and tally the votes would be of great help. I hope that Councilor Lane's motion and mine pass, so that we may have a new fresh crew. One group can work during the day from eight to eight, and the others can add. There was some criticism in the paper regarding conditions in my ward. I think the criticisms were overdrawn. Things went wrong in two or three cases, due to green clerks who did not fully understand their job. In one case a clerk had just turned the job over and had not apparently read the book of instructions. The result was that, while the ballots were counted through by the inspectors, who did an excellent job, and the information put on the tally sheets, the sheets were not added. In some cases the clerk did not transfer the figures on the book given to the Election Department. In two of the precincts the election officials, the four inspectors, did everything they could. They counted the ballots and put it on the tally sheets. It became the job of the clerks to add the blocks on the central tally sheet and transfer it to the books. In some cases they did not add the tally sheets. The clerks did not copy from the tally sheets to the book. I understand one clerk thought the Election Department was supposed to do that, that if he sent the tally sheets with the books it would be done at City Hall; not realizing the tally sheets would be locked up and sealed, he did not copy that into the books. When people are tired it is hard to follow the instructions. In that case I believe the clerk did what she thought was right. She thought it would be taken care of here. Everyone was on the job until the police left with the ballot boxes for City Hall. The four inspectors did their job thoroughly. They had done all they were supposed to do. They were through when they put their tallies down officially. It became a job for the clerk to add them and put them in the book. After 30 hours, the last 14 hours without food and occasionally without toilet facilities, it becomes quite difficult to add figures, 700 or 800. I would not like to do that, go 30 hours without sleep and add figures. It is too bad they could not have adding machines to tabulate. I do not think all of these officials should be fired. In one case, one of my constituents, for whom I have the greatest respect, stayed on the job until ten o'clock in the morning. She was put out when the organ rehearsal started. The officials left when they thought their job was done, and all that remained was to put down the figures, to tabulate and add them. At that time they were so tired the first two people supposed to add could not add, after being on the job 26 hours. I think the election officials should be instructed more than they have been. In some cases they are supposed to go to an instruction school. It sometimes happens they are not able to get the instructions. They get a gray book which instructs them on what to do. It does not contain all the information they need. It is hard to follow it when you are tired. So, Mr. President, I hope the Mayor will reconsider the firing of these officials. In one other case in my ward a woman stayed on the job until half-past ten the next morning. In every case the ballots

were brought down here in the custody of the policemen. In every case I found the officials thought they had done their job. If they had not, it was because they were tired and did not lack capacity to follow the instructions in the book. I think we need voting machines two years hence to make sure it does not happen again or, in the alternative, we may have counters to go in at eight o'clock and do counting and difficult tabulation of the votes. I hope the Council will pass the order under suspension of the rule.

Coun. SCANNELL—Mr. President, I want to concur in my remarks with the ideas expressed by the gentleman from Ward 21 (Councilor Lane) and Ward 5 (Councilor Bayley) in regard to the firing of some of the election workers. If you are going to do any firing, start in the Election Department itself. They have a nitwit who is an Election Commissioner. He does nothing but say, "Fire this one and fire that one." I am mentioning the new man. I do not know what he is over there. There is a man by the name of Commissioner Manning. Recently this man was supposed to be the head of the Registry of Births and Deaths. Immediately when he was appointed temporary Election Commissioner, he moved his carcass down there and ran the Registry of Marriages, Births and Deaths from the Election Department. He is also trying to run the Election Department. I dare say if you ask the man about the election laws in the city he does not know anything about them. We want men who are responsible in a department, to be responsible for each one of those election officials. I do not blame those people who walked out of the election polling booths. They were told to come in and count their ballots and keep their job, or they would be fired. After these good people came in and counted them and completed their job, they were told they were fired. In my opinion, such a person is a nitwit and should not be the head of a department or a commissioner in any department. It is about time we woke up and got an Election Department that will run smoothly. If it does not, let us find out about it. Let us have a hearing and call in the election officials who were supposed to be fired. Let us bring them in and see what we can do about the nitwit who is supposed to be an Election Commissioner in this city. It is about time the members of this Body got onto themselves and found out what is running things, and who is running them in these departments in this city. I think, for instance, the Election Department is not being run the way it should be. Let us put in there men who are competent to run the department. Then we will not get subordinates working in these departments making these mistakes.

Coun. MADDEN—Mr. President, I wish to concur with the distinguished gentlemen from Wards 21, 5 and 6. I cannot bring myself to concur in the opinion that the trouble last Tuesday and Wednesday was the fault of the election workers. It seems to me it is about time that the Election Department or perhaps we ourselves should be a little more humane in such places. I would like to amend this order to have it go into effect not two years hence, but next year. We have an election next year. We probably will have a great many people running for the School Committee and for other offices. In years gone by, as in this year, the precinct workers stayed around until the early hours of the morning. There is no excuse in my opinion for the Election Department holding elections in any building where there are not proper toilet facilities. Nor is there any excuse, in my opinion, for a city which can give millions of dollars to contractors to go through the motions of picking up ashes but cannot give a cup of coffee or a sandwich to the people who toil honestly all day long. I heartily concur with Jim Bayley on the suggestion it is high time each precinct had voting machines. Whether we have voting machines or not, I think every single precinct should have toilet facilities. The Election Commissioners should certainly see to it that those who work in precincts have something to eat. I think it is entirely unfair to ask people to man the precinct from eight o'clock in the morning until eight o'clock the next morning. Certainly there are enough public-spirited people in the city who would be glad to go to work at the polls. I think it would give us probably a more accurate and faster tally if we had fresh precinct workers going on the moment the polls closed. Perhaps we could recruit some employees from the Election Department.

Coun. RUSSO—Mr. President, talking on the order, I wish to bring to the attention of the Election Commissioners in so far as the new voting machines are concerned, it is fair to say that the machines have worked very well in the majority of cases. However, they are not so good in other cases. I feel that the trouble has been they have placed insufficient machines in voting places. I hope it is realized, especially in my district, the voters are all working people. They do not come to vote until after half-past five or six o'clock. Between six and eight o'clock, you will find a line of 200 or more people waiting. I found that was because of the fact they did not have sufficient voting machines in those precincts. Also, another trouble we have had on this election is that we had more referendum on the ballot than we have ever had before. One was lengthy. I dare say 99 per cent of the people of the City of Boston did not read that referendum. It took quite some time for anyone to read it and digest it, and vote intelligently. I therefore hope

Mr. President, that the Legislature may see fit in future referenda to try to condense them to a few words, in order to make it understandable to every voter of our city. There should not have to be so much time taken to read a referendum and then cast a vote one way or the other. I can sympathize with the workers at the polls. Certainly, I know in my district there have been times when they have worked until five or six o'clock in the morning. It is very hard for any department to expect an individual, regardless of how faithful he or she may be, to work all those hours without due compensation. I do not feel they are being paid sufficiently for the amount of time they put in. However, in the case of machines I believe it is fair to say that within half an hour to three-quarters of an hour after the election booths have been closed the tally can be taken. I am in accord with the other councilors who want to see if they can have the decision rescinded and give some credit to these poll workers who have put in so many hours. I realize also there should be proper facilities for the workers so that they may not be compelled to leave the place where they are working. I therefore hope the order will pass.

Coun. SCANNELL—Mr. President, I would like to have that order referred to a committee. I would like to have Councilor Lane's order referred to a committee so that there can be a hearing in the near future. We can call in these election officials who were discharged and find out just what was wrong in the counting of the ballots.

President KELLY—Do you make that motion?

Coun. SCANNELL—I make the motion.

President KELLY—What committee?

Coun. SCANNELL—The Committee on Public Safety.

Coun. MADDEN—Mr. President, talking on the motion, I think I made a motion prior to that to amend the order to see that Election Commissioners be instructed to make sure there are proper toilet facilities in each precinct, and, secondly, that they take some steps to have a caterer take care of the precinct workers in those precincts where we have no machines. We should have two shifts of workers, the second shift of workers to go on at eight o'clock.

President KELLY—Would you make that a separate, special motion?

Coun. MADDEN—Yes, sir.

President KELLY—Everything is taken care of in this order but the toilet facilities. We can add that to the order.

Coun. MADDEN—I would like to do that.

President KELLY—Sanitary facilities.

Coun. LANE—Mr. President, talking on the motion, before concluding debate on this order which apparently has been well received by all the councilors, through you, Mr. President, I wish to extend to each councilor the privilege and the right of joining in the collaboration with me on this order so that they can all be on record.

Coun. BRYAN—Mr. President, I want to join with the other councilors in this fine order. In my ward we have four precincts that have no water facilities, no toilet facilities, or any facilities at all. They are portables. The people who work late at night have no facilities. I had occasion to be around the polls all day and night until eight o'clock in the morning. I want to say here if I were a candidate for office, and on the losing end, I certainly would have asked for a recount. Those people who were there did a fine job. Many were new. Many were tired. Some of them were half asleep. It is a shame these people have to work for such a small amount of money for 24 or 26 hours, without any facilities, and without anything to eat. I think they have done a fine job under the circumstances. But I think this fine order should go through with the amendment of the councilor and be put into effect for next year.

The order was referred to the Committee on Public Safety.

LOAN OF \$10,000,000 FOR VETERANS' HOUSING.

Coun. LINEHAN—I move, Mr. President, that No. 1 be taken from the table. After we have a vote on it, Mr. President, may I have these two orders pertaining to the same subject matter on housing considered?

President KELLY—Do you want to present the two orders first?

Coun. LINEHAN—All right, Mr. President.

VETERANS' HOUSING.

Coun. LINEHAN offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draw up legislation to amend chapter 372 of the Acts of 1916 in the coming 1917 session of the General Court so that it will provide for the following amendments:

Amend section 6 of chapter 372 of the Acts of 1916 so that: (1) Veterans and their families shall be given preference as purchasers of homes constructed by the City of Boston under said chapter 372 whenever said homes are to be sold by the City of Boston; (2) Cities and towns may sell the houses constructed under chapter 372, before the expiration of the housing emergency as described in said chapter 372 of the Acts of 1916, after they are constructed to veterans and their families.

and the proceeds of said sales may be used for the construction of more houses or homes under chapter 372 during the period of the housing emergency as defined under chapter 372 of the Acts of 1946.

Coun. LINEHAN also offered the following:

Whereas, It is anticipated that his Honor the Mayor shall approve the City Council loan order for ten million dollars for the construction of one- and two-family homes under chapter 372 of the Acts of 1946; therefore, it is

Ordered, That his Honor the Mayor request the Boston Housing Authority to consider the following recommendations in regard to the building of one- and two-family homes under said loan orders:

1. Have a large enough lot assigned for the construction of each house so that there will be enough land for the construction of a garage and also sufficient land for a yard which shall be used as a play area for the children in each house.

2. Cellars should be provided for every house.

3. In large developments, plans should be made for the laying out of a playground large enough to provide proper community recreational facilities for the children.

4. There should be as many reasonably-sized sites as possible selected throughout the different sections of Boston so that the whole city may benefit from the construction of said one- and two-family houses instead of only one or two large sites.

5. There should be more two-family houses constructed than one-family houses in order that more veterans and their families may be provided for, and also make it possible for a veteran purchaser of a home to receive some assistance in the financing of the payment of the house from the rents received from the second apartment.

6. Request reputable contractors to furnish an estimate of costs and perhaps construct on future sites samples of homes, preferably five- to six-room apartments of the one- and two-family types. It is suggested that open competitive bidding be held on all construction jobs.

7. A survey of all veteran applicants for housing with the Boston Housing Authority should be made to ascertain the number that might purchase said one- or two-family houses; those that will rent; type of home preferred, as to number of rooms, one- or two-family types; location preferred, and any other pertinent information desired before the actual construction of houses.

8. Wherever possible, construct the houses on land now owned by the City of Boston, so that there will be no high cost land to be considered in the final costs of the houses.

9. Have early meetings of architects, contractors, real estate experts, members of the Planning Board, representatives of labor, veterans' organizations and any City of Boston engineering experts to discuss ways and means to construct the houses as quickly as possible at the most economical costs.

The orders were severally passed under suspension of the rule.

LOAN OF \$10,000,000 FOR VETERANS' HOUSING.

No. 1 on the calendar was as follows:

1. Order for loan of \$10,000,000 for housing for veterans.

On October 28, 1946, the said order was read once and passed—yeas twenty-one, nays none.

The question came on giving the order its second reading and passage. The order was given its second reading and passage, yeas 21, nays 0:

Yeas—Councillors Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, Moriarty, Muchnick, Russo, Scannell, Sullivan—21.

Nays—0.

CONSULTATION WITH FINANCE COMMISSION RE LARGE TAX ABATEMENTS.

Coun. CHASE and BAYLEY offered the following:

Ordered, That the Boston Board of Assessors be requested, through his Honor the Mayor, to consult with the Boston Finance Commission before giving any future large tax abatements.

Coun. CHASE—Mr. President, I think it has been pretty well publicized, not so long ago, the city assessors gave \$1,000,000 abatement in taxes that for some unknown reason the city assessors saw fit to give preference to the owners of the Little Building as against all other large taxpayers in the City of Boston. To my mind, Mr.

President—

Coun. COOK—Mr. President.

Coun. CHASE—This whole matter stinks.

Coun. COOK—Mr. President, a point of order. It seems to me that the City Council has no jurisdiction or power to pass such an order.

President KELLY—The Chair will rule the order is in order. It is merely a request asking the Board of Assessors to consult with the Boston Finance Commission.

Coun. COOK—Mr. President, if I may ask a point of order, it seems to me the Finance Commission has to accept such an order, also.

President KELLY—The order is in order. It is just a request that the Board of Assessors do something. They do not have to do it. It is a request that they consult with the Boston Finance Commission.

Coun. COOK—Doesn't our charter prevent us from interfering with contracts and different administrative functions of the department heads?

President KELLY—It is just as much in order as the election order we just passed, which was referred to the Committee on Public Safety.

Coun. COOK—Mr. President, I would like to read from the city charter, under the Finance Commission, section 18.

It shall be the duty of the Finance Commission, from time to time, to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the City of Boston or the County of Suffolk or any department thereof.

It seems to me that does not include abatements. It happens to be a quasi-judicial function taken up by the Tax Appellate Board and the Supreme Court.

President KELLY—Well, this is merely an order requesting the Board of Assessors to do something. If they feel it is beyond their jurisdiction, they do not have to do it. It is just a request.

Coun. COOK—Well, certainly such requests should be out of order if they are ridiculous.

Coun. CHASE—Mr. President, it would seem to me that in view of the fact his Honor the Mayor saw fit, in the beginning of the year, to increase the assessed valuation on all downtown properties by millions of dollars, and gave as his reason that heretofore the very same properties were underassessed, that when subsequently a month or two later he grants a million-dollar abatement, giving preference to the proprietors of the Little Building, then most certainly something is wrong. I say to you, Mr. President, in my opinion, it is a rotten mess. Furthermore, I say possibly it is only the beginning of a bigger tax abatement racket in this city. I wonder what lawyers in this city propose to get wealthy at the cost of the taxpayers in securing large tax abatements. I wonder if his Honor the Mayor and the Board of Assessors are granting these tax abatements because they honestly feel that these properties are overassessed, or if there are other things involved that cause their opinions to be such as they are. Mr. President, not so long ago his Honor the Mayor was pressed by members of the Boston newspapers asking him for the reasons why this tax abatement was given. I read from the *Boston Herald* of last September.

"Mayor Curley yesterday explained that the \$1,000,000 reduction in the \$3,000,000 assessment of the Little Building saved the city money and in reality was not a straight reduction of \$1,000,000, but a reduction of \$200,000 for each of five years from 1941 to 1945."

"The Mayor said that an appeal for reduction in the assessment of the Little Building for each of five years, from 1941 to 1945, was before the State Appellate Board. 'We took \$200,000, off the assessed valuation for each of the five years on condition that the owners withdraw their appeal and pay all outstanding taxes. There was a possibility that the State Board might award the owners a \$400,000 reduction in assessments and the city suffer a decided loss in taxes.'"

Inasmuch as his Honor the Mayor gave to the members of the Boston press the explanation that the Board of Assessors gave a \$1,000,000 abatement at the rate of \$200,000 for each year, his Honor the Mayor, the chief executive of the city, is supposed to know what is going on. Either he does not know what is going on or he is deliberately misinforming the press. This Boston Finance Commission after due inquiry on this matter has found there has been an abatement of \$2,300,000 running back from 1946 to 1942. In 1942, there was an abatement of \$200,000. In 1943, an abatement of \$200,000. In 1944, an abatement of \$200,000. In 1945, an abatement of \$700,000, and for the year 1946, there was an abatement of \$1,000,000, a grand total of \$2,300,000. Yet his Honor the Mayor tried to misinform the public, that the entire amount was only \$1,000,000. Now, Mr. President, it would seem to me after such an explanation, in view of the tremendous increases in the assessed valuations of the large business blocks downtown, that his Honor the Mayor and the Boston Board of Assessors need the help and guidance of the Boston Finance Commission. I say this, having in mind that his Honor the Mayor has seen fit to give this tremendous abatement. He has seen fit to give an abatement of \$100,000 on a parcel of property down there on Gainsborough street. Nobody knows how many more abatements have been given which have not been called to our attention. Has his Honor the Mayor caused the increase of millions of dollars in downtown Boston assessments this year with a view of allowing some of the attorneys in Boston who are friendly with his administration the right of acting as counsel in securing abatements? Are we going to be faced in the year 1946 with one of the biggest tax abatement rackets ever held in Boston? Is that why you have millions of dollars of assessed valuations this year over last year? Mr. President, something should be done on this matter. I do not think the Boston Board of Assessors in view of this report are competent. I do not think that Mr. Allen, the chairman of the Board, has enough experience in real estate to know what it is all about. I do not think the gentleman is qualified, sir, to act as chairman of the Boston Board of Assessors. I think he and the other members of the board need the help and guidance of the Boston Finance Commission. I think the members

of the public, the taxpayers, are entitled to have men who understand real estate and men who will not bend their knee to someone because he is friendly with the chief executive. I think, sir, of all the avenues for graft and corruption which are possible in this municipality, the Boston Board of Assessors, with the aid and connivance of his Honor the Mayor, is the one that is most open, and that millions of dollars are made in the course of the year through this avenue. I think the time has come when favorite lawyers should be cut down. The time has come when the taxpayers in general should be protected. Every time we have a large abatement the other taxpayers are called on indirectly to make up for that abatement. There is no rhyme or reason why abatements such as your Little Building abatement should have been given. Because of that tremendous abatement, sir, I sincerely hope that this order will pass. I have grave doubts if his Honor the Mayor will go so far as to request the Board of Assessors to consult with the Finance Commission. But it is something that should be done because the Board of Assessors are incompetent.

Coun. COOK—Mr. President.

President KELLY—Talking on the order.

Coun. COOK—Well, it is embarrassing as an attorney to answer charges that certain attorneys are being racketeers. I am amazed that an attorney should bring up this subject. Certain lawyers do certain law work, and do it better than others, and get more of that kind of business. The order itself to me is ridiculous because if we want to get someone in to consult about abatements, we should refer ourselves to the Supreme Judicial Court. They are the last word. No matter what the Finance Commission said, they could be overruled by the Tax Appellate Board and in turn by the Supreme Court. It is amazing to me that one abatement out of many abatements that have gone through in the many years past should be brought up at this time. I do not see why we should perennially and weekly get requests to turn over the business of the city to the Boston Finance Commission. I am trying to point out to you, Mr. President, that under our charter we should not even have this order here. In looking through the charter I came across section 8. It says:

"Neither the City Council nor any member or committee, officer or employee thereof, shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts."

I am skipping the irrelevant sections.

"nor take part in the conduct of the executive or administrative business of the city or county."

The councilor who has just spoken is a member of the Legislature. If he feels the Council should act as the guardian of all things pertaining to city business, he knows the way to do it is by an act of the Legislature changing the charter, giving us that power. We would be with him on that. At this time and every week to bring up the same subject, usually with a resolution or recommendation, to throw ourselves at the mercy and the wisdom of the Boston Finance Commission is getting sickening to me, to say the least. Lawyers handle abatements. It happens to be a legal business. Certain lawyers are better than others. That does not mean they are racketeers. It is done in the tax business. It is done in abatements. It seems to me that if the city felt an abatement was not properly and reasonably made, it would not be long before they would hear from either the court or the Appellate Board. To have us go on record whining and crawling at the doors of the Boston Finance Commission again and again is to say to all of us we may as well turn our administration and conduct of business over to the Finance Commission. I do not think we have to. I think that the councilor can use his wisdom and his oratory to better advantage in the Legislature and give us an act which will be a benefit to all of us. The Legislature now seems to be stacked the way he wants. They ought to be able to put it through.

Coun. MUCHNICK—Mr. President, I think something ought to be straightened out at the outset. In the first place, it is pretty well known around the town that the Mayor and I are not the best of friends. I have no particular desire to defend him or his administration. I do not happen to know Mr. Allen particularly well. Some of the members of the Board of Assessors I do not believe I have ever seen. This is not an attempt to defend them. It is an attempt to clear up the issues and withdraw as many red herrings as there may be around. I think we can all agree on many facts when we start out. We can agree that tax abatements as such are not necessarily bad nor are they scandalous or racketeering. Some abatements may be, but merely because some may be in this city or any other city does not mean that tax abatements in and of themselves are bad as a class. I think we can also agree that where value is a matter of opinion, nothing more than a guess based on some fact, the field men who do the accounting and make the actual assessing cannot always be right. Their opinion may be high or low, as the case may be. Because of that, I think we can recognize a third fact, that tax abatement applications were provided for just that purpose. The law provides for such errors because those errors could occur. Those errors were to be taken care of either by way of settlement or by way of appeal to the Appellate Tax Board. There is

absolutely nothing unusual about this particular case. Appeals were taken from 1942 on. They were filed with the Appellate Tax Board. The Appellate Tax Board has been running three and four years behind in its cases. This one becomes of interest at this moment because it was reached just about this time for trial before the Appellate Tax Board. It is good law, it is good business, and it is good common sense to compromise a case before trial if you can reach a just or favorable compromise. That was what was done in this instance. Much ado has been made about the fact it was the new owners who received this compromise. But one fact which stands out, at least to me, and about which nothing has been said, either by the Finance Commission or by anybody else, is the fact that it was the previous owners who filed for 1942, 1943, 1944 and 1945. It was the previous owners who pressed their claim that the valuation of \$2,000,000 for those years was excessive. If I may become a little bit personal for the moment, Bailey Aldrich who was one of the trustees and counsel for the previous owners, happens to be a friend and classmate of mine at college and at law school. I know him pretty well. He is one of the most honorable men in this city. If it were not his honest opinion that the property was overvalued, Bailey Aldrich would never file an application for abatement. He never would have filed an application for abatement if in his opinion it was a matter of 1 per cent, 2 per cent or 3 per cent. The amount of the abatement here is roughly 10 per cent for those years. If Bailey Aldrich was willing to make application and press his appeal before the Appellate Tax Board for those particular years, then I, for one, am convinced that a 10 per cent reduction is fair. As for taking this or any other matter over to the Boston Finance Commission, I agree wholeheartedly with the councilor from Ward 12 (Councilor Cook), we might just as well abdicate and turn our powers over to them. In this particular connection it might be noted that all that the Finance Commission is doing here is merely reporting what it has found. The Finance Commission has no comments to make here concerning rackets or anything else. They make no comment one way or the other. It seems to me that in all the facts that have been turned over to us, at least to date on this particular transaction, we should talk a little bit less about rackets.

Coun. BAYLEY—Mr. President, I would like the opportunity to answer the distinguished councilor.

Coun. MUCHNICK—I would like the opportunity of being answered.

Coun. BAYLEY—It has been said we should not go to the Finance Commission to find out the true facts connected with the abatement. Must I remind the members of the Council that we offered an order asking for the full Board of Assessors to appear before us? That order was passed in late September asking for the Board of Assessors to appear before the Council and explain why the abatement was given. It was passed unanimously by the Council. The *Boston Herald* on October 1 says "Assessors Snub Council in Tax Row." With the result that no member of the Board of Assessors or Mr. Allen appeared to answer questions which we, as city officials, had a right to ask. Now, Mr. President, we had an order introduced by Councilor Chase and myself asking the Finance Commission to investigate it. It was sent to the Committee on Rules. If we lack the power and cannot get the officials concerned to answer questions, how may we arrive at the true facts in such a case as this? If the assessors will not come up and answer us, I think it is perfectly fair for the Finance Commission to summons them. Apparently Mr. Allen appeared before them. He thumbed his nose at us and failed to appear, when we asked him to appear here. He was notified by letter and telephone to appear, and did not do so. So I say if we cannot have it in our power to meet him here, then the Finance Commission is the proper body to investigate that matter. I want to answer the distinguished councilor from Ward 14 (Coun. Muchnick) on certain points he has mentioned. He said we cannot examine this particular reduction, one particular reduction, by itself, but we should examine a case when one is given and all surrounding property is not given a similar reduction. Yet, on page 2 of the Finance Commission's report the conclusion is reached that "many owners, the valuation of whose properties was increased in 1946, as was the valuation of the Little Building, have been unable to obtain any similar consideration." In the report from the Finance Commission it is stated that Mr. Aldrich did not expect to receive any abatement. He had applied for it for the past five years, but had not been successful in getting it. "At the time Mr. Aldrich supposed that the purchasers would file a petition for abatement and the customary subsequent procedure would take place. He never gave any thought to the possibility of the tax being reduced before it had to be paid." The report goes on to state: "There were many other negotiators for purchase. A great many people represented to Mr. Aldrich that an abatement could be obtained; who they were he did not recall." Near the bottom of page 10, please note: "There were attorneys, who represented that an abatement could be had. There was one specific offer in which a gentleman stated how much the abatement would be, and how much it would cost. This proposition, however, was not

made to Mr. Aldrich directly, but to an employee who is now in Arizona."

Answering another point raised by the councilor from Ward 14 (Councilor Muchnick) that no conclusions are specifically raised in the report, it is stated on page 11: "Because matters connected with this case are now in litigation, the Finance Commission offers at this time the above information without further comment."

This is a matter that concerns all of us. If special abatements are to be given to one person or group of persons and no other abatements given in that section, it would seem that person or group of persons is getting special treatment. If this is going to be done on a large scale, the total valuation of Boston must be considered. It will affect the tax rate. The tax rate will go up if many abatements are given. If the tax rate goes up, your constituents, the home owners who own a little home, the little man who is barely paying his taxes, will have to pay that increase in the tax rate. We are directly concerned, gentlemen; everybody is concerned with the rise in the tax rate. If a great many large scale abatements are to be given without rhyme or reason or justification, simply because they are going to be reached on the Calendar, all our constituents will suffer. They will pay more in taxes than before. If it is true that this abatement was deserved and the property valuation dropped from \$3,000,000 to \$2,000,000, and yet some new persons took it over, if it dropped in the space of three months, then all the rest of the property, the Colonial Building, for example, is overvalued. All that property will come down. If we continue to drop all property values, think of the cost on the poor taxpayers with small homes. I think we have a right to call on the Finance Commission to look into the matter. When the Board of Assessors refuses to appear before us to give a satisfactory answer, the Finance Commission should look into the matter. Before any special abatements are given, they have a right to know the reasons for it and the grounds behind it. If they think any special favoritism is taking place which will endanger the rights and privileges and tax-paying abilities of the City of Boston, they have a right to say how they feel on it and, if possible, request that abatement not be given. I hope that this order will pass.

Coun. FISH—Mr. President, talking on the order, I wonder if the previous councilor will state any instance he knows where they have been refused an abatement, the same privilege as this one, the other surrounding buildings.

Coun. BAYLEY—According to the report of the Finance Commission, I understand the owners of the Colonial Building and the Walker Building.

Coun. FISH—It states here on page 4 of the Finance Commission's report: "The Colonial Building located next to the Little Building has been an applicant for abatement, but no action has been taken by the city in the case because it is not handy to trial at the Appellate Tax Board."

In other words, they have the right to go to the Appellate Tax Board, and they may still have a right to get an abatement if the Appellate Tax Board agrees.

Coun. BAYLEY—Answering that question through you, Mr. President, so would the owners of the Little Building have a right to go to court. They got their abatement without going to court. They got it directly from the assessors. In this one case they did not wait for the case to go to trial, but granted the abatement. That is what I object to. Let us go to trial and find out.

Coun. FISH—Until it is proven otherwise, I labor under the impression that the tax assessors treat everybody equal and that when the Colonial application for abatement reaches the same point that the Little Building application has reached, that they will treat them in the same fair way. If they are entitled to an abatement they will get it. If they are not, I hope they will not. This is an order asking for the Finance Commission to pry into the business of another department. I do not think it is any of our business to ask the Finance Commission to do that. We can do it as individual citizens, but not as councilors. The Finance Commission will do it whether we ask them to or not. In asking them as councilors to do it, we are indirectly interfering with the administration of the city. The City Charter says we have no right to do it. Councilor Chase has no right to do it. Councilor Fish has not the right to ask the Finance Commission that Austie Fish as a citizen has. I think this order ought to go to the Committee on Rules. I so recommend.

Coun. KINSELLA—Mr. President.

Coun. FISH—I will withdraw that for a moment.

Coun. KINSELLA—I would like to say briefly that the Finance Commission in its circular sent here today is functioning as the law intended it should. It has apparently examined into the report of the assessors and found some flaw. To say in the terms of the order the Finance Commission should be consulted in advance of any action by the Board of Assessors is to impose upon it an authority that the Legislature did not grant when they created the Finance Commission. I would like to ask the clerk, through the Chair, how long ago the Finance Commission was brought into existence by an act of the Legislature.

President KELLY—1910, ex-Mayor Fitzgerald, 1910, by special act of the Legislature they created authority for it.

Coun. KINSELLA—Well, it is an investigative body, Mr. President. When any question of city expenditures arises or any question of favor-

itism, as in a matter of this sort where a question has been raised, as I understand, and again, to repeat myself, I do not think we have any right to ask the Finance Commission to be invited into consultation on the action of any board or division or bureau of the city before the action is taken. I do say we all recognize the inherent right of the Finance Commission as provided in law to question any action after it has been taken. That is what they are doing in this circular. That is what they have been doing and that is what they should continue to do. I do not see that any Council order should be devised or conceived in such a way as to bring them in in advance of action. I hope this order does not pass.

Coun. CAREY—Talking on the order, Mr. President, this order, if it included the words "The Appellate Tax Board," or if it eliminated the "Boston Board of Assessors," and so to speak, started at the top and worked down, might be a good order. It is clearly stated here that Mr. Allen, chairman of the assessors, as one of his reasons for taking the action said in this case here that the case was marked for trial before the Appellate Tax Board. Time and time again in years past—and I think the councilor from Ward 4 (Councilor Chase) was included in those who criticized—we have seen various members of the City Council take the floor here and contend that the action of the State Appellate Board in going over the head of the local assessors from time to time should be condemned. The local assessors have been willing to compromise on the valuation. That was not satisfactory to the taxpayers who subsequently took their case to the State Appellate Board and received a reduction far greater than they had anticipated or expected to get from the local assessors. As a matter of fact, this report from the Finance Commission to the Council is not one screaming with criticism. It is one that merely describes a situation. As a matter of fact, it does not in any way, shape or form indicate what might be termed criticism on the part of the Finance Commission. I agree with my colleagues who are of the opinion that we do not need to have the Boston Finance Commission recognized to the extent that the councilor from Ward 4 (Councilor Chase) would like to see it recognized. Time and time again he has introduced orders here asking to bring a particular matter to the Boston Finance Commission, and we have seen matters that have been reported, which after the report of the Finance Commission was made, did not in substance disclose anything of particular value to us. I know in my own district I have seen cases where the small taxpayer's, the little fellow's application was placed before the local board which agreed to a certain price not satisfactory to the taxpayer in the district. He subsequently went to the Appellate Board and received a reduction of about 60 per cent less than what the local assessor was willing to grant. I think it is mere folly to have the Council accept an order of this kind. When there are certain specific instances where any member of the Council in any situation might find fault with the action taken by the assessors, it might be well and good to ask the Finance Commission to ascertain certain facts in connection with it. We do not need to rap on the door of the Finance Commission every time something happens in the city that might, to certain individuals, appear to be racketeering, or dealing under the table. If the Finance Commission had made any criticism here, I would say that this report would indicate it or disclose something to us. In addition to reading it, I have read the paper this morning and I cannot find one bit of criticism on the part of the Finance Commission. Mr. Allen and the Board of Assessors, in my opinion, were entirely justified in acting on this particular transaction once the case had been marked for trial before the Appellate Board. That is the usual practice down there. It has been the practice for years. I dare say it always will be the practice. Not only is that the practice in matters concerning a reduction in the valuation of property but that is going on in law offices and courtrooms every day in the week. What is wrong about that? In this particular case here, had the Finance Commission offered any constructive criticism or given us any indication as to what their idea of the valuation should be, based on certain facts and figures, we might have something to crow about. As far as I can see, this is much ado about nothing. I do not think the order should be passed by the Council.

Coun. COFFEY—Mr. President, talking on the motion, I was glad to get into the room in time to hear Councilor Carey make the statement he has made. I do not think anybody is more sincere on tax abatements than the councilor from Ward 10. Year after year I remember him introducing orders trying to get the Board of Assessors to bring their books over here to show us what abatements have been taking place. It is with a great deal of pleasure I am taking here today to oppose this order, especially after hearing the councilor from Ward 10 (Councilor Carey) oppose it. May I go back a few years and repeat a few statements I have made about the notorious Finance Commission of the City of Boston? At that time I had an order in asking for an investigation of the Boston Port Development Company. They owed something like \$342,000 in back taxes for a period of twelve years. The government decided to build an oil farm in East Boston, and take some land owned by the Boston Port Development Company. They made a deal with them and gave them over \$1,000,000 in hard cash. Then the Mayor sat down with the Board of Finance Commissioners

and they granted an abatement of over \$200,000 in back taxes that were owed by the Boston Port Development Company, the same Finance Commission that the councilor from Ward 4 (Councilor Chase) now wants us to have sit down with the Board of Assessors. If there is anything wrong with the Board of Assessors, do not make it worse by including the Finance Commission. It is an organization working for nothing, outside of the chairman. When any man takes a job, no matter how wealthy he is, and works without pay there is something wrong. I have said it before, and I say it again. If there was not a salary with this job, you would not find me here. I would be out on another job, where I would get a salary. I say that of the Finance Commission. They are in there for one reason only. It is not the prestige. Nobody wants prestige today. They want money. By being in the position they are in they make contacts to make money. We know that. They hold a whip over the head of the Mayor. They are appointed by the Governor who holds that whip over the head of the Mayor. It first started in a Republican administration. There is the truth right there that we do not need the Finance Commission. The Finance Commission sat down with his Honor the Mayor some five years ago and granted \$200,000 in tax abatements. I am going to make a motion that the order be laid on the table.

The motion to lay on the table was declared carried. Councilor Chase doubted the vote but a sufficient number of councilors did not join him. Councilor Chase then asked for a standing vote. The motion to lay on the table carried, yeas 8, nays 2.

Coun. FISH—Mr. President, before announcing the outcome of the vote, there is a standing vote here of possibly twelve. Is that reason to doubt a quorum? If so, I request the bell be rung.

President KELLY—It is reason to doubt a quorum.

PRECINCT WORKERS AT ELECTIONS.

Coun. KINSELLA—Mr. President, a point of information. I was not in the Chamber when the Chair ruled the matter of the discharge of the 54 city employees of the Election Department workers be referred to the Committee on Public Safety.

President KELLY—Councilor, the Chair did not rule that. Councilor Scannell made a motion that it be referred to the Committee on Public Safety. The motion was carried by the entire membership.

Coun. KINSELLA—Mr. President, since there is nothing before the Body, I would like to state that in this case there is no appropriate committee to send such a matter to. It is definitely not Public Safety or Public Welfare.

President KELLY—That is right. He made the motion it be referred to the Committee on Public Safety.

Coun. KINSELLA—Well, Mr. President, a point of information. Is it possible now to make a motion that it be taken from the Committee on Public Safety and referred to the Executive Committee, which will hold a public hearing and invite those people to attend?

President KELLY—You can make a motion to reconsider, and then that motion is in order.

Coun. KINSELLA—Mr. President, I make a motion to reconsider the action by which the matter was referred to the Committee on Public Safety. Before the Chair repeats the question, I would like to emphasize where once we did have a Committee on Election Laws, we have no such committee now. This is definitely not in Public Safety.

The question came on the motion to reconsider, and the motion was carried.

Coun. KINSELLA—Mr. President, I now make a motion that the matter just reconsidered be referred to the Executive Committee, with a public hearing held, and the 54 people whose names and addresses are available, along with the Election Commission, be invited to attend a hearing to be held at a date far enough in the future to warrant the receipt of notices by all persons concerned.

The question came on referring the matter to the Executive Committee, and the motion was carried.

Coun. COFFEY—May I also ask that the hearing be held a week from today in the Chamber here?

President KELLY—That matter can be taken up with the chairman in the Executive Session.

NORTH BENNET STREET BATHHOUSE IMPROVEMENTS.

Coun. RUSSO offered the following:

Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to put in the budget for 1947 sufficient moneys for the complete alteration and new equipment in the North Bennet Street Bathhouse in Ward 3.

Coun. RUSSO—Mr. President, I hate from time to time to put in such orders, but I cannot help doing so until such time as some action has been taken. I believe that his Honor the Mayor knows the condition of that bathhouse in the North End section of Boston. He also is aware

of the fact that I have stated time and time again that the people of the North End, 99 per cent of them, have not any showers or proper facilities for bathing at home. They are all working men and women. The bathhouse is divided, certain days of the week for women and certain days of the week for men. All the time, day after day, I am getting complaints about the bathhouse. If you should happen to go there, Mr. President, you will find that the showers are not in working condition. There must be something wrong with the boilers. The people do not receive continuous hot water. The bathhouse is dirty. When I asked the Building Commissioner to give me a report on the physical structure of the building, I received an answer that the physical structure was in good condition, but he did recommend alterations be made inside the bathhouse. Up to this time nothing has been done. I do hope that his Honor the Mayor will see to it that sufficient money will be put into the 1947 budget in order to provide the proper facilities for bathing, and to put that bathhouse in a Class A condition, so that the people of the district may enjoy themselves in the same manner and with the same privileges that have been accorded to other sections of the city. As I stated on one of my other orders, I believe one thing that should be done was to put tile in there in order to make that a clean-looking bathhouse. You and I know, Mr. President, we will not step into any bathhouse that does not have an atmosphere of cleanliness. Our lives might be endangered by the fact we might come in contact with various diseases. If the floors are not up to date and clean, that could happen. I realize that the people of my district are up in arms. Unless something is done, I can assure his Honor the Mayor I will have a protest meeting here at City Hall with every resident of the North End section. I give this warning in hope that such a meeting will not take place. I also wish to remind his Honor the Mayor of the suggestion I made at the beginning of the year that something should be done in the way of an annex to the bathhouse, in order to give men and women time to go to the bathhouse daily and not divide the time between the men and women. Also, I want to call attention to the fact there are no proper facilities in so far as the children are concerned. It is a shame to find small children in the same place with adults taking their showers. I feel that something should be done very quickly. I do not feel that the people of the district should be penalized as they have been up to this time without receiving proper attention. I am sure it has not been my fault. I hope his Honor the Mayor will remember the promises he has made during his campaign when elected Mayor of the City of Boston. He is the only one to whom we can look to give the people proper attention and adequate facilities which are needed. I hope his Honor the Mayor will take immediate action and see that this work will be done in the very near future. I hope the order will pass under suspension of the rule.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. COOK, for the Committee on Ordinances, submitted the following:

Report on message of Mayor and ordinance (referred September 23) concerning operation of bowling alleys on the Lord's Day—recommending reference to the Executive Committee.

Coun. CANTWELL—I hope we can get the Executive Committee to decide on this today and clean it up. I hope it will pass today.

The question came on the acceptance of the report and reference to the Executive Committee. The report was accepted, and the message of the Mayor and proposed ordinance were referred to the Executive Committee.

LIGHTS AROUND CHANDLER POND, BRIGHTON.

Coun. MADDEN and LANE offered the following:

Ordered, That the Park Commissioner and/or Commissioner of Public Works be directed, through his Honor the Mayor, to complete arrangements for the installation of lights around Chandler Pond, Brighton, Ward 22, covering that area encircling the pond not now properly illuminated for the convenience and safety of skaters.

Passed under suspension of the rule.

PAYMENT OF HOSPITAL BILLS.

Coun. CHASE offered the following:

Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to install a system at the City Hospital whereby people who are obviously financially unable to pay their bills for hospital treatment will not be summonsed to court for failure to pay their bill.

Coun. CHASE—Mr. President, I had a constituent of mine approach me this morning with

a summons which was issued by the Law Department because of a failure to meet a \$50 bill owed to the City Hospital. This young lady was a blind girl who is receiving \$64 a month state aid for the blind. How the hospital officials could overlook the fact that this girl was financially unable to pay her bill is beyond me. It would seem to me, Mr. President, that the hospital authorities surely should install a system whereby people such as blind people and others who obviously are unable to pay for their hospital treatment will not be badgered by summons to appear in court. This young lady, Mr. President, is blind and unable to read the summons. She was trembling when she received it. She could not quite understand what it was all about. Neither could the neighbors who told her to see me. They could not understand why the City of Boston should be insisting on payment from this girl who was blind. I hope, Mr. President, that his Honor the Mayor will make sure that in the future people of that character will not be bothered with summons to appear in court for failure to pay their bills.

The order was passed under suspension of the rule.

Coun. HURLEY—Mr. President, what is the order?

(The clerk read the order.)

Coun. HURLEY—I think that system is in effect, Mr. President, now, that all bills of every person, whether on welfare or not, every case entering the hospital is cleared through the Welfare Department.

Coun. CHASE—Mr. President.

President KELLY—For what purpose does the gentleman arise?

Coun. CHASE—To give the councilor some information.

President KELLY—Councilor Hurley, do you yield?

Coun. HURLEY—Any time.

Coun. CHASE—Mr. President, I would like to inform the gentleman from Roxbury that the constituent of mine approached me with a summons issued by the Law Department for her to appear in court November 23, because of her failure to pay a hospital bill. This girl was a blind girl, receiving state aid of \$64 a month.

Coun. HURLEY—Mr. President, in reply to Councilor Chase, that could happen. Hospital bills are sent out after the patient is discharged from the Boston City Hospital. Some months after they receive the bill they are sent another bill with a demand for payment. After a considerable waiting period, it is then sent to the Law Department. If the party in question on getting the bill had notified the hospital authorities that they were on welfare, mothers' aid, or old age assistance, you can rest assured that the hospital would not be sending that bill to the Law Department for collection. I have had many cases where people were in the same circumstances as the councilor's friend, and they have come to me with bills. They just mark on the bill, "I am unable to pay this bill." If there is any reason, they give it and sign their name. They are not submitted to any court action at all. There has been a good policy in collecting bills for the hospital. We have a lot of people living in Boston who have no right in that hospital. Probably that is one of the reasons why we are crowded up there with people who can well afford to go into private hospitals. They are being berthed in the Boston City Hospital. They get a bill for it. They are entitled to get a bill. There is something lacking on the part of the party receiving the bill. They get ample notice on it. The bill is not presented until after they leave the hospital. Then some time after that, if there is no reply and no payment made, they get a demand for payment. After a long time, if they get no action, they then submit the bill to the City of Boston Law Department. Any person, whether they are on welfare or not, a man with a family making \$30 a week, with several children, who cannot pay the bill, can take the same action in Boston. If anyone is unable to pay his bill, they will approve the bill and there will be no forced payment, if they give that information to the hospital authorities.

Coun. FISH—Mr. President, I do not see any sense in bringing such an order into the Council. If the facts are as the councilor from Ward 4 (Councilor Chase) states, he can give me the name. If he does not care to do that, he can give the case to Councilor Hurley or any one of us. I dare say the bill will be settled in five minutes.

Coun. CANTWELL—Mr. President, I believe all bills that come down to the City Hospital are stamped to indicate whether they are welfare or old age. It is stamped on the bill.

Coun. CHASE—I still think, Mr. President, that in cases such as the one I mentioned, where the person is blind and obviously has no apparent means of a livelihood, the hospital officials at that time should make a memorandum that the party is blind and unable to pay, and not bother the person with bills. It seems to me, Mr. President, that cases such as the one I quoted could be readily taken care of at the hospital without pestering the party with bills and subsequently a summons to court.

The order was referred to the Committee on Hospitals.

PAINTING OF CROSSWALKS, UPHAMS CORNER.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor direct the Traffic Commissioner to paint the crosswalks in the streets at Uphams Corner, Dorchester.
Passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition of Marr Equipment Company (referred November 4) for driveway opening at 25 D street, Ward 6—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

ACCEPTANCE OF LYALL STREET, WARD 20.

Coun. BRYAN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Lyall street, Ward 20.
Passed under suspension of the rule.

ACCEPTANCE OF WASHINGTON HEIGHTS AVENUE.

Coun. BRYAN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Washington Heights avenue, Ward 20.
Passed under suspension of the rule.

RECESS.

On motion of Councilor Russo the Council voted to take a recess at 4.05 p. m., subject to the call of the chair. The members reassembled and were called to order by President KELLY at 4.50 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and orders (referred today) for transfers of appropriations—recommending that same ought to pass.

The report was accepted and the question came on the passage of the orders. The roll was called and the orders were passed, yeas 18, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Coffey, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, Linehan, Madden, Moriarty, Russo, Scannell, Sullivan—18.

Nays—0.

2. Report on message of Mayor and order (referred today) accepting bequest of William H. Ryan to be placed to credit of principal of The Randridge Trust Fund—that same ought to pass.

The report was accepted and the order was passed.

3. Report on message of Mayor and ordinance (referred today) concerning operation of bowling alleys on the Lord's Day—recommending that same ought not to pass, without prejudice.

The question came on the acceptance of the report, and the rejection of the order. The report was accepted and the ordinance was rejected.

SUNDAY BOWLING.

Coun. COOK submitted the following:

City of Boston.

In the Year Nineteen Hundred and Forty-six.
An Ordinance.

Be it ordained by the City Council of Boston, as follows:

Section 1. The following regulations are hereby established concerning the operation of bowling alleys on the Lord's Day; and for the licensing of privately-owned premises for such sport or game.

Sec. 2. Licenses for the operation of bowling alleys on the Lord's Day upon petition therefor, may be granted by the City Council under the terms and conditions as herein set forth.

Sec. 3. Licenses voted by the City Council shall be for the term of one year or any portion thereof beginning with the first day of November in each year. Licenses voted by the City Council shall be issued by the City Clerk, and the fee therefor shall be five dollars per year for each bowling alley or bed, except that the maximum fee in any event shall not be in excess of \$100 for the term.

Sec. 4. Licenses to operate bowling alleys on the Lord's Day, shall be issued upon the following conditions; that duly accredited representatives of the City of Boston and Commonwealth of Massachusetts may enter upon and inspect the premises at any time; that the provisions of chapter 136 of the General Laws, as

amended, will be complied with; and that failure to comply with any of said provisions or any rule or regulation as herein set forth or as subsequently adopted by the City Council of Boston, or the Commissioner of Public Safety of the Commonwealth of Massachusetts, shall serve as a revocation of the license, subject to determination of the City Council.

Sec. 5. The licensee shall display the license to operate on the Lord's Day in a prominent place on the premises.

Sec. 6. This ordinance shall take effect upon its passage.

The question came on the passage of the ordinance.

Coun. CHASE—Mr. President, I move that the ordinance be amended so as to read 50 cents per alley. I have in mind, sir, that 10 cents an alley to a bowling alley proprietor—

President KELLY—Wait a minute, councilor! The Chair does not understand that. The ordinance as drawn up now reads \$5 a year per alley. Do you mean 50 cents per week per alley? Continue.

Coun. CHASE—Mr. President, I have in mind, sir, that the bowling alley proprietors are being conveyed a special privilege if we so grant this license and these license fees. I have in mind that it takes approximately one hour to bowl six strings. At 20 cents per string, the bowling alley proprietor gets \$1.20. I assume that the hours for bowling on Sunday will probably be from one until eleven, which means eleven hours at \$1.20. This means that the average bowling alley proprietor will get \$13.20 per alley. Now the average place has five alleys for each bowling house, which means that the average bowling alley proprietor will gross \$66 per Sunday. Here under the terms of this proposal he is given a special privilege for 50 cents. Now, Mr. President, I do not know if the members of the council realize it or not, but in every honky-tonk tavern throughout the city you have the juke boxes. Those juke box machine operators or cafe owners have to pay to the city \$2 every Sunday for a special license. How can you differentiate fees for the juke box owner paying \$2 a Sunday for a special Sunday license for the privilege of playing the talking machine and yet you want to give your bowling alley proprietor a very special privilege of taking in \$66 and paying 50 cents? I do not think it adds up. I think a reasonable compromise with his Honor the Mayor would be half his proposal, say 50 cents. I do not think your bowling alley proprietors will object to that. If they are going to gross \$66 every Sunday with five alleys, they are not going to object to paying the city \$2 as a license fee. The city has need of the revenue. We have to find new means of revenue. You cannot put the burden on real estate all the time. The city is going to be put to great expense. How much do you think it is going to cost the Police Department, for example? They have to have a policeman go in and out of the alleys to preserve law and order. Many other agencies of the city will be called upon to send others into bowling alleys. I do not think the expense of 50 cents an alley is charging these proprietors too much. Somebody has to render a service. We have our Fire Department, our Police Department, our Water Department, and so many agencies to take care of them. Why should bowling alley proprietors be given such a special privilege when juke box proprietors are paying \$2? Someone made the comment that we charge the Boston ball park only \$1,000 a year. I think we ought to jack up our fees on that, too. Our real estate taxes are going up all the time. We have to find new means of revenue, that is all there is to it. You cannot let special privileges go out when we can have special taxation. Your tax rate is going up on real estate values. We have to have some revenue help. If this means getting it, I am in favor of compromising with his Honor the Mayor. He wants \$1 an alley. Let us try 50 cents an alley. I am sure your bowling alley proprietors will not object, if we give them an opportunity of making \$66 on Sunday which they are not making now. They are not going to object to paying \$2.50 to the city. We need the revenue.

Coun. COFFEY—Mr. President, talking on the motion, I want to speak briefly on this. You mention the juke box. There is no expense to a juke box whatever. If there is \$20 taken in that box on a Sunday, they are going to make a profit of \$18. In a bowling alley, it is not all profit. You have a big overhead. You have light, heat and rent. Do not forget the pin boys. They get a nickel a string. The Huntington Avenue Bowling Alleys which contain 60 alleys in the Back Bay section of Boston would pay over \$1,500 a year for 50 cents an alley. Under Councilor Chase's suggestion that is \$500 more than they pay for Sunday baseball. Surely they are not going to get 30,000 people bowling on Sundays. If I had my way, I would put it through free.

The question came on Councilor Chase's motion to amend.

Coun. KINSELLA—Mr. President, I would like to say we should not make it difficult with fees to let these people do business. That is as sensible as charging public utilities for the lights they use on Sunday. People do not go to the honky-tonks, as Councilor Chase describes them, to play the juke boxes. That is an incidental accompaniment. If they want to pay for them, it is extra money that goes into the coffers of the tavern. But we have a wholesome, clean sport here. Let us turn people to the bowling alleys rather than to the

taverns. We should not be unmindful, either, that in the winter time there are plenty of unpleasant Sundays. With snow, ice or slush conditions, people who like to bowl might stay at home rather than go to the alleys. As the weather gets pleasant in the spring and summer, people turn their thoughts to other means of entertainment, to baseball and swimming and general summer time recreation. I do not think the bowling population is so large that it will keep a place with 60 alleys going from one to eleven on Sunday every Sunday of the year, and take in \$12 every ten hours. He says six strings at 20 cents a string is \$1.20. That is nice theory. It presupposes there is a waiting line in the back of the alley to replace a bowler or group of bowlers who have finished. That is a condition that rarely exists. I think the fee already agreed upon in the Executive Committee is fair and right. The rights of the citizen are protected. Nothing is being given away. It is not making it difficult for the operators of fairly prosperous alleys to meet the fee. I believe we ought to go along with the committee's report and accept the charge of \$5 a year.

The question came on the amendment.

Coun. COOK—Mr. President, I would not speak on this motion except that it is for the record. I would like to point out for the benefit of the councilor who wants 50 cents or \$1 an alley per week, this fee is not a revenue-raising fee. As a matter of fact, if anybody in the City of Boston paid a fee for a special privilege on Sunday and thought it was excessive, to the extent it exceeded the cost to the city in allowing it to be granted, he could go to the court and have the fee reduced to that minimum. If Councilor Chase is looking for more revenue, special privilege taxes are not a revenue-raising source. Evidently the Legislature and the people want bowling on Sunday. The city accepted the Act. One member of the council is opposed to Sunday bowling. If we come to the real theory of a tax for a privilege on Sunday, it is not to raise revenue but it is just to meet the expenses of the city in paying for the grant of that special privilege. If we were to charge, we could not charge more than \$100 to anybody at any rate. We have 67 bowling establishments. That would be \$6,700 a year. If we had to put on special constables or inspectors to see that the alleys that they hire for Sunday were used we would have to hire somebody at \$2,000 to \$2,500 a year. There would have to be more than one. The money we take in we would have to pay out for inspections. It is something that the city wants. It is something the towns have. Towns that have it do not charge more than that per year. I do not want to get involved in the expenses of running a bowling alley. I think it is a fair fee to charge a man for a special privilege for Sunday. We charge him for Monday through Saturday. This matter of talking about revenue is out of order. It is picaresque. If we want to raise money, tax the amount of minutes that certain of us in the Legislature talk, at a reasonable fee, and it will lower the assessment.

Coun. BAYLEY—Mr. President, just briefly I agree with the preceding speakers. Our task here is to get Sunday bowling going so that our people may enjoy this Sunday sport. If we put on a fee which is excessive, two things can happen. Either the bowling alley owners will close up on Sunday or they will open and charge more than they are charging now. I do not think it is fair to saddle on our constituents an increase in bowling which may be passed along to them. We have the power to amend the fee. If we find it is too low, we can amend it next year and so provide income. As the distinguished councilor from Ward 12 (Councilor Cook) said, it is not a question of whether we favor Sunday bowling. Let us put through a reasonable fee for that bowling and make it available for our constituents so that they may go to bowl on Sunday and get helpful exercise rather than hang around taverns and saloons.

Coun. MADDEN—Mr. President, I would like to speak on the matter from my personal experience as one who has a business and operates on Sunday. When I first started the golf range they used to charge me \$12 a Sunday. It was not too bad. We made a dollar except for the fact that there were many Sundays when it rained. We could not get anything back. You do not get any rebate. You have to have the same help. Anybody who runs a bowling alley, a golf range or anything else and has to depend on help knows that help is very uncertain. While the distinguished councilor from Ward 4 (Councilor Chase) suggests something that theoretically sounds beautiful, as a practical matter those of us who have had any experience in the line of operating on Sunday know well, to our sad experience, that there are certain hours in the day when you do not take in a penny. I have seen a beautiful Sunday afternoon out at Madden's golf range where we have not taken in 5 cents an hour after hour. Whether or not a driving range or a bowling alley takes in a nickel, they have to take care of their help. They cannot say, "You do not get paid, we did not take in any money." As Councilor Cook said, we have no authority to levy this assessment or fee as an income-raising proposition. It is just to offset the cost. I would also like to suggest to the Council that theaters like the Metropolitan, which have thousands of people in there hour after hour, pay only \$12. It seems ridiculous to charge somebody two or three times that where they would not have anywhere near that much business.

The question came on Councilor Chase's amendment.

Coun. CHASE—Mr. President, I wish to reiterate, sir, that in granting a special license to bowling alley proprietors you are giving the proprietor something which will necessitate that the city furnish a special service. Our Police Department will be called upon on many occasions to go into bowling alleys and police them. I submit that that will be at a cost of more than 10 cents per alley. The more enterprises you have going on in the city, the more additional policemen are required on the Police Force. And the more hazardous it is for the Fire Department, the more activities you have, the more fires you have. The result will be a need for more firemen. I do not think that 50 cents an alley is too much. I remember when I was clerk of the Committee on Mercantile Affairs in the Legislature five years ago. I recall when Mason Sears, the Senate Chairman of my Committee on Mercantile Affairs, came to the conclusion, after hearing the bowling alley proprietors' case in its entirety, that we would recommend Sunday bowling and also we would recommend a special fee of approximately \$2.50 an alley. Those recommendations were only after due interrogation of the bowling alley proprietors. I remember the president of the Bowling Alley Association appeared before us. I was one of the committee members who propounded the question, "Are you willing to pay a certain amount per Sunday?" He said, "Gladly." I assure you it was not 10 cents an alley. It amounted to at least \$2.50 an alley. Now, sir, I am going to explain to you why the Massachusetts Legislature some five years ago decided to vote against Sunday bowling. Our Committee on Mercantile Affairs reported this bill out. Mason Sears was the Senate Chairman of that committee. Harry Kalus, who is now the Governor's secretary, was put in charge of the bill. On the very day it was put on the calendar, with our recommendation of unanimous approval, there were vicious rumors throughout the House that a certain slush fund was being made up by the bowling alley proprietors, and it amounted to thousands of dollars. They were charging that among the members of the House certain members of the Legislature were being paid. Those rumors were so prominent that the Committee on Mercantile Affairs, under the leadership of Mason Sears and Harry Kalus, came together and after due deliberation decided to reverse their report and to recommend that the bill be killed. They said at that time that they were changing their report because of certain things that had happened. That is the story of Sunday bowling five years ago. I am giving that to you members of the Council to make you realize that the bowling alley proprietors are willing to pay more than 10 cents per alley because they so told the members of the Legislature authorized to act on the bill that they were ready and willing to pay 50 cents per alley.

Coun. COOK—Mr. President, will the gentleman yield for a question? What happened to the slush fund rumor this year when the Legislature passed Sunday bowling?

Coun. CHASE—I did not hear any slush fund rumor this year. I am telling you something that happened five years ago when I was clerk of the Committee on Mercantile Affairs. The committee unanimously reported out this bowling proposition. The committee reversed its position and voted against recommending the plan in the House calendar. They asked them to vote against it. I know the pressure the bowling alley proprietors directly and indirectly brought upon this matter in the past.

Coun. LINEHAN—Will the gentleman yield for a question, Mr. President?

Coun. CHASE—I do not care to yield.

Coun. KINSELLA—Mr. President, a point of order. We have already given positive acceptance to a positive act of the Legislature. The supplementary action here is the establishment of a fee. I am going to ask the Chair to rule that all references to past negative action of the Legislature taken because of talk of graft and so forth be eliminated either voluntarily by the councilor or by a ruling of the Chair.

President KELLY—The Chair will rule that any further discussion of what took place in the Legislature is out of order. Continue, Councilor Chase.

Coun. CHASE—Mr. President, I have recited to the members of the Council what I actually heard. I know your bowling alley operators will not strenuously object to 50 cents per alley as a bowling fee because they have indicated it to me in my official capacity as a State Representative that they were willing to pay a much larger fee. Now, sir, I again reiterate that we cannot expect real estate to be standing the burden of taxation. We have to find ways and means of getting new revenue to stand the cost of municipal service. Extra bowling alleys on Sunday will require special police and possibly attention from the Fire Department and other municipal agencies within our control. The cost at 10 cents an alley will be insufficient for the cost we are forced to undertake to render these services.

Coun. MADDEN—Mr. President, will the gentleman yield for a question?

Coun. CHASE—No. I maintain, sir, that we should at least compromise with his Honor the Mayor, who wishes to charge \$1 per alley and charge a fee of 50 cents an alley, and let us see how it is going to work.

Coun. SCANNELL—Mr. President, a point of information. Through the Chair, I would like to ask Councilor Chase one question.

President KELLY—Will you answer a question?

Coun. CHASE—I would be glad to.

Coun. SCANNELL—Did you as a member of the Legislature vote for Sunday bowling for Boston?

Coun. CHASE—As a member of the Legislature, I voted for Sunday bowling.

Coun. SCANNELL—That is all.

President KELLY—I think that answers the question.

Coun. CHASE—Mr. President, the act of the Legislature was merely an authorizing act giving the various towns and municipalities throughout the Commonwealth the right to accept or turn down the bowling. The Legislature extended to you the privilege to grant the City of Boston Sunday bowling if you saw fit. We did not authorize the City of Boston to give its citizens Sunday bowling. We authorized the members of the Council.

Coun. SCANNELL—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. SCANNELL—I think my question was answered.

Coun. CHASE—Now, Mr. President, I feel very strongly about this matter. There are sixty bowling alleys in the largest bowling house in the City of Boston, if not in New England, and it is in my domain. It is in Mr. Cohen's property. You know he is the gentleman who received \$100,000 abatement. He was going to sell the city his sidewalk for \$35,000. Well, those sixty alleys are in Mr. Cohen's property. That is merely incidental. It has no bearing on the proposition before us. If anybody is interested in bowling, I should be. The largest bowling house is in my district. If the constituency want to take it out on me because I want to give 50 cents an alley to the treasury of the City of Boston, I am the one who is going to stand the burden. I have the largest bowling alley house in the City of Boston. But I say to you, sir, the bowling alley proprietors will be glad to pay that if they can get the special privilege. They will be glad to pay more to get the special privilege. Why we should give them a special privilege for 10 cents an alley is beyond me. I know that the cost in municipal service which we will be required to furnish them every Sunday will far exceed 10 cents per alley.

Coun. KINSELLA—I do not want to let go unchallenged, Mr. President, the statement that he made that bowling alleys will require more police supervision because the people I know, the men and women who patronize bowling alleys, as a means of recreation or healthful exercise, are not the people who require police supervision. I would like to believe that the people I do not know who are also bowlers and who have a fondness for the game as a sport or a means of healthful recreation will not require police supervision. As to the further statement the councilor made with reference to the extra strain on the Fire Department, the water service, and so forth, I will ask the councilor if he would apply that theory to the construction of new homes or new places of a commercial nature.

Coun. MADDEN—Mr. President, I think I am as zealous in protecting the city funds as is Councilor Chase. As to whether it will become necessary to have policemen police a sporting event, which I have not heard of particularly—we do not have to have policemen on the golf range—I would like to ask the councilor if he knows one single instance in the many taverns in Boston or the booze camps where the city is put to extra expense of paying for one Boston police officer to maintain order. Does the councilor know one single tavern or booze camp in the City of Boston where the city is put to the expense of maintaining law and order on Sunday or any other day?

Coun. CHASE—Mr. President, I know of a number of booze joints as the gentleman says, right in the Back Bay that require intervention by the police of Station 16. I have seen many of them called out.

Coun. KINSELLA—Mr. President, a point of information.

President KELLY—Do you yield for a point of information?

Coun. CHASE—I was answering the gentleman from Allston.

Coun. KINSELLA—Mr. President, I was only going to ask if he means Ward 4 or 5 or both?

Coun. CHASE—Mr. President, I have seen the police in Wards 3, 4 and 5 and many other wards in the city enter liquor establishments for the purpose of preserving law and order. I think that answers the question.

Coun. LINEHAN—Mr. President, I am sorry to say we are using up so much time of the Council. Being a former member of the House of Representatives, I can remember on many occasions, as in the City Council, whenever there is any matter which pertains to the running of business, I have yet to see it fail when there was not talk of money being passed. I was a member of the Council and a member of the House of Representatives. It never bothered me in voting for a measure because I heard there might be some money passed. That goes particularly for the House of Representatives. When I was a member up there, we were told we could be bought for a pound of tea. Sometimes we would vote for

certain matters even though we were told some money was being passed. It is not a question of money being passed. The question is bowling on Sunday by the people of Boston. The next question is, if we tax it too high, will we have bowling in Boston? Some of us like to bowl in Boston. I am one of the many members who likes to bowl. I think I am voicing the sentiments of probably every young fellow today who likes to bowl. I think that is the deciding question. If we tax them too much, as his Honor the Mayor suggested, it is likely we will not have some of the bowling alleys open. They might not open because they may not be able to pay the tariff. If you have a lot of alleys, you might be able to take a chance and gamble by opening up. If you do not make a go of it, you close up. I want to see the alleys opened up. I want to see the kids bowling. I do not want to see them on the street corners shooting dice. I want them to go inside and indulge in a healthy recreation such as bowling. I do not want to be one member of the Council to put on a high tariff in regard to taxing the bowling people. As a matter of fact, I am not voting for the interest of the bowling people. I am voting, I think, for the benefit of all the people who are going to enjoy themselves when they go bowling on Sundays in these alleys owned by private citizens.

The question came on Councilor Chase's amendment, and the amendment was defeated. Councilor Chase doubted the vote and asked for a roll call, but enough councilors did not join him. The question came on the adoption of the ordinance, and the ordinance was passed, Councilor Bryan voting no.

President KELLY—Petitions have been received for Sunday bowling. The clerk will read them.

PETITIONS RECEIVED FOR SUNDAY BOWLING.

The clerk read the list of petitions received for Sunday bowling as follows:

Mary Rocco, 289 Adams street, Dorchester; Edward H. Margolis, 255 Huntington avenue; Amos E. Cowan, 200 Huntington avenue; Pasquale Rubbico, 448 West Broadway, South Boston; Joseph Rubbico, 707 Columbia road, Dorchester; Norman Norris, 700 Morton street, Dorchester; Kenmore Recreation, Inc., 82 Lansdowne street; Arthur Iorio, 702A Centre street, Jamaica Plain; Arthur Iorio, 3182-3188 Washington street, Jamaica Plain; Arthur Iorio, 403 Centre street, Jamaica Plain; Joseph Grant, 26 Tabor street; Joseph Grant, 1105 Commonwealth avenue; Joseph Grant, 669 Atlantic avenue; Abraham Feingold, 160 Brighton avenue, Allston; Gene DeMarco, 222½ Friend street; Antonio Botta, 107 Cambridge street; Harry Hamparian, 649 Washington street; Thomas A. Sweeney, 983 Bennington street, East Boston; Frank Magaletta, 2 Maverick square; Samuel Epstein, 6 Livingstone street; Domenick Rubbico, 4264 Washington street; Roslindale; Joseph Grant, 2235 Washington street; Joseph Oren, 1348 Blue Hill avenue, Mattapan.

President KELLY—I am informed by the City Clerk that if the members of the Council want to act on any petition now, they can. If not, I am going to refer all the petitions to the Committee on Licenses, which means that bowling will not be in effect for these gentlemen on next Sunday.

Coun. FISH—Mr. President, does our passage this afternoon have to be approved by the Mayor?

President KELLY—I am informed that the ordinance has to be signed by his Honor the Mayor. If we pass on these petitions this afternoon, they will go into effect after his Honor the Mayor has signed the ordinance.

Coun. RUSSO—Mr. President, we just accepted the ordinance. I imagine it has to have the Mayor's signature on it. I feel that they ought to be sent to the proper committee, the Committee on Licenses, so that we in the future, when we have other applications brought before the Council, will have them sent to the same committee for hearing. I feel the proper committee is the Committee on Licenses. They should be sent to that committee. I therefore move they be sent to that committee.

President KELLY—The Chair will await the action of the Council.

Coun. RUSSO—Mr. President, I move they be sent to the Committee on Licenses.

Coun. FISH—Mr. President, talking on the motion, since you told me, Mr. President, that we acted on this today, then the Mayor's signature would put it into effect tomorrow.

President KELLY—That is right.

Coun. FISH—May I ask now what order would be a proper order to bring in here so that we can get it acted on today, so that these gentlemen can go into business? We should not deprive them of going into business any longer than is necessary.

President KELLY—There is a motion now before us to refer them all to the Committee on Licenses.

Coun. FISH—My purpose is to know what order is necessary to have it acted on here.

President KELLY—You would have to vote on this motion first and then act on whatever motion is made.

Coun. FISH—To reject its going into the Licensing Committee and have it acted on here.

Coun. LINEHAN—Mr. President, can't we move, for example, if we want bowling alleys in our wards, if we want them going into the bowling alley business on Sunday next, then I would like to move it be acted on now in my ward.

President KELLY—The reason the Chair made the statement was I realize there are 22 members of the Council. I thought where the alleys were in the various sections of Boston a councilor might feel the same way as you do. That is why I made the statement. We have a motion to refer all these petitions to the Committee on Licenses. Talking on the motion, Councilor Sullivan.

Coun. SULLIVAN—Mr. President, I hope Councilor Russo's motion prevails, and all these petitions go to the Committee on Licenses. I personally feel that these licenses should not have come in here today. This has been pending now for some time. As one councilor brought out, he remembered the situation five years ago. I do not believe one more week is going to make much difference. I am one who does not believe in taking its duties away from any committee, even under the circumstances that face us here today. I think these licenses here should have waited at least another week before coming into the Body. I am sick and tired of having this Body make a fool of itself. We did not accept this ordinance that the Mayor has submitted. We have put in a substitute ordinance. We do not know if the Mayor is going to accept it. I think that we should wait for another week and see if the Mayor will sign the ordinance that was substituted and passed here today. If he signs it, then the Committee on Licenses can again some day this week bring in the reports on the various ones which they desire should be passed on at the next meeting on Monday.

Coun. COOK—Mr. President, I would like to point out I am not arguing the merits or demerits of this. The Committee on Ordinances, within a week after you accepted Sunday bowling, brought back a report, and it has been passed by the Council.

Coun. SCANNELL—Mr. President, as chairman of the Committee on Licenses, this was submitted to the Committee on Licenses. The committee has seen fit to permit the City Council to accept the action of the Legislature on Sunday bowling in Boston. Then it was referred to the Committee on Ordinances. Before that, the Committee on Ordinances had a hearing on it. They were in favor of bringing it here. For the past three or four weeks, we have had bowling, bowling, bowling. You are not going to get any further as far as I am concerned and as far as my committee is concerned. They want Sunday bowling in Boston. I do not think another week will do any good. You are going to report it back next week anyway.

Coun. BRYAN—Mr. President, as one who voted against Sunday bowling, I hope this will go to the Committee on Licenses. I hope every councilor will know who is going to be granted the Sunday license in his district so that he may in his wisdom, if he feels it will be detrimental to any section of his district, have a chance to vote against it. He can also appear before the Licensing Committee to voice his objection. In my ward they are against Sunday bowling. I for one want to have the privilege of seeing who is going to get a Sunday license in my ward. I want to have an opportunity to appear before the Licensing Committee so that I may voice my opinion. I hope that the motion will pass.

Coun. CHASE—Mr. President, it is very peculiar, sir, that these bowling alley proprietors will submit to the city an application for a license when there had been no fee set up. Am I to understand, Mr. President, your bowling alley proprietors were willing to pay any price for a license fee or is the license fee on their application set for 10 cents? Just how did it take place? I do not quite understand. Your bowling alley proprietors have made application for a license. There had been no license fee set up at the time they made application. Did these bowling alley proprietors know how much the license fee was or were they willing to pay any license fee? I think the whole circumstance surrounding this, Mr. President, warrants us in laying the matter on the table.

President KELLY—There is a motion to refer this to the Committee on Licenses. Do you understand you are speaking on that motion?

Coun. CHASE—Mr. President, I move that the matter lie on the table.

President KELLY—There is no debate.

The motion to lay the petitions on the table was declared lost. Councilor Chase doubted the vote, and enough councilors having joined him, the clerk called the roll. The motion was defeated, yeas 3, nays 14.

Yeas—Councilors Bryan, Chase, Moriarty—3.
Nays—Councilors Bayley, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, Russo, Scannell, Sullivan—14.

President KELLY—Councilor Muchnick, are you voting "Yes," "No" or "Present"?

Coun. MUCHNICK—Mr. President, I am just not voting on anything connected with Sunday bowling.

President KELLY—Just one minute, Councilor. The clerk will have to mark you "Present," "Yes" or "No."

Coun. MUCHNICK—The clerk can mark anything he wishes. I wish to be recorded as not voting and not participating.

President KELLY—I am trying to live up to the rules of the Council.

Coun. MUCHNICK—If I am not living up to the rules of the Council, I suppose you can give me a demerit or something. I do not care to be recorded in any capacity on this.

President KELLY—All right.

Coun. RUSSO—Mr. President, when I made the motion to refer to the Licensing Committee, I had in mind, sir, that these will not be the only applications that will appear before us in the future. There are going to be other applications that will be confronting us. In order not to have any misunderstanding with any one, I feel it ought to be sent to the proper committee. If we allow these petitions to pass today without sending them to the Licensing Committee, there may be other applications sent to the committee in time to come, and I feel we will not be treating them all alike. That is the sole purpose I have in mind. We should start on the right foot. We have a committee, the proper committee. Why not send them to the proper committee and let them report in the following week? In that manner the committee can be assured of receiving more information as they go along. Other councilors in turn will receive that information. I do not see any harm in doing it. I feel it would be the right thing to do, to start in the right way.

President KELLY—The motion is on referring the petitions to the Committee on Licenses.

Coun. KINSELLA—Mr. President, talking on the motion, I would like the attention of the chairman of the Licensing Committee. I would like to make a motion that all of those applications now on file be granted blanket approval, and those that follow be referred to the Committee on Licenses.

President KELLY—I am sorry, there is a motion before the Council now to refer all these petitions to the Committee on Licenses.

Coun. KINSELLA—It has not been acted on.

President KELLY—It has not been acted on yet.

Coun. KINSELLA—My motion having come later would supersede it.

President KELLY—No, the motion to commit to the committee will take precedence over your motion.

Coun. KINSELLA—After that is disposed of, my motion is in order.

President KELLY—You are at liberty to make another motion. The motion is to commit to the committee all these petitions.

Coun. COFFEY—Mr. President, has the Committee on Licenses the power to grant these licenses or is the City Clerk going to have power to grant the license?

President KELLY—I am informed the City Council votes the license and the City Clerk issues it.

Coun. COFFEY—Mr. President, speaking on the motion, I want to bring out a statement that the councilor from the Back Bay (Councilor Chase) made about these fellows coming in and applying for licenses before the Committee on Ordinances had set a fee. I told the four bowling alley proprietors in my town to come over and apply for a license. Whether all four of them did or not, I do not know. I did tell them to come over a week ago last Monday. We, on the floor of this Council, accepted the act. I thought there would be a meeting during the week and without doubt an agreement would be reached as to the fee. They applied for the license. If the fee established was excessive, they did not have to pay it or take it. I want Sunday bowling. I want it to open in my town this Sunday if it is humanly possible. I told the Orient Heights Palace and the alleys are all engaged for next Sunday, one of them by a church organization. I have issued an assurance to the group over there that as far as I am concerned, bowling would be in effect by next Sunday. I am going to ask that this motion now, to refer all petitions to the Committee on Licenses, be rejected, and we act on the licenses today—and pass them. Others can come in and ask for a license any day during the week. The Committee on Licenses before next Monday can act on the new applications and report them back a week from today.

The question came on referring the petitions to the Committee on Licenses.

Coun. BRYAN—Mr. President, I would like to have the chairman of the Committee on Licenses hold up any petitions that may come in for Ward 20. I hope they will not be acted upon.

President KELLY—There are none here today. Councilor Scannell, will you refer to the councilor from Ward 20 (Councilor Bryan) when any petition is made for a license?

Coun. SCANNELL—I shall.

President KELLY—Thank you.

Coun. RUSSO—Mr. President, I wish to call to the minds of the councilors present the fact that we just passed the ordinance. The ordinance is not the one that the Mayor sent to us. It has not been signed as yet. I think we will not be acting wisely by accepting the petitions without even knowing whether or not the Mayor will sign the ordinance. Not only that, in order not to have any question in the future, I would like to see any bowling alley petition that comes in before the Council sent to its proper committee in proper channels. That is the only reason why I made that motion in order to start out on the right step. We may be doing injustice to other individuals who may come along later on.

Then petitions will be referred to the Committee on Licenses. Why not give them all the same privilege and let them all go through the same channels? If we start in that way, at least it will not be said that so-and-so in our district presented his application and it was put through the Council the same day, and "Why couldn't you put mine through the same day?" Those are the things we ought to think about. They will be hitting us later on. I see no harm so far as that is concerned, by waiting another week. We have accepted the Act. Nobody is going to lose anything by it. Give us the privilege of knowing that the Mayor has signed it. Then we can act upon it. I feel we would be putting a burden on his Honor the Mayor by saying that we accept the petitions without even knowing whether or not he is going to sign this. I think that is a fair motion that these be sent to the Committee on Licenses.

Coun. MORIARTY—Mr. President, I wonder if the clerk would clear up for the enlightenment of the Body whether there is or is not a point of illegality in passing these today in anticipation of the Mayor's approval?

President KELLY—Just a minute. The clerk will state the Council has passed the Act for Sunday bowling in Boston. He received applications of the various owners of the various bowling alleys in the City of Boston. Now the clerk states he will not give anybody any license until his Honor the Mayor signs the ordinance. It is perfectly legal for us to pass on the petitions today.

Coun. MORIARTY—Mr. President, it seems there is a degree of illegality when the Mayor has not as yet received the new ordinance so that we have no authority whatsoever to pass any of the licenses here today.

President KELLY—I am informed by the clerk that the Mayor will sign the ordinance before any petitions are presented to him.

The question came on referring all the petitions to the Committee on Licenses. The motion was declared carried. Councilor Coffey doubted the vote and asked for a roll call. A sufficient number of councilors having joined Councilor Coffey, the clerk called the roll. The motion was defeated, yeas 7, nays 9.

Yeas—Councilors Bayley, Bryan, Cantwell, Cook, Moriarty, Russo, Sullivan—7.

Nays—Councilors Coffey, Fish, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, Scannell—9.

President KELLY—The Chair will instruct the clerk to mark Councilor Muchnick as voting "Present."

Coun. MUCHNICK—The Chair can instruct the clerk in any fashion he wishes. I wish to be recorded as not voting.

President KELLY—Councilor Muchnick, all I am doing is trying to enforce the rules of the Council. The rule of the Council is that all the members on a roll call vote will vote "Yes," "No," or "Present." You know what the rules of the Council are. All I am doing is trying to uphold the rules of the Council.

Coun. KINSELLA—Mr. President, I now move confirmation of those existing applications, subject to the Mayor's approval, but all further applications to go through the Committee on Licenses.

Coun. SULLIVAN—Mr. President, when these petitions were filed with the City Clerk, were they filed with the \$1. per alley per week stipulation, or under what conditions were they filed?

President KELLY—I am informed they were filed subject to what took place in the City Council, and the clerk tells me their attitude was if the fee was too high, they would not take the license out.

Coun. SULLIVAN—Mr. President, up until today—only a few minutes ago—it was believed there was going to be a fee of \$5 per alley per year. Did someone have any advance information? When the public hearing was held here, they would not pay \$1 per alley per Sunday. Did they have any advance information?

President KELLY—I understand from the clerk some of them understood they were going to pay \$5 an alley.

Coun. SULLIVAN—I am going to ask that all licenses in Ward 9 be held up if they have had additional advance information that I did not get until today. If outsiders can get advance information, I think it is about time we all quit.

Coun. KINSELLA—Mr. President, I would like to amend the motion. I would like to say, subject to the approval of the councilors in the various wards, all those licenses be approved today upon final approval of the Mayor's office and that all future licenses go to the Committee on Licenses.

President KELLY—What is that amendment?

Coun. KINSELLA—Only that the wishes of these local councilors, in this particular matter, be regarded, and that all others to which no councilor objects at this moment be approved, subject to the approval and signature of the Mayor of the ordinance itself.

The question came on approval of the various petitions, with the exception of that of Joseph Grant, 2235 Washington street.

Coun. CHASE—Mr. President, I am at a loss to understand how these petitioners were willing to take a chance to pay a license fee irrespective of what it might be. I wonder if it would not be a wise thing to lay the matter on the table and consult the Law Department on whether or not they can make an application under the circumstances.

There was no law in existence when they made their application—that is, a law pertaining to a license fee. I do not think it is advisable for the Council to act so hastily on behalf of the petitioners. I think the entire circumstances surrounding the petitions are peculiar inasmuch as these bowling alley proprietors were willing to take a chance irrespective of what the fee was going to be. I as a councilor, sir, had no idea what the ultimate vote of the City Council would be. Neither did any other member apparently have any idea. Yet strangers to your municipal government were willing to file petitions to pay apparently as high as \$1 per alley when the Council chooses to give them a 10-cent fee. This whole thing is bad. I do not like the looks of it. I think it is advisable for us to lay it on the table until some later date. In the meantime, we can ascertain more about the matter.

President KELLY—The motion is out of order. You have already made a motion to lay on the table and it was defeated.

Coun. KINSELLA—Mr. President, I would like to offer an opinion on some of Councilor Chase's remarks. We were assured a few minutes ago by no less a person than the City Clerk, whose word here has always been respected, that some of these applicants indicated that they would not be interested in a fee in excess of \$5. No assurances were offered by the clerk or anyone else that their applications were out of order. They were all told they would be subject to the action taken up here today which, as Councilor Chase well says, appears to be a spontaneous action and not by any prior arrangement. The clerk is a member of the Body in the sense that he is one of us. We can respect his word. I think that the applications were accepted in good faith subject to the conditions which he made known to the various applicants. I would like to ask the clerk, through the Chair, Mr. President, what is the oldest and newest date on that list of applications?

President KELLY—I understand all these applications were filed this morning with the City Clerk.

Coun. KINSELLA—All of them?

President KELLY—That is right.

Coun. CHASE—Is there any petition there from my district? Mr. President, you have two petitions from my district. Far be it from me to hold up these petitions if the Council in its wisdom feels they should be granted, but I, sir, shall vote against it entirely, every petition before the Body. I do not think, Mr. President, that we are doing things in order in rushing matters like this. To be frank with you, I am a little bewildered by the entire transaction and because of that bewilderment—and I know there are other councilors wondering what it is all about—I see no great haste in voting on these matters. These matters will admit of delay. There is no reason why they could not stay on the table until further knowledge is given to the members of the Council. I think if some of the members of the Council saw fit to inquire into the cost of maintaining bowling alleys, as far as the city is concerned, they would be justified in changing their vote and asking for a larger license fee.

Coun. COOK—Mr. President, will the councilor confine his remarks to the motion?

President KELLY—We are talking on the motion to pass these petitions, with the exception of Joseph Grant, 2235 Washington street. Kindly confine your remarks to the motion.

Coun. CHASE—Mr. President, I still am of the opinion on the cost of municipal services that I am talking in order. I still maintain, sir, that a 10-cent per alley fee is a ridiculously low figure to be charging.

President KELLY—Let me state this. I have been very lenient up here today with you. I do not want to rule you out of order. You have gone through that on three different occasions on the floor. You have to confine your remarks to the petitions before us. I will have to rule you out of order if you still continue to talk on that subject.

Coun. CHASE—Mr. President, frankly I think this whole matter stinks. I am going to vote against every petition.

Coun. SCANNELL—Mr. President, from the remarks of the councilor from Ward 4 (Councilor Chase), it seems to me that anything in this City Council that comes before the members of the Body and does not seem agreeable to him stinks. That is true of abatements or anything else that the Mayor of Boston sends up here from downstairs. But when the man from Ward 4 wants to vote in the Legislature to give the people of the City of Boston a chance for Sunday bowling, I am sick and tired of hearing that things stink in this Body. It is not fair. It is not fair to the members of the Body. If he has anything to say about any member of the Body, let him get up and put the finger on them.

Coun. COOK—Mr. President, I want to make this statement prefacing my vote. It is rarely that I go along with the councilor from Ward 4 (Councilor Chase). I am going to vote against all the petitions, not on the basis that there is anything wrong because I think that the people who filed the petitions did so in good faith. I think, however, as a matter of orderly procedure, the way the bowling bill was explained in the public hearing, that the public has a right to expect that, when petitions are filed, they will go through the Council in an orderly manner, which to my mind is to give them to the Committee on Licenses, who will give the councilor from the dis-

trict where the petition is filed a chance to be heard, and the people there if they so desire. Then they can be brought out on the floor of the Council. For that reason I think that even though these other petitioners in good faith filed their petitions, they should wait, as should all the other bowling alley petitioners that may come forward in the future to take it through the regular channels. I do not think it is fair of any councilor here who is defeated on a motion to say that the matter stinks, to use the term he used. I have yet to hear him say that anything brought before the Council with which he did not agree was honorable. He used the same tactics in the \$5,000,000 off-street parking program. I think that the Chamber of Commerce, the banking people, the labor people, and all those who appeared in favor of that would be amazed to find out that all they were in favor of stunk, if that is the correct past tense of the word used by the councilor. I think we ought to vote on it now. I hope the motion is defeated, and the petitioners referred to a proper committee.

Coun. CANTWELL—Mr. President, I wish to have any petitions in my ward held up.

Coun. MADDEN—Mr. President, I can assure the distinguished councilor from Ward 4 (Councilor Chase) or any other councilor that no bowling alleys in Brighton stink. The only thing that stinks in Brighton is the contract given to the garbage men. I have been yelling like blazes for weeks to see if we could not get a little fairer deal. I am surprised in finding out I am all alone. It is astonishing to me to see so many of my brothers here suddenly appearing with halos over their heads. I do not want to talk about any city business and say it stinks, unless I am absolutely sure. It is a little unfair of any member of this Body to talk about stinks and smells. I am a businessman, gentlemen, and a lawyer, too. I have found out from bitter experience that running a business, whether it is a golf range or bowling alleys or a grocery store, is not all a matter of profit. I for one certainly cannot see anything wrong in giving the boys and girls in my district an opportunity to go out and bowl, if they want to. If bowling is a sin, a crime, offensive to the councilors and the people in their districts, that is their business. I have not had one solitary person in Brighton come to me and say, "Don't vote for this, because it smells." I think it is a little unfair for a councilor to make personal remarks or have a personal ax to grind against any people in the district. It is unfair to say that everything that comes before the Council is tainted.

Coun. COFFEY—Mr. President, may I have the petitions in my ward now acted upon favorably?

President KELLY—There is a motion before us now that all the petitions be approved with the exception of one in Ward 9, two in Ward 18. The motion before us now is to pass all the petitions with the exception of Joseph Grant, 2235 Washington street, Domenick Rubbico, 4264 Washington street, and Joseph Oren, 1348 Blue Hill avenue.

The question came on the motion to approve the petitions with the above three exceptions, and the motion was carried.

President KELLY—The Chair will refer the other three petitions to the Committee on Licenses.

ELECTION DEPARTMENT WORKERS.

Coun. KINSELLA—Mr. President, I do not know how to put this. It may be a point of personal privilege. I want to acquaint Councilor Scannell with the fact that the Body today voted to place before the Executive Committee the removal of the 54 Election Department workers. In view of the fact it was not properly referred to the Committee on Public Safety, Councilor Scannell should know about it.

President KELLY—Councilor Scannell, you understand the order you referred to the Committee on Public Safety has been referred to the Executive Committee for public hearing?

Coun. SCANNELL—Yes, sir.

Adjourned at 6.20 p. m., on motion of Councilor Chase, to meet on Monday, November 18, 1946, at 2 p. m.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which was adopted February 28, 1946, and was effective June 3, 1946, for a trial period of sixty (60) days, and which was extended for a further trial period of sixty (60) days from August 2, 1946, and which was extended for a further trial period of sixty (60) days from October 1, 1946, is hereby extended for a further trial period of sixty (60) days from November 30, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:
Albany Street, Boston Proper.

Southeast side, from Broadway to Massachusetts avenue, 8 a. m. to 10 a. m.

Northwest side, from Broadway to East Concord street, 4 p. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted July 18, 1946, and were effective July 22, 1946, for a trial period of sixty (60) days, and which were extended for a further trial period of sixty (60) days from September 20, 1946, are hereby extended for a further trial period of sixty (60) days from November 19, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Commonwealth Avenue, Boston Proper.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, the following rules are effective from 8 a. m. to 8 p. m. on Saturday, November 16, and Sunday, November 17, 1946:

The following streets are one way in the direction indicated:

Chapman Street, Charlestown.

From Rutherford avenue to Main street.

Rutherford Avenue, Charlestown.

From Dunstable street to Chapman street.

Parking of vehicles is prohibited in the following street:

Chapman Street, Charlestown.

Both sides, from Rutherford avenue to Main street.

CITY OF BOSTON.

FIRE DEPARTMENT.

PUBLIC AUCTION.

MARINE BOILERS.

The City of Boston will sell at public auction all its right, title and interest in and to the following:

Two (2) scotch dry-back marine boilers weighing 30 tons each. Length, 11 feet; diameter, 11 feet; 300 horsepower each; 150 pounds steam pressure allowed. Each boiler has two (2) corrugated furnaces built for oil or coal burning. Both inspected and approved by United States Coast Guard Merchant Marine Inspection Bureau.

Time of Sale: Tuesday, December 3, 1946, at 11 a. m., at Hodge Boiler Works, 103 Sumner street, East Boston. Minimum price is ten thousand dollars (\$10,000) for both boilers.

A deposit of two thousand dollars (\$2,000), in cash or certified check, required at the time and place of sale, balance to be paid in thirty (30) days.

The Commissioner reserves the right to reject any or all bids. Further particulars from the Fire Commissioner, Bristol street, Boston.

RUSSELL S. CODMAN, JR.,
(Nov. 23-30.) *Fire Commissioner.*

PROPOSALS FOR FURNISHING BREAD AND ROLLS FOR BOSTON PUBLIC SCHOOL CAFETERIAS.

The School Committee of the City of Boston invites bids for furnishing and delivering at certain school buildings, in accordance with orders, bread and rolls for use in the Boston public school cafeterias. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Bread and Rolls." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$200, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, December 9, 1946. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

J. GEORGE HERLIHY,
Acting Business Manager of the School Committee.
(Nov. 23.)

READVERTISEMENT.

CITY OF BOSTON.

FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO THE FOLLOWING FIRE STATIONS: ENGINE 14, ELIOT SQUARE, ROXBURY; ENGINE 41, 16 HARVARD AVENUE, BRIGHTON.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., herein after referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 14, Eliot square, Roxbury; Engine 41, 16 Harvard avenue, Brighton.

Proposals will be received until 12 o'clock noon, Friday, November 29, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to bidders, upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, November 26, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

RUSSELL S. CODMAN, JR.,
(Nov. 16-23.) *Fire Commissioner.*

CIVIL SERVICE EXAMINATIONS.

JUNIOR BACTERIOLOGIST, BOSTON HEALTH DEPARTMENT, DECEMBER 21, 1946.

Last date for filing applications, Monday, December 2, 1946, at 5 p. m.

Salary: The entrance salary is \$1,700 a year; the maximum salary is \$2,000 a year. Temporary salary increase as authorized by the City of Boston.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: General bacteriological and serological techniques in the diagnoses of communicable diseases; routine inter-department examinations involving food, water, milk, etc.; preparation and standardization of reagents and biologicals for diagnostic tests; and related work as required.

Entrance Requirements: Applicants who have passed their forty-fifth birthday on the day of examination will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application. Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.) Applicants must have at least four years of full-time, paid employment in diagnostic bacteriology in a public health or other recognized laboratory. Substitutions: Graduation from a recognized college with a major in biology or chemistry may be substituted for two years of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, DECEMBER 21, 1946.

Last date for filing applications, Monday, December 2, 1946, at 5 p. m.

Salary: The entrance salary is \$1,500 a year; the maximum salary is \$2,000 a year. Temporary salary increase of \$200 a year, as authorized by the City of Boston.

Vacancies: At present there are seventeen vacancies, to be filled on a permanent basis.

Duties: In accordance with accepted case work methods, to be of service to persons who desire help in solving social difficulties arising from complications of mental and physical ill health, including the gathering of social data, analyzing of the causes of difficulties, and following out of plans indicated through the use of social resources and individual social treatment, working jointly with the physician in reinforcing medical care by social readjustment; to interpret the patient and his condition, and the hospital, to the patient's family and friends, and to other agencies; to determine accurately the social eligibility of patients for admission to the Out-Patient Department and to the wards of the Boston City Hospital; to interview applicants for admission, to evaluate data obtained, to arrange a suitable plan for the patient, i.e., admission, future appointment, or reference elsewhere, and to assist in the transfer of chronic cases to other institutions for extended treatment; and to perform related work as required.

Entrance Requirements: Applicants must have two years of satisfactory full-time paid employment in medical social work in a recognized public or private hospital, clinic, or social agency. Substitution: 1. Full-time social work training, other than medical social work training, in a recognized graduate school of social work may be substituted for a maximum of one year of the specified experience on a year for year basis. 2. Completed full-time training in a recognized graduate school of social work with a major in medical social work or with at least one period of field work in medical social work in a recognized public or private hospital, clinic, or social agency may be substituted for the specified experience, year for year.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

COPYHOLDER, BOSTON PRINTING DEPARTMENT, DECEMBER 21, 1946.

Last date for filing applications, Monday, December 2, 1946, at 5 p. m.

Salary: \$32 a week plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there are two vacancies for females, to be filled on a permanent basis.

Duties: To assist the proofreader by reading manuscript copies; to notice irregularities in the manuscript such as spelling, punctuation, etc.; to revise page proofs or galley proofs of corrected matter, requiring familiarity with proofreaders' marks; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING OXYGEN, ACETYLENE AND CALCIUM CARBIDE FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at school buildings, in accordance with orders, oxygen, acetylene and calcium carbide for use in the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Oxygen, Acetylene and Calcium Carbide." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for at least 5 per cent of the total bid, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, December 5, 1946. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of the bids. The School Committee reserves the right to reject any or all bids and to accept such bid or part of bid as may be deemed best for the interests of the city. All bids will be received subject to appropriation by the School Committee to meet the cost thereof. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

J. GEORGE HERLIHY,
Acting Business Manager of the School Committee.
(Nov. 23.)

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STATE FISCAL AIDS TO CITIES AND TOWNS FOR PUBLIC ELEMENTARY AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, i. e., partly based on expenditures by the municipality.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING ASHES, CINDERS, CLINKERS AND REFUSE FROM THE FERRYBOATS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing ashes, cinders, clinkers and refuse from the ferryboats. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Ashes, Cinders, Clinkers and Refuse from the Ferryboats," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, December 3, 1946, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Nov. 23.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING COMMERCIAL VEHICLES FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing commercial vehicles for city departments, on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Commercial Vehicles." There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Thursday, December 5, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Nov. 23.) Superintendent of Supplies.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPE IN HYDE PARK DISTRICT UNDER THE TRACKS OF THE NEW YORK, NEW HAVEN & HARTFORD RAILROAD AND FAIRMOUNT COURT AND WALNUT STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for laying and relaying water pipe in Hyde Park district under the tracks of the New York, New Haven & Hartford Railroad and Fairmount court and Walnut street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipe in Hyde Park District under the Tracks of the New York, New Haven & Hartford Railroad and Fairmount Court and Walnut Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, December 2, 1946, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to, award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, NOVEMBER 30, 1946.

NO. 48

MAYOR CURLEY CALLS FOR LOCATION UNITED NATIONS HOME TO BE LOCATED IN BOSTON—POINTS TO ADVANTAGES TO BE OFFERED IN LOCAL VICINITY, PARTICULARLY IN BLUE HILLS DISTRICT, WHERE EFFORTS TO REACH WORLD PEACE MAY BE MADE IN SPOT REMOVED FROM BUSTLE AND NOISE OF LARGE CITY—A PLACE OF CALMNESS AND SERENITY AND NEARER TO GOD THAN ANY OTHER SPOT IN THE UNITED STATES OR THE ENTIRE WORLD—POINTS TO ADVANTAGES TO CITIZENS OF COMMUNITY AND ALSO THE FACILITIES TO BE OFFERED FOR GETTING NEWS OF DELIBERATIONS DISSEMINATED TO WORLD—ASKS CITIZENS TO JOIN IN URGING ORGANIZATION TO LOCATE HERE.

The following is the radio address of his Honor, Mayor James M. Curley, on Thursday, November 28, over Station WMEX, on the United Nations home site:

Upon this Thanksgiving Day I beg to direct the attention of all to what each can do to end wars and establish permanent world peace.

The Preamble to the Charter of the United Nations.

We, the people of the United Nations, determined to save succeeding generations from the scourge of war, which twice in our lifetime has brought untold sorrow to mankind; and to reaffirm faith in fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women and of nations large and small; and to establish conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained; and to promote social progress and better standards of life in larger freedom,—and for these ends: to practice tolerance and live together in peace with one another as good neighbors; and to insure, by the acceptance of principles and the institution of methods, that armed force shall not be used, save in the common interest; and to employ international machinery for the promotion of the economic and social advancement of all peoples, have resolved to combine our efforts to accomplish these aims.

The families of America gather today in conformity with an old established New England custom, a heritage from the founders to enjoy the blessings of freedom and the bounty of our nation. Before you indulge in your annual turkey dinner with its accompaniments of good things of the world, I crave your indulgence for a brief period to direct your attention to the importance attaching to the contribution of your time and energy to aid in the important work of encouraging the United Nations delegates to select as a place for the future home and the deliberations of that body in their endeavor to establish a permanent world peace.

Urges Big Welcome Effort.

I urge everyone listening in to telegraph or write at once, a simple welcome to the United Nations Site Committee, Lake Success, New York, urging the selection of the Blue Hills site in Greater Boston.

From the standpoint of benefit that will result to the city, I beg to direct your attention to the fact that it represents an addition to the year-round population of approximately twelve thousands of persons, with twice yearly at assembly time, 30,000 persons, including delegates sent here to present special pleas, visitors and extra press correspondents.

The United Nations' budget for 1946 was twenty-one and one half million dollars and in 1947 will be twenty-seven million dollars, the major portion of which will be expended for wages and salaries for stenographers, clerks, bookkeepers, accountants, and office assistance generally. The structures required to house the representatives of the assembly and their staffs will mean an expenditure of one hundred million dollars for construction work direct, in addition to the telephone, telegraph, radio and cable facilities.

Up to the present time more than 1,000 telegrams, letters and telephone communications have been received at the various radio stations, favorable to the location in the Blue Hills district, with but sixteen in opposition. We want you, on this Thanksgiving Day to make your contribution so that the number may swell into the thousands, conveying a message of cordiality, that will serve to induce the selection of Boston through a realization that we welcome the delegates and their groups as our friends.

(Continued on page 1375.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 2, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending November 23, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 140; nonresidents, 51; total, 191.

Death rate per 1,000 of population: All deaths, 12.96; nonresidents deducted, 9.50.

Death rate per 1,000 of population:

Last week, 13.43; corresponding week last year, 14.81.

Deaths by age periods, sex, etc.: Under one year, 20; one year to four years, inclusive, 3; sixty years and over, 103. Total deaths: Male, 99; female, 92; deaths in hospitals and institutions, 130.

MAYOR CURLEY URGES LOCATION OF UNITED NATIONS HOME IN VICINITY OF BOSTON.

(Continued from page 1373.)

It is the purpose of the State of Massachusetts to contribute the site, gratis.

From the standpoint of business it will represent in the vicinity of \$10,000,000 each year to our business institutions, while the extensive news service in connection with the assembly will add several million more, since more than 1,000 news correspondents and their assistants are today covering the United Nations meeting at Lake Success.

LARGEST PRINTING ACCOUNT.

The printing of reports for the United Nations organization equals the total printing business of a large city and would unquestionably prove to be the largest printing account in New England, since each copy of those many publications must be printed in forty different languages. Boston, since the days of Benjamin Franklin has held a foremost position in the printing industry and is one of the few cities in America in a position to perform the work required in connection with the United Nations Committee.

The presence of the United Nations assembly would materially add to the revenue of our recreational industry, which at the present represents an expenditure to encourage tourists, in the vicinity of a half a million dollars each year. This is our opportunity to make Boston in our day, as it was in the early days of the clipper ships, the best known city on the American Continent, and we should not lose the opportunity by our failure to devote a few minutes to sending a telegram or letter extending the welcome for which Boston has ever been known during its entire history. It is our opportunity to make Boston a world center and we can secure it if we will make the little sacrifice that is required.

To the United Nations Site Committee it is our duty to bring a realization that Boston is the most cosmopolitan city to be found in the entire United States; that it is a city whose people have given freely at every call ever made in behalf of suffering humanity in any portion of the entire world.

Its location on the Atlantic Seaboard lessens the journey by water either to Europe or South America by an entire day, with train facilities adjoining the wharves where ships discharge passengers and cargo from all parts of the world. Its Logan Airport is the most accessible to be found in the entire world, and upon completion is destined to be one of the largest direct communications by air from Boston to Europe and represents a saving of many hours over any airport to be found along the Atlantic Coast.

BROADCASTING FACILITIES.

Boston has eight operating radio broadcasting stations and is foremost in its facilities and international broadcasting with six international broadcasting channels, including Station WRUL, one of the most powerful stations in the world through which it is possible to link the United Nations Headquarters with each member nation and in this respect the facilities are comparable to those maintained by the League of Nations at Geneva.

From the standpoint of health, Boston for the last twenty-one years has been first in public health among the American cities, in fact, it can be truly said that its climate is more invigorating and healthful than any other similar portion of the Globe. From the standpoint of culture it possesses the second oldest educational institution on the continent, either North or South, Harvard University, and with substantially more colleges and educational institutions for women and men than any other American city of equal size. The Symphony Orchestra and New

England Conservatory of Music are known throughout the world.

From the standpoint of hospitals it may be truly said that there is the largest concentration of first-class hospital facilities to be found in the entire country, or the world, so that medical and surgical care of the highest order with special hospital facilities may be had here. From the standpoint of religious institutions, love of freedom and freedom of worship as the spirit wills are traits inseparable in the New England character and a temple of worship is to be found, maintained by representatives of substantially every creed. The recreational facilities are unsurpassed and this is the place to which the United Nations Site Committee are invited to come and locate their headquarters.

For countless thousands of years nations of the world have endeavored to settle differences that might arise by recourse to arms and the killing of one another. On the shore of Galilee more than nineteen centuries ago, Almighty God uttered a plea for the Brotherhood of Man and the Fatherhood of God, yet with all our progress in education and religion we

have witnessed in the last half dozen years the greatest tragedy since the beginning of creation.

WAR'S DEVASTATION.

The war differed from wars of the past, which were confined to combat between men representing armies and navies of various countries, in that it was an all out war in which, perhaps for the first time, women, children, the aged and infirm were not immune, in which peaceful cities were destroyed and not even religious or educational institutions or hospitals for the sick were spared in the mad blood lust. America, fortunately, was spared the horrors of invasion, yet, in countless thousands of American homes, death came to a son, or father, or brother, death due to combat by him with some individual whom he did not know and against whom he had no personal grievance.

We have witnessed in our country, every quarter of a century the sacrifice to the God of War, and likewise our hearts have gone out to the victims of war who escaped death only to return to us with mind gone or with bodies so badly maimed as to make them incapable of use for the remainder of their lives. In the countries of Europe it is not unreasonable that death was the lot of one in every five of the male inhabitants of the countries invaded and this was a warfare conducted without the use of the most recently developed instrument of death, the Atomic Bomb. The destruction wrought by the Atomic Bomb in Japan and its possibilities as attested by the experimental work conducted by our Army and Navy convinces every sane person that the world could not survive another war in which a recently created weapon might be utilized.

For countless thousands of years the mothers of the world have gone down into the valley of death to bring forth sons, knowing that when they arrived at manhood's estate there was always the possibility that they might be utilized for cannon fodder by some nation in the settlement of a war that could be prevented provided agencies were in existence, organized with this objective.

It is vital that the United Nations locate in a place removed from the bustle and noise of a large city, in a place that has escaped the hand of man, and represents nature as God intended nature should be represented. I know of no place possessing the calm and serenity of the Blue Hills section and I believe, in the event of this site being selected as a future home for the United Nations, they will find themselves in the shelter of two rugged hills nearer to God than any other place that might be selected in the entire world.

In these surroundings must come a realization of their responsibility to mankind and in particular, to the real sufferers of warfare, the mothers in the home. To them will come a realization that a just God still rules the Universe, and His Creation, man, has not only an obligation to Almighty God, but to his fellow human beings, regardless of race, creed or color.

A weary war-torn world that has suffered the horror of every conceivable form of brutality and persecution recognizes the vital necessity for a permanent world peace based on spiritual and economic justice, which pray God may become a reality so that the aims, aspirations, and ideals of suffering humanity through the centuries may be realized and permanent peace be the lot of the world.

CITY AUDITOR CHARLES J. FOX ISSUES NOTICE TO ALL DEPARTMENTS RELATIVE TO CLOSING OUT YEAR'S FINANCIAL OBLIGATIONS AND METHODS DESIGNED TO ACCOMPLISH THIS.

Charles J. Fox, City Auditor, has issued the following instructions to departments:

DECEMBER 14TH CLOSING.

Section 56A of chapter 44 of the General Laws provides that the City Treasurer

"... shall, until January tenth enter in his books all items for the payment of bills incurred and salaries and wages earned during the previous year, and expenditures therefor shall be deemed to be as of December thirty-first preceding."

The intent of this provision is clear—all charges applicable to the prior year shall be entered on the treasurer's books on or before January 10 of the subsequent year.

From past experience it is evident that the intent of this law cannot be complied with in a city the size of Boston if departmental requisitions and orders are honored up to December 31 as current year's charges. Being desirous of complying with the law, if possible, and in the belief that, because of current delivery difficulties, it is almost certain that orders issued after December 15 will not be billed before the close of the year, I have arranged with the heads of the Supply and Printing Departments to close the processing of all departmental requisitions as 1946 business on December 14, 1946. Printing and purchase orders, except those involving foodstuffs, issued after this date will be considered as applicable to the new year and charged against 1947 appropriations.

The same policy will be followed in connection with service orders. All orders of this type received in the Auditing Department on or before December 14 will be processed as 1946 charges, whereas all service orders received after this date will be charged to 1947.

With December 14 as the dead line for establishing 1946 obligations, it is imperative that department officials proceed at once to anticipate departmental requirements for the balance of 1946 and issue service orders for all anticipated repairs or work properly chargeable to 1946 on or before December 14 and send requisitions to the Printing and Supply Departments not later than December 10 in order to allow the securing of quotations and preparation of orders prior to the fourteenth.

PAYMENT OF 1946 OBLIGATIONS.

In order that all bills chargeable against 1946 budget appropriations may be in the hands of the City Treasurer on or before January 10, 1947, it is imperative that departments start immediately on December 16, 1946, to assemble all such bills and prepare them for submission to the auditor's office on or before January 7, 1947. Do not accumulate bills and hold them until the last minute. A steady flow of bills to the Auditing Department will be of material help in effecting an early closing of 1946 accounts.

Beginning December 16, departmental bill clerks should begin an intensive study of all open orders in their files. If the materials or services represented by these

orders have been furnished and no bill has been received, immediate contact should be made with the vendor who should be impressed with the fact that, unless a bill is received before December 31, payment will be necessarily delayed. In the event goods or services have not been received, the vendor involved should be contacted to ascertain the possibility of delivery or performance before the end of the year. If an affirmative response is received from the vendor, he should be instructed to submit his bill promptly after satisfaction of the order. In the event delivery or performance is uncertain, the 1946 order should be canceled and steps taken to have a superseding order chargeable to 1947 issued.

RESERVE FOR 1946 UNLIQUIDATED OBLIGATIONS.

As in previous years, a special reserve account will be established in closing the accounts for 1946 to provide for all bill and pay roll commitments of that year which, because of unusual circumstances, could not be processed in time for actual payment before the date set for the closing of 1946 accounts. Departmental accounts of this character will be established on receipt of a written request from the department head to provide for charges of the character previously mentioned. This letter should contain a statement of the facts applying to each item and order numbers should be given wherever possible. In general, the following requirements must be satisfied in order to include a charge in the Unliquidated Reserve Account:

1. It should cover an obligation definitely incurred in 1946.
2. It should be represented by a service, printing or purchase order issued during 1946 and properly encumbered on the records of the Auditing Department.
3. The service or purchase associated with the balance should be materially completed on or before December 31, 1946.
4. The invoice involved in the transaction is either not in hand or was received too late to be processed for transmittal to the Auditing Department on or before January 7, 1947.

PAY ROLL NOTES.

December 31, 1946, will fall on a Tuesday, the end of the pay roll week. The fact that the end of the fiscal year coincides with the end of the pay roll week will relieve pay roll clerks of the necessity of preparing split requisitions in connection with the last pay roll of the year. It will be necessary to submit only one requisition with the pay roll for the week ending December 31, 1946. The total of this requisition will be charged against the 1946 budget.

In order that pay rolls for the first week in 1947, which will include the salary adjustments recently announced by the Mayor, may be paid on time, it will be necessary for departments to

secure the approval of the Mayor and the Civil Service Commission to the proposed adjustments in advance of January 7, 1947. This will require the preparation of departmental lists showing the names of all employees concerned and the detail involved in the proposed adjustments. Forms to be used in the preparation of these lists and complete instructions will be issued by the Budget Department at an early date. A meeting of all pay roll clerks will be held in the City Council Chamber on Thursday, December 5, 1946, at 2 p. m., for the purpose of explaining the procedure to be followed.

Since two retirement systems will be in effect beginning January 1, 1947, two retirement deduction columns will be used on pay rolls prepared after this date. Instructions on this phase of 1947 pay rolls will be given at the December 5th meeting of pay roll clerks. Remember the necessity for contacting the Retirement Board during December to ascertain the members of your department who have filed waivers, thus indicating a desire to retain their present pension status.

CHARLES J. FOX,
City Auditor and Auditor of the
County of Suffolk.

INCREASE IN POLICE FORCE.

The following letter was, on November 21, sent to Col. Thomas F. Sullivan, Police Commissioner of the City of Boston, by his Honor the Mayor:

DEAR SIR,—You are hereby authorized to include in the police budget for the year 1947 the amount necessary to provide for fifty-four additional patrolmen, as determined by you to be necessary to put into effect the so-called "one day off in six."

The effective date for reduced hours of service in the Fire Department will be February 4, 1947. In order to provide for the same effective date for reduced hours of service in the Police Department, I shall be glad to attach my signature, under date of February 3, 1947, to whatever papers are necessary to effect this action.

Respectfully,

JAMES M. CURLEY, Mayor.

CLAIMS DISAPPROVED.

The following sixty-one claims have been disapproved by the Law Department:

Assessing Department, one claim; Fire Department, fourteen claims; Foreclosed Real Estate Department, one claim; Park Department, four claims; Penal Institutions Department, one claim; Police Department, five claims; Public Buildings Department, one claim; Public Works Department, thirty claims; School Committee, two claims; Street Commissioners, one claim; Transit Department, one claim.

AIDS PAID TO ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME TAX REVENUES.

Only since 1919 has the state participated widely in the financing of elementary and secondary schools. Before that time state aid to municipalities was less than 2 per cent of the total cost of education, and was granted only to a limited group of towns. In 1919, however, provision was made for payments from the proceeds of the newly enacted personal income tax to every city and town which met certain teacher salary and qualification standards. Except for slight modifications the program is still the same as that established in 1919 (chapter 363, Acts of 1919). Every city and town is paid a fixed amount for every teacher employed (primary reimbursements), and some municipalities with low valuation per pupil receive additional grants (supplementary reimbursements).

POLICE PENSIONS AND BENEFITS.

On December 1, 1944, there were 426 persons on the pension roll. During the year 24 died, viz.: 2 captains, 1 lieutenant, 2 lieutenant-inspectors, 4 sergeants, 13 patrolmen and 2 annuitants. Eighty-six were added, viz.: 3 lieutenants, 13 sergeants, 67 patrolmen and the widows of Patrolman Eugene F. Brady, Patrolman Frank B. Callahan, Patrolman Stephen X. Mahoney, who died from disability received in the performance of duty, leaving 488 on the roll at date, 440 pensioners and 48 annuitants.

The payments on account of pensions and annuities during the past year amounted to \$546,350.33, and it is estimated that \$845,094.23 will be required for pensions and annuities in 1946.

The invested fund of the Police Charitable Fund amounted to \$207,550. There are 43 beneficiaries of the fund at the present time, and there has been paid to them the sum of \$6,729.50 during the past year.

POLICE DEPARTMENT PERSONNEL.

The police personnel of the department on November 30, 1945, consisted of 1 superintendent, 5 deputy superintendents, 28 captains, 63 lieutenants, 1 lieutenant-inspector, 185 sergeants, 1,867 patrolmen, 15 patrolwomen, 94 provisional temporary patrolmen and 1 provisional temporary patrolwoman; total, 2,260.

On November 30, 1945, there was a total of 2,502 persons, including civilian employees, on the rolls of the department.

During the year in General Orders, officers were commended as follows:

Captain, 1; lieutenants, 6; sergeants, 8; patrolmen, 34; department as a whole, 1.

POLICE EXPENDITURES.

During the twelve months ending November 30, 1945, the total expenses of the Boston Police Department amounted to \$6,426,363.77. This included the pay of the police and employees, pensions, supplies, expense of listing (\$68,253.96, the annual listing on January 1 of all residents twenty years of age or over), and the maintenance of the Police Signal Service.

In the corresponding period of 1944, expenditures totaled \$6,202,557.44.

MAYOR CURLEY MAKES PLANS FOR INCREASES IN SALARIES OF MORE THAN 13,000 CITY EMPLOYEES IN 1947.

From studies made by the Budget Commissioner it is evident that cost of living compensation adjustments for city employees have lagged behind those granted by the Stat and Federal governments and by business and industrial concerns. As a result, municipal employees have left and are leaving the city service, and difficulties have been experienced in a number of services in securing replacements because of the relatively low compensation attached to the positions.

At the present time, the possibility of a material reduction in the immediate future in the cost of living appears remote. I, therefore, feel it is necessary to make provision in the 1947 budget for a general adjustment of municipal salaries.

After lengthy consideration and study of the problem, I have decided to make existing E. C. A. rates permanent as of January 1, 1947, and at the same time provide for a \$200 general advance in salaries and wages except for those employees who, according to the record, have received in recent years extraordinary or exceptional treatment in the matter of compensation.

The action contemplated with regard to E. C. A. will mean no additional expense to the city but it is estimated that 13,000 city and county employees, exclusive of school employees, will be effected by the general increase, thus making necessary an additional budget appropriation of \$2,600,000. Since in 1947 provision must be made in the budget for the additional expense involved in establishing a forty-eight-hour week for Fire Department employees and for anticipated material increases in welfare and soldiers' relief disbursements, I feel that the adjustments proposed represent the maximum action that can be taken within the current financial resources of the city.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Leave of absence with pay for Charlotte F. Cashman, a permanent employee, has been extended until January 18, 1947.

Permission has been given to continue the employment of Mary Gillespie, 11 Woodward Park street, Dorchester, as temporary typist-clerk at \$4 a day plus \$200 E. C. A.

COLLECTING DEPARTMENT.

Thomas J. Fennessey, George W. Powers and Leo F. Roy have been promoted to teller, at no increase in salary.

FIRE DEPARTMENT.

George L. Evanson, 46 Pearl street, Dorchester, lieutenant, has been retired at \$1,933.33 a year.

HOSPITAL DEPARTMENT.

General Division.

For the week ending October 29:

The following weekly nurse has been appointed:

Permanent.—Margaret M. Gearing, 11 East Newton street, floor nurse, \$1,600 a year.

The following changes in rating have been made:

Mary Boyd, floor nurse, at \$1,700 a year to part-time floor nurse at \$940 a year; Amelia L. Doyle, floor nurse, at \$1,650 a year to part-time floor nurse at \$820 a year; Alice J. Bell, floor nurse at \$1,600 a year to supervising nurse at \$1,980 a year; Ann Phillips, floor nurse at \$1,980 a year to head nurse at \$1,880 a year.

The following provisional employees have been appointed:

Dr. Joseph E. Maurer, 2810 West Kentucky street, Louisville, Kentucky, assistant resident, Urological Service, \$600 a year.

MAYOR CURLEY MAKES REPLY TO FINANCE COMMISSION ON SALES OF LAND AT CLEVELAND CIRCLE AND IN EAST BOSTON — POINTS TO FACT MORE THAN \$1,250,000 HAS BEEN RECEIVED FROM AUCTION LAND SALES AND MOVE WAS ADVANTAGEOUS — OTHER ITEM A MATTER FOR SCHOOL AUTHORITIES AND HIMSELF AS COMMISSION TO DECIDE UPON.

On November 22 Mayor Curley addressed the following letter to the Finance Commission:

EDWARD F. MULLEN, *Chairman, Finance Commission*, 24 School Street, Boston, Mass.

MY DEAR MR. MULLEN,—I am in receipt of your communication with reference to the sale of land, other than at auction, in the vicinity of Cleveland Circle, and likewise, your objection to the disposal of the Blackinton School in East Boston.

I beg to state that more than \$1,250,000 has been received by the city for the sale of land at auction, that has been taken for nonpayment of taxes, for which some city departments had no further use. It has been my desire to convert property from which no revenue has been received into revenue-producing property; and in the particular case to which reference has been made, land in the vicinity of Cleveland Circle, I beg to state, in addition to receiving twice the assessed valuation of the property, assurance has been received that there will be constructed thereon a branch of one of the leading department stores of Boston with a taxable value upon completion in the vicinity of \$400,000.

I am not at liberty to disclose the name of the concern that it is proposed shall occupy the premises, but upon a recent trip through Wellesley, I discovered that nearly every one of the outstanding houses in Boston has established branches there,

and unless we take advantage of the opportunity of locating this particular enterprise at Cleveland Circle, there is a possibility that it might go to Wellesley or elsewhere. I believe it is a good trade for the city to make, and I am quite certain that if the Finance Commission were aware of all the facts connected with this particular transaction, it would, instead of being critical, feel that it was the proper thing to do.

In other words, we receive a direct payment in excess of \$33,000 for land that is not being used for any useful purpose at the present time, and upon the completion of the proposed development there, we will receive revenue, in the form of taxes, from the structure with an estimated value of \$400,000.

With reference to the Blackinton School matter, it is my understanding that no action has been taken at the present time by the committee charged with the disposal of this property, namely, the School Committee, the Superintendent of School Buildings, and the Mayor, but when the matter comes before us for consideration, I shall be most pleased, as an individual member of the Commission, to exercise my best judgment with reference to the disposal of the property.

Respectfully,

JAMES M. CURLEY, *Mayor*.

Sanatorium Division.

Dr. Donald F. Rayl, 1031 South Phillips avenue, Sioux Falls, South Dakota, permanent resident surgeon, \$1,800 a year plus \$200 E. C. A. and maintenance.

OVERSEERS OF PUBLIC WELFARE.

Evelyn Dorothea Cazzalio, 15 Brent street, Dorchester, temporary clerk-typist, \$1,000 a year plus \$200 E. C. A.

Silvio A. Norcia, 144 Havre street, East Boston, provisional temporary night watchman, \$30 a week plus \$200 a year E. C. A.

PRINTING DEPARTMENT.

Charles D. O'Connell, 41 Westover street, West Roxbury, apprentice, cylinder pressman, \$25 a week plus \$200 a year E. C. A.

Anna M. Whitney, 62 Gordon street, Brighton, proofreader, \$57 a week.

PUBLIC WORKS DEPARTMENT.

Robert P. O'Brien, veteran, 11 Estrella street, Jamaica Plain, provisional assistant drawtender, \$1,800 a year plus \$200 E. C. A.

Kathleen Burbank, 106 Knoll street, Roslindale, provisional clerk-typist, \$1,100 a year plus \$200 E. C. A.

James A. Powers, 41 Decatur street, East Boston, emergency deckhand, \$5.75 a day, no E. C. A.

Walter J. Shea, veteran, 41 M street, South Boston, provisional assistant drawtender, \$1,800 a year plus \$200 E. C. A.

REGISTRY DEPARTMENT.

Harry W. Monahan, 7 St. John street, Jamaica Plain, research assistant, \$1,500 a year plus \$200 E. C. A.

Eugene J. Good, 20 St. James street, Roxbury, research assistant, \$1,600 a year plus \$200 E. C. A.

M. Gertrude O'Donnell, 25 Corey street, Charlestown, clerk-stenographer, \$1,280 a year plus \$200 E. C. A.

Hans Himmelwait, 86 American Legion Highway, Dorchester, research assistant, \$1,400 a year plus \$200 E. C. A.

The Mayor has approved the following reinstatements:

PUBLIC WORKS DEPARTMENT.

Edward L. Coyle, 48 Yeoman street, Roxbury, teamster-laborer, \$5.50 a day plus \$100 a year E. C. A.

CIVIL SERVICE EXAMINATIONS.

JUNIOR BACTERIOLOGIST, BOSTON HEALTH DEPARTMENT, DECEMBER 21, 1946.

Last date for filing applications, Monday, December 2, 1946, at 5 p. m.

Salary: The entrance salary is \$1,700 a year; the maximum salary is \$2,000 a year. Temporary salary increase as authorized by the City of Boston.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: General bacteriological and serological techniques in the diagnoses of communicable diseases; routine inter-department examinations involving food, water, milk, etc.; preparation and standardization of reagents and biologicals for diagnostic tests; and related work as required.

Entrance Requirements: Applicants who have passed their forty-fifth birthday on the day of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application. Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.) Applicants must have at least four years of full-time, paid employment in diagnostic bacteriology in a public health or other recognized laboratory. *Substitutions:* Graduation from a recognized college with a major in biology or chemistry may be substituted for two years of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor

SUPPLY DEPARTMENT.

Upon November 5 the Mayor approved a contract with the Dwinell-Wright Company for furnishing coffee, as required, to the various city institutions, from November 1, 1946, to December 31, 1946, with an extension period to April 30, 1947, at a price of 33.7 cents per pound. The approximate amount of the contract was \$11,110.

Bids, opened October 22, were as follows:

30,000 Pounds Ground Coffee, 1-Pound Bags, Per Pound.—Delano, Potter & Co., Inc., 37 cents†; Dwinell-Wright Company, 33.7 cents.*†

CONTRACTS AWARDED.

(Continued from page 1381.)

Discount.—Delano, Potter & Co., Inc., 2 per cent, ten days; Dwinell Wright Company, 2 per cent, ten days.

* Contract awarded.

† Both companies bid only for a two-month period, from November 1, 1946, through December 31, 1946.

Upon November 5 the Mayor approved a contract as indicated in the following letter:

BOSTON, October 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Attached find copies of bids on proposals for furnishing approximately 1,125 gallons of ice cream to the Long Island Hospital for a period from November 1, 1946, to April 30, 1947, inclusive, which were publicly opened and read at this office under date of October 21, 1946. Both of the bidders, Bushway Ice Cream Company and H. P. Hood & Sons, quoted identical prices, viz., \$1.50 per gallon.

I would respectfully request that, for the best interests of the city, permission be granted me to award contracts for one half of the total amount of gallonage to each of the bidders as follows: Approximately 562 gallons to Bushway Ice Cream Company at a price of \$1.50 per gallon and approximately 562 gallons to H. P. Hood & Sons at a price of \$1.50 per gallon with alternate monthly deliveries to be made by each company named, starting with the initial delivery for November being made by H. P. Hood & Sons Company.

Due to the informality of this bidding, I would respectfully request that the above awards be made without further advertisement.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Approximately 1,125 Gallons of Ice Cream, Chocolate or Vanilla, Cut 8, Delivered Twice Weekly, as Required, Per Gallon.—Bushway Ice Cream Company, \$1.50*; H. P. Hood & Sons, Inc., \$1.50.*†

Discount.—Bushway Ice Cream Company, 2 per cent, ten days; H. P. Hood & Sons, Inc., net.

* Contract awarded.

† H. P. Hood amends his bid as follows: made from a 11 per cent mix base (12 per cent requested), cane and corn sugars (granulated sugar requested).

Upon November 5 the Mayor approved a contract with bidders as indicated for furnishing hay, grain and feed to the various city departments for the months of November and December, 1946. The approximate amounts of the contracts were as follows:

Thomas F. Culkeen, \$2,372; cash discount, 1 per cent, 10 days.

Curley Grain and Fuel Company, \$1,719.48; cash discount, 2 per cent, 10 days.

John J. White Company, \$89.50; cash discount, 1 per cent, 10 days.

Bids, opened October 25, were as follows:

Per Hundredweight.

Item 1. 10,000 Pounds No. 2 Timothy Hay.—T. F. Culkeen, \$1.64; Curley Grain and Fuel Company, \$1.49*; L. E. Page, \$1.515; J. J. White Company, \$1.545.

Item 2. 20,000 Pounds No. 1 Timothy Clover.—Curley Grain and Fuel Company, \$1.59*; L. E. Page, \$1.595; J. J. White Company, \$1.645.

Item 3. 2,000 Pounds Oats.—T. F. Culkeen, \$3.78; Curley Grain and Fuel Company, \$3.29*; J. J. White Company, \$3.65.

Item 4. 2,000 Pounds Bran.—T. F. Culkeen, \$3.10*; Curley Grain and Fuel Company, \$3.48; J. J. White Company, \$3.70.

Item 5. 200 Pounds Sunflower Seed.—Curley Grain and Fuel Company, \$14.48*; J. J. White Company, \$19.

Item 6. 100 Pounds Hempseed.—Curley Grain and Fuel Company, \$18.98*.

Item 7. 1,200 Pounds Scratch.—T. F. Culkeen, \$4.40; Curley Grain and Fuel Company, \$4.19*; J. J. White Company, \$4.40.

Item 8. Cracked Corn.—T. F. Culkeen, \$4.40; Curley Grain and Fuel Company, \$3.98*; J. J. White Company, \$4.75.

Item 9. Whole Corn.—T. F. Culkeen, \$4.40; Curley Grain and Fuel Company, \$3.95*; J. J. White Company, \$4.75.

Item 10. Canary Seed.—Curley Grain and Fuel Company, \$12.98; J. J. White Company \$12.50*.

Item 11. Straw.—T. F. Culkeen, \$2.35, rye; \$1.55, oat; Curley Grain and Fuel Company, \$2.35, rye; \$1.245,* oat; L. E. Page, \$1.32, wheat; J. J. White Company, \$2.35, rye; \$1.25, oat.

Item 12. Cracked Oats.—T. F. Culkeen, \$3.93; J. J. White Company, \$3.85*.

Item 13. Starter Mash.—T. F. Culkeen, \$4.58*, Flory's; Curley Grain and Fuel Company, \$5.20; J. J. White Company, \$5.21.

Item 14. Broiler Pellets.—T. F. Culkeen, \$4.615*, Flory's; Curley Grain and Fuel Company \$4.862; J. J. White Company, \$4.98.

Item 15. Broiler Mash.—Curley Grain and Fuel Company, \$4.806*; J. J. White Company, \$4.92.

Cash Discount, Ten Days.—T. F. Culkeen, 1 per cent; Curley Grain and Fuel Company, 2 per cent; L. E. Page, 1 per cent; J. J. White Company, 1 per cent.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, contractors, etc., for furnishing, labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, October 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to the Payne Dean Gate Operator Company for furnishing to the Water Service, Public Works Department one (1) Payne Dean gate operator adjusted for mounting on a Ford 1½-ton truck, completely equipped at a price of \$1,050 net, f. o. b. Mattison, Connecticut.

This equipment is urgently needed by the Water Service and as the Payne Dean Gate Operator Company are the sole makers of gate operators in the country no advantage would be gained by publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR. Under date of October 15, 1946, informal quotations were requested from leading dealers in the automobile tire and tube trade and the attached list of prices were received from the various bidders.

The Public Works Department notified this department that they were in immediate need of these tires and tubes. In order to avoid the delay necessitated by public advertisement we requested prices on our quotation blanks.

I would respectfully request that permission be granted me to award a contract, without public advertisement, to Thomas Hogan, Inc., the lowest bidder.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of October 21, 1946, through means of public advertisement, bids were publicly opened and read at this office for furnishing approximately 6,300 gallons of ice cream mix for delivery to the Boston City Hospital and the Boston Sanatorium for a period from November 1, 1946, to April 30, 1947, inclusive.

H. P. Hood & Sons and Whiting Milk Company were the only bidders, neither of which bids were responsive as the bid submitted by H. P. Hood & Sons contained amendments to our specifications on two counts and the Whiting Milk Company failed to deposit a bid at the auditor's office.

Informal quotations were requested by this department and the Whiting Milk Company quoted a price of \$1.93 per gallon on an ice cream mix conforming to our specifications and H. P. Hood & Sons quoted a price of \$1.994 per gallon on specifications in conformity with the Supply Department specifications.

In view of the above, I would respectfully request that permission be granted me to award a contract to the Whiting Milk Company, without further public advertisement, for furnishing to the Boston City Hospital and the Boston Sanatorium approximately 6,300 gallons of ice cream mix, as per specifications, at a price of \$1.93 per gallon, for a period from November 1, 1946, to April 30, 1947, inclusive.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that permission be granted me to award a contract, without public advertisement, to Willys-Boston, Inc., 1045 Commonwealth avenue, Boston, for furnishing six (6) new Good Roads snowplows in the amount of \$1,576.50, to be delivered to the garage at the Franklin Park Yard.

Attached is a tabulation of the two bids which were received on informal quotations. You will note that Willys-Boston, Inc., is \$76.50 higher than the other bidder, but they guarantee delivery within one week, and the plows are special for the Willys-Boston, Inc., "Jeep."

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

6 New Good Roads, or Equal, Snowplows, Five and One Half Inches, Black, Model J, 47-6 Feet Long, 18 Inches High, with Shoe Studs, with Complete Attachments and Hydraulic Lifts, Cost to Include

Installation for Jeep Model, "C. J., 2A,"—Anderson Engineering Company, \$250 each, total, \$1,500, delivered in thirty to sixty days, 2 per cent; Willys-Boston, Inc., \$262.75 each, total, \$1,576.50, delivered one week's advance notice.

BOSTON, November 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested for the purchase of one 1946 Mercury sedan (maroon) from Clark & White, Inc., 859 Commonwealth avenue, Boston, to be used by the Fire Commissioner.

The cost of this Mercury sedan will be as follows:

One Mercury sedan (maroon) with standard equipment, \$1,596.83, less taxes, \$75.29—\$1,521.54, plus spare tire and tube, \$24.81, hood light, \$3.95, tail pipe extension, \$1.50, total, \$1,551.80.

Clark & White, Inc., will guarantee immediate delivery. In my opinion, due to the present condition of the automotive market, no advantage would be gained by publicly advertising for bids. Therefore, it is respectfully requested that approval be granted me to purchase one Mercury sedan from Clark & White, Inc., at a price of \$1,551.80.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the heads of departments indicated for permission to amend or reallocate budget appropriations as follows:

FINANCE COMMISSION.

BOSTON, October 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Because charges for printing have increased in 1946, the cost to the Finance Commission of its annual volumes is substantially higher than in previous years, therefore the sum allocated to B-1 by the Finance Commission appears to be inadequate for the planned expenditure of the year.

Inasmuch as it appears that the G Item contains a substantial sum in excess of foreseeable need, the Commission requests a reallocation of six hundred (600) dollars from G to B-1.

Very truly yours,

ROBERT E. CUNIFF,
Secretary.

FIRE DEPARTMENT.

BOSTON, October 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is hereby requested to reallocate the sum of \$179.60 from Fire Hose Equipment, Departmental Equipment Loan, Fire Department, to Electric Equipment, Departmental Equipment Loan, Fire Department, in order that we may pay for the purchase of necessary fire alarm boxes.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, October 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a transfer from within the hospital appropriation, from A 1, Permanent Employees, to E-13, General Plant Materials, in the amount of \$2,000, is respectfully requested.

This transfer is needed to meet the cost of parts to be made by the Lampson Carrier Company for the record system in the Out-Patient Department which has been breaking down for the past two or three years.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

BOSTON, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of an additional sum under Hospital Department, Departmental Equipment Loan, Medical, Surgical and Laboratory, in the amount of \$500, is respectfully requested.

This amount is needed to release hospital requisition No. 2613, for one monorail tube stand and rotating anode tube to be used in the X-Ray Department. The present unencumbered balance of approximately \$1,700 under this particular item is not sufficient to meet the cost of this equipment which will call for approximately \$2,100.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

BOSTON, October 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a transfer in the amount of \$2,000 from within the hospital appropriation, from B-39, General Repairs, to the appropriation C-13, Tools and Instruments, is respectfully requested.

The above transfer is needed to meet the cost of brooms, brushes, mops, sponges, shears, bed handles, miscellaneous cleaning utensils, plus tools and instruments used throughout the hospital.

There is no unencumbered balance at the present time.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

BOSTON, October 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a transfer from within the hospital appropriation from A-1, permanent employees, to the appropriation C 7, Furniture and Fittings, in the amount of \$7,000, is respectfully requested.

The above transfer is needed to meet the cost of towels of all types used throughout the hospital and items of bedding that are available at the present time.

The unencumbered balance under this item is practically exhausted.

Very truly yours,

MARTIN J. ENGLISH, M. D.,
President of Trustees.

INSTITUTIONS DEPARTMENT.

BOSTON, October 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Long Island Hospital.

From A-1, Permanent Employees, \$12,000, to B-17, Care of Persons, \$12,000.

To provide for payment of bills for care of Boston cases at the State Infirmary for the remainder of the year.

It is impossible to estimate in advance just how much will be required. Expenditures the past five years varied from \$6,669 to \$18,863, and it now appears that approximately \$25,000 will be required for this year. Increase is largely due to limited accommodations at Long Island.

There will be sufficient balance under A-1, Permanent Employees, to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, October 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows:

Steamer "Michael J. Perkins."

From B-39, General Repairs, \$10, to B-4, Transportation of Persons, \$10.

To provide for taxi-hiring, emergency. On August 30 it was necessary to pay \$3 for taxi to secure a substitute member of the crew, thus maintaining uninterrupted boat service.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, November 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Steamer "Michael J. Perkins."

From B-39, General Repairs, \$1,500, to D-3, Fuel, \$1,500.

To provide for necessary coal for the remainder of the year. Requisition 41 is being held, due to shortage of funds.

It is anticipated there will be sufficient balance on B-39 to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, November 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Long Island Hospital.

From A-1, Permanent Employees, \$2,000, to A-3, Overtime, \$2,000.

From A-1, Permanent Employees, \$500, to F-11, Workmen's Compensation, \$500.

Transfer to A-3 is to provide for necessary overtime for firemen, engineers, nurses, attendants, and fire drills; also gratuities to inmates for the remainder of the year. This is necessary on account of shortage of regular employees.

Transfer to F-11 is to provide for Workmen's Compensation for the remainder of the year. It is impossible to

estimate a year in advance the exact amount which will be required on this item.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

MEDICAL EXAMINER.

BOSTON, October 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. CURLEY,—This is to request a transfer of funds in the budget of the Associate Medical Examiner, Northern Division, to cover the purchase of necessary equipment and for which there is no allowance in the budget as it now stands. This money is to be used to buy a filing cabinet and slide boxes which are required to facilitate the keeping of records in this department. We should like to transfer \$90 from Item A-2 (clerk's wages), and apply it to Item C-9. This should be sufficient to cover the cost of the above equipment.

Very truly yours,

RICHARD FORD, M. D.,
Associate Medical Examiner.

MUNICIPAL EMPLOYMENT BUREAU.

BOSTON, November 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The following reallocation of funds is respectfully requested:

From B-3, Advertising, \$0.33, to B-13, Communications, \$0.33.

It is sometimes necessary to send a telegram when other means of communication are not available to contact a person seeking employment.

Respectfully yours,

WILLIAM A. MURPHY,
Director.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, November 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following reallocation of funds for Office Expenses:

From B-4, Transfer of Persons, \$6, to B-42, Miscellaneous Services, \$6.

From B-12, Bonds, \$10; B-13, Communication, \$5, to B-37, Photography, \$15.

From D-11, Gasoline, \$10, to D-16, Miscellaneous Supplies, \$10.

B-42.—Special plates for department car, with seal of City of Boston, reading Penal Institutions.

B-37.—Photos of letter for commissioner's office.

D-16.—One carton paper cups and one container for commissioner's office.

Respectfully,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

BOSTON, November 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following reallocation of funds for the House of Correction:

From C-3, Electrical, \$100 to C-17, Miscellaneous Equipment, \$100.

From C-4, Motor Vehicles, \$2.05, to C-13, Tools and Instruments, \$2.05.

From C-5, Motorless Vehicles, \$100, to C-13, Tools and Instruments, \$100.

From C-11, Marine, \$11.89, to C-7, Furniture, \$11.89.

From C-14, Live Stock, \$265, to C-7, Furniture, \$265.

From D-10, Agricultural, \$150.07, to D-1, Office, \$150.07.

From E-9, Machinery, \$135, to E-13, Miscellaneous Materials, \$135.

From B-15, Motorless Vehicle Repairs, \$50, to B-28, Expert, \$50.

C-7, C-13, C-17, D-1 and E-13, on account of increase in prices; B-28, for government inspection, etc., unable to estimate the exact amount required.

The budget items from which the above are reallocated will not be required for the remainder of the year.

Respectfully,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Referring to the recent transfer of \$5,700 from the reserve of the Departmental Equipment, Non-Revenue, to the Public Buildings Department, for the purchase of a new ambulance and passenger car, it now appears that this sum is insufficient in the amount of \$100. This was caused by an increase in the cost of the ambulance.

I therefore respectfully request your Honor's approval of an additional transfer in the above account in the sum of one hundred dollars (\$100).

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following reallocation in the budget of the Sewer Service:

From D-11, Gasoline, Oil, Grease, \$50, to D-13, Chemicals, Disinfectants, \$50.

Balance in D-13 not yet committed is \$36.19. In order to purchase needed disinfectant for Calf Pasture Pumping Station, additional funds are necessary.

There is money available in D-11 where we have an unencumbered balance of \$461.40, sufficient for this reallocation.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following amendments in the budget of the Summer Traffic Tunnel:

From B-1, Printing and Binding, \$70, to B-4, Transportation, \$70.

For payment of expenses incurred in the inspection of treadles being repaired by the Taller-Cooper Company, New York.

From B-1, Printing and Binding, \$250, to D-1, Office, \$250.

For the printing of tunnel toll tickets.

From B-39, General Repairs, \$8,000, to B-8, Light, Heat and Power, \$8,000.

Increase in the use of electric power due to the failure of control cable. For payment of heat supplied by Printing Department.

From C-17, Miscellaneous Equipment, \$600, to E. C. A., \$600.

For the payment of E. C. A. to temporary employees.

From E 5, Sewer, \$200, to E 13, Miscellaneous, \$200.

For the purchase of various automobile parts.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, October 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that the following amendments in the budget of the Ferry Service be made:

From A-1, Permanent Employees, \$3,500, to A-2, Temporary Employees, \$3,500.

From A-1, Permanent Employees, \$300, to F-7, Pensions and Annuities, \$300.

This request is made in order to take care of all temporary employees and to cover the increase in the pensions to be paid on our monthly pension roll.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SOLDIERS' RELIEF DEPARTMENT.

BOSTON, October 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Veterans' Rehabilitation Division of the Soldiers' Relief Department by transferring the sum of \$75 from Item D-13, Chemicals and Disinfectants, to Item D-5, Medical, Surgical and Laboratory.

This transfer will make it possible to purchase certain necessary medical supplies which are required by the physician in the Veterans' Rehabilitation Division.

There are many instances when a veteran, seeking advice and information at this office, is found to require a physical examination and it is very often necessary to render emergency treatment at once.

Very truly yours,

DAVID J. BRICKLEY,
Commissioner.

BOSTON, October 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Soldier's Relief Department by transferring the sum of \$84 from Item F 8, State and Military Aid, Soldiers' Relief and Burials, to the following items:

B-35, Fees, Services of Venires, etc., \$35; C-9, Office Equipment, \$49.

The transfer to Item B-35 will make it possible to obtain commissions as notary public for seven key employees of this department. These employees are in daily contact with veterans' widows and parents of veterans who require the services of a notary public from time to time. Each commission will cost \$5.

The transfer to Item C 9 will be necessary for the purchase of seven notary hand seals for use by the above-mentioned employees. Each hand seal will cost \$7.

Very truly yours,

DAVID J. BRICKLEY,
Commissioner.

BOSTON, October 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Veterans' Rehabilitation Division of the Soldiers'

Relief Department by transferring the sum of \$7 from Item B-13, Communication to Item C-9, Office Equipment.

This transfer will make it possible to purchase one notary public hand seal for James C. Barry, Veterans' Service Counselor, who was recently commissioned as a Notary Public.

Mr. Barry receives numerous requests to notarize official documents, in his present position, and this seal is essential for the proper executing of these papers.

Very truly yours,

DAVID J. BRICKLEY,
Commissioner.

BOSTON, October 31, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Soldiers' Relief Department by transferring the sum of \$300 from Item F-8, State and Military Aid, Soldiers' Relief and Burials, to Item B 1, Transportation of Persons.

This transfer to Item B-4 will be necessary for the reimbursement of traveling expenses to official employees of this department who make investigations of the beneficiaries of Soldiers' Relief.

At the present time, there is a balance of \$74.26 in this item and reimbursement has been made for all investigations completed to September 30. Inasmuch as it will be necessary to make reimbursement for the final three months of 1946 and since these expenses average approximately \$122 per month, the amount requested is required.

Although this department's monthly case load does not exceed that of 1945, there have been more individual cases aided than there were last year.

Very truly yours,

DAVID J. BRICKLEY,
Commissioner.

POLICE DEPARTMENT ORDERS.

General Order No. 808.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, November 21, 1946, at 7.45 o'clock a. m.:

Patrolman Thomas F. O'Brien, Division 3, 26 years of service.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 809.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Saturday, November 23, 1946, at 9 o'clock a. m.:

Lieut. George W. O'Donnell, to Division 18.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 810.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Saturday, November 23, 1946, at 7.45 o'clock a. m.:

Patrolman Charles D. Bell, Division 14, 26 years of service.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 811.

Acting under provisions of chapter 658, section 7, Acts of 1915 (State Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officers, effective at the close of business, Saturday, November 30, 1946:

Wherefore, In view of this operation of law, after November 30, 1946, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Patrolman William C. Collins, Division 6.

Patrolman Patrick J. Callinan, City Prison.

Patrolman Michael J. Shea, City Prison.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS

General Order No. 70.

ANNUAL MEMORIAL MASS.

At 9 a. m., Tuesday, November 26, 1946, at the Cathedral of the Holy Cross, Washington street, Boston, the annual Solemn Requiem High Mass will be celebrated for all deceased members of the Boston Fire Department.

The Most Reverend Archbishop Richard J. Cushing will preside at the Mass and preach the sermon. The Reverend Henry J. O'Connell, Boston Fire Department Chaplain, will be Celebrant; the Reverend Thomas J. Tierney, Cambridge Fire Department Chaplain, will be Deacon; and the Reverend Dennis J. O'Leary, Quincy Fire Department Chaplain, will be Subdeacon.

All officers and members of the Fire Department and Fire Alarm Division who are off duty, also members of the Fire Prevention Division, Boston Protective Department, Maintenance and Electrical Inspection Division should make an effort to attend this Memorial Mass. Deputy chiefs are requested to detail members as follows: Division 1, six members; Division II, six members, and Division III, eight members. The uniform for privates and officers will include overcoats and white gloves, for those having overcoats, otherwise sack coats.

Members of the Fire Alarm, Fire Prevention, Boston Protective, Maintenance

and Electrical Inspection Divisions will march as separate units in the procession from Engine 3 to the Cathedral.

All members of the department who attend should report to Lieutenant-Drillmaster Augustus J. Beaupre at 8.30 a. m., Tuesday, November 26, at the quarters of Engine Company 3, Harrison avenue and Wareham street. They will march from that point to the Cathedral of the Holy Cross.

Many members of the fire service are enrolled on the list of heroic dead. Some have died in defense of country, others as the result of injuries incurred in the line of duty. Still others have passed on after illness or the natural course of years. All of these we remember in this religious service as we ourselves may wish to be remembered some day in years to come. The extent of the tribute and remembrance of our Fire Department dead in this instance rests squarely upon the department itself. By the response of members will be measured the depth of our respect for our departed fellow firemen.

All persons, all groups, and all organizations should combine in this activity to make the attendance at this service as large as possible.

Families, relatives and friends of members and former members are likewise cordially invited to attend our fourth annual Memorial Mass.

At the conclusion of the services, members shall march from the church to Engine Company 3's quarters where they will be dismissed.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

Tax for 1944..... 19 95
Tax for 1945..... 21 25

DANIEL F. DONOVAN,

Collector of Taxes for the City of Boston.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR EXCAVATING AND LOAMING AT MT. HOPE CEMETERY, WEST ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for excavating and loaming at Mt. Hope Cemetery, West Roxbury, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Excavating and Loaming at Mt. Hope Cemetery, West Roxbury, Mass.," and left before 2 o'clock on Thursday, December 12, 1946, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,

THEODORE C. HAPFENREFFER,

FRANK R. KELLY,

(Nov. 30-Dec. 7.)

Commissioners.

CITY OF BOSTON.

FIRE DEPARTMENT.

PUBLIC AUCTION.
MARINE BOILERS.

The City of Boston will sell at public auction all its right, title and interest in and to the following:

Two (2) scotch dry-back marine boilers weighing 30 tons each. Length, 11 feet; diameter, 11 feet; 300 horsepower each; 150 pounds steam pressure allowed. Each boiler has two (2) corrugated furnaces built for oil or coal burning. Both inspected and approved by United States Coast Guard Merchant Marine Inspection Bureau.

Time of Sale: Tuesday, December 3, 1946, at 11 a. m., at Hodge Boiler Works, 103 Summer street, East Boston. Minimum price is ten thousand dollars (\$10,000) for both boilers.

A deposit of two thousand dollars (\$2,000), in cash or certified check, required at the time and place of sale, balance to be paid in thirty (30) days.

The Commissioner reserves the right to reject any or all bids. Further particulars from the Fire Commissioner, Bristol street, Boston.

RUSSELL S. CODMAN, JR.,
(Nov. 23-30.) *Fire Commissioner.*

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR WASHING, PAINTING AND
PLASTERING, NINTH FLOOR, MEDICAL
BUILDING, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for washing, painting and plastering, ninth floor, Medical Building, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock p. m. on Thursday, December 5, 1946, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, before the time of opening the bids. The rate per hour to be paid those employed to do the work under this contract shall not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Washing, Painting and Plastering, Ninth Floor, Medical Building, Boston City Hospital."

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M. D.,
(Nov. 30.) *President.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER (FIR
PLANKING) FOR PARK DEPARTMENT TO BE
DELIVERED IMMEDIATELY AT BOSTON PUB-
LIC GARDEN.

The Supply Department of the City of Boston invites proposals for furnishing lumber for Park Department, as specified in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, December 6, 1946, at 12 m., at Room 1001, City Hall Annex. Envelopes containing bids to be sealed and plainly marked "Proposal for Lumber." The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Nov. 30.) *Superintendent of Supplies.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR MISCELLANEOUS ALTERATIONS,
PAINTING, ETC., AT THE VENTILATION
BUILDINGS OF THE SUMNER TUNNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for miscellaneous alterations, painting, etc., at the ventilation buildings of the Sumner Tunnel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Miscellaneous Alterations, Painting, Etc., at the Ventilation Buildings of the Sumner Tunnel," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, December 11, 1946, with a certified check for two hundred and fifty (250) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Nov. 30.) *Commissioner of Public Works.*

CITY OF BOSTON.

FIRE DEPARTMENT.

PUBLIC AUCTION.

FIREBOAT, "JOHN P. DOWD."

The City of Boston will sell at public auction all its right, title and interest to the fireboat, "John P. Dowd," built at East Boston, by Bertelson and Peterson Engineering Company in 1909. Designed by William Kehoe.

Present Equipment: Propelling engine one cross compound condensing H. P. 17" S.P. 36" stroke 24". Bronze 4-blade propeller built up type; two Blake & Knowles vertical compound condensing, double-acting duplex pumps 12"x22"x 10"x11" with rated capacity of 3,000 gallons per minute at approximately 150 pounds pressure; one condenser 1,100 square feet of cooling surface.

Two Blake & Knowles boiler feed pumps vertical type 8"x12"x5", one coil heater; one Baldwin salt water circulating centrifugal and reciprocating type; one Sturtevant reciprocating dynamo equipment 7 1/2 kilowatt complete with switchboard; one Blake & Knowles vacuum pump beam type double acting single steam cylinder reciprocating; one Blake & Knowles bilge pump vertical type; one all service pump.

Time of Sale: Tuesday, December 3, 1946, at 10 a. m., on the boat, docked at 120 Lewis street, East Boston. Minimum price is ten thousand dollars (\$10,000).

A deposit of two thousand dollars (\$2,000), in cash or certified check, required at the time and place of sale, balance to be paid in thirty (30) days.

The Commissioner reserves the right to reject any or all bids. Further particulars from the Fire Commissioner, Bristol Street, Boston.

RUSSELL S. CODMAN, JR.,
(Nov. 23-30.) *Fire Commissioner.*

CITY OF BOSTON.

BOARD OF PARK COMMISSIONERS.

PUBLIC AUCTION.

VACANT LAND, COMMONWEALTH AVENUE,
BRIGHTON, CORNER OF CHESTNUT HILL
AVENUE.

The City of Boston will sell at public auction all its right, title and interest in and to about sixty-six thousand seven hundred sixty-two (66,762) square feet of land, more or less, situated at the northwesterly corner of Commonwealth avenue and Chestnut Hill avenue, Brighton, bounded and described as follows:

Beginning at a point on the southwesterly line of Chestnut Hill avenue, thence running southeasterly by the southwesterly line of Chestnut Hill avenue, four hundred eighty-eight and 68-100 (488.68) feet; thence turning and running southeasterly and southwesterly by the southwesterly line of Chestnut Hill avenue and the northerly line of Commonwealth avenue, thirty-three and 78-100 (33.78) feet in a radius of fifteen (Rad.-15) feet; then running southwesterly by the northeasterly line of Commonwealth avenue, by two measurements, eighty-four and 26-100 (84.26) feet in a radius of one hundred ninety (Rad.-190) feet and three hundred ninety-three and 61-100 (393.61) feet in a radius of two thousand four hundred (Rad.-2,400) feet; thence turning and running northeasterly to the point of beginning by lands now or formerly of Grace D. Allen and William S. Heath, by two measurements, forty-nine and 65-100 (49.65) feet and one hundred seventy-six and 96-100 (176.96) feet, respectively. Said parcel of land and all of said measurements are shown on a plan marked "City of Boston, Commonwealth Avenue and Chestnut Hill Avenue, Brighton, June 1, 1914, F. O. Whitney, Chief Engineer, Street Laying-Out Department." The original of said plan is on file in the office of said department, City Hall, Boston, Mass.

Time of Sale: Wednesday, December 4, 1946, at 11 a. m., on the premises. Minimum price is one hundred twenty-five thousand dollars (\$125,000).

A deposit of fifteen thousand dollars (\$15,000), in cash or certified check, required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Chairman reserves the right to reject any or all bids. Further particulars from Chairman, Board of Park Commissioners, 33 Beacon street, Boston, Mass.

WILLIAM P. LONG,
(Nov. 23-30.) *Chairman.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, DECEMBER 7, 1946.

No. 49

MAYOR CURLEY PRESENTS BOSTON'S TAX CASE TO GOVERNOR-ELECT BRADFORD AND INCOMING LEGISLATURE WITH APPEAL FOR RELIEF — ALSO INCLUDES OTHER CITIES AND TOWNS IN PROPOSALS — POINTS OUT, IN RADIO ADDRESS OVER STATION WMEX, THAT POSTWAR PROBLEMS ARE SLOWLY STRANGLING MUNICIPALITIES OF STATE THROUGH INCREASED TAXES — WANTS HOME RULE FOR BOSTON AND OTHER CITIES AND LEGISLATION TO ALLOW BOSTON TO MAKE ITS OWN REVENUE-PRODUCING REGULATIONS — STATE SHOULD ASSUME WHOLE OR LARGE PART OF SCHOOL AND WELFARE EXPENSES.

The following is Mayor James M. Curley's radio address over Station WMEX on Monday evening, December 2, at 7.30 p. m., presenting Boston's case to Governor-Elect Bradford:

For sixty years there has been a history of meddling, sometimes sincere and more often political, by the Legislature with the affairs of the City of Boston.

In 1885 the City Council was divested of all administrative and executive powers. Then came the centralization of power in the Mayor, which was attained in the 1909 amendments. Next it was a segregated budget, and that went into effect in 1916. That was followed in 1926 by a change in the City Council from nine members elected at large to a City Council of twenty-two members elected by wards.

When I took office as Mayor for the third time, I found that the tax rate, which was \$17.50 in 1914, had reached \$30.80 in 1930.

Then came the depression and the problem of providing for ten or twelve millions annually to support the poor and unemployed, and of meeting the shrinkage of real estate values from \$1,950,000,000 in 1929 to \$1,536,000,000 in 1946, a loss of \$414,000,000, which necessitated a tax rate of \$42.

Besides the requirements of the citizens for new and better services from the municipality for the past thirty years, there has been a history of additional burdens put upon the city by the Legislature, ranging from Elevated deficits to pension increases, and from metropolitan assessments to the diversion of the taxes on intangible personal property from the city to the state.

No provision has been made to meet these increased expenses and losses by furnishing the city with additional sources of revenue, and the result is largely shown in the increased tax rate, the burden of which is borne by real estate.

Faddists and Theorists.

The faddists and theorists, with limited knowledge and no practical experience, can advance a formula that, to their minds, will cure all the municipal troubles.

But fads and theories and changes have failed in sixty years and will continue to fail in the future. No municipal government, no matter how established, would venture to abolish any of the services which the City of Boston now furnishes to the taxpayers. No municipal government, no matter how established, would dare to reduce the salaries of the employees of the City of Boston in the face of the increased cost of living and the increases almost universally provided for other employees.

But no substantial decrease in the expenses of the city can be obtained without adopting either or both of these methods.

The remedy lies not in a visionary scheme to change the present form of government of the city, but by action long deferred by the Legislature. Let the state assume the whole or a large part of the school expenses, the public welfare expenses, and put the city in a position to obtain additional revenue from existing or new sources, and the taxpayers can breathe a sigh of relief.

These, in short, are my sentiments relative to the necessity of changing the form of government of the City of Boston.

It is not changes in the form of Boston government, or the government of any city or town in the entire Commonwealth, that are necessary — all of them are sufferers alike from the reconstruction problems that the close of the greatest war in the history of the world has created. What we need is relief from these postwar burdens, and only the Legislature can grant it. The action of the Legislature in providing relief for the men of the armed service and their dependents, coupled with the increase in the cost of living, have so increased the burdens of the municipality as to make necessary relief in the form of increased revenue rather than further burdening of realty, which can only be reflected in increased costs to the occupant of a flat, a tenement, a house, and those in business. We are in a vicious circle, from which every city and town seeks escape at the present time, for the reason that every burden imposed upon the cities and towns through legislative enactment failed to make provision for providing the revenue necessary to meet the increased exigencies.

(Continued on page 1393.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 9, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquises, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending November 30, 1946.
Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 141; nonresidents, 40; total, 181.
Death rate per 1,000 of population: All deaths, 12.28; nonresidents deducted, 9.57.

Death rate per 1,000 of population:

Last week, 12.96; corresponding week last year, 13.32.

Deaths by age periods, sex, etc.: Under one year, 18; one year to four years, inclusive, 5; sixty years and over, 94. Total deaths: Male, 95; female, 86; deaths in hospitals and institutions, 113.

REPORTABLE DISEASES: CASES AND DEATHS.*

RETIREMENT BOARD'S REPORT SHOWS 252 MEMBERS OUT OF ACTIVE SERVICE DURING YEAR, AT PROBABLE COST TO SYSTEM OF \$315,060 — OF THIS NUMBER 147 WERE FOR SERVICE, 82 FOR ACCIDENTAL DISABILITY, AND 21 FOR ORDINARY DISABILITY — THERE WERE 2 ACCIDENTAL DEATH BENEFITS — 1,005 NEW EMPLOYEES WERE ADMITTED TO MEMBERSHIP — CASH REFUNDED REACHED TOTAL OF \$487,665.26 — COST OF ADMINISTRATION FOR 1945 AMOUNTED TO \$34,636.01.

The financial statement of the Retirement Board for 1945 as presented, reads as follows:

During the year the Board retired 252 members from active service at a probable annual cost to the Retirement System of \$315,060; of this number 147 were for service, 82 were for accidental disability, and 21 were for ordinary disability. There were 2 accidental death benefits.

During the year there were admitted to membership 1,005 new employees. The number of withdrawals from service was 773, of which 117 were due to death, 404 were due to resignation or dismissal and 252 to retirement. The amount of cash refunded as a result of these withdrawals was \$487,665.26. The cost of administering the System for 1945, which is borne by the city was \$34,636.01, which is less than one half of 1 per cent of the payments for the year.

The itemization of the administration is as follows:

Personal Service	\$25,314 74
Service Other than Personal	8,361 22
Office Equipment	25 50
Office Supplies and Postage	934 55
Total	<u>\$34,636 01</u>

A close examination of the financial statements included herein discloses a very satisfactory financial condition.

The Board wishes to acknowledge the valuable cooperation of all the employees who by their loyalty and competency have enabled the Board to maintain a high standard of efficiency in the administration of the System.

WILFRED J. DOYLE,
JAMES H. FLANAGAN,
J. GEORGE HERLIHY,
Boston Retirement Board.

WILLIAM D. KENNEY,
Executive Officer.

VALUATION BALANCE SHEET SHOWING ASSETS AND LIABILITIES OF THE FUNDS OF THE BOSTON RETIREMENT SYSTEM AS OF
DECEMBER 31, 1945.

ASSETS.		Present Value of Payments to be Received.

MAYOR CURLEY PRESENTS BOSTON'S TAX CASE TO GOVERNOR-ELECT BRADFORD AND INCOMING LEGISLATURE.

(Continued from page 1389.)

DENIALS IN MASSACHUSETTS.

In this respect, in a number of states in the nation, the cities have the right to enact revenue-producing legislation themselves, but no such right exists in the Commonwealth of Massachusetts, and the cost of compliance with the enactments of the Legislature can be borne principally but from one source—overburdening real estate. Commissions have been formed in a number of states for the purpose of scientifically attacking the problem, but no such action has, as yet, been taken in Massachusetts. I have sought unsuccessfully to induce His Excellency, the present Governor, to call a special session of the Legislature to provide relief, but have received no favorable reaction.

In the case of New York, where such a commission was appointed by the Governor in 1944, revenue-producing legislation and relief from burdensome conditions imposed by the state have been provided for every city and town in New York State. That the public appreciated this intelligent, far-visioned, and imperatively essential action by a Republican Governor and his consideration of the needs of all cities, regardless of whether they were Republican or Democratic, was attested by the vote received in the latest election in Democratic New York City by Governor Dewey, which was probably the largest ever received by a Republican in New York City. That the public are desirous of relief in our own Commonwealth was attested in the last election by the vote in Democratic Boston received by the Republican nominee for Governor. The vote in Boston in the gubernatorial election represented, to a certain extent, the independence of the Boston citizenry, regardless of politics.

REAL ESTATE RELIEF.

To every thoughtful, fair-minded individual the action taken in Democratic cities generally throughout the entire state was an ultimatum to the incoming administration that they must deal more equitably with the cities and towns in the matter of revenues, rather than continuing to impose burdens that must be borne by real estate alone.

The theory of Governor Dewey, regardless of politics, was that a strong New York City, financially sound and progressive, was vitally essential to a strong and financially sound state—and what is true in the case of New York City is equally true in the City of Boston. A strong Boston means a strong Commonwealth.

The appointment of a commission to study and report on the enactment of essential legislation at an early date is the one vital problem that should concern His Excellency and the incoming Legislature. Action along these lines is vital. The matter of the form of government, which has survived attacks of every character for a long period of years, is not vital. Not more interference, but a large measure of home rule, is the vital need of Massachusetts municipalities if they are to survive.

Governor Murray Crane and Governor Roger Wolcott, two of the patriarchs of the Republican party, gave expression in their inaugural addresses to the Legislature upon assuming the office of Governor that the municipalities of the state

REVENUES RECEIVED FROM DIVISIONS OF STREET COMMISSIONERS.

Mayor Curley on December 4 issued the following statement:

Comparison of revenue received by Permit Division and Sidewalk License Division of the Board of Street Commissioners from January 1 to November 30, 1946, and January 1 to November 30, 1945.

PERMIT DIVISION.			
Signs.	Garages.	Explosives.	Parking.
\$54,091 04 (1946)	\$3,005 00 (1946)	\$2,661 00 (1946)	\$12,598 96 (1946)
-41,520 19 (1945)	-2,044 00 (1945)	-2,649 00 (1945)	-7,621 84 (1945)
\$12,570 85 (Gain)	\$961 00 (Gain)	\$12 00 (Gain)	\$4,977 12 (Gain)
Blueprints.	Miscellaneous, over Account.	Number Permits Issued.	Revenue Received: January 1 to November 30.
\$18 50 (1946)	\$6 60 (1946)	9,529 (1946)	\$72,381 10 (1946)

\$4,810 00 (Gain)	\$000 00	\$2,089 23 (Gain)	89 (Gain)

REVENUE RECEIVED FROM JANUARY 1 TO NOVEMBER 30.

\$31,972 16 (1946)
-25,072 93 (1945)
\$6,899 23 (Gain)

REVENUE RECEIVED BY BOTH DIVISIONS FROM JANUARY 1 TO NOVEMBER 30.

\$104,353 26 (1946)
-78,917 76 (1945)
\$25,435 50 (Gain)

should be permitted to work out their own destiny without too much interference by the state. I subscribe to the judgment of these men, and believe that it is not a time to indulge in legislation that in my opinion is trivial and unimportant, as against the great major proposition that should be considered if cities and towns are to be progressive rather than static, and vital rather than stagnant.

I cannot impress too strongly upon His Excellency, Governor-Elect Bradford, the vital and imperative necessity of the appointment at an early date of a commission of outstanding citizens of the Commonwealth to consider ways and means of relieving the municipalities of the burdens created by the war, that are well-nigh unbearable, as reflected in tax rates.

NO INNOVATION.

Such action would represent no innovation, since commissions have been organized in other states and have submitted legislative programs that have been adopted and that have provided relief that was imperatively needed by municipalities. Providing the membership of this commission is made up of other than men holding political office, there is a reasonable certainty that they will be enabled to devise a program that has been too long delayed, and which will furnish the relief required.

I beg to direct the attention of His Excellency to two outstanding examples in government—one an American Liberal, and the other a great French Liberal. Our own John Adams, author of the Massachusetts Constitution, in the Preamble in 1780, set forth "The end of the institution, maintenance, and administration of Government, is to secure the

existence of the body politic, to protect it, and to furnish the individuals who compose it with the power of enjoying in safety and tranquillity their natural rights, and the blessings of life; and whenever these great objects are not obtained, the people have a right to alter the government, and to take measures necessary for their safety, prosperity, and happiness.

"The body politic is formed by a voluntary association of individuals; it is a social compact, by which the whole people covenants with each citizen, and each citizen with the whole people, that all shall be governed by certain laws for the common good. It is the duty of the people, therefore, in framing a constitution of government, to provide for an equitable mode of making laws, as well as for an impartial interpretation and a faithful execution of them: That every man may, at all times, find his security in them.

Alexis de Tocqueville, a French Liberal and government magistrate, after a visit to this country in 1831, made the following observation: "Municipal institutions constitute the strength of free nations. A nation may establish a system of free government, but without municipal institutions it cannot have the spirit of liberty." Adequate revenue facilities are essential to assure the effective conduct of municipal institutions. Unless our state legislators are willing to cooperate in the establishment of such facilities for local governments, continuance of "the spirit of liberty" as an integral part of the framework of American government will be imperiled.

In their purposes, these two notable leaders in the science of government have

set forth, in a few words, the purpose and end of government.

The concept of government in New England since Colonial days has been freedom of action by local communities—in short, home rule. If every city in this state is granted a greater measure of home rule by the Legislature, the people will take pride in the confidence that has been placed in them by the general court and work out their destiny in democratic fashion without constant interference from the Legislature.

MAYOR MOVES TO EXTEND RAPID TRANSIT SYSTEM FOR WEST ROXBURY AND HYDE PARK.

His Honor the Mayor on November 27 sent the following letter to Mr. William Stanley Parker, Chairman, City Planning Board, City Hall, Boston, Mass.:

My DEAR MR. PARKER,—I have contacted Mr. Palmer, President of the New York, New Haven, & Hartford Railroad Company, with a view to an extension of rapid transit facilities in the West Roxbury and Hyde Park sections, through the use of such portions of the railroad system as have been abandoned from Ruggles street to Hyde Park.

I believe that, if this can be done, a system of rapid transit may be worked out that will connect with the Dorchester Rapid Transit System and Hyde Park, thereby making a complete circle of rapid transit facilities for Boston.

The adoption of such a program would undoubtedly create a development as that which took place when the Dorchester Rapid Transit System was installed in Mattapan, Ashmont, Milton, and those sections of our city, which represented an increase in value of real estate in the vicinity of \$10,000,000.

My information as received from Mr. Matthews, representing President Palmer of the New York, New Haven & Hartford Railroad, is that the State Planning Board is working on a rapid transit development along the lines that have been outlined, and in my judgment it would be advisable for your Board to confer and cooperate with the State Planning Board, so that a rapid transit system for this section of our city may be made possible in a reasonable time.

Sincerely,

JAMES M. CURLEY, Mayor.

ARGUMENTS ADVANCED BY MAYOR CURLEY IN URGING UNITED NATIONS TO SELECT BOSTON AS PERMANENT HOME.

In urging Boston as a site for the permanent home for the United Nations organization Mayor Curley summarized as follows:

Greater Boston, embracing the territory within 25 miles of the State House, is the most historical section of America.

From the standpoint of climate, water supply, and natural beauty it is unexcelled.

Within this territory may be found Harvard, Massachusetts Institute of Technology, Boston College, Boston University, Tufts, Wellesley, and the best hospitalization and recreational facilities to be found in a similar area in the nation.

From the standpoint of history in this territory may be found more memorials

marking the slow, painful march of humanity for the establishment of liberty than elsewhere in America.

Here the gauge of battle for liberty and equality was sounded in the early brave days when the handful challenged the most powerful nations at that time in the world.

Here annually come thousands of visitors to view the Cradle of Liberty, "the rude bridge at Concord where once the embattled farmers stood and fired the shot heard round the world," the scene of the Boston massacre, the old North Church, and countless other historical treasures.

They return to their homes like missionaries, fortified with the patriotic inspiration gleaned here, to carry to others a realization of their priceless heritage and the need of preserving and perpetuating the same.

In this territory inspirations will be received that may help make a reality of the movement for universal peace based upon spiritual and economic justice for all the people of this war-weary world in which we live.

In the section being considered, the Blue Hill Parkway, there is room for expansion, and in this peaceful atmosphere opportunity will be afforded for calm consideration of ways to devise an acceptable peace.

Here men have died for liberty of mankind, and here have been voiced the pleas for the victims of oppression and persecution the world over.

From the standpoint of proximity to Europe, Boston is one day nearer Europe by water and boasts not only the most accessible airport and the shortest distance by air to Europe but the most powerful radio service in America.

CIRCULAR LETTER NO. 23.

CITY OF BOSTON,

MAYOR'S OFFICE, December 2, 1946.

To Heads of City and County Departments.

GENTLEMEN,—You are hereby authorized to provide for all positions, other than those the compensation of which is fixed by statute or ordinance, the following adjustments in salaries and wages, the same to be effective as of the first date of the new fiscal year:

1. Make all existing E. C. A. rates permanent as of January 1, 1947. This means the discontinuance of E. C. A. payments as such and the consolidation of amounts now paid with basic compensation rates.

2. Allow a permanent \$200 increase to all employees other than those who have received in recent years extraordinary or exceptional treatment in the matter of increased compensation.

Instructions concerning the procedure to be followed in the establishment of the foregoing adjustments will be found on the following pages. Attention is specifically directed to the final direction or instruction.

Respectfully,

JAMES M. CURLEY, Mayor.

PAY ROLL ADJUSTMENT INSTRUCTIONS.

Forms to be used in listing departmental pay roll adjustments may be secured from the Budget Department. Each set will consist of eight forms arranged in the order as indicated by the numbers shown in the upper left-hand corner, with the page number inserted where more than one form is necessary,

and to be ultimately distributed to the locations shown in the upper right-hand corner. In the event more than one form is necessary, all forms but the last may be cut off directly above the approval data, on the double line, so that but one set of signatures will be required for a department or division. Use fresh carbons to assure distinct copies. Do not list on forms names of officials or employees holding positions the compensation of which is fixed by statute or ordinance. County officials, whose employees are not under Civil Service, may discard Forms Nos. 5 and 6.

Column 1.

Place title above employee's name. If more than one employee has the same title, list the several names under the common title heading. Title should start at left-hand margin of forms, and names should be indented one half-inch. Single space between title and first name, and double space between last name in a group and next title. Single space names in a group.

Column 2.

Indicate compensation on an annual or weekly basis. Do not use *per diem* figures. Show basic compensation as it will exist on December 31, 1946, so as to reflect any 1946 sliding-scale increases which are not now in effect, but which will become a part of the basic compensation before the end of 1946.

Column 3.

Indicate present E. C. A. on same basis as compensation is shown in Column 2, namely, annual or weekly.

Column 4.

List \$200 in this column for all employees whose compensation is listed in Column 2 on an annual basis, and \$3.84 for employees listed in the same column on a weekly basis. Be sure to observe the directive of the Mayor that this general increase shall not be allowed to those employees who have received, in recent years, extraordinary or exceptional treatment in the matter of compensation. As a general rule sliding-scale increases and promotional increases are not to be considered in this category.

Column 5.

The amount shown here should represent the total of Columns 2, 3 and 4, and should reflect the same basis as is used in Column 2, namely, annual or weekly.

DISPOSITION OF FORMS.

When preparation of lists has been completed, assemble forms into one group for transmission to the Budget Department, and retain Form No. 8 in your office. The signature of the head of the department should appear on the last sheet of each form. Attach to the first group of forms the following letter of transmittal which is to be typed on official departmental stationery.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In accordance with the salary adjustment procedure outlined in your Circular Letter No. 23, dated December 2, 1946, I recommend for your approval that the salaries and wages of employees in this department, as shown in Column No. 5 on the accompanying lists, be established as of January 1, 1947. It is understood that payment of said salaries and wages is to be dependent

upon an appropriation being made by the City Council in advance of the actual payment.

Very truly yours,

[Signature
Title

TRANSMISSION TO THE DIRECTOR OF CIVIL SERVICE.

When Forms Nos. 5, 6, and 7 are returned to your department bearing the approval of the Mayor, Forms No. 5 and No. 6 should be sent to the Director of Civil Service with a letter stating that the salaries and wages appearing in Column 5 have been established under a general salary adjustment program applicable to all city employees, and that it is your understanding that, when your departmental list has been recorded, Form No. 6 will be returned to the City Auditor.

MORATORIUM ON PERSONNEL CHANGES.

After departmental lists have been sent to the Mayor, no personnel changes of any character can be allowed until January 8, 1947. This means that new appointments, changes in rating, and salary increases (other than sliding scales which are reflected on the forms) are prohibited until after the first week of the new year. Strict compliance with this rule is necessary in order to assure the regular payment of pay rolls for the week ending January 7, 1947. These rolls will reflect not only salary adjustments, but also the division of employees into the two retirement systems. This means that every money column on the current rolls, with the exception of bond and Blue Cross deductions, will be completely changed. To prepare these rolls so that they may be paid on time will be a stupendous task. Unless personnel and pay roll schedules remain in *status quo* during the preparation period, it is highly questionable whether prompt payment of the rolls will be possible.

MAYOR ISSUES STATEMENT ON PAY INCREASES AFTER FIRST OF YEAR.

Official authorization for the adjustments in salaries and wages of city and county employees, to become effective on January 1, is contained in a four-page folder now being distributed by the Mayor's office. On the first page of the folder heads of city and county departments are authorized by the Mayor to make all existing E. C. A. payments permanent and to allow a permanent \$200 increase to all employees other than those who have received in recent years extraordinary or exceptional treatment in the matter of increased compensation. On the pages following, detailed instructions are given as to the procedure to be observed in establishing departmental pay roll adjustments. Forms for this purpose will be distributed by the Budget Department.

The names of all employees affected must be listed on these forms, together with present compensation, existing E. C. A. allowance, proposed general increase of \$200, and the salary or wage to be effective on and after January 1, 1947. After preparation of the lists, departments will send them to the Budget Department for verification, after which they will go to the Mayor for his official approval, and finally to the Civil Service

Commission for consideration and approval by the Director of Civil Service.

According to the instructions, no personnel changes of any character will be allowed between the time departmental lists are sent to the Mayor and January 8, 1947. Strict observance of this directive will be required in order to avoid any delay in the payment of pay rolls for the week ending January 7, 1947, the first pay roll period during which the new rates will be effective. It is estimated that in excess of ninety thousand changes will be involved in the preparation of the first pay rolls on which the adjustments appear. To make this vast number of changes in time for the regularly scheduled payment of the rolls, it is necessary that personnel and pay roll schedules remain in *status quo* during the preparation period.

The Budget Commissioner and City Auditor will meet with departmental pay roll clerks in the Council Chamber on Thursday afternoon at two o'clock to explain all details involved in getting ready for this vast adjustment in city and county pay rolls which has been occasioned by high living costs and other economic factors.

MAYOR CURLEY, AS CONGRESSMAN, STILL MAY NAME CANDIDATES FOR WEST POINT AND ANNAPOLIS — ISSUES STATEMENT ON MATTER.

The following statement has been made public by Honorable James M. Curley, Mayor of Boston, Congressman, Eleventh District, Massachusetts:

I find in going over my record of appointments that I am still privileged to name two first alternates and two second alternates to the Annapolis Naval Academy for the year 1947 and one second alternate and two third alternates to the West Point Military Academy for the year 1947 from the Eleventh Congressional District of Massachusetts, which I represent in Congress.

Requirements for both academies provide that the individuals selected must be residents of the Eleventh Congressional District, which comprises Wards 1, 2, 3, and 22 of Boston, Wards 1, 2, and 3 of Somerville, and the entire City of Cambridge. Age requirements for Annapolis provide that all candidates must be not less than 17 years of age nor more than 21 years of age on April 1 of the calendar year in which they enter the academy. A recent act of Congress raises to 23 years the upper age limit for candidates who have served honorably not less than one year in the armed forces of the United States during any of the present wars, age to be calculated in exactly the same manner as in the basic age law.

Age requirements for West Point provide that all candidates are eligible from the day they are 17 (or 19 if from the Army of the United States) until the day they become 22 years of age. A recent Act of Congress raises to 24 years the upper age limit for candidates who have served honorably not less than one year in the armed forces of the United States during any of the present wars. All candidates must be citizens of the United States and unmarried. Any individual living in the Eleventh Congressional District meeting these requirements is eligible to make application at once, and his name will be forwarded to the proper authority at Washington for appointment.

RETIREMENT BOARD REPORT.

November 30, 1946.

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, November 8, November 20, and November 22, the retirement from active service of the following-named employees under the provisions of chapter 521 of the Acts of 1922 was approved, to become effective at the close of business, November 30, 1946:

HOSPITAL DEPARTMENT.

Mary Rhodes, cleaner, salary at time of retirement \$1,170 a year.

PARK DEPARTMENT.

Robert F. Mulvey, zoo attendant, salary at time of retirement \$1,872 a year.

POLICE DEPARTMENT.

Hugh F. Ahern, patrolman, salary at time of retirement \$2,500 a year.

Joseph P. Dalton, stenographer, salary at time of retirement \$2,300 a year.

SCHOOL DEPARTMENT.

Pauline Pike, nurse, salary at time of retirement \$2,016 a year.

SUFFOLK COUNTY.

Henry Santosuosso, officer, salary at time of retirement \$2,200 a year.

Attest:

W. J. DOYLE, *Chairman.*

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to continue the employment of Virginia S. Quirk, 30 Bellevue street, West Roxbury, for one month, at \$4 a day plus \$200 a year E. C. A.

Permission has been given to employ Marguerite Lee, 61 G street, South Boston, as clerk-typist at \$4 a day plus \$200 a year E. C. A.

Permission has been given to employ Anna Wallace, 22 McDonough way, South Boston, as temporary typist-clerk at \$4 a day plus \$200 a year E. C. A.

Permission has been given to continue the employment of the following temporary personnel for a period of thirty days at salaries, rating, etc., as listed:

Helen Denehy, 183 Chelsea street, Charlestown, typist-clerk, \$4 a day; Christina Greene, 44 Hollander street, Roxbury, clerk, Remington-Rand billing machine operator, \$4 a day; Margaret McNally, 38 Rutland square, Boston, Mary Curran, 183 Centre street, Dorchester, Roberta McDevitt, 535 Dorchester street, South Boston, Anna M. Norton, 100 Calumet street, Roxbury, Mae Breck, 41 High street, Charlestown, Ethel Calish, 25 South street, Brighton, Margaret O'Brien, 33 Zamora street, Jamaica Plain, Mary L. Keyes, 16 Lakeville road, Jamaica Plain, Ersilia Nastri, 416 Saratoga street, East Boston, typist-clerks, \$4 a day; Bernice McGillivray, 64 Granite avenue, Dorchester, temporary clerk, \$4 a day; Genevieve O'Brien, 78 Seymour street, Roslindale, Mary Malloy, 78 George street, Roxbury, June O'Callaghan, 17 Newfield street, West Roxbury, Mary Bowman, 4 Hubbard terrace, Roxbury, Margaret O'Donnell, 73 O street, South Boston, typist-clerks, \$4 a

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

ELECTION DEPARTMENT.

Authorization has been given to pay overtime to the following-named employees of other departments who worked as laborers and chauffeurs in the Election Department in connection with the night registration of voters, the installation and demonstration of voting machines, and the conduct of the State Election:

School Building Department: William F. Cronin, John H. O'Donnell.

Public Works Department: Edward F. Murdock, James B. Donohoe, John J. Shea, William J. Finn, William Long, Charles E. Hughes, James Sands, Charles A. Mullen, John F. Ryan, Henry Lowell, Edward G. O'Connor, James A. Morrison, Patrick J. Flaherty, Walter Ployer, Jeremiah J. Fitzgerald, William T. Gillen, Patrick R. Manning, Patrick J. McAvoy, Francis McLaughlin, Michael F. Flaherty, Frank Trovato, Jarlath C. O'Connor, Thomas P. Killion, Joseph C. Dalton, Joseph S. McCormick, John J. Glynn.

Authorization has been given to pay overtime to the employees who worked Friday evening (November 8) and Saturday after regular office hours to complete the official count of the votes cast on Tuesday, November 5, in nine precincts of the city where the election officers had failed to complete their count. The overtime will be paid at the regular rate of \$1 an hour.

NO DAMAGES SUSTAINED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the widening of Chestnut Hill avenue, Brighton district, as a highway, between the Boston-Brookline boundary line and Beacon street, under the order of the Board of November 12, 1946, and awards no damages therefor.

City of Boston, 827 square feet, nothing.

Ordered, That this Board determines that no person sustains damages in his estate by the laying out and construction of Nearen row (Madison avenue), Charlestown district, as a highway, between Tremont street and Ferrin street, under the order of the Board of November 7, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage

works and the construction of sewerage works therein, in Melba way and Safford street, Hyde Park district, under the order of the Board of November 7, 1946, and awards no damages therefor.

Owners unknown (Melba way), 11,073 square feet, nothing.

Owners unknown (Safford street), 11,457 square feet, nothing.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Emery road, Brighton district, as a highway, under the order of the Board of November 20, 1946, and awards no damages therefor.

DAMAGES AWARDED.

Voted, That this Board determines that the undermentioned estate sustains damages by the making of the public improvement, consisting of the widening and construction of Harvard square, Charlestown district, as a highway, under the order of the Board of November 12, 1946, and awards the amount mentioned.

City of Boston, 545 square feet, \$1.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

The Walter Reed Corporation has been directed to omit and substitute the following work under the contract for laying sheet asphalt pavement in Bremen street, Ward 1, from Porter street to Bennington street, dated August 12, 1946. Items ordered: Omit the spreading and raking of the top course by hand labor and substitute the use of mechanical spreaders (Item 7A, 12,000 square yards); a decrease of 5 cents per square yard is to be made in the price for this work, viz., from \$1.33 to \$1.28 per square yard. Estimated decrease in cost, \$600.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Baker & Co. has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Devonshire, Knapp, Lincoln, Milk, North Centre, Portland and Province streets, dated September 26, 1946. Items ordered: Lay sheet asphalt pavement at the intersection of Charles and Beacon streets, City Proper. Prices to be paid the same as those bid for similar work in the contract. Estimated cost of extra work, \$4,894.50.

DEDUCTION FROM CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

Rossano Construction Company, Incorporated gas been ordered to make the following deduction from the contract for the Dillaway School:

Omit the door in basement from boiler room to corridor, and the amount of \$35 will be deducted therefor, making the account as follows:

Contract price, \$4,625; deductions, \$35; contract as standing, \$4,590.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HOSPITAL DEPARTMENT.

Sanatorium Division.

The Mayor has approved the award of a contract as requested in the following letter:

BOSTON, October 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—We hereby request your Honor's authorization to engage the services of James H. Ritchie & Associates, Architects and Engineers, for the preparation of plans and specifications in connection with the roofing, sheet metal work, caulking, pointing, and waterproofing of G Building, Nurses' Home, Kitchen Building, M Building, I Building, Recreation Building, A Building, Domestic Building, Power House and Laundry Building, and connecting corridor between G Building and Power Plant, Boston City Hospital, Sanatorium Division, Mattapan, Massachusetts.

The estimated construction cost of this project is \$90,000, and the architect-engineer is to be paid a fee equal to 10 per cent of the actual construction cost, subject to the provisions of the contract.

Sincerely yours,

MARTIN J. ENGLISH,
President, Boston City Hospital Trustees.

Upon November 19 the Mayor approved a contract with J. J. Hurley & Co. for furnishing and installing a complete new heating zone system, Thorndike Building Animal House, Boston City Hospital. Bids, opened at the hospital on Thursday, November 7, were as follows:

Ricciardelli Company, \$3,942; J. W. Praught Company, \$2,963; Peter J. Amari, \$2,645; J. J. Hurley & Co., \$2,274.

PUBLIC BUILDINGS DEPARTMENT.

The Mayor has approved the award of a contract as requested in the following letter:

BOSTON, October 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Order No. 521 to S. M. Levin Company consists of one steel cabinet and three letter files, to be delivered to the Penal Institutions Department, and one walnut bookcase (seven sections), to be delivered to the Public Buildings Department, to be charged to C-9, Public Buildings, in the amount of \$413.04.

Order No. 530 to S. M. Levin Company consists of twelve plan cases, to be delivered to the Public Works Department, Water Division, to be charged to C-9, Public Works Department, Water Division, in the amount of \$943.

The aggregate amount of these two orders is \$1,356.04 and in Mr. Fox's opinion should be grouped.

In view of the above I respectfully ask permission to award to the S. M. Levin Company the above-mentioned two orders in the amount of \$1,356.01.

Respectfully yours,

JAMES E. SULLIVAN, Superintendent.

SUPPLY DEPARTMENT.

The Mayor has approved the award of a contract as indicated in the following letter:

BOSTON, November 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On November 5, 1946, bids were publicly opened and read in this office for one scale testing truck to be used by the Scaler of Weights and Measures.

The proposal was publicly advertised, but only one concern, the General Motors Corporation, 103 North Beacon street, Boston, submitted a bid.

To provide for an increase in ceiling prices or other changes by governmental agencies, and in accordance with statutory requirements relating to municipal appropriations, a maximum and a minimum price was required in the proposal. It is requested that approval be granted me to award a contract to the General Motors Corporation at a minimum price of \$14,842.81, the maximum price not to exceed \$16,978.73.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Upon November 1 the Mayor approved a contract with the E. W. Systrom Company for furnishing 35 Walsh Holyoke or equal reversible snowplows for use by the Public Works Department.

The total amount of this award will be \$15,750. Bids, opened September 9, were as follows:

Proposal for 35 Walsh Holyoke or Equal Reversible Snowplows for Public Works Department.

Delivery Price.—E. W. Systrom Company, \$550; Clyde Everett Equipment Company, \$364.74; Anderson Engineering Company, \$600; United Roads Machine Company, \$308.56 (alternate bids \$347.16; \$387.56; \$1,200).

Trade-in Allowance.—E. W. Systrom Company, \$100; Clyde Everett Equipment Company, \$50; Anderson Engineering Company, \$100; United Roads Machine Company, no individual trade-in quoted, but net total includes provision that trades are to be included.

Net Total.—E. W. Systrom Company, \$15,750; Clyde Everett Equipment Company, \$12,765.90; Anderson Engineering Company, \$17,500; United Roads Machine Company, \$10,799 (alternates—\$12,150.60; \$13,561.60; no total on this item—one unit only).

Cash Discount.—E. W. Systrom Company, 1 per cent; Clyde Everett Equipment Company, 2 per cent; Anderson Engineering Company, 1 per cent; United Roads Machine Company, none.

Remarks.—E. W. Systrom Company, Walsh Holyoke Model WHD—1 as specified, in stock, immediate delivery; Clyde Everett Equipment Company, Good Roads Model 112; see specifications differ; no delivery specified; Anderson Engineering Company, as specified in bid, no delivery specified; United Roads Machine Company, as specified in bid (alternates—as specified; plus features; as specified, plus features; "Ball-Boston"—see specifications, no delivery specified in bid).

Upon November 6 the Mayor approved a contract with R. E. Jarvis Company for furnishing playground and golf course maintenance equipment to the Park Department.

The amount of the contract was \$4,052 less 1 per cent cash discount.

Bids, opened October 18, were as follows:

Requisition No. 811, Park Department.

Item 1. 2 Ideal Bulldog Fairway Mowers (Gang).—R. E. Jarvis Company, \$1,968; John J. Nyhan Company, \$1,757.48 (bidding Pennsylvania Unbreakable).

Item 2. 6 Ideal Bulldog Fairway Units.—R. E. Jarvis Company, \$85; John J. Nyhan Company, \$828.

Requisition No. 814, Park Department.

Item 3. 2 Ideal Power Greensmowers.—R. E. Jarvis Company, \$644; John J. Nyhan Company, no bid.

Requisition No. 560, Sanatorium Division.

Item 4. 1 Caretaker Mower.—R. E. Jarvis Company, \$582; John J. Nyhan Company, no bid.

Cash Discount.—R. E. Jarvis Company, 1 per cent; John J. Nyhan Company, 2 per cent.

Upon November 19 the Mayor approved a contract with the Boston Ice Company for furnishing kerosene to the various city departments, and No. 1 fuel (range) oil to the Soldiers' Relief Department. The approximate amount of the award is \$4,737.50.

Bids, opened November 12, were as follows:

Bids on Kerosene and No. 1 Fuel (Range) Oil for City Departments and Soldiers' Relief Department, as Required from November 15, 1946, to December 31, 1946. Privilege of Purchasing on Same Terms and Conditions Extended to September 30, 1947.

25,000 Gallons Kerosene, City Departments.—M. J. Maguire Coal Company, 10.1 cents per gallon; Boston Ice Company, *9.475 cents per gallon.

25,000 Gallons No. 1 Range Oil, Soldier's Relief Department.—M. J. Maguire Coal Company, 10.1 cents per gallon; Boston Ice Company, *9.475 cents per gallon.

* Posted tank wagon price on day of delivery—less .625 cents per gallon. We propose to furnish and deliver approximately 25,000 gallons of range oil as required by the city departments and 25,000 gallons of range oil as required by recipients of Soldiers' Relief at the posted tank wagon price on the day of delivery less .625 cents per gallon. The posted tank wagon price on November 12, 1946, is 10.1 per gallon. The price allowance of .625 cents is to be deducted from the 10.1 cents, leaving 9.475 cents as the present billing price.

Upon November 14 the Mayor approved a contract as requested in the following letter:

BOSTON, June 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On May 31, 1946, your Honor approved my letter of May 16 requesting permission to purchase coal from the Boston Ice Company during the month of May. At that time it was believed that it would be possible to obtain bids during that month for the new coal contracts.

Due to the unstable conditions in the coal industry, your permission is respectfully requested to purchase coal on a spot basis from the Boston Ice Company during the month of June at the following prices:

Buckwheat coal, \$12.14 per ton; nut, stove and egg coal, \$16.39 per ton.

The above request is made in order that the records of the auditor's office and this department might be complete.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of the several departments indicated were as follows:

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, October 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—On July 12, 1946, you approved a contract, without advertising, to the Van Dorn Iron Works Company, Cleveland, Ohio, for replacements of cell door locks at House of Correction, Deer Island, in the sum of \$17,160.

It now appears that 45 sets of door guides for sliding cell doors at the Hill Prison have become necessary. This extra work was disclosed after installing the locks and cleaning out door guides where it appeared that 45 door guides were so badly deteriorated that they no longer could function properly.

Your permission is respectfully requested to amend the above-mentioned contract by adding \$900, thus making the total sum due the Van Dorn Iron Works Company, \$18,060.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, November 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The State Department of Public Works is now building a large surface drain at the Logan Airport in land formerly known as Cottage street, at a cost of \$225,000. The purpose of the structure is to provide an outlet for the city-owned surface drain in Prescott street, which now discharges onto tidal flats that are to be filled and made part of the airport. This work is now nearing completion.

The 6-foot 9-inch diameter Prescott street surface drain has about five foot of clay mud in it for a distance of about 620 feet. The State Department of Public Works has requested that we clean this structure so as to allow them to connect their structure to it and complete their work.

We have examined the work to be done and, because of the character of the material to be removed, the necessity of doing the work by hand labor, due to curves in the structure and the location and use of adjacent buildings, and also the advisability of starting the work as soon as possible, we recommend and request your approval to award a contract without advertising, on a stock and time basis, to the C & R Construction Company for doing the cleaning work, at an estimated cost of \$9,550.

In order to do the work, it will be necessary to break out and replace part of the arch so as to provide working space.

The C & R Construction Company are the contractors for the state surface drain

and have on the site the labor and equipment required to clean the Prescott street surface drain.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 8, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that permission be granted me to award a contract, without public advertisement, to A. P. Smith Company, East Orange, New Jersey, for furnishing Smith sleeves to be used by the Water Division of the Public Works Department.

In my opinion, no advantage would be gained by publicly advertising for bids.

The total amount of the contract will be \$1,563, less a cash discount of one half of 1 per cent for payment in ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 8, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that permission be granted me to award a contract, without public advertisement, to Worthington-Gamon Meter Company, Newark, New Jersey, for furnishing meter parts to be used by the Water Division of the Public Works Department.

In my opinion, no advantage would accrue from public advertisement of bids.

The total amount of the contract is \$3,262, f. o. b. Newark, New Jersey.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without public advertisement, to Macalaster-Bicknell Company for furnishing the following:

1 gross W9015 Fenwal vent tubes, Pyrex; 4 W9125 Fenwal burette chambers, Pyrex, glass, with standard taper, inter-changeable joint, 75 ml.; 2 gross B9030 Fenwal Luer adapters; 2 gross W9055 Fenwal intravenous needles 19, gauge 1 inch; 1 gross Fenwal clysis needles.

This material is used in the operation of the Blood Bank at the Boston City Hospital, and, as the Macalaster-Bicknell Company are the manufacturers, no advantage would accrue from publicly advertising for bids.

The approximate total of the contract is \$1,567.80.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract without public advertisement to the Payne Dean Gate Operator Company for furnishing to the Water Service of the Public Works Department two Payne Dean gate operators adjusted for mount-

ing on a Ford 1½ ton truck completely equipped at a price of \$1,050 each, net, f. o. b. Mattison, Connecticut.

This equipment is urgently needed by the Water Service, and, as the Payne Dean Gate Operator Company are the sole manufacturers of gate operators in the country, no advantage would be gained by publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without public advertisement, to the Curley Grain & Fuel Company, Wakefield, Massachusetts, for furnishing to the Penal Institutions Department, Deer Island, the following:

Five (5) tons of Beacon complete starter mash at a price of \$5.20 per hundredweight; twenty (20) tons of Beacon broiler pellets at a price of \$4.862 per hundredweight; less a 2 per cent discount for payment in ten days.

The feed produced by the Beacon Milling Company has given satisfactory results at Deer Island for a considerable period of time, and, as the Curley Grain & Fuel Company are direct agents of the manufacturer, no advantage would accrue from publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

J. F. Stack & Co. have been granted an extension of the time of completion of the contract for reinstalling oil burning equipment in various schools, approved on July 8, 1946. Completion date to be extended from September 14 to December 15, 1946. This extension is requested for the reason that due to shortage of materials contract could not be completed on time.

HOSPITAL DEPARTMENT.

Sanatorium Division.

The Jarvis Engineering Company has been granted an extension of time on the contract for renewing the brine coils in the walk-in refrigerators at the Sanatorium Division of the Boston City Hospital. These bids were originally opened on July 24, 1946, but the contract books were not completely signed until October 17, 1946. In view of the above-mentioned delay, it was voted at a meeting of the Board of Trustees held on October 25, 1946, to allow the Jarvis Engineering Company until December 15, 1946, to complete this work.

The Bay State Painting Company has been granted an extension of time on the contract for painting at the Sanatorium Division. The original contract, signed on August 20, 1946, specified that the work was to be completed before October 31, 1946. Due to the congestion and limited amount of area that could be painted at one time without interfering with the hospital routine, they were unable to complete the work in scheduled time. At a meeting of the Board of Trustees held on November 1, 1946, it was voted to grant this firm an extension until November 30, 1946.

PARK DEPARTMENT.

The Walter Reed Corporation has been granted an extension of time until December 15, 1946, for the completion of the contract for constructing a playground at Oak Square, Brighton.

PUBLIC WORKS DEPARTMENT.

The Walter Reed Corporation has been granted an extension of the time of completion of the contract for laying bituminous concrete pavement in Boylston place, Ward 11, from Boylston street 250 feet easterly, and in Pleasant Hill avenue, Ward 17, from Gallivan Boulevard to Norton street. Contract, dated September 3, 1946, to be extended from November 15, 1946, to December 1, 1946. This extension is requested for the reason that the contractor was delayed in obtaining necessary materials for the work.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 29, 1944, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Owen street, be, and the same hereby is, amended, by adding to said order the amount \$375 as an award to Josephine L. Schauer; that the amount \$375 be, and the same hereby is, awarded to Josephine L. Schauer for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 3, 1944, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Berwick street, be, and the same hereby is, amended, by adding to said order the amount \$136 as an award to George H. Keller and Effie P. Keller, husband and wife, as tenants by the entirety; that the amount \$136 be, and the same hereby is, awarded to George H. Keller and Effie P. Keller, husband and wife as tenants by the entirety, for the damages so sustained.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

M. Solimando has been ordered to make the following additions to the contract for the Teachers College group:

Item No. 1, remove the conductor, soil vent and supply pipe in wall between library and adjoining classroom where they interfere with passage between rooms, and reinstall same offsetting them to clear passage. Cut through floor and ceiling where necessary and replace same when plumbing is installed.

Item No. 2, remove vent pipe from closet in biology laboratory and refinish wall where pipe is removed. Reset pipe where directed.

Item No. 3, remove and relocate telephone conduits and install new wires, junction box and terminal strips and relocate two duplex receptacles where same interfere with opening from Visual Education office and adjoining classrooms, and the amount of \$617.39 will be added therefor, making the account as follows:

Contract price, \$18,094; additions, \$617.39; contract as standing, \$18,711.39.

M. Solimando has been ordered to make the following additions to the contract for the Boston Trade High School:

Item No. 1, furnish and set 1,054 lights of glass in steel sash where same were broken in making repairs to steel sash. Sash to be secured in place with clips and steel sash putty. These are to be set at the agreed price of \$1.25 per pane in place.

Item No. 2, relocate 4 electric conduits where same occur in new openings between walls. Pull in new wires and remove wire mold receptacles. For the above work you will add to your contract the sum of \$1,540.62

Item No. 3, omit door from woodworking shop to corridor in basement. For the omission of this work you will deduct from your contract the sum of \$115.

Total net addition to contract is \$1,425.62, making the account as follows:

Contract price, \$18,093; net addition, \$1,425.62; contract as standing, \$19,518.62.

Feldman Construction Company has been ordered to make the following additions to the contract for the High School of Commerce:

Cut out steel beam at the floor where it interferes with door between Rooms 209 and 211. Beam is to be burnt out with acetylene torch. Brace beam under all present supports and install all new furring, lathing and plastering on both sides of beam, the entire width of room. Remove and replace all wood trim and flooring necessary to complete the work. Do all necessary patch painting. Reset broken blackboard with slate now in building, and the amount \$150 will be added therefor, making the account as follows:

Contract price, \$16,284; additions, \$150; contract as standing, \$16,434.

Feldman Construction Company has been ordered to make the following addition to the contract for the Robert Gould Shaw School:

Rehang the eight doors at ends of corridors on first and second floors where they interfere with the relocated smoke screens. Rehang doors to swing in opposite direction, reset locks and set in dutchmen where hinges have been removed. Do all necessary patch painting, and the amount \$156.42 will be added therefor, making the account as follows:

Contract price, \$6,420; additions, \$156.42; contract as standing, \$6,576.42.

POPULATION BY WARDS ACCORDING TO POLICE CENSUS OF 1945.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT BUSINESS AGENT, DEPARTMENT OF EDUCATION, JANUARY 18, 1947.

Last date for filing applications, Monday, December 30, 1946, at 5 p. m.

Salary: Minimum, \$4,080 a year; maximum, \$4,800 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To serve as general assistant to the Business Agent and under supervision to perform the following duties: accounting; budget preparation; supervision of personnel; layout and supervision of repairs to buildings and equipment, and general supervision of new construction; and related work as required.

Examples of Duties: To have general supervision of all accounting work of the department, including divisions and schools, involving the checking and approving of requisitions, orders, and invoices, checking financial reports, preparation of financial statements, checking and approving requests for allotments and transfers; to prepare budgets of the department, covering all items of expenditure, and assist the directors of divisions and heads of schools within the department in the preparation of their respective budgets, involving conferences with the several officials and a knowledge of the various items involved in a college budget and the activities of a large department; to have general supervision of all non-professional employees of the department, involving distribution of work, keeping of time records, recording sick leave, preparation of vacation schedules, etc.; to inspect buildings in order to determine nature of repairs to be done, write specifications, and supervise work during its progress; to supervise new construction work, involving conferences with architects, engineers, and contractors.

A knowledge of accounting and personnel work, as well as a knowledge of repair and construction work and the several trades, and the ability to read blue prints, is required.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday or who have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Veterans within these age limits at the time of entering military or naval service will not be disqualified by reason of age within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.)

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the several departments for permission to amend or reallocate budget appropriations as follows:

BUILDING DEPARTMENT.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you be kind enough to approve a transfer of funds within the appropriation of this department as follows:

From B-14, Motor Vehicle Repair, \$100, B-29, Stenographic and Copying, \$150, B-35, Fees, Service of Venires, etc., \$50, B-42, Miscellaneous, \$130, to the appropriation for B-4, Transportation, \$430.

This amount is necessary because of the increased number of inspectors and inspections made obligatory by chapter 143, General Laws.

Very truly yours,

JOHN J. MAHONEY,
Building Commissioner.

CITY MESSENGER.

BOSTON, November 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your authority is requested to make the following transfer in the City Council budget:

From C-10, Library, \$36, C-17, Miscellaneous, \$375, D-1, Office Supplies, \$150, to B-42, Miscellaneous, \$561.

This transfer is necessary to cover the expense of roping off the streets for the Armistice Day Parade.

Respectfully yours,

WILLIAM J. O'DONNELL,
City Messenger.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your authority is requested to make the following reallocation in the City Council budget:

From B-39, General Repairs, \$20, to B-13, Communication, \$20.

This reallocation is necessary to carry on services for the remainder of the year.

Respectfully yours,

WILLIAM J. O'DONNELL,
City Messenger.

COLLECTING DEPARTMENT.

BOSTON, November 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to make the following transfers concerning the Collecting Department, Water Division, budget:

From A-3, Overtime, Employees, \$500, B-35, Fees, \$345, C-9, Equipment, \$100, to D-1, Office Supplies, \$945.

The above transfer is necessary in order to provide postage for the mailing of excise tax and water bills.

From B-10, Rentals, \$1,400, to Item J. E. C. A., \$1,400.

The above transfer is necessary in order to provide for payment of E. C. A. (Water pay roll—Collecting Department) for the balance of the current year. Due to the return of employees from the

military services and the employment of temporary help during recent tax rushes the above amount will be needed.

Respectfully yours,

DANIEL F. DONOVAN,
City Collector.

BOSTON, November 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to make the following transfers concerning the Collecting Department, general budget:

From A-3, Overtime, Employees, \$180.07, B-35, Fees, \$800, to D-1, Office Supplies, \$980.07.

The above transfer is necessary in order to provide postage for the mailing of excise tax and water bills.

The balance now shown in our D-1, Office Supplies, budget item is not sufficient to cover this mailing due to the increased cost of supplies.

Respectfully yours,

DANIEL F. DONOVAN,
City Collector.

BOSTON, November 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to make the following reallocation within the budget appropriations for the Collecting Department, general budget:

From B-5, Cartage and Freight, \$70.55, to B-37, Photographic, \$10.55, B-4, Transportation of Persons, \$60.

The above reallocation is necessary in order to take care of invoice for 50 tax rate sheets (1946) used in this department. The amount appropriated for this purpose was based on the 1945 price.

The B-4 reallocation is necessary to take care of carfares, and transportation of receipting machines to and from outside tax collecting stations.

Respectfully yours,

DANIEL F. DONOVAN,
City Collector.

ELECTION COMMISSIONERS.

BOSTON, November 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Election Commissioners respectfully requests authority to make the following reallocation in the A Group of the departmental budget:

From A-2, \$350, to A-3, \$350.

This money is to be used to pay overtime to employees of other departments who worked as laborers and chauffeurs in the Election Department in connection with the night registration of voters, the installation and demonstration of voting machines and the conduct of the State Election. The overtime will be paid at the regular rate of time and one half. This reallocation, with the balance in A-3, will be sufficient to meet the payroll, which will be approximately \$410.

We trust that you will give this matter your favorable consideration.

Respectfully yours,

BOARD OF ELECTION COMMISSIONERS,
WILLIAM A. MOTLEY, JR.,
Chairman.

FIRE DEPARTMENT.

BOSTON, November 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's permission is hereby requested for the following transfers in the 1946 Fire Department budget:

From B-1, Printing and Binding, \$1,000, to D-1, Office, \$1,000.

From B-10, Rent, Taxes and Water, \$100, to D-1, Office, \$100.

From B-19, Removal of Waste, \$200, to D-1, Office, \$200.

From B-35, Fees, Service of Venires, etc., \$100, to D-1, Office, \$100.

From B-42, Miscellaneous, \$100, to D-1, Office, \$100.

At the present time funds allowed in Item D-1 are exhausted, and approximately \$500 will be required to pay for postage of the Fire Department for the remainder of the year as we are now mailing hundreds of permits weekly for the storage of oil and other inflammable fluids. New personnel folders, record cards, and other forms must be ordered in anticipation of the influx of new members in connection with the forty-eight hour work week. These supplies must be ordered now as approximately three months time is required for delivery of these special folders and forms.

Other departmental forms including fire reports, morning reports, bookkeeping forms, pencils, ink, etc., for the entire department are required for use during the remainder of the present year.

At present there is a sufficient balance in the items from which the transfers are made to allow for such transfers.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

BOSTON, November 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is hereby requested to make the following transfer of funds in the 1946 Fire Department budget:

From B-39, General Repairs, \$2,845.80, to E-13, Miscellaneous, \$2,845.80.

This transfer is necessary in order to pay for a rebuilt twelve-cylinder motor for the pumper of Engine 23 which broke down at a three-alarm fire recently and is now out of service. The purchase of the motor is required in order to place the pump of Engine 23 back in service.

Delivery can be made in one week from date of order by the city.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, October 23, 1946.

Subject: Reallocation in the amount of \$5,000, from B-39 to B-28.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval of a reallocation in the amount of \$5,000 from within the Hospital appropriation B-39, General Repairs, to the appropriation B-28, Expert, is respectfully requested.

This reallocation is needed to establish a balance to which architect's fees will be charged on major alterations chargeable

to B-39 where plans and specifications are being worked on at the present time.

Very truly yours,

STUART C. RAND,
Acting President, Boston City Hospital Trustees.

BOSTON, November 5, 1946.

Subject: Transfers from within the Hospital appropriations as listed below:

- From A-1 to C-3, \$500.
- From A-1 to C-15, \$200.
- From A-1 to D-8, \$2,000.
- From A-1 to B-1, \$2,000.
- From A-1 to F-7, \$300.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of the transfers as listed below from within the Hospital appropriation is respectfully requested.

From A-1, Permanent Employees, to C-3, Electric, \$500.

From A-1, Permanent Employees, to C-15, Tires, Tubes and Accessories, \$200.

From A-1, Permanent Employees, to D-8, Laundry, Cleaning and Toilet, \$2,000.

From A-1, Permanent Employees, to E-1, Building, \$2,000.

From A-1, Permanent Employees, to F-7, Pensions and Annuities, \$300.

The transfer to C-3 is being requested so that we will be prepared to meet emergency costs for small motors and other electrical units chargeable to this item.

The transfer to C-15 is being requested to cover the cost of chains, additional tubes, tires, etc., that may be needed before the end of the year.

The transfer to D-8 is being requested because the present unencumbered balance will not be sufficient to release orders to be written for all types of soaps, cleansing materials, toilet paper, paper towels and miscellaneous items to be used between now and December 31.

The transfer to E-1 is being requested because the present unencumbered balance is not sufficient to meet increased costs on building materials which must be purchased as emergencies arise.

The transfer to F-7 is being requested because an anticipated increase in pension costs for the last three months of the year makes it necessary.

Very truly yours,

STUART C. RAND,
Acting President, Boston City Hospital Trustees.

BOSTON, November 4, 1946.

Subject: Transfers as listed below from within the Hospital appropriation.

- From A-1 to C-7, \$3,000.
- From A-1 to D-1, \$3,000.
- From A-1 to D-5, \$5,000.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of the transfers as listed below from within the Hospital appropriation is respectfully requested.

From A-1, Permanent Employees, to C-7, Furniture and Fittings, \$3,000.

From A-1, Permanent Employees, to D-1, Office, \$3,000.

From A-1, Permanent Employees, to D-5, Medical, Surgical and Laboratory, \$5,000.

Transfer to C-7. Earlier in the year it appeared that the original appropriation would be sufficient under C-7 because of delays in shipments and this appropriation was used on one occasion as a source

of transfer. It now appears that we are getting supplies through the War Assets Administration on short notice and for that reason it is necessary to keep an amount in balance to cover the cost of those necessary items that can be obtained.

Transfer to D-1. This item was reduced earlier in the year by an amount of \$1,000 to release orders for cleaning supplies at a time when A-1 was not being used for reallocations in small amounts because it was not definitely known as to what the policy would be on salaries before the end of the year. It now appears that this item should be strengthened so that orders may be released as written for all types of medical printed forms and stationery items used throughout the hospital.

Transfer to D-5. The present balance should be strengthened at this time to meet the cost of medicines and medical supplies to be ordered and used during 1946.

Very truly yours,

STUART C. RAND,
Acting President, Boston City Hospital Trustees.

HOSPITAL DEPARTMENT (Sanatorium Division).

BOSTON, November 8, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to an additional allowance to the Sanatorium Division appropriation for Departmental Equipment, Non-Revenue, Motor Vehicles, in order to allow us sufficient funds to purchase a new truck for the hospital.

The original allowance under this item was \$1,500; the price of the truck as ordered through the City of Boston Supply Department is \$2,285.11; additional amount needed to release order, \$785.11.

Very truly yours,

STUART C. RAND,
Acting President, Boston City Hospital Trustees.

BOSTON, November 8, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to the following transfers in the Sanatorium Division appropriation for 1946:

From A-1 to D-5, \$1,000; to release orders for X-ray films and drugs now being held in the Auditor's office because of lack of funds.

From B-42 to D-13, \$50; to release an order for refilling the fire extinguishers at the Sanatorium Division now being held up because of insufficient funds.

Respectfully submitted,

FREDERICK L. BOGAN, M. D.,
Assistant Superintendent.

INSTITUTIONS DEPARTMENT.

BOSTON, November 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows:

From Electrical Equipment, Institutions Department, Long Island Hospital, \$2,000, to Motor Vehicle Equipment, Institutions Department, Long Island Hospital, \$2,000, to cover cost of tractor, Requisition No. 7. To provide funds for this transfer we have cancelled Requisition No. 11 for a dough mixer at an es-

timated cost of \$3,000. It would be impossible to purchase a dough mixer for some time, and the tractor is very much needed and can be purchased at once.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Steamer "O'Meara." From B-39, General Repairs, \$350, to A-1, Permanent Employees, \$350; B-39, General Repairs, \$200, to A-2, Temporary Employees, \$200.

Transfers to A-1 and A-2 are required to cover necessary expenditures for the balance of the year. Increase is due to vacations and sick leave allowed under chapter 7, Ordinance of 1945.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, November 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following reallocations of budget items for the reasons noted below:

From B-29, \$200, to B-4, \$200.

The present balance in our B-4 account is insufficient to meet our needs for transportation of persons for the balance of the year.

From B-29, \$50, to B-37, \$50.

The increased needs for photographing and blueprinting has made it necessary for us to require an additional sum of \$50 for the balance of the year to meet our requirements for this service.

From C-2, \$20, to C-3, \$20.

The increased costs of electrical equipment necessitates an additional reallocation of \$20 to our C-3 account to meet our needs for the balance of the year.

Respectfully,

MILTON E. LORD,
Director.

OVERSEERS OF PUBLIC WELFARE.

BOSTON, November 19, 1946.

MR. JOHN J. SULLIVAN, *Commissioner, Budget Department.*

DEAR SIR,—Will you kindly make the following transfer in the Wayfarers' Lodge appropriation of this department:

From D-2, Food and Ice, \$200, to B-39, General Repairs, \$200.

To provide for emergency repairs to the Wayfarers' Lodge—repairs to laundry equipment, recharging of fire extinguishers, and repairs to tile in waiting room.

DANIEL A. MURPHY,
Acting Secretary.

PARK DEPARTMENT.

BOSTON, November 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request the following transfers within the budget of this department:

From D-3, Fuel, \$300, D-9, Educational, \$400, to D-8, Laundry, Cleaning, \$700; from D-9, Educational, \$100, to D-10, Agricultural, \$100.

The transfer is needed in D-8 to pay for a shipment of soap needed in the public baths in the city.

The transfer is needed in D-10 to cover a deficit existing on an order placed for loam to be used on Boston Common and other parks.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer within the budget of this department:

From B-4, Transportation of Persons, \$13.25, to B-37, Photographic, \$13.25.

This transfer is needed to cover the cost of plans for the rehabilitation of Columbus Park Field House, South Boston.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested for the following transfer of funds within the budget of this department:

From B-4, Transportation, \$150, B-42, Miscellaneous Services, \$100, D-1, Office, \$50, D-15, Chemicals, \$200, to B-14, Motor Vehicles Repair, \$500.

This money is needed at once to pay for emergency repairs to Park Department motor vehicle equipment.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request the following transfer within the budget of this department:

From B-42, Miscellaneous, \$100, to C-15, Tires, Tubes, etc., \$100.

This transfer is needed to cover deficit at the Auditor's office on our order for automobile tires for this department.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—You are respectfully requested to make the following transfer within the budget of this department:

From D-9, Educational, \$325, to D-10, Agricultural, \$325.

This money is needed in D-10 to cover the deficit in the cost of cow manure, which is being used on various flower beds in the Public Garden and other places for a winter covering.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

Cemetery Division.

BOSTON, November 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From B-42, Miscellaneous Services, \$800, to C-17, Miscellaneous Equipment, \$800.

This transfer is requested to provide money for the purchase of concrete liners to be used in connection with burials in

our cemeteries. These liners are ultimately paid for by the owners of the burial plots—at time of interment—and receipts are deposited in our General Cemetery Fund. A profit is made by the city on each liner sold.

We have sections in our cemeteries, recently developed, where burials cannot be made without the use of liners, and we have had many more burials in these sections than anticipated. The use of liners saves labor at time of burial, and their use prevents the later sinking of the graves from collapse of wooden boxes, and here again labor is saved by avoiding the necessity of filling in sunken graves.

Summarizing, we find that we will use more liners than originally anticipated, and the use of these liners is financially and physically advantageous to our cemeteries.

The money is available in the B-42 item and is now needed in the C-17 item of our budget.

Very truly yours,

WILLIAM P. LONG, *Chairman,*
Board of Park Commissioners.

BOSTON, November 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From A-1, Permanent Employees (Scythemen), \$85, to C-2, Machinery (Equipment), \$85.

Because of our inability during this year to have a full quota of permanent laborers, despite the need, we have money available in the A-1 item of our budget. Due to increased costs of necessary machinery our appropriation on the C-2 item is inadequate—hence the necessity of this transfer.

Very truly yours,

WILLIAM P. LONG, *Chairman,*
Board of Park Commissioners.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, November 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following transfer of funds in this department:

House of Correction. From A-2, Temporary Employees, \$800, to D-2, Food and Ice, \$800.

From B-39, Repairs, \$2,000, to E-1, Building, \$2,000.

D-2—The cost of foodstuffs has increased considerably—in some cases 100 per cent—consequently we find it necessary to ask for a transfer.

E-1—Lumber, nails, roofing materials, and paint have also taken a decided increase in prices, and the \$2,000 requested from B-39 is necessary in E-1; shortage of material and contractors force us to abandon work anticipated under B-39.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

REAL ESTATE COMMISSIONERS.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—May we respectfully request your permission to reallocate the following funds:

From C-13, Tools and Instruments, \$500, to C-9, Office, \$500.

This transfer is necessary to provide for the activities in handling off-street parking in the way of filing cabinets and office equipment.

Very truly yours,

IRVING LEWIS, *Chairman,*
Board of Real Estate Commissioners.

SOLDIERS' RELIEF DEPARTMENT.

BOSTON, November 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to amend the budget of the Soldiers' Relief Department by transferring the sum of \$250 from Item F-8, State Aid and Military Aid, Soldiers' Relief and Burials, to Item D-1, Office Supplies.

This additional amount for Item D-1 is necessary because of unforeseen expenditures which were not previously included in the 1946 budget. This sum will be expended for the purchase of stamped envelopes, stamped return envelopes, and miscellaneous office supplies.

The increase in expenditures for this item has been caused by the changing of the system of payments to the beneficiaries of this department. Since April 15, 1946, all regular payments of relief, previously made on a cash basis, have been forwarded by check, with a resultant increase in the use of stamps and stamped envelopes.

Very truly yours,

DAVID J. BRICKLEY,
Commissioner.

WEIGHTS AND MEASURES DEPARTMENT.

BOSTON, November 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—There has been allocated to this department from the General Equipment Loan the sum of \$18,700, for the purchase of three small trucks and a heavy capacity scale-testing truck.

The balance remaining after the purchase of the Ford trucks is \$15,060.14. On November 5 bids were opened for the heavy scale truck, and the one bid received called for a maximum price of \$16,978.73.

The deficit is caused by the constantly increasing prices of automotive equipment, steel, the crane, weights, etc., that go to make up the unit.

Therefore, I respectfully request that \$1,918.59 additional be allocated to our present balance of the Department Equipment Loan, in order to allow this much needed unit purchase, which will replace our present equipment that is now out of service due to the excessive repair costs.

Respectfully yours,

JOHN F. MCCARTHY, *Sealer.*

MEDICAL EXAMINER (Northern Division).

BOSTON, November 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly reallocate: From B-18, Laundry, to B-5, Express, \$10.

To meet expense incurred in transferral of bodies while our ambulance was under repair.

WILLIAM J. BRICKLEY,
Medical Examiner, Northern Division.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

Subject: Reallocation of Funds:

DEAR SIR,—We respectfully request the following reallocation:

From B-18, Laundry, to B-14, Motor Repair, \$16.38.

To meet further repairs to ambulance.

WILLIAM J. BRICKLEY,
Medical Examiner, Northern Division.

MUNICIPAL COURT,
WEST ROXBURY DISTRICT.

BOSTON, November 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is requested that the following transfer be made within the appropriations for said court:

From B-4, \$160, to D-1, \$160.

To cover the anticipated needs for postage and printing for the balance of 1946.

For the Court,
GEORGE B. STEBBINS, Clerk.

SUFFOLK COUNTY JAIL.

BOSTON, November 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following reallocations within the appropriations for the Suffolk County Jail:

From B-39, \$150, to B-8, \$150.

From B-28, \$75, to B-22, \$75.

From C-15, \$50, to C-13, \$50.

From D-13, \$75, to D-8, \$75.

From D-10, \$41, to D-15, \$41.

From D-2, \$50, to D-16, \$50.

From E-10, \$125, to E-1, \$125.

From E-10, \$125, to E-13, \$125.

From F-12, \$18, to F-7, \$18.

These reallocations are requested that sufficient funds may be provided to cover payments of outstanding obligations.

Respectfully submitted,

FREDERICK R. SULLIVAN, Sheriff.

POLICE DEPARTMENT ORDERS.

General Order No. 812.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two-thirds of the annual compensation received by him in the office from which he is retired; effective Thursday, November 28, 1946, at 7.45 o'clock a. m.:

Patrolman James R. Hixon, Division 4, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 813.

Patrolman Harold T. Moore, of the Traffic Division, honorably discharged veteran of World War I, having arrived at the age of forty-five years; having been in service of the Boston Police Department for eighteen years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.) as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Harold T. Moore be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half the compensation received by him in the office from which he is retired; effective Tuesday, December 3, 1946, at 5.45 o'clock p. m.:

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 814.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Monday, December 2, 1946, at 9 o'clock a. m.:

Patrolman Herbert L. Schlimper, to Division 2.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 71.

I. LIEUTENANT JOHN J. McDONOUGH.

It is with deep regret that the Fire Commissioner announces the death, on November 21, 1946, of Lieut. John J. McDonough of Engine Company 6 as a result of injuries received in the performance of his duties at fire, Box 1331, two alarms, November 21, 1946. Lieutenant McDonough was appointed to the department February 1, 1924, and was promoted to the grade of lieutenant April 21, 1943.

The funeral was held from his late home, 27 Topliff street, Dorchester, at 8.15 a. m., Monday, November 25, 1946, followed by services at St. Peter's Church, Bowdoin street, Dorchester, at 9 a. m.

The chief of department made the customary detail to act as funeral escort, and the members of Engine Company 6 were excused from duty to attend the services.

II. TRANSFERS.

The following transfers will become effective at 8 a. m., Wednesday, November 27, 1946:

Lieut. Aide to Chief of Department Charles F. Connors, from Headquarters to Fire Prevention.

Lieut. John J. Collins, Jr., from Ladder Company 27 to Engine Company 16.

Ladderman Thomas J. Driscoll, from High Pressure to Fire Prevention.

Apparatus Operator John J. McCrackin, from Engine Company 16 to High Pressure.

III. NEW FIRE ALARM BOXES—FRANKLIN FIELD.

The following fire alarm boxes will be installed and put in service in the near future in the Veterans' Housing Area, Franklin Field:

Box 12-337, Franklin Field, Veterans' Housing, Avenues J and M.

Box 13-337, Franklin Field, Veterans' Housing, rear Building 34, Avenue J.

Box 14-337, Franklin Field, Veterans' Housing, Avenues L and M.

Box 15-337, Franklin Field, Veterans' Housing, Avenue L.

Box 16-337, Franklin Field, Veterans' Housing, Avenue K, West end.

Box 17-337, Franklin Field, Veterans' Housing, Avenue K, East end.

Box 12-3374, Franklin Field, Veterans' Housing, Avenues J and N.

Box 13-3374, Franklin Field, Veterans' Housing, rear Building 25, Avenue J.

Box 14-3374, Franklin Field, Veterans' Housing, rear Building 3, Avenue J.

Box 15-3374, Franklin Field, Veterans' Housing, Avenue N.

Boxes 12-337, 15-337, 16-337 will be connected in circuit No. 69. Boxes 13-337, 14-337, 17-337, 13-3374, 14-3374 will be connected in circuit No. 84. Boxes 12-3374, 15-3374 will be connected in circuit No. 79.

The above boxes shall be added to assignment cards 337 and 3374.

IV. CHANGE IN STREET NAME.

Notice has been received from the Board of Street Commissioners of the following changes in street names:

Nearen road, formerly Madison avenue, Charlestown; Garth road, formerly Garden street, West Roxbury.

V. NEW BOSTON AUTOMATIC ASSIGNMENT CARDS.

New pages, Nos. 11, 13, 21, 24, 34, and 36, dated October 21 and November 12, 1946, for the Boston Automatic Fire Alarm Book are being issued to the department today.

The new pages will replace old cards 11, 13, 21, 24, 34, and 36, which shall be returned to Headquarters in the envelopes provided on or before Saturday, November 30, 1946.

VI. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the A. D. T. Company in this department:

Signal 337, Swift and Anderson, Inc., 952 Dorchester avenue, Dorchester. (Sprinkler system.) Apparatus to respond: Engine 21, Ladder 7, District Chief 10. Nearest box is 3224.

Signal 343, Lord Bristol Corporation, 601 Atlantic avenue, Boston. (Sprinkler system.) Apparatus to respond: Engine 7, Ladder 8, District Chief 3. Nearest box is 1412.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 72.

I. REINSTATEMENT.

The following reinstatement which will become effective at 8 a. m., Wednesday, December 4, 1946, is hereby announced:

Ladderman Luigi Ricci to Ladder Company 28.

II. TRANSFERS.

The following transfer which became effective at 8 a. m., Monday, December 2, 1946, is hereby announced:

Ladderman William J. Mullen, from Ladder Company 27 to Ladder Company 25.

III. RETIREMENTS.

The following retirement which became effective at 8 a. m., Wednesday, November 27, 1946, is hereby announced:

Mechanic-Hose Repairer John A. Brennan, Maintenance Division.

The following retirement which will become effective at 8 a. m., December 4, 1946, is hereby announced:

Ladderman James T. Donohoe, Ladder Company 16.

Mechanic Brennan was appointed to the Fire Department May 17, 1926; Ladderman Donohoe was appointed February 1, 1924. Both of these men leave the department with the best wishes of their associates.

IV. RESIGNATION.

The following resignation which will become effective at 8 a. m., Wednesday, December 4, 1946, is hereby announced:

Hoseman Cornelius J. Manning, Engine Company 41.

V. CORRECTION IN STREET NAME.

Section 4, General Order No. 71, dated November 26, 1946, gives information regarding change in street names:

Nearen Road should be corrected to read Nearen Row.

VI. DISCONTINUANCE OF BOSTON AUTOMATIC SIGNALS.

The following signals of the Boston Automatic Fire Alarm Company in this department have been discontinued:

Building No. 2, 221 Lincoln street, enter gate No. 2, Signal 1432.

Building No. 6, 293 Lincoln street, enter gate No. 3, Signal 1436.

Building No. 8, 221 Lincoln street, enter gate No. 2, Signal 1438.

VII. UNITED NATIONS SITE.

His Honor Mayor Curley has requested all members of this department to write a personal letter to the chairman of the U. N. Sub-Committee at Lake Success, New York, stating that the writer favors the Blue Hills site as a permanent home for the United Nations. It is needless to point out that many advantages would accrue to the City of Boston in having this large international organization located in or near Boston.

VIII. RETIREMENT SYSTEM.

Attention of all members of this department is again called to the fact that those members who do not wish to join the new State Retirement System must file waiver forms with the Boston Retirement Board before December 30, 1946. This information should be brought to the attention of all members, including those on leave of absence, by company commanders and heads of divisions. All those who do not file waivers automatically become members of the State Retirement System.

Waiver forms, as previously requested, should be forwarded to Fire Headquarters with the company number in the upper right-hand corner. The forms will then be sent to the Boston Retirement Board.

Any member who has already filed a waiver and has withdrawn it should notify the payroll clerk, Mr. Edward L. Barry, at Headquarters, immediately.

IX. COMMENDATIONS.

Ladderman Francis J. Walton of Ladder Company 12 is hereby commended for responding to and working

at fire, Box 6173, three alarms, on November 29, 1946, while off duty.

Captain William T. Hogan of Ladder Company 21 is hereby commended for reporting to duty at about 1 p. m., November 5, 1946, and remaining on duty for completion of the tour, as the result of an accident to Engine Company 11 hose wagon while responding to Box 6151 on that date. Captain Hogan was on an off-duty period at the time.

Ladderman John A. Sousa of Ladder Company 2 is hereby commended for responding to and working at fire, Box 6172, on November 25, 1946, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT STATE SAVINGS BANK INSURANCE MEDICAL DIRECTOR, SAVINGS BANK LIFE INSURANCE, JANUARY 18, 1947.

Last date for filing applications, Monday, December 30, 1946, at 5 p. m.

Salary: \$2,000 a year for employment for 680 hours during the year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To advise with the State Medical Director and with the savings insurance banks concerning rules governing the acceptability of applicants for insurance; to have charge of special laboratory work, including urinalysis; to examine reports of medical examiners throughout the state as to the acceptability of applicants as policyholders; to examine office records in connection with acting on medical examinations; to record on the medical report and on the application the action taken as to acceptability of applicants; to inspect manufacturing plants as to acceptance of applicants under the level premium plan or the group plan, with special reference to safety devices existing, such as sprinkler system, etc.; to meet and talk with applicants inquiring about their examinations; to examine cases where there is need of further data before taking action on medical reports; to substitute for the State Medical Director in his absence; and to perform related work as required.

A general knowledge of the Savings Bank Life Insurance Law and of the various kinds of life insurance policies issued by the insurance banks is necessary.

Experience in medical examining for insurance is desirable.

Entrance Requirements: Applicants must be registered physicians under the State Board of Registration in Medicine on the date of filing application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.

ORGANIST, BOSTON INSTITUTIONS DEPARTMENT, JANUARY 11, 1947.

Last date for filing applications, Monday, December 23, 1946, at 5 p. m.

Salary: \$550 a year for part-time employment.

Vacancies: At present there is one vacancy at Long Island Hospital for a female, to be filled on a permanent part-time basis.

Duties: To serve as organist and to lead the singing at Protestant church services on Sunday afternoon and at any other time as directed by the clergyman. (The regular Sunday services are from 2.30 to 3.30 p. m. The boat leaves Boston at 2 p. m. and arrives in Boston on the return trip at about 5 p. m.)

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

POSTPONEMENT NOTICE.

COPYHOLDER, BOSTON PRINTING DEPARTMENT, JANUARY 11, 1947.

Last date for filing applications, Monday, December 23, 1946, at 5 p. m.

Salary: \$32 a week plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there are two vacancies for females, to be filled on a permanent basis.

Duties: To assist the proofreader by reading manuscript copies; to notice irregularities in the manuscript such as spelling, punctuation, etc.; to revise page proofs or galley proofs of corrected matter, requiring familiarity with proofreaders' marks; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expeditor to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 18, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair, and all the members present except Councilor Sullivan.

The meeting was opened with the salute to the Flag.

DRAFTING OF LEGISLATION RE ANNUITIES FOR WIDOWS AND CHILDREN OF CERTAIN CITY EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, November 16, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Law Department, in reply to your order of October 28, 1946, to inform the City Council whether or not steps have been taken as recently requested to draft a bill for presentation to the 1947 Legislature providing an annuity of \$1,500 for the wives and \$360 a year for each child under eighteen years of age of policemen, firemen, and other city employees who may be eligible, who are killed in the performance of their duties.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, November 13, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—You have transmitted to me the order passed by the City Council on October 28, 1946, requesting me to inform the City Council "whether or not steps have been taken as recently requested to draft a bill for presentation to the 1947 Legislature providing an annuity of \$1,500 for the wives and \$360 a year for each child under eighteen years of age of policemen, firemen, and other city employees who may be eligible, who are killed in the performance of their duties."

I wish to inform you, and through you the City Council, that in addition to the attention already given the matter referred to will receive careful study and consideration when bills to be presented to the 1947 Legislature are being drafted.

Very truly yours,
JOSEPH A. SCOLPNETI,
Corporation Counsel.

Placed on file.

LIGHTS AROUND CHANDLER POND.

The following was received:

City of Boston,
Office of the Mayor, November 16, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of November 12, 1946, to complete arrangements for the installation of lights around Chandler Pond, Brighton, Ward 22, covering that area encircling the pond not now properly illuminated for the convenience and safety of skaters.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 15, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of November 14, with inclosure, order from the City Council regarding arrangements for the installation of lights around Chandler Pond.

Please be assured this area will receive every consideration and, if it is possible to comply with the request, it certainly will be a pleasure.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, November 19, 1946.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners, requesting the appropriation of \$24,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1946 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$211,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued, for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$24,000, the accrued income now available

from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 13, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$24,000, which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....\$24,000

When making up the budget estimates for the year 1945, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from the A-1, Permanent Employees, item, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1946, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$24,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....\$24,000

Referred to Executive Committee.

REPAIRS AT REAR OF CITY HALL ANNEX.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1946.
To the City Council.

Gentlemen,—I am in receipt of the accompanying communication from the Superintendent of Public Buildings, in which my attention is directed to the serious situation affecting public safety as a result of deterioration of the steel work and masonry at the rear of City Hall Annex.

In the judgment of the Superintendent of Public Buildings and the Building Commissioner this condition is such as requires immediate attention for the protection of the traveling public, and to leave the city free of liability in the event of any portion of the structure falling to the street.

It is accordingly recommended that the accompanying order calling for an initial appropriation of \$25,000 be adopted, so that work may commence immediately.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
November 18, 1946.

To His Honor the Mayor.

Your Honor,—I beg to submit herewith report of the Stuart Engineering Company, and also report of Building Commissioner John J. Mahoney, with reference to the danger to the public unless the conditions at the upper floors of City Hall Annex are corrected immediately.

I accordingly respectfully request the allocation of \$25,000 to this department, so that work may be started without delay.

Respectfully,
JAMES E. SULLIVAN,
Superintendent.

Stewart Associates, Inc.,
Consulting & Testing Engineers,
Cambridge, October 30, 1946.

Mr. James E. Sullivan,
Superintendent of Public Buildings,
City Hall, Boston, Mass.

Dear Mr. Sullivan,—In accordance with your request we have made an investigation of the structural conditions at the City Hall Annex. Our investigation and studies have been made to determine (1) the extent of damage already done; (2) repairs necessary; and (3) steps to be taken to prevent a recurrence.

General.—In our opinion the real source of the trouble is the lack of protection afforded by the metal flashing and cap stones on the parapet. The flashing which extends from the roof proper and up the parapet wall was carried in under the cap stone only about 1½ inches. It was inevitable that the joints between the cap stones themselves and the cap stones and the top of the parapet wall

should deteriorate. In this exposed position the process was accelerated with the result that water has been getting in under the cap stones. With no flashing to prevent it, this water would find its way below through the weakest vertical joints, such as along the steel columns, spandrels and lintels. In the winter this water would freeze and expand, with the result that something had to crack and open up. These cracks would then allow accumulation of more water which in turn would produce even greater force when it froze. We feel that this is the explanation of the extensive longitudinal vertical crack in the back wall and the pushing out of the face brick in this wall.

Below we summarize our findings and recommendations with respect to the various points examined.

Cap Stones.—For the ultimate in protection all the cap stones on the parapet wall should be removed and a metal cap flashing placed over the parapet, soldered to the present interior wall flashing. The cap stones should then be relaid and all joints properly pointed. This would positively prevent the entrance into the walls of any more water, at least from the top. It is appreciated that this work involves a great deal of expense which present conditions may not warrant. For this reason we make the following recommendation which, while not producing as certain a result, will nevertheless take care of the condition.

All the cap stones which are still in place and where the mortar joints are still relatively sound should be carefully inspected. All loose mortar should be chipped out. Where the mortar has cracked away from either the stone or flashing, it should be chipped away. After this has been done all joints should be completely sealed with caulking compound so as to absolutely prevent entry of any more water. This applies to both the inside and the outside of the wall.

Where the cap stones have been removed or where they are completely loose on the wall, a new cap flashing with soldered joints should be placed over the masonry. The cap stones should then be relaid in a good cement mortar and all joints carefully and neatly pointed up. The cap flashing mentioned above should be brought down over the existing flashing and carefully soldered to it.

Steel.—All steel now exposed or which will be exposed during the repairs should be carefully scraped and cleaned. The Engineer should then be notified so that the members may be calipered to determine how much of the section has been lost due to the corrosion. (In our preliminary inspection the corrosion did not appear to have done too serious damage.) After approval by the Engineer, the steel should be given a coat of asphalt or pitch ¼-inch thick.

In the case of the roof and eleventh floor lintels in the back wall, the Engineer wishes to examine the steel after it has been exposed. While there has been some corrosion it may not be serious. On the other hand, there is a pronounced sag in some of the lintels with a consequent cracking of the brickwork. When this inspection has been made a decision can be reached as to whether any of the lintels should be replaced.

During our first inspection we could see the columns in the southeast and southwest corners at the eleventh floor level. In the case of the southeast corner the evidence seems to indicate that there has been little or no corrosion below this level. At the southwest corner there is more corrosion and, furthermore, there is a considerable crack in the brick under the belt course at about the tenth floor. This crack may well be the result of water having reached this point and there may be more corrosion here. The brick will have to be replaced at this point and, before this is done, the Engineer should have an opportunity to examine the steel to make sure that the remaining section is adequate for the greater load at this level.

As mentioned above, our first inspection seems to indicate that the steel has not corroded enough to make repairs necessary. If subsequent investigation shows otherwise, we will advise what structural repairs must be made to repair the damage done.

Brickwork.—The corner just mentioned should be repaired after the investigation has been made.

The brickwork above the roof and eleventh floor lintels in the back wall which has cracked considerably and also bulged out should be removed and relaid. The parapet wall should be rebuilt to a height of at least three feet and a cap flashing over the entire wall should be installed as mentioned in the section on cap stones.

Window Frames.—The windows and window frames at the tenth and eleventh floors apparently have not been painted for a long time, with the result that they have weathered badly. The frames are in poor condition and the sash are very loose in the frames. We feel that the frames should be replaced. If the sash themselves can be properly repaired, they may be satisfactory with the new frames. If not, the sash too should be replaced. All this woodwork should then be given a priming coat and then two coats of paint.

Stone Joints.—In the east and west walls, toward the back, there is a long, vertical joint between the stone and the face brick. At the levels examined the mortar had dropped out of these joints, furnishing a good opening for the entry of water. These joints should be carefully repointed wherever this condition exists.

Statues.—At some time past, the space between the large statues in front and the main wall has

been filled with concrete or mortar. At the present time there are some large cracks in this concrete and these cracks should be thoroughly caulked to prevent the entrance of further water. There is a steel angle tying the top of each statue to the structural frame. There is a possibility that this angle may be corroded to some extent by the water getting in through the cracks mentioned above. If there is any opportunity to examine one or more of these angles during the course of the repairs the Engineer should be notified so that a check on the condition of the angles can be made.

Flashing.—The flashing on the inside of the parapet wall should be repaired wherever it has been broken during the repairs and all new flashing should be soldered to it. Part of it needs to be repainted and, before painting, it should be thoroughly scraped and cleaned.

Conclusion.—The work outlined above will, in our opinion, prevent further deterioration of the building from this source with the proper preventative maintenance. Systematic, periodic inspections should be made to note conditions of masonry joints, flashings and paint on exposed steel and woodwork. On the top of the walls, particularly, it is important that all joints be kept thoroughly sealed at all times.

A small expense incurred regularly on this inspection and maintenance will save large expenditures later on.

Very truly yours,
Stewart Associates, Inc.,
EDOUARD N. DUBÉ, Engineer.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$25,000, to the appropriation for City Hall Annex, Emergency Repairs, Steel Framework and Masonry, \$25,000.

Referred to Executive Committee.

NORTH BENNET STREET BATH HOUSE IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, November 16, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of November 12, 1946, to put in the budget for 1947 sufficient money for the complete alterations and new equipment in the North Bennet Street Bath House in Ward 3.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 15, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of November 14, with inclosure, order from the City Council requesting the Park Commissioner to put in the budget for 1947 sufficient money for the complete alterations and new equipment in the North Bennet Street Bath House, Ward 3.

Please be assured it will be a pleasure to comply with this request and an investigation will be conducted before that time to see what is necessary to put this building in first-class condition. To the best of my knowledge and belief, it has been cared for within the last month or so and should be in pretty fair condition at the present time.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

John Connolly, for compensation for damage to car by city truck.

Marie A. Cook, for compensation for injuries caused by an alleged defect in yard of William E. Russell School.

Mary Doyle, for compensation for injuries caused by an alleged defect at Chilcott place and Washington street.

Charles J. Interland, for compensation for damage to car by city vehicle.

James McCall, for compensation for injuries caused by city car.

Motor Mart Garage, for compensation for damage to property at Broadway and Stuart street caused by negligent excavation work done by city.

John L. Perkins, for compensation for damage to car by patrol wagon.

Sampson & Coleman, Inc., for compensation for damage to truck by city car.

Frank Zaharris, for compensation for damage to car by city car.

Daniel O'Connell, Matthew J. McBreen, William B. Thomas, John J. P. Flynn and George Connors, to be paid salaries due as employees of Bridge Division up to December 31, 1945.

Committee on Licenses.

Petition of New England Transportation Company (supplementary to letter of July 5, 1946) to operate buses to reach proposed new terminal in Park Square district.

Petitions for driveway openings: Haffenreffer Company, 177 Boylston street, Ward 11; William A. Hyler, 41 Bromley street, Ward 10; Fred Tobia, 100 Havre street, Ward 1; Max Segelman, 165 Stanwood street, Ward 14.

Petitions to operate bowling alleys on the Lord's Day:

Allston Square Alleys, 20A Harvard avenue, Allston; Glenville Bowling Alleys, 2 Glenville terrace, Allston; Massachusetts Bowling Alleys, Inc., 136 Massachusetts avenue, Boston; Arlington Square Bowling Alleys, 392 Tremont street, Boston; Summer Street Bowling Alleys, 126 and 128 Summer street, Boston; Miah J. Murray, Inc., 1156 Washington street, Boston; Hub Bowling Alley, 216 Hanover street, Boston; Strand Recreation Room, 716 East Broadway, South Boston; Arborway Bowling Alleys, 1 Boynton street, Jamaica Plain; Granville Club, Inc., 15 Granville street, Rosindale; Lee S. King, 466 and 468C Blue Hill avenue, Dorchester; West Roxbury Bowling Center, 119 Park street, West Roxbury; Central Square Bowling Alleys, 2 Central square, East Boston; City Square Alleys, 15 City square, Charlestown; Charlestown Daylight Alleys, 575 Rutherford avenue; Grove Hall Bowladrome, 643 Warren street, Roxbury; Waldo C. Nardella, 345 Washington street, Brighton.

Coun. KINSELLA—A point of information. President KELLY—State your point of information.

Coun. KINSELLA—Are we to hear them all at once because they have been filed and read in at one time, or will they be taken up as requested?

President KELLY—The Committee on Licenses will call a hearing some day this week, counselor. I will inform the chairman of the Committee on Licenses to poll his committee again and report as many as he wants to today.

Coun. KINSELLA—Otherwise, Mr. President, they might lie dormant until the petitioner asks for a hearing.

President KELLY—Well, I imagine the chairman of the Committee on Licenses will hold the hearing and notify them of the hearing, counselor. I imagine that will be the procedure.

Coun. COFFEY—We had a meeting Friday of the Committee on Licenses. Is that what you are talking about?

President KELLY—No, the new petitions that came in today.

Coun. COFFEY—I ask that they be approved today. What is the sense of holding another meeting? There is one firm in my town, and I would like to have bowling in my town for next Sunday for all bowling alleys.

President KELLY—The Chair, under the rules, has referred them to the Committee on Licenses, and the chairman of the Committee on Licenses can poll the members of the committee and report back as many as he wants to today.

NOTICE OF HEARING BEFORE PUBLIC UTILITIES DEPARTMENT.

Notice was received from the Department of Public Utilities of hearing to be held December 17, 1946, at 2.30 p. m., on petition of trustees of New York, New Haven & Hartford Railroad for approval of permanent discontinuance of passenger service on that portion of railroad known as Dorchester Branch.

Placed on file.

PINBALL MACHINES.

Coun. KINSELLA—Mr. President, I ask for unanimous consent to make a statement.

President KELLY—Counselor Kinsella has unanimous consent to make a statement.

Coun. KINSELLA—Mr. President, I want to state briefly that pinball machines have again made their appearance in Charlestown, and over the week end I was informed there were 26 machines in as many establishments in Charlestown—dinners, stores, and the like. I am not a straight-laced moralist, but the only reason I speak here today against the pinball machine racket is that the names of three of the most vicious racketeer characters of the city were given to me as the sponsors of these machines. I don't care much to be recognized by that type of character, but I do want you to understand thoroughly that they cannot, because of other political connections which they may deem so strong, move into Charlestown—and Charlestown particularly, since the rest of the city is not my province—and install machines which in some cases young boys and girls have access to. I am not hard or vicious in my denunciation of the operators of these machines, but from past experience that we have had I know that, if you let them alone, eventually they will have them in the vestibules of the churches. I would like very much to have the Police Commissioner instruct the captain of the police in Division 15 in Charlestown to take steps at once to abate the pinball machine menace in my district. I don't care where else they operate, but I don't want them in Charlestown, because I know from past experience that they don't know when to stop and when to leave well enough

alone. I don't mind saying publicly for the record that I am not opposed to pinballs, and I may tell you frankly I am not opposed to slot machines, because I am not opposed fundamentally to somebody else's right to gamble if they want to, but I don't want any gambling conditions that may possibly affect the young kids who have only five or ten cents to spend, and these vermin have in the past put them in periodical stores where children have had access to them, going in on an errand for candy or school supplies, or something of that type. Because of that danger I would appreciate a letter going to the Police Commissioner to instruct Captain Murphy to get them out of that town and to keep them out, and to get those characters out with them, too. There is only one reason why I don't mention their names, and that is because I don't want to be held open to slander. I have their names, but I can't prove anything against them. Suffice it to say two were headline characters in one of the most notorious cases in the criminal courts of this Commonwealth in recent years, and the other is only a half tail behind. I hope Commissioner Sullivan takes heed, and gets those 26 machines out of Charlestown before the end of the day and, if he does not, I will be faced with the incontrovertible necessity of naming the three of them.

PAINTING OF WHITE STRIPE IN CENTER OF PRINCIPAL HIGHWAYS.

Coun. LANE offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to paint a white stripe in the center of each and every principal highway in the City of Boston at the first available opportunity.

Passed under suspension of the rule.

COAL FOR PUBLIC BUILDINGS.

Coun. LANE, COOK, KEENAN, HANNON, KELLY, FISH, and MADDEN offered the following:

Ordered, That the Superintendent of Supplies, through his Honor the Mayor, be requested to obtain a sufficient supply of soft coal in order that all public buildings may be kept open during the winter months.

Coun. LANE—Mr. President, there are 27 such active public buildings under the jurisdiction of the Superintendent of Public Buildings of the City of Boston. We are all aroused by the publicity featured in all the papers throughout the United States about a new threatened strike of soft coal miners called for Wednesday of this week. Born on February 12, 1888, in the unheard-of town of Lucas, Iowa, was an individual who unfortunately was destined to receive more publicity in the press of America than probably any other individual in all time. I refer to the much publicized John Llewellyn Lewis, president of the United Mine Workers of America. We all know what a thorn he has been in the side of progressive America, first for his undemocratic principles, his threats of strikes, even so far back as 1919, when John L. Lewis was then only 39 years of age, when the President of the United States, Woodrow Wilson, was forced to obtain a Federal injunction to avoid a work stoppage which then threatened the nation. Today we are facing a work stoppage which in itself is probably one of the most serious threats we have ever encountered. In my particular district, in Ward 21, embracing the Back Bay, Brighton and Allston, all apartment house property owners received the emergency word that they must within the next 48 hours file with government officials reports on how much soft coal they now have on hand and at the same time in that report anticipate their individual needs for each of the next three months. The health of the nation is at stake, gentlemen. This John Llewellyn Lewis always strikes at the most inopportune time; he never strikes in the spring season of the year, but always at the beginning of the winter season, the season of hardship, and when the health of the nation is jeopardized. I certainly believe every step should be taken to take care of this individual once and for all. I have here an item from which I will read a certain excerpt. It appeared in the *Boston Traveler* only last Saturday, in the column "Merry-Go-Round," by Drew Pearson. Mr. Pearson states: "Another myth has it that Lewis did not hesitate to use violence against labor factions which opposed him. This idea probably arises from the Herrin, Illinois, massacre, in which about 400 of Lewis' miners surrounded a handful of steam shovel workers, who were strip-mining with modern methods, and killed them. Unlike the relatively bloodless jurisdictional strikes of today, the members of the Steam Shovel Men's Union were rounded up in a field and shot in cold blood. A New York Times account of the massacre makes it as gruesome as anything ever perpetrated by the Nazis.

"Lewis was blamed for the Herrin massacre because of an inflammatory telegram he sent his Herrin local that they were 'justified in treating this crowd (the Steam Shovel Men's Union) as an outlaw organization and in viewing its members in the same light as they would view any other common strikebreakers.

Drew Pearson then goes on to say:

"Republicans also know that John L. Lewis, despite his power in labor ranks, is not the type of gardenia they want to sport in their buttonholes when they walk down the Main street of America.

"They know that the American public, despite its short memory, has not entirely forgotten how John L. Lewis was the only important labor leader to strike against his government in war time.

"Lewis' first real strike against the war effort came in the autumn of 1941 shortly before Pearl Harbor, when the nation was desperately preparing itself for what every intelligent person knew was certain battle.

"That, however, did not seem to worry John L. Lewis. It now has been disclosed by the Rogge report that during 1940 Lewis used his influence with Mexican leaders to arrange for the sale of vitally needed oil to the German Navy. Hitler at that time had swept over part of Europe and President Roosevelt was doing his best to discourage shipments of oil to Germany. Despite that, Lewis not only used his influence to obtain oil for Nazi submarines, but, according to the Rogge report, also discussed with a member of the German Economic Ministry a plan to swing labor votes against Roosevelt during the 1940 election.

"Indirectly, at least, Lewis gave further help to the Nazi cause when, in the fall of 1941, he pulled 53,000 miners out of the captive coal mines causing 200,000 others to strike in sympathy. The captive coal mines supplied fuel for the nation's steel industry, at that time working day and night to turn out big guns and armor plate.

"Lewis, however, did not send his men back to work until December 7, the day the Japs struck Pearl Harbor. Even then, Lewis held out until he got what he wanted—a closed shop—by arbitration.

"On that fateful day Lewis was closeted with his friend, John Steelman, then a Federal Conciliator, and Ben Fairless, head of U. S. Steel. Newsmen had been waiting eagerly for word of a settlement. Finally at 7 p. m. on December 7, John L. strode to the door to announce the strike's end.

"Confidently swinging the door open, he called: 'Come in, boys.'

"But no one came in. For once, John L. Lewis's news value had evaporated. The press corps had deserted him for an even greater disaster—Pearl Harbor."

"We are all familiar, Mr. President, with the headlines that appeared today in the Boston *Daily Globe*, 'Fight to Finish against Lewis.' And—'Somewhere, sometime, the administration must find out who is more powerful—Lewis or the government.' This looks like the time." Gentlemen, we all can go back to our early days and recall the local neighborhood bully, the man whom all feared. This individual who strikes at the foundation and threatens the health of 130,000,000 people to my mind is nothing but an overpublicized bully, and I hope the President of the United States this time will stand firm and will take care to subdue the individual, even, if necessary, to the point of incarceration.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. COOK, for the Committee on Ordinances, submitted the following:

Report on message of the Mayor and order (referred August 5) authorizing the Superintendent of Public Buildings to lease space in Quincy and Faneuil Hall Market buildings—that same ought to pass.

Coun. KEENAN—I would like to refer that to the Executive Committee.

President KELLY—Councillor Keenan made a motion that this matter be referred to the Executive Committee. Is there any talk on the motion?

Coun. BRYAN—Mr. President, I would like to have the Commissioner of Public Buildings invited, so that we may have him give us some information at the meeting.

President KELLY—Councillor Keenan made a motion referring this matter to the Executive Committee and suggesting that the Superintendent of Public Buildings be invited.

The order was referred to the Executive Committee.

LEASING OF PRIVATELY-OWNED BUILDINGS FOR USE BY VETERANS' POSTS.

Coun. RUSSO offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to give an opinion as to whether, under the provisions of chapter 409 of the Acts of 1946, the City of Boston may lease privately-owned buildings for the purpose of leasing same to various posts of war veterans' organizations.

Referred to Executive Committee.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. MORIARTY, for the Committee on Public Lands, submitted the following:

Report on message of the Mayor and order (referred October 28) for sale of land on Veterans

of Foreign Wars Parkway to John Hancock Mutual Life Insurance Company for sum of \$200,000—that same ought to pass.

Referred to Executive Committee.

APPLICATION OF PAN AMERICAN AIRWAYS, INC.

Coun. RUSSO and BAYLEY offered the following:

Whereas, The members of the Boston City Council have consistently sponsored every worthwhile endeavor for the promotion of progress and prosperity for the City of Boston, and

Whereas, Boston now stands as one of the first cities of the United States in the field of aviation and is ideally situated by reason of its proximity to European centers to be the future air center of the world, and

Whereas, Pan American Airways, Inc., pioneer in the development of overseas commerce, now seeks to enter the domestic aviation field by the establishment of high-speed express services between Boston and the major get-away cities, and

Whereas, The City Council of Boston believes that to encourage the establishment of such air services would be of great benefit to the economic development of Boston, therefore, be it

Ordered, That the City Council of Boston, through his Honor the Mayor, requests the Civil Aeronautics Board to approve such application of Pan American Airways, Inc., to operate these aviation services, and urges that the Civil Aeronautics Board of the United States and all other government agencies concerned give favorable consideration to this application in order that the City of Boston may benefit by this service and further develop its standing in the world of air travel.

Coun. RUSSO—Mr. President, having in mind in the last week or so—

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—State your point of order.

Coun. MUCHNICK—Isn't this primarily referable to the Rules Committee as a resolution?

President KELLY—Councillor Russo, the way this order is worded, I will have to refer it to the Committee on Rules.

Coun. RUSSO—Mr. President—

President KELLY—No debate, councillor.

Coun. RUSSO—Mr. President, there was a resolution just presented here and that was not referred to the Committee on Rules. I feel this resolution deals with the affairs of the City of Boston.

President KELLY—Councillor, you can word this so that it will not have to be referred to the Committee on Rules. You can reword this differently and it will be an order. The way it is worded now I have to refer it to the Committee on Rules, councillor.

Coun. RUSSO—Mr. President, may I make the amendment now to read that his Honor the Mayor be requested—

President KELLY—Go ahead, councillor.

Coun. RUSSO—"That his Honor the Mayor request the Civil Aeronautics Board."

President KELLY—That is in order, Councillor Russo.

Coun. RUSSO—Mr. President, I have in mind in the last week or so, we have read in newspapers in Boston, either editorially or otherwise, in regard to the Pan American Airways petition for domestic routes and to bring into Boston Pan American Airways which will go to all parts of Europe from Boston. Having in mind, Mr. President, that we have spent in the Logan Airport millions of dollars, it is my opinion that we will have to pour in more millions of dollars in that airport in order that the airport will be the No. 1 port of the nation. Having in mind also it will mean the progress of Boston, it will mean the employment of hundreds of citizens of Boston, Mr. President, we as members of the Boston City Council ought to encourage concerns that are willing to make their headquarters here in Boston, especially where Boston is situated closer to Europe than any other city in the United States. I feel that we will be going in the right direction in giving Pan American Airways a permit to have its headquarters at the Logan Airport in Boston. As I understand it, the matter is now being heard at Atlantic City by the Civil Aeronautics Board, and it is, therefore, suggested that we ask the Civil Aeronautics Board to give a favorable report to the Pan American Airways in order to make, as I said before, the airport of Boston one of the leading airports of the country. I hope the resolution will pass.

Coun. COFFEY—Mr. President, I am heartily opposed to this, and I hope the councillors in their wisdom see fit to turn it down and throw it out of the window where it belongs. We don't want any more companies over there. I am surprised that my fellow colleague does not know the feeling and the sentiment of the people of East Boston as far as the airport is concerned. Right at the present time I have had a petition held up for the Northeast Airlines to build a hangar right under the windows of the people living on Prescott street in East Boston. Some of my brother colleagues attended the meeting on that petition and after listening to the proposed site and after listening to the position, brother McCormack was good enough and decent enough to take the floor and say he was heartily opposed to it. We don't want any Pan Americans over there. We never wanted an air-

port over there, to begin with. It was given to us whether we wanted it or not, and you have heard my voice on the floor here for the past six years making this statement: They have had to go into the East Boston district and dig a hole in the ocean to make an airport, notwithstanding all the vacant land lying between Boston and Providence, and Boston and Worcester. They have had good territory to build an airport, a real airport, if they wanted to. But the bankers and brokers have money invested in that airport and had enough influence with the Legislature to go ahead, and spend millions and millions of dollars to enlarge this airport, so, as I say, the bankers and brokers can benefit by it. This is the fifth week I have held up that permit for the erection of a hangar right under the windows of the houses on Prescott street in East Boston. Last year for seven long weeks I held up a permit which was granted on the dying days of the last administration to Eastern Airlines to build a repair shop on Maverick street, right under the windows of the homes on Maverick street, and the whole thing is so utterly ridiculous—they have to stop traffic on Maverick street and all traffic on Porter street, and have a policeman there from Boston who does not get paid by the state, while they have these planes towed in for repairs or after being repaired, towed back on to the field. We don't want Pan American, we don't want anybody. Only recently at a hearing last Tuesday, in the Mayor's office, I had the home owners of this section facing the Mayor, and they went on record as opposing any more hangars in East Boston. At that time we were told there were going to be at least five. If Pan American comes in, it will mean at least three more, which is eight, and we have not got the room for them. They have squeezed this five in there, and they are going to take two acres from us on the proposed beach site, the swimming pool and the ball park which they have not given us to this date, and that is four years we have waited. As I say, I am really surprised that an order of this kind should come in, and that nobody has at least consulted me. After all, it is my district. I have been anti-airport since the beginning of the airport, and I have opposed it right to this very day, and will oppose it until I have my last dying breath. We are anti-airport in East Boston, and we want everybody to know it. They are taking our homes away from us, they have ruined our homes. They have 300 trucks coming in and going through the streets every day. The quicker they deliver and the quicker they unload, the quicker they get back. It is shaking down the ceilings and the walls in our homes. Everything is just covered, and there are homes that have not had the front door open for the past two years. It is state-owned property, but the Boston police are not allowed on the property, they cannot make an arrest on the property. It is under state guards who recently just took over from the state police. I hope that this order is not passed, and I hope the Council will go along with me because, after all, it is in my district, and I know the feeling of the people there. We do not want any more airports, we do not want any more airlines. If it is granted today, for the love of God, let us not say we went on record as taking the homes of the people. Right now they have insisted on taking away 18 homes, and I might say that includes the home of Judge Loschi, one of the finest men in our town. He was born in that house 50 years ago, and now the state is coming in there to take his home by eminent domain. The more airlines, the less homes, and when we asked how much time we have to get the G I's and their wives in their homes, we were told 60 to 90 days. One more point. Northeast got this other hangar with the agreement to pay a rental for the hangar to the state, and up to date they owe \$52,000 in back rent to the State of Massachusetts, and they have no idea whatsoever as to when they can pay it back. They tell me they have even taken the state to court to try to delay payment on it. I don't think it is fair, and I hope the councillors will go along with me and say they don't get any more.

Coun. BAYLEY—Mr. President, I wish to comment on the remarks of the councillor from Ward 3 (Councillor Russo). In this order we have a chance to help along the progress of the City of Boston. I believe we should have as many airlines and transportation facilities as possible in and out of Boston so that we may continue to be, or become even more, one of the great cities in this country. We are the starting-off place, if we go at this right, for takeoffs to all European and Asiatic cities, as well as the cities of America, and I believe I am speaking for the people in my district and the majority of Boston, when I say we should have as many transportation facilities as possible. It may be true it is causing inconvenience to the people of East Boston, but we should look at this in the large way; if there is no more room for airlines at the East Boston airport, I say, make room for these lines, encourage them all to come in here so that we may be well served and be able to take care of the people of our community and the surrounding districts. I do hope this order will pass, and I do hope the application will be granted so that we may have another airline and still more major airlines in the city.

Coun. RUSSO—Mr. President, I don't wish to get into any debate with my colleague from Ward 1 (Councillor Coffey). However, we must all realize that the people are more air-minded today than they have ever been before, and they will continue to be more air-minded the more facilities we can

give them. Realizing, as I said, that there have been millions of dollars spent, and regardless of what the councilor from Ward 1 may think, I feel that there will be more millions of dollars spent at the Logan Air Field, and if this company wishes to come in to the City of Boston to bring more business to the City of Boston, to give more air travel service to the people, I feel that we ought to look ahead. We must realize the airport is there. We must realize that there will be more air travel as we go along, and why should we stop the progress of the City of Boston when we have an airport which, I believe, will be one of the leading airports in the country, where we can bring in people from all parts of Europe and allow people to leave for all parts of Europe. It will mean more work, it will mean more business, it will mean that the City of Boston is going forward and not backward, and that is why I presented this resolution, because I believe that we are all getting more air-minded today, and we will get more air-minded as we go along. I feel the City of Boston ought to be the first one to encourage such a program in order to give the best of service and at the same time give employment and get some revenue.

Coun. COFFEY—Mr. President, there is one point I want to touch on that Councilor Russo touched on, and that is, his familiarity with the airport. I doubt if anybody here is as familiar with the airport as I am. I doubt if there has been a day in years I have not spent a part of at the airport, and I know the conditions there. On the employment question which Councilor Russo referred to, go down there and find out how many Boston men and women are hired. Go down sometime and take the family down to see the big planes land and take off, and you will find out what we have to take. You can't leave a pot or a pan on the stove or sink, you have to take them all and hang them up. When the four-engine planes take off—and later, I suppose there will be six- and eight-engine planes—the vibration is so bad that practically everything in the house shakes. You can't hear the radio, conversation ceases, until the plane is 700 or 800 yards overhead. They hire southerners and westerners down there. They import them and bring them into our airport. Just go down and listen to the lingo of anyone who answers the questions at the reservation counters. Go down and listen to them to see if you can hear a Bostonian accent there. You will find one out of twenty, one out of thirty, one out of fifty, who comes from the City of Boston. Now, councilors, in regard to this talk from the generous man from Ward 5 (Councilor Bayley), I got a kick out of it. When you go through the Back Bay you will see lights there at every corner, like we have been begging for in every district in Boston, all kinds of lights. For what? For women to cross the streets with their poodle dogs while our kids are run over. Why, all over the City of Boston we have not got those lights. Go through the Back Bay and look at the signs, "No Trucks Allowed on This Street." He wants to give us all kinds of planes over there, take our homes away from us, put hangars under our windows, put repair shops under our windows; repair shops working 24 hours a day. But, on trucks on the streets of Ward 5, no peddlers allowed on the streets of Ward 5. "Stay away from the blueblooms, don't come near us in the Back Bay; go in the other sections, and peddle your goods. And don't disturb us here. We will call up the grocer to deliver our goods and have the liquor delivered at the same time, and probably invite the grocery boy into the house if he is big enough." That is the type of people in the Back Bay. They keep their planes there in the hangars of East Boston, and come over there and get drunk and get in these planes, and many of them have been grounded for it. They take the lives and safety of the people of our district in their hands, and if they don't have a crackup they go off to the peaceful district, Ward 5, where they can have a good night's sleep. They live in the Back Bay section where the blueblooms live, where they close their homes at this time of the year and go to their other homes down south for the winter, but we are lucky to have clothes for our kids in the winter in the district I come from. Still, they come up here, and we have to improve Boston for them, and improve the airport. For what? What does the state get out of the airport? It is in the sea, and all our airports are lucky to take in a million dollars revenue last year. And what is that compared to the 60 or 70 million dollars they are going to spend to dig a hole in the ocean, to make an airport for the bankers and brokers of Boston who have their money invested there, so that they can go to Beacon Hill and say it cost \$60,000,000. But if you or I go to Beacon Hill to reduce the old age pension down to 60 years so that the folks at 60 can receive the old age pension and stop work, and the young fellows, the G. I.'s especially, take their jobs—no, they don't fight for these things, they fight for things that should not be of interest at all. They don't understand. They don't understand our district. They don't understand what is happening to us over there. We see it, we know our people who live in agony over there now because General Hale, better known as "John Lies," has been telling these people for months that he is going to take their homes. How would you like to live 50 years in the house you are in and want to stay there until you die, and have him come in and say, "Within 60 or 90 days we will take the roof from over your head, but we are generous enough to give 20 or 25 per cent over the assessed valuation." Some of them have been assessed for \$2,200 or \$2,500, and they will have taken that

much money and put it into the house in the past four or five years. What return are they going to get? I ask that this order be laid on the table.

President KELLY—There will be no debate, councilor.

The question came on laying on the table.

The resolution was declared laid on the table. Councilor Coffey doubted the vote and asked for a roll call, and being sustained by a sufficient number of councilors, the roll was called, yeas 2, nays 4:

Yeas—Councilors Coffey, Kinsella—2.

Nays—Councilors Bayley, Chase, Muchnick, Russo—4.

Present—Councilors Bryan, Hannon, Keenan, Kelly, Lane, Moriarty—6.

The Chair declared the motion to lay on the table lost.

Coun. KINSELLA—I desire to be recorded as changing from "Present" to "Yes."

Coun. RUSSO—I move a suspension of the rule.

President KELLY—Councilor Russo moves a suspension of the rule.

Coun. KINSELLA—Mr. President, I did not hear much of the debate on this in the last two seconds, but I think we are very generous to people who do not have much consideration for us. I live on Belmont street in Charlestown, and on top of Bunker Hill street, within a hundred feet of my home, is St. Francis de Sales Church which is mounted by a spire perhaps 100 feet high. I am not going to get oratorical about this, but I will ask everyone to give ten seconds' deep reflection on this; we are going to have a major disaster in Charlestown sometime because of low-flying planes. I am waiting for the night when one of these planes will impale itself on the spire of St. Francis de Sales Church, and there is no earthly reason for these pilots flying so low. It seems to me when they reach these densely inhabited areas like Charlestown, they can go out over the Mystic river and pursue a course straight to the airport from there rather than flying in some cases only 50 feet over the roof tops. I have been awakened at 1 or 2 o'clock in the morning with the roar of a plane 100 feet over my roof top. I am not thinking primarily of 7 Belmont street. I don't say they can crash any place else, so long as they escape me. I am saying there should not be anything that would contribute to a crash any place. Every paper in Boston, the *Globe*, the *Herald*, the *Traveler*, the *Post*, has editorialized the low-flying planes, and I have refrained from saying anything in the past because I did not want to appear to have gotten my ideas from the editorials of the various papers. For those who live in the other parts of the city, they are 1,500 or 2,000 feet below a plane by the time it reaches that area. Stop and consider what it means to have a four-motored transport plane with 20 or 30 people in it coming over your house any time of the night or day, in fair weather and foul, with not 50 feet to spare, and with a 100-foot steeple of the church 100 feet away, sticking up in the air as a potential menace, it to the plane and the plane to it. I have asked for a few seconds of reflection. It is not a joke. But why do as some of our city department heads do? When we ask them to improve conditions in our district, they will point to the lack of fatalities. Before they give you street lights or "Stop" signs or "Slow" signs or traffic lights, they will say the accident record does not warrant it; in other words, some one has to be killed first, but unfortunately, in a plane accident, they are generally all killed. I am living in deadly fear that a plane will crash into the steeple of that church killing everybody in the plane and everybody in the area where it finally plummets to earth in a densely settled area of Boston. If you would rather have commercial expansion, go ahead and vote this thing in. They have been expanded enough for the present, at least, and if they require present expansion, let them make a concession where our lives will not be in constant terror, where our children won't wake up at night crying because the low-flying planes have startled them out of their slumbers. Why not give our people a break for a change? Let us lay it on the table. I think we can force out of them better consideration for the people down below who cannot get out from under. It will be somebody, if not me, it may be you, and if none of us, it will be somebody else inevitably, and it is going to happen. I hope it does not, but it is going to happen. We don't have to knuckle down to every commercial proposition that comes in here on the plea that Boston is pioneering and that if we don't do this, we are being provincial, we are thinking in terms of 1900 rather than in terms of 1946. Expansion will set in, anyway, and while the expansion is taking place, let us protect human lives. Don't make an issue of it, we can let them expand, but let us beat concessions out of them designed to do one thing only, preserve the lives of these people who won't have a chance if a thing like this eventuates. I hope it does not in Charlestown or East Boston, or any place else. The condition is serious. Come over some night and sit with me, and then you will be glad to leave.

President KELLY—The question comes on the suspension of the rules.

Coun. KINSELLA—I hope the Chair will send this to the Committee on Public Safety for hearing, a public hearing, if it is satisfactory to the sponsor, Councilor Russo.

President KELLY—The question comes on the suspension of the rules.

Coun. RUSSO—Mr. President, although I heartily agree to a certain extent with the councilor from Ward 2 (Councilor Kinsella) in so far as low flying is concerned, however, I feel there are rules and regulations, and if the companies do not live up to them, the Civil Aeronautics Board know what to do. But as far as the crackups are concerned, we have the most deadly mechanical instruments going through our streets every day in the week. They are killing more persons than are taken by natural death, and that is our automobiles. I wonder if that was the opinion at the time when automobiles came into being? If it was, we would not have automobiles today. Every day there are more and more on the road, and the idea is to put through more facilities in order to make it easy for them to operate. We have had crackups on trains, we have read about them, we know about them, and we will have the same fatalities on airplanes. However, that will not stop the progress, the wheel of progress will continue to go on and on. Where we have airplanes today and where the people will be using more airplanes tomorrow, especially in the City of Boston, to bring it closer, only a few hours to all parts of Europe, I really can't see any objection, Mr. President. We have them, we know what they are, and we know as we go along, the mechanical side of them will be improved with time. However, if we thought that when we got into our automobiles, that we were going to get killed or come to a smashup, we would not be riding in the automobiles, and if we thought in the same manner so far as rail is concerned, we would not be traveling by rail, and if we do the same thing on air travel, then there would not be any air travel whatsoever. We have these mechanical traveling devices, they are here, and they are here to stay, and they are here to be improved. I know that we will have accidents, no matter what we do. One of us can have an accident while walking here, and drop dead through the accident. That is life. So far as that is concerned, Mr. President, I can't see any reasonable objection. I feel that when this company is willing to give its service to people to leave from the City of Boston—it means more commerce in the City of Boston, more business—we should grant it. I really can't see any objection so far as the councilor from Ward 1 (Councilor Coffey) is concerned. I sympathize with him. However, there has been a pro and a con in East Boston, but the question remains. What we have to be guided by is, it is here, we have the airport there now. Are we going to let it alone without making any improvements, without giving any better facilities or more facilities for the people traveling by air? Or are we going to say, "We have reached this far, and we are not going ahead any further?" I say we have to go further, because the idea is, with time there will be more improvements.

President KELLY—The question comes on the suspension of the rule.

Coun. BAYLEY—Very briefly, I wonder if the sponsor would have any objection to having my name as co-sponsor of the resolution?

Coun. RUSSO—No objection, Mr. President, if I may, before I forget, I wish to bring to the attention of the Council that I understand all these other eleven cities have approved that petition, and I feel that we in Boston ought to do likewise. We ought to encourage the companies to come in.

Coun. COFFEY—Will the councilor from Ward 3 (Councilor Russo) answer a question?

President KELLY—Councilor Russo, will you answer a question?

Coun. RUSSO—I will hear the question.

Coun. COFFEY—I would like to know where you got this plan. I have not seen it.

President KELLY—Will you answer that question of Councilor Coffey?

Coun. RUSSO—Yes. I got this plan from a friend of mine when he knew I was going to present the resolution, and he gave me the plan showing the various routes.

Coun. COFFEY—Another question, if he cares to answer. Would he care to name the friend, and whether he is connected with the airline, or whether he is anticipating a job with this new outfit?

President KELLY—Councilor Russo?

Coun. RUSSO—It has no bearing in so far as the resolution is concerned.

President KELLY—I think that is a little bit far removed from the resolution.

Coun. KINSELLA—I want to say this thing is big enough to warrant the attention of every councilor here, and I don't think any of us want to hamstring the people in commercial enterprises, and by that I don't mean to take back a word I just said, but at a public hearing we would elicit certain information.

President KELLY—Would you make that in the form of a motion?

Coun. KINSELLA—I have already made it.

President KELLY—The Chair misunderstood you, councilor. The Chair thought you just suggested it. The motion would have been in order to refer it to the Committee on Public Safety.

Coun. KINSELLA—As a matter of fact, I did but you said there was a motion of Councilor Russo before the Body.

President KELLY—I did not understand you made a motion, councilor.

Coun. KINSELLA—I am going to wind up and make a motion. Mr. President, I would like Councilor Russo to go along with it because it will

give Councilor Coffey a chance to elicit information regarding the condition of his district and the rest of the public. It will give me a chance and a chance to those others who are terrorized by these planes, and I am not ashamed to tell you I am; a chance to find out whether or not they are going to respect the rules of the road and fly high enough. They don't do it now. If I am not mistaken, I think the limit is 1,500 feet over a densely populated area, but they come in over Charlestown and my home in many instances at less than 100 feet. You can visualize a plane on the ground, a four-motored plane, which is a monstrous-looking object, but when you see it 100 feet over your head, over your housetop at 200 miles an hour, it is enough to strike terror in anyone's heart, and I don't have to be a coward to admit it. I am thinking of my defenseless children who cannot get away from it. If the papers of Boston anticipated these remarks by eight or nine months and if the condition warranted editorial comment, it warrants criticism here, and yet, in all fairness, I did not get any ideas from the newspapers. It is a condition from which I suffer every day of the week. Again, I extend to every one of you an invitation to sit with me any evening, cloudy or clear, and you will wonder what is going to happen to that plane which appears to be coming into the front window. I won't raise a voice for these people until they concede to us that human rights come first and that this expansion can come afterwards. As far as Councilor Russo's statement concerning automobiles is concerned, I grant he is 100 per cent correct. Most of our accidents in this country take place in the homes, but we don't stop building them because of that, but when people have a dollar and cents commercial business and the operation of that business can wind up in disaster for innocent people in spite of regulations because they won't obey them, somebody, the newspapers or the law, should make them obey—should make them obey—should make them obey! I move this be sent to the Committee on Public Safety for hearing, which is to be properly and legally announced, so that they will have no excuse for not attending. Then we will talk about it.

President KELLY—The motion is to refer to the Committee on Public Safety, which takes precedence over the motion to suspend the rules. Councilor Chase, not having spoken.

Coun. CHASE—I am very much in favor of doing everything within our power to improve the airport facilities in Boston. I am in favor of having more airlines coming into Boston, because it means more business in Boston. But, Mr. President, with due reflection I think I would vote to lay the matter on the table, having in mind, sir, that many of these four-motored planes, practically all these four-motored planes, which head for New York and other points west, go over my district, and many of them circle at very low altitudes, and the noise, sir, is tremendous at times. I know of many people in my district who have complained of the propeller and motor noise in the early hours of the morning. Sir, there is a great deal to what the councilor from Charlestown (Councilor Kinsella) has said, that the rights of human beings should be paramount to the rights of business interests. To go one step further, Mr. President, prior to the airplane business coming into existence, we had laws on the books of this state that said the property owners' land goes away down to the center of the earth and way up to the sky, but because of our modern advances in airplanes, your states have enacted new laws enabling business firms such as airlines to utilize the air above the holdings of the property owners. There is some question, Mr. President, as to whether or not they can legally do that, but that is beside the point. The fact is, in my district, the citizens are at times, and many times, bothered by this tremendous noise of motors and propellers. I maintain, sir, at times the major airlines operate their airplanes at such low altitudes that they constitute a public nuisance. There is no reason why the members of the public in the early hours of the morning should be compelled to be awakened by this noise from airplanes. There is no reason why your major airlines should not be compelled to head out to sea in order to gain higher altitude and then fly west over the roof tops of the citizens of Boston. Your citizenry has some rights, and I am glad this order was introduced today to bring this point to a head in order to make the proper officials aware of the fact that there is such a thing as a noise nuisance today being constituted by your major airlines. I hear airplanes every single night in the week, and at times many of them are quite loud, so much so that they wake you out of your sound sleep. If these major airlines operated airplanes at higher altitudes before they went over the roof tops of the people in Ward 4 and other sections of Boston, then you would not have this noise nuisance. It would seem to me, sir, they could obviate this noise nuisance in Boston by compelling major airlines to head out into the open sea in order to gain high altitudes before they turned west to fly over our roof tops. Apparently they don't do this. Apparently they start at a low altitude and go over our roof tops at low altitude. The citizens of Boston are entitled to some quietness in the early hours of the morning, and something should be done about it. I am in full accord to this extent with the gentleman from Charlestown (Councilor Kinsella) and the gentleman from East Boston (Councilor Coffey). I think, sir, this should be laid on the

table, and a written order passed asking his Honor the Mayor to request the State Board of Aeronautics to study the possibility of having all the major airlines adopt different flight routes in order to ensure higher altitude flying over the City of Boston to eliminate the noise caused by the motors and propellers. I hope that this matter is laid on the table.

President KELLY—The motion before the Body now is to refer this matter to the Committee on Public Safety and hold a public hearing. Councilor Scannell, not having spoken.

Coun. SCANNELL—Being busy on the outside on committee matters, I did not hear the order, but I would like to take exception to the remarks of the gentleman from Ward 4. It is very evident the gentleman from Ward 4 does not know very much about flying an airplane. I don't know very much about it, either, but I know this, Mr. President, that if an airplane takes off, it has to take off into the wind and when it comes in, it has to come in with the wind. I am sure on this question of protection against the airline people, they come over my district not because they like to come over, but it is because they have to come over. I think the gentleman from Ward 4 better study his aeronautics. I think he could go to the East Boston airport and learn a little bit about the airplane, that it has to come in with the wind, and that to take off it has to go into the wind.

President KELLY—It is referred to the Committee on Public Safety.

Coun. COFFEY—Mr. President, just briefly on the statement that Councilor Russo made, and to clarify things for the other members of the Council, Joe said as far as East Boston is concerned, there is a pro and there is a con. Let me tell you that Joe Russo and anybody else in this city can go over to East Boston and will not find one person in favor of the airport, not one. We are all anti-airport, all of us in East Boston. Councilor Chase says that the noise bothers him in the Back Bay. How the hell do you think that we feel in East Boston? Each time it comes over my house—and there is a line directly over my house—it circles Charlestown to head for New York. That plane has gained 700 to 1,000 feet in altitude, I dare say, and with an ordinary fishing pole you could get on top of a house where I live and touch that plane. We can see the pilot, we can tell the passengers on the right-hand side, and we can count the passengers on the left-hand side when the plane is landing. This is a sickening thing to me, and has been for years. There was one councilor up here one year who saw fit to oppose me on everything I wanted because he was pretty close to the Mayor, Maurice J. Tobin, and one day he found himself in a hell of an embarrassing position. There were 15 members present and on the second meeting when the order came up for the firehouse in his ward, he did not have to come to me, but he did, and he asked me to give him a vote. I did, and some of you old councilors are smiling, remembering it. I gave him the vote which gave him the 15 votes necessary for that firehouse. I am sick and tired of the airport in my district. To you it does not mean a darned thing, but if you want municipal buildings or you want a ball park or some small play area for your children, you come around, but if anybody takes the floor against you, you would hit the ceiling. What are you trying to do? You don't realize you are hurting—my, you are hurting the people of my district. These people that represent the airlines have not got Coffey. I could have had these plans to introduce. I could have had money to introduce them. I could have had free travel tickets on any damned line in East Boston, any one of them, and I can name any manager over there. I can name nearly all the pilots and copilots and the hostesses because I tell you, I visit the airport practically every day in the week. This is really serious to me, and you people don't realize how serious it is to the people in my district. We are fed up with the airport. They have taken 57 acres of playground away from us and a 100-foot bathing beach at Wood Island Park. In fact, they have still Wood Island Park to tear down and Governor's Island to tear down; they have not started on that yet. Fifty-seven acres! I ask that this order be amended, and I ask in that amendment if this airline is granted permission to operate from the East Boston airport, any buildings or any hangars they erect must be erected on the land which we now call Wood Island Memorial Park or further out through Governor's Island, not on land where they affect my people. I ask that amendment be included in the order, and I would be satisfied even if the order is passed, providing they build out and do not come in and take any more of our property away from us.

President KELLY—The motion to refer it to the Committee on Public Safety takes precedence.

Coun. COFFEY—Could the amendment be added to the reference, Mr. President?

President KELLY—It can be amended in the committee, councilor. Speaking on the motion, I think it is a matter to go to the Committee on Public Safety.

Coun. BRYAN—Mr. President, I hope this order will go to the Committee on Public Safety so that we may have a public hearing to hear both sides of the story and so that all councilors and all the people in the city will have an opportunity to come to be heard, along with the members of the airlines.

President KELLY—The motion is to refer this matter to the Committee on Public Safety.

Coun. RUSSO—Mr. President, I know we have taken up more time than we anticipated on this question. However, I wish to leave this thought with the Council, in so far as the councilor from Ward 1 (Councilor Coffey) is concerned, I have no animosity towards him, and I don't intend to hurt any councilor. That has always been my motive, and I shall always continue to keep it my motive. In so far as any implication is concerned—

Coun. COFFEY—Mr. President,—

President KELLY—Councilor Coffey, is it a question?

Coun. COFFEY—No, it is not a question, Mr. President, and I don't want him to make a statement which he will regret later, a statement which is then in the record.

President KELLY—Will Councilor Russo yield to Councilor Coffey?

Coun. RUSSO—I do.

President KELLY—Councilor Coffey.

Coun. COFFEY—I thought he was going to bring up something. He might have forgotten the statement I made previously when I asked that question as to who gave him this plan, and if it was somebody interested in a job. They approached me because it is in my district, and that is why I say I was approached; they have approached me. I could have tickets on any airline—I repeat that—because it is my district. It is not Councilor Russo's district. As I asked in the first place, is he interested to get somebody a job there? I think the man handling the plan is in this building so that he could go to work.

President KELLY—The question is on the matter of referring it to the Committee on Public Safety.

Coun. RUSSO—Because it is my belief that we are getting more air-minded and we will continue to get more air-minded and travel more by air than we have ever done before, and realizing also, as I understand it, that the hearing before the Civil Aeronautics Board at Atlantic City will probably terminate in a week's time, that is the only reason why I presented this resolution today, but if in the judgment of the councilors they think we should send this to the committee, it makes no difference to me. I can assure you that no one has approached me, no one has made any promises, or even given me the idea of getting one ticket for one flight. Therefore, it is merely because I believe that where we have the airport, and there is no question in my mind, regardless of what we do or don't do, that the airport will be developed as we go along, there will be more traffic by air as we go along, I want to let the councilors know that in so far as I am concerned, it has been merely because the editorials and such like I have read have enthused me to present this resolution. I feel that we ought to have a company which will leave from Boston directly to Europe and to connect from there out to these other twelve main cities of our country, so that they can bring their load into the City of Boston and hop on to the other transatlantic liners which will take them to their destination. The only reason why I press it is because the hearing may be terminated this week, so whatever value it may have afterwards is up to the councilors to decide.

President KELLY—The question is on the motion to refer it to the Committee on Public Safety.

Coun. COFFEY—For the sake of the record again, and for the sake of the other councilors, this is not so important. We are not going on record. We are not granting anything. Don't be under the misapprehension there is no airline now running from East Boston to Europe because I want to make that correction. Both the United and TWA run out of Logan Airport right direct to Europe at the present time, so that is no need for a third line coming in there.

President KELLY—The question is on the motion to refer to the Committee on Public Safety.

Coun. RUSSO—That may be so, Mr. President, but I also have in mind the greatest thing in our business is always competition, and I love competition.

The resolution was referred to the Committee on Public Safety.

Coun. KINSELLA—Mr. President, a point of information.

President KELLY—What is your point of information?

Coun. KINSELLA—Will the Chair determine from the clerk whether or not the public hearing requires a notice of more than seven days on this?

President KELLY—No requirement of any kind for a notice of this sort.

Coun. KINSELLA—As chairman of the Public Safety Committee, Mr. President, at 10 o'clock next Friday morning we will have a hearing at the Chamber and all councilors are invited. I will ask the Chair to instruct the Clerk of Committees to invite a representative of the airlines, each airline, to be here, that uses the East Boston airport.

President KELLY—You can invite anybody you want as chairman of the committee. You instruct the Clerk of Committees as to those whom you want invited. Councilor Coffey is in order.

Coun. COFFEY—May I ask the councilor if he can change it to Thursday because Friday I will be out of town?

President KELLY—Can you and Councilor Kinsella get together?

REMOVAL OF CERTAIN WARD 5 RESTRICTIONS.

Coun. COFFEY offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to remove all signs from Ward 5 restricting trucks and pedlars.

Coun. COFFEY—Mr. President, we have a very bad traffic condition in the City of Boston, and no doubt some of it is due to the fact that trucks have to use only certain streets. If all the highways and byways of Boston were open for trucks, they could use the Back Bay section of Boston. There is no doubt in my mind that streets overloaded now with vehicles would be to some extent relieved of the heavy traffic, and the traffic would improve throughout the entire city. I think that is a very good order as far as trucks are concerned. Now, as to pedlars, I don't think it is fair or proper that pedlars should be restricted to certain streets in the City of Boston. I think if a man comes into City Hall and pays for a license, especially if it is a young man now going into the peddling business—and I refer to the G I—I think that license ought to call for every street in the entire city. If they have goods to sell, I think they ought to be allowed to sell them everywhere, in East Boston, Charlestown, Roxbury, Dorchester, Brighton, or other sections of Boston, all over the entire City of Boston. One part of Boston is no better than any other part; in fact, some parts of Boston to which I refer are not as good as some of the sections we live in, and we know that, both morally and otherwise. Mr. President, I hope this order is passed, that trucks be allowed to use every street in Boston and pedlars be allowed to sell their wares on every street in Boston, and not be restricted from the Ward 5 section of the Back Bay.

Coun. BAYLEY—Mr. President, it is very fine to get up here and learn we have an expert, not only an expert on the airport, but also on the streets of Boston. He knows a great deal more than the Traffic Commissioner knows and the Street Commissioners and the Street Laying-Out Department and the Park Commissioner. Possibly he should be running for the office of the Mayor of Boston with such wide knowledge.

Coun. COFFEY—I might at that.
Coun. BAYLEY—Mr. President, it has been my purpose from the outset, and I think it is the purpose of this Council to look after our districts as best we can. I am not the expert of Ward 5 and I am not trying to say what should be done, but I move this order be laid on the table.

The motion to lay on the table was declared lost.
President KELLY—Councillor Kinsella.

Coun. KINSELLA—I doubt the vote and ask for a roll call.

President KELLY—Councillor Kinsella doubts the vote and asks for a roll call; in fact, I will join him.

Coun. CANTWELL—Will the clerk please read the order?

(The order was read by the clerk.)
The roll was called, yeas 4, nays 8, and the motion to lay on the table was lost.

Coun. BAYLEY—Mr. President, I now move it be referred to the appropriate committee.

President KELLY—Councillor Bayley moves it be referred to the Public Works and Street Commissioners Committee.

The motion was carried, and the order was referred to the Committee on Public Works and Street Commissioners.

ADOPTION OF HIGHER FLIGHT ALTITUDES BY BOSTON PLANES.

Coun. CHASE offered the following:
Ordered, That the State Board of Aeronautics be requested, through his Honor the Mayor, to study the possibility of having all of the major airline planes leaving and landing at East Boston adopt different flight routes in order to assure higher flight altitudes to prevent disturbing the citizens of Boston by the motors and propellers.

Referred to Committee on Public Safety.

ABATEMENTS OVER \$25,000 MADE IN 1946.

Coun. CHASE offered the following:
Ordered, That the Board of Assessors be requested, through his Honor the Mayor, to submit a list of names and addresses of persons to whom abatements over \$25,000 have been granted for the year of 1946.

Coun. CHASE—Mr. President, his Honor the Mayor at the beginning of the year announced that his Board of Assessors had increased all of downtown Boston assessments by millions of dollars of assessed valuation.

Coun. COOK—Mr. President, a point of order.
President KELLY—State the point of order.

Coun. COOK—It seems to me this order conflicts with the jurisdiction of the City Council.

President KELLY—Will you state the point of order?

Coun. COOK—The order conflicts with the jurisdiction and powers of the City Council under our charter.

President KELLY—The President will rule, under the wording of the order, the order is in order.

Coun. COOK—Will the clerk please read the order again?

(The order was read by the clerk.)

Coun. COOK—They say they will submit the list?

President KELLY—The councillor from Ward 4 (Councillor Chase) requests the Mayor to do something. Therefore, the order is in order.

Coun. COOK—Mr. President,—

President KELLY—Councillor Cook, for what purpose?

Coun. COOK—When you request a man to do something, it has to be specific. He wants the Board of Assessors to submit a list. To whom? If it was to the UN, of course, it would be out of order.

Coun. CHASE—To the City Council, Mr. President.

President KELLY—Councillor Cook, the Chair will inform you that Councillor Chase means the Council. The list is to come to the City Council.

Coun. COOK—It could be submitted to anybody.

President KELLY—The Chair has ruled this order is in order.

Coun. COOK—I appeal from the ruling of the Chair.

President KELLY—Councillor Cook appeals from the ruling of the Chair.

Coun. FISH—I second it.

President KELLY—Councillor Fish seconds it. The question is, shall the decision of the Chair stand in the judgment of the Council? The clerk will call the roll.

The roll was called, and when the name of Councillor Linehan was called, Councillor Linehan said:

Will the clerk please tell me what I am supposed to vote on?

President KELLY—The appeal from the decision of the Chair. A "yes" vote means the decision of the Chair is sustained.

Coun. LINEHAN—On what question?

President KELLY—On the point of order.

Coun. LINEHAN—Will you give us the ruling on the order? I want to know what the ruling on the order was.

(Discussion at the bench.)

President KELLY—Seven votes in the affirmative and five in the negative. The position of the Chair is sustained. Councillor Chase.

Coun. CHASE—Mr. President, his Honor the Mayor at the beginning of the year announced that his Board of Assessors had increased the assessed valuation of all downtown properties by millions of dollars, and he gave as a reason, sir, that in the past they have been underassessed. Now, Mr. President, it is a common story, the story about the Little Building—it is a common story that there was a \$100,000 abatement on Huntington avenue property, and it has been called to my attention a few days ago that another large abatement of over \$200,000 was granted to a certain property owner on Washington street. Mr. President, if those large abatements are going to continue at the rate they have, I am wondering just where the city is going to get its tax revenue to carry on. I think, Mr. President, inasmuch as his Honor the Mayor thought at the beginning of the year to announce the names and addresses of the increased valuations of properties downtown, that in fairness to all property owners in the city who are affected by these large increases, he should announce the names and addresses of the property owners that got large abatements. Your taxpayers-at-large are being called upon to make up the difference in tax money. When an owner of a large property downtown receives a million or two million or whatever it may be in abatements, every taxpayer will be called upon to make up his proportionate share of the tax money lost by that abatement. Now, Mr. President, I see no reason why his Honor the Mayor and the Board of Assessors should be keeping these matters secret. As a matter of fact, sir, his Honor the Mayor apparently did not know what was taking place, or else he deliberately attempted to mislead the public when he tried to explain the million dollar abatement on the Little Building.

Coun. MUCHNICK—Mr. President,—

President KELLY—Councillor Muchnick, for what purpose do you rise?

Coun. MUCHNICK—I think a point of law is in order. I have no objection to the councillor going into the tax abatement situation or any other situation, but the repetition at the rate we are getting is becoming a little boring.

President KELLY—The Chair will warn the gentleman from Ward 4 not to repeat.

Coun. CHASE—Mr. President, frankly, sir, I don't think a little repetition in order to advise my colleagues—a good many of whom were against the public enlightenment as to who are getting these million-dollar or two-million dollar abatements—will do any harm. I think, sir,—

Coun. MUCHNICK—Does the councillor from Ward 4 think he is appealing from the decision of the Chair in asking him not to be repetitious?

President KELLY—I have warned the councillor once, Councillor Muchnick, and I am going to warn him again not to repeat.

Coun. CHASE—Mr. President, your ruling, sir, to uphold my order as being an order was upheld, sir, by a vote of seven to five. Apparently there are five members of your Council who were reluctant and did not believe that you were in order in making the ruling you did. I have in mind, sir, a little saying taught to me in my freshman year in law school, and I will cite it. "It is only through repetition and repetition that we can hope to force

a difficult impression on a reluctant mind." I contend, sir, that a number of your Council were reluctant to allow the public at large, the taxpayers, to know what is being done with the tax money and, sir, the reason why I have been repeating the \$2,000,000 and \$1,000,000 abatements and other things going on was to try to impress upon their reluctant minds that they —

Coun. MUCHNICK—Mr. President,—

President KELLY—Councillor Muchnick, for what purpose?

Coun. MUCHNICK—Just to repeat, sir, that I am getting bored with the repetition.

President KELLY—The Chair will ask the gentleman from Ward 4 (Councillor Chase) to come to the point and discuss the order, please.

Coun. CHASE—Mr. President, I believe the citizenry-at-large through their elected members are entitled to know what is going on in the City of Boston as to the abatement of taxes which the City Treasurer is allowing. Sir, there are many rumors throughout the city that certain lawyers in Boston are in collusion with your Board of Assessors and his Honor the Mayor, or whatever it may be, because they are getting large tax abatements. If that is so, sir, I think we should be presented with material in order to trace down these tax abatements and to prevent these tax abatements which are nothing but steals on the public treasury. I think, sir, the only way that you can get a line on these abatements is by having your tax assessors inform the members of your Council when each tax abatement over \$25,000 is awarded.

Coun. LINEHAN—Mr. President, a point of order.

President KELLY—Will you state your point of order?

Coun. LINEHAN—In order to save the time of the City Council, is it possible that a City Councillor or any citizen of Boston can secure the desired information by merely writing to the Board of Assessors? Then any councillor or any citizen can ask the newspapers, if the newspapers so desire, to publish the same.

President KELLY—That is right.

Coun. LINEHAN—It seems to me we are using too much of the time of the City Council on something which can be secured without an order being passed by the City Council.

President KELLY—That information can be secured.

Coun. CHASE—I beg to take issue with you, sir.

President KELLY—Wait a minute, councillor. Councillor Chase, under the law, the matter of abatements is of public record.

Coun. CHASE—Mr. President, I know a number of citizens of Boston, large taxpayers, who have in the past, and in the immediate past, endeavored to get some idea of what sort of tax abatements your Board of Assessors have been granting, and they say your Board of Assessors has a little black book which they keep to themselves, with information which is not announced to the public. Mr. President, in view of the fact that these citizens have in the immediate past been thwarted, I think it would be much more convenient for your citizenry-at-large if, when large tax abatements have been granted, they be made public notice on the free will of the assessors. I say that, sir, having in mind that the Board of Assessors is nothing but a body of men supposedly acting in behalf of the public, and their documents should be public documents, and what they do should be made a matter of public record. To date, sir, we cannot say they are doing that. At least, Mr. President, his Honor the Mayor endeavored to mislead the public at large on the Little Building abatement, and that knowledge, sir, was not freely given to the public at large, but it had to be dug out. Now, sir, I believe that your city treasury is being cheated out of hundreds and hundreds of thousands of dollars by people who are not entitled to these abatements, and that we as the elected members of the Council should endeavor to do something to protect the taxpayers in our districts who will be called upon to make up any deficits or the differences in taxes because of these abatements. The time has come, sir, when something should be done about the Board of Assessors and these large tax abatements. Somebody in authority should stop this piece of graft and that, sir, is all that it is; it is a piece of graft where a few men are getting their killings in at the cost of the taxpayers. I trust, sir, the members of the Council will adopt the order for the benefit of the public.

Coun. BAYLEY—Mr. President, I agree with the distinguished councillor from Ward 4 (Councillor Chase), and I want to say here that I intend to repeat what I have said before—I will continue to go on saying this—the fact that the people have a right to know to whom those large abatements are going because when you give a large abatement, you take away money which would be coming in to the city and somebody has to pay that money. I don't believe it is fair and right—

Coun. HURLEY—Mr. President,—

President KELLY—Councillor Hurley, for what purpose?

Coun. HURLEY—May I ask him to yield for a question?

Coun. BAYLEY—Not at this time.

President KELLY—Councillor Bayley.

Coun. BAYLEY—The people of the City of Boston have a right to know to whom these large abatements are going, and when these abatements are given, as was given in the case of the Little

Building and the store in downtown Boston which we have not named. A great deal of money does not come into the city which would normally be expected, and the result is that next year the tax rate will be up on account of the money not collected now—the loss is going to fall on someone—it is going to fall on those who pay the taxes, they will have to pay more than normally had not such abatements been given. There must be a uniform method of appraisal and a uniform method of abatement so that they will be given equally to everyone, if at all. I am perfectly willing to fight every week until that is done, and I agree with the distinguished councilor from Ward 4 (Councilor Chase) that it is difficult to get the figures from the Board of Assessors. They have big grey books down there where what happened a year or two years ago can be located, but when you want to find out what happened this year, it is very hard. I did my best to find out something about the Little Building assessment. It is difficult, whatever it is, and you know better than the people in our districts—

Coun. HURLEY—Will the gentleman from Ward 5 yield to a question?

Coun. BAYLEY—Not at this time.

President KELLY—Councilor Bayley.

Coun. BAYLEY—I feel that we have a right to know whether the abatements are as they are given.

Coun. CANTWELL—Will the councilor yield?

Coun. BAYLEY—Not until the end of my speech.

President KELLY—Continue, Councilor Bayley.

Coun. BAYLEY—I repeat, it is difficult to find out what these abatements are. We should know when the abatements are given shortly after they are given, not two years afterwards, or nine months after when you happen to come across the information. I think the list should be published not only to the City Council but to the newspapers of Boston, and that list should be sent over to the Finance Commission of Boston. Gentlemen, if these abatements are continually granted and the expenses of our city go up, the taxes will be too high for the people of Boston.

Coun. MUCHNICK—Will the gentleman yield?

President KELLY—You heard the gentleman say he will not yield for a question.

Coun. MUCHNICK—He said that for somebody else. He may for me.

President KELLY—Will you yield for a question by Councilor Muchnick?

Coun. BAYLEY—I will not.

President KELLY—Councilor Bayley, continue.

Coun. BAYLEY—I won't take the time of the Council more today, but I shall be back week after week on this matter until we get the justice which is the right of the people. I am through.

Coun. MUCHNICK—Mr. President, I wonder when Councilor Bayley takes the floor the next time, will he let us know what happened on the abatement on the Masonic Building on Boylston street and why that did not make the press?

President KELLY—Councilor Bayley, will you answer that question?

Coun. BAYLEY—What was it?

President KELLY—Councilor Muchnick, he was not paying attention.

Coun. MUCHNICK—Next week I would like the answer as to what happened about the abatement on the Masonic Building on Boylston street, and why that did not make the press.

President KELLY—That is next week.

Coun. LINEHAN—Mr. President, perhaps I am wrong in thinking abatements are a matter of public record because I have never been presented with a list, but undoubtedly I could probably get a list of abatements after a long delay, although I realize the same thing can happen to this order. I requested information as to the number of employees being employed by the City of Boston, and I did not get any answer. It seems to me it is not a question of whether it is a \$25,000 abatement or whether it is a \$5,000 abatement. I hate to see the councilor wasting his time week after week, and if these are matters of record, let us go down not only on \$25,000 abatements, but \$5,000 abatements. If it can be wrong in \$25,000, it can be wrong in \$10,000. As I say, if it should be a public record, let us find out and see if the law is being lived up to. I don't want to get involved in personalities, but as I said before, if it is a matter of public record, let it be a matter of public record. I would like to know who are getting abatements in Ward 7 and Ward 5 and Ward 4 and Ward 3, or wherever it may be. To be honest with you, I, as one councilor, don't know what the abatements are in Ward 7, and perhaps we ought to have some record. So this order which some of us might think is frivolous probably is not as frivolous as it seems. Let us see if we do get information on this. Perhaps the councilor from Ward 1 (Councilor Chase) will not get the information, but if it is a matter of public record, he should, whether a councilor or a taxpayer. I will go along with him on this.

The order was passed under suspension of the rule.

SIX DAY WEEK FOR UNIFORMED MEMBERS OF POLICE DEPARTMENT.

Coun. HURLEY, LINEHAN, KINSELLA and COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to provide, in the 1947 Budget, sufficient

funds to permit the operation of a six-day week for uniformed members of the Police Department; and to arrange for the acceptance of the legislative act concerning the six-day week so that it may be put in operation simultaneously with the forty-eight hour week for members of the Fire Department.

Coun. HURLEY—Mr. President, first I would like to have Councilor Coffey's name added to that order, as I understand Councilor Coffey has been very interested in the shortening of hours for the Police Department and the salary increases. I hesitated to introduce this order until at the last election when the firemen who worked 84 hours a week, through the will and the ballots of the people of Boston, had their hours of work reduced from 84 to 48 hours. I guess all the members of this Council, through the intercession of the members of the various fire organizations in Boston, passed an ordinance reducing the hours of the firemen from 84 to 70 hours a week and that they were perfectly willing at this time to have their working hours dropped from 84 to 70. That, I think, was passed by this Body unanimously, and it was vetoed by the Mayor. When it was turned down by the veto, they turned directly to the people of Boston and asked that the working hours be dropped from 84 to 48 hours and, as we all know, that petition was passed by a tremendous majority. Now is the time to come forth with another order asking that men in similar positions in Boston that are working hours that are not reasonable and not humane, plus their regular working hours in police work, they are called upon to go into the courts, they are called upon for special details on election days, primary days, conventions, parades should be reduced. When they get through at night, they are put on the streets of Boston all day. It is not fair, it is not humane, and I am asking the Mayor, who is now preparing his budget for the year 1947, to make provision in the budget for the necessary money; that after this has been acted upon by the Legislature and the people of Boston, at the same time the firemen are going into the 48-hour week, the police of Boston will have the same opportunity. They are not asking for any special favor, they are asking something you and I and every working man is entitled to, time at home with their families and a time for recreation and a little enjoyment. Surely, men working 84 and possibly 90 or 100 hours, as many policemen have worked in a single week, are entitled to a little bit of kind treatment by us here in the Boston City Council. So I am asking, Mr. President, that this order pass, asking the Mayor to set aside sufficient money in the 1947 budget so that when this petition is passed and acted upon by the Legislature, and I am sure the will of the people of Boston has been shown in the past relative to the working hours of firemen—that the same rights will be given to the policemen of Boston. Not only that, Mr. President, but I think the Boston Police Department is shabbily treated in the way of salaries. Small cities and towns right outside Boston are paying salaries comparable with the New York Police Department—I think the starting salary in New York is around \$3,200 or \$3,300 for a patrolman. I think the police of Boston have the same responsibilities as in New York or as in any other large city—more so in Boston. They are not only policing for eight hundred and fifty thousand population in Boston, but you and I know the Police Department of Boston are also taking care of the millions living in suburban Boston that come into our city and earn their livings here, or come in the evenings for the theaters and cafes. Surely, their work is cut out greater than in the average city the size of Boston because of the suburban area that really actually is a part of the city. I hope, Mr. President, that this order will pass today.

Coun. RUSSO—Mr. President, if there is no objection, councilor, I would like to add that I agree with all the remarks of the councilor from Ward 8 (Councilor Hurley). We must realize the Boston Police Department—

Coun. HURLEY—I think every councilor's name could be added to the order because I think it is the opinion of every man here, judging from his voting on the decreased hours for the Fire Department, that they have the same feeling towards our Police Department, and I suggest that the names of all councilors be added, unless someone objects.

President KELLY—The Chair will rule all the names cannot be added, councilor, but the Council can vote unanimously to adopt it.

Coun. RUSSO—Mr. President, I started to say something when the councilor from Ward 9 took the floor. However, it has been stated that our Police Department is the most underpaid in comparison to any small city or town, and I do want to say that only yesterday I was in a city a short distance away from Boston and one of the police officers over there remarked, "What is the matter with the people of the City of Boston? Why don't they take care of their Police Department by giving them shorter hours and a little bit more money?" I was informed in that particular city that they are receiving approximately \$100 or \$500 more than the policeman is receiving in the City of Boston. Then we say that graft is concerned in so far as performing their duties are concerned. I wholeheartedly agree with the order, and I hope his Honor the Mayor will do something to build up the morale of the Police Department.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

1. Report on petitions (referred November 12) to operate bowling alleys on the Lord's Day, viz.: Joseph Oren, 1348 Blue Hill avenue, Mattapan; Domenick Rubbico, 4264 Washington street, Roslindale; Joseph Grant, 2235 Washington street, Boston—recommending that permits be granted under usual conditions.

Report accepted; said permits granted under the usual conditions.

2. Report on petitions (referred today) to operate bowling alleys on the Lord's Day, viz.: Allston Square Alleys, 20A Harvard avenue, Allston; Glenville Bowling Alleys, 2 Glenville terrace, Allston; Massachusetts Bowling Alleys, Inc., 136 Massachusetts avenue, Boston; Arlington Square Bowling Alleys, 392 Tremont street, Boston; Summer Street Bowling Alleys, 126 and 128 Summer street, Boston; Miah J. Murray, Inc., 1156 Washington street, Boston; Hub Bowling Alley, 216 Hanover street, Boston; Strand Recreation Room, 716 East Broadway, South Boston; Arborway Bowling Alleys, 1 Boynton street Jamaica Plain; Granville Club, Inc., 15 Granville street, Roslindale; Lee S. King, 466 and 468C Blue Hill avenue, Dorchester; West Roxbury Bowling Center, 119 Park street, West Roxbury; Central Square Bowling Alleys, 2 Central square, East Boston; City Square Alleys, 15 City square, Charlestown; Charlestown Daylight Alleys, 575 Ruthford avenue, Charlestown; Grove Hall Bowladrome, 643 Warren street, Roxbury; Waldo C. Nardella, 345 Warren street, Brighton—recommending that permits be granted.

Report accepted, and permits granted under usual conditions.

3. Report on petition of New England Transportation Company (referred today) to operate buses to reach proposed new terminal in Park Square district (supplementary to letter of July 5, 1946)—that permit be granted.

Report accepted; permit granted under usual conditions.

4. Report on petitions for driveway openings (referred today)—recommending that same be granted, viz.:

Haffenreffer Company, 177 Boylston street, Ward 11; William A. Hyler, 41 Bromley street, Ward 10; Fred Tobia, 100 Havre street, Ward 1.

Report accepted; permits granted under usual conditions.

RESTORATION OF SERVICE ON DORCHESTER BRANCH.

Coun. HANNON, KEENAN, MUCHNICK, KELLY and CANTWELL offered the following: Ordered, That his Honor the Mayor be requested to petition the Department of Public Utilities to restore the train service on the Dorchester Branch of the New York, New Haven & Hartford Railroad, which service was abolished as a wartime measure.

Coun. HANNON—Mr. President, during my service in the Legislature many attempts were made by the New York, New Haven & Hartford Railroad to abandon passenger service on the branch which serves the Dorchester area. Finally, during the period of the war this was accomplished, because the railroad claimed that the engines and crews and cars and so forth used in the transportation of these passengers were necessary for the furtherance of the war effort. Despite the protests of the people of the district who were using this means of transportation, the railroad was granted a temporary order permitting it to abolish this service because of the necessity of using the men and cars in the war effort. Today I was rather amazed to have read out to us the notice of a hearing on December 17 before the Public Utilities Department, at which time the New Haven Railroad will attempt to have this temporary restriction made permanent. I think that the people in that district are entitled to railroad service if they need it. They have to suffer the noise of the various freight trains going through there day and night because, after all, it is the main freight route to New York, and if the railroad sees fit to provide freight traffic over this route, I feel that as long as the tracks are there, the people who live in the district are entitled to rail service. I am asking in this order that at the same time the petition is heard to make permanent the temporary abolition of service, at the same time we be granted a further hearing ending upon the railroad not to make permanent the abolition of that service but, rather, the re-establishment of the service.

President KELLY—Have you any objection to adding my name to that list?

Coun. HANNON—I will be added.

The order was passed under suspension of the rule.

ACCEPTANCE OF CERTAIN WARD 19 STREETS.

Coun. McCORMACK offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to lay out as new streets the following named streets in Ward 19: Pond street, Arborway to the Brookline line; Oakdale street from

Lamartine street to Green street); Lamartine street (from Green street to Mozart street).

Passed under suspension of the rule.

FIREMAN AT THEATER PERFORMANCES.

Coun. MADDEN and LANE offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Fire Commissioner relative to the establishment of the practice of placing a member of the Boston Fire Department on duty in every theater in the city during the hours of the performance at said theater.

Passed under suspension of the rule.

ROPE LADDERS IN CERTAIN ROOMS OF HOTELS AND ROOMING HOUSES.

Coun. MADDEN offered the following:

Ordered, That his Honor the Mayor be requested to consult with the Fire Commissioner relative to the placing of a rope ladder in each room of hotels, rooming houses, etc., where fire escapes are not available.

Passed under suspension of the rule.

PETITIONS FOR SUNDAY BOWLING.

Coun. SCANNELL—Mr. President, I would like to have these petitions that were before the Committee on Licenses referred to the Executive Committee today.

President KELLY—Councillor Scannell moves that those petitions be referred to the Executive Committee; he asks for reconsideration on the reference to the Committee on Licenses and to refer the petitions to the Executive Session.

The petitions for license to operate bowling alleys on the Lord's Day were referred to the Executive Committee.

RECESS.

The Council voted at 4.35 p. m., on motion of Councillor Bryan, to take a recess subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 6.25 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of the Mayor and order (referred today) for transfer of \$25,000 from Reserve Fund to appropriation for City Hall Annex, Emergency Repairs, Steel Framework and Masonry—that same ought to pass.

Report accepted, said order passed, yeas 13, nays 1.

Yeas—Councillors Bryan, Cantwell, Carey, Cook, Fish, Hannon, Kelly, Kinsella, Lane, McCormack, Moriarty, Russo, Scannell—13.

Nays—Councillor Chase—1.

2. Report on message of Mayor and order (referred May 27) transferring to Fire Department from Board of Real Estate Commissioners land on Harrison avenue—that same ought to pass.

Report accepted; said order passed.

3. Report on petitions for operation of bowling alleys on the Lord's Day (referred today)—recommending granting of permits of following, viz.:

Allston Square Alleys, 20A Harvard avenue, Allston; Glenville Bowling Alleys, 2 Glenville terrace, Allston; Massachusetts Bowling Alleys, Inc., 136 Massachusetts avenue; Arlington Square Bowling Alleys, 392 Tremont street, Boston; Summer Street Bowling Alleys, 126 and 128 Summer street, Boston; Miah J. Murray, Inc., 1156 Washington street, Boston; Hub Bowling Alley, 216 Hanover street, Boston; Strand Recreation Room, 716 East Broadway, South Boston; Arborway Bowling Alleys, 1 Boynton street, Jamaica Plain; Granville Club, Inc., 15 Granville street, Roslindale; Lee S. King, 466 and 468C Blue Hill avenue, Dorchester; Central Square Bowling Alleys, 2 Central square, East Boston; City Square Alleys, 15 City square, Charlestown; Charlestown Daylight Alleys, 575 Rutherford avenue, Charlestown; Grove Hall Bowladrome, 643 Warren street, Roxbury.

Report accepted; said permits granted under usual conditions.

4. Report on order (referred today) that Corporation Counsel give opinion as to whether the city may lease privately-owned buildings for use by veterans' posts—that same ought to pass.

THE NEXT MEETING.

Coun. KINSELLA—Mr. President, I move that when we adjourn today we adjourn for two weeks, until December 2.

President KELLY—Councillor Kinsella moves that when we adjourn today we adjourn until two weeks from today, December 2.

The motion to adjourn to December 2 was carried.

Coun. RUSSO—Mr. Chairman, the reason for presenting this order is that I have had a few requests from veteran organizations. They are under the impression that the Act allows the cities and towns to lease private buildings and then sublease them to the various organizations for lesser amounts, and, having heard different opinions, I think it proper that the Corporation Counsel should give us an opinion so that we may know how to go ahead to provide quarters for these veteran organizations. I hope the order is passed.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment by the Mayor (referred November 12) of Robert Griffin as Weigher of Coal—recommending confirmation of same.

The report was accepted, and the question came on confirmation. Committee, Councillors Lane and Moriarty. Whole number of votes 14, yeas 14, and the appointment was confirmed.

Adjourned, on motion of Councillor Lane, at 6.35 p. m., to meet on Monday, December 2, 1946, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 15, 1946.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 1:30 o'clock, P. M., the Chairman presiding.

Present: Messrs. Foley, Norton, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

LEASING OF SCHOOL BUILDINGS

The following communication was received:

CITY OF BOSTON
IN CITY COUNCIL

ORDERED, That the School Committee be, and hereby is authorized to lease to the Major P. J. Grady Camp, No. 3, United Spanish War Veterans, Department of Massachusetts, the Cudworth School, Gove Street, corner of Paris Street, East Boston, upon such terms and conditions as said Committee may deem advisable.

In City Council September 23, 1946. Passed.

Approved by the Mayor September 24, 1946.

Attest:

(Signed) J. B. Hynes,
City Clerk.

Placed on file.

The following was offered:

ORDERED, That the School Committee in the name of the City, lease to the Major P. J. Grady Camp, No. 3, United Spanish War Veterans, Department of Massachusetts, the Cudworth School, Gove Street, corner of Paris Street, East Boston, for a one-year period at a rental price of one dollar (\$1) per year, such occupancy to be discontinued at

the will of the School Committee; and the Chairman of the School Committee be and hereby is authorized in the name and behalf of the School Committee to execute said lease.

Passed, the three members present voting in the affirmative.

DEATHS

The Superintendent reported the death of the following-named school physician:

Department of School Hygiene—Joseph P. Tynan, school physician, Oct. 9, 1946.

Placed on file.

The Superintendent reported the deaths of the following-named teachers:

Grover Cleveland Intermediate District—Emma V. Kennedy, teacher, intermediate, Sept. 29, 1946.

Washington Allston District—Lillian G. Norris, teacher, elementary, Oct. 7, 1946.

Department of Household Science and Arts—Frances W. Purcell, teacher of sewing, elementary, Oct. 3, 1946.

Placed on file.

RESIGNATIONS

The following resignation, reported by the Superintendent, to take effect on the date stated, was presented:

Horace Mann School for the Deaf—Katherine H. Shiels, principal, Sept. 30, 1946.

Accepted.

The following resignations, reported by the Superintendent, to take effect on the dates stated, were presented:

Henry L. Higginson District—Nina M. Forsythe, teacher, elementary, Aug. 31, 1946.

William Lloyd Garrison District—Anna C. Whelan, teacher, elementary, Sept. 30, 1946.

Department of Household Science and Arts—Florence A. MacKenzie, teacher of sewing, intermediate, Aug. 31, 1946.

Accepted.

The following resignation, reported by the Superintendent, to take effect on the date stated, was presented:

Department of School Lunches—Julia V. Walsh, cafeteria attendant, Oct. 11, 1946.

Accepted.

RETIREMENTS ON PENSION

ORDERED, That Helen F. Cummings, Director of Special

Classes, is hereby authorized to attend a Convention of the American Association on Mental Deficiency, held in Montreal, Canada, Oct. 2 to 5, 1946, inclusive, at an expense to the city not to exceed one hundred dollars (\$100).

On motion of the Superintendent, it was

ORDERED, That Francis J. Daly, head of division of juvenile adjustment, is hereby authorized to attend the 32nd Annual Conference of the National League to Promote School Attendance, to be held in Baltimore, Maryland, Oct. 14 to 17, 1946, and the National Conference on Prevention and Control of Juvenile Delinquency, to be held in Washington, D. C., Nov. 20 to 22, 1946, at an expense to the city not to exceed one hundred dollars (\$100).

On motion of the Superintendent, it was

ORDERED, That Edward J. Wall, Supervisor of Health Education and Safety Education, is hereby authorized to attend the National Safety Congress and Exposition, held in Chicago, Illinois, Oct. 7 to 11, 1946, inclusive, at an expense to the city not to exceed one hundred fifty dollars (\$150).

TRANSFER OF APPROPRIATION

The Superintendent offered the following:

ORDERED, That the following transfer is hereby made in the Budget and Annual Appropriation Order for the fiscal year 1946:

FROM
Fuel and light, including electric current for power\$6500.00
TO

Extended Use of the Public Schools\$6500.00

Passed, the three members present voting in the affirmative.

SPECIAL CLASSES

A communication was received from the Superintendent, under date of Oct. 15, 1946, reporting that subject to the approval of the School Committee he has discontinued a special class in the Eliot-Hancock District.

Placed on file.

A communication was received from the Superintendent, under date of Oct. 15, 1946, reporting that subject to the approval of the School Committee he has established an additional special class, making seven in all, in the Rice-Franklin District, to take effect Oct. 15, 1946.

Approved.

PUBLIC SCHOOL MEMBERSHIP,

Sept. 30, 1946

A communication was received from the Superintendent, under date of Oct. 15, 1946, submitting

a statement of the number of pupils belonging in the Boston public day schools, exclusive of the Continuation School, on September 30, 1946, together with a comparative statement of the number belonging on September 30, 1945, as follows:

The total number belonging in the Boston public schools on September 30, 1946, was 95,754, which is 270 fewer pupils than were enrolled in the schools on September 30, 1945. The Teachers College of the City of Boston shows an increase of 23 pupils. Latin and day high schools show a decrease of 283 pupils; in grades VII, VIII, and IX, there is a decrease of 1,685 pupils; in grades I to VI, there is a decrease of 253 pupils; in the kindergarten, there is an increase of 1,077 pupils; and in the special schools, an increase of 851 pupils.

In the Continuation School the membership on Sept. 30, 1946, was 58 less than on Sept. 30, 1945. On Sept. 30, 1946, it was 167 as against 225 on Sept. 30, 1945.

In the Training School for Teachers of Mechanic Arts, there was a membership of 37 pupils on Sept. 30, 1946.

A distribution of the decreases in membership for 1945 and 1946 is shown by the following table:

	1945	1946
The Teachers College of the City of Boston	*13	*23
Latin and Day High Schools	719	283
Day Elementary and Intermediate Schools:		
Grades VII to IX	2,277	1,685
Grades I to VI	*107	253
Kindergartens	418	*1,077
Special Schools	*7	*851

ANNUAL STATISTICS

The Superintendent submitted the Annual Statistics for the Boston Public Schools for the year 1945-46, being School Document No. 7, 1946.

Placed on file.

SALE OF SCHOOL PROPERTY

The following preamble and order were offered:

WHEREAS, The Blackinton School, Blackinton Street, East Boston, is not in actual use for school purposes, it is hereby

ORDERED, That it is advisable to sell the following-named property which is not now required for school purposes, in accordance with the provisions of Chapter 259 of the Acts of 1906:

Blackinton School, Blackinton Street, East Boston: Land and building.

The preamble was adopted and the order passed, the three members present voting in the affirmative.

The following preamble and order were offered:

WHEREAS, The Hull School, Quincy Street, Roxbury, is now vacant and not in actual use for school purposes, it is hereby

ORDERED, That it is advisable to sell the following-named property which is not now required for school purposes, in accordance with the provisions of Chapter 259 of the Acts of 1906:

Hull School, Quincy Street, Roxbury: Land and building.

The preamble was adopted and the order passed, the three members present voting in the affirmative.

LEASING OF SCHOOL BUILDINGS

The following preamble and order were offered:

WHEREAS, The Elizabeth Peabody School, Poplar Street, Boston, is not in actual use for school purposes, it is hereby

ORDERED, That the City Council is hereby requested to authorize the School Committee, in the name of the City, to lease to the William L. Harris Post No. 196, American Legion, the Elizabeth Peabody School, Poplar Street, Boston, such occupancy to be discontinued at the will of the School Committee.

The preamble was adopted and the order passed, the three members present voting in the affirmative.

APPOINTMENT OF SECRETARY

A communication was received from the Superintendent, under date of Oct. 15, 1946, reporting that subject to the approval of the School Committee, he has appointed Mary J. Schoenfeld, secretary, M. Gertrude Godvin School, to the position of secretary, M. Gertrude Godvin School and Julia Ward Howe District, to take effect Oct. 7, 1946.

Placed on file and the appointment approved, to take effect on the date stated.

TRANSFER, OFFICE OF BUSINESS MANAGER

A communication was received from the Acting Business Manager, under date of Oct. 15, 1946, reporting the transfer of Alice V. O'Brien, assistant in the office of the business manager, to the Transit Department of the City of Boston, to take effect Oct. 2, 1946.

Placed on file and the transfer approved from the date stated.

APPROPRIATIONS AND EXPENDITURES TO SEPT. 1, 1946

A communication was received from the Acting Business Manager, under date of Oct. 15, 1946, submitting a statement showing the appropriations, the expenditures, and the balances for general school purposes, and special items for the first eight drafts of the current fiscal year, the expenditures for the first eight drafts of the fiscal year 1945, and the increases and decreases in the several items.

Placed on file.

APPOINTMENT OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 15, 1946, stating that he has considered the applicants certified by the Division of Civil Service as eligible for appointment as junior building custodians and recommending that the following-named candidates, comprising the complete list, be appointed junior building custodians, to take effect Oct. 13, 1946:

William S. Malone, Thomas Magee, Walter F. Murphy, Anthony C. Riordan, Salvatore Tardinico, James Solari, Arthur Nugent, James L. Burke, Mark J. Clougherty, Francis R. Pierce, William J. Lynch, Thomas Mullowney, Philip J. Canavan, John J. McCarron, Chester M. Hanson, Daniel Regan, Howard Smith, Edward P. McCann, James J. Peirano, Edwin Chaffee and Joseph Tardinico.

Placed on file and the appointments approved, to take effect on the date stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 15, 1946, recommending that the following-named custodians be granted leaves of absence on one-half compensation for the periods specified because of personal illness:

Joseph R. Hurley, junior custodian, Boston Clerical School, Oct. 1, to 31, 1946.

Thomas J. McDonough 2nd, senior custodian, Samuel W. Mason School, Oct. 17 to 31, 1946.

John J. Mullane, senior custodian, Ellen H. Richards School, Oct. 1 to 31, 1946.

Lawrence J. Sullivan, junior custodian, Grover Cleveland School, Oct. 4 to 31, 1946.

James M. Swansberg, junior custodian, William Howard Taft School, Oct. 11 to 31, 1946.

Placed on file and leaves of absence on one-half compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 15, 1946, recommending that the following-named senior custodians, who stand at the head of their respective lists, be transferred to the positions indicated, to take effect Oct. 13, 1946:

Dominic S. Cannatta from the William Bacon to the custodianship of the Julia Ward Howe Schoolhouse.

Waldo W. Chaffee from the George Frisbie Hoar to the custodianship of the Dwight Schoolhouse.

William P. Cleary from the Comins to the custodianship of the John J. Williams Schoolhouse.

Armand A. Custeau from the Beethoven to the custodianship of the William E. Endicott Schoolhouse.

William B. Gately from the Edwin P. Seaver to the custodianship of the Minot Schoolhouse.

John A. Gustus from the Plummer to the custodianship of the Copley Schoolhouse.

Walter S. Harvey from the Harvard to the custodianship of the Emily A. Fildfield Schoolhouse.

Fred C. Kiessling from the Wyman to the custodianship of the Stephen M. Weld Schoolhouse.

Walter J. Mayer from the Abby W. May to the custodianship of the Quincy E. Dickerman Schoolhouse.

William A. McCarthy from the David A. Ellis to the custodianship of the Edmund P. Tileston Schoolhouse.

Francis J. Morris from the Elbridge Smith to the custodianship of the Robert Swan Schoolhouse.

John F. Muldoon from the Phineas Bates to the custodianship of the Roger Clap Schoolhouse.

Walter R. Mungoven from the James J. Chittick to the custodianship of the William Lloyd Garrison Schoolhouse.

Joseph F. Murphy from the Mayhew to the custodianship of the Mary Hemenway Schoolhouse.

John T. O'Brien from the Atherton to the custodianship of the Dillaway Schoolhouse.

Daniel J. Reardon from the Benjamin Pope to the custodianship of the Andrews Schoolhouse.

Placed on file and the transfers approved, to take effect on the date stated.

UNFINISHED BUSINESS

The order laid over at the meeting of Sept. 24, 1946 (see pp. 190-191) amending Section 336, paragraphs 1, 2 and 3, relative to salaries of teachers and members of the supervising staff upon promotion and salaries of kindergarten teachers was taken up and passed, the three members present voting in the affirmative.

The order laid over at the meeting of Sept. 24, 1946 (see

p. 193) making additions to the List of Authorized Text Books, was taken up and passed, the three members present voting in the affirmative.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

STATE FISCAL AIDS TO CITIES AND TOWNS FOR PUBLIC ELEMENTARY AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education

amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, *i. e.*, partly based on expenditures by the municipality

POLICE OFFICERS INJURED WHILE ON DUTY.

The following statement shows the number of police officers attached to the various divisions and units who were injured while on duty during the year ending November, 1945, the number of duties lost by them and the number of duties lost by police officers during the past year who were injured previous to December 1, 1944:

CITY OF BOSTON.

SOLDIERS' RELIEF DEPARTMENT.

MICROFILMING RECORDS.

The Soldiers' Relief Commissioner of the City of Boston, Massachusetts, invites sealed proposals for microfilming the records of the Soldiers' Relief Department of the City of Boston. Specifications covering this work may be obtained at the office of the Soldiers' Relief Department, 18 Oliver street, Boston, Mass. A certified check for \$500, payable to and to become the property of the City of Boston, if the proposal is not carried out, must accompany the bid deposited with the Soldiers' Relief Department. A duplicate bid, without check, must be left at the office of the City Auditor, prior to the time named for opening bids. The bids will be publicly opened and read Friday, December 13, 1946, at 2 p. m. in the office of the Soldiers' Relief Commissioner. A performance bond issued by a surety company satisfactory to the Soldiers' Relief Commissioner in the amount of \$10,000 will be required of the successful bidder. The Soldiers' Relief Commissioner reserves the right to reject any and all bids, if it be in the public interest so to do.

DAVID J. BRICKLEY,
(Dec. 7.) *Soldiers' Relief Commissioner.*

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR EXTERMINATION OF VERMIN.

The Trustees of the Boston City Hospital invite sealed proposals for the extermination of all vermin, including rats and mice, in the entire Main Department, South Department, and East Boston Relief Station, Boston City Hospital, for the year 1947, in accordance with the specifications. A bond of a surety company in the sum of the entire contract price will be required for the faithful performance of the contract. In their proposals bidders must quote rate per month. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before 2 o'clock p. m. on Thursday, December 12, 1946, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before 2 o'clock p. m. on the date given above for receiving proposals. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. Proposals are to be addressed "Proposal for Extermination of Vermin, Boston City Hospital." The Trustees reserve the right to reject any and all proposals.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M. D.,
(Dec. 7.) *President.*

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

PUBLIC WORKS DEPARTMENT FOR THE
SUMNER TRAFFIC TUNNEL.

The Supply Department of the City of Boston invites proposals for furnishing paint to the Public Works Department for the Sumner Traffic Tunnel, on specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Paint."* There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out. The bids will be publicly opened and read Monday, December 16, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Dec. 7.) *Superintendent of Supplies.*

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR EXCAVATING AND LOAMING AT
MT. HOPE CEMETERY, WEST ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for excavating and loaming at Mt. Hope Cemetery, West Roxbury, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Excavating and Loaming at Mt. Hope Cemetery, West Roxbury, Mass.," and left before 2 o'clock on Tuesday, December 17, 1946, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
FRANK R. KELLY,
(Nov. 30-Dec. 7.) *Commissioners.*

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Boston City Hospital invite sealed proposals for window cleaning at the Boston City Hospital, three times during the year 1947, in accordance with the specifications. A bond in the sum of the entire contract price will be required for the faithful performance of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock p. m. on Thursday, December 12, 1946, at the office of the Superintendent, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before two o'clock p. m. on the date given above for receiving proposals. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. Proposals are to be addressed "Proposal for Window Cleaning, Boston City Hospital." The Trustees reserve the right to reject any and all proposals.

PROPOSALS FOR PURCHASE AND REMOVAL OF
GARBAGE FROM MAIN DEPARTMENT, BOSTON
CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for the purchase and removal of garbage from the Main Department, Boston City Hospital, for the year 1947. Garbage is to be removed before 8 a. m. daily, excepting Sundays and holidays. The contractor is to use his own barrels and trucks. In their proposals bidders must quote rate per month. A bond of a surety company in the sum of the entire contract price will be required for the faithful performance of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock p. m. on Thursday, December 12, 1946, at the office of the Superintendent, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before two o'clock p. m. on the date given above for receiving proposals. Proposals are to be addressed "Proposal for Garbage, Boston City Hospital." The Trustees reserve the right to reject any and all proposals.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, DECEMBER 14, 1946.

No. 50

BOSTON, ONCE AGAIN, LEADS AS CONVENTION CITY — MAYOR CURLEY, AS FIRST YEAR OF HIS FOURTH ADMINISTRATION NEARS END, ANNOUNCES THAT CITY WILL ENTERTAIN IN NEXT TWO YEARS LARGEST NUMBER OF NATIONAL CONVENTIONS IN ITS HISTORY — MORE THAN 200 SUCH ASSEMBLIES HAVE VOTED TO CONVENE IN CITY AT HIS INVITATION IN COMING YEAR, AND EVEN GREATER NUMBER ANTICIPATED FOR 1948 — COOPERATION OF CHAMBER OF COMMERCE BUREAU AIDED ACHIEVEMENT.

Mayor James M. Curley, during all his terms of office as Chief Executive of the city, has endeavored constantly to make Boston one of, if not the greatest, convention cities in all America. Now, in the first year of his fourth four-year administration, he announces, with justifiable satisfaction, that within the next two years Boston will enjoy the largest number of national conventions in its history.

More than 200 such conventions have already been voted for Boston by organizations throughout the country for the coming year, and an even greater number will convene in the "Hub of the Universe" during 1948. This achievement has been made possible through the active cooperation of the Mayor with the Convention Bureau of the Boston Chamber of Commerce, which is performing exemplary service to the city under James A. Morrison, its manager, and Frank C. Hart, assistant manager.

These conventions, already arranged, will bring more than 2,000,000 visitors, as delegates, with many hundreds of thousands of relatives and friends in addition, to friendly Boston. They will bring many millions of dollars to the city's hotels, stores, restaurants and places of amusements.

The Mayor's approach — together with the invitations of the Chamber of Commerce — is simple and direct. He states, merely, in his appeal to the directing heads of all organizations, that:

"Boston has established a high reputation as a convention city. As the leading metropolis of New England, it has adequate hotel facilities, commodious meeting halls, historical and scenic points of interest, high-class department stores and specialty shops and a wide variety of eating places, theaters and amusements.

"We are sure that, if your organization decides to come to Boston, its convention will long be remembered. I will be glad to cooperate with you in every way possible to make the event an outstanding success."

Convention Schedule.

The convention schedule, prepared by the Convention Bureau of the Boston Chamber of Commerce, which is being added to almost daily, with dates and places of convening, is as follows:

CONVENING DATES	CONVENTION	PLACE
December 14-15	Massachusetts Cage Bird Association	
December 26-30	American Association for the Advancement of Science	All Hotels, M. I. T., Harvard, Boston University
December	Massachusetts Industrial Union Council CIO	
January 5-11	New England Clothiers and Furnishers Association	Parker House
January 6-8	Eastern Travelers Infants' and Children's Wear Association	Hotel Statler
January 10-11	New England Sales Management Conference	Hotel Statler
January 10-12	Massachusetts Society of Painting and Decorating Contractors	Parker House
January 11-12	Daughters of Isabella, Massachusetts Circle	Hotel Statler
January 13-14	New England Association of Sonotone Licensees	Hotel Statler
January 13-15	Council of Church Boards of Education in conjunction with Association of American Colleges	
January 13-15	Massachusetts Bottlers of Carbonated Beverages	Hotel Statler
January 13-15	Lahey Clinic Postgraduate Assembly	New England Mutual Hall
January 15-16	New England Association of Ice Cream Manufacturers	Copley-Plaza
January 15-16	New England Association of Circulation Managers	Copley-Plaza
January 15-17	Association of American Colleges	Hotel Statler

(Continued on page 1432.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

Meeting of the City Council, Monday, December 16, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending December 7, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 183; nonresidents, 44; total, 227.

Death rate per 1,000 of population: All deaths, 15.40; nonresidents deducted, 12.42.

Death rate per 1,000 of population:

Last week, 12.28; corresponding week last year, 13.99.

Deaths by age periods, sex, etc.: Under one year, 17; one year to four years, inclusive, 3; sixty years and over, 133. Total deaths: Male, 125; female, 102; deaths in hospitals and institutions, 146.

UNLESS STATE LEGISLATURES COOPERATE IN ESTABLISHMENT OF FACILITIES WHEREBY MUNICIPALITIES MAY HAVE GREATER TAX REVENUE SOURCES, THEIR FINANCIAL STRUCTURES WILL BE MENACED — BOSTON'S CITY AUDITOR CHARLES J. FOX POINTS TO THREATENED DANGERS AND ISSUES WARNING IN ADDRESS BEFORE FLORIDA MUNICIPALITIES ON SUBJECT "THE \$64 QUESTION IN MUNICIPAL FINANCE"—GIVES REASONS FOR CONDITIONS NOW CONFRONTING ALL CITIES AND TOWNS.

The following is the address of City Auditor Charles J. Fox before the Florida League of Municipalities on November 26 on the subject "The \$64 Question in Municipal Finance":

The revenue problem which currently besets officials in charge of the financial administration of American cities may, in my opinion, be attributed to the following causes or reasons:

1. The inflationary effect of postwar developments on the activities and services of local government.
2. The reluctance of state legislatures to permit diversification in local revenue systems.
3. The gradual deterioration in the base on which local revenue systems rest due to such factors as decentralization and the never-ending extension of state-imposed exemptions, restrictions, and exceptions.

From a municipal point of view, the four years of World War II constituted an era of retrenchment during which municipal activities and services were necessarily restricted to the most essential needs and operated with a minimum of personnel, plant, and equipment. During this era, tax delinquency was reduced to a minimum, revenue collections improved, material reductions achieved in all forms of municipal debt, and municipal budgets maintained at fairly static levels. In retrospect, this era was not, with certain limited exceptions, trying on the souls of municipal finance officers.

Since the cessation of armed hostilities in the Japanese sector of World War II, history has once again displayed its repetitious tendencies. Each major war in the history of this country has been followed by a period of rapid expansion of governmental services and a consequent increase in governmental expenditures. Developments in the field of municipal finance during the past fifteen months have followed this historical pattern. The construction of capital improvements deferred during the war and the extension of services to meet unprecedented housing shortages have caused an upward turn in the trend of municipal debt. Spiraling costs of materials and supplies, the urgent necessity for rehabilitating municipal plants long-neglected because of shortages of manpower and material during the war, the upward surge of relief and pension payments resulting from the benevolent and philanthropic actions of state legislators in the past five years, together with intensive demands on the part of municipal employees for compensation adjustments, have precluded the continuance of stable or static budgets. There can be no question but that municipalities are now engulfed in an era of expanding costs.

SOURCES OF REVENUE.

The \$64 question in municipal finance today is, "Where are cities going to secure the revenues necessary to finance the expansion in municipal costs occasioned by postwar rehabilitation and reconstruction?" In their endeavors to secure a ready and effective answer to this question, cities are hampered by the fact that they are the most circumscribed of governmental units. They do not share in the sovereign rights that are divided between the federal government and the states. Whereas the upper levels of government are free to revise and expand their tax systems in times of stress and expansion, our cities have been forced to comply with

tax laws and procedures established in the so-called "horse and buggy days" and administered down to the present day with only slight modification and change.

Being creatures of the state, their only source of relief is to petition state legislators for enlarged taxing powers or for more liberal distribution of state revenues. The fact that most state legislatures are dominated by senators and representatives with rural constituencies, has made it extremely difficult for urban officials to obtain within their local revenue systems the same degree of diversification which is to be found in state revenue systems.

A few months ago the Tax Institute issued a bulletin entitled "Snapshot of the Public Purse" in which were set forth tables showing the extent and distribution of tax collections by the three levels of government in 1945. According to this bulletin the state governments last year collected taxes totaling 5½ billions of dollars and distributed as follows:

DISTRIBUTION OF STATE TAX REVENUES — 1945	
	Per Cent
Pay Roll.....	23
Income.....	15
Sales and Use.....	14
Gasoline.....	13
Alcoholic beverages.....	7
Motor vehicles.....	7
Property.....	4
Tobacco.....	3
Inheritance.....	2
* Miscellaneous.....	12
	100

*Insurance companies, public utilities, parimutuels, stock transfers, and various licenses and privileges.

In contrast to this widely diversified list of tax sources, the bulletin indicated that at the local level of government 4.7

billions of taxes are collected and that of this total 92 per cent represented taxes on property. The remaining 8 per cent was made up largely of isolated items, such as Philadelphia's income tax, New York's, Seattle's and Birmingham's gross receipts business taxes, St. Louis', Kansas City's (Mo.), and Birmingham's gasoline and tobacco taxes, New York and New Orleans' sales taxes, Chicago's wheel tax, Los Angeles', Washington's (D. C.), and San Antonio's public utility taxes, Detroit's and Cleveland's sewer rental charges, and Washington's (D. C.), New Orleans', and Birmingham's alcoholic beverages excise taxes. If we eliminate these special and individual items from the total of local tax collections, it is clearly evident that, by and large, the rank and file of municipalities are forced under existing tax laws and procedures to rely almost solely upon property taxes for the support of their activities and services.

Back in 1932, before war clouds had appeared on the horizon, and before Social Security had been established, the tax revenues of local governments exceeded the tax revenues of the federal and all forty-eight state governments combined. According to the records of the Census Bureau, local governments in that year collected taxes totaling 4.4 billions, or an amount only slightly less than the total we already know was collected in 1945. In 1932, the tax revenues of the two upper levels of government were practically the same, the federal total being 1.9 billions and that of the states, 1.8 billions. Last year, however, federal tax collections totaled 44.3 billions and as we have already seen the states' total was 5½ billions. In view of the fact that during this thirteen-year period the world passed through the greatest depression and the most far-flung war in history, it is not difficult to understand the material increases which occurred during the era in the tax revenues of the two upper levels of government.

LOCAL LEVEL.

But what about the local level during this period? Was it immune from the far-reaching economic and social changes which have occurred since 1932? Has the character and extent of municipal activities remained, like the total of local tax revenues, practically unchanged in the past thirteen years? The answer to this question is not difficult to ascertain. Two decades ago our cities were largely concerned with the protection of persons and property, construction of essential public works and the providing of adequate educational facilities. Today, municipal administrators are confronted with problems such as delinquency and crime; economic inequalities and categorical relief; deterioration of urban centers; dirt and noise; rapid transit and traffic control; off-street parking; housing difficulties and other matters of social and economic significance.

No—local government has not remained static in the past thirteen years. Like the federal and state governments, it has taken on a wide range of new responsibilities, but unlike the two upper levels it has had strictly limited means with which to discharge these responsibilities. Many of these new services, especially those with social implications, have resulted from legislative action at the federal and state levels but unfortunately little heed has been paid in the enactment of such legislation to the authorization of adequate financial measures to compensate for additional local costs.

Up to 1930, the base on which local revenue systems rested was sturdy and strong. During the three preceding decades, local assessors experienced no difficulty in annually finding additional assessed valuations. According to the Census Bureau, assessed valuations of property subject to property taxes for local purposes rose from, roughly, 35 billion in 1902 to 167 billion in 1930. From 1930 to the outbreak of the war, however, there was a steady decline in property values. In 1940, according to Census Bureau statistics, property valuations were roughly 144½ billions, or a drop of 14 per cent from the 1930 high. In my home city, property valuations reached their lowest level in recent years in 1942, when the assessments determined by our assessors were the lowest recorded since 1911. While unprecedented housing shortages have tended to halt this downward trend, I am of the opinion that it is only a question of time before the decline is resumed. Real estate has lost its attraction and glamour as a form of investment.

DECAY OF CENTRAL AREAS.

Among the important causes of declining valuations in property assessments in our large cities has been the decay of central areas in such cities and the movement of people to the suburbs. A few years ago the magazine *Business Week* in a report entitled "Rebuilding the Cities" stated, "Every large American city shows symptoms of dry rot at its core. Its central district has been losing residents, retail sales, and manufacturing to outlying areas. In the wake of the migration have come demolitions, parking lots, slums, and other changes in urban land use that shrink taxable valuations."

There are in the United States 140 metropolitan areas. These areas surround each city of 50,000 or more, two or more cities sometimes being in one district.

These cities contain more than half the people in continental United States. Between 1930 and 1940, according to census statistics, the central city in 34 of these 140 areas decreased while the population in the surrounding areas increased. In two cases, both the central city and the surrounding area declined in population. In 88 more cases, the area outside the central city or cities grew faster than the central city.

When individuals and industries desert the center of a city it looks pretty bare. Values fall, rents decline, buildings deteriorate and sub-standard conditions develop. Thus the central cities are caught on the horns of a cruel dilemma. Their revenues go down—their costs go up. Costs do not decline for two very apparent reasons. Those former residents who have moved to suburban localities do not desert the city altogether. They merely transfer their domiciles beyond the city limits and continue to work, shop, and play in the urban center.

The central city continues to be involved in heavy expenses for this transient population, but unfortunately it no longer collects income from this group as before. Again, it must be realized that no shrinkage in area accompanies the exodus to the suburbs. Police and fire protection, sewerage and sanitation activities, street and highway maintenance, and many other city expenditures must continue on the same scale as before.

Another cause which complicates the revenue problem in American cities is the large amount of property exempt from taxation. Tax-exempt property in our cities has increased in recent years by federal purchases of land, local acquirement of tax-delinquent property by foreclosure proceedings and statutory exemptions conceived and imposed by state legislators without regard to the effect of such exemptions on the municipal tax base.

I appreciate that there is no need for me to engage in oratorical flourishes while discussing the subject of tax exemptions with a group of Florida municipal officials. Since the enactment, in 1934, of your drastic homestead exemption law you have had to contend with a steady and constant reduction in property tax revenues. From the report of your State Planning Board, issued two years ago, it appears that during the period this measure has been in effect, Florida cities have been deprived of tax revenues in excess of \$46,000,000, and that the annual loss is now in the neighborhood of \$8,000,000. In the light of these figures, who will deny the force of the statement in the Planning Board report that "the effect of this measure upon Florida municipal revenues has been catastrophic?"

INADEQUATE REVENUE STRUCTURES.

Is it any wonder then, with a revenue structure utterly inadequate to cope with the emergency created by postwar developments, that municipal officials everywhere, in recent months, have been centering their thoughts and efforts on the development of new sources of revenue so as to broaden participation in the financing of municipal activities and thus lessen the burden which otherwise would be imposed on real estate? The extent of this activity and the ingenuity displayed therein by local officials is indicated by the following partial list of new imposts and charges adopted by municipalities during the current year:

Garbage and Waste Collection Service Charges.

Detroit, Mich., Dallas, Texas, St. Paul, Minn., Wheeling, W. Va., and Ashtabula, Ohio. The average charge of this character is 75 cents per month for residential collections with sliding scales for commercial and apartment house service.

Sewer Rental Charges.

Sacramento, Calif., Utica, N. Y., Beaumont, Texas, Ashtabula, Ohio, Anaheim, Calif., Amarillo, Texas, and Excelsior, Minn. In the larger cities the charges are 25 per cent of the water bill, while in the smaller communities the charge is 75 cents per month for houses and establishments with five or less fixtures, plus 5 cents for each fixture over five.

Pari-Mutuels.

New York City. Additional 5 per cent on tracks within city limits.

Cigarette Taxes.

Omaha, Neb., Wheeling, W. Va., Pueblo, Calif., and St. Joseph, Mo. Usual excise appears to be 2 cents per package plus an annual license fee of \$1 for all those handling and selling cigarettes within city limits.

Parking Meters.

Los Angeles, Calif., St. Paul, Minn., Indianapolis, Ind., San Diego, Calif., Des Moines, Iowa, Tulsa, Okla., Newark, N. J., Athens, Tenn., and West Bend, Wis. Average fee, 5 per cent per hour.

Gross Receipts Occupation Tax.

Los Angeles, Calif., \$1 per calendar year for each \$1,000 of gross receipts with a \$12 minimum.

Public Utility Taxes.

Baltimore, Md., 15 per cent on bus companies' gross earnings and 9 per cent on street cars and trackless trolleys; Portland, Oregon, and Port Angeles, Wash., 3 per cent on gross income of all public utility companies; Shreveport, La., bus franchise of \$2.50 per seat; Kansas City, Mo., 5 per cent on gas and power gross sales.

Admission Taxes.

Philadelphia, Pa., and Norfolk, Va., 10 per cent on all admissions; St. Louis, Mo., 3 per cent on boxing and wrestling.

Retail Sales Taxes.

New York City increased rate of tax from 1 per cent to 2 per cent; 31 California cities, to date, have adopted taxes of one-half of 1 per cent and 1 per cent.

Pay Roll or Local Income Taxes.

Toledo, Ohio, 1 per cent tax on income of individuals and corporations; St. Louis, Mo., one-quarter of 1 per cent on individuals and net income of corporations.

Juke Boxes.

Chicago, Ill., \$50 tax on each box.

Pin Ball Machines.

Omaha, Neb.

Hotel Rooms.

New York City and Providence, R. I., 5 per cent tax on hotel room rentals.

Oil Wells.

Montebello, Calif., one-third of 1 per cent per barrel of oil produced within city limits plus \$40 annual inspection fee per oil well.

Automobile Licenses.

Louisville, Ky., \$12 annual license fee for automobiles regularly using city streets.

Business License Taxes.

Vancouver, Wash., blanket license fee of \$10 plus one-tenth of 1 per cent tax on gross earnings over \$10,000; New York City increased existing rates of one-twentieth and one-tenth of 1 per cent to one-tenth and one-fifth of 1 per cent on gross income in excess of \$15,000.

In a limited sense, state officials have indicated their concern in the present "plight of cities." In some states increased distributions of state revenues to local communities have been authorized, and in others special commissions have been appointed to consider the local revenue problem and to report their findings and recommendations to 1947 legislatures. For your information, I submit the following list of state activities in this respect.

Pennsylvania.—Authorized an additional 1 cent state tax on gasoline to be distributed to local communities. The proceeds of this tax are estimated at \$17,000,000.

Alabama.—Set aside \$10,000,000 from state surplus for local distribution.

Louisiana.—Revised distribution of state pari-mutuel revenues to benefit local governments. New Orleans will benefit under this revision by \$400,000.

Ohio.—Increased from \$16,000,000 to \$21,000,000 cities' share of state's sales tax. Cincinnati will gain \$400,000.

New York.—Adoption of the Moore Commission's recommendation for a per capita distribution of state-shared taxes has given local communities \$12,500,000 in additional revenue, and its recommendation that the state assume the difference between 80 per cent of the cost of local welfare services and the federal contribution therefor has reduced the local welfare burden by approximately \$21,000,000.

California.—Increased gas tax allotment to cities 59 per cent.

Mississippi.—After deducting \$5,000,000 from the state surplus on June 30, 1946, the balance was divided three ways—one-third to the state, one-third to the counties, and one-third to municipalities.

Oregon.—In 1945 the Oregon State Tax Study Commission was appointed by the Governor under authority of a senate resolution. The Legislature's instructions to the commission calls for a thorough study of local government finance and state-local-fiscal relations.

Indiana.—A State Tax Study Commission of some 30 members was appointed by Governor Gates. The commission is considering, among other matters, the place of the state in aiding local units.

New Jersey.—The 1945 New Jersey Legislature created a State Tax Policy Commission. The commission is studying local tax structures and related fiscal problems.

Utah.—The Utah Tax Study Commission, authorized by the 1945 Legislature, has undertaken an exhaustive study on property tax problems. The commission will study the needs of individual governmental units, the adequacy of present revenues, and an analysis of other possible sources of revenue.

Michigan.—A senate concurrent resolution, adopted February 20, 1946, authorized a Joint Special Legislative

Tax Committee to inquire into all phases of state and local taxation and expenditures of public funds.

Rhode Island.—The 1946 session of the Rhode Island Legislature established a commission to re-examine the field of governmental operation, the cost of government services, and the tax structure of the state. The commission will further consider the character and amount of taxes that should be assessed at the state level for distribution to municipalities.

While these local and state developments in the revenue aspect of municipal finance have tended to alleviate fiscal problems in the localities concerned, only a confirmed optimist would assume that a permanent and lasting solution to the local revenue problem has been achieved. Unfortunately, no standard pattern is discernible in these new revenue developments, and, further, it appears that the nuisance possibilities far exceed potential revenue values in a number of the changes adopted by local governments.

Having voiced this criticism I realize it is incumbent on me, if I want to avoid being classified as a destructive critic, to express my opinions as to what should be done to solve the problem under consideration. At the risk of "rushing in where angels fear to tread" I offer these observations.

At the outset, let me say that the key to this unsatisfactory and troublesome situation is in the possession of our state legislators. Cooperation between local governments and the states is a prerequisite for a sound solution of the local revenue problem. There are three basic ways in which the states may aid:

1. By restricting and curtailing tax exemptions.
2. By broadening the tax powers of municipalities so as to permit reasonable diversification in local revenue systems.
3. By liberalizing the distribution of state revenues to local governments.

REALTY CHIEF BASIS.

Whatever changes and alterations may eventually occur in local revenue structures, it is certain, I believe, that the real property tax will remain as an important element in municipal revenue systems. This belief is based on the knowledge that real estate receives greater benefits from municipal services than any other form of wealth. If cities are to secure the maximum possible return from this important revenue source, it is essential and necessary that exemptions which now impair its productivity must be curtailed, and the trend toward greater exemptions reversed. If exemptions must be granted, local governments should not be made to suffer the consequences. The removal of property through tax exemption from tax rolls does not cancel the demand for services on the part of local government. Federal and state buildings, housing projects, homesteads, and private charitable and educational institutions require police and fire protection, streets and roads, sewer and sanitation facilities, and all the multitude of services a municipal government provides. The exemption of these properties from taxation, therefore, merely increases the burden on property which remains subject to taxes.

The federal and state governments should be required to make payments in lieu of taxes for their properties except those used for traditional activities, such as post offices, courthouses, and public institutions. Homestead and similar exemptions should not be allowed unless

the state is willing to reimburse local governments for the amount of local taxes lost through such exemptions. All tax exemptions granted to attract new industries should be eliminated and prohibited.

No self-respecting business, which claims to believe in free enterprise and in equality for all, should ever ask or receive exemption from local taxes as an inducement to locate in a community. In all probability no legislative measures are abused more greatly, to the detriment of local finances, than those provisions which permit various types of property to be made exempt from taxation. Members of state legislatures must be impressed with this fact and induced to refrain from any action which is bound to result in the deterioration of the base on which the real property tax rests.

As a matter of broad fundamental policy there should be delegated to municipalities the right to impose any and all taxes and licenses which do not conflict with state tax policies. This is not a radical or novel suggestion. The Maryland State Legislature, last year, granted blanket power to the City of Baltimore to levy any new taxes it deemed necessary in 1946 and 1947. Under the so-called Sterling Act, Pennsylvania cities of the first and second class have had this right and power since 1932. Philadelphia, in establishing its income tax and increasing as it did this year its admission tax from 4 per cent to 10 per cent, was merely exercising the home rule provisions of the Sterling Act. If legislation of this type has worked successfully for fourteen years in the great Keystone State, it appears logical to contend that the principle embodied in the so-called Sterling Act should be adopted by the other states of the Nation.

Under this proposal cities would have the right to vote supplementary levies on taxes collected by the state. The state would collect the local impost, along with its own taxes, and return the proceeds from the supplementary levy to the municipality concerned, thus relieving taxpayers of the necessity of preparing additional returns and eliminating the expense of setting up a multiplicity of local collecting agencies.

ADVANTAGES OF PROPOSAL.

The delegation of non-conflicting tax powers to cities has three advantages: first, it permits cities to levy taxes responsive to local community income instead of taxes based primarily on capital values; second, it places responsibility for the imposition of the tax directly on the municipal officials who propose to spend the proceeds; and third, it invests in the city the power to increase rates if the revenue proves insufficient. As stated recently by Philip Cornick, "Why should local governments, operating in a world in which rapid changes are in progress, be confined in constitutional straight jackets which impose on them rigid forms of local taxation?" Dr. Paul Studenski, Professor of Economics at New York University, in an article on the local revenue problem which appeared early this year in the *National Municipal Review*, made the following statement: "The greater portion of the needed moneys should come from local sources. The taxing powers of the municipalities should be broadened so that they may procure these funds in the needed measure and by the use of taxes, other than the real estate tax, best suited to their particular

conditions. The powers should be granted to them not temporarily but permanently."

I appreciate that this proposal may, in a number of states, conflict with the provisions of state constitutions. It is my understanding that here in Florida all your state legislatures can do, under the state constitution, is to authorize cities and towns to levy taxes on property and to impose license taxes. This provision may have been appropriate sixty years ago when your state was predominantly rural in character, and the development of your state's natural assets and resources had barely started.

Today, however, with 50 per cent of the state's population residing within cities of 10,000 or over, and with your state acknowledged as the winter vacationland of America, such a limitation has outlived its usefulness. There is a crying need throughout this country for the modernization of state constitutions. Forty of these instruments were adopted prior to the twentieth century. Is it any wonder then that state constitutions, as a whole, are rather antiquated and archaic documents? How can our state legislatures meet rapidly changing needs if all discretion is taken away by constitutional limitations adopted long before our country had become an urban nation?

Maybe I am unduly optimistic in assuming that state legislators will look with favor on proposals to broaden the tax powers of municipalities. If so, then they must stand ready to permit cities to share in their superior taxing competence by liberal and adequate distributions of state-collected revenues. This platform would appear to be a most logical spot for advocating such action.

The Census Bureau report on the 1944 finances of 397 cities over 25,000 population indicates that aid received by these cities from their state governments was the second largest revenue item in the local revenue structure, ranking next to the property tax as a revenue source. On a percentage basis, however, state distributions were only one-fourth the size of property taxes, the actual percentages of total revenue being property taxes, 65 per cent, and aid from the states, 16 per cent.

An analysis of distributions by individual states, however, clearly shows that the importance of this type of revenue in the over-all city revenue picture was not uniform. Whereas in eight states 20 per cent or more of total city revenues came from state distributions, cities in seven states received less than 2 per cent of their total revenues from this source. As you are undoubtedly aware, Florida is one of the states in this latter group. You may be interested to know that of the total revenues of the eight cities in your state listed in this report only nine-tenths of 1 per cent came from state distributions.

I assume that the negligible return represented in this last figure is due to the provision in your state constitution that state taxes, with the exception of inheritance and intangible taxes, must be used for state purposes. The visible result of the presence of this archaic limitation in the basic law of your state clearly supports my previous remarks concerning the streamlining and modernizing of state constitutions.

On the record, Florida, more than any other state in the Union, should adopt a liberal policy in extending aid to its municipalities. According to the Census Bureau's report on the finances of your

state government for 1945, sales and gross receipts taxes on selected commodities and services composed 62.6 per cent of all tax revenues other than those from unemployment compensation taxes which, of course, could not be used for operating expenses. The 1945 yield from these sources was 7.7 per cent less than in 1944, the contraction resulting from the prohibition of horse racing during the second half of 1945. With the exception of those states levying general sales taxes, Florida's yield from consumers' taxes is the highest percentage secured by any state in the country.

What factor has placed Florida in the van among states with respect to this type of revenue? Clearly the vast throngs of out-of-state residents who annually visit your state to enjoy its scenic beauty and favorable climate. While this transient population constitutes the major source of your state's income, it imposes on your cities a heavy financial burden since it is the local communities rather than the state who must provide the public services necessary for the convenience and comfort of these temporary residents. Since the bulk of your state's revenues is produced and developed within the corporate limits of your cities, who can deny the justice and the right of your cities to a liberal share of state income?

Alexis de Tocqueville, a French liberal and government magistrate, after a visit to this country in 1831, made the following observations: "Municipal institutions constitute the strength of free nations. A nation may establish a system of free government, but without municipal institutions it cannot have the spirit of liberty." Adequate revenue facilities are essential to assure the effective conduct of municipal institutions. Unless our state legislators are willing to cooperate in the establishment of such facilities for local governments, continuance of "the spirit of liberty" as an integral part of the framework of American government will be imperiled.

BOND ISSUES AWARDED.

From the Mayor's office the following statement has been issued:

On November 22, 1946, the City of Boston awarded to a syndicate headed by Phelps, Fenn and Company of New York an issue of \$2,955,000 City of Boston various purpose bonds, at a coupon rate of 1½ per cent with a premium of \$1,159.84.

Messrs. Storey, Thorndike, Palmer and Dodge, attorneys for the syndicate, have advised that they were unwilling to certify, in its present form, the legality of the proceedings authorizing the \$1,500,000 Parking Facilities Loan included in the issue.

In consideration of an agreement to cancel the contract of November 22, 1946, the syndicate has submitted a new bid to purchase the remaining issues at a coupon rate of 1½ per cent with a premium of \$571.09.

In view of the circumstances, City Treasurer Henry F. Brennan, with the approval of the Mayor, has accepted the bid, and has awarded the balance of the issue to the syndicate headed by Phelps, Fenn and Company at a private sale.

The Parking Facilities Loan was resubmitted to the City Council by the Mayor on December 2, 1946, and it was given the first reading on that date. It will come before the Council for the second reading on December 16, 1946.

MAYOR CURLEY HOLDS CONFERENCE ON 48-HOUR WEEK FOR FIREMEN.

His Honor the Mayor on December 9 sent the following letter to the members of the Boston Finance Commission, City Auditor, Fire Commissioner, Benjamin M. Hermes, Executive Manager, New England Fire Insurance Rating Association, Percy C. Charnock, Manager, New England Fire Insurance Rating Association, Percy Bugbee, General Manager, National Fire Protection Association, Warren Y. Kimball, Editor, *Firemen's Magazine*, National Fire Protection Association, and President Compton of Massachusetts Institute of Technology, who was requested to send a representative familiar with this subject:

DEAR SIR,—The adoption of a law providing for a 48-hour work week for firemen makes necessary vital changes in the conduct of the Boston Fire Department.

A meeting of the Finance Commission in this regard, after a study and survey of the subject, plus studies and surveys made by the National Fire Protection Association and the New England Fire Insurance Underwriters are, causes, in my judgment, for the calling of a conference to consider all recommendations that have been made and determine upon a definite policy that may be pursued, covering a long period of time, with reference to the administration and conduct of the Boston Fire Department.

Accordingly, it will be appreciated if you will endeavor to be present at a conference called for Wednesday, December 11, at 2 p. m., in the Mayor's office, for a discussion of this subject.

Sincerely yours,

JAMES M. CURLEY, Mayor.

DIRECTOR OF PUBLIC CELEBRATIONS GEORGE J. CURLEY HONORED BY UNITED SERVICE COMMITTEE.

Director George James Curley of the Public Celebrations Department received, on December 11, the following letter from Rear Admiral Wilder D. Baker, U. S. Naval Base, Boston:

BOSTON, December 10, 1946.

MR. GEORGE CURLEY,
City Hall, Boston.

DEAR MR. CURLEY,—As chairman of the United Service Committee which, after the first of January, will continue the operation of the Bay State Club on the Common, I have been asked to notify you of your election as a member of the House Committee of the club.

Knowing of your interest in servicemen and their continued cordial reception in Boston, I feel that this is a particularly happy appointment. I hope that you will find time to contribute to the planning for the entertainment extended to our servicemen in Boston.

Yours very sincerely,

WILDER D. BAKER,
Rear Admiral, U.S.N.

In reply to this letter from Rear Admiral Wilder D. Baker, Mr. Curley has sent the following letter:

BOSTON, December 11, 1946.
REAR ADMIRAL WILDER D. BAKER,
U. S. Naval Base, Boston.

DEAR ADMIRAL BAKER,—It was with extreme gratitude and pleasure that I

read the letter which you, as chairman of the United Service Committee, addressed to me on this date.

As you know, I have long been interested in the work accomplished in the Bay State Club on Boston Common. Certainly it must be refreshing to the people of Boston who are interested in the men in the service to see Boston Common, so rich in historical value, and which contributed so much to the welfare of the community in the early days of our city's history, once more being used in the interests of our country.

Just as it was a meeting place and a pastureland in the days of the Pilgrims and the Puritans, and so also a spot actively used in the interests of the community, it has once again become a place of activity where, in the past five years during the war, the people of Boston interested in the man in uniform made a haven where those from far away could find welcome and recreation.

It is my sincere hope that the Bay State Club may continue to function, at least until a permanent site is found where the wonderful work of the United Service Committee may be carried on.

I would like at this time to express my most sincere appreciation to the members of your committee who have seen fit to elect me as a member of the House Committee of the club, and to assure you, as chairman, and the other members of the committee that it will be with deep interest in this fine work and with extreme pleasure that I accept this kind invitation.

Before closing, I would like to state that the full schedule which is mine throughout the year will not in any way hamper my finding time to contribute to planning of the entertainment for servicemen in Boston. For certainly, having been in the service myself, and still being actively interested in suitable recreation for the men in the service today, I shall make time in which I may be of assistance to the United Service Committee.

With kindest personal regards always, I am

Very sincerely yours,

GEORGE JAMES CURLEY.

FLOWER BULBS FROM DUTCH CITIZENS SENT TO MAYOR CURLEY AS TOKEN OF THANKS BY HOLLANDERS FOR RELIEF SUPPLIES.

Two cases of bulbs arrived from Holland and were delivered to the office of Mayor James M. Curley on December 9. They are an expression of gratitude from four Dutch institutions to the people of Boston for having sent parcels of clothing to them for distribution to their inmates.

The cases contain 500 tulip, 450 narcissus, and 500 crocus bulbs. They are addressed to the "Burgomaster of the City of Boston," and bear a certificate signed by the Chief of the Phytopathological Service of the Netherlands that the bulbs had been inspected "and were found by him to be free from injurious plant diseases and insect pests," and that "the packing material has not been used before as packing and is free from sand, soil or earth."

The bulbs, which were exported by the "Firma T. J. van de Pol," Hillegon, Holland, are being turned over by Mayor Curley to William P. Long, City Park Commissioner, to be planted throughout Boston's park system. They will con-

tribute greatly to the color and beauty of the city's world-renowned gardens during the coming year.

The Mayor has sent the following letter of thanks:

"Mr. J. G. A. Schilpzand-Somsea, Weeresteinstraat, Hillegon, Holland.

DEAR SIR,—This will acknowledge, with the sincere thanks of the people of Boston, the receipt of two cases of beautiful bulbs from four Dutch institutions, who took this means of expressing their gratitude for having received parcels of clothing for their inmates from the citizens of our city.

The bulbs will be distributed throughout Boston's park system, and I am sure they will contribute greatly to the color and beauty of our world-renowned gardens.

I will appreciate it greatly if you will convey our thanks and best wishes to the officials of the institutions from which this most acceptable contribution has come.

They are Zusters van Liefde, Tilburg; Paedologisch Instituut, Vessiussteaat, Amsterdam; Blindeninstituut St. Henricus, Grave, and Marthe Stichting, Alphen aan den Rijn.

Yours sincerely,

JAMES M. CURLEY,
Mayor of Boston."

RETIREMENT BOARD REPORT.

To the Auditor.

At a meeting of the Retirement Board, held on November 15, 1946, the following-named employees were voted to be retired under the provisions of chapter 658, at the close of business November 30, 1946:

LIBRARY DEPARTMENT.

John H. Watson, bookbinder, salary at time of retirement \$2,431 a year.

POLICE DEPARTMENT.

William C. Collins, patrolman, salary at time of retirement \$2,500 a year.

Michael J. Shea, patrolman, salary at time of retirement \$2,500 a year.

Patrick J. Callinan, patrolman, salary at time of retirement \$2,500 a year.

John J. Carty, shorthand reporter, salary at time of retirement \$2,200 a year.

PUBLIC WORKS DEPARTMENT.

Gaetano Guiffreda, laborer, salary at time of retirement \$1,716 a year.

Daniel J. Lehan, laborer, salary at time of retirement \$1,716 a year.

Julia Jenkins, scrubwoman, salary at time of retirement \$1,144 a year.

Annie McGunigle, scrubwoman, salary at time of retirement \$1,144 a year.

PRINTING DEPARTMENT.

Elizabeth F. Grant, proofreader, salary at time of retirement \$2,775 a year.

Alice H. Sullivan, monotype operator, salary at time of retirement \$2,964 a year.

Helen E. Walsh, monotype operator, salary at time of retirement \$2,535 a year.

SCHOOL DEPARTMENT.

Katherine E. Leonard, assistant, salary at time of retirement \$3,072 a year.

Blanche E. Lyon, assistant, salary at time of retirement \$3,072 a year.

Annie A. Doran, assistant, salary at time of retirement \$3,072 a year.

Mary R. Kennedy, assistant, salary at time of retirement \$2,400 a year.

Daniel T. Kelly, custodian, salary at time of retirement \$3,380 a year.

Maria T. Cogger, assistant, salary at time of retirement \$2,400 a year.

SUFFOLK COUNTY.

Maude B. O'Connor, officer, salary at time of retirement \$3,000 a year.

Attest:

W. J. DOYLE, Chairman.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

HOSPITAL DEPARTMENT.

General Division.

Dr. Alfred Branca has been appointed assistant visiting physician in Department of Radiology at \$2,100 a year.

For the week ending November 26:

The following employees have been appointed:

Anne McManus, 11 Narragansett street, senior hospital house worker, sewing, \$18.50 a week.

The following provisional employees have been appointed:

James C. Fairclough, 165 West Sixth street, John W. Corcoran, 52 Weld Hill street, John J. Fitzgerald, 83 Union Park street, Henry J. Baker, 36 Linden Park street, Lloyd Griffith, 16 East Concord street, hospital medical workers, \$19.50 a week; Mary Makara, 119 Warren street, Elizabeth Murphy, 52 Lamar-tine street, Merle Bonitz, 1615A Washington street, Mary A. Kiddy, 40 Sherman street, Beatrice Merritt, 42 Munroe street, Christine Sheedy, 921 Albany street, Christina Cushing, 18 Magnolia street, hospital medical workers, \$18 a week; Joseph A. MacNeil, 40 Wood-cliff street, part-time hospital medical worker, \$15 a week; Jane Taylor, 31 Dartmouth street, Arthur DeCosta, 7 Seneca street, Almond Noyes, 875 Wash-ington street, Joseph M. Courtney, 94 Woodrow avenue, John Mitchoon, 76 B street, Mario B. Cabal, 33 Village street, hospital kitchen workers, \$20.50 a week; Susan D. Clifford, 107 East Newton street, hospital kitchen worker, \$18 a week; Anne McManus, 11 Narragansett street, hospital house worker, \$18.50 a week; George H. Fredericks, 78 Houghton street, Robert Latham, 539 Massachusetts avenue, hospital house workers, \$19.50 a week; Catherine Monahan, 71 Rutland street, hospital house worker, \$18 a week; Thomas McGowan, 48 Draper street, part-time center orderly, \$10 a week; Lawrence M. Butrym, hospital medical worker, \$19.50 a week, employed No-vember 11, should have been employed November 5.

South Department.

Mary Higgins, 44 Faunce road, part-time hospital kitchen worker, \$10 a week; Veronica Henchey, 52 East Springfield street, hospital house worker, \$18 a week.

The services of the following employees have been terminated:

Permanent.—Dorothy Feldman, 11 Crowell street, floor nurse, \$1,700 a year; Margaret M. Gearing, 11 East Newton street, floor nurse, \$1,600 a year; Eleanor Furgia, 203 West Third street, floor nurse, \$1,700 a year; Alice G. Dolan, 49 Button-wood street, clerk, \$1,600 a year; Edward F. Bean, 267 Main street, hospital medical

(Continued on page 1435.)

**MAYOR CURLEY ANNOUNCES THE FOLLOWING CONVENTIONS ARE SCHEDULED
TO VISIT BOSTON DURING COMING MONTHS.**

(Continued from page 1425.)

CONVENING DATES	CONVENTION	PLACE
January 15-19	Boston Poultry Show	
January 16	National Lutheran Education Conference	Hotel Statler
January 17-19	Massachusetts Osteopathic Society	Hotel Kenmore
January 19-20	Massachusetts Package Stores Association	Hotel Statler
January 27-29	Massachusetts Cosmetologists Association	Hotel Statler
January 28-29	Eastern Memorial Associates	Hotel Kenmore
January	Massachusetts Agricultural Fairs Association	Parker House
January	New England Wholesale Lumber Association	
February 1-10	New England Sportsmen's and Boat Show	Mechanics Building
February 4-6	New England Farm Equipment Dealers Association	Hotel Bradford
February 4-6	New England Nurserymen's Association	Hotel Statler
February 7-8	American Camping Association, New England Section	
February 15	Massachusetts School Secretaries' Association	Hotel Kenmore
February 17-18	National Beer Wholesalers, Northeast Regional Meeting	Hotel Statler
February 18-22	New England Hardware Dealers' Association	Hotel Statler
February 21-24	American Association of University Professors	Copley-Plaza
February 22-23	New England Dog Show	Mechanics Building
	Massachusetts Chiropody Association	
March 3-7	Boston Gift Show	Hotel Statler
March 9-12	Massachusetts Safety Council	Hotel Statler
March 17-19	New England Council of Optometrists	Hotel Statler
March 16-22	New England Milk Dealers Association	Hotel Statler
March 17-22	New England Spring Flower Show	
March 19-21	New England Gas Association	Hotel Statler
March 20-22	New England Interscholastic Basketball Tournament	Boston Garden
March 24-30	Boston Furniture Shows, Inc.	Mechanics Hall
March 24-26	New England Hospital Assembly	Hotel Statler
March 24-26	American Gas Association Sales Conference on Industrial and Commercial Gas	
March 24-26	Child Welfare League of America	
March 24-26	New England Park Association	
March or April	New England Boards and Colleges of Pharmacy	Mass. College of Pharmacy
March 31-April 5	Frozen Food Institute	Mass. Horticultural Hall
April 1-2	New England Conference for the Graphic Arts	Hotel Statler
April 2-5	Eastern Commercial Teachers' Association	Hotel Statler
April 7-13	Home and New Products Show	
April 8-9	Women's Relief Corps	Hotel Bradford
April 8-10	Delta Epsilon Sigma (will meet in conjunction with the National Catholic Educational Association)	
April 8-10	The National Catholic Educational Association	Hotel Statler
April 15-16	Independent Oil Men's Association of New England	Hotel Statler
April 20-24	Boston Shoe Show	Hotel Statler
April 26	Massachusetts Laundry Owners' Association, Inc.	Hotel Statler
April 28-May 2	New England Hotel and Restaurant Show	Hotel Statler
April 28-May 2	New England Osteopathic Association	Hotel Kenmore
April 28-May 2	New England Road Builders Association	Hotel Statler
May 1-3	Harvard Symposium on Music Criticism	Harvard University
May 6-8	Rebekah State Assembly	Hotel Bradford
May 7-9	New England Electrical Manufacturers' Exhibit	Mechanics Building
May 11-12	Massachusetts Knights of Columbus	Copley-Plaza
May 13-14	League of Catholic Women	Hotel Statler
May 14	New England Order Protection Supreme Lodge	
May 14-15	Knights of Pythias, Grand Council of Massachusetts	Copley-Plaza
May 14-16	American Osteopathic Society of Protology	Hotel Statler
May 16-18	Laundry and Cleaners' Allied Trade Association	Mechanics Building
May 19-22	Massachusetts Medical Society	Hotel Statler
May 22-24	Massachusetts Spiritualists' Association	Parker House
May 25-29	Advertising Federation of America	Hotel Statler
May 19-24	American Unitarian Association	
May	Massachusetts Association of Postmasters	Copley-Plaza
May (tentative)	American Education Fellowship	
May	Eastern Travelers Infants' and Children's Wear Association	Hotel Statler

CONVENING DATES	CONVENTION	PLACE
May	Jewish War Veterans of Massachusetts	
May	New England Building Officials' Conference	Hotel Statler
May	National Association of Mutual Savings Banks	Hotel Statler
May	State Chapter World War Mothers of New England	Hotel Bradford
June 2-8	Christian Science Church, Annual Meeting	First Church of Christ Scientist
June 2-4	Institute of Food Technologists	Hotel Statler
June 4-6	United Commercial Travelers Grand Council	Hotel Bradford
June 7-9	American Union of Swedish Singers	Bradford, Opera House
June 8-11	Linen Supply Association of America	Hotel Statler
June 12-14	Organic Symposium, American Chemical Society	Hotel Statler
June 15-20	Catholic Hospital Association of United States and Canada	Mechanics Building
June 17-18	American Peony Society	Horticultural Hall
June 22-27	National Association of Building Owners and Managers	Hotel Statler
June 23-25	National Association of Accident and Health Underwriters	Copley-Plaza
June	Massachusetts Branch of United National Association of Post Office Clerks	
June	New England Dietitians, Conference of Organization and Management	Simmons College
June	Royal Arcanum Grand Council of Massachusetts	
July 21-26	American Association of Nurserymen	Hotel Statler
August 4-11	American Dental Association and Affiliated Societies	All hotels, Mechanics Building
August 25-28	National Association of Power Engineers	Hotel Statler
August	American Federation of Teachers	
August or Sept.	National Security Traders' Association	
August 29-Sept. 5,	New England Hardware Dealers' Association	Hotel Statler
September 7-12	National Association of Life Underwriters	Hotel Statler
September 15-20	United Rubber, Cork, Linoleum and Plastic Workers of America	Hotel Bradford
September 15-19	New England Water Works Association	Hotel Statler
September 21-26	Boston Gift Show	Hotel Statler
Sept. 29-Oct. 3	National Funeral Directors Association	Hotel Statler, Mechanics Building
September	Franco-American Medical Association	Copley-Plaza
October 2-5	Holy Name Society	Copley-Plaza, Hotel Statler
October 8-11 or October 15-18	Electrochemical Society	Copley-Plaza
October 11	Massachusetts Laundry Owners' Association	Hotel Statler
October 13-14	Boston Conference on Distribution	Hotel Statler
October 14-16	Massachusetts Parent-Teacher Association, Inc.	Copley-Plaza
October 16-19	Telephone Pioneers of America	Hotel Statler
October 19-24 (tentative)	Boston Shoe Show	
October 23	Associated Industries of Massachusetts	Hotel Statler
October 25-26	New England Milk Producers' Association	Hotel Bradford
October 25-29	Union of American Hebrew Congregations	Hotel Statler
October	The National Association of Cotton Manufacturers	Copley-Plaza
October	Massachusetts State Nurses' Association	Hotel Statler
October	National Tavern Association, Inc.	
Oct. 30-Nov. 1	American Society of Tool Engineers	
November 8-9	New England Newspaper Mechanical Executives' Association	Hotel Statler
November 20-21	New England Council	Hotel Statler
December 5-6	New England Association of Colleges and Secondary Schools	Hotel Statler
February 27-28 (tentative)	Secondary Education Board	
March 1-5	Boston Gift Show	Hotel Statler
March 14-17	New England Hospital Assembly	Hotel Statler

Mrs. Hannah F. Green, 4317 Washington street, Roslindale, matron in the Park Department.

Richard E. H. Ebsary, 9 Harvard street, Charlestown, carpenter in the Maintenance Division of the Hospital Department.

CONTRACTS AWARDED WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms, commercial houses and contractors for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, November 13, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for award without publicly advertising of the following items of work performed by Mr. Abraham Keller at this hospital:

Painting and plastering, South Department, \$460; repairing plaster in Gynecology ward, \$250; painting Ward F, \$375; repairing plaster and painting, Thorndike Building, \$90; total \$1,175.

Each of these jobs was separate and distinct, and for this reason were not performed consecutively. Through inadvertence, individual orders were not issued as each job was performed, but were held until the entire work was nearing completion, and then sent at one time to the City Auditor.

On the basis of the record appearing in the Auditor's office, the contention has been raised that the work comes under the provisions of section 30 of the City Charter, and that your written approval should have been secured to award the work without public advertising.

Since the work varied in character on each particular job and the individual amounts involved did not exceed in any one instance one thousand dollars, I feel that nothing would have been gained by advertising and awarding one contract to cover all four jobs.

In order to meet the objection raised by the Auditing Department, however, I respectfully request your approval to dispense with public advertising in this case, and to confirm the award of the total payment involved, namely, \$1,175, to Mr. Abraham Keller.

Respectfully yours,

JAMES W. MANARY, M. D.,
Superintendent.

LIBRARY DEPARTMENT.

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested of the signing of a contract with the New England Deposit Library at 135 Western avenue, Allston, for the storage of books and other library materials for the period from January 1, 1947, to December 31, 1947, inclusive.

The New England Deposit Library was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. In this legislation the Boston Public Library is named as a "Participating Institution" in company with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the

Massachusetts Historical Society, and other libraries, for the purpose of providing storage space for books and other library materials that are less used than others, and for which difficulties exist in finding storage space in existing crowded buildings. The "Participating Institutions" share cooperatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "Participating Institutions."

The trustees of the Public Library have voted "that there be entered into with the New England Deposit Library a contract for the rental during 1947 of storage space therein for books and other library materials belonging to the Boston Public Library, in accordance with the rates for storage space formally adopted by the governing board of said New England Deposit Library." In voting to enter into such a contract, the trustees have also set a limit of \$8,370 to the amount to be expended for such storage space for the year 1947.

Your approval of these arrangements is respectfully requested.

Respectfully,

The Trustees of the Public Library
of the City of Boston,
ABRAHAM E. PINANSKI,
President.

BOSTON, November 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to award without public advertising a contract for the transportation of books and other materials between the Central Library and the branch libraries during the calendar year 1947 to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, Mass.

Such permission is requested for the following reasons:

1. The nature of the work to be performed, and particularly the fact that a substantial portion of it has to be done daily before or after members of the library staff in the branch libraries are on duty, makes it desirable to continue if possible without the necessity of training new drivers into its routine.

2. Public advertising for bids in 1939 resulted in the submission of two bids; in 1940, one bid; in 1941, two bids; in 1942, two bids; in 1943, one bid; in 1944, one bid; in 1945, two bids. In 1942 the low bidder died in the course of the year. In 1943 it was necessary to take action against the contractor doing the work, inasmuch as the rates being charged the Library for the work were in excess of those filed by him with the Department of Public Utilities of Massachusetts. In 1945 it was necessary to terminate the contract with the low bidder for inability to provide the proper type of equipment as set forth in our contract.

3. The H. B. Church Truck Service Company has been the holder of the contract for the period September 20, 1943, through December 31, 1944, and for the period June 4, 1945 until the present time.

4. The H. B. Church Truck Service Company has a thorough familiarity with the work to be performed, is a reliable organization, and has given satisfactory service on its preceding contracts.

For these reasons it is believed that it will be to the best interests of the city and of the Library to award this contract for 1947 without public advertising for bids. The trustees have therefore

Voted, That there be awarded without public advertising "to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, Massachusetts, a contract for the transportation of books and other materials between the central library and the branch libraries for the period January 1 through December 31, 1947, at the rate of ninety-five dollars (\$95) per truck for two (2) trucks, plus an overall charge of ten dollars (\$10) per week for handling cash, plus two dollars and ten cents (\$2.10) per hour per truck for all hours trucks are used beyond eight (8) hours in any working day, and for a third (3rd) or more additional trucks as required at the rate of two dollars and sixty cents (\$2.60) per hour per truck with a minimum charge of four (4) hours per truck."

Your permission to proceed along these lines is respectfully requested.

Respectfully,

The Trustees of the Public Library
of the City of Boston,
ABRAHAM E. PINANSKI,
President.

PARK DEPARTMENT.

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Park Commissioners is in receipt of a request from the Jolly Ice Cream Company, 7 Knapp street, Boston, for the privilege of selling ice cream, soft drinks, candy, etc., in various sections of the Park Department for the period from January 1, 1947, to December 31, 1947. They will dispense their products from pushcart wagons which will be placed near the parks, beaches and playgrounds.

They have offered the city a fee of \$2,000 for this privilege.

The locations they request are as follows: Boston Common at the Charles Street gate; Columbus Park Stadium; Fens; Marine Park and Castle Island; Sullivan Square Playground, Charlestown; Franklin Field Playground; American Legion Playground, East Boston; Billings Field, West Roxbury; Charlesbank Playground and Beach; Christopher Gibson Playground; Fallon Field; Healy Playground; Joseph Lee Playground, South Boston; Smith Field, Brighton; Eustis Street Playground, Roxbury; William Garvey Playground, Neponset; Smith Pond Playground, Hyde Park; Wood Avenue Playground, Hyde Park; Walker Playground, Dorchester; Charlesbank Beach; Dewey Beach; L Street Baths, stand on the opposite side from L street; Strandway, 500 feet below Carson Beach to 200 feet from Kelley's Landing; North End Park Beach; Savin Hill Playground and Beach; Orient Heights Playground, East Boston; Barry Playground, Charlestown; Ronan Park, Dorchester; Tenean Beach.

It is respectfully requested that we be allowed to issue this company a license for the privilege mentioned above without advertising for bids, as the Board feels that this company is a very good one and that nothing would be gained by advertising.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, October 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully asked to enter into a contract with the American Coin Lock Company,

Pawtucket, R. I., for the operation of three convenience stations on Boston Common, for a one-year period starting November 1, 1946.

This company has operated the three convenience stations on the Common, at Park street, West street, and Flagstaff Hill, for many years. Recently the city has been paying them \$2,000 per year to operate these stations and, under the terms of the present agreement which will continue under the new agreement, the company furnishes one attendant at Flagstaff Hill Station and two attendants at the Park Street Station. Flagstaff Hill is open from 8 a. m. to 8 p. m., and the Park Street Station is open day and night.

When this company was receiving a fee of \$2,000 per year to operate these stations, we furnished all the materials necessary for the operation of them—toilet tissue, mops, brooms, brushes, cleaning material, etc. Due to the difficulty of obtaining these materials now, we have been unable to furnish them for some time and the company has agreed, if an additional \$500 per year is allowed in the new contract, to purchase all the equipment and material necessary for the proper operation of the stations.

If we were to operate these three stations on the Common, the salaries alone would approximate \$7,000 per year and we would have to purchase all supplies. Also, we would have to rent the locks from the American Coin Lock Company as they can not be purchased, and we would be required to give part of the receipts back to the company.

This company operates convenience stations in practically all the large railroad terminals in this country and Canada and, in addition, they have the concession in many of the larger hotels in the country. I do not believe these stations on the Common could be operated by the Park Department in as clean and efficient a manner as it is done by the Coin Lock Company.

The Board of Park Commissioners believe that for the best interests of the city this contract should be awarded to the American Coin Lock Company, without advertising. We know them to be one of the best concerns in this line of business as we have made a survey of other companies and we find the American Coin Lock Company to be well qualified to operate the stations.

Therefore, it is requested that the Board of Park Commissioners be allowed to award a contract for the operation of the Boston Common Convenience Stations to the American Coin Lock Company for a one-year period starting November 1, 1946, the city to pay the sum of \$2,500 per year and the American Coin Lock Company to furnish the services of three attendants and all necessary supplies and cleaning material and to retain the receipts of the few coin locks in the stations. It is requested that the award be made without publicly advertising for bids, as we believe nothing would be gained by so doing.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, October 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully asked to enter into a contract with the American Coin Lock Company, Pawtucket, R. I., for the operation of three convenience stations on Boston

Common, for a three-year period starting November 1, 1946.

This company has operated the three convenience stations on the Common, at Park street, West street, and Flagstaff Hill, for many years. Recently the city has been paying them \$2,000 per year to operate these stations and, under the terms of the present agreement which will continue under the new agreement, the company furnishes one attendant at Flagstaff Hill Station and two attendants at the Park Street Station. Flagstaff Hill is open from 8 a. m. to 8 p. m., and the Park Street Station is open day and night.

When this company was receiving a fee of \$2,000 per year to operate these stations, we furnished all the materials necessary for the operation of them— toilet tissue, mops, brooms, brushes, cleaning material, etc. Due to the difficulty of obtaining these materials now, we have been unable to furnish them for some time and this company has agreed, if an additional \$500 per year is allowed in the new contract, to purchase all the equipment and material necessary for the proper operation of the stations.

If we were to operate these three stations on the Common, the salaries alone would approximate \$7,000 per year and we would have to purchase all supplies. Also, we would have to rent the locks from the American Coin Lock Company as they can not be purchased, and we would be required to give part of the receipts back to the company.

This company operates convenience stations in practically all the large railroad terminals in this country and Canada and, in addition, they have the concession in many of the larger hotels in the country. I do not believe these stations on the Common could be operated by this Department in as clean and efficient a manner as it is done by the Coin Lock Company.

The Board of Park Commissioners believe that for the best interests of the city we should award this contract to the American Coin Lock Company. We know them to be one of the best concerns in this line of business as we have made a survey of other companies and we find the American Coin Lock Company to be well qualified to operate the stations, and to give the type of service required.

Therefore, it is requested that we be allowed to award the contract to the American Coin Lock Company for a three-year period starting November 1, 1946, the city to pay the sum of \$2,500 per year and the American Coin Lock Company to furnish the services of three attendants and all necessary supplies and cleaning material and to retain the receipts of the few coin locks in the stations.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the various department heads as indicated to amend or reallocate budget appropriations as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, November 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following amendment in the budget of the Sumner Traffic Tunnel:

From B-39, General Repairs, \$3,000, to C-4, Motor Vehicles, \$3,000.

Due to the increase in the purchase prices of motor vehicles the C-4 item in the Tunnel budget is not sufficient to meet requirements.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request an amendment to the Bridge Service budget for 1946, by transferring a portion of Item B-3 to Item B-5.

This request is necessary in order to pay freight and express charges on merchandise which the vendor failed to prepay.

I therefore respectfully request your approval of the following transfer:

From B-3, Advertising and Posting, \$5, to B-5, Express Charges, \$5.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Approval is respectfully requested to amend the budget of the Water Division of this department as follows:

Decrease Machinists at \$6 a day from 4 to 3; increase Machinists at \$7 a day from 5 to 6.

The reason for this request is to place the salary of Leo Svagdis, machinist at \$6 a day plus \$100 a year E. C. A., on the same basis as other machinists in the Water Division who perform the same duties. Mr. Svagdis has served in the department for the past sixteen years with a record for performing all duties assigned to him in a very efficient manner.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sanitary Division funds as follows:

\$22.56 from E-9, Machinery, to E-10, Electrical.

To assist in payment of order amounting to \$41.74 for wire cable, etc., urgently needed.

D. M. SULLIVAN,
Acting Commissioner of Public Works.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Approval is respectfully requested to amend the budget of the Sewer Division as follows:

From D-11, Gasoline and Oil, \$150, to D-16, Miscellaneous Supplies, \$150.

The amount of \$1,642.86 has been committed in the item of D-16 up to November 6, 1946, leaving a balance of \$7.41. Additional funds are needed to purchase engine oil and engine grease for the Calf Pasture Pumping Station, Dorchester.

Due to the curtailment of expenditures in D-11, money is available out of this item.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 14, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request an amendment to the Bridge Service budget for 1946, by transferring a portion of Item B-28 to Items C-13 and E-13.

This request is necessary in order to purchase tools needed in the Bridge Service and auto parts and miscellaneous material and fittings.

I therefore respectfully request your approval of the following transfer:

From B-28, Expert, \$150, to C-13, Tools and Instruments, \$100, E-13, Miscellaneous Material, \$50.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Approval is respectfully requested to amend the budget of the Sanitary Division as follows:

Increase Item Inspectors at from \$2,100 to \$2,400 a year from 70 to 72.

The purpose for this request is to provide two additional inspectors to be employed in the Brighton and Jamaica Plain districts, where facilities have been established for street cleaning service.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is requested that the following amendments be made to the Supply Department budget:

From A-1, \$2,147.70, B-39, \$60, C-10, \$42, D-2, \$6.30, to B-3, \$1,100, B-4, \$130, B-13, \$100, B-28, \$160, B-29, \$260, B-35, \$20, C-9, \$30, D-1, \$400, D-11, \$50, D-16, \$3, E-13, \$3.

The reasons underlying the deficits in the department budget are as follows:

B-3, Advertising, \$800 appropriated. The amount appropriated in itself represented a cut of \$250 from the sum this department estimated would be sufficient for 1946 purposes, and during the course of the year the *City Record* increased its advertising rate 100 per cent, from \$2 to \$4 per inch.

B-4, Transportation, \$200 appropriated. The 1946 appropriation was \$269; the 1945 estimate, \$460. This budget item is used primarily for the payment of bills rendered by the representative of the Federal Department of Agriculture in his trips covering inspections of meat, dairy products, fruits and vegetables purchased for city institutions. With the inception of site sales of surplus commodities by the War Assets Administration, it has been expedient for a representative of the Supply Department to attend personally in order that purchases of such surplus commodities might be effected. The deficit in this budget item was caused by the fact that no provision was made in the 1946 appropriation for travel expenses incurred in these trips.

B-13, Communication, \$10 appropriated. The 1946 estimate was \$15. Through June of this year, approximately \$28 has been spent in telegraphic communication. This increase over normal

expenditures has been occasioned mainly by telegrams to federal agencies concerning the alleviation of shortages and options on surplus commodities. It has been resorted to when quicker communication than the regular mail is imperative.

B-28, Expert Services, \$1,000 appropriated. The 1945 appropriation was \$1,400; the 1946 estimate, \$3,500. This budget item covers any inspection and testing of purchases made by the Supply Department, the inspection and testing of all types of fuel being most important.

B-29, Stenographic and Copying, \$50 appropriated. The 1945 appropriation was \$80; the 1946 estimate, \$50. This budget item covers expenditures incurred in the preparation of proposals and the presentation in tabular form of publicly opened bids and is done by a private concern experienced in such work. Normally, this work is sent outside only when the time element involved will not permit of delay; this year, because of extended leaves of absence of five employees, the personnel on hand was not sufficient to absorb the work.

B-35, Fees, \$35 appropriated. The 1945 appropriation was \$45; the 1946 estimate, \$35. This budget item covers membership of the department in the New England Purchasing Association. This year, for the protection of the department, it was considered expedient to join an organization qualified to test all types of soap and cleaning agencies. It was also necessary to apply for a license covering the department automobile.

C-9, Office Equipment, nothing appropriated. The sum requested is to cover incidental items of office equipment which, because of deterioration, require replacement.

D-1, Office Supplies, \$2,500 appropriated. The 1945 appropriation was \$2,500; the 1946 estimate, \$2,900. The deficit in this budget item has been occasioned by the increase in the cost of office supplies and the fact that during the war years many articles essential to the proper functioning of the office were unobtainable.

D-16 and E-13, nothing appropriated. The amount requested in these two budget items is for the purchase of anti-freeze and chains for the department car.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRAFFIC COMMISSION.

BOSTON, November 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Departmental Equipment Loan—Motor Vehicles Appropriation for this department is \$4,825. This amount was requested originally in our 1946 budget. The estimate was, therefore, made a year ago when we had no knowledge of the tremendous increases which have since occurred in the cost of motor vehicle equipment.

We have ordered three trucks, one to be equipped with an air compressor, charged to this appropriation. We are advised by the Auditor's office that the price of these three vehicles is \$7,490.56, or \$2,665.56 more than the appropriation. We are in urgent need of these three vehicles.

I respectfully request that the sum of \$2,665.56 be transferred from the appropriation "Reserve for Variations in Equipment and Purchases—Non-Reve-

nue" to the Boston Traffic Commission "Departmental Equipment Loan—Motor Vehicles."

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

BOSTON, November 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Kindly make the following reallocations within the budget appropriations of this department:

From B-39, \$100, to B-13, \$100.

From C-17, \$1,600, to C-15, \$100, E-13, \$1,500.

From D-16, \$200, to D-1, \$200.

The purchases against B-39, General Repairs, could not be accurately predicted in the appropriation of our budget estimates. We can anticipate some surplus in this item. The appropriation for B-13, Communication, has proved insufficient.

Our expenditures under Item C-17, Miscellaneous Equipment, are principally for traffic signposts, traffic signs, and other traffic devices practically all of which are composed of steel. We have been unable to procure this necessary equipment because of the steel shortage. Today we were forced to cancel a substantial order for badly-needed traffic signs because the Massachusetts Prison Commission is unable to furnish them and they are not procurable in the open market. For the above reason we have a surplus in this item. Our appropriation in C-15, Tires and Tubes, has been depleted. Item E-13, Miscellaneous Materials, is principally used by this department for the purchase of paints for roadway safety lines and for traffic signs. Paint prices have risen to such an extent that, despite the exercise of rigid economy, we have acquired a deficit in this item.

We have some surplus in Item D-16, Miscellaneous Supplies, because we were able to discontinue the purchase of expensive acetylene gas for traffic beacons which were mounted on the so-called safety islands in Bunker Hill street, Charlestown. These islands have been removed. Our Item D-1, Office Supplies, has been depleted, and we require some additional supplies at once.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

BOSTON, November 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Kindly make the following reallocation within the budget appropriations for this department:

From Item C-17, \$200, to Item D-8, \$200.

The charges against Item D-8, Laundry, Cleaning, and Toilet, in this department are principally for cleansing agents for removing paint from metal traffic signs. This item is depleted, and we have urgent need of several drums of a cleansing agent. We anticipate a balance in Item C-17, because of our inability to purchase traffic signs, traffic posts, and other equipment made of steel.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

POLICE DEPARTMENT ORDERS.

General Order No. 815.

The following-named officer having requested retirement under the provisions of Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Wednesday, December 4, 1946, at 7.45 o'clock a. m.:

Sergeant Joseph F. Condon, Bureau of Criminal Investigation, twenty-seven years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 816.

Patrolman Oscar H. Bolton, Division 2, honorably discharged veteran of World War I, having arrived at the age of forty-nine years; having been in service of the Boston Police Department for seventeen years; and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Oscar H. Bolton be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half the compensation received by him in office from which he is retired; effective Tuesday, December 10, 1946, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 817.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Saturday, December 7, 1946, at 7.45 o'clock a. m.:

Clarence H. Paige, patrolman, Traffic Division, 25 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 2, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Carey, Russo, and Sullivan.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz: Constable to serve without bond and without authority to serve civil process, for term ending April 30, 1947, William J. O'Connell, 88 Newland street, Boston.

Weigher of Coal, for term ending April 30, 1947, Washington T. Pratt, 31 Willow street, Belmont.

Severally referred to the Committee on Constables and Confirmations.

TRAFFIC SIGNALS, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, November 29, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner, in reply to your order of October 28, 1946, to install automatic traffic signals at the following intersections in Ward 20: Manthorne road and Centre street; LaGrange street and Centre street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 25, 1946.
Hon. James M. Curley,

Mayor of Boston.
Dear Mr. Mayor,—This is in reply to Council order dated October 28, 1946, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the following intersections in Ward 20: Manthorne road and Centre street; La Grange street and Centre street."

I regret to advise that there are no funds available for the installation of traffic signals at these locations.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRAFFIC LIGHTS, WARD 9.

The following was received:

City of Boston,
Office of the Mayor, November 29, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner, in reply to your order of November 4, 1946, to install traffic lights at the junction of Tremont and West Concord streets, Ward 9.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 25, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated November 4, 1946, which reads as follows:

"Ordered, That the Traffic Department be requested, through his Honor the Mayor, to install traffic lights at the junction of Tremont and West Concord streets, Ward 9."

There are no funds available for the installation of traffic signals at the above location.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

PAINTING OF CROSSWALKS, UPHAMS CORNER.

The following was received:

City of Boston,
Office of the Mayor, November 29, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner, in reply to your order of November 12, 1946, to paint the crosswalks in the streets at Uphams Corner, Dorchester.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 25, 1946.
Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated November 12, 1946, which reads as follows:

"Ordered, That his Honor the Mayor direct the Traffic Commissioner to paint the crosswalks in the streets at Uphams Corner, Dorchester.

I respectfully report that, due to the lateness of the season, our painting program has been completed, and we will not be able to do the painting the councilor requests this year.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

EXPENSES OF INJURED EMPLOYEES SUBJECT TO WORKMEN'S COMPENSATION ACT.

The following was received:

City of Boston,
Office of the Mayor, November 29, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Overseers of Public Welfare, in reply to your order of October 14, 1946, to provide that any person receiving public aid from the city who is injured while employed in an industry subject to the Workmen's Compensation Act shall, in proceedings before the Industrial Accident Board, be represented by counsel and a physician furnished and paid for by the city. In the event that compensation is awarded to such person, such city shall be reimbursed the amount paid to such counsel and physician.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Overseers of the Public Welfare,
October 24, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—This department has received your communication of October 17, 1946, with enclosed copy of the order of the City Council dated October 14, 1946, reading as follows:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to provide that any person receiving public aid from the city who is injured while employed in an industry subject to the Workmen's Compensation Act shall, in proceedings before the Industrial Accident Board, be represented by counsel and a physician furnished and paid for by the city. In the event that compensation is awarded to such person, such city shall be reimbursed the amount paid to such counsel and physician."

The authority of the Overseers of the Public Welfare to disburse funds is set forth in chapter 117 of the General Laws, as follows:

"Section 1. Cities and towns to support poor. Every town shall relieve and support all poor and indigent persons lawfully settled therein whenever they stand in need thereof . . .

"Sect. 2. Powers and duties of boards, etc. The board of public welfare shall have the care and oversight of all such poor and indigent persons so long as they remain as the charge of their respective towns, and shall see that they are suitably relieved, supported . . .

In view of these provisions of the law, it does not appear that the services referred to in the order of the City Council can be provided from this department's appropriation.

Very truly yours,

Board of Overseers of the Public Welfare,
DANIEL A. MURPHY, Acting Secretary.

Placed on file.

IMPROVEMENT OF DAISY FIELD, JAMAICAWAY.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your order of November 6, 1946, to include in next year's budget sufficient funds to properly lay out, as a playground, the so-called Daisy Field on Jamaicaaway, in Ward 10.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 15, 1946.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of November 6, with enclosure, order from the City Council that sufficient funds be included in next year's budget to restore playground in Daisy Field.

Please be assured every consideration will be given this request.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

WINTER SPORTS AT GEORGE WRIGHT GOLF COURSE.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner in reply to

your order of November 6, to immediately arrange for the installation of equipment in connection with the initiation of a program of winter sports to be made available at the George Wright Golf Course for the residents of Boston.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 15, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of November 6, with enclosure, order from the City Council to arrange for the installation of equipment in connection with the initiation of a program of winter sports at the George Wright Golf Course.

Some years ago this department built a large skating area and one of the largest toboggan chutes in this part of the country—blasting out an area of rock so this toboggan chute could be built. It has never been successful; it was not used; we did not have the weather conditions that would make it usable. For a period of three years we had it installed each year at a considerable cost.

I will be pleased to give this request every consideration.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

ROPING OFF MCCONNELL PARK.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of November 6, 1946, to arrange for the roping off of McConnell Park on the Sunday afternoons that football games are played at this playground.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 15, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of November 6, with enclosure, order from the City Council, to arrange for the roping of McConnell Park.

McConnell Park has been roped off every year, every Sunday since the football season started, and another order has been issued, so there will be no question about it.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

RESURFACING OF WARD 10 PLAYGROUNDS.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of November 6, 1946, to include in next year's budget sufficient funds to properly resurface the Mission Hill, Parker Hill, and Jefferson Playgrounds in Ward 10.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 15, 1946.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of November 6, with enclosure, order from the City Council that the Park Commission include in next year's budget sufficient funds to properly resurface the Mission Hill and Jefferson Playgrounds in Ward 10, also the Parker Hill Playground.

I will be very pleased to insert an amount sufficient to take care of the resurfacing of these areas in the 1947 budget.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

PRINTING DEPARTMENT APPROPRIATION.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1946.
To the City Council.

Gentlemen,—I am submitting herewith an appropriation order for \$36,736.13 for the Printing Department, to provide sufficient funds for the balance of the year for the following purposes:

1. The sum of \$15,000 is necessary to provide for the increase in salary granted to Printing Department employees effective March 1, 1946, under the new scale of wages proposed by the Closed Shop Employing Printers Association of Greater Boston.

2. The sum of \$20,000 is necessary due to the increase in cost and the discontinuation of low-priced paper and card stock.

3. The sum of \$836.13 is necessary to provide for the pension of an employee on June 11, 1946.

4. The sum of \$900 is necessary to provide the Emergency Compensation Allotment for five employees who have been employed under the Servicemen's Readjustment Act.

I recommend passage of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1946, an additional sum of thirty-six thousand seven hundred thirty-six dollars and thirteen cents (\$36,736.13) be, and the same hereby is, appropriated from the income of the Printing Department. Any excess of expenditures over income shall be met by taxes.

Referred to Executive Committee.

LOAN FOR OFF-STREET PARKING FACILITIES.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1946.
To the City Council.

Gentlemen,—I am informed that certain legal technicalities have arisen with respect to the loan order of \$5,000,000 for off-street parking facilities which ostensibly became effective on October 18 of this year.

In order that this loan may be effective without further question, it is necessary that it again be acted upon by your Honorable Body and given two votes at two separate meetings, fourteen days apart.

It is important that your Body give this matter immediate attention in view of the fact that the sale of the bonds is now in process.

Consequently, I recommend strongly that your Body give a first reading to the accompanying order at today's meeting. Immediate action on your part will eliminate whatever legal objections now exist.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of chapter 474 of the Acts of 1946 the sum of five million dollars (\$5,000,000) be, and hereby is, appropriated, to be expended under the direction of the Board of Real Estate Commissioners for public off-street parking facilities in the City of Boston, and that the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to the Executive Committee.

TRANSFERS WITHIN PENAL INSTITUTIONS DEPARTMENT APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, November 25, 1946.
To the City Council.

Gentlemen,—The inclosed requests for transfer of appropriations within the budget of the Penal Institutions Department, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Penal Institutions Department, House of Correction, \$815, to the appropriation for Penal Institutions Department, Office Expenses, \$815.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Penal Institutions Department, House of Correction, Special Improvements and Repairs, \$15,000, to the appropriation for Penal Institutions Department, House of Correction, \$15,000.

Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1946.
To the City Council.

Gentlemen,—The inclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Institutions Department,
November 26, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Authority is requested to transfer funds as follows:

Long Island Hospital.

From A-1, Permanent Employees, \$15,000, to Special Improvements and Repairs, \$15,000.

To provide necessary funds for the award of a contract for repairs to the nurses home and furnishing cafeteria equipment.

Bids received on November 22, 1946, for this work were somewhat higher than expected. The lowest bid was \$87,745 and funds available \$75,900. Inasmuch as it is very important that the work be started at once, I am requesting the above transfer from A-1 where there will be sufficient balance to meet the need.

Respectfully yours,
G. FRANK McDONALD,
Commissioner.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Long Island Hospital, \$15,000, to the appropriation for Long Island Hospital, Special Improvements and Repairs, \$15,000.

City of Boston,
Park Department, November 27, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I respectfully request the following transfer within the budget of the Park Department: From Cemetery Division, A-1, Cemetery Workers, \$3,000, to Park Department, B-14, Motor Vehicles, \$1,000; B-39, General Repairs, \$2,000.

This transfer is needed so that we may pay for immediate necessary repairs to Park Department motor vehicles, buildings and equipment. The money is available in the "Cemetery Worker" item in the Cemetery budget and will not be needed in the A-1 item.

An early approval of this request will be greatly appreciated.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Park Department, Cemetery Division, \$3,000, to the appropriation for Park Department, \$3,000.

Referred to Executive Committee.

APPROPRIATION OF \$2,500 FROM WATER SERVICE INCOME.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1946.
To the City Council.

Gentlemen,—The attached request from the City Collector for an additional appropriation of \$2,500 for the payment of the wages of extra temporary employees used to assist in the collection of old water taxes has my approval.

Consideration and passage, by your Honorable Body, of the accompanying order appropriating this sum from the Water Service income is recommended.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Collecting Department,
November 27, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Your approval is respectfully requested to make the following transfer concerning the Collecting Department, Water Division, budget:

From appropriation for Available Funds, \$2,500, to appropriation for A-2, Temporary Employees, \$2,500.

The above transfer is necessary in order to provide for the payment of wages of extra temporary employees used to assist in the collection of old taxes on water and the numerous transfers of real estate affecting old water liens. The department has been two months behind and is now about three weeks.

Respectfully yours,
DANIEL F. DONOVAN,
City Collector.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1946, an additional sum of two thousand five hundred dollars (\$2,500) be, and the same hereby is, appropriated from the

income of the Water Service of the Public Works Department to be expended by the City Collector for the following purpose:

Collecting Department, Water Division, \$2,500.
Referred to Executive Committee.

APPROPRIATION FOR LICENSING BOARD.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1946.
To the City Council.

Gentlemen,—I am in receipt of the attached request from the chairman of the Licensing Board for an additional appropriation of \$870.53, to meet the increase in the rent of the premises occupied by that Board at 24 Province street from October 1, 1946, to December 31, 1946.

In compliance with this request, there is forwarded herewith for consideration and passage by your Honorable Body, an order transferring the above sum from the Reserve Fund.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Licensing Board, November 13, 1946.

Hon. James M. Curley,
Mayor of Boston.

Sir,—In view of the increase in the rent of the premises occupied by the Boston Licensing Board, No. 24 Province street, as of October 1, 1946, and the inability of Item B-10 of our budget to meet this increase, it will be necessary that an additional budget be allowed in order to meet this obligation.

I hereby request that an additional \$870.53 be allowed for this purpose.

Respectfully yours,
MARY E. DRISCOLL, Chairman.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$870.53, to the appropriation for Licensing Board, \$870.53.

Referred to Executive Committee.

SALARIES OF DEPARTMENT OFFICIALS AND CERTAIN OTHER EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, December 2, 1946.
To the City Council.

Gentlemen,—I submit herewith a proposed ordinance concerning salaries of department officials, and other employees whose salaries are regulated by ordinance.

If adopted by your Honorable Body, the proposed ordinance will restore the reductions made in 1938, and will also effect other changes in salaries that will bring such salaries more in line with the degree of responsibility attached to the position concerned.

The proposed salary adjustments for department officials will amount to less than \$30,000 per year. Emergency Compensation Allotments will be absorbed and included in each case where a salary increase is indicated. Where no salary increase or adjustment is made, the Emergency Compensation Allotment is made permanent.

I recommend passage of the accompanying ordinance, to be effective January 1, 1947, simultaneously with the general increases for city employees.

Respectfully,
JAMES M. CURLEY, Mayor.

AN ORDINANCE CONCERNING SALARIES OF OFFICERS AND BOARDS.

Be it ordained by the City Council of Boston, as follows:

Section five of chapter three of the Revised Ordinances of 1925, as amended, is hereby further amended by striking out the whole of said section and inserting in place thereof the following:

Section 5. The following-named officers shall, while in the service of the city, receive the following salaries yearly, and proportionally for any portion of the year, which shall, unless otherwise provided by ordinance, be in full for all services which such officers are authorized or required by statute or ordinance to perform, and shall be subject to the deduction of any and all sums due to the city from such officers. They shall receive as such salaries:

The mayor, twenty thousand dollars.

The members of the city council, two thousand dollars each.

The assessors, the chairman, seven thousand five hundred dollars; each of the four principal assessors, six thousand dollars; each of the five deputy assessors, fifty-five hundred dollars; each first assistant assessor, twelve hundred dollars for street work and preparation therefor, and twelve hundred dollars for services on dooming board and work on abatements and investigations.

The budget commissioner, seven thousand dollars.

The building commissioner, eighty-five hundred dollars.

The city auditor,—auditor, seven thousand nine hundred and twenty dollars; secretary of sinking funds commissioners, seven hundred dollars; county auditor, eight hundred and eighty dollars. Total, ninety-five hundred dollars.

The city clerk, seventy-five hundred dollars and the assistant city clerk, not more than fifty-five hundred dollars.

The city collector, eight thousand dollars.

The city registrar, six thousand dollars.

The city treasurer,—treasurer, sixty-five hundred dollars; treasurer of sinking funds commissioners, seven hundred dollars; county treasurer, eight hundred and eighty dollars. Total, eight thousand and eighty dollars.

The corporation counsel, ten thousand dollars.

The election commissioners, the chairman, seven thousand dollars, the other three commissioners, each six thousand dollars.

The fire commissioner, nine thousand dollars.

The health commissioner, seventy-five hundred dollars.

The institutions commissioner, seventy-five hundred dollars.

The park commissioners, the chairman, eight thousand dollars.

The penal institutions commissioner, sixty-five hundred dollars.

The public works commissioner, nine thousand dollars; the engineer in charge of the water division not more than seventy-two hundred dollars, and the engineers in charge of the other divisions, each not more than sixty-five hundred dollars.

The sealer of weights and measures, five thousand dollars; the chief deputy sealer, such salary, not exceeding thirty-two hundred dollars, and the other deputy sealers such salary not exceeding three thousand dollars, as may be fixed by the sealer of weights and measures with the approval of the mayor.

The soldiers' relief commissioner (director of veterans' services), sixty-five hundred dollars.

The statistics trustees, the chairman, four thousand dollars.

The street commissioners, the chairman, seven thousand dollars, and the other two commissioners, each six thousand dollars.

The superintendent of printing, seventy-five hundred dollars.

The superintendent of public buildings, sixty-five hundred dollars.

The superintendent of supplies, seventy-five hundred dollars.

The traffic commissioners, the chairman, seventy-five hundred dollars.

The transit commissioners, the chairman, nine thousand dollars, and the other two commissioners, each six thousand dollars.

The officers connected with the city council; the clerk of committees, six thousand dollars; the assistant clerk of committees, forty-six hundred dollars; two stenographer-clerks, each three thousand dollars; the city messenger, six thousand dollars; the first assistant city messenger, four thousand dollars; the second assistant city messenger, three thousand dollars; two stenographer-clerks, each twenty-seven hundred dollars; the document man, thirty-five hundred dollars; the assistant document man, twenty-seven hundred dollars.

Referred to the Committee on Ordinances.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,

Office of the Mayor, December 2, 1946.

To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$6,500 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1946 budget estimates of the persona service requirements of the Park Department included an estimate of the total income of \$211,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$6,500, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, December 2, 1946.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$6,500,

which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$6,500

When making up the budget estimates for the year 1946, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from the A-1, Permanent Employees, item with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1946, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$6,500 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$6,500
Referred to Executive Committee.

FENS STADIUM IMPROVEMENTS.

The following was received:

City of Boston,

Office of the Mayor, November 25, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of November 6, 1946, to make the necessary improvements at the Fens Stadium that will eliminate the dust and dirt nuisance which now exists; and to take such other steps as may be necessary to beautify this stadium without endangering its facility as a playground.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, November 15, 1946.

J. Joseph Connors,
Chief Clerk Mayor's Office.

Dear Sir,—I have your memorandum of November 6, with enclosure, order from the City Council that the Fens Stadium be renovated to eliminate the dust and dirt nuisance and to take such steps as may be necessary to beautify this stadium.

It certainly will be a pleasure to beautify this area. It is the finest playground we have in the city and the most popular one. The School Department has had permission to water that area to keep the dust down while the football season is going on. It will be necessary to resurface it after the football season is over, if the weather will permit.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

JURORS DRAWN.

President KELLY—The Chair is in receipt of venires for jurors. The City Messenger will so notify his Honor the Mayor.

(The City Messenger reported that the Mayor was not available.)

Coun. CANTWELL presiding.

Twenty-two grand jurors, Superior Criminal Court, to appear January 6, 1947, as follows:

Arthur Cordeau, Ward 1; Alfred Karish, Ward 1; William H. Newman, Ward 1; Richard T. O'Brien, Ward 1; Pasquale Spinnazzola, Ward 1; Earl Woods, Ward 2; Charles K. Backus, Ward 5; Max Flicop, Ward 5; William H. Haynes, Ward 6; William F. Foley, Ward 7; Herbert C. Nolte, Ward 10; William P. Smith, Ward 11; Harry Sigman, Ward 14; Henry Yaffe, Ward 14; Carl H. Morgan, Ward 15; Alexander G. Ritchie, Ward 15; Henry F. Landers, Ward 16; Morris Schneiderman, Ward 17; Ryder J. Erickson, Ward 19; Michael F. Kelley, Ward 19; Edward A. Homer, Ward 19; David Freedman, Ward 21.

Seventy-five traverse jurors, Superior Criminal Court, to appear January 6, 1947, as follows:

Chester W. Barnard, Ward 1; Charles M. Bonzey, Ward 1; Philip J. Bruno, Ward 1; Alexander J. McHutton, Ward 1; Joseph M. Noonan, Ward 2; John Walsh, Ward 2; Edward F. Clark, Ward 4; William J. Delory, Ward 4; James E. O'Hara, Ward 4; Hubert S. Flannigan, Ward 5; Charles Townsend, Ward 5; James F. Crowley, Ward 6; Gordon F. Anderson, Ward 6; James T. Lynch, Ward 6; Louis Van Dem Brande, Ward 6; George D. Crowley, Ward 7; James J. Delaney, Ward 7; Wallace D. Gillis, Ward 8; Francis J. Hurley, Ward 8; Robert R. Rines, Ward 8; Felix A. Tyrell, Ward 8; Thomas W. Qualters, Ward 9; James A.

Hines, Ward 10; Thomas McManus, Ward 10; Louis Uva, Ward 10; Lawrence J. Callanan, Ward 11; Antonio B. Rendal, Ward 11.

James T. Cook, Ward 12; Alfred H. Knopf, Ward 12; Thomas F. Burke, Ward 13; Walter David Reardon, Ward 13; John H. Roache, Ward 13; John W. Walsh, Ward 13; Norman Woldman, Ward 13; Peter Cohen, Ward 14; Raymond L. Earley, Ward 14; Albert Goldberg, Ward 14; Myer Goldstein, Ward 14; Louis M. Kaiser, Ward 14; Abraham Laven, Ward 14; Joseph London, Ward 14; Joseph Sirote, Ward 14; William B. Kerressey, Ward 15; William J. Quinn, Ward 15; Charles H. Rasmussen, Ward 15; Leo F. Richards, Ward 15; Henry M. Stephenson, Ward 16; Roland A. Brake, Ward 16; Harold A. Phelps, Ward 16; Joseph F. Sullivan, Ward 16; Joseph DiDio, Ward 17; Joseph L. Donahue, Ward 17; Leslie J. Kewer, Ward 17; Joseph A. Kiley, Ward 17; John J. Lysaght, Ward 17; Daniel Murphy, Ward 17; George L. Pumphret, Ward 17; Michael H. Sullivan, Ward 17; Samuel Tanzer, Ward 17; Jack Bello, Ward 18; Walter S. Juzukonis, Ward 18; Frederick L. Maiche, Ward 18; Austin E. Roberts, Ward 18; Victor Simches, Ward 18; Gordon J. Berrane, Ward 19; John M. MacDonald, Ward 19; Michael J. Mulry, Ward 19; Walter J. Forrest, Ward 20; Edward Graham, Ward 20; Edward O. Cuddy, Ward 21; Chester C. Durning, Ward 21; Chester A. Perkins, Ward 21; Herbert Pusick, Ward 21; Morris Waldman, Ward 21; John J. Stenson, Ward 22.

One hundred thirty-six traverse jurors, Superior Civil Court, to appear January 6, 1947, as follows:

Agostino Belmonte, Ward 1; Messimino Fuccillo, Ward 1; Santo Micicche, Ward 1; Alfonso Petre, Ward 1; Thomas Serenci, Ward 1; Alexander Turco, Ward 1; Anthony Visconti, Ward 1; William G. Barker, Ward 2; Denis Keane, Ward 2; Vincent DeNietolis, Jr., Ward 3; Arthur Laphias, Ward 3; Nicholas R. Samaha, Ward 3; Anthony J. Stasium, Ward 3; Frederick Weisberg, Ward 3; John J. Curley, Ward 4; Benjamin Finn, Ward 4; Thomas J. Gallagher, Ward 4; Henry H. MacDonald, Ward 4; Arthur E. White, Ward 4; John Williams, Ward 4; David F. Ahlstrom, Ward 5; Edwin Brymer, Ward 5; Fred S. Hincley, Ward 5; James E. Hughes, Ward 5; Richard Massaro, Ward 5; Edward McCready, Ward 5; Harold Pearson, Ward 5; Colon B. Strout, Ward 5; John Gorham, Ward 6; James Hurley, Ward 6; John Wallen, Ward 6; Harry P. White, Ward 6; Joseph F. Donahue, Ward 7; Joseph E. Kane, Ward 7; Michael Joseph Sheehan, Ward 7; William R. Waldron, Ward 7; Michael McLaughlin, Ward 8; Connell H. Decoteau, Ward 8; Harold A. Johnson, Ward 9; Bernard L. Dowd, Ward 10; Sydney Duteher, Ward 10; Martin Fisher, Ward 10; John R. Grady, Ward 10; James F. Keaveney, Ward 10; John E. Peters, Ward 10; William Rowley, Ward 10; Walter F. Shea, Ward 10; George Steele, Ward 10; Frederick M. Wright, Ward 10; John Crowley, Ward 11; Romeo O. LaRonde, Ward 11; Joseph P. McClellan, Ward 11; John J. Sullivan, Ward 11; John Epps, Ward 12; Jacob Spivak, Ward 12; Robert L. Butler, Ward 13; Frank M. Curry, Ward 13; James T. Curtis, Ward 13; Harold J. Haskard, Ward 13; George E. McKenna, Ward 13; John F. McLaughlin, Ward 13; William Reed, Ward 13; Andrew E. Zilonis, Ward 13.

Edward I. Bardfield, Ward 14; Jacob B. Cohen, Ward 14; Thomas Hennelly, Ward 14; Hyman A. Hurwitz, Ward 14; Leo Manaster, Ward 14; Louis Morton, Ward 14; Samuel Nadler, Ward 14; John A. Nixon, Ward 14; Walter J. Scott, Jr., Ward 14; Aaron Simons, Ward 14; Carl Stone, Ward 14; David Swartz, Ward 14; Jeremiah Driscoll, Ward 15; Philip Houten, Ward 15; John F. Kelley, Ward 15; Eugene J. McCarthy, Ward 15; James B. Murphy, Ward 15; Henry S. Caine, Ward 16; Joseph F. Cronin, Ward 16; William J. A. Jackson, Ward 16; Thomas M. Moroney, Ward 16; Ralph J. Bonardi, Ward 17; Francis Cullen, Ward 17; James J. Curley, Ward 17; James H. Donovan, Ward 17; George F. Dowling, Ward 17; Leo F. Mellen, Ward 17; Samuel Rubin, Ward 17; Frank L. Stevens, Ward 17; William J. Brewer, Ward 18; Jacob Castleman, Ward 18; Pasquale H. Ferzoco, Ward 18; Perry Gerson, Ward 18; Andrew Larson, Ward 18; Arthur L. MacDonald, Ward 18; Frederick W. Marz, Ward 18; George V. McCormack, Ward 18; David P. McHugh, Ward 18; Samuel Prager, Ward 18; Edward S. Salor, Ward 18; Vincent Venuti, Ward 18; Charles J. Williams, Ward 18; James Craeven, Ward 19; William Horace Freeman, Ward 19; Gerald C. McGowan, Ward 19; Harold P. Poppleton, Ward 19; Ricardo C. Tolentino, Ward 19; Donald Viano, Ward 19; Edward L. Petitions for driveway openings: Theodore P. Domohowski, at 749 Hyde Park avenue, Ward 18; S. Michaels, at 400 Dorchester avenue.

RETURN OF VOTE FOR REGISTER OF DEEDS.

The following was received:
City of Boston,
Board of Election Commissioners,
November 21, 1946.

John B. Hynes, Esq.,
City Clerk, Boston.

Dear Sir,—Pursuant to law, we hereby certify that it appears from the return of votes given in by the voters of the County of Suffolk at their respective meetings held on the fifth day of November, 1946, that Leo J. Sullivan of Boston, Massachusetts, has been duly elected Register of Deeds for the County of Suffolk for the term of six years.

Respectfully yours,
WILLIAM A. MOTLEY, JR.,
EVERETT R. PROUT,
MICHAEL J. MANNING,
GERTRUDE A. PFAU,
Commissioners.

Placed on file.

RETURN ON 48-HOUR WEEK QUESTION.

The following was received:
City of Boston,
Board of Election Commissioners,
December 2, 1946.

John B. Hynes, Esq.,
City Clerk, Boston.

Dear Sir,—We hereby certify that at the State Election held on November 5, 1946, the vote on the question relating to working hours for firemen was as follows:

Shall section fifty-eight B of chapter forty-eight of the General Laws, providing for a forty-eight hour week for permanent members of the fire departments, be accepted?

Yes, 214,507.
No, 27,038.

Very truly yours,
WILLIAM A. MOTLEY, JR.,
EVERETT R. PROUT,
MICHAEL J. MANNING,
GERTRUDE A. PFAU,
Commissioners.

Placed on file.

VOTE ON LICENSE QUESTIONS.

The following was received:
City of Boston,
Board of Election Commissioners,
November 19, 1946.

John B. Hynes, Esq.,
City Clerk, Boston.

Dear Sir,—We hereby certify that at the State Election held on November 5, 1946, the vote upon the License Questions in this city was as follows:

1. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

Yes, 187,495.
No, 38,709.

2. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

Yes, 180,895.
No, 33,392.

3. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

Yes, 181,599.
No, 30,570.

Very truly yours,
WILLIAM A. MOTLEY, JR.,
EVERETT R. PROUT,
MICHAEL J. MANNING,
GERTRUDE A. PFAU,
Commissioners.

Placed on file.

NOTICES OF HEARING AT PUBLIC UTILITIES DEPARTMENT.

Boston Elevated Railway Company, to relocate double track on Columbus avenue, Roxbury.

Boston Elevated Railway Company, for left-hand curve track in Commonwealth avenue and Chestnut Hill avenue, Brighton.

Severally placed on file.

REPORTS OF FINANCE COMMISSION RE SALE OF LAND.

The following were received:
City of Boston,
Finance Commission, November 21, 1946.

To the Honorable the Mayor and City Council.
Gentlemen,—For generations past the authority to sell public lands has been hemmed in by legislative bodies with wise restrictions intended to prevent unwarranted transfer of title from public ownership to profit-seeking individuals. It is the common observation that sales which violated the letter or spirit of these restrictions usually left a doubt in the minds of many people as to the motives of those who authorized them.

In the most recent legislation applying to Boston in this connection, the sale of parcels obtained by the city for foreclosure of tax title, the Legislature imposed the restriction that sales must be by public auction. Moreover, as long ago as 1909, when the present charter was given to the city by the Legislature, the restriction was imposed that authority to sell land must be given by the City Council only after a two-thirds favorable vote of the Body at two meetings fourteen days apart. The implication in the charter is that sales, like contracts for construction, purchases, etc., would follow public competition. Obviously this was to guarantee that such sales would be "open and above board." By that method the taxpayers have full opportunity to learn the nature of the proposed transaction, and all have equal opportunity for purchase.

Notwithstanding the fact that the statutory provision that sales must be by public auction appears only in the legislation in regard to property taken by foreclosure of tax title, nevertheless for the past several decades the City Council has in all but rare instances, in giving authority to sell, attached the provision that the sales must be by public auction. By following this course in disposal of unused property, public sales have been without scandal.

There have been two recent unorthodox authorizations announced which have provoked a strong feeling of uncertainty over the motives of the authorizing agency. One is the proposed sale of a school in East Boston to an individual whose announced intention is to make it over into residential apartments. Another is the proposed sale of an unused park property in Brighton to a real estate speculator whose announced intention is to resell it to somebody or other who will build stores on it.

The recollection of an earlier official announcement that the city could not make use of the school property in question for apartments because the law would not permit such use (the building having no basement or cellar) has now created suspicion of the new intention to sell it to an individual for, ostensibly, the same purpose. Likewise, in the case of the park land in Brighton, the refusal for many years of city authorities to offer this property

for sale when there were many bidders for it, and now the sudden grant of authority to sell it to a particular individual at a fixed price, has created a great deal of suspicion also.

In the school situation, the reason for that sale, emanating from a School Committee meeting—that a member had made a promise to sell to an individual some time ago and, therefore, the Committee must revoke a decision made subsequently to sell the property to a group of physicians who were to use it for a non-profit hospital—has only added to the public uncertainty over the proposed transaction.

In the park property instance, for years there have been potential purchasers who have interests in the area which they desire to expand. They have been given no opportunity to make an offer. Some of them have even been informed in the past that sale arrangements could not be made. Now it appears that speculators have been at work endeavoring to induce other interests to purchase not from the city directly, but through the speculators. If sold by that method the city will lose many thousands of dollars.

The present authorizing order fixes the price at \$33,014. That is at the rate of approximately \$1 per foot. The assessed value, 50 cents per foot, means little or nothing, because that was the value put on it as park property. In the light of the developments made in the neighborhood, the value now is very much greater. Some realtors claim it is worth \$2 per foot or more.

The Finance Commission has made diligent effort to get to the bottom of this matter. It is of the opinion that the city, by a little effort, can sell directly to a potential user of the land in question and obtain a better price than is offered by the only party named in the proceedings so far. Furthermore, since it appears that there is fear that some undesirable use may be made of it by the eventual purchaser, the Commission is of the opinion that sale to one who hopes to resell at a profit contains no guarantee of what use might be made of it later.

The reason offered for the proposed method is that the party to whom the city proposes to sell hopes to find a satisfactory purchaser. In private business any broker would give this same service for a regular broker's commission. Undoubtedly a broker's commission would be considerably less than the profit on a resale of this park land.

In both instances the Finance Commission believes the time-honored practice of selling at public auction should be followed. Both parcels should be offered for the highest bid, and award made to an acceptable user. In the present circumstances, certainly in the case of the park land, it appears that the city is turning over the possibility of obtaining many thousands of dollars to a favored individual.

Respectfully submitted,
EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
The Finance Commission.

ROBERT E. CUNNIFF,
Secretary.

City of Boston,
Finance Commission, November 29, 1946.
Hon. James M. Curley,
Mayor of Boston.

Honorable Sir,—In your published reply to the Finance Commission's recommendation that the sale of park land in Cleveland Circle be by public auction, rather than to a named individual as is the intention of the authorizing order now under consideration by the City Council, you stated that the Finance Commission did not know all the facts in the situation. The Commission is acquainted with the site; it knows the name of the moving spirit in the proposed transaction; it knows that it is a speculation based on a hope that a department store might be induced to buy the property from the individual to whom the city will give title; and it has been reliably informed that this is only a hope.

Additionally, the Finance Commission knows that there are other customers for the property, some of whom are willing, if given opportunity, to offer a higher price for it than the sum named in the order which you have sent to the City Council.

The Commission desires to reaffirm its stated opinion that the sale of public land should be by public auction. In its letter to you it recognized that in this case you desired to control the future use of this property. Nevertheless the Commission contends that it is not fair to the city to sell the property at the announced price of \$1 per foot to a buyer who will then endeavor to sell it at a higher price to a suitable bidder. The City itself can sell directly to a suitable bidder and thereby receive all that bidder is willing to pay.

Another objectionable feature to the proposal to sell to one who will canvass the market and then resell to the highest bidder is that it is a return to the discredited practice of using "middlemen" in city transactions. There is no guarantee that the city by this method can control the future use of the property, because that control will be entirely in the "middleman."

Your recommendation to sell this property to an individual without competition is in striking contrast with a recommendation now also before the City Council to sell another park department property (in South Boston). The latter sale is recommended by you to be by public auction.

The Commission reaffirms its stated objection to sale other than in public competition.

Respectfully submitted,
EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
The Finance Commission.

ROBERT E. CUNIFFE,
Secretary.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

1. Report on petition of D. W. Dunn Storage Company (referred October 7) for driveway opening at 3183 Washington street—that permit be granted.

Report accepted; permit granted under usual conditions.

2. Report on application of Boston Waterways, Inc., for license to operate ferry from Congress street to East Boston (referred September 23)—that same ought not to pass.

The question came on the acceptance of the report of the Committee, and the report was accepted. The question came on the acceptance or rejection of the petition.

Coun. MUCHNICK—Mr. President.

Coun. KINSELLA—Mr. President, what is the recommendation of the Committee?

President KELLY—The recommendation of the Committee is that it ought not to pass.

Coun. MUCHNICK—Mr. President, I wonder if the Committee through its chairman or any of the members would inform the body of the reasons for its decision.

Coun. COFFEY—Mr. President.

President KELLY—Speaking for the Committee on Licenses, Councilor Coffey.

Coun. COFFEY—This being in my committee and being in my ward, going from Boston to my ward, the reason I objected to it, and the sole reason, is that so many young GI's have come home and got jobs as taxi drivers. Nearly every taxi owner and driver has opposed this. Mr. Miller of the Independents, Mr. Sawyer of the Checker, and somebody who was up here from the Town Taxi have opposed this. Practically everybody from my ward was opposed to it who owns a taxicab. They figure it would harm their business. That is my sole reason for opposing the petition before us now.

Coun. MUCHNICK—Mr. President, it is my understanding there was a hearing before the Committee on Licenses on this, and that representatives of the airlines, representatives of the Chamber of Commerce, representatives of the shoe and leather industry and the wool dealers of Boston all appeared favoring this. There was a very mild protest from one group, the taxi operators. Everybody, even the newspapers editorially, were in favor of this petition. The company that wanted this license and still wants it is owned and operated by a returning GI, as well as being a man who is familiar with the transportation business. It was brought out, according to my information, conclusively that there was great need for this service. Frankly, I am at a loss to understand the Committee's report being in the negative. I would like to move at this time that this be referred to the Executive Committee.

Coun. SCANNELL—Mr. President, as Chairman of the Committee on Licenses, we had a meeting. We have seen fit to reject the petition of the Boston Waterways, Inc., for reasons that most of us here should vote against petitions of this kind. I do not want to build a wall around the City of Boston as they did in China, but I think it is about time the members of the City Council recognize that there are men working in this city who should be protected, men who are driving taxicabs. Recently there were 200 medallions given out to these young men returning from the service. This is going to jeopardize their business. We should have new business in Boston if we are going to help to improve something, but here is a man that comes in, a single man from Cohasset, who says he is going to run two boats to the airport. The airline companies coming from every part of the country and doing business in the city are interested in this proposal of a ferry to East Boston. I think it is about time we got down to business and said, "Let us protect some of the people living in this city, the taxi drivers and the taxi companies paying a large amount of taxes in this city." I know it is no individual who is going to propose this ferry. It is a matter of time. If we give them permission to run a ferry across Boston harbor, then what are we going to do? We are going to give them permission. It does not say two boats. It can be fifteen or twenty-five or thirty. It will drive these taxicab drivers out of a livelihood. I do not want to draw a line around this city. It is about time the men who are in the city government protect the people of the City of Boston. You men realize what is happening in this city. Go to the North or the South Station and see the constant flow of traffic leaving the city. What do they care, or what do they do, so far as doing something to help run this city? They do nothing. As far as I am concerned, from now on I am going to do my utmost to see that the people who live and work in this city are protected.

The question came on referring the matter to the Executive Committee.

Coun. LINEHAN—Mr. President, I sincerely hope this goes to the Executive Committee. I would like a little more information than what I have been given up to now. I have heard a lot of talk during the past year about our transit problem in this city. Perhaps this might be of some use in that traffic problem. I do not know. Before I vote for or against it, I would like to get some more information in the Executive Session. I hope, therefore, the motion to refer to Executive prevails so we will get more information. I would like to find out how many veterans are running taxicabs and how many are not. I do not think many taxicabs will do very much business at the airport. I thought there was one particular company that had all the business over there. I would like these questions answered in Executive if we can get them answered. For those reasons I hope the motion prevails.

The matter was referred to the Executive Committee.

3. Report on petition of Hibernian Alleys (referred December 2) to operate bowling alleys on the Lord's Day—recommending that permit be granted.

Report accepted; said permit granted under usual conditions.

REPORT OF COMMITTEE ON PARKMAN FUND.

Coun. COFFEY, for the Committee on Parkman Fund, submitted the following:

Report on message of Mayor and order (referred November 18) appropriating \$24,000 from income of Parkman Fund, to be expended under direction of the Park Commissioners—that same ought to pass.

Report accepted; said order passed, yeas 16, nays 0.

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Coffey, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick—16.

Nays—0.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of Frank J. Burke (referred October 28) to be reimbursed as result of execution issued against him on account of his acts as a member of the Fire Department—recommending passage of the accompanying order, viz.:

Ordered, That the sum of \$175 be, and hereby is, allowed and paid to Frank J. Burke in reimbursement for the amount of execution issued against him on account of his acts as a member of the Boston Fire Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. MORIARTY, for the Committee on Public Lands, submitted the following:

Report on message of the Mayor and order (referred November 12) for sale of land on Chestnut Hill avenue to Samuel G. Fish—recommending reference to the Executive Committee.

Report accepted; said reference ordered.

SALE OF CHAIR TO PETER A. MURRAY, JR.

Coun. McCORMACK offered the following:

Ordered, That the Superintendent of Public Buildings be authorized to sell to Peter A. Murray, Jr., wounded veteran of the U. S. Marine Corps, the outside chair formerly used by his father, the late Councilor Peter A. Murray, for a nominal consideration.

Passed under suspension of the rule.

RESURFACING OF RIVER STREET, WARD 18.

Coun. CANTWELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface River street, Ward 18, from Business street to 1595 River street.

Passed under suspension of the rule.

CHARLES STREET IMPROVEMENTS, WARD 18.

Coun. CANTWELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Charles street, Ward 18, and to construct new sidewalks along both sides of the street.

Passed under suspension of the rule.

RETENTION OF CURRENT FARES ON ELEVATED.

Coun. KEENAN offered the following:
Ordered, That the Board of Trustees of the Boston Elevated be requested, through his Honor the Mayor, to give further consideration of their plan to eliminate all five-cent fare zones and to take action to maintain current rates.

Coun. KEENAN—I understand from the newspapers that the Boston Elevated anticipates increasing their rates on the 5-cent fares throughout the City of Boston to ten cents. I think his Honor the Mayor should use every effort he can to stop the increase. Throughout Dorchester they have short runs. In my ward, and I know in every other ward, people are going to the shopping districts and they have a few bundles, elderly women who go during the day. They would have to pay a 20-cent carfare. If the true picture of the Boston Elevated was exposed like it will be by Tom Buckley, I think the Elevated instead of increasing the fare should be able to cut it. I would like suspension of the rule and passage of the order.

The order was passed under suspension of the rule.

PROVISION FOR INCREASE TO POLICE LIEUTENANTS.

Coun. KEENAN offered the following:

Ordered, That the Police Commissioner of the City of Boston be requested, through his Honor the Mayor, to include sufficient funds in his 1946 budget to provide an increase for lieutenants who are presently receiving \$1,100 less than captains.

Coun. KEENAN—Mr. President, I have before me a schedule of salaries of captains and lieutenants throughout the Commonwealth. I see the lieutenants for the Boston Police Department get a salary which is \$1,100 less than the captains' salaries. I think the lieutenants should be compensated with more money than they are. The lieutenants are now doing night and day work for the captains when they are out sick. I ask suspension of the rule.

Coun. KINSELLA—Mr. President, several times in the past I have put in a similar order. I have always phrased it this way. I wanted to try to narrow the spread between captains and lieutenants, and the spread between district chiefs and captains in the Fire Department. Last Monday I gave Mayor Curley a memorandum on the same thing, on the salary of the police lieutenants of Boston. The police lieutenants on the Metropolitan District police force get \$3,600 and the captains around \$4,500. The Boston Police lieutenants get \$3,000 and the captains \$4,200. It was said at the time they would refer the memorandum to Mr. Fox or Mr. Carven. Up to today I have heard nothing. I would like to compliment Councilor Keenan for his interest in it because up to this present moment no one has seen fit to show any interest in this matter. It seems to me it should be made worthwhile for a man to aspire to the office of police lieutenant in Boston. There is not much satisfaction in a sergeant becoming a lieutenant. There is only \$3.84 a week in it for him. He gets \$2,900 as a sergeant. He would get \$3,100 as a lieutenant. On the other hand, the \$1,100 difference between a lieutenant and a captain means about \$24 a week, which is worth going after. These men represent numerically a small portion of even the Police Department, not to mention the city. Simple justice dictates that a lieutenant be brought up almost to the figure of captain in view of the fact that he is doing much of the work and the fact he does more work than the captain. Everyone admits that. I would like to see some action taken by the Mayor on the order filed just now by Councilor Keenan and on the memorandum which I gave the Mayor a week ago and on other orders of the self-same structure that I filed under both Mayor Kerrigan and Mayor Tobin.

The order was passed under suspension of the rule.

REQUESTED TRANSFER OF SCHOOL LAND TO PARK DEPARTMENT.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the School Buildings Department to transfer to the Park Department the land on which the William C. Humphreys School formerly stood in order that this property may be used as a children's playground and mothers' rest.

Passed under suspension of the rule.

INSTALLATION OF MORE PUBLIC TELEPHONES, CITY HOSPITAL BUILDINGS.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor confer with the Trustees of the Boston City Hospital relative to the installation of public telephone booths in the various buildings of the City Hospital, particularly those which are far removed from the main entrance of the hospital.

Passed under suspension of the rule.

PARKING FACILITIES FOR CITY HOSPITAL VISITORS.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor direct the Trustees of the Boston City Hospital to provide proper parking facilities for those people who are visiting patients in the hospital, and confer with the Boston Housing Authority relative to the use of the vacant land on Harrison avenue, the property of the Housing Authority, for a hospital parking lot.

Coun. HANNON—I had occasion yesterday, Mr. President, to visit the Boston City Hospital. While the visiting period is limited to one hour I found that most people spend about fifteen minutes meandering around the buildings, finding which way they are going. As a matter of fact I had to go over in the Surgical Building. There was a lady in that particular ward who found it necessary to telephone. She had to get nurses for the patient whom she was visiting. The only telephone in the place is in the front building. She had to go to the main entrance of the hospital in order to telephone out of there. I think there were two telephones on each side of the entrance. I think public telephones might well be established in each building of the hospital. Somebody suggested they adjoin the elevators so that if a person had to make a call he can go downstairs and make a call and come up. This lady said the nurse on the ward was quite nice, and she let her use the telephone twice. Each time the phone was busy. The visitor did not feel like imposing on the nurse, and went back and forth. It is quite a walk from the Surgical Building way out to the front building. If you get out there and find the line is busy you have to wait or else go back again. The Surgical Ward is not the furthest removed from the entrance to the hospital. Another point we were talking about up there yesterday was the lack of parking facilities around the hospital. Take people who come from out of town to visit a patient. The period of their visit is limited from two to three o'clock. I dare say many people spent twenty or thirty minutes trying to find a place in which to park their cars around the City Hospital. There is no parking now on Harrison avenue. That is a good thing. In order to park, I had to park on Washington street at Worcester square, and I know the section pretty well. If I were visiting somebody, it would mean a delay of twenty minutes to get down. Fifteen or twenty minutes many times can mean the difference between life and death. I think plans are going ahead for the construction of new buildings in the City Hospital. When these buildings are constructed I think some consideration should be extended to the visitors who come there. Let us provide some telephone booths for them so they will not have to walk half a mile in order to make a call. Let us have some signs to show them where they can park their cars. Even if parking space is half a mile away from the hospital you would be better off knowing you could go there and park than riding around the streets hoping some one will pull out in order that you might pull in. These are inexpensive improvements that might well be put into effect.

The order was passed under suspension of the rule.

UNDERPASS AT UPHAMS CORNER.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor be requested to direct the Board of Street Commissioners, the Commissioner of Public Works and the Park Commissioner to confer relative to the construction of an underpass on Columbia road, Dorchester, at Uphams Corner.

Coun. HANNON—Mr. President, out at Uphams Corner we have one of the toughest problems on traffic that they have anywhere in the city. I do not claim it is any tougher than any others, but it is quite a problem, so much so they cannot get automatic signals to control the traffic. It is necessary to have a traffic officer there at all times or else merely have the yellow signal flashing. Traffic moves there in about seven or eight directions with street cars and buses. It is a hazard that should be removed. It has been studied for years. They are no nearer a solution now than when they started studying it. Sometimes I think that the city planners and city engineers pay too much attention to intown Boston. Half the time when we provide improvements in intown Boston we are providing them for the benefit not of Bostonians, but for the benefit of those coming here from out of town. I think there are many sections in every part of the city as tough as Massachusetts avenue, Commonwealth avenue or Huntington avenue. Why not provide some of these improvements for suburban Boston and remove some of the traffic hazards in our districts? At least, the problem is worth some study. I hope the proper study will be made of it.

The order was passed under suspension of the rule.

AIR SERVICE POLICE PATROL.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor consult with the Police Commissioner relative to the establishment of an Air Service Police Patrol in the Boston Police Department.

Coun. HANNON—Mr. President, the other day on a justifiable complaint of some of the councilors we had a hearing on the fact that many airplanes coming into Boston are not complying with the statute relative to the height at which they must fly over downtown Boston. The utility of that hearing struck me because, after all, we are making a flying law, and suppose they tell us their instruments say they are flying at a proper height, what can we do about it? Looking into the future and being guided by what is happening in other cities, why shouldn't we have a police air force? Some day it is going to be necessary. Now is the time to study it. Now is the time to prepare for it. Now is the time to build for it and for the future. Other cities have done this. I do not think we should lag behind the times.

The order was passed under suspension of the rule.

Coun. McCORMACK in the Chair.

PEDESTRIAN STAIRS LEADING FROM COLUMBIA STATION BRIDGE.

Coun. LINEHAN offered the following:
Whereas, The Traffic Commission agrees that a hazardous traffic condition dangerous to pedestrians exists on Old Colony avenue, in the vicinity of Lynch's Gasoline Station, Ward 7, it is

Ordered, That the Park Commissioner have plans prepared and funds allocated for the construction of pedestrian stairs leading down from the Columbia Station Bridge to the sidewalk below adjoining the City of Boston Weighing Station so that people living in Old Harbor Village will not have to cross heavily traveled dangerous highways when they are going to and coming from Columbia Station of the Boston Elevated Railway Station.

Passed under suspension of the rule.

INSTALLATION OF LIGHTS IN HARVARD MALL, WARD 2.

Coun. KINSELLA offered the following:
Ordered, That his Honor the Mayor be requested to instruct the Park Department to proceed at once and without delay to the installation of lights in the Harvard Mall, City square, Ward 2, Charlestown, Mass.

Coun. KINSELLA—Mr. President, this is becoming an old chestnut in here. Three or four times I have asked other Mayors to proceed with the lighting of one of the most beautiful parks in our park system, a park which did not cost the City of Boston five cents. The site was bought and cleared by an unnamed but not an unknown donor who had some interest in perpetuating the site as a memorial to John Harvard. Of course the people of Charlestown were the recipients of his generosity. When the park was built in the early war years I imagine some substitute material and a lot of careless work went into it. The plan shows wires laid underground leading over to locations for lights, but the reason given by the Park Department engineers and the Consolidated Gas Company is that the plan was not reliable and they may have to dig up the entire surface of brick in order to ascertain the true location of the conduits. Now, that need not be expensive because the city men can do it. As I said before, with relation to the Harvard Mall in Charlestown, if they will not light it, they should put up gates on it and lock them at night. It is becoming a haven of refuge for irresponsible young people in the dark and gloom of an unlighted park which during the day is one of the better parks of Boston. I hope Mayor Curley indicates a little more interest in our immediate problem in Charlestown than his two predecessors. There were no supplies available during the years of the war. I know now supplies are almost as limited because of strikes and one thing and another. I cannot understand why the generosity of a man such as the donor of a park has to be thrown back in his face because the city will not supplement an expenditure of a quarter of a million dollars by lighting up the park at an annual cost of a few hundred dollars. In the summertime the park is a fine place for elderly people to sit and enjoy the breezes from the Charles River. In the wintertime it is not attractive to anyone. What park is, in the wintertime? I hope suspension of the rule prevails, and that Mayor Curley, aside from getting this order, will be cognizant of the remarks I have made, that this is the No. 1 problem in the interest of the morals and health of the people of Charlestown. I hope the rules are suspended.

The order was passed under suspension of the rule.

TIME OF STARTING ASH AND GARBAGE COLLECTIONS.

Coun. CHASE offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to order all contractors on ash and garbage collections in the Back Bay not to start collections until 8 a. m. in order to prevent unnecessary noise and disturbance to the citizens in the early morning hours.

Coun. CHASE—Mr. President, the contractors who collect the ashes and garbage in the Back Bay area for some time now have been making early

morning collections all to the disturbance of the Back Bay citizens. On a number of occasions, Mr. President, I have brought to the attention of the Commissioner of Public Works specific complaints, and he has taken action on some of them. I have noticed that in certain areas the collections are made at a more reasonable hour. Many times, Mr. President, my attention has been called to the unnecessary noise and disturbance caused by the ash collecting contractors in other areas in the Back Bay. As I understand it, many of these collections are made as early as 6.15 in the morning. If you were to live in the near vicinity of some of the areas where these collections were made, you would think you were near the Battle of the Bulge. The ash collectors are not only noisy in their chatter but the trucks make a considerable noise, and the banging of ash cans on the pavements would remind one of heavy artillery in action, all to the disturbance of the many office workers and others who desire to sleep until probably 7.30 or 8 in the morning. They are unduly awakened by the ash collectors at about 6.30. There is no rhyme or reason for it. Why should these collections be made at this early hour? I hope his Honor the Mayor will recognize that this agency is committing a common public nuisance in doing its municipal work, as far as collecting ashes in certain areas is concerned, in the early morning. I believe, sir, that his Honor the Mayor should instruct the Public Works Commissioner that by all means they should abide by the municipal ordinance which provides that no undue or unnecessary noise should be made. Ash collections at 6.30 in the morning to the disturbance of sleepers is unnecessary noise. I trust, sir, the Council will pass the order.

The order was passed under suspension of the rule.

ADDITION TO WARD 22 MUNICIPAL BUILDING.

Coun. MADDEN and LANE offered the following:

Ordered, That his Honor the Mayor be requested to consider initiating a loan order in the sum of \$250,000 for the building of a modern gymnasium and swimming pool, as an addition or annex to the present municipal building in Ward 22, where sufficient land is now available for such purpose.

Coun. MADDEN—Some time ago, gentlemen, the people in Brighton were honored by having one of their old fire barns renovated and made into a municipal building. You can still smell the horses there. That is the only public building we have in Brighton. It serves the people to the extent of giving us one more building. They have nice showers, but the people in Brighton, like those in other sections of the city, have their own showers. They do not have to use city showers. Other sections of the city are fortunate in having a place where children can enjoy a little recreation, where they have swimming pools and gymnasiums. However, we have none of that in Brighton. Recently his Honor the Mayor very kindly suggested that he would OK an appropriation for a solarium at Chandler's Pond in Brighton. It seems now the people in Brighton would much rather have the money spent for a more central public building that could be utilized by the children not only for swimming but for a gymnasium. Therefore, Mr. President, I hope the order will pass.

The order was passed under suspension of the rule.

PAYMENT TO BATAAN AND CORREGIDOR SURVIVORS.

Coun. MADDEN offered the following:
Whereas, Huge sums of monies, equipment, food and supplies, together with unlimited amounts of war weapons and machinery, were forwarded to co-belligerent nations during World War II, and

Whereas, These contributions by those in authority in the United States were made with complete disregard for the perilous position of our armed forces on Bataan and Corregidor, and by this short-sighted and neglectful policy the unfortunate men on Bataan and Corregidor were abandoned and left to their own resources, with inadequate equipment, weapons, food, or clothing, sufficient for their defense and survival, and

Whereas, This neglect resulted in their capture by a vicious, cruel and arrogant Japanese enemy which subjected these captives to the most inhuman tortures and humiliations known to warfare; tortures almost beyond the power of the human body to endure; and

Whereas, It is inconceivable that any human being subjected to such terrible punishment could long live without a varied accumulation of diseases and crippling ailments for the rest of his life, and

Whereas, These men, as soldiers, were forced to man their posts and, had they left their posts, could have been charged with desertion, and

Whereas, The only element of desertion was that of the Government they swore to serve and defend—a Government which deserted these valiant men by sending the supplies they so urgently needed to co-belligerent nations such as Great Britain, Russia and France, and

Whereas, Almost as an afterthought, a handful of these valiant defenders were finally rescued—men reduced to physical skeletons; unable to stand, or walk, and averaging in weight from

eighty to ninety pounds—shells of their former physical vigor by reason of the privations of Japanese prison camp life, exposure to all types of tropical diseases, and the malnutrition and decay caused by their internment, exposure and inhuman treatment at the hands of their unspeakable Jap captors, and

Whereas, Army officials made eloquent verbal promises of rewards and full compensation to these survivors of Bataan and Corregidor at the time of their rescue, and

Whereas, Although many of these men now appear to be in fair physical condition, it is the consensus of medical opinion that they are living on borrowed time, and that their life span will not exceed ten years, and

Whereas, Nothing definite has been accomplished toward the fulfillments of the promises of security made them, and many of these survivors are, and have been, subjected to never-ending red tape when appealing to Veteran Bureaus and Agencies for disability assistance, and as the result of these rebuffs have become discouraged to the point of mental disintegration, therefore be it

Resolved, That the members of the Boston City Council, in meeting assembled, do forthwith petition the Massachusetts Delegation in Congress, the Massachusetts members of the United States Senate, and the President of these United States, to institute immediate steps which will insure that consideration be granted these heroic survivors of Bataan and Corregidor and to consider as a reward for their valor, the granting of a life compensation in an amount equivalent to the retirement pay granted to a Captain of the United States Army, and be it further

Resolved, That the parents of any man who lost his life in the service of the United States during the defense of Bataan and Corregidor be granted by the Government of the United States a pension of one hundred dollars per month as long as either parent shall live.

Referred to the Committee on Rules.

PROVISION FOR TRAFFIC LIGHTS IN WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to include in his 1947 budget enough money to take care of traffic lights in Ward 20.

Passed under suspension of the rule.

RECESS.

On motion of Councilor Cantwell the Council voted at 3.30 p. m., to take a recess subject to the call of the Chair. The members reassembled and were called together by President KELLY at 5.10 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) for \$5,000,000 to be expended under direction of Board of Real Estate Commissioners for public off-street parking facilities—that same ought to pass.

The question came on the acceptance of the report, and the report was accepted. The question came on giving the order its first reading, and the clerk called the roll, and the order was declared rejected, yeas 13, nays 2:

Yeas—Councilors Bayley, Bryan, Cantwell, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, Linehan, Madden, Moriarty—13.

Nays—Councilors Chase, Scannell—2.

Present—Councilor Keenan.

Coun. FISH—Mr. President, I ask reconsideration.

The motion to reconsider was carried.

President KELLY—What is your pleasure now?

Coun. HANNON—Mr. President, I should not even talk, I suppose, but there is a motion before the Body.

President KELLY—The motion to reconsider has just been passed. There is no motion before the Body.

Coun. HANNON—What is the question now?

President KELLY—The question is the passage of the order. The Chair awaits a motion.

Coun. HANNON—I think the proper thing to do is to delay until the votes get in.

President KELLY—The Chair awaits the pleasure of the Body. Councilor Hannon has the floor. The question is the \$5,000,000 for off-street parking.

Coun. HANNON—Of course, Mr. President, this has been debated so much and so often that I suppose there is not much that is new that can be added to it. I do not intend to try to add anything new. However, I think we find ourselves today in a position where in order to keep ourselves from looking absurd we must give this matter a reading. I have been informed that banks have already made an offer to subscribe to the bonds. The only thing which keeps them from going through with the offer is the technicality of the legal significance of how this order was adopted by the Council or went into effect, the effect of a

city ordinance. I feel, that in order to save our own faces, at least we should give this a first reading. This will show our city ordinances are effective. It will give the banks the right to proceed with the floating of this loan.

The question came on the passage of the order. Coun. SCANNELL—Mr. President, as I have said and reiterated again here on this floor, we have been waiting for months to have something done on off-street parking. There is no need of this. If we put this over a week, we can have a meeting and ask these men who have been working on this off-street parking project what they have done and what they have accomplished. There is no need of rushing this thing through as we did before. Let us have a meeting this week and find out what they have accomplished. If I am satisfied at that time that they are accomplishing something to relieve parking conditions in this city, I will vote for it, but not until then shall I vote for \$5,000,000 for off-street parking.

Coun. FISH—Mr. President, I think every request that Councilor Scannell asks can be granted, even though this takes a first reading today. It will have to take a second reading two weeks from now. If he does not get the information in the meantime, he can vote accordingly. Every request he has asked now will not be interfered with in any way whatsoever by voting on this today. I make the suggestion now, Mr. President, that, since we have important business to conduct and that is what we are sent here for, if there is any possible way you can get the members of the Council who are outside on this floor and have them come in and perform their duty as they should, if there is any possible way for you to do that, I wish you would.

President KELLY—I will ring the bell.

Coun. LINEHAN—Mr. President, a point of information. If we have another vote on this matter at this time, and you do not have the necessary fifteen votes and the matter is killed, can it be introduced by his Honor the Mayor next week?

President KELLY—If the matter is rejected by the City Council, it can be reintroduced next week.

Coun. LINEHAN—Mr. President, I was thinking, if the motion was killed, that, rather than have it killed, I was going to move that it lie on the table a week just to keep it alive. If we have not got the fifteen votes, there is no sense in wasting time.

President KELLY—The Chair will announce three more members have come back since we took the first vote. It is up to the Council what their pleasure is.

The question came on the passage of the order, and the clerk called the roll. The order received its first reading and passage, yeas 15, nays 3:

Yeas—Councilors Bayley, Bryan, Cantwell, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick—15.

Nays—Councilors Chase, Keenan, Scannell—3. The order will take its second reading and passage in not less than fourteen days.

2. Report on message of the Mayor and order (referred today) for transfer of \$815 from Penal Institutions Department, House of Correction, to Office Expenses—that same ought to pass.

President KELLY—Is it agreeable to all the members of the Council if all the transfer reports are read at the same time and acted upon at the same time? Hearing no objection, the clerk will read the orders.

Report on message of the Mayor and order for appropriation of \$870.53 for Licensing Board—that same ought to pass.

Report on message of Mayor and order (referred today) for appropriation of \$36,736.13 for Printing Department—that same ought to pass.

Report on message of the Mayor and order (referred today) that \$2,500 be appropriated from income of Water Service of Public Works Department to be expended by City Collector for Collecting Department, Water Division—that same ought to pass.

Report on message of Mayor and orders for transfers within departmental appropriations: \$15,000 from Long Island Hospital to Long Island Hospital, Special Improvements and Repairs, and \$5,000 from Park Department, Cemetery Division, to Park Department—that same ought to pass.

The reports were severally accepted, and the question came on the passage of the orders. The orders were passed, yeas 18, nays 0:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Scannell—18.

Nays—0.

3. Report on message of Mayor and order (referred today) for appropriation of \$6,500 from income of George F. Parkman Fund to be expended under direction of Park Commissioners—that same ought to pass.

President KELLY—The chairman of the Committee on Parkman Fund has waived reference of the order to the committee.

The report was accepted, and the question came on suspension of the rules, and the motion was carried. The order was passed, yeas 17, nays 0, viz.:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Fish, Hannon, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Scannell—17.

Nays—0.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

1. Report on petitions (referred today) to operate bowling alleys on the Lord's Day—recommending that permits be granted to the following, viz.:

McCarthy Brothers Bowling, 761 Huntington avenue, Roxbury; Crawford Bowling Alleys, 15 Hanover street; Twentieth Century Alleys, Louis Amusement Company, 1231 Hyde Park avenue, Hyde Park; Metropolitan Bowling Alleys, Jacob Koss, 35 Dore street; Hemenway Bowling Alleys, Jacob Koss, 1120 Boylston street; Mt. Pleasant Bowling and Billiards, John F. McLaughlin, 594 Dudley street, Dorchester; Hibernian Alleys, 184 Dudley street, Roxbury.

The report of the committee was accepted, and the question came on granting the licenses.

Coun. MADDEN—Mr. Chairman, a point of information. What happened to the petition of Nardella Bowling Alley, 345 Washington street?

Coun. SCANNELL—It is in the Committee on Licenses.

Coun. MADDEN—Why not take it out? I would like to have it voted on.

President KELLY—It is up to the committee.

The question came on the granting of the licenses, and the licenses were granted under usual conditions.

2. Report on petition for driveway opening of Merchants Realty Company (referred November 4), 1302-1306 Boylston street, Ward 5—recommending that permit be granted.

Report accepted; said permit granted under usual conditions.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. MORIARTY, for the Committee on Public Lands, submitted the following:

1. Report on message of the Mayor and order (referred April 29) for sale of land on River and Milton streets, Dedham, at public auction, with upset price of \$3,500—that same ought to pass.

SALE OF LAND TO JOHN HANCOCK MUTUAL LIFE INSURANCE COMPANY.

Coun. MORIARTY—Mr. President, I wonder, previous to these orders being acted upon, if I could not take No. 2 off the calendar?

The motion to take up No. 2 on the calendar was carried. No. 2 on the calendar was as follows:

"2. Order for sale of land, Veterans of Foreign Wars Parkway, to John Hancock Mutual Life Insurance Company.

"On November 18, 1946, the said order was read once and passed, yeas twenty, nays none."

The question came on giving the order its second reading. The order was given its second reading and passage, yeas 18, nays 0:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Scannell—18.

Nays—0.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. MORIARTY, for the Committee on Public Lands, submitted the following:

1. Report on message of the Mayor and order (referred April 29) for sale of land on River and Milton streets, Dedham, at public auction, with upset price of \$3,500—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. MORIARTY—Mr. President, I wonder, if there is no disagreement, whether we could not vote on those orders simultaneously?

President KELLY—In view of the fact that they are land orders, the Chair would prefer to vote on them separately.

The order was passed, yeas 18, nays 0, viz.:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Scannell—18.

Nays—0.

Assigned for fourteen days for final action.

2. Report on message of the Mayor and order (referred May 27) for exchange of city-owned land on Southampton street and Atkinson street, Roxbury, with land owned by Downes Realty Corporation on Southampton street and Atkinson street—that same ought to pass.

The report was accepted, and the question came on the passage of the order. The order was passed, yeas 17, nays 0:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Fish, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Scannell—17.

Nays—0.

Assigned for fourteen days for final action.

3. Report on message of the Mayor and order (referred August 5) for sale of old police station on Commercial street, between Battery street and Salutation street, at public auction at upset price of \$5,000—that same ought to pass.

The report was accepted, and the order was passed, yeas 18, nays 0:

Yeas—Councillors Bayley, Bryan, Cantwell, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Scannell—18.
Nays—0.

Assigned for fourteen days for final action.

SALE OF PUBLIC LANDS THROUGH PUBLIC AUCTION.

Coun. CHASE offered the following:

Ordered, That the Boston City Council hold a public hearing Friday to determine whether or not all public lands to be sold shall be done through public auction.

Coun. CHASE—Mr. President, in view of the controversy which has arisen between his Honor the Mayor and the Boston Finance Commission as to the Cleveland Circle property, I think the Council ought to hold a public hearing on this matter in order to determine just what prices can be had advantageously for the city. It would seem to me, Mr. President, inasmuch as this land is public land, we should not confine the possible purchase of it to one buyer. We have a population here of 800,000 and a population in the state of over 4,500,000. Out of that tremendous population, sir, we have one attorney by the name of Samuel Fish who comes forward into the Mayor's office and enters into some sort of proposition whereby he proposes to buy from his Honor the Mayor public land for \$33,000. Your Finance Commission, for which we appropriate \$50,000 a year, is an independent body of men appointed by the various Governors. It comes out and criticizes this proposed deal. It says there are other prospective buyers willing to pay a much higher price. If his Honor the Mayor desires to deal behind closed doors with this Mr. Fish, I do not propose to deal behind closed doors. I think the public is entitled to be in and bid on this property. I think that we should put this property up at public auction, especially when this Finance Commission has twice issued a report, one report which originally criticized his Honor the Mayor and a second report in rebuttal to the answer of his Honor the Mayor. The Finance Commission has seen fit twice to stick out its head and criticize the Mayor. Now if we are not going to heed the advice and opinions of the Finance Commission, especially on a proposition such as this, I think we might as well pick up our hats and coats and go out and give the whole city to his Honor the Mayor, and just forget that there is such a thing as a City Council in existence. We are here supposedly to act as a check on his Honor the Mayor. The Boston Finance Commission was created by an act of the Legislature to investigate and report on certain city business. It has seen fit on its own initiative to investigate and report to his Honor the Mayor on this sale. This matter is in controversy. This property has been recommended by the Boston Finance Commission to be put up at public sale. Now we propose behind closed doors to invite one man and give him an opportunity to give his views. Well, Mr. President, his Honor the Mayor has already got the views of this man. May I remind you, sir, his Honor the Mayor also got views from Mr. Feingold and Mr. MacDonald on the \$1,000,000 abatement on the Little Building property? May I remind you, sir, his Honor the Mayor got the views of Mr. Cohen, the man who owns the big business block which lies between Gainsborough street and Symphony Hall?

Mr. Cohen convinced the Mayor to buy \$25,000 worth of his sidewalk, so that the city should be put to the expense of \$100,000, and desecrate church property and other properties in order to put that deal across. No, Mr. President, this is public land. This is not our land. This is not the Mayor's land. This is the taxpayers' land. I say to you, sir, that the department store owners throughout the entire Commonwealth want to come in and put in a bid on the property. If we are going to confine these bids to one man, you are going to get a one-man bid. All you are going to get is knowledge from one man. I think in view of the Finance Commission report that it behooves us to act accordingly and to ask for public bids, inviting the members of the Boston Real Estate Exchange, who might be interested in buying the property. They represent big businessmen throughout the city. Invite your Chamber of Commerce. Invite your department stores. An advertisement can be placed in the front page of all the daily newspapers. This is big business—this is not peanuts. Somebody wants to buy this land. Supposedly they are to put up a half-million-dollar building. Somebody may come along and want to put up a \$2,000,000 building and be willing to pay triple the price. You are not going to know unless you ask for public bids. I think, sir, I have covered this point. You are all well acquainted with what I am driving at. I think in the interest of the public we should make this a public matter and hold a hearing, advising the public we propose to get additional information and that we welcome all comers and all bidders to come in and give us their side of the story on the Cleveland Circle property. I so move that the order pass.

President KELLY—The Chair will rule that this matter is not before the full membership of the Council. It is now in the Executive Session.

Therefore we cannot ask for a public hearing until we take it out of the Executive Session. The Chair will have to rule this order in its present form is out of order.

Coun. CHASE—Mr. President, as I understand, your Executive Committee voted to have a Mr. Samuel Fish, an attorney at law, who proposes to buy certain property at Cleveland Circle at \$33,000, in to get his views. My proposal is entirely different. It is different from the motion adopted by your Executive Session. My proposal is to hold a public hearing on the question as to whether or not the Cleveland Circle land should be offered at public bid or not. It is entirely different. It does not conflict with the motion which the Council adopted to let Mr. Fish come in and give his one-sided story.

President KELLY—The way the order is drawn up it is out of order. We have not got the matter before the full membership of the Council. It is now in the Executive Session. This order will not be in proper form. I will have to rule it out of order.

Coun. CHASE—May I ask the clerk, Mr. President, how can the order be amended so that it will be in proper form?

President KELLY—I am informed by the clerk that this order cannot be amended. There cannot be an order until we take the matter that is now before the Executive Session and bring it before the full membership of the Council. A motion to that effect is in order.

Coun. CHASE—Mr. President, I shall introduce an order subsequent to my finishing what I have to say. I move, sir, that the Council adopt an order to hold a public hearing and invite the members of the public to attend a hearing on whether or not all public lands when up for sale shall be held at public bid or not. That is an entirely new motion, sir.

President KELLY—Will you write that out so that I will be protected here? I want to be fair. (Councillor Chase here wrote the order as appearing above.)

President KELLY—That is referred to the Committee on Rules.

Coun. CHASE—Mr. President.

President KELLY—There is no debate on that unless you want to make a motion to suspend the rules. That is the only motion that is in order. You have power to make a motion to suspend the rules and have it passed now.

Coun. CHASE—Mr. President, I move suspension of the rules.

President KELLY—Those in favor will please stand. There are seven. Those opposed will please rise. There are three. The vote is seven to three. You need fifteen votes, and the motion is lost. You need two-thirds of all the members. That is what the rules are.

President KELLY—Now, you will have to revamp that to put it in order. In the meantime, the Chair will recognize Councillor Linehan.

Councillor CHASE—Mr. President, a point of parliamentary inquiry. Do I understand that in order to move suspension of the rules it requires a two-thirds vote of all members?

President KELLY—That is right.

Coun. CHASE—Mr. President, it appears to me all the orders since the first of the year that have been passed by a vote similar to the one just taken have been illegal, because we have constantly had order after order passed by a voice vote like the one recently taken that was claimed to be illegal by you.

President KELLY—I do not want to disagree with you. I do not remember any time I ever allowed a vote to go on suspension of the rules and allowed it to pass with less than fifteen votes.

Coun. CHASE—Mr. President, on many orders you have considered as legal you have moved the question of suspension of the rules and adoption of the order. You have had many a close vote, much closer than the one in question. You have ruled they were legal. The minutes will disclose it.

President KELLY—I would like to be shown, councillor, I do not want to disagree. I am up here to uphold the rules. The rule says a two-thirds vote of the entire membership is necessary for suspension of the rules.

Coun. MADDEN—Mr. President, isn't this matter now before the Executive Committee?

President KELLY—The matter is before the Executive Committee. This was an entirely different order that Councillor Chase introduced. The Chair properly referred it to the Committee on Rules. Councillor Chase has the right to ask suspension of the rules, which takes a vote of two-thirds of the entire membership. If fifteen members of the Council voted along with Councillor Chase, he would be able to have suspension of the rules and passage of the order.

Coun. BAYLEY—Mr. President, a point of parliamentary inquiry.

President KELLY—The Chair has recognized Councillor Linehan. Does Councillor Linehan yield?

Coun. LINEHAN—Mr. President, I am afraid I have to yield for a point of parliamentary inquiry. President KELLY—You do not have to yield. Do you yield?

Coun. LINEHAN—I will yield for that.

Coun. BAYLEY—Mr. President, do I understand every vote we have taken to suspend the rules has been passed by fifteen votes? Is it not true sometimes we have passed votes when there were less than fifteen people here? Why were not such votes illegal? Can there ever be suspension

of the rule unless there are fifteen members present in the Chamber?

President KELLY—If at any time I allowed an order to pass with less than fifteen votes, the Chair was not questioned.

Coun. BAYLEY—Hereafter, Mr. President, there must be fifteen members present? Must those members say "Aye?" Do you take it for granted they are voting?

President KELLY—That is the Council's privilege. When I make a decision you can always doubt my decision or rise on a point of order. That is what your rules call for—a two-thirds vote of the entire membership, which is fifteen votes.

Coun. BAYLEY—Hereafter all votes passed under suspension of the rules require fifteen members present?

President KELLY—There should be fifteen.

Coun. BAYLEY—I am glad to know that. I have learned something. I expect to take advantage of it in the future.

Coun. KINSELLA—Mr. President.

President KELLY—Does Councillor Linehan yield to Councillor Kinsella?

Coun. LINEHAN—Just for a point of information, Mr. President.

Coun. KINSELLA—Mr. President, when there is no question raised by a member of the Body as to suspension of the rule, then it is not necessary in my opinion to have fifteen members present. For instance, today I asked for suspension of the rule on an order I introduced. There was no question raised about putting it to a vote. In this instance, when it was put to a vote, the rule of two-thirds of the entire membership applied in order to have the motion prevail. But with less than fifteen present it is a perfunctory and customary thing to grant suspension of the rule. Councillor Bayley's objection need not be good under those conditions,—only when the question is raised as to a vote.

President KELLY—That is right. In this particular instance the Chair properly referred the order to the Committee on Rules. Councillor Chase asked for suspension of the rule, which takes fifteen votes. When your order was introduced, I passed it under suspension of the rule. There was not any objection by any member of the Council. If there was, I would have asked for a standing vote.

CAGE-TYPE GARAGES.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor request members of the Real Estate Board and the Chairman of the Planning Board to view and make a survey of cage-type garages, in Chicago and any other city which have cage-type garages. It is also requested that plans for construction of cage-type garages in New York City be studied as to their applicability to solving the parking problem in the City of Boston in preference to flat, black-top parking lots.

Coun. LINEHAN—Mr. President, one reason why I changed my vote on off-street parking today was due to the fact that during the week his Honor the Mayor disagreed with the Board of Real Estate Commissioners in regard to having black-top garages throughout the city. Early in the session when we discussed the type of garage to be constructed to alleviate traffic congestion, I remarked that in my opinion having a lot of black-top surface open parking areas throughout the city certainly would not beautify our city. Also, there would be too many so-called taxable buildings torn down to make way for the black-top parking areas. If the Mayor follows through on his suggestion and has influence enough to have the Board of Real Estate Commissioners see things his way in regard to building these so-called cage-type garages, I think it will be a step in the right direction. It will mean only one site in comparison to probably six sites throughout the city. In Chicago they have a building around six or seven stories high. I am told it might be more. I am told it houses 2,500 cars. That means for each floor there is the equivalent of one site which we would have under the scheme of just black-top open parking areas throughout the city if that is adopted. Instead of six sites, we could have one site. It would mean we do not have to tear down buildings on six sites. We can take down dilapidated buildings on one site and put up two cage garages. If you have twelve stories, it means you have two sites instead of one site throughout the city. I still contend having black-top surface areas throughout the city for parking will not beautify the city. In New York, under the able direction of the now Park Commissioner Moses, it is his opinion that, instead of black-top parking areas in New York City, they are going to build up in the air like Chicago. They need to build parking areas as high as eight stories. In one instance it will cost more than \$3,000,000. I read that in one of our local papers a week ago Sunday. I am not sure which paper it was. It looked good to me. It is good business. Take the parking lot in back of our annex. To my mind it is an eyesore. It does not beautify City Hall. It is a terrible indictment of our City Hall to have such an eyesore. The City Hall is bad enough, but that does not help its appearance any. We could have a good cage garage built along the lines of those in Chicago and New York and some in Washington. If we have that type, I do not doubt for a moment we will have less eyesores in

the city. Unless I hear something to the contrary, that his Honor the Mayor is going to back the recommendation of the Real Estate Board for flat parking lots, I will again vote for off-street parking two weeks from now when it comes up. I sincerely hope that the chairman of the Planning Board and the rest of the commissioners will take note and actually see some of these cage garages, see what other cities are doing, instead of coming to us with a lot of information like they did before and with nothing substantial. Let them get hold of something and present it to us. Probably before two weeks from now they might get hold of some information and give us some encouraging news as to what the City of Boston might have in the future.

The question came on suspension of the rule, and the order was passed.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

Report on petition of Waldo C. Nardella, 345 Washington street, Brighton (referred November 18), to operate bowling alley on the Lord's Day—that same ought to pass.

The report was accepted and said license granted under usual conditions.

DEATH OF MOST REVEREND LOUIS F. KELLEHER, D.D.

Coun. SCANNELL offered the following:

Resolved, That the City Council of the City of Boston, in meeting assembled, records its deep sorrow at the sudden death of Most Reverend Louis F. Kelleher, D.D., Auxiliary Bishop of Boston, whose saintly characteristics stamped him as a worthy leader of the Church, and whose great and kindly deeds in this life will not soon be forgotten by his fellowmen.

President KELLY—Those in favor of the resolution will kindly rise.

The resolution was adopted by a unanimous rising vote.

AMENDMENT TO COMPENSATION CLASSIFICATION PLANS.

Coun. McCORMACK offered the following:

Ordered, That the Compensation Classification Plans for Officers and Employees of Suffolk County, adopted by the City Council April 13, 1931, and approved by the Mayor on April 15, 1931, be, and hereby are, amended as follows: In the classification "Visitor," under "Range of Compensation," strike out "Annual, \$1,700, \$1,800, \$1,900, \$2,000, \$2,100, \$2,200" and insert in place thereof "Annual, \$1,900, \$2,000, \$2,100, \$2,200, \$2,300, \$2,400, \$2,500, \$2,600."

Referred to the Committee on County Accounts.

Adjourned, on motion of Councilor Chase, at 6 p. m., to meet on Monday, December 9, 1946, at 2 p. m.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Lewis street, Hyde Park district, as a highway, between Safford street and Edwards street, with the name of Lewiston street or some other distinctive name, bounded and described as follows:

A highway named Lewiston street is hereby laid out, between Safford street and Edwards street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Safford street, forty and 18-100 feet; easterly by the easterly line of said Lewiston street as hereby laid out, by six measurements, four hundred eighty-one and 32-100 feet, fifty and 8-100 feet, three hundred and fifty feet, forty and 8-100 feet, three hundred and fifty feet, and forty and 8-100 feet; southerly by the southerly line of said Lewiston street as hereby laid out, forty and 8-100 feet; and westerly by the westerly line of said Lewiston street as hereby laid out, by six measurements,

forty and 8-100 feet, three hundred and fifty feet, forty and 8-100 feet, three hundred and fifty feet, fifty and 8-100 feet, and four hundred eighty-two and 76-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Lewiston street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Lewiston street, Hyde Park Assessment Plan, August 20, 1946, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Nashua Street, Boston Proper.

East side, from Causeway street to opposite Minot street.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING 125 GRADE "A" METAL FILES WITH LOCKS (5-DRAWER, LETTER-SIZE).

The Supply Department of the City of Boston invites proposals for furnishing metal files for Overseers of Public Welfare Department, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Metal Files."* There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Monday, December 23, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(Dec. 14.) Superintendent of Supplies.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING LARGE INCANDESCENT ELECTRIC LAMPS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several school buildings, in accordance with orders, large incandescent electric lamps. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Large Incandescent Electric Lamps." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check in the amount of at least 5 per cent of the total bid, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, December 26, 1946. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to provide a bond for not less than 50 per cent of the amount of the contract.

J. GEORGE HERLIHY,
Acting Business Manager of the School Committee.

(Dec. 14.)

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

PROPOSALS FOR FURNISHING AND INSTALLING FIRE ALARM SYSTEM AND OTHER WORK IN VETERANS' TEMPORARY HOUSING DEVELOPMENT AT FRANKLIN FIELD, DORCHESTER, MASS.

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of chapters 372 and 568 of the Massachusetts Acts of 1946, office, Room 1220, 10 Post Office square, Boston, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing fire alarm system and other work in Veterans' Temporary Housing Development at Franklin Field, Dorchester, Mass.

A bond will be required for doing the work of a surety company approved by the Boston Housing Authority in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 1220, 10 Post Office square, Boston. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing Fire Alarm System and Other Work in Veterans' Temporary Housing Development at Franklin Field, Dorchester, Mass.," and left at Room 1220, 10 Post Office square, Boston, before 12 m. of December 23, 1946, with a certified check for 5 per cent of the amount of the proposal, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Boston Housing Authority to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Housing Authority. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

City of Boston, acting by and through Boston Housing Authority.

(Dec. 14.) JOHN CARROLL, Chairman.

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

PUBLIC AUCTION.

100 AND 104 RICHMOND STREET, BOSTON.

The City of Boston will sell at public auction all its right, title and interest in and to about thirteen hundred eighteen (1,318) square feet of land, with the buildings thereon, on the southwesterly side of Richmond street, Boston, numbered one hundred and one hundred four (100 and 104) in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds in Book 5611, page 405.

Time of Sale: Thursday, December 26, 1946, at 10 a. m., on the premises. Minimum price is five thousand dollars (\$5,000).

A deposit of two thousand dollars (\$2,000) in cash or certified check, required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Chairman reserves the right to reject any or all bids. Further particulars from Chairman, Board of Real Estate Commissioners, 809 City Hall Annex, Boston.

IRVING LEWIS,

Chairman.

(Dec. 14-21.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SNOW FIGHTERS FOR PUBLIC WORKS DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing snow fighters for Public Works Department, Paving Division, on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, December 23, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,

(Dec. 14.) Superintendent of Supplies.

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

PUBLIC AUCTION.

31 AND 33 TRAVERSE STREET, BOSTON.

The City of Boston will sell at public auction all its right, title and interest in and to about seven hundred thirty-seven (737) square feet of land, with the buildings thereon, on the southeasterly side of Traverse street, Boston, numbered thirty-one (31) and thirty-three (33) in the numbering of said Traverse street, registered in the Suffolk Registry District of Land Court, Certificate No. 33653, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, as Document No. 143789, with Certificate No. 33653.

Time of Sale: Thursday, December 26, 1946, at 11 a. m., on the premises. Minimum price is two thousand dollars (\$2,000).

A deposit of five hundred dollars (\$500) in cash or certified check required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Chairman reserves the right to reject any or all bids. Further particulars from Chairman, Board of Real Estate Commissioners, 809 City Hall Annex, Boston.

IRVING LEWIS,

Chairman.

(Dec. 14-21.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GROUND COFFEE, FOR SIX MONTHS.

The Supply Department of the City of Boston invites proposals for furnishing ground coffee, for six months, for city departments on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Coffee."* There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Friday, December 20, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Thursday, December 26, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

SOLDIERS' RELIEF DEPARTMENT, IN MONTHLY REPORT TO MAYOR CURLEY, SHOWS INCREASE OF 169 CASES OVER SAME PERIOD OF LAST YEAR.

(Continued from page 1453.)

Relief expenditures for November, 1946, show an increase of 169 cases and \$8,608.63 in expenditures as compared to the corresponding period in 1945. A World War I comparison shows an increase of 86 cases and \$3,489.50 in expenditures as compared to November, 1945. (An increase of 76 veterans' cases and 25 widows' cases — a decrease of 12 children's and 3 mothers' cases.) A World War II comparison exhibits an increase of 80 cases and \$2,219.30 in disbursements as compared to November, 1945. (An increase of 64 veterans' cases, 12 mothers' cases, 10 fathers' cases and 5 widows' cases — a decrease of 9 wives' cases and 2 children's cases.) The emergency item (made to beneficiaries of all wars) shows an increase of \$3,519.65 as compared to November, 1945.

The 759 cases aided during the month of November, 1946, represent a total of 1,531 individuals benefited through the facilities of the Soldiers' Relief Department. There were 169 cases dropped from the relief rolls during the month of November, 1946, chiefly because of the acceptance of private employment.

CLASSIFICATION OF CASES AIDED DURING NOVEMBER, 1946.

	Civil War.	Indian War.	Spanish War.	Mexican Border.	World War I.	World War II.
Unemployable veterans . . .	0	0	5	0	186	102
Employable veterans	0	0	0	0	52*	91*
Wives	0	0	0	0	0	8
Widows	13	6	60	1	133	9
Children	3	0	0	0	6	0
Mothers	0	0	0	0	22	49
Fathers	0	0	0	0	2	11
	16	6	65	1	401	270

* Of the 143 employables (World War I, 52 and World War II, 91), 56 have already been removed from these rolls because of employment and other reasons. The 87 remaining cases (World I, 35 and World II, 52) should obtain employment in the near future.

ORIGINAL APPLICATIONS.

Carried forward from the preceding month	26
Original applications for aid during November	116
Original applications granted aid during November	69
Original applications rejected during November	24
Original applications referred to other cities or towns	15
Investigations not completed	34

REAPPLICATIONS.

Carried forward from the preceding month	5
Reapplications for aid during November	161
Reapplications granted aid during November	100
Reapplications rejected during November	52
Reapplications referred to other cities or towns	0
Investigations not completed	14

During the month of November, 1946, the department collected \$109 which represents refunds by former beneficiaries who were found to have drawn aid under circumstances which require the repayment of same to the City of Boston.

Respectfully submitted,

DAVID J. BRICKLEY,
Commissioner.

MAYOR CURLEY ANSWERS CHILDHOOD QUESTION "IS THERE A SANTA CLAUS?" IN ADDRESS AT TREE LIGHTING ON COMMON.

In touching off the Christmas tree lights on Boston Common on Wednesday night, December 18, Mayor James M. Curley answered the childhood question of "Is There a Santa Claus?" by reading a letter written to a little New York girl by an editorial writer. The letter as quoted by Mayor Curley reads as follows:

NEW YORK, December 24.—As much a part of the traditional Christmas now as Santa Claus, little Virginia's letter, written to the editor of the New York Sun back in 1897, with the editor's reply, was read again today at public school No. 159.

Virginia had heard there was no Santa Claus, and she brought her new trouble to the editor for an answer. The editorial writer was Francis P. Church. His reply of reassurance has become a Christmas classic. Here is Virginia's letter and Church's editorial reply:

"We take pleasure in answering at once and thus prominently the communication below, expressing at the same time our great gratification that its faithful author is numbered among the friends of the Sun:

"DEAR EDITOR,—I am eight years old. Some of my little friends say there is no Santa Claus. Papa says "If you see it in the Sun it's so." Please tell me the truth, is there a Santa Claus?"

VIRGINIA O'HANLON,
115 West Ninety-fifth Street.'

"Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

"Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We would have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

"Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Nobody can conceive or imagine all the wonders that are unseen and unseeable in the world.

"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, nor even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy,

poetry, love, romance can push aside that curtain and view and picture the supernatural beauty and glory beyond. Is it all real? Ah! Virginia, in all this world there is nothing else real and abiding.

"No Santa Claus! Thank God! he lives, and he lives forever. A thousand years from now, Virginia, nay, ten times ten thousand years from now, he will continue to make glad the heart of childhood."

MAYOR SUSPENDS LICENSES OF PENNY PICTURE-MACHINE OPERATORS FOR WEEK.

GENTLEMEN,—The Acting City Censor has reported to me that motion pictures of an obscene nature and injurious to the morals of the community are still being exhibited in the coin-controlled apparatus in the portion of the building, No. 543 and 545 Washington street, known as Mardi Gras Arcade which has been licensed for entertainment by me. The license referred to is SH 864 and dated December 31, 1945.

Sometime this past October you were called into this office and warned that obscene motion pictures would not be tolerated and you were at that time ordered to eliminate, immediately, such exhibition.

In accordance with the pertinent provisions of law, you are hereby notified that I suspend the above-referred to license for a period beginning on Monday, December 16, 1946, at 12.01 a. m., and continuing through Saturday, December 21, 1946, 12 midnight.

You are also admonished that the manner in which you conduct your business for the balance of this year will materially affect my action on your application for your 1947 license.

A copy of this notice is being forwarded to the Police Commissioner for appropriate action.

Very truly yours,

JAMES M. CURLEY, Mayor.

The above letter was sent to Mardi Gras, Inc., 543 and 545 Washington street; Werth, Inc., 695 Washington street; Allied Corporation, 22 Scollay square.

PENNY ARCADES PROMISE MAYOR NOT TO OFFEND AGAIN BY SHOWING OBJECTIONABLE PICTURES IN MACHINES.

His Honor the Mayor was, on December 16, in receipt of the following letter from the operator of the Arcade establishments at 695 Washington street, 22 Scollay square, and 543 Washington street, relative to the recent closing edict issued to those establishments by the City Censor:

WERTH, INC.,
695 WASHINGTON STREET,
BOSTON, MASS.

HON. JAMES M. CURLEY,
Mayor of Boston.

YOUR HONOR,—I beg to direct your attention to the plight imposed upon me by the closing of my establishment at 695 Washington street, Boston, for one week, beginning this day. I desire to point out to your Honor the hardship imposed by the closing edict, since my business represents a very substantial investment, including long-term lease obligations, which are binding on me as the operator.

The objections raised to the type of picture being shown in the picture machines are now recognized as being valid. I have, since your notification, removed all objectionable pictures and, in the future, no sex pictures will be shown in any of the establishments with which I am connected, and only those pictures which have been approved by the City Censor will be shown. In the event that at any time this agreement is violated, I can find no objection to the revocation of my license.

The law, with reference to minors, will be strictly observed by me, and additional Special Police Officers will be assigned by me to see that the law is complied with.

In the event that I am given the right to reopen without the strictures placed upon my business, I am quite certain you will never again have occasion to take exceptions to any business conducted in any of the establishments with which I am connected.

Respectfully,

JOHN A. KELLEY, Treasurer.

MOTORISTS WARNED ON WINTER PARKING.

In an effort to assist the city in its snowplowing activities during the current winter, Public Works Commissioner Robert P. Curley has asked motorists or owners not to leave their vehicles on the streets any longer than may be absolutely necessary.

"One of the very serious problems the department has to contend with following storms," the Commissioner added, "is to plow the roadways of streets where cars are parked. While this is true in the daytime, it is particularly difficult at night when snow may start falling."

Commissioner Curley further stated, "If the people themselves, with so much at stake as regards their own safety and health, would see to it that vehicles are not permitted to remain on our highways and streets, the department will be enabled to carry on its work more effectively and provide ample roadway space for the traffic which is increasing in volume."

MAYOR JOINS NATIONAL SAFETY COUNCIL IN APPEAL AGAINST ACCIDENTS.

As Mayor of Boston, I am very pleased to join with the National Safety Council in making a special appeal to all our people to strive to their utmost during the holiday season to avert needless accidents which may result in tragic suffering and even death in many homes.

The whole spirit of Christmas is "Peace on Earth, Good Will to Men," which can best be expressed by cordial kindness, courtesy and care. In your car, in your home, or in your recreation, I beseech you, to have every consideration for your fellow men and women, and especially the children.

Let us all strive this year not to make of our Christmas trees mocking reminders of some of our beloved beings who cannot be there to enjoy them.

Care costs nothing, but it pays off rich dividends in happiness, security and freedom from pain and tragedy. Let us all exercise our considerate judgment, especially at this festive time.

JAMES M. CURLEY, Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to employ Catherine Christy, 55 St. Stephen street, Boston, as temporary typist clerk at \$4 a day plus \$200 a year E. C. A.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon November 29 the Mayor approved a contract with the General Ship and Engine Works, Inc., as requested in the following letter:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—By public advertisement appearing in the *City Record* of November 9 and 16, 1946, I invited proposals for the conversion of two former AMc type navy vessels for use as fireboats. The following bids were received and

opened at this office at 12 o'clock noon, Friday, November 22, 1946:

General Ship and Engine Works, Inc., \$168,600; Bethlehem Steel Company, \$170,620; General Sea Foods Corporation, \$192,335.14; Frank L. Sample, Jr., Inc., \$229,260.

The foregoing work is necessary in order to convert two former Navy Mine Sweepers, which were purchased by the city from the U. S. Maritime Commission, for use as fireboats by this department, to replace two old fireboats, one of which, Engine 47, is to be auctioned December 3, 1946; the other fireboat, Engine 31, is approximately fifty years old and might break down completely at any time.

I respectfully request your Honor's permission to award the contract for conversion of the two AMc type boats, for use as fireboats, to the lowest responsive bidder, General Ship and Engine Works, Inc., 336 Border street, East Boston, in the amount of \$168,600. This contractor has adequate facilities for doing the work set forth.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

Upon November 27 the Mayor approved a contract with the Construction Units Company for repairs to the nurses' home at Long Island, Boston Harbor, and furnishing of cafeteria equipment in said home. The following bids were received on November 22:

Construction Units Company, \$87,745; M. S. Kelleher Company, \$93,600; J. A. Singarella Company, \$94,490.87; P. J. Cantwell, Inc., \$97,940; M. Solimando, \$104,500.

LIBRARY DEPARTMENT.

BOSTON, November 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—In response to a public advertisement, a copy of which is attached, sealed proposals for certain roofing work at six of our branch libraries were received and opened at the office of the trustees at 12 o'clock noon on October 22, 1946. They were as follows:

H. A. Smith, 46 Troy street, Boston, \$2,094; T. F. Kennefick, 80 Boylston street, Boston, \$2,424; Bacon Roofing Company, 173 Webster avenue, Cambridge, \$3,380; J. J. Hourihan, 227 Heath street, Jamaica Plain, \$4,260.

Upon the advice of the Director, the Trustees have voted as follows: That there be awarded to H. A. Smith, 46 Troy street, Boston, the lowest qualified bidder in the public bidding, the contract for certain roofing work at the Brighton Branch Library, 40 Academy Hill road, Brighton; Charlestown Branch Library, 43 Monument square, Charlestown; Hyde Park Branch Library, 35 Harvard avenue, Hyde Park; Kirstein Memorial Library, 20 City Hall avenue, Boston; North End Branch Library, 3A North Bennet street, Boston; and Parker Hill Branch Library, 1497 Tremont street, Roxbury; in the amount of two thousand ninety-four dollars (\$2,094).

Your approval of this award is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ABRAHAM E. PINANSKI,
President.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing fuel sampling, analysis, and engineering service for Boston public schools. Bids were opened Monday, July 8, from the following concerns:

Haller Engineering Associates, Inc., Hub Testing Laboratory, Perry Barker Engineering Company.

Award was made to the lowest responsible bidder in accordance with specifications and standards, and contract was awarded as follows:

Hub Testing Laboratory, September 18, 1946, \$2,074.50.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, mercantile houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, November 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval is respectfully requested of the award of a contract, without public advertising, to

Remington Rand, Inc., 357 Commonwealth avenue, Boston, Mass., for the purchase of a completely electrified Remington bookkeeping machine. In 1941 the City Auditor made, on behalf of the trustees of the Public Library, a survey of the accounting procedure of the library. One of the important recommendations was that there should be introduced the principles of machine accounting. During the war it was not possible to secure the necessary equipment. The equipment is now available, and it is desired to proceed with the installation at the present time. A thorough examination of bookkeeping machines has been made. The final choice of a machine today has to depend upon the availability of machines. The Remington Rand, Inc., is the only company which has indicated that delivery of a machine which can properly do our work can be made sometime in December. It is of first importance to have a machine by that date, in order to put the new accounting system into effect at the beginning of the new fiscal year on July 1st.

Upon the advice of the Director, the Trustees have voted as follows:

That there be entered into with Remington Rand, Inc., 857 Commonwealth

(Continued on page 1460.)

avenue, Boston, a contract for the purchase of a completely electrified Remington bookkeeping machine, fully equipped with 24-inch carriage, stand, and eleven 9-digit registers, to accumulate nine vertical totals, and automatically print three balances, in the amount of two thousand four hundred fifteen dollars and ninety cents (\$2,415.90).

Your approval of this award is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
ABRAHAM E. PINANSKI,
President.

MUNICIPAL COURT, SOUTH BOSTON
DISTRICT.

BOSTON, November 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR.—In accordance with chapter 156 of the Acts of 1939, I write to ask if you will grant me the written authority to dispense with advertising in the *City Record* proposals for bids for the transportation of prisoners to and from the South Boston Municipal Court for the year 1947.

The proposed charges for transportation are as follows:

One prisoner to or from the jail, \$2; two prisoners to or from the jail, \$3.50; three prisoners to or from the jail, \$3.50; four prisoners to or from the jail, \$4; five prisoners to or from the jail, \$4.50; trips to House of Correction (via Sumner Tunnel and Winthrop), \$5 plus tunnel fares. One trip can accommodate five prisoners.

I enclose a signed statement which may be published in the *City Record* giving in detail the reasons for not inviting bids by advertisement.

Yours respectfully,

LEO H. LEARY, Justice.

BOSTON, November 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR.—In accordance with chapter 156 of the Acts of 1939, I herewith furnish you with signed statement giving in detail the reasons for not inviting bids by advertisement for the transportation of prisoners to and from the South Boston Municipal Court for the year 1947:

1. The physical condition of some prisoners, both men and women, demand responsibility of operator as well as immediate transportation.

2. This work has been done satisfactorily for several years by present operator who is available for the year 1947.

3. Prices charged and to be charged are reasonable.

4. Although impossible to estimate exactly, average cost per year is about \$1,300. I have at hand cost for year 1946 to date which amounts to \$1,000.60.

Respectfully submitted,

LEO H. LEARY, Justice.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR. On August 19, 1946, this department requested and received permission from you to make an investigatory examination of the south side and parapet wall of City Hall Annex in the sum of \$3,000.

This request was prompted by a notice from the Building Department signed by J. J. Mahoney as follows:

"Violation of Law." Section of rear cornice on both corners loose and liable to fall into Court square. To remedy this condition and have it comply with the aforesaid law it will be necessary to remove said rear section.

Such procedure was followed by this department and upon removing brick it was found that moisture and water coming through from defective brick-work and cap stones had found its way along the steel columns. In the winter this would freeze and expand with the results that the brick work cracked.

Steel was exposed in various points and some was found that had deteriorated through corrosion.

During this period of investigation the Building Department inspector was present and very helpful. After exposure of steel and removal of brick work and a careful inspection by Building Commissioner Mahoney, his inspectors, myself and my inspectors, it was decided to call in outside experts to determine to what extent we should go.

Enclosed find copy of report submitted by Steward Associates, Inc., which is self-explanatory. To do such extensive work as outlined in this report would run into several hundred thousand dollars.

It is my intention to confine the work proposed under this contract to the south side only. This side is the one that the Building Department filed a complaint about and is at present exposed.

I agree with the contents of the report submitted by the Steward Associates, Inc., but I feel the emergency exists at the moment on the south side.

As the south side is exposed now and the weather is such that of necessity this work must be handled immediately and time being of the essence and further the fact that it is impossible to lay out and write a proper specification for work of this nature, I feel that the interests of the city will be best protected by awarding this work to Daniel Mair & Son, Inc., on a time and material basis not to exceed \$25,000.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On September 26 of this year a contract was made with the American Service Company for lighting, extinguishing, servicing, and maintaining on our streets the gas lamps which became the property of the city on October 1. The period covered is from October 1 to December 31, 1946, inclusive, and the company has carried on the work in a highly satisfactory manner.

It is provided in Article VI of the present contract that "The City of Boston, through its Commissioner of Public Works, may extend this contract at the terms herein stated, for a period of twelve months beginning January 1, 1947, and ending December 31, 1947," and I feel that it is to the city's benefit to take advantage of this provision in view of the increased costs of labor and material which are common knowledge.

I have discussed with the president of this company the renewal of this contract for the coming year, and he has agreed to do the above-mentioned work from January 1 to December 31, 1947, in

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING DECEMBER 18.—Concluded.

accordance with the terms and conditions of the present contract. Since this is the only firm in a position to carry on a contract for this type of street lighting and servicing, I feel that it is to the city's advantage to accept the offer, and, under the conditions which exist, nothing can be gained by publicly advertising for bids.

When the city became the owner of the gas lamps on October 1, 1946, it also assumed the direct responsibility of maintaining the equipment and of paying for the gas consumed. If the contract had been awarded to the Welsbach Street Lighting Company as had been done for many years, at its proposed price of \$33.60 per unit, the estimated cost for 1947 (upon approximately 9,000 lamps) would have amounted to \$302,400. With the arrangement now in effect and to be

continued during 1947, the city will pay approximately \$128,000 to the American Service Company for its work, approximately \$86,000 to the Boston Consolidated Gas Company for the illuminating gas required in accordance with rates filed by that company with the Department of Public Utilities, and about \$43,000 for glassware, mantles, and other equipment required. The total estimated cost of doing the work in the manner outlined is \$257,000, resulting in a saving to the city of about \$45,000 in its lighting bill for the coming year.

In view of the conditions which exist, I respectfully request the permission of your Honor to dispense with advertising and to award a contract to the American Service Company of 253 and 255 Adams street, Dorchester, for lighting, extinguishing, servicing, and maintaining

gas lamps during the year starting January 1 and ending December 31, 1947, at an estimated cost of \$128,000, chargeable to the departmental appropriation for the year 1947.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—There are at present 12 areas of the city in which snow removal is handled by contracts annually awarded. In the contracts made with the approval of your Honor on February 13 of the current year, the prices for doing the work ranged from 64 cents to 79 cents a cubic yard. I feel that steps should be taken at this time to make contracts for doing this work during the winter of 1946-1947.

Competition for the work of snow removal is restricted to those contractors who, through experience, possess the necessary ability and are in a position to supply sufficient equipment of the proper type. With that in mind, I have had meetings with the contractors who did the work under the above-mentioned contracts, for the purpose of making arrangements for this winter's snow removal. It was agreed at these conferences that, because of higher rates which will have to be paid for labor and also because of increased costs of maintaining and hiring equipment, proportionately higher prices would have to prevail in connection with the award of new contracts. It was agreed at the last of these meetings that an increase in price of approximately 30 per cent would be a reasonable allowance, after all pertinent factors had been taken into consideration. In snow removal, as I have stated, competition is restricted, and I have doubt that any lower prices would be received by publicly inviting bids. For that reason, nothing, in my opinion, would be gained if we should advertise for proposals.

Under the existing conditions which I have outlined, I feel that it is to the city's advantage to handle the matter in this manner during the coming winter, and for the reasons given, I respectfully request the permission of your Honor to dispense with advertising and to award to the firms and individuals named, contracts for removing snow and ice from the areas listed and at the prices indicated during the winter of 1946-1947:

Area No. 1, Edward M. Matz, Inc., 83 cents per cubic yard.

Area No. 2, Walter Reed Corporation, 81 cents per cubic yard.

Area No. 3, Baker & Co., \$1.03 per cubic yard.

Area No. 4, Hugh Nawn, Inc., 83 cents per cubic yard.

Area No. 5, John Deveney Company, 83 cents per cubic yard.

Area No. 6, Baker & Co., 91 cents per cubic yard.

Area No. 7, John Deveney & Co., 90 cents per cubic yard.

Area No. 8, Coleman Brothers Corporation, 92 cents per cubic yard.

Area No. 9, Ward General Contracting Company, 92 cents per cubic yard.

Area No. 10, Martin J. Kelley Company, Inc., 90 cents per cubic yard.

Area No. 11, M. DeMatteo Construction Company, 90 cents per cubic yard.

Area No. 12, Joseph P. McCabe, Inc., 98 cents per cubic yard.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Under date of November 12, 1946, bids were requested by this office, through the medium of public advertisement for the purchase of two ambulances for the Boston City Hospital, but received no response.

Subsequent to the public opening of bids a proposal was received by this office from the William J. Troy Company, direct agent for the sale of Cadillac coach and ambulance equipment as follows:

One 75-46421 Meteor Cadillac ambulance, \$5,112.70, including the following equipment: front turret roof lights flashing, rear roof lights flashing, spot light, electric fan, rear step, siren under hood, emergency cot and attendant seats, cot, cot hooks, mattress, medicine cabinets, grab rail, three dome lights, linoleum floor, leather interior, standard 1947 paint colors optional, one extra wheel and tire and tube, front and rear compartment hot water heaters, dual windshield wipers, two sun visors, rear view mirror, fog lights, heavy duty generator; freight, \$125 — \$5,237.70; allowance on 1941 Packard ambulance, \$1,000 — \$4,237.70.

In view of the immediate need of this ambulance by the Boston City Hospital I would respectfully request that permission be granted me to award a contract, without further public advertisement, to the William J. Troy Company on the specifications and price as shown above.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to the Builders Equipment and Supply Company for furnishing three Griffin Highlight Trailers at a price of \$900 each, with cable and floodlights, to the Paving Division of the Public Works Department.

The flood-lighting equipment has been inspected by the Division Engineer of the Paving Service and has proved to be very satisfactory.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

ADDITION TO CONTRACT.

HOSPITAL DEPARTMENT.

M. S. Kelliher Company, contractor for alterations to E Building, Sanatorium Division, Boston City Hospital, has been instructed to add to the contract the sum of \$229 for awarding hardware subcontracts to Chaffee Brothers & Morse for \$729, placing it in the contract in accordance with Division 13, "Finish Hardware." Addition, \$229, is the difference between the cost of the hardware and the amount of the allowance. Original contract, \$48,750; now added, \$229; corrected contract, \$48,979.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Edward M. Matz, Inc., has been directed to omit and substitute the following work under the contract for laying sheet asphalt pavement in Coleman street, Kimball street, Sunnyside street and West Selden street, dated November 6, 1946. Items ordered: Omit the spreading and raking of the top course by hand labor and substitute the use of mechanical spreaders (Item 7A, 24,300 square yards); a decrease of 5 cents per square yard is to be made in the price for this work, viz., from \$1.30 to \$1.25 per square yard. Estimated decrease in cost, \$1,215.

EXTENSION OF CONTRACTS

PARK DEPARTMENT.

John Deveney & Co. have been granted an extension of time until August 1, 1947, for the completion of the contract for resurfacing or repairing with sheet asphalt the pavement in any park roadway upon which there is no guaranty.

PUBLIC WORKS DEPARTMENT.

Kenworthy & Taylor, Inc., have been granted an extension of the time of completion of the contract from August 31, 1946, to November 15, 1946, on contract for electrical work at Cali Pasture pumping station. This extension is requested for the reason that delays were encountered in the delivery of materials.

CONTRACTS AMENDED.

PUBLIC BUILDINGS DEPARTMENT.

J. F. Stack Company has been allowed to amend the contract for performing all work necessary for and incidental to repairs to leaky floors at the Oak and Tyler Street building which contract was approved by his Honor the Mayor on April 27, 1946, by striking out the words "June 8, 1946," as appearing on line 4, Article II, thereof, and substituting therefor the words "July 15, 1946," so that said Article II shall read as follows:

"The contractor shall commence work forthwith upon the approval of this contract by his Honor the Mayor and shall bring the work to entire completion before July 15, 1946."

Consolidated Elevator Company, Inc., has been allowed to amend the contract for furnishing and installing hangers and closers on elevators No. 3 and No. 4 in City Hall Annex, by striking out the words "thirty weeks" in said amendment and inserting in place thereof the words "thirty-four weeks."

A. Piotti Company has been allowed to amend the contract for performing all work necessary for and incidental to the erection and completion of new gymnasium and repairs to present Municipal Building in South Boston district, Boston, Mass., which contract was approved by his Honor the Mayor on January 4, 1946, by striking out the date, December 1, 1946, as appearing on line 4, Article II, thereof and substituting therefor the date "June 1, 1947," so that said Article II shall read as follows:

"The contractor shall commence work forthwith upon the approval of this contract by his Honor the Mayor and shall bring the work to entire completion before June 1, 1947."

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the various heads of departments for permission to transfer or amend or reallocate budget appropriations according to the following communications:

ASSESSING DEPARTMENT.

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly allow the following reallocation of funds in order to provide for the payment of current bills. Prices have advanced materially in the purchases of various reference books which are absolutely necessary in the conduct of the Assessing Department business, and would also mention that the original budget was cut below the original amount submitted.

From B-1, to C-10, \$100.
From B-29, to D-1, \$600.

Very truly yours,

PETER J. ALLEN, *Chairman.*

BOSTON, December 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Please approve the amendment of the 1946 budget of the Assessing Department by the transfer of \$7,000 from A-1, Permanent Employees, to A-2, Temporary Employees, for pay roll requirements for the temporary employees through December 31, 1946.

This amendment is made possible by reason of deaths, resignations, and transfers of duty affecting salary account since January 1, the aggregate sum resulting in A-1 being sufficient to permit this transfer to A-2.

Your approval is respectfully requested.

From A-1, one Special Assessment Clerk, \$3,000 a year, \$805.42; five Clerks and Stenographers, \$2,100 a year, \$1,369.18; one Clerk and Typist, \$1,900 a year, \$1,785.47; one Billing Machine Operator Clerk-Typist, \$1,900 a year, \$1,493.95; one Executive Clerk, \$3,000 a year, \$1,545.98; total of \$7,000.

Respectfully,

PETER J. ALLEN, *Chairman.*

BUDGET DEPARTMENT.

BOSTON, November 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you please transfer the following amount within the appropriation of the Budget Department:

From B-4, Transportation of Persons, \$200, to D-1, Office, \$200.

This amount is needed, due to the increase in cost of printing budget estimate sheets.

Respectfully,

JOHN A. SULLIVAN,
Budget Commissioner.

ELECTION DEPARTMENT.

BOSTON, November 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Election Commissioners respectfully requests that the sum of \$4,239 be appropriated to the Election Department under the Departmental Equipment Loan to provide for the purchase of three Ford Super De Luxe four-door sedans.

The Board feels that the use of these cars will be essential to the proper functioning of the department in the next few years when considerable work is to be done on reprecincting the city and locating new polling places because of the installation of voting machines. It has been found that the use of cars borrowed from other city departments is most unsatisfactory since considerable delay in our work inevitably results.

We sincerely trust that you will give this matter your favorable consideration.

Respectfully yours,

MICHAEL J. MANNING,
Commissioner.

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board respectfully requests authority to make the following reallocations within the Election Department budget:

From A-2, Temporary Employees, \$3,125.08, to B-4, Transportation, \$550; B-12, Insurance, \$2,330.08; B-13, Communication, \$20; B-42, Miscellaneous Services, \$10; C-4, Office Equipment, \$175; C-10, Library, \$40.

The reallocation to the B-4 item is to cover the cost for hiring cars for election day and for the hire of two U-Dryvit cars for several weeks prior to the election. The use of these cars in addition to cars borrowed from other city departments was necessitated by the installation of voting machines in the first four wards of the city. The U-Dryvit cars were used for field work in connection with the installation, while the extra cars were hired for election day to cover any emergency that might arise in the precincts. A portion of this money will also be used to cover hire of hotel rooms for members of the Board at the recent State Election.

The reallocation to the B-12 item is for insurance on the 224 voting machines now located in forty-six precincts of the city. The Board feels that it is advisable to protect the machines, which represent a large investment of the city's money, against vandalism, fire, etc.

The reallocation to the B-13 item is to enable us to meet the charge for telephone service in our storehouse for the remainder of the year. We have been obliged to use some of our original appropriation under this item to pay for telegrams to the manufacturers of the voting machines and now find ourselves with an insufficient balance to meet our regular expenditures.

The reallocation to the B-42 item is to cover the cost of desk signs for two new commissioners.

The reallocation to the C-9 item is to cover the cost of a new noiseless typewriter to replace a machine which has been in use for ten years. Since this machine is used in the Board room, it must be noiseless.

The reallocation to the C-10 item is to cover the purchase price of three City of Boston directories, on which we expect delivery to be made within the next week or ten days. Our present unencumbered balance in the item is insufficient to provide for the directories, which are essential in the work of the department.

We trust that you will give this matter your favorable consideration.

Respectfully yours,

MICHAEL J. MANNING,
Commissioner.

FIRE DEPARTMENT.

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's approval is requested for the following reallocation of funds in the 1946 Fire Department budget:

From B-39, General Repairs, \$1,250, to B-14, Motor Vehicle Repairs and Care, \$1,250.

The foregoing reallocation is necessary in order to pay for the lease of the garage and repair shop occupied by the Fire Department at 176 Blue Hill avenue, Roxbury.

Your Honor approved of this lease under date of November 23, 1946. At the present time we have no building owned by the Fire Department which is large enough to take care of all our repairs and storage; therefore, we must lease this building until such time as a city-owned building is made available or a new Fire Department repair shop and garage can be erected.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, November 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a transfer from the appropriation A-1, Permanent Employees, to the appropriation D-5, Medical, Surgical and Laboratory, in the amount of \$15,000, is respectfully requested.

The above amount will be needed to release orders for medical supplies and drugs to be used throughout the hospital. The appropriation has been completely encumbered and it is essential that we establish a balance under this item at the earliest possible date.

Very truly yours,

STUART C. RAND,
Acting President, Boston City Hospital Trustees.

BOSTON, December 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of transfers within the hospital appropriation as listed below is respectfully requested:

From A-2, Temporary Employees, to C-12, Medical, Surgical and Laboratory, \$2,000.

From B-39, General Repairs, to D-5, Medical, Surgical and Laboratory, \$5,000.

From C-16, Wearing Apparel, to D-5, Medical, Surgical and Laboratory, \$1,000.

From E-9, Machinery, to D-5, Medical, Surgical and Laboratory, \$1,000.

From E-10, Electrical, to D-5, Medical, Surgical and Laboratory, \$2,000.

The above amounts are needed at once to release orders now being held in suspense in the auditor's office, under C-12 for surgical equipment and also under D-5 for X-ray plates, etc.

Your early approval of same is respectfully requested.

Very truly yours,

THOMAS J. GIBLIN, D. M. D.,
Secretary, Boston City Hospital Trustees.

HOSPITAL DEPARTMENT (Sanatorium Division).

BOSTON, November 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to the following transfers within the Sanatorium Division budget:

From A-1, Permanent Employees, \$29,-300, to A-2, Temporary Employees, \$300; A-3, Overtime, \$300; B-3, Advertising and Posting, \$125; C-3, Electrical, \$200; C-16, Wearing Apparel, \$300; D-2, Food and Ice, \$25,000; D-5, Medical, Surgical, and Laboratory, \$2,000; D-8, Laundry, Cleaning and Toilet, \$300; D-13, Chemicals and Disinfectants, \$150; D-16, Miscellaneous Supplies, \$175; F-11, Workmen's Compensation, \$250; F-13, Industries, \$200.

The transfers to A-2, A-3, and F-11 are needed to meet payroll requirements through December 31, 1946.

The transfers to general items are to offset the increased cost of merchandise needed for the hospital.

Respectfully submitted,

STUART C. RAND,
Acting President, Boston City Hospital Trustees.

INSTITUTIONS DEPARTMENT.

BOSTON, November 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Central Office.

From A-1, Permanent Employees, \$150, to D-1, Office, \$150.

To provide for printing, stationery, and postage for the remainder of the year. Order 7855 is now held by the auditor due to lack of funds. There will be sufficient balance on A-1 to provide for this transfer.

Yours very truly,

G. FRANK McDONALD,
Commissioner.

BOSTON, November 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Steamer "Stephen O'Meara."

From B-39, General Repairs, \$600, to B-10, Rent, Taxes, and Water, \$600.

To provide for the hire of substitute boat for Sundays and holidays for the remainder of the year. Service order No. 29 is being held by the City Auditor due to lack of funds. There will be sufficient balance on B-39 to provide for this transfer.

From B-39, General Repairs, \$400, to D-3, Fuel, \$400.

To cover necessary fuel oil for the remainder of the year. Requisition 51 is being held by the City Auditor. There will be sufficient balance on B-39 to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, November 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows:

Long Island Hospital.

From A-1, Permanent Employees, \$450, to B-42, Miscellaneous Services, \$450.

To cover cost of the making of khaki pants at Deer Island (material furnished by this department). There will be sufficient balance on A-1 to provide for this reallocation.

From A-1, Permanent Employees, \$450, to E-10, Electrical, \$450.

To provide for purchase of necessary electrical material for repairs at the Long Island Hospital for the remainder of the year. Requisitions 1292, 1082, 1231, 1305 are at present being held by the City Auditor. There will be sufficient balance on A-1 to provide for these transfers.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, November 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows:

Child Welfare Division.

From C-16, Wearing Apparel, \$35, to C-9, Office, \$35.

Transfer to cover Requisition 213 which is being held by the City Auditor and to provide for such other items required for the remainder of the year. There will be sufficient balance on C-16 to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, November 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following reallocation for the reasons noted below:

From C-13, \$15, to C-17, \$15.

This additional sum of money is needed in our C-17 account to provide for a very desirable purchase of fifty flashlights made at a recent War Assets Administration surplus property sale.

Respectfully,

JOHN J. CONNOLLY,
Assistant to the Director.

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following transfer for the reasons noted below:

From E-13, \$1,519.55, to D-3, \$1,519.55

This transfer is necessary to provide funds for the purchase of coal and oil for branch libraries for the remainder of the year.

Respectfully,

JOHN J. CONNOLLY,
Assistant to the Director.

BOSTON, December 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following reallocations for the reasons noted below:

From D-1, \$60, to D-8, \$60.

From D-13, \$35, to D-8, \$35.

From D-13, \$50, to D-16, \$50.

These reallocations are required for the purpose of setting up contingent funds to provide adequate balances for the liquida-

tion of outstanding orders for supplies, whose costs have increased since decontrol of prices.

From B-12, \$100, to B-3, \$100.

From B-22, \$25, to B-3, \$25.

From B-29, \$21, to B-3, \$21.

The above sums are needed in our advertising and posting account to take care of advertisements in the *City Record* required before the awarding of contracts. A rise in the cost of advertising in the *City Record*, together with an accelerated program of long overdue repairs and improvements, has made our original appropriation of \$50 inadequate.

Respectfully,

JOHN J. CONNOLLY,
Assistant to the Director.

MAYOR'S OFFICE.

BOSTON, November 29, 1946.

JOHN A. SULLIVAN, *Commissioner,*
Budget Department.

DEAR SIR,—Please transfer from A-1 \$315, to D-11, to provide the estimated balance necessary for the remainder of the year.

Very truly yours,

JAMES M. CURLEY, *Mayor.*

OVERSEERS OF PUBLIC WELFARE.

BOSTON, November 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer in the Central Office appropriation of this department:

From F-9, Dependent Aid, \$2,000 to D-1, Office, \$2,000.

To provide for payment of postage for mailing December checks to recipients.

Respectfully,

WILLIAM G. O'HARE, *Secretary.*

BOSTON, December 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Wayfarers' Lodge appropriation of this department:

From D-13, Chemicals and Disinfectants, \$10.29, to D-5, Medical, Surgical, etc., \$0.29; D-8, Laundry, Cleaning, \$10.

From E-13, Miscellaneous, \$15, to E-10, Electrical, \$15.

D-5, to adjust balance needed in this item.

D-8, to provide for the purchase of cleaning supplies.

E-10, to provide for the purchase of electric light bulbs.

Respectfully,

WILLIAM G. O'HARE, *Secretary.*

BOSTON, December 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the appropriations of this department:

From F-14, Old Age Assistance, \$7,350, to B-6, Hire of Teams, etc., \$1,500; D-1, Office, \$5,800; D-8, Laundry, Cleaning, \$50.

B-6, hire of trucks for transferring material from Oliver street; also distributing wood donated by the Federal Government to recipients of relief.

D-1, to provide for the purchase of office supplies and necessary postage.

D-8, to provide for the purchase of cleaning equipment.

Respectfully,

WILLIAM G. O'HARE, *Secretary.*

BOSTON, December 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Central Office appropriation of this department:

From B-3, Advertising and Posting, \$25, to B-35, Fees, Services, etc., \$25.

To provide for the payment of vital statistics records.

From B-3, Advertising and Posting, \$5; B-37, Photographic and Blueprinting, \$50, to B-6, Hire of Teams, etc., \$55.

To provide for hiring of trucks to move sewing machines from Oliver street.

From C-10, Library, \$75, to C-3, Electrical, \$75.

To provide for the purchase of desk lights.

From D-3, Fuel, \$400, to D-1, Office, \$400.

To provide for the purchase of office supplies.

From D-10, Agricultural, \$10, D-13, Chemicals and Disinfectants, \$100, to D-8, Laundry, Cleaning, \$65; D-1, Gasoline, etc., \$45.

D-8, to provide for the purchase of cleaning supplies.

D-1, to provide for the payment of gasoline and oil for use on saw at South Boston woodyard.

Respectfully,

WILLIAM G. O'HARE, *Secretary.*

BOSTON, December 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Central Office appropriation of this department:

From C-10, Library, \$50, to C-7, Furniture and Furnishings, \$50.

To provide for the purchase of pails and mops.

Respectfully,

DANIEL A. MURPHY,
Acting Secretary.

PARK DEPARTMENT.

BOSTON, November 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the following transfer of funds within the budget of this department:

From C-7, Furniture and Furnishings, \$65, to C-17, Miscellaneous Equipment, \$65.

This money is needed to pay for a purchase of exhibition fish for the South Boston Aquarium.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you please make the following transfer of funds within the budget of this department:

From D-13, Chemicals, \$25, to D-1, Office, \$25.

This money is needed in D-1 to pay deficit existing on a draft being held up for payment in the auditor's office.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly allow the transfer of funds within the budget of this department, as follows:

From D-4, Forage and Animal, \$45, to D-5, Medical, \$45.

This money is needed in D-5 to cover the purchase of medical supplies for use in bathhouses and gymnasiums and on playgrounds, as per order now being held in auditor's office.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the following transfer of funds within the budget of this department:

From A-1, Permanent Employees, Engineering Inspector, \$1,100, Physical Instructors, \$300, Gardeners, Mechanics, Laborers, etc., at \$5.50 a day, \$1,150, to A-2, Temporary Employees, \$2,550.

This transfer is needed so that we may pay our temporary employees for the balance of 1946. An early approval will be appreciated as some of this money will be needed for our pay rolls for the week ending December 3.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 30, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request the following transfers within the Park Department budget:

From C-11, Marine, \$50, to C-13, Tools, \$50.

From E-9, Machinery, \$100, to E-1, Building, \$100.

These transfers are needed in order to cover orders now pending in the auditor's office.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PARK DEPARTMENT (Cemetery Division).

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department: From A-1, Permanent Employees, Scythemen, to B-39, General Repairs, Contractual Services, \$950.

Because of our inability during this year to have a full quota of permanent laborers, despite the need, we have money available in the A-1 item of our budget, and this transfer is requested to provide money for the trimming and pruning of many trees at Mount Hope Cemetery. These trees are in need of immediate attention. The amount of the contract will not exceed the \$950 mentioned above.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the follow-

ing transfers of funds in the budget of the Cemetery Division, Park Department:

From A-1, Permanent Employees, Laborers, to B-14, Contractual Services, Motor Vehicle Repairs, \$500.

From A-1, Permanent Employees, Laborers, to B-39, Contractual Services, General Repairs, \$1,100.

From A-1, Permanent Employees, Laborers, to E-13, Materials, Miscellaneous Materials, \$300.

From A-1, Permanent Employees, Laborers, to D-16, Supplies, Miscellaneous Supplies, \$50.

From A-1, Permanent Employees, Laborers, to B-12, Contractual Services, Bond and Premium Insurance, \$5.

The above-mentioned sums are available in the A-1 item of our budget and the transfers are requested so as to obtain necessary services, materials and supplies.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, November 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From A-1, Permanent Employees, Cemetery Workers, to C-17, Miscellaneous Equipment, \$1,560.

This transfer is requested to provide money for the purchase of concrete liners to be used in connection with burials at Mount Hope Cemetery. These liners are ultimately paid for by the owners of the burial plots, at time of interment, and the receipts are deposited in our General Cemetery Fund.

We now find it necessary to develop new sections at Mount Hope Cemetery where these liners will be used.

The use of liners saves labor at time of burial, and their use prevents the later sinking of the graves from collapse of wooden boxes, and here again labor is saved by avoiding the necessity of filling in sunken graves.

We have the money available in the A-1 item of our budget. This is due to our inability to have a full quota during the year of permanent cemetery workers.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

BOSTON November 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—As the Medical Examiner of the County of Suffolk moved from 274 Boylston street to the Suffolk County Court House in the middle of October, there will be a balance of \$312.50 in the budget item B-10.

Permission is therefore respectfully requested to make the following reallocation.

From B-10, \$312.50, to B-39, \$312.50.

This request is made in order that this department may make a few emergency repairs in the County Buildings.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent.

BOSTON, November 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly grant me permission to reallocate from D-16, \$100,

to D-8, \$100. This request is made to cover orders that are issued for supplies for the balance of the year.

Yours truly,

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, November 19, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following amendments in the budget of the Sumner Traffic Tunnel:

From B-18, Cleaning, \$30, to B-13, Communication, \$30.

To provide for the December telephone bill.

From B-18, Cleaning, \$4, to B-35, Fees, etc., \$4.

For registration fee on two additional cars.

From D-11, Gasoline, etc., \$200, to D-1, office, \$200.

To provide for the printing of various forms used in the tabulation of tunnel traffic.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 21, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sewer Division funds as follows:

From C-4, Motor Vehicles, \$7.50, to C-9, Office, \$7.50.

Money is needed in C-9 to pay for a stapling machine to be used in Sewer office. No money was appropriated for this item in 1946.

C-4 has an unencumbered balance of \$31.50 from which the sum of \$7.50 can be withdrawn to meet this reallocation.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request an amendment to the Bridge Service budget for 1946, by transferring a portion of Item B-28 to Item C-17.

This request is necessary for the purchase of traffic light reflectors to be placed on roadway trusses and bridge gates for public protection.

I therefore respectfully request your approval of the following transfer:

From B-28, Expert, \$150, to C-17, Miscellaneous Equipment, \$150.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that the following amendments in the budget of the Ferry Service be made:

From B-4, Transportation of Persons, \$50, to B-3, Advertising and Posting, \$50.

From B-8, Light, Heat and Power, \$50, to B-1, Printing, \$50.

This request is made in order to release purchase requisitions which are being held by the Audit Division since the unencumbered balances in Items B-3 and B-1 are insufficient to provide for these expenditures.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request an amendment to the Bridge Service budget for 1946, by transferring a portion of Items C-5, D-5 and E-9 to Item D-16.

This amendment is requested in order to provide money for the purchase of low cold test oil, machine oil, kerosene oil and waste for the remainder of the year.

I therefore respectfully request your approval of the following transfer:

From C-5, Motorless Vehicles, \$60; D-5, Medical, Surgical, Laboratory, \$10; E-9, Machinery, \$105.50, to D-16, Miscellaneous Supplies, \$175.50.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 26, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Approval is respectfully requested for the reallocation of the following amount of money in the Water Division budget for the year 1946:

From B-39, \$1,500, to B-6, \$1,500.

Reason for reallocation:

B-39, sufficient money in this item to allow for reallocation.

B-6, money needed for hire of compressors as old compressors are in bad shape and new compressors have not yet been received.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sanitary Division funds as follows:

From C-15, Tires, Tubes and Accessories, to C-9, Office Equipment, \$29.50.

To cover deficiency notice received from auditor's office for desk set, pencil sharpener, stapling machine.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, November 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to reallocate Sanitary Division funds as follows:

From E-13, Miscellaneous Materials, to E-10, Electrical, \$25.

To cover deficiency notice from auditor's office in the amount of \$6.86 for twenty-four electric bulbs, and estimated requirement to the end of 1946.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

REGISTRY OF PROBATE.

BOSTON, November 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Will you please amend the budget of the Probate Court for 1946 to read as follows:

Kindly add \$55 to Item C-16, Wearing Apparel, and deduct \$35 from Item B-18, Cleaning, and deduct \$20 from Item B-42, Miscellaneous Services. The sum of \$55 is needed in Item C-16 in order to purchase a uniform for Robert J. Hartigan, who was appointed court officer in this court on November 1, 1946.

Kindly add \$15 to Item B-39, General Repairs, and deduct said sum from Item C-10, Library. The sum of \$15 is needed in Item B-39 to pay for necessary repairs on typewriters.

Respectfully yours,

ARTHUR W. SULLIVAN,
Register.

SUFFOLK COUNTY JAIL.

BOSTON, November 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following reallocations within the appropriations for the Suffolk County Jail:

From B-39, \$160, to B-22, \$160.

From C-7, \$60, to C-12, \$60.

These reallocations are requested that sufficient funds may be provided to cover payments of outstanding obligations in B-22 and C-12.

Respectfully submitted,

FREDERICK R. SULLIVAN,
Sheriff.

EAST BOSTON DISTRICT COURT.

BOSTON, November 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Due to the fact that we have overdrawn account D-1, we are requesting that you make the following reallocation:

From the appropriation for B-1, Transportation, \$178.75, to the appropriation for D-1, Office Supplies, \$178.75.

Yours very truly,

WILLIAM H. BARKER, *Clerk.*

MEDICAL EXAMINER, SOUTHERN DIVISION.

BOSTON, November 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I hereby request the following transfer:

From B-37, \$10, to B-14, \$10.

To meet the cost of storage for car registration 290 for September.

Yours very truly,

TIMOTHY LEARY, M.D.,
Medical Examiner.

POLICE DEPARTMENT ORDERS.

General Order No. 818.

Rule 17 of the Rules and Regulations of this department, having to do with "Divisions and Boundaries" is hereby amended in the description of the bounds of Divisions 10 and 16, set out on pages 70, 71, and 72 of the Rules, as follows:

Regarding Division 10.

On page 70 of the Rules, relating to boundary of Division 10, strike out the whole section as it now appears and insert in place thereof, the following:

Division No. 10. To begin at a point in the center of Washington street at the intersection of Camden street; thence to and through Camden and Gainsborough streets and Huntington avenue to a point in the center of Huntington avenue in line with the curb marking the westerly side of the driveway of Forsyth way; thence northerly by the westerly side of said driveway to southerly side of driveway of Fenway; thence by southerly side of driveway of Fenway, as marked by curbs or gutters, across Brookline avenue to southwesterly corner of Riverway at Brookline avenue; thence in northerly direction on westerly side of Brookline avenue to southwesterly corner of Park Drive at Brookline avenue; thence westerly on southerly side of Park Drive to southerly side of Boston & Albany Railroad Bridge; thence southwesterly along southerly side of railroad tracks to Brookline line opposite easterly side of St. Mary's street extended; thence easterly and southerly along Brookline line through Muddy river and Leverett pond to center of Willow Pond road; thence through Willow Pond road to southerly side of driveway of Jamaica way opposite center of Willow Pond road; thence westerly along the southerly side of driveway of Jamaica way to a point opposite center of Bynner street; thence through Bynner, Day, Centre and Sheridan streets, Chestnut avenue, Mozart, Atherton and Washington streets to the point of beginning.

Regarding Division 16.

On pages 71 and 72 of the Rules, relating to boundary of Division 16, strike out the whole section as it now appears and insert in place thereof, the following:

Division No. 16. To begin at a point in the center of Beacon street opposite the curb line of the Common on Charles street; thence to and by the curb line of the Common to Boylston street; thence in a straight line through Park square by westerly side of Island to the center of Columbus avenue; thence through Columbus avenue to and by northerly line of New York, New Haven & Hartford Railroad location to southwesterly side of Dartmouth street at southeast corner of Irvington Street Armory; thence by northerly line of location of said railroad to and through center of Gainsborough street and Huntington avenue to a point in center of Huntington avenue in line with curb marking westerly side of driveway of Forsyth way; thence northerly by westerly side of said driveway to southerly side of driveway of the Fenway; thence by southerly side of driveway of the Fenway as marked by curbs or gutters across Brookline avenue to southwesterly corner of Riverway at Brookline avenue as marked by curbs or gutters; thence northerly on Brookline avenue to southwesterly corner of Park Drive at Brookline avenue as marked by curbs or gutters; thence westerly on southerly side of Park

Drive, as marked by curbs or gutters, to southerly side of Boston & Albany Railroad Bridge; thence southwesterly along southerly side of railroad tracks to the Brookline line opposite easterly side of St. Mary's street extended; thence by easterly side of St. Mary's street to and by south side of Commonwealth avenue to a point opposite center of Essex street; thence through Essex street to center of Essex Street Bridge; thence to and by easterly side of said bridge to boundary line of the Metropolitan Park Reservation known as the Charles River Basin (see St. 1926, c. 365); thence by line of said Reservation to Back street; thence by northerly side of Back street in a straight line across Massachusetts avenue to Embankment road; thence by westerly side of said road to northerly side of Beacon street and by northerly side of Beacon street across the intersection of Embankment road to a point in line with curb marking easterly side of said road; thence in a straight line to center of Beacon street; thence through center of Beacon street to point of beginning.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 819.

A Board of Merit, consisting of Superintendent Edward W. Fallon, Deputy Superintendents James F. Daley, James J. Hinchey, and James T. Sheehan, has brought to the attention of the Police Commissioner the following outstanding cases in which police officers of this department have especially distinguished themselves in the performance of their duty during the year 1946.

The Commissioner therefore makes the following awards:

THE WALTER SCOTT MEDAL FOR VALOR FOR 1946 AND A DEPARTMENT MEDAL OF HONOR TO PATROLMAN WILLIAM A. OLIVER OF DIVISION 10.

Patrolman WILLIAM A. OLIVER of Division 10 is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for meritorious duty performed on March 14, 1946.

Patrolman OLIVER, while off duty, responded to the outcries of two women who had been accosted by an armed man. The officer was attacked with a knife by the man and seriously slashed, but succeeded in disarming his assailant and placed him under arrest. He was sentenced to a long term in State Prison.

DEPARTMENT MEDALS OF HONOR.

Sergeant JOSEPH L. CONNORS, Patrolmen DANIEL T. DOYLE, FENWICK W. WRIGHT, and THOMAS F. HICKEY, all of Division 8, are each awarded a Department Medal of Honor for meritorious police duty performed on July 13, 1946. While assigned to the Patrol Boat "William H. Pierce," they rendered heroic service to eighteen men who were hopelessly trapped by a serious fire on Pier 3.

Patrolman LOUIS VAN OUNSEN of Division 16 is hereby awarded a Department Medal of Honor for meritorious police duty performed on July 28, 1946, for alertness and devotion to duty in arresting a man, who while in custody, fired three shots at the officer, one of which passed through his body. The prisoner escaped temporarily, but Patrolman VAN OUNSEN had in his possession a memorandum which resulted in the

capture of the criminal and an accomplice. Both were convicted and sentenced to long terms in State Prison.

The presentations of the Walter Scott Medal for Valor and the Department Medals of Honor to the officers mentioned herein were made at the Concert and Ball of the Boston Police Relief Association at the Boston Garden on the evening of December 9, 1946.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 820.

The resignation of Patrolman William H. Maus of Division 11, having been presented, it is hereby accepted, to take effect Wednesday, December 18, 1946, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 821.

The resignation of Patrolman William G. Connelly, attached to the Superintendent's Office (armed service roll), having been presented, it is hereby accepted, to take effect as of Saturday, December 14, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 76.

I. JAMES B. MCCARTHY.

It is with deep regret that the Fire Commissioner announces the death, on December 12, 1946, of 2d Engineer James B. McCarthy of Engine Company 47. 2d Engineer McCarthy was appointed to the department January 1, 1926.

The funeral was held from his late home, 43 Monmouth street, East Boston, on Saturday, December 14, 1946, at 8.15 a. m., followed by services at the Sacred Heart Church, East Boston, at 9 a. m.

The chief of department made the customary detail to act as funeral escort and the members of Engine Company 47 were excused from duty to attend the services.

II. RESIGNATION.

The following resignation which will become effective at 8 a. m., Wednesday, December 18, 1946, is hereby announced: Auto Mechanic Melvin L. Cohen, Maintenance Division.

III. NEW ASSIGNMENT CARD FOR BOX 2164.

As announced in General Orders, No. 65, c. s., new assignment cards for Box 2164, Warren and Quincy streets, are being issued to the department today.

IV. FINAL NOTICE RE WAIVERS ON STATE-BOSTON RETIREMENT SYSTEM.

Attention of all members of the department is again called to the fact that if they do not desire to become members of the new State-Boston Retirement System they must have waiver forms on file with the Boston Retirement Board before December 30, 1946.

These forms are obtainable at Headquarters and when filled out should be returned to Headquarters for transmission to the Boston Retirement Board.

V. COMMENDATION.

Man on Probation George E. Groomes of Engine Company 45 is hereby commended for responding to and working at fire, Box 2121, two alarms, on December 11, 1946, while off duty.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of inspection of its underground plant by the New England Telephone & Telegraph Company, the following rules are effective from 8 a. m. to 4.30 p. m. each day for ten (10) days, effective beginning December 10, 1946:

The following street is one way in the direction indicated:

Franklin Street, Boston Proper.

From Oliver street to Pearl street.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 10-inch pipe sanitary sewer and 10-inch pipe surface drain in Alward road, between Buchanan road and Weld street, in the West Roxbury district, at an estimated cost of \$3,600.

A 10-inch pipe sanitary sewer and 10-inch pipe surface drain in Truman road, between Buchanan road and Weld street, in the West Roxbury district, at an estimated cost of \$3,400.

A 10-inch pipe sanitary sewer and 10-inch pipe surface drain in Ledgedale road, between Buchanan road and Weld street, in the West Roxbury district, at an estimated cost of \$3,000.

AMENDMENT TO CONTRACT.

SUPPLY DEPARTMENT.

Chester A. Baker, Inc., has been allowed to amend the contract for the purchase of various drug items, as follows:

Item 21 calling for 3,000 dextrose ampules on which said concern submitted a low bid of \$28.60 per thousand. Said bid was submitted in error, due to a mistake in the decimal point; the correct price should be \$286 per thousand. The said Chester A. Baker, Inc., cannot deliver said Item 21 at the incorrect price of \$28.60 per thousand. Therefore, it is agreed, by and between the parties hereto, that the contract of April 16, 1946, be amended by striking out Item 21 therein, but in all other respects remain in full force and effect.

CHANGE IN CONTRACT.

PARK DEPARTMENT.

J. A. Singarella Company has been ordered to make the following change in the contract dated April 9, 1946, for construction of women's solarium and new fence at L Street Bathhouse, South Boston.

Addition.—Furnish and install the following unit heaters in place of the Trane

type called for in the specifications: Two No. 1031 Herman Nelson; two No. 1211 Herman Nelson; three No. 6 New York blower.

The above change is to be made without any addition to or deduction from the contract sum. This change is made necessary due to the fact that the Trane type units will not be available until February, 1947, and the nonarrival of this material is holding up completion of the project.

DEDUCTION FROM CONTRACT.

FIRE DEPARTMENT.

M. Solimando has been ordered to make the following deduction in the contract for alterations and additions to fire station, Engine No. 1, located at 119 Dorchester street, South Boston:

Deduct installation of overhead electrically operated doors, \$1,267. Original contract, \$28,903; total contract with foregoing deduction, \$27,636.

Alternate 2 of the contract called for the installation of overhead electrically operated doors. However, the contractor said that he could not obtain even a promise of delivery of these doors in less than seven or eight months. Inasmuch as the alterations and additions to the fire station will be completed several months before that time the foregoing deduction is being requested.

NO DAMAGES ALLOWED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Rugg road (formerly Hollis road), Brighton district, as a highway, between Cambridge street and Emery road, under the order of the Board of November 19, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Independence Drive, West Roxbury district, as a highway, under the order of the Board of November 29, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the extension of Safford street, Hyde Park district, as a highway, under the order of the Board of November 25, 1946, and awards no damages therefor.

Voted, That this Board determines that no person sustains damages by the taking of an easement for sewerage purposes and the construction of sewerage works in Alward road, Truman road and Ledgedale road, West Roxbury, under the order of the Board of November 21, 1946, and awards no damages therefor.

Owners unknown, Ledgedale road, 13,975 square feet, nothing.

Owners unknown, Truman road, 16,542 square feet, nothing.

Owners unknown, Alward road, 17,574 square feet, nothing.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Walter Reed Corporation has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Day square and Bennington street, Ward 1; Prescott street to 340 feet east of bridge over Boston & Albany Railroad Bridge, dated August 1, 1946. Items ordered: Remove two existing concrete and steel islands and construct two new islands with edgestone and artificial stone. Price to be paid, for approximately 25 cubic yards existing islands removed, the sum of \$15 per cubic yard; for approximately 305 linear feet straight edgestone furnished and set, the sum of \$1.90 per linear foot; for approximately 25 linear feet circular edgestone furnished and set, the sum of \$2.60 per linear foot; for approximately 460 square feet artificial stone sidewalks laid, the sum of 30 cents per square foot. Estimated cost of extra work, \$1,157.50.

Fred J. Wallace has been directed to perform the following extra work under the contract for repairs to the Albany Street Disposal Station, dated September 25, 1946. Items ordered: Where directed under each steel bearing of the platform, remove rotted rider cap for a longitudinal distance of approximately 18 inches; remove rotted material from girder caps for a depth of 2 inches for the same distance; furnish and fasten new yellow pine blocking of a sufficient thickness to support the steel stringers at their present elevation. This work to be paid for as follows: Actual cost of materials, standard prices for rental equipment, actual cost of labor plus insurance, plus 15 per cent on labor cost only. Estimated cost of extra work not to exceed, \$1,400.

CIVIL SERVICE EXAMINATIONS.

ELECTRICIAN, BOSTON PUBLIC WORKS DEPARTMENT, JANUARY 11, 1947.

Last date for filing applications, Monday, December 23, 1946, at 5 p. m.

Salary: \$7 a day, plus a temporary increase as authorized by the City of Boston.

Vacancies: At present there is one vacancy for a male, in the Bridge Service, to be filled on a permanent basis.

Duties: To make all necessary repairs to wiring and electric equipment; to install new work where required; to locate defects and make temporary repairs to inside and underground wiring systems; to locate trouble in motors and generators, and to perform related work as required.

Familiarity with wiring and equipment, including converters and motors varying in horsepower from 15 to 100, operating on 550 volt D. C. with drum-type control, is necessary.

A knowledge of the National Electrical Code, issue of 1940, and the 1943 Supplement to the National Electric Code, is required. Copies of this code and supplement may be obtained at the office of the New England Insurance Rating Association, Room 619, 89 Broad street, Boston, at five cents each.

Entrance Requirements: Applicants must possess a journeyman electrician's license on the date of filing application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 9, 1946.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilor Chase. The meeting was opened with the salute to the Flag.

FIREMEN ON DUTY AT THEATERS.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Fire Commissioner relative to your order of November 18, 1946, concerning placing a fireman on duty at theaters, etc.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, December 5, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Reference is made to the City Council order of November 18, 1946, which reads as follows:

"Ordered, That his Honor the Mayor be requested to confer with the Fire Commissioner relative to the establishment of the practice of placing a member of the Boston Fire Department on duty in every theater in the city during the hours of the performance at said theaters."

After consultation with the Law Department it is my opinion that the Fire Commissioner lacks the authority to enforce the request of the City Council.

The establishment of a paid fire detail in theaters properly comes under the jurisdiction of the licensing authority over theaters. The granting of a license could be made contingent upon the owner of the theater agreeing to maintain a paid fire detail from the Boston Fire Department.

Under present conditions, however, where we are seriously handicapped by lack of manpower, I do not think it would be advisable to put such a practice into effect.

Respectfully yours,
RUSSELL S. CODMAN, Jr.,
Fire Commissioner.

Placed on file.

LAYING OUT OF NEW STREETS, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of November 18, 1946, concerning the laying out of new streets in Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
December 3, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works lay out as new streets the following-named streets in Ward 19: Pond street, Arborway to the Brookline line; Oakdale street, from Lamartine street to Green street; Lamartine street, from Green street to Mozart street.

Pond street, between the above-mentioned limits, is a public way and is on the list of streets to be given consideration for reconstruction during the year 1947.

Lamartine street and the greater portion of Oakdale street are public ways and these streets will be put on the list of streets to be given consideration for reconstruction next year.

The small part of Oakdale street, which is the easterly arm extending to the railroad for a distance of approximately one hundred and twenty-five feet, and the acceptance thereof is a matter which comes within the jurisdiction of the Board of Street Commissioners, Room 401, City Hall Annex, Boston.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

ESTABLISHMENT OF DEPARTMENT OF VETERANS' SERVICES.

The following was received

City of Boston,
Office of the Mayor, December 9, 1946.
To the City Council.

Gentlemen,—Chapter 599 of the Acts of 1946 makes mandatory the establishment of a Department of Veterans' Services in each city and town in the Commonwealth.

In order to comply with this mandate of the Legislature, I propose to create a Department of

Veterans' Services in the City of Boston. The accompanying ordinance accomplishes this purpose.

In addition to the creation of this new department, the ordinance also makes provision for the continuance of the duties and obligations of the Soldiers' Relief Department as a separate and distinct division in the Department of Veterans' Services. The employees of the Soldiers' Relief Department will retain all of their rights as employees of the new department. In combining the duties of the Soldiers' Relief Department with the closely related duties of the Department of Veterans' Services, we obviate the necessity of adding an additional department to the city government.

I submit herewith the proposed ordinance in question, to be effective as of January 1, 1947, and respectfully request approval of the ordinance by your Honorable Body before the end of the present calendar year.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

In the Year Nineteen Hundred and Forty-Six.
An Ordinance Establishing the Department of Veterans' Services.

Be it ordained by the City Council of Boston, as follows:

Section 1. The department of veterans services is hereby established, under the charge of the director of veterans services, who shall be a veteran and who shall be appointed by the mayor, subject to confirmation by the city council, for a term of four years. The director of veterans services shall also be the commissioner of soldiers relief of the city of Boston. The director shall exercise the powers and perform the duties as provided and set forth by chapters five hundred eighty-four and five hundred ninety-nine of the Acts of 1946, and other pertinent statutes. Deputy or assistant directors may be appointed by the mayor, subject to confirmation by the city council, and such deputy or assistant directors shall be veterans and shall have such power and perform such duties as the director may determine.

Section 2. The director shall establish in the department a division of veterans services, and such other divisions, including a disbursement division, as he may deem necessary for the proper conduct of the department.

Section 3. The disbursement division shall be under the charge of the director of veterans services acting as commissioner of soldiers relief, who shall exercise the powers and perform the duties provided by statute. The commissioner may appoint, subject to the approval of the mayor, and whenever vacancies exist therein, two deputy commissioners of soldiers relief, who shall have such power and perform such duties as the commissioner may determine.

Section 4. The civil service employees of the soldiers relief department are hereby transferred and reappointed to similar positions with similar status in the department of veterans services, without civil service examination or registration; and shall retain all rights to retirement with pension that shall have accrued to them or shall hereafter accrue to them; and their services shall be deemed to have been continuous.

Section 5. Chapter two of the Revised Ordinances of 1925 is hereby amended in section one in the clause providing for the appointments of officers for the term of four years by inserting before the words "the soldiers relief commissioner" the words "the director of veterans services and —".

Section 6. Chapter three of the Revised Ordinances of 1925 is hereby amended in section five in the clause establishing the salaries of city officers by striking out the words "the soldiers relief commissioner, five thousand dollars" and inserting the words "the director of veterans services and soldiers relief commissioner, sixty-five hundred dollars —".

Section 7. Chapter thirty-one of the Revised Ordinances of 1925 and chapter two of the Ordinances of 1946 are hereby repealed.

Section 8. This ordinance shall take effect January 1, 1947.

Referred to the Committee on Ordinances.

TRANSFERS WITHIN AND BETWEEN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1946.
To the City Council.

Gentlemen,—The enclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Health Department, \$15,000, to the appropriation for Fire Department, \$15,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Health Department, \$30,000, to the appropriation for Hospital Department, \$30,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Municipal Employment Bureau, \$1,451.20, to the appropriation for City Clerk, \$1,451.20.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Park Department, Cemetery Division, \$2,000, to the appropriation for Park Department, \$2,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, \$90, to the appropriation for Public Welfare Department, Temporary Home, \$90.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, \$700, to the appropriation for Public Welfare Department, Wayfarers' Lodge, \$700.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Jail, \$5,000, Supreme Judicial Court, \$3,000, Superior Court, Civil Session, Clerk's Office, \$2,000, to the appropriation for Superior Court, Civil Session, General Expenses, \$10,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for County of Suffolk, Emergency Compensation Allotment, \$1,500, to the appropriation for County of Suffolk, Contingent Fund, \$1,500.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for County of Suffolk, Emergency Compensation Allotment, \$1,810, to the appropriation for County of Suffolk, Municipal Court, South Boston District, \$1,810.

Referred to Executive Committee.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Benjamin Adams, for compensation for damage to car caused by an alleged defect in East Boston Tunnel.

William P. J. Delaney, to be reimbursed as result of accident which occurred while in performance of duty.

Henry J. Enross, to be reimbursed for executions issued against him.

Essex Tool & Die, Inc., for compensation for damage to car by city truck.

Edward F. Featherstone, to be reimbursed for execution issued against him.

Alfred Frazier, for compensation for loss of coat at City Hospital.

Lena Greenberg, for compensation for injuries caused by an alleged defect at 132 Seaver street.

William H. Haugh, to be reimbursed as result of accident which occurred while in performance of duty.

Verna Horton, for compensation for injuries caused by an alleged defect in St. Stephen street.

Helen C. Hunt, for compensation for injuries caused by an alleged defect in Boylston street.

Stephen Jankura, for compensation for loss of coat at City Hospital.

Charles H. Lippincott, for compensation for damage to car by city car.

Alice M. Lyon, for compensation for injuries caused by an alleged defect at Tremont and Boylston streets.

Edwina M. Lytle, for compensation for injuries caused by an alleged defect in Dewey square.

William B. McKeen, for compensation for damage to car caused by an alleged defect in Sumner Tunnel.

Miller-Morse Fuel Company, for compensation for damage to truck by fire apparatus.

Adrian Narbonne, for compensation for injuries caused by defect in ferry boat.

Ingrid M. Paridon, for compensation for injuries caused by an alleged defect at 45 Province street.

Teresa M. Price, for compensation for injuries caused by an alleged defect in Poplar street.

Jay Riseman, to be reimbursed as result of accident which occurred while in performance of duty as employee of Hospital Department.

Bessie Sherman, for compensation for injuries caused by an alleged defect at 18 Hosmer street.

Elizabeth Weir, for compensation for injuries caused by an alleged defect in Symphony road.

Robert O. C. Smith, for compensation for damage to property at 106 Clare avenue, caused by backing up of sewage.

Committee on Licenses.

Petitions for driveway openings, viz.: Howard Cosgrove, at 122 Seaver street, Ward 12; Abraham Alexander, at 127-147 St. Stephen street, Ward 4; Alfred F. Paoletti, at 2-16 Stark street, Ward 2.

Petition to operate bowling alleys on the Lord's Day: German Workmen's Association (Arbeiter Hall), Ernest Seemuller, 22 Amory avenue, Roxbury.

Executive Committee.

Petition of Florence M. Sullivan to be paid annuity on account of death of her husband, James J. Sullivan, late member of Fire Department.

OPPOSITION OF BOSTON ELEVATED TO SUTCLIFFE TRANSPORTATION COMPANY PETITION.

A communication was received from the Boston Elevated Railway Company opposing granting of petition of Sutcliffe Transportation Company for operation of limousines and buses from Copley square to airport.

The communication was declared referred to the Committee on Licenses, but later in the session President KELLY said:

The Chair will refer the communication from the Boston Elevated Railway Company in reference to the Sutcliffe Transportation Company to the Executive Committee, because the petition of the Sutcliffe Transportation Company is before the Executive Committee at this time.

PERMITS FOR CHILDREN.

Petitions for children under fifteen years of age to appear at places of public amusement were received, as follows: Footlight Club, Eliot Hall, December 5, 6 and 7; Tributary Theater, New England Mutual Hall, December 13, 14, 21 and 28.

Permits granted under the usual conditions.

MINORS' LICENSES.

Applications for licenses were received from fifteen newsboys and one bootblack.

Permits granted under the usual conditions.

RECORDING OF VETERANS' DISCHARGES.

A communication was received from the Commissioner of Soldiers' Relief requesting the City Clerk to retain custody of papers and records relating to discharge or release of veterans until such time as Soldiers' Relief Department has permanent quarters and reorganization of department is completed, with assent by the City Clerk to such continuation.

Placed on file.

HEARING BEFORE STATE BOARD OF HOUSING.

Notice was received from the State Board of Housing of public hearing to be held in the Council Chamber on Friday, December 13, at 2 p. m., to determine if housing shortage for veterans exists which would warrant relief by the City of Boston.

Placed on file.

REPORT OF FINANCE COMMISSION ON FORTY-EIGHT HOUR WEEK, FIRE DEPARTMENT.

The following was received:

City of Boston,

Finance Commission, December 5, 1946.

To the Honorable the Mayor and City Council.

Gentlemen,—There are times in the life of every municipal department when its traditional

method of operation must be closely examined. In the case of the Boston Fire Department, in view of the radical change from an 84-hour work-week to a 48-hour week, which was authorized at the recent State election, that time is at hand. Before February 4, 1947, the correct basic pattern of the fire force must be set, for after that date a new pattern on which the future of the department will be built, will have been established, and any future basic revision will be virtually impossible. While superficially it would appear that to give adequate fire protection with a 48-hour week for the fire-fighters there is no alternative but to increase the manpower by more than 50 per cent, nevertheless, a survey of the question yields an alternative which is here presented.

This communication therefore is, in effect, a budget study to discover the most economical pattern of fire company distribution and manning. It seeks to present a pattern which is consonant with public safety standards and its conclusions appear to conform reasonably well with the standards of the Grading Schedule of the National Board of Fire Underwriters, the organization which establishes fire insurance classifications.

After a study of the question and consultation with technicians in the field, the Finance Commission believes that the change-over in the work schedule of the Fire Department from its present schedule to a 48-hour week by February 4, 1947, will require a net increase of approximately \$840,000 over the current salary appropriation for the fire force. This will entail the appointment of 405 new privates and various promotions between ranks.

This is in contrast with your original estimate which appeared in the press on November 8, of approximately \$1,300,000, as estimated by the department.

Naturally, such difference in estimate is founded on different premises. The estimate of the Finance Commission is conditioned on the adoption of certain changes in the present organization of the department. The Commission bases its recommendations on a close study of the application of the Underwriters' Grading Schedule to Boston, on the experience of other cities, and on the technical advice of the National Fire Protection Association, with headquarters in Boston, and other qualified observers.

In this connection, it is important to realize that the latter advisory source is interested primarily in adequate protection, not in economy for its own sake; its chief concern is "to promote the science and improve the method of fire protection and prevention." Hence, there is no compromise with essentials in this plan; the plan has been scrutinized with good protection as the prime objective.

Essentially, the proposal herein submitted is a break with the traditional pattern of company distribution. This pattern substantially goes back to the post conflagration periods following the Boston fire of 1872 and the Thanksgiving Day fire of 1889. The proposal represents an approach to the problem which reflects modern thinking and methods as approved by fire engineers, and is employed in various cities, and is designed to meet the modern situation in Boston.

If the traditional pattern of company distribution were to be continued, the change-over would mean simply increasing the manpower by over 50 per cent with a net increase of over 700 men, without improving the protection. To do this, however, would be to continue a plan of distribution which failed to acknowledge various economies which are sound in principle and accepted in practice.

In contrast, the proposal contains nothing new or untried, except as it applies to Boston. It is based on the widely acknowledged fact that Boston has a disproportionately large factor of company units and manpower as compared with other metropolitan centers. The Commission has been fortified in its conclusions by opinions expressed by the secretary-treasurer of the International Association of Fire Fighters with whom a representative of the Finance Commission has conferred. This expert opinion is valuable because of the wide experience on which it is based and the opportunity for observation of comparative fire department operations in various cities; also because the expert referred to is actively engaged in advising in the modernization of fire departments.

Two of the principal features of this proposal are that: (1) it fits into Boston's tight fiscal picture more easily than the original estimates as announced in the press which would entail an increase of over 750 men to meet the change-over to the 48-hour week and (2) it lessens the training problem as well.

It is obvious that the sudden absorption of many hundreds of men into the fire force at one time creates a serious problem. A large group of untrained men in this dangerous and intricate work is a menace to the men themselves and to all concerned. It is only after a period of training that such men become valuable assets; in the beginning, they are somewhat of a liability. It is conceded by those who have made fire-fighting a life study that it takes three years to produce a really well-trained fireman.

It is important, therefore, that this sudden change required by the new law initially involve as few men as possible. In fact, this matter is so important that the proposal here submitted pro-

vides a major training program and contemplates a staff to carry it out. This training includes the fields of apparatus and pump operation, ladder work, and advanced schooling.

Another consideration relates to apparatus and equipment, the condition of which has often been termed by the Finance Commission and is now termed by the Fire Commissioner, in large part, antiquated and unreliable. Moreover, it is much easier to have sufficient good equipment when the number of companies is right, but when the number becomes overextended this problem becomes increasingly difficult and results in extended use of old equipment. The Finance Commission proposal which follows will provide an opportunity to retire some of the old equipment and will make it possible to use the best equipment where it can do the most good.

It is likely that in the months and years ahead, some expansion will be necessary as the community changes and fire equipment of new types is developed. It should be emphasized, however, that these figures include a 10 per cent added margin for vacations and contingencies which will guarantee the manpower needed, so that there need be no lack of men and at times there should be an actual surplus. There should result a margin of manpower which the deputy chief in charge of personnel (provided in this plan) can assign where the need is greatest; e.g., in the outlying districts in brush-fire weather and in town during the heating season.

FINANCE COMMISSION PROPOSAL.

Functions of Company Units.

In presenting its plan the Finance Commission believes it may be well to briefly outline the function of the basic types of units: the engine company, the ladder company, the rescue company, the fireboat. The function of the engine company is to use hose streams of various sizes as required from small sizes to turret nozzles combining several lines of hose. The ladder company rescues occupants, ventilates the building, removes heat and smoke, and provides ladder service and entry for engine companies. The rescue company is substantially an auxiliary unit carrying additional tools and appliances. In general, it assists engine companies in reaching deep-seated and smoky fires and assists ladder companies in rescue and ventilating operations. Fireboats are marine engine companies which respond to waterfront fires. However, because of their slow nature they perform very little fire service at fires which can be attacked from the land. On the other hand, on marine fires it is the practice to detail crews of land companies to respond with the boat.

Applying Reductions.

1. All double companies should be eliminated as was done in New York with the advent of the 3-platoon system.

This refers to engine companies which are housed with other engine companies and ladder companies which are housed with other ladder companies. In Boston, this would affect Engine 6 (Bowdoin square), Engine 35 (Broadway), Engine 39 (Congress street), Ladder 24 (Bowdoin square). This still leaves a concentration of fire companies within a radius of three miles of the high value district which is more than 50 per cent in excess of the usual grading schedule recommendation.

2. Eliminate other companies where the distance factor and available response are such that this can be done and still have protection equal to that of neighboring cities with similar areas.

This would affect Engine 32 (Charlestown), Engine 34 (Brighton), and Engine 40 (East Boston). A study of work done by each company may suggest the elimination of different neighboring companies. It may be noted that East Boston, Charlestown and Brighton have four stations each, whereas West Roxbury and Hyde Park have two stations covering larger areas. In any part of the city simultaneous fires will require moving in more companies from other sections. In addition to its own powerful fire company distribution, Boston is fortunate in having many excellent departments in close radius in contiguous cities. The application of a mutual aid system in these instances is completely outlined in the survey report of 1929. Boston sends two ladder companies on first alarms throughout the city. Underwriter requirements call for one except in high value districts. It is not proposed to cut the response of ladder companies, because of the life hazard; and strong ladder service provides the necessary protection in this matter. However, by cutting out one engine company, this will still equal the requirement for total company and manpower response.

3. Cutting out one engine on all 4-engine boxes on the first alarm.

The last due engine seldom works on the first alarm. Where a rescue squad responds, a fourth engine is not required by the Grading Schedule. But one does respond, making an excess of response. This helps to compensate for the elimination of double downtown companies where private fire protection is strongest,

distances shortest and where direct streams are available from high pressure fire service. Thus, three of the new well-manned companies instead of four poorly-manned companies will respond.

The Grading Schedule normally requires approximately 16 engine companies within three miles of the high value district. Even after the proposed reductions are made, Boston will have 26 engines and rescue companies within that radius, not to mention 18 ladders and 2 fireboat companies.

Daytime response in high pressure districts would require (according to Schedule) a minimum of 2 hose wagons, 1 pumper, 2 ladder trucks (5 pieces in all); Boston sends 4 hose trucks, 4 pumpers, 2 ladder trucks, 1 rescue, 1 tower, 1 salvage by the Protective Department, 1 fireboat if near water, 2 chiefs (14 major pieces). It is proposed to cut only one engine and one hose truck, making a response of 12 pieces (still 240 per cent of daytime requirements in the high pressure district).

4. Establishing pumper-ladder companies by combining pumper and ladder into one company in outlying districts manned by one officer and 6 men per shift.

To provide one officer and 6 men per shift, 4 officers and 23 men per company will be needed. In this case, an officer means a lieutenant or captain. Such a combined company will run with 3 men and an officer on the pumper and 3 men on the ladder. A booster or chemical line on the ladder can be used to supplement the pumpers. Such combining is permitted by the National Board of Fire Underwriters. The following combinations will result:

Engine 2 and Ladder 19, South Boston.
Engine 11 and Ladder 9, East Boston.
Engine 29 and Ladder 11, Brighton.
Engine 30 and Ladder 25, West Roxbury.
Engine 19 and Ladder 6, Mattapan.
Engine 36 and Ladder 22, Charlestown.
Engine 46 and Ladder 27, Dorchester.
Engine 52 and Ladder 29, Dorchester.
Engine 45 and Ladder 30, Roslindale.
Engine 48 and Ladder 28, Hyde Park.
Engine 49 and Ladder 32, Readville.
Engine 17 and Ladder 7, Dorchester.
Engine 28 and Ladder 10, Jamaica Plain.
Engine 54 and Ladder 33, Long Island.

Outlying pumper and ladder companies at present having low manning would be combined into strengthened units with one officer and 6 men on duty as a minimum. Some of these companies would have an additional man on duty beyond this minimum.

5. Reduce the number of rescue companies from 3 to 2 and use the same manpower as at present.

The Grading Schedule calls for only one officer and 4 men on such a company. Many cities of larger areas have proportionately fewer rescue companies. Washington has 2 for its 70 square miles; New York not more than 4 for its large area. Ladder companies of which Boston has the highest ratio of any large city carry rescue equipment. It is proposed to consolidate the present trained rescue men into 2 companies, one in the high value district and one in the residential. This move does not reduce the rescue factor; the same number of ladder companies will respond as at present. Present rescue companies, moreover, are radio-equipped and controlled.

6. Deputy Chiefs—There should be 7, an increase of 2. Three should do administrative work (fire prevention, personnel and training), 3 on fire-fighting and one on relief.

Training and personnel will be extremely important functions under the new change-over. Training both the new and present men will be an enormous task; keeping company manning up to par will be a day-to-day problem of the deputy in charge of personnel.

7. District Chiefs—Eliminating excess companies (as recommended in Nos. 1, 2, 3, 4 and 5) reduces the number of companies per district. This will permit a reduction in the number of districts from 15 to 13, and would still give Boston many more than any city for its area and number of stations.

Washington has 7 districts for its 70 square miles; Quincy operates as one district with 13 companies. While this proposal would not be advanced under the long hours of the 2-platoon system, the 48-hour week presents a different picture. An example of redistributing might be Hyde Park and West Roxbury as one district. Moreover, for every district eliminated, there would be a saving of over \$23,000 in salaries alone, between district chiefs and aides. Enough district chiefs should be provided for a normal schedule with captains to act on vacations and sick leave.

8. Drill—The four drill towers should all be activated with one captain and an assistant for each drill school, all under a captain as chief instructor, and the entire program under a deputy in charge of the training division.

In selecting such assistants advantage should be taken of those men who have been trained

in modern methods in Army and Navy. The program should include the following phases: probationary firemen's school, company drill school, pump operator's school (will need many new operators), leadership school for new officers, fire college for advanced training of officers, fire prevention school for all members and new inspectors. The initial effort would be centered on pump operation and drill school for probationary firemen plus leadership for new officers.

9. Boats—Fix number of boats at two.

This still leaves a pumping capacity which meets Underwriters' pumping requirements with a third boat in reserve for the overhaul period.

Comparison of Present and Needed Strength.

The following is a comparative table showing present strength (as of October 29, 1946) and estimated personnel needs, if Finance Commission plan is adopted, at each level:

RANK.	Present Strength.	Gross Needed Strength.	Net Need.
Deputy Chiefs.....	5	7 Distribution: 1 — Personnel 1 — Training 1 — Fire Prevention 3 — Fires 1 — Relief	2
District Chiefs.....	31	46 13 Districts at 3.5 *	15
Captains.....	89	67 Plus 5 = 72 67 Companies and 5 on training	Surplus of 17
Lieutenants.....	117	191 67 Companies x 2.5 (Captains on other shift) + 17 (10% for vacation and absences) + 7 reserve	74
Privates.....	1,063	1,341 (1,219 ÷ 10%)	278
Aides.....		(46 District Chiefs) 5 Deputy Chiefs 2 Chiefs	53
Boats			
First Engineers.....	6	8	2
Second Engineers.....	6	8	2
Masters.....	6	8	2

* Since each man will work 48 hours per week and there are 168 hours in the week of a fire department, which is perpetually on duty, the latter figure divided by the former figure gives the number of men necessary for each job assignment. This factor turns out to be 3.5.

The next step is to find out how many necessary assignments there are in the fire force, multiply that factor, add a generous allowance of 10 per cent for vacation, sick leave, and other contingencies, and the result will be the number of men needed to man the fire force on the new basis of 48 hours per week. By then subtracting the number of men at present available, the net increase needed will result. Translating that figure into terms of salary will provide the appropriation figure necessary.

Added Personnel Costs After Promotions.

While the preceding table shows the number of men needed before promotions are made, the net increase in cost over the present budget at the present salary rates must be determined in terms of men promoted between rank, the increase in salary which these represent, the men needed to fill the places left by these men who are promoted, and the final number of new recruits necessary at the lowest level. It works out as follows:

Deputy Chiefs—Two men promoted from the rank of district chief, i.e., from \$4,200 to \$4,700 = 2 x \$500 = \$1,000.

District Chiefs—The promotion of the 2 district chiefs to deputy chief will reduce the present number of district chiefs from 31 to 29. The previous table shows that 46 will be necessary. This means a net need of 17, promoted from the rank of captain

at \$3,100 to the rank of district chief at \$4,200 = 17 x \$1,100 = \$18,700.

Captains—The promotion of 17 captains to district chief will reduce present force of 89 to 72. However, only 67 captains are necessary, according to previous table, so that a temporary surplus of 5 would exist. These 5 would be assigned to the training divisions set up. At least no new captains would be necessary for the present.

Lieutenants—The table shows that 191 lieutenants * are needed and that the present force is 117, leaving a net need of 74 at \$2,900, to be appointed from firemen now receiving not more than \$2,500 = 74 x \$400 = \$29,600.

Firemen—The table shows that 1,341 firemen are needed and that there are now 1,063. This leaves a net need of 278. In addition, the 74 men promoted to lieutenant must be replaced. Also, 53 drivers must be provided for the various chiefs and deputies. This brings a total of 405 new men needed. But we have replaced the 74 promoted men who were receiving \$2,500 with 74 men at \$2,000. This means a deduction of \$37,000. So the additions to the rank of firemen may be expressed as follows: (1,341—1,063 + 74 + 53) x \$2,000 minus 74 x \$500 = \$810,000—\$37,000 = \$773,000.

Boats—4 stationary engineers at \$2,600 and 2 masters at \$2,700 = \$15,800.

* The number of lieutenants contains a surplus of 7 which may be used in various assignments. Thus, the final minimum figure of net need may well be 67 lieutenants and 398 privates.

SUMMARY.

Deputy Chiefs.....	2 x \$500 (salary increase to each)	\$1,000
District Chiefs.....	17 x \$1,100 (salary increase to each)	18,700
Captains.....	None	
Lieutenants.....	74 x \$400 (salary increase to each)	29,600
Firemen (privates).....	405 x \$2,000 = \$810,000 (— \$37,000) =	773,000
Boats.....	(4 new engineers at \$2,600 — 2 masters at \$2,700)	15,800
Net Increase Over Present Budget.....		\$838,100

Thus the city should add approximately 405 new firemen at the lowest level, promote 74 present firemen to lieutenants, promote 17 captains to the rank of district chief, and promote 2 district chiefs to the rank of deputy chief. For the time being, there would be no vacancies at the level of captain.

The Finance Commission's estimate of the amount needed, as stated hereinbefore, is an outside figure for budgetary purposes. The current interval before February 4, 1947, when the change-over takes place, should be used to permit a further study of company distribution and manning. A schedule of assignment of each officer and man to specific tasks should be started at once, perhaps by a committee of chief officers to carry out the intent of this reorganization. The services of the National Fire Protection Association might well be used in this study.

Premises Underlying Reorganization.

Basically, there will be a reduction of approximately 10 per cent in the number of company units to provide effective manning for remaining companies at all times.

The response of ladder companies is not cut because it is recognized that the old Boston buildings present life hazards; the reduction is chiefly in engine companies because the department has a heavy concentration. Rescue companies are reduced by one because with a dearth of experienced men it is better to concentrate on two companies.

The combined companies (pumper-ladder) suggested in this report are based on the practice followed in large cities where, in outlying areas, strong combined ladder-pumper companies are provided rather than weak separate ladder and pumper companies in the same station. It is contended that such an arrangement gives the officer in charge greater flexibility in operation and use of manpower.

In the matter of elimination of double companies, a point emphasized in this report, it may be pointed out that no credit in the Grading Schedule for double companies is given for two companies in the same station, and that there is no Grading Schedule requirement calling for double companies in the same station. It should also be pointed out that Boston's fire stations' distribution is still the highest in the country; in general, double companies go back to the horse-drawn days when it was customary to house a light horse-drawn steamer and a heavy self-propelled steamer, each with a separate hose tender.

Other Possibilities.

There are avenues of reduction most of which have been recommended by the Finance Commission in previous reports which have as yet been unexplored by the Fire Department. They include:

1. Mutual aid between Boston and contiguous municipalities as outlined in the 1929 Mayor's survey report.
2. Utilization of off-shift response to an extent equal to New York, Baltimore and other cities. This would provide for manning reserve equipment which would be equipment retired under this plan.
3. Revise and improve running card.
4. Better station location, particularly with reference to locations near the city line and on "bottle-neck" traffic lanes which hinder the movement of companies.
5. Reduced daylight response, as in New York. Response is now 280 per cent above requirements in the high-pressure areas.
6. Boston has 2 fire trucks to every engine company. Most cities have one.
7. The lessened need of pumpers in high-pressure areas, some of which can be left in quarters for off-duty men on multiple alarms.
8. (Probably most important of all.) Adoption of modern leader line methods with $\frac{1}{2}$ -inch hose as in virtually all other cities.

The last-mentioned change would permit each company to man two effective streams through modern fog-straight stream nozzles of a type not now employed, in place of the cumbersome $\frac{2}{3}$ -inch hose now in service.

In contrast, at the present time Boston uses the $\frac{1}{2}$ -inch line merely as a clean-up line after a fire is controlled.

Moreover, modern nozzles developed during the war and used by other departments throughout the nation are largely ignored in Boston.

The old method requires an entire company for a single stream and is slow and difficult to operate inside of residential properties. Furthermore, many large cities do not permit use of $\frac{2}{3}$ -inch hose inside of buildings when fire is of size which permits men to work inside. One or two men can easily handle the proposed $\frac{1}{2}$ -inch lines.

In residential and small mercantile properties the change to a $\frac{1}{2}$ -inch leader line would permit two engine companies to place at least four excellent streams in service, with minimum manpower. In the opinion of technical experts, after a few months' use of this method, the department would never wish to go back to its ancient practice. The National Fire Protection Association has helped other large departments make this change and could be used by the Boston Fire Department to advise in operating procedures.

In conclusion, it should be emphasized that the figures in the proposal are advanced as a safe operating minimum. It is readily appreciated that the city can increase that volume, depending

on how much it wishes to spend. The figures indicate what the city can get for a given expenditure of money. It should also be pointed out that they represent actual men riding on the apparatus. In the past, it has often been true that actual company strength has been far below "paper strength," through absenteeism of various kinds. The addition of 10 per cent to the figure of needed manpower should more than provide for legitimate absenteeism.

Respectfully submitted,
EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
The Finance Commission.

ROBERT E. CUNIFF,
Secretary.

COMPENSATION OF PROBATION OFFICERS, MUNICIPAL COURT.

A communication was received from Chief Justice Keniston, Municipal Court, of schedule of compensation of probation officers, effective January 1, 1947.

Placed on file.

RETENTION OF ENGINE 40, EAST BOSTON.

Coun. COFFEY offered the following:
Ordered, That the Fire Commissioner of the City of Boston be requested, through his Honor the Mayor, to keep Engine 40, East Boston, open for the safety of the residents of that section.

Coun. COFFEY—Mr. President, on the report I read from the Finance Commission, may I say at the outset that the Finance Commission's secretary is the only person on the pay roll other than the chairman of the Finance Commission. The other four, of course, serve for nothing, as we know. As I have said here repeatedly, I always suspect people who work for nothing. When Bill Mullins wrote the column in the paper today, he referred to Councilor Scannell and myself as two members of the Council who were opposed to a man named Fairbanks, a blueblood, I suppose. He did not have anything to do with the story in the Boston Herald. He wanted a license to run boats from the South Station to the East Boston airport.

Because we objected, we were out of order. He mentioned the fact that all we do for a living is become councilmen. Well, it takes a lot of work to become a good councilor. I think most of you will agree with me. That is all I do for a living. Mr. Mullins can print that. I make a buck here and there. I can prove he has made a buck through the Council here and there, too.

Mr. Mullins can print that. He has talked to me more than once on the telephone on things that come into the Boston City Council, things he would like to get through for his friends. Stick that in your newspaper, Mr. Mullins. Stick in that I said, "To hell with your newspaper." I have been saying it for years, and I have been coming back to office. When I decide to run for another term, I will be back regardless of what you put in your paper, Mr. Mullins. You can go too far in bringing out a statement. Mr. Mullins has a man as a manager for the City of Boston under the new setup, a Mr. Henry Parkman, Jr. That would be a hell of a note, to have a blueblood. There would not be a name like Sullivan or Pellegrini or something else. Getting back to the so-called honorable Finance Commission, as I said, the chairman gets a salary and publicity. I know the secretary, a former newspaper man, gets a salary. The other four work for nothing. I have noticed they always send their report out to the newspapers. The press always gets it first.

When we come in on Monday we find a statement that the Finance Commission made on our desks. We always get our news from the press. And yet the report is always addressed to the Honorable Mayor and City Council. The first we know about it is when we read it in the newspapers. They think they can save money for the taxpayers of the City of Boston. They are telling us about the big tax rate we are going to have next year, which we expect. We can thank Mr. Mullins' Republican Legislature for giving the City of Boston this. As I said on the floor the first of the year, a bill comes down approved by the members of the Legislature to give \$8,500,000 for a rapid transit service for the people of East Boston. I knew nothing about it. The members of the Legislature knew about it. The members of the Legislature are just going to make a recommendation now for another \$20,000,000 to be spent on the airport. They are digging a hole in the ocean to make an airport. They could not go inland where \$20,000,000 would make the best airport in the country. I suppose some of the members of the Chamber of Commerce, the Finance Commission, and Mr. Mullins' friends have investments over there. The Finance Commission makes a recommendation they want to close a few fire houses. One of the fire houses happens to be in the Jeffries Point section in East Boston. That is Engine 40. It is the only fire house in that section. It is an overcrowded, congested area. The former mayor saw fit to close one fire house in our district a few years ago. That fire house is still closed. You older members will recall the statement I made on the floor that, if the fire house had not been closed, if the engines from that house

could have been reached and sent on a fire five minutes sooner than the engines from another station, as a result of being five minutes late, one man was burned to death in his bed. Another woman had to jump from the third floor and broke her leg. It drove her husband temporarily insane. As a result he committed suicide. He was a prominent physician in our town. The Finance Commission can save money for the taxpayers of the City of Boston. They want to close Engine 40 at the Jeffries Point section of our district. They do not want to put on firemen, which the people voted for. They voted for the bill for 48 hours a week by an overwhelming majority. We in the Council should see to it, and the Mayor should see to it, that every fireman that has to go on is put on and that the Fire Department is not undermanned. We are not going to forget Coconut Grove or the fire recently in Atlanta. If it is going to cost an extra million dollars to keep firemen on and fire houses open, let us keep the men on and keep the houses open. If we can save only one life, then never mind the \$1,000,000 of the taxpayers' money or anybody's money, if only one life is saved each year. We have certainly earned the right to vote here for anything that the firemen want. The last vote on the ballot proved that. We had two firemen burned to death. The people went up in arms and voted "yes" on the 48-hour week. We do not want half the men on so that the department will be only half-manned. It is going to cost more money. We know the city is hard pressed. There is \$8,500,000 for the rapid transit tunnel to East Boston. There is \$20,000,000 for the airport. We did not ask for the \$5,000,000 for the off-street parking. We do need it. The state has done nothing to contribute. They have done nothing to send down any money to put these projects through at state expense. Now, what do we find after the 48-hour week goes through? We know we want additional firemen. They want to close the fire houses. They closed one fire house in my town a few years ago, and we have suffered for it by the loss of two lives. We have suffered for it by the loss of property and minor injuries, by engines getting too late to the scene of the fire. Engine 40 is the only fire house at the Jeffries Point section of East Boston. It is an overcrowded, congested area where every family averages four children. I do not want this fire house closed. I know the other members of this Council do not want any fire houses in their district closed.

The order was passed under suspension of the rule.

ANGLE PARKING AT DAY SQUARE, EAST BOSTON.

Coun. COFFEY offered the following:
Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make arrangements for angle parking at Day square, East Boston.

Passed under suspension of the rule.

SALARIES OF SIGNALMEN, TRAFFIC DEPARTMENT.

Coun. COFFEY offered the following:
Ordered, That his Honor the Mayor be requested to increase the salary of the traffic signalmen in the Traffic Department of the City of Boston to a salary comparable to that of signalmen in the Boston Police Department, who receive approximately seven hundred dollars (\$700) more than the traffic signalmen.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following: Report on appointment (referred December 2) of William J. O'Connell as constable to serve without bond and without authority to serve civil process—recommending that same ought to pass.

The report was accepted, and the question came on confirmation. Committee, Councilors Madden and Moriarty. Whole number of ballots 14, yeas 14, and the appointment was confirmed.

"STOP" SIGNS AT POND STREET AND COLUMBIA ROAD.

Coun. LINEHAN offered the following:
Whereas, A dangerous traffic condition exists as a menace to the lives and safety of the public at the intersection of Pond street and Columbia road, Ward 7, it is

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to erect plainly visible "stop" signs on both sides of Pond street at the intersection of Columbia road, so that motorists driving along Pond street toward Columbia road will be compelled to stop before proceeding into Columbia road.

Passed under suspension of the rule.

DEATH OF RIGHT REVEREND THOMAS R. REYNOLDS.

Coun. LINEHAN, KEENAN, HURLEY, and SULLIVAN offered the following:

Resolved, That the City Council of the City of Boston in meeting assembled hereby offers its deep regret at the untimely passing of the outspoken protector of the poor and afflicted, Right Reverend Thomas R. Reynolds, Parish Priest of the Cathedral of the Holy Cross, whose unbounded energy, deep humility, wholesome courage, and piety in the service of God will always be remembered and cherished by the citizens of Boston, whom he served both as spiritual adviser and official member of the city government.

Adopted by a unanimous rising vote.

LIGHTING FACILITIES, COLUMBIA VILLAGE, WARD 13.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor direct the Boston Housing Authority to provide proper street lighting facilities in the vicinity of Columbia Village, Ward 13.

Coun. HANNON—Mr. President, Columbia Village, the old Camp MacKay, is now peopled by many families who live in quarters that may be some improvement over those from which they moved, but the conditions surrounding this camp are certainly not much credit either to the City of Boston or the Boston Housing Authority. The streets are so dark you can hardly see your hand in front of you. One of the requisites for becoming an eligible applicant for temporary housing is that you have children. The conditions down there now are such that they certainly do not contribute to the health of the children. Something should be done about the street lighting down there. It is probably the darkest spot in the City of Boston. We are inviting people to move into temporary homes. Let us at least try to make them worth while and make them livable.

The order was passed under suspension of the rule.

NOTICE OF CHARGES FOR SPRAYING TREES ON PRIVATE PROPERTY.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the Park Commissioner to issue instructions that, when trees are sprayed on private property, the owner of the property be given notice in writing of the charges to be assessed for this work, at the time the trees are being sprayed.

Coun. HANNON—Mr. President, one of the smallest and yet one of the most cantankerous items on tax bills is the assessment for tree spraying, which amounts in the first instance to a dollar. Many times we find that people refuse to pay it because they honestly believe the trees have never been sprayed. The result is that this charge goes on over a period of years and by law becomes a lien against the property. I have run up against an original charge of one dollar for tree spraying that amounted to \$11. In the settlement in tax abatement cases we run into difficulties on these \$1 assessments. Now, I think, if the trees must be sprayed and if the charge must be made, the people on whose property the trees are located should be notified that the trees are being sprayed. They should be notified of this \$1 assessment. When the men are walking along the streets spraying the trees, somebody must make some note of the properties where the trees are being sprayed. I think that same party should ring the doorbell and leave a note notifying the landlord or the tenant that an assessment fee of \$1 is being made for the spraying of the trees.

The order was passed under suspension of the rule.

DAY OFF FOR CHRISTMAS SHOPPING.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct all department heads to allow each employee of his department one day off in which to do Christmas shopping.

Coun. HANNON—Mr. President, I think this is an annual courtesy extended to employees of the city—that the department heads permit certain employees to do their shopping. I hope it will be followed this year.

The order was passed under suspension of the rule.

FLOODING OF WARD 18 PLAYGROUNDS FOR SKATING.

Coun. CANTWELL offered the following:

Ordered, That his Honor the Mayor be requested to direct the Park Commissioner to arrange for the flooding of the Readville Playground, Smith Field, Ross Field, and the Almont Street Playground, so that these locations may be made available to the children of the Ward 18 district for skating.

Coun. CANTWELL—Mr. President, I do not believe there is a year goes by that we do not have a tragedy of some child being drowned in the Neponset river. It is due to the fact they have no

place to skate. Here we have a playground lying idle all winter long. For some reason or other they do not wish to flood it. I hope his Honor the Mayor will see that these areas are flooded, so that children will have a safe place to do their skating.

The order was passed under suspension of the rule.

MUNICIPAL BUILDING FOR WARD 18.

Coun. CANTWELL offered the following:

Ordered, That his Honor the Mayor be requested to include in the budget for 1947 the sum of \$250,000 to be used for the erection of a municipal building in the Mattapan section of Ward 18.

Coun. CANTWELL—Mr. President, I have had many requests from organizations in the Mattapan area, a large area in my ward. There is no place there for meetings of these organizations. There is no place for a library or clinic. They have requested me to see if his Honor the Mayor would put in the budget an appropriation for a municipal building in Mattapan.

The order was passed under suspension of the rule.

TRAFFIC LIGHTS ON MORTON STREET.

Coun. MUCHNICK offered the following:

Ordered, That the Traffic Commission be requested by his Honor the Mayor to install traffic lights on Morton street near Harvard street and Courtland road.

Coun. MUCHNICK—Mr. President, two days ago there was another very serious accident on Morton street in the neighborhood referred to in the order. In the last eight or nine years, according to the figures I have been able to get together, there have been ten or eleven deaths and about twenty other very serious accidents in that area at the corner of Harvard street and Morton street. At that corner is the entrance to the Boston State Hospital. It seems to me it would be particularly important and advisable to install as many lights as possible at the crossing mentioned in the order. People who drive automobiles down Morton street usually are not local people. They have come a long way and are used to traveling 40 miles an hour. They do not slow down, particularly in the congested area. Spotlights or traffic lights might be a means of getting them to stop and avoid further very serious consequences.

The order was passed under suspension of the rule.

RECESS.

On motion of Councilor Cook the Council voted at 2.40 p. m. to take a recess subject to the call of the Chair. The members reassembled and were called to order by President Kelly at 4.30 p. m.

LOAN FOR HOSPITAL BUILDINGS AT LONG ISLAND.

The following was received:

City of Boston,
Office of the Mayor, December 9, 1946.
To the City Council.

Gentlemen,—After various conferences with the Commissioner of Institutions, it has been decided to construct new buildings at Long Island Hospital which will provide additional accommodations for 300 chronic patients.

The accompanying order for \$1,000,000 will provide for the construction of five two-story ward buildings with facilities attached thereto for kitchens, examination units, and nurses' stations. Each of the five buildings will house approximately sixty patients and in one wing of the building accommodations will be provided for X-ray, occupational therapy, eye and throat examination rooms, and facilities for dental work.

This proposed addition to the Long Island Hospital is the first in a series of subsequent improvements which will be made at this institution, so that over a period of the next few years we can provide suitable, up-to-date accommodations in keeping with our obligation to care for our aged and chronically ill citizens.

I respectfully recommend prompt action of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of clause 3 of section 7 of chapter 44 of the General Laws the sum of \$1,000,000 be, and hereby is, appropriated to be expended under the direction of the Commissioner of Institutions for the construction and equipping of hospital buildings at Long Island, and to meet said appropriation the City Treasurer be authorized to issue from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

President KELLY—What is the pleasure of the Body?

Coun. SULLIVAN—Mr. President, I move that it be given its first reading.

Coun. BAYLEY—Mr. President, I move it be referred to the Executive Committee.

President KELLY—It was discussed in the Executive Committee.

Coun. BAYLEY—It had not gone in formally, had it?

President KELLY—It was informally before the Executive Committee, councilor.

Coun. BAYLEY—Mr. President, I move it be referred to the Finance Committee like all loan orders.

Coun. SULLIVAN—Mr. President, I move to amend my motion. After this receives its first reading, I move that it be referred to the Executive Committee.

The question came on the motion to give the order its first reading and then refer it to the Executive Committee. The clerk called the roll, and the order received its first reading and passage, yeas 19, nays 0.

Yeas—Councilors Bryan, Cantwell, Carey, Coffey, Cook, Fish, Hannon, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—19.

Nays—0.

Voting present—Councilor Bayley—1.

Coun. HURLEY—Mr. President, I would like unanimous consent to be recorded in favor of voting "yes" in favor of the \$1,000,000 appropriation for the hospital at Long Island.

Coun. BRYAN—Mr. President, I also wish to be recorded.

Coun. MADDEN—Mr. President, I desire to be recorded.

Coun. MORIARTY—Mr. President, I wish to be recorded also.

Coun. COOK—Mr. President, I desire to be recorded.

President KELLY—Hearing no objection, the members will be so recorded.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of the Mayor and orders (referred today) for transfers within and between departmental appropriations—that same ought to pass.

Report accepted; said orders passed, yeas 16, nays 0, viz.:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Coffey, Fish, Hannon, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Russo, Scannell, Sullivan—16.

Nays—0.

2. Report on message of Mayor and order (referred December 2) for sale of land on Chestnut Hill avenue at Cleveland Circle to Samuel G. Fish—that same ought to pass.

The report was accepted, and the question came on the passage of the order. The roll was called and the order was given its first reading and passage, yeas 18, nays 0.

Yeas—Councilors Cantwell, Carey, Coffey, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—18.

Nays—0.

Voting present—Councilors Bayley, Bryan—2.

Coun. BRYAN—Mr. President, I wish to change my vote to "yes."

President KELLY—Hearing no objection, you will be so recorded.

During the roll call, Coun. LINEHAN said:

Mr. President, a point of parliamentary inquiry. I would like to ask the clerk, through you, sir, just how we can get on the record that we have given a first reading on this order with the understanding we will invite the secretary of the Finance Commission here and also other people.

President KELLY—The statement can be made on unanimous consent after the roll call has been completed.

(The roll call was concluded.)

Coun. LINEHAN—Mr. President, I would like to ask unanimous consent to make a statement.

President KELLY—Hearing no objection, Councilor Linehan.

Coun. LINEHAN—I did want to announce the reason why I, and probably every other member of the City Council, voted favorably for this measure we have just acted on is that we voted on the understanding that next Monday we will have a representative of the Law Department come before us in Executive Session in order to put certain restrictions in the deed which the Law Department will give to the potential buyer. We will also invite to our Executive Session next week the secretary and also the members of the Finance Commission in order that we might get some facts from the Finance Commission instead of just vague words in their report.

Coun. FISH—Mr. President, the consensus of opinion in the Executive Committee was that these gentlemen should be invited here. I gathered that consensus by putting it to a vote out there. It was quite unanimous. I can assure Councilor Linehan as chairman of the Executive Committee I will invite them in.

Coun. MUCHNICK—Mr. President, in order to get this properly before the Executive Committee, again I move it be referred back to the Executive Committee and that the invitations which have been referred to by the last two speakers be sent to the persons concerned.

The order was referred to the Executive Committee, with invitations to be sent out as agreed.

3. Report on petition of Sutcliffe Transportation Company (referred December 2) for license to operate deluxe buses and limousines of not less than seven or more than forty-four passengers, between Copley square and Logan Airport—recommending that petitioner have leave to withdraw.

Report accepted; leave to withdraw granted.

AMENDED PETITION OF SUTCLIFFE TRANSPORTATION COMPANY.

An amended petition of the Sutcliffe Transportation Company to operate limousines and buses with facilities for not less than seven nor more than forty-four passengers between Copley square and Logan Airport, with right to pick up passengers en route, was received.

President KELLY—What is the pleasure of the Council?

Coun. SULLIVAN—Mr. President, I move this be referred to the Executive Committee.

The petition was referred to the Executive Committee.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

1. Report on petitions for driveway openings: Merchants Realty Company (referred December 3) at 1310 Boylston street, corner of Jersey street; Alfred F. Paoletti (referred today) at 2-16 Stark street—recommending that leave be granted.

Report accepted; permits granted under usual conditions.

2. Report on petition of West Roxbury Bowling Center, Henry Stewart, at 119 Park street, West Roxbury (referred November 18) to operate bowling alleys on the Lord's Day—that leave be granted.

The report was accepted, and permit granted under usual conditions.

ICE SKATING AT WARD 10 PLAY-GROUNDS.

Coun. CAREY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to flood the Mission Hill, Parker Hill and Jefferson Playgrounds for skating.

The order was passed under suspension of the rule.

EXTENSION OF WHITE WAY ON HUNTINGTON AVENUE.

Coun. CAREY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to extend the white way on Huntington avenue, from Opera place to the Brookline Line.

Coun. CAREY—Mr. President, I want to say just a word in regard to the second order. I feel that is a "must" order. If one stands any place on Huntington avenue today from the Brookline Line until it empties into Boylston street, they will see as great a flow of traffic as on any roadway in the nation. The section between Opera place and the Brookline Line is not by any means provided with the lighting that is necessary in view of the heavy vehicular traffic that travels through there. Much can be said on this order. However, I have talked the matter over with his Honor the Mayor. I know he feels something should be done about it. I hope no time will be lost. I realize during the next three or four months work of this kind cannot very well be done because of the inclement weather. I simply trust this order will be given recognition. I feel, and his Honor the Mayor feels, it deserves attention. I hope, when the springtime comes, the proper construction of necessary lighting facilities will go ahead in order that the lives not only of adults but particularly of young children who happen to cross there in large numbers, going to different schools, not to mention those who go to the Mission Church, the Peter Bent Brigham Hospital and other places, will be protected by sufficient lighting of the street at the earliest possible date.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of Washington T. Pratt (referred December 2) as Weigher of Coal—recommending that appointment be confirmed.

The report was accepted, and the question came on confirmation of the appointment. Committee, Councilors Madden and Kinsella. Whole number of ballots 15, yeas 15, and the appointment was confirmed.

ABATEMENTS BY BOARD OF ASSESSORS.

Coun. LANE—Mr. President, I move we take No. 1 from the calendar and refer it to the Executive Committee.

No. 1 on the calendar was as follows:

1. Order that Board of Assessors consult with Finance Commission before granting any future large abatements.

The order was referred to the Executive Committee.

RESURFACING OF BELLEVUE STREET, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Bellevue street, Ward 20.

Passed under suspension of the rule.

ACCEPTANCE OF FERNWOOD ROAD.

Coun. BRYAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Fernwood road, Ward 20, as a public way.

Passed under suspension of the rule.

TRAFFIC LIGHTS, WESTERN AVENUE AND EVERETT STREET.

Coun. MADDEN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights at the junction of Western avenue and Everett street, Ward 22.

Passed under suspension of the rule.

INCREASED RENTS IN THE MARKET DISTRICT.

Coun. BRYAN—Mr. President, I move at this time that the order for increasing the rents in the market district be taken from the table.

President KELLY—What committee has that order?

Coun. BRYAN—It is in the Executive Committee.

President KELLY—The clerk will get the order. We will suspend until the clerk gets the order. (Short recess.)

President KELLY—The order is in the Executive Committee. It was referred November 18. The motion to take from the committee requires fifteen votes. Those in favor will please rise. There are nine in favor and none opposed. The motion is lost.

Coun. BRYAN—Mr. President, I ask reconsideration to get all the councilors in here. Will you please ring the bell?

Coun. LINEHAN—Mr. President, I would like to ask the gentleman from West Roxbury for what reason he is having this taken from the table, before I vote on it?

Coun. BRYAN—To answer the gentleman, I might say this order was before the Ordinance Committee which voted four to one in favor of increases in the market district rents. It was taken from the committee and brought into Executive and laid on the table. I think there should be some action on the order.

President KELLY—Councilor Bryan asks for reconsideration. Those in favor will please rise. There are nine in favor and none opposed.

Coun. BRYAN—I doubt the vote.

President KELLY—The motion to reconsider passes. The question comes on taking from the table, taking from the committee, which requires fifteen votes. Those in favor will please rise. There are nine. Those opposed will please rise. There are none. Fifteen votes not having been obtained, the motion is lost.

Coun. BRYAN—I ask for a roll call vote.

Coun. KEENAN—Mr. President, I think we have discussed this pro and con. In the last five minutes you have had three roll calls. You have had reconsideration. It has been defeated. It will be one of those things where we will be here all night. We will have to go to the Parker House or to Waldorf's.

Coun. BRYAN—I withdraw my motion for a roll call. I will bring it up next week again.

Adjourned at 5 p. m. on motion of Councilor Sullivan, to meet on Monday, December 16, 1946, at 2 p. m.

CITY OF BOSTON.

POLICE DEPARTMENT.

RULES AND REGULATIONS RELATING TO HACKNEY CARRIAGES.

In accordance with provisions of section 1, of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston are hereby amended by:

Striking out section 21 under the subtitle "Police Medallion Shall be Displayed" as appearing upon pages 229 and 230 of said rules and regulations, and inserting in place thereof the following section which shall read as follows:

"Section 21. Every licensed hackney carriage shall have affixed on same, two metal medallions of a style approved by the Police Commissioner, one on the front and one on the rear of the vehicle, bearing the police number issued for said hackney carriage.

"No plate or number, other than said police medallion number, Massachusetts registration plate and telephone number shall be painted or affixed to the rear of any hackney carriage."

All rules and regulations inconsistent herewith, are hereby repealed.

This amendment will take effect Saturday, February 1, 1947.

THOMAS F. SULLIVAN,
(Dec. 21.) Police Commissioner.

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

PUBLIC AUCTION.

31 AND 33 TRAVERSE STREET, BOSTON.

The City of Boston will sell at public auction all its right, title and interest in and to about seven hundred thirty-seven (737) square feet of land, with the buildings thereon, on the southeasterly side of Traverse street, Boston, numbered thirty-one (31) and thirty-three (33) in the numbering of said Traverse street, registered in the Suffolk Registry District of Land Court, Certificate No. 33653, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, as Document No. 143789, with Certificate No. 33653.

Time of Sale: Thursday, December 26, 1946, at 11 a. m., on the premises. Minimum price is two thousand dollars (\$2,000).

A deposit of five hundred dollars (\$500) in cash or certified check required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Chairman reserves the right to reject any or all bids. Further particulars from Chairman, Board of Real Estate Commissioners, 809 City Hall Annex, Boston.

IRVING LEWIS,
(Dec. 14-21.) Chairman.

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

PUBLIC AUCTION.

100 AND 104 RICHMOND STREET, BOSTON.

The City of Boston will sell at public auction all its right, title and interest in and to about thirteen hundred eighteen (1,318) square feet of land, with the buildings thereon, on the southwesterly side of Richmond street, Boston, numbered one hundred and one hundred four (100 and 104) in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds in Book 5611, page 405.

Time of Sale: Thursday, December 26, 1946, at 10 a. m., on the premises. Minimum price is five thousand dollars (\$5,000).

A deposit of two thousand dollars (\$2,000) in cash or certified check, required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Chairman reserves the right to reject any or all bids. Further particulars from Chairman, Board of Real Estate Commissioners, 809 City Hall Annex, Boston.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, DECEMBER 28, 1946.

No. 52

MAYOR CURLEY BROADCASTS CHRISTMAS EVE MESSAGE TO ALL CITIZENS OF BOSTON AND RADIO LISTENERS, WISHING ALL "MERRIEST AND HAPPIEST YULETIDE HOLIDAY" EVER ENJOYED— ALSO WELCOMES ALL VISITORS FOR THE HOLIDAYS, EXTENDING TO THEM ALL COURTESIES AND HOSPITALITY POSSIBLE— BIDS VISITORS ENJOY ALL THE PLEASURES THE "MOTHER CITY OF LIBERTY" HAS TO OFFER AND TO BREATHE AGAIN THE ATMOSPHERE WHERE PATRIOTIC AMERICANS DARED AND DIED THAT THIS NATION MIGHT BE BORN—EXPRESSES THANKS TO CITY EMPLOYEES FOR FAITHFUL AND LOYAL SERVICE.

The following is the Christmas Eve message of the Honorable James M. Curley, Mayor of Boston, broadcast by recording over the Yankee Network from Station WNAC:

Ladies and Gentlemen, and Our Beloved Children of Boston, and All Others Everywhere Who May Be Listening In.

As the Mayor of this fair and historic city, the birthplace of liberty in this lovely land of ours, I desire to extend my heartiest wish, in which I am joined by Mrs. Curley and the members of my family, that you have the merriest and happiest Yuletide holiday of your lives, tomorrow, Christmas Day, December 25, 1946.

To welcome all who visit the historic City of Boston, upon the eve of Christmas, and to extend to them courtesy and hospitality is both an honor and pleasure.

Here began that momentous struggle whose outcome was American Independence, the organization of the United States, and the creation of a democracy dedicated to the principles of government of the people, by the people, and for the people, and the doctrine of equality expressed in civil, political, and religious liberty.

Boston beckons with the extended arms of hospitality, and says: "Come, my children, to the mother city of liberty. Visit the spot where the blood of the white and black man mingled in the baptism of freedom. Visit the beacon light of hope to suffering humanity, where the threat of gibbets failed to stifle the protest of righteously indignant patriots— Old Faneuil Hall."

Visit the Old South Church, sacred to the memory of John Hancock and of Samuel Adams. Visit the Old North Church from which flashed forth Paul Revere's message that made possible the firing of the shot at Lexington Green "Heard 'Round the World." Visit Old Boston Common, Bunker Hill, and Dorchester Heights, where trod the immortal Washington.

Patriots Dared and Died.

Breathe the atmosphere where patriotic Americans dared and died that this nation might have its birth, and, strengthened by the draught at freedom's fountain, go forth as zealous missionaries determined to teach, by individual example, the lesson of the fathers and promote, by every possible means, that degree of economic justice which will instill a new meaning into the words, "My Country 'Tis of Thee, Sweet Land of Liberty"

In visiting Boston, every citizen imbued with the principles of American liberty is coming to the spiritual home of the nation. Home, the sweetest and tenderest word in our language! Sweet, because of the associations it recalls; tender, because of the memories it evokes. It has inspired the song, "Home, Sweet Home," that has touched the heart of the world and given it a common meeting ground.

Special Wishes.

The murmurous babble of the cradled babe, the wondrous music of the child's innocent prattle and infectious laughter, the sweet and patient presence of one whose love and forbearance could ignore error, forget misdeed, magnify good, and the faith of her who daily brought to the throne of God her prayers for our future safety and success— this is the very soul of "Home, Sweet Home"; the spirit of the mothers of men pulsates in every line of the song; and what the mother is to her child, Boston has been to liberty.

I wish at this time to pay my especial thanks to the employees of the City of Boston. As a group, they have been faithful and loyal, not only to me as the Mayor of the City, but to all our people. They are endeavoring to render a most helpful public service.

A few days ago, I received a Christmas greeting from the Mayor and Mayoress of Boston, England. On behalf of all our people, I sent a brief message in reply. That same message I now give to all, in closing. Here it is:

God bless you everywhere you go;
God help you in the things you do;
God grant you every goodly gift
This Christmas and the New Year, too.

Good luck to all of you, and may God bless you. Good night.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, December 30, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

TREASURY DEPARTMENT MAKING NOTABLE RECORD IN HANDLING CITY'S FINANCES AND MEETING OBLIGATIONS—TREASURER HENRY F. BRENNAN MAKES REPORT TO MAYOR SUMMARIZING ACCOMPLISHMENTS IN KEEPING CITY'S FINANCIAL STRUCTURE ON SOUND AND SUCCESSFUL BASIS—OUTSTANDING TAX TITLE LOANS LIQUIDATED AND NO NEW ONES ISSUED—FAVORABLE RATES OF INTEREST WERE SECURED, NET DEBT HAS BEEN REDUCED OVER \$1,000,000, AMONG NUMEROUS ACHIEVEMENTS.

The following letter was received from Henry F. Brennan, City Treasurer, by his Honor the Mayor, a résumé of the activities and accomplishments of the Treasury Department for the year 1946:

DEAR MR. MAYOR,—In accordance with your instructions at the meeting of department heads on December 18, 1946, I submit herewith a résumé of the activities and accomplishments of the Treasury Department, for the year 1946.

Of course, the major activity of this department is the meeting of the large volume of charges against the city. This includes weekly and monthly pay roll payments to city employees at various locations throughout the city, the redemption of coupons and bonds, and the payment to vendors for services performed for all city departments. This work was carried out efficiently and all payments were properly and promptly made.

The department experienced no difficulty in borrowing to finance the city's activities. All outstanding tax title loans were finally liquidated and none issued. Temporary loans in the amount of \$24,000,000 were issued during the year at very favorable rates of interest. This was a reduction from \$32,000,000 in 1945 and the lowest amount borrowed for this purpose in any year since 1931. Outstanding temporary loans at the end of the year will amount to \$4,000,000 against \$8,000,000 outstanding on December 31, 1945. This is the lowest amount outstanding at the end of any year since 1931.

Very favorable interest rates were also obtained on borrowings for such major items as permanent and temporary housing for veterans of World War II, purchase of voting machines and departmental equipment, construction of streets and sewers, and municipal relief loans. Although substantial amounts of debt were issued during the year for these major items, the outstanding net debt of the city will be approximately \$93,200,000 against \$94,719,070.95 at the end of 1946, a reduction of over \$1,500,000.

Tax title redemptions will amount to over \$1,000,000 this year while receipts from sales of foreclosed properties will exceed \$1,100,000. Although additional takings were made, these large amounts received for redemptions will result in the reduction of the tax title account from \$5,979,881.76 on December 31, 1945, to an estimated amount of \$4,600,000 on December 31, 1946.

Whenever possible, security transactions involving trust fund and sinking fund investments were carried out on a competitive basis.

Arrangements have been made with the Law Department for the introduction of legislation in the coming year to facilitate the transfer of City of Boston registered bonds. Statute now requires that all assignments of our bonds be acknowledged before a Notary Public, whereas the general practice in the bond trade is to require the guarantee of a National Bank or Trust Company or a member, or member firm of the Boston or New York Stock Exchange. Because of this difference in requirements, a large percentage of transfers presented at this office must be returned for the assignment to be acknowledged before a Notary Public, thereby delaying the transaction and inconveniencing the parties involved. This proposed legislation will provide that the city's requirements conform to the general practice of the bond trade.

Requests from the Transit Department for the issuance of loans to provide for minor alterations of existing subways and tunnels have been a source of concern to this department for some time. Statutes authorizing the issuance of debt for these purposes usually require that the bonds issued shall not mature for at least forty-five years. The continued issuance of small amounts of bonds for these purposes will extend the life of the existing sinking funds indefinitely. The expense of printing and marketing such small individual issues is also much greater proportionately than that of one large issue. Legislation is therefore being drafted to authorize the city to market one issue of bonds for alterations to all subways.

The department also collaborated with state and city officials in the drafting of legislation providing for the construction of new tunnels and subways in the city.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

LETTER ON SALARY INCREASES.

BUDGET DEPARTMENT.

BOSTON, December 19, 1946.

To All Department Heads.

By direction of the Mayor, the following statement made by him at the department heads' meeting December 18, 1946, relative to salary adjustments is quoted for your information and guidance:

"The Budget Commissioner has notified me that there seems to be considerable misunderstanding on the part of department heads concerning the proposed changes in compensation of employees. As I originally stated, my intention was to make Emergency Compensation Allotment grants now in operation permanent in the proposed plan, and that there should be a general increase equivalent to \$200 per annum for all employees whose compensation was not increased \$400 or more during the last four years.

It is evident from the recommendations already submitted that my intention as outlined above has not been complied with. In order to clarify the situation and to comply with my original intention, the following paragraphs have been submitted by the Budget Commissioner, and are to be complied with by all department heads:

Allow a \$200 increase to all employees whose salaries have not been increased in excess of \$200 since January 1, 1942, with the exception of sliding scale increases.

Allow \$100 increase to all employees whose salaries since January 1, 1942, have been increased \$300, with the exception of sliding scale increases.

No additional increase is to be granted to any employee whose salary has increased \$400 or more since January 1, 1942, whether or not it involved a change in rating, promotion, or transfer from one department to another, the only exception being an increase granted under the established sliding scales."

The forms already submitted which do not comply with the Mayor's statement will be adjusted by this department after comparison with the personnel records. In order to prevent any misunderstanding, due to a possible variation between our records and the department records, it is suggested that you designate a representative of your department to contact the Budget Department and check any amendments made on the forms already submitted.

JOHN A. SULLIVAN,
Budget Commissioner.

PENAL INSTITUTIONS DEPARTMENT CHRISTMAS DINNER.

The following menu for Christmas Dinner, which was planned by Penal Institutions Commissioner Maxwell B. Grossman and Master George F. A. Mulcahy, was served at the House of Correction, Deer Island:

Roast turkey, giblet gravy, dressing, mashed potato, squash, onions, mince pie, ice cream, candy, and fruit.

The turkeys and vegetables were all raised at Deer Island, not only for this dinner, but for hospitals and institutions in the City of Boston.

A moving picture show was also given on Christmas Day.

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

REPORT OF ELEANOR D. UPHAM, DIRECTOR OF SCHOOL LUNCHES, ON ATTENDANCE AT CONFERENCE OF FOOD SERVICE DIRECTORS IN CHICAGO.

The following is a report of the attendance at a Conference of Food Service Directors in Chicago, October 10, 11, and 12, 1946, by Director of School Lunches:

On October 10, 11, and 12, 1946, I had the opportunity of attending the 11th Annual Conference of Food Service Directors in Chicago, Ill. The National School Cafeteria Association held its annual meeting in conjunction with the Food Service Group to consider the formation of one organization, combining the two groups.

The parliamentary procedure necessary to reorganize was followed and the group is to be known as the School Food Service Association. The membership of the combined groups has over fifty per cent in School Lunch work.

There were a number of discussion periods at which important matters of school lunch operation were discussed, including training programs for workers, new equipment, the problem of teacher supervision in lunchrooms, and ways of improving the selection of a better lunch for pupils.

One of the highlights of the conference was a visit to the test kitchen located in the Wells High School. There is a model kitchen adjoining the school cafeteria where a staff of trained dietitians work. Each food item which is used in the city's lunchrooms is inspected, tested for quality, and recommendations as to its purchase are given to the Director of Lunchrooms.

Menus and recipes for all schools are prepared and planned by the test kitchen staff. Training classes for various groups of workers are held at regular times at the test kitchen.

The prices for foods in lunchrooms had been increased a great deal over the prices being charged at the close of schools last June, with the result that less than fifty per cent as much business was being done in the lunchrooms.

The privilege of attending this conference was greatly appreciated.

PRISONERS PAROLED FROM DEER ISLAND FOR CHRISTMAS.

Penal Institutions Commissioner Maxwell B. Grossman, on December 24, made the following announcement:

As Penal Institutions Commissioner of the City of Boston and Suffolk County and in accordance with the provisions of the General Laws, chapter 127, section 141, I shall release on parole for Christmas 35 men from the Suffolk County House of Correction; 10 women from the Charles Street Jail; 6 men from the Charles Street Jail.

These paroles have been granted subject to the following terms and conditions which must be faithfully observed by the persons to whom paroles have been issued: he shall be industrious and lead an ordinary course of life; he shall obey the laws of the city, state and country; he shall abstain from intoxicating liquor and drugs; he shall report every week until expiration of his parole.

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

STATEMENT OF SUMNER TUNNEL EARNINGS FOR 1946.

The following letter, received by Mr. John deMeulenaer, Division Engineer of the Bridge and Ferry Division of the Public Works Department, from the cashier of the Sumner Tunnel Service, has been forwarded to his Honor, the Mayor, for his information. The letter lists the operating costs of the Sumner Tunnel for 1946.

MR. JOHN DEMEULENAER,
Division Engineer.

DEAR SIR,—I am listing figures for the operating costs of the Sumner Traffic Tunnel for 1946.

For the first eleven months of this year, we had total receipts of \$1,579,043.55, and it is estimated that the Tunnel receipts for this year, 1946, will be approximately \$1,690,000, and the total expenditures will be approximately \$1,206,980.

Primary interest on primary bonds..	\$702,750 00
Interest on Series B bonds.....	120,000 06
Interest on Series C bonds.....	13,750 00
Total.....	\$836,500 00
Personnel:	
Permanent employees.....	\$186,043 25
Temporary employees.....	13,973 00
E. C. A.....	16,583 42
Overtime.....	580 33
Total.....	\$217,180 00
Light, heat and power which includes electricity, heat supplied by Printing Department, and gas.....	\$69,000 00
General repairs.....	30,000 00
Miscellaneous services.....	5,800 00
Material and supplies.....	48,500 00

Grand total.....\$1,206,980 00

JOSEPH H. O'BRIEN,
Cashier.

FERRY SERVICE SUSPENDED CHRISTMAS DAY.

It was announced on December 23 by Commissioner Robert P. Curley of the Public Works Department, that ferry service between Boston and East Boston would be suspended for the entire day on Christmas, Wednesday, December 25.

The commissioner announced that following the custom of a number of years, this suspension will be in effect again this year, in order that the employees working in the Ferry Service may be able to spend Christmas with their families.

PART OF VETERANS' CENTER TO BE USED BY FIRST NAVAL DISTRICT CIVIL ADJUSTMENT OFFICE BY CONSENT OF THE MAYOR AND CITY OFFICIALS.

Following a conference held on December 18, between George Curley, representing the Mayor, Commissioner David J. Brickley, representing the Veterans' Service Center, and Lieutenant Commander McLaughlin, representing the First Naval District, a portion of the Veterans' Service Center will be turned over to the First Naval District Civil Readjustment Office for use by them.

Following this conference, the following letter was sent to Rear Admiral Morton L. Deyo, Commandant, First Naval District:

BOSTON, December 19, 1946.
REAR ADMIRAL MORTON L. DEYO,
Commandant, First Naval District.

DEAR ADMIRAL DEYO.—Having conferred with Commissioner David J. Brickley concerning the making available a

space in the Veterans' Service Center on Boston Common, in which the First Naval District Civil Readjustment Office might be centered, I am very happy to write that the Commissioner has made available space for this important office.

As you probably know, the work done by the Civil Readjustment Office is allied to the work done at the Veterans' Service Center where representatives of the Veterans' Housing, of the Federal Expediter, and Vocational Guidance groups administer their particular work.

It is with great pleasure that I, on behalf of the City of Boston, offer this space to you, which, through its use by the First Naval District, will make for another and closer link in the very cordial relations which have always been maintained between the Mayor, as representing the City of Boston, and yourself, as representing the Navy Department in Boston.

With kindest personal regards, I am

Very sincerely yours,

GEORGE JAMES CURLEY.

TUNNEL TOLL SCHEDULE APPROVED.

The Mayor has approved the following request of the Public Works Department:

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—The schedule of tolls and charges for the use of the Sumner Tunnel, approved by the Department of Public Utilities on December 21, 1945, will expire on December 31, 1946.

I respectfully request your authority to continue in effect from January 1 to December 31, 1947, inclusive, the above-referenced schedule, which is as follows:

SINGLE TRIP TUNNEL TOLL RATES.

Class;

1. Truck not in excess of 2 tons capacity	\$0 20
Tractor without trailer	0 20
2. Passenger car	0 20
3. Motorcycle or military vehicles	0 20
4. Truck over 2 tons and up to 5 tons capacity	0 25
Tractor with trailer over 2 tons and up to 5 tons capacity	0 25
5. Passenger car with trailer	0 20
6. Truck over 5 tons and up to 10 tons capacity	0 35
Tractor with trailer over 5 tons and up to 10 tons capacity	0 35
7. Tractor with trailer not in excess of 2 tons capacity	0 20
8. Truck over 10 tons capacity	1 00
Tractor with trailer over 10 tons capacity	1 00
9. Bus with or without passengers	0 35

REMOVAL OF MECHANICALLY STALLED VEHICLES FROM TUNNEL.

Passenger car	\$0 50
Truck or tractor with trailer not in excess of 2 tons capacity	0 50
Truck or tractor with trailer over 2 tons and up to 5 tons capacity	0 70
Truck or tractor with trailer over 5 tons and up to 10 tons capacity	1 00
Truck or tractor with trailer over 10 tons capacity	2 00
Bus	1 50

Upon the receipt of your Honor's approval, I shall ask the Corporation Counsel to prepare a petition to the Department of Public Utilities, asking for its approval, as required by section 9 of chapter 297 of the Acts of 1929, as amended.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

HOSPITAL DEPARTMENT.

Permission has been granted for the temporary appointment of 20 female medical workers at \$18 a week plus \$200 a year E. C. A. and 30 male medical workers at \$19.50 a week plus \$200 a year E. C. A., for three months.

Annette Hicks, 9 O street, South Boston, hospital medical worker, \$18 a week.

CONTRACTS AWARDED.

Permission to award contracts for work materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon December 16 the Mayor approved a contract as indicated in the following letter:

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to the award of a contract for repairing hull, etc., of ferryboat *Ralph J. Palumbo* to the Bethlehem Steel Company, 256 Marginal street, East Boston, the only bidder, at an estimated cost of \$21,480.

BUILDING DEPARTMENT.

PERMITS GRANTED BY THE BUILDING COMMISSIONER TO PERFORM PLUMBING FOR THE WEEK ENDING DECEMBER 24.

PLUMBER.	Location.	Ward.	Nature.	Estimated Cost.

Joseph D. Freedman	25 Tremont street	3	New fixtures	350
S. P. Williams	555 Weld street	20	New fixtures	175

All terms of this contract will be completed within ten weeks after the approval of the contract by the Mayor.

This bid was publicly opened and read October 18, 1946, after advertising in the *City Record* October 5, 1946.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms, commercial houses and contractors for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

ASSESSING DEPARTMENT.

BOSTON, November 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—There is need in the Appellate Tax Board work for ready and more or less constant reference to tax rate amounts on prior tax levy years. The Board has prepared forms for such recording which conform to a restricted similar file extending back through 1930. The present reference books will be readily available to the Board when completed.

At a meeting of the Board of Assessors it was voted to authorize the completion of this work outside of regular office hours on a per hour basis of \$1.50.

It is respectfully requested that this extra compensation be approved for payment to M. Dorothea Sullivan, regular employee.

Respectfully,

PETER J. ALLEN, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission has been given to enter into an agreement with Mark H. Lynch, 85 Durnell avenue, Roslindale, for work covering alterations and additions to the quarters of the Planning Board, 3d floor, City Hall.

As this work will require the services of some half-dozen crafts of the building trades, we feel that the above company is

very well fitted to coordinate this work and carry it to satisfactory completion, with the least amount of delay and interference with the functions of the department, and that the best interests of the city will be served by awarding them this work in a sum not to exceed \$1,800.

Respectfully,

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, November 20, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—On September 25, 1946, your Honor approved a contract for repairs to the Albany Street Disposal Station to Fred J. Wallace, of 13 Hinckley street, Somerville, the low bidder on a publicly-advertised bid.

During the course of the work, it was found that the supporting members were in a decayed condition, and that certain other unanticipated repairs were necessary, for which no provision was made in the aforesaid contract.

This work will have to be done in conjunction with that contemplated under the original contract and it is, therefore, a practical impossibility for another contractor to do this work.

Your approval is requested to issue an extra work order to Fred W. Wallace, 13 Hinckley street, Somerville, for doing this work at a cost not to exceed fourteen hundred (1,400) dollars.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

C. Russo, Inc., has been granted an extension of the time of completion of the contract for the building of sewerage works in Zeller street, Glenhaven Road Brook, Spalding Street Outlet, Neponset avenue, and Bourne street, West Roxbury, from December 2 to December 17, 1946, a period of fifteen days; date of contract September 3, 1946. This extension is requested for the reason that unforeseen obstacles were encountered during the prosecution of the work.

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the heads of departments indicated for permission to reallocate or amend budget appropriations as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Kindly make the following reallocation within Group C of the budget appropriations for this department:

From C-17 to C-13, \$100.

The above reallocation is necessary in order to adjust overdrawn balance in this item.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

BUDGET DEPARTMENT.

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested to the following transfer of funds in the budget of the Superior Court, Civil Session, General Expenses.

From B-35, \$901.58, to B-13, \$75; B-29, \$301.36; C-10, \$185.99; D-2, \$13.73; F-7, \$325.50.

Respectfully,

JOHN A. SULLIVAN,
Budget Commissioner.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is requested for the following transfer in the County budget of this department as follows:

From C-9, \$7.50, to C-10, \$7.50.

This transfer is necessary to pay for the 1946 pocket supplement to the Annotated Laws of Massachusetts.

Respectfully,

JOHN A. SULLIVAN,
Budget Commissioner.

BUILDING DEPARTMENT.

BOSTON, December 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you be kind enough to approve the following transfer of funds within the appropriation of this department:

From A-1, Permanent employees, \$1,605, to B-1, Printing and Binding, \$210; B-4, Transportation, \$1,000; B-42, Miscellaneous, \$80; F-7, Pensions and Annuities, \$315.

B-1, to printing 500 pamphlets of Plumbing Laws.

B-4, increased carfares because of the necessary increase in personnel occasioned by chapter 143.

B-42, corrections to Sanborn atlases.

F-7, to provide sufficient funds to pay the pensions.

Yours very truly,

JOHN J. MAHONEY,
Building Commissioner.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you be kind enough to approve a transfer within the appropriation of this department as follows:

From A-1, Permanent Employees, clerk typist at \$1,400 a year, \$600, to D-1, Office Supplies, \$600.

This amount is required to pay the Printing Department for necessary printed forms.

Yours very truly,

JOHN J. MAHONEY,
Building Commissioner.

CITY PLANNING BOARD.

BOSTON, December 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Authority is requested to reallocate funds as follows:

From B-37, Photographic and Blueprinting, \$25, to B-13, Messenger Service, \$25.

This request is made to cover an unanticipated expense that has occurred in the department since the preparation of the 1946 budget.

Very truly yours,

THOMAS E. MCCORMICK,
Executive Director.

FIRE DEPARTMENT.

BOSTON, December 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's approval to make the following reallocation in the 1946 Fire Department budget is hereby requested:

From B-1, Printing and Binding, \$250, to B-22, Medical, \$250.

The foregoing reallocation is necessary in order to pay bills for medical treatment given to provisional firemen of this department who were injured in the performance of their duties.

Under the law these men can not become members of the Boston Firemen's Relief Fund and therefore are not entitled to any reimbursement for medical expenses from this fund.

At the present time the money allowed in Item B-22 is exhausted and we are holding medical bills in the amount of \$150 which were submitted by provisional firemen who were injured in the performance of their duty as members of the Fire Department.

At least \$250 will be required to pay necessary expenses chargeable to this item for the remainder of the year 1946.

There is a sufficient balance in Item B-1 to provide for the foregoing reallocation.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's approval is requested of the following reallocation in the 1946 Fire Department budget:

From B-1, Printing and Binding, \$220, to B-3, Advertising and Posting, \$220.

The foregoing reallocation of funds is necessary in order to pay for advertising two public auction sales, one for disposal of fire boat, Engine 47, and the other for disposal of two Marine boilers, in the daily papers and the *City Record*.

At present there is only \$29.50 in Item B-3 and the expense of the foregoing advertising will be approximately \$220.

There are sufficient funds in Item B-1 at the present time to allow for the foregoing transfer.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HEALTH DEPARTMENT.

BOSTON, December 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval of a reallocation of funds within the budget groups of the Health Department to cover deficits in the following items:

From B-17, Care of Persons, \$250, to B-1, Printing and Binding, \$250.

From B-17, Care of Persons, \$25, to B-5, Express Charges, \$25.

From B-17, Care of Persons, \$100, to B-14, Motor Vehicle Repair and Care, \$100.

From B-17, Care of Persons, \$500, to B-39, General Repairs, \$500.

From B-17, Care of Persons, \$200, to C-13, Tools and Instruments, \$200.

From B-17, Care of Persons, \$300, to D-8, Laundry, Cleaning, Toilet, \$300.

From B-17, Care of Persons, \$75, to D-11, Gasoline, Oil and Grease, \$75.

From B-17, Care of Persons, \$100, to D-13, Chemicals and Disinfectants, \$100.

From B-17, Care of Persons, \$300, to D-16, Miscellaneous Supplies, \$300.

From B-17, Care of Persons, \$25, to E-1, Building, \$25.

From B-17, Care of Persons, \$75, to E-10, Electrical, \$75.

From B-17, Care of Persons, \$50, to E-13, Miscellaneous Materials, \$50.

Due to increase cost of supplies and materials, the above reallocations are necessary.

Very truly yours,

JOHN H. CAULEY, M. D.,
Health Commissioner.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Kindly transfer from the reserve of Departmental Equipment Non-Revenue loan to the Health Department Motor Vehicle account, the sum of \$936.34, to cover the purchase of motor vehicle equipment.

The original estimate of \$3,000 is not sufficient to provide for the purchase of the automobiles now being ordered.

Yours respectfully,

KARL R. BAILEY, M. D.,
Acting Health Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, November 25, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of the transfers as listed below from available sources outside the Hospital Department, is respectfully requested:

From Available Sources to Hospital Department, D-2, Food, \$20,000.

From Available Sources to Hospital Department, D-5, Medical, Surgical and Laboratory \$25,000.

From Available Sources to Hospital Department, C-12, Medical, Surgical and Laboratory, \$10,000.

From Available Sources to Hospital Department, D-3, Fuel, \$5,000.

It now appears that the unencumbered balances under these items within the Hospital appropriation will not be sufficient to release orders on necessary purchases between now and the balance of the year. The increase in cost on

items routinely used throughout the hospital is the reason for this request.

Your approval of same is respectfully requested.

Very truly yours,

STUART C. RAND,
Acting President, Boston City Hospital Trustees.

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval of a transfer within the hospital appropriation in the amount of \$3,000 from A-2, Temporary Employees, to C-7, Furniture and Fittings, is respectfully requested.

The above amount will be needed to meet the cost of 293 hospital beds received from the War Assets Administration confirming requisition No. 3747 and some incidental small orders for dishes that are badly needed and which are being brought in in small amounts as they can be obtained.

Very truly yours,

JAMES W. MANARY, M. D.,
Superintendent.

INSTITUTIONS DEPARTMENT.

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Child Welfare Division.

From B-17, Care of Persons, \$50, to D-8, Laundry, Cleaning, Toilet, \$50.

To provide toilet articles for the remainder of the year. There will be sufficient balance on Item B-17 to provide for this transfer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Long Island Hospital.

From A-1, Permanent Employees, \$10,000, to B-39, General Repairs, \$10,000.

To provide for installation of plumbing, dumb-waiter, fire doors, magnesite floor covering, etc.; also the building of a diet kitchen, required in setting up a hospital wing in the Nichols building.

There is sufficient balance under A-1 to provide for this transfer, and I feel it is important that the work be started at once.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LAW DEPARTMENT.

BOSTON, December 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested of the following reallocation of funds in the budget of the Law Department for the current year:

From Item A-1, \$165, to Item A-2, \$165.

This reallocation is to provide for the appointment of a temporary stenographer for the balance of the year.

Yours very truly,

JAMES W. KELLEHER,
Acting Corporation Counsel.

LIBRARY DEPARTMENT.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following reallocation for the reasons noted below.

From C-9, \$100, to C-7, \$100.

The above reallocation is necessary for the purchase of two pieces of especially desirable furniture for the outfitting of the new employees' lounges constructed this year.

Respectfully,

MILTON E. LORD, *Director.*

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the following reallocations and transfers for the reasons noted below:

From C-2, \$54, to B-4, \$54.

From E-1, \$246, to B-4, \$246.

From E-1, \$600, to B-5, \$600.

From E-9, \$44.99, to B-8, \$44.99.

From E-13, \$305.01, to B-8, \$305.01.

From E-13, \$125, to B-10, \$125.

From B-28, \$175, to B-13, \$175.

From B-42, \$14.69, to B-13, \$14.69.

From C-5, \$8.81, to B-13, \$8.81.

From C-9, \$39.37, to B-13, \$39.37.

From D-1, \$137.13, to B-13, \$137.13.

From E-13, \$275, to B-13, \$275.

From B-12, \$0.30, to B-19, \$0.30.

From D-39, \$65, to B-37, \$65.

From E-13, \$15, to D-16, \$15.

B-4, this is necessary to provide enough funds for the transportation of persons for the balance of the year.

B-5, the ever-increasing demand upon the library for the lending of books to the Boston schools and the necessity for transporting seldom-used books to storage in the New England Deposit Library has resulted in increasing trucking service during 1946.

B-8, the appropriation for Light, Heat, and Power will be insufficient to meet our obligations to the end of this year.

B-10, increases in rental costs of certain business machines used at the library for the tabulating of book-purchasing statistics will result in an overencumbrance of the account unless the above transfer is made.

B-13, the appropriation for B-13 will be insufficient to meet our 1946 obligations for telephone and telegraph service.

B-19, the additional sum of thirty cents is required to meet remaining charges.

B-37, this sum is necessary in order to purchase a line plate for use in our Printing Department.

D-16, this additional sum is required to make some small miscellaneous purchases.

Respectfully,

MILTON E. LORD, *Director.*

LICENSING BOARD.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Please make the following transfers, in order to cover certain necessary disbursements:

From B-35, \$4.25, to B-10, \$4.25.

From C-10, \$20, to D-1, \$20.

Very truly yours,

WILLIAM T. MOLLOY,
Secretary.

OVERSEERS OF PUBLIC WELFARE.

BOSTON, December 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Central Office Appropriation of this Department:

From F-14, Old Age Assistance, \$75,000, to F-9, Dependent Aid, \$40,000; F-10, Aid to Dependent Children, \$35,000.

F-9, to provide for payment to recipients of relief.

F-10, to provide for payment to recipients of relief.

Very truly yours,

DANIEL A. MURPHY,
Acting Secretary.

BOSTON, December 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Central Office appropriation of this department:

From B-29, Stenographic and Copying, \$45.55, to B-12, Bond and Insurance, \$20.35 (1); B-1, Printing and Binding, \$25.20 (2).

(1) To provide for the payment of insurance premiums.

(2) To provide for the payment of printing the annual report.

From E-9, Machinery, \$4 to E-10, Electrical, \$4.

To provide for the purchase of electric light bulbs.

From F-14, Old Age Assistance, \$4,361, to B-4, Transportation, \$375 (1); B-8, Light, Heat, etc., \$929 (2); B-10, Rent, Taxes, etc., \$817 (3); B-13, Communication, \$1,940 (4); D-2, Food and Ice, \$300 (5).

(1) To provide for conference expenses for members of the staff; also for car fare expenses for staff workers.

(2) To provide for the payment of gas and electric light bills.

(3) To provide for the payment of rental charges.

(4) To provide for the payment of telephone bills.

(5) To provide for the payment of meals for persons who were obliged to work overtime.

Very truly yours,

WILLIAM G. O'HARE, *Secretary.*

BOSTON, December 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Wayfarers' Lodge appropriation of this department:

From C-16, Wearing Apparel, \$40 to B-3, Advertising, etc., \$30 (1); B-39, General Repairs, \$10 (2).

(1) To provide for payment of advertising in *City Record*.

(2) To provide for payment of emergency repairs.

From B-18, Cleaning, \$156; B-22, Medical, \$2, to B-8, Light, Heat, Power, \$158.

To provide for the payment of gas and electric light bills.

Very truly yours,

WILLIAM G. O'HARE, *Secretary.*

BOSTON, December 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfers in the Temporary Home appropriation of this department:

From D-13, Chemicals and Disinfectants, \$35, to B-13, Communication, \$25 (1); B-39, General Repairs, \$10 (2).

- (1) To provide for the payment of the telephone bill.
- (2) To provide for the payment of emergency repairs.

Very truly yours,

WILLIAM G. O'HARE, *Secretary.*

PARK DEPARTMENT.

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval of the following transfer within the Park Department budget:

From B-1, Binding, \$26, to B-3, Advertising, \$26.

This transfer is needed to cover real estate advertising in the Boston newspapers.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval of the following transfers within the Park Department budget:

From A-1, Permanent Employees, Clerk and Stenographer, \$240, Laborers, Mechanics, \$1,260; B-8, Heat and Power, \$200; B-14, Motor Vehicles, \$300; D-11, Gasoline, \$1,000, to A-2, Temporary Employees, \$3,000.

These transfers are needed in order to pay for the services of football officials for the 1946 season.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval of the following transfer within the Park Department budget:

From B-4, Transportation, \$19, to B-16, Care of Animals, \$19.

This transfer is needed to pay for medicine for the animals in this department.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval of the following transfers within the Park Department budget:

From B-4, Transportation, \$18, to B-37, Photography, \$18.

To pay for photographs of garden plots in the Public Garden and Copley square. E-10, Electrical, \$75, to C-13, Tools, \$75.

To pay for tools needed in the Park Department.

B-8, Light and Power, \$125; D-4, Food \$100, to F-11, Workmen's Compensation, \$225.

To pay hospital bill for one of our injured employees.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From, A-1, Permanent Employees, Cemetery workers, to F-7, Pensions and Annuities, \$250.

This amount is available in the A-1 item of our budget and the transfer is requested to provide the necessary money to meet our requirements in the F-7 item of the Cemetery Division budget.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, December 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the transfer of funds within the budget of the Park Department:

From B-4, Transportation, \$60, to B-3, Advertising, \$60.

This money is needed in B-3 to cover cost of advertising park land in the Boston *Herald-Traveler*. The land is at the corner of Commonwealth avenue and Chestnut Hill avenue.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the transfer of funds within the Park Department budget as follows:

From B-14, Motor Vehicles Repair, \$350; D-11, Gasoline, \$300, to C-16, Wearing Apparel, \$650.

This money is needed in C-16 so that we may release requisition and order now being held in Auditor's office for pool suits to be used in the swimming pools in the city. The State Prison is making these suits and they are now ready for delivery. We would, therefore, appreciate an early approval of this transfer.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, December 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request your approval to the following transfer of funds in this department:

House of Correction.

From A-1, Permanent Employees, \$8,975; B-39, Repairs, \$2,425, to C-7, Furniture, etc., \$1,500; B-3, Fuel, \$6,000; D-4, Forage and Animal, \$800; D-8, Laundry, \$250; D-15, Tobacco, \$425; E-13, Miscellaneous Material, \$300; D-11, Gasoline, \$200; C-13, Tools and Instruments, \$125; D-1, Office, \$350; F-7, Pensions, \$1,450.

Increase in prices and large amount of Material and Equipment purchased from the War Assets Corporation, together with the large amount of work performed at the Institution during the year, necessitates these transfers. These will probably be the final requests for transfers and are only the fourth request for transfers or reallocations since the first of the year.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PRINTING DEPARTMENT.

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested for the following reallocation within our current budget:

From B-14, Motor Vehicle Repairs and Care, \$70, to B-5, Express Charges, \$70.

Very truly yours,

JOHN J. TWOMEY,
Superintendent.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Will you kindly grant me permission to make the following reallocation in the Public Buildings Department:

From B-5, \$750, to B-18, \$750.

This request is to take care of existing deficits for washing windows in City Hall and City Hall Annex.

Respectfully yours,

JAMES S. KENNEY,
Acting Superintendent.

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The following transfer is respectfully requested in the appropriation of the Public Buildings Department:

From Available Sources, \$5,200; B-8, Light, Heat and Power, to A-1, \$5,000; A-3, \$200.

This sum is required because of the insufficiency of the original appropriation in the above accounts.

Respectfully yours,

JAMES S. KENNEY,
Acting Superintendent.

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Will you kindly grant me permission to make the following reallocation in the Public Buildings Department as follows:

From C-17, \$20, to C-16, \$20.

This request is to make up for deficits on order for uniforms for elevator operators and ambulance drivers.

Respectfully yours,

JAMES S. KENNEY,
Acting Superintendent.

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Will you kindly grant me permission to make the following reallocation in the County Buildings as follows:

From C-17, \$52, to C-7, \$52.

From C-17, \$59, to C-3, \$59.

On budget Item C-7, in order that this department may supply the Medical Examiner with one-7600D brown couch.

On budget Item C-3, to take care of existing deficit on order to one vacuum cleaner.

Respectfully yours,

JAMES S. KENNEY,
Acting Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Authority is requested to transfer funds as follows:

Lighting Service.

From B-8, Street Lights, \$1,200, to C-17, Gas Lamp Globes, Domes, Mantels and Posts, \$1,200.

This transfer is needed to provide funds for the purchase of the latter item.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 4, 1946.

To HON. JAMES M. CURLEY, *Mayor of Boston.*From ROBERT P. CURLEY, *Commissioner.*
Subject: Reallocation in Sewer Division Budget.

From B-14, Motor Vehicle Repairs, \$15, to B-5, Express Charges, \$15.

This money is to pay express charges on materials purchased from War Assets Administration. No appropriation was allowed for B-5 in 1946.

There is enough money unencumbered in B-14 to meet this reallocation.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Approval is respectfully requested to amend the budget of the Water Division as follows:

Decrease item Supervising Clerks at \$2,500 a year plus \$200 E. C. A. from (2) to (1).

The above adjustment is recommended in order to promote Timothy F. Murphy, Supervising Clerk at \$2,500 a year plus \$200 E. C. A. to Executive Clerk at \$3,000 a year plus \$200 E. C. A., to fill vacancy caused by the death of Arthur E. Gaygin, Executive Clerk, and to combine the duties of both positions. Mr. Murphy is the senior man in the lower grade of Supervising Clerk qualified and willing to accept this position.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Approval is respectfully requested to the amendment of the budget of the Highway Division as follows:

Decrease item Head Chauffeurs at \$2,100 a year from (5) to (4).

Substitute item for (1) Supervisor of Head Chauffeurs at \$2,400 a year plus \$200 E. C. A.

The reason for this request is that I feel that the Highway Division should have an employee whose duties in this capacity would be to supervise, through the Head Chauffeurs, the maintenance of the plant in the garages of this department, and also to supervise the preventive maintenance performed on vehicles of the department by the assigned chauffeurs.

The temporary transfer of Edward Bready, Head Chauffeur in charge of Highland Street Garage, at \$2,100 a year plus \$200 E. C. A. to Temporary Supervisor of Head Chauffeurs at \$2,400 a year plus \$200 E. C. A., is recom-

mended, for a period of six months, pending examination to be held by civil service.

Mr. Bready, while in charge of the Roxbury Garage, has done an outstanding job in the maintenance of this garage as well as the maintenance of the fleet garaged there.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 9, 1946.

To HON. JAMES M. CURLEY, *Mayor of Boston.*From ROBERT P. CURLEY, *Commissioner.*
Subject: Reallocation of Sewer Division Budget.

From B-14, Motor Vehicle Repairs, \$50, to B-13, Telephones, \$50.

This money is needed in B-13 to pay for December telephone bill. Unencumbered balance in this item is \$98.35.

There is money enough in B-14 for this reallocation.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Authority is requested to transfer funds as follows:

Lighting Service.

From B-42, Miscellaneous Services, \$105, to B-4, Transportation of Persons, \$105.

This transfer is needed to provide funds for obligations on latter item.

Respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Permission is respectfully requested to amend the 1946 budget of the Paving Service, Public Works Department, by transferring funds as follows:

From B-14, Motor Vehicles, Repair and Care, \$1,000, to B-39, General Repairs, \$1,000.

This transfer is necessary to provide funds for emergency electrical wiring, the installation of an air compressor and air lines at the Highland Street Garage, Roxbury. There is a surplus in the item for automobile repairs.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Permission is respectfully requested to amend the 1946 budget of the Paving Service, Public Works Department, by transferring funds as follows:

From A-2, Temporary Employees, \$1,100, to F-7, Pensions and Annuities, \$1,100.

The appropriation for pensions and annuities is almost exhausted; this transfer is necessary to provide funds in the pension item for the remainder of the year.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR.—Permission is respectfully requested to amend the 1946 budget of the Paving Service, Public Works Department, by transferring funds as follows:

From B-14, Motor Vehicles, Repair and Care, \$1,000, to B-39, General Repairs, \$1,000.

This transfer is necessary to provide funds for emergency heating system repairs at the Hancock Street Garage, Dorchester, and at the Highland Street Garage, Roxbury.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

REAL ESTATE COMMISSION.

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR.—May we respectfully request your permission to reallocate the following funds:

From A-2, Personal Service, Temporary, \$150, to Emergency Compensation Allotment, \$150.

This transfer is necessary to allow for the payment of E. C. A. for the balance of the year.

Very truly yours,

IRVING LEWIS, *Chairman.*

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—May we respectfully request your permission to reallocate the following funds:

From B-8, Light, Heat and Power, \$2,000, to B-2, Advertising and Posting, \$2,000.

This transfer is necessary to provide for the payment of advertising in the *City Record* of auction sales of foreclosed city property.

Very truly yours,

IRVING LEWIS, *Chairman.*

SOLDIERS' RELIEF DEPARTMENT.

Veterans' Rehabilitation Division.

BOSTON, December 6, 1946.

To HON. JAMES M. CURLEY, *Mayor of Boston.*From DAVID J. BRICKLEY, *Commissioner.*
Subject: Transfer of Funds.

DEAR SIR.—Your approval is requested to amend the budget of the Veterans' Rehabilitation Division of the Soldiers' Relief Department by transferring the sum of \$35 from Item B-13, Communication to Item C-9, Office Equipment.

This transfer will make it possible to purchase the following:

Six Carter desk sets at \$3 each, \$18; two stapling machines at \$7.25 each, \$14.50; two Bates List Finder at \$1.25 each, \$2.50; total, \$35.

This office equipment is required by the clerical employees now located at the Buddies' Club on Boston Common.

Very truly yours,

DAVID J. BRICKLEY, *Commissioner.*

REGISTRY OF DEEDS.

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR.—I respectfully request your approval of the reallocation of \$10 from D 1 to B-13. Each year our estimate in B 13 is reduced, therefore I never have enough money to cover our expenditures

in this item. In D-1 account I have a small balance that can be spared until our budget for 1947 is approved.

Very truly yours,

WM. T. A. FITZGERALD,
Register.

By J. J. MAHONEY,
Assistant Register.

SUFFOLK COUNTY JAIL.

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your permission to transfer within the appropriations of the Suffolk County Jail as follows:

From A-1, Permanent Employees, \$1,959, to C-3, Electrical, \$159; C-13, Tools and Instruments, \$750; E-1, Building, \$150; E-13, Miscellaneous Materials, \$900.

The transfer to the C items is for the payment of electric portable emergency lights and for the purchase of a scaffolding tower, ordered in June, 1946. The E items are for the purchase of sheeting and tacking and for commitments for the remainder of 1946.

Respectfully submitted,

FREDERICK R. SULLIVAN,
Sheriff.

DISTRICT COURT OF CHELSEA.

BOSTON, December 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully submit for your approval the following transfer of funds in the budget of the District Court of Chelsea:

From A-1, Permanent Employees, \$475, to A-2, Temporary Employees, \$300; B-13, Communication, \$175.

From B-4, Transportation of Persons, \$200, to D-1, Office Supplies, \$200.

In Items D-1 and B-13 a deficit now exists in Auditor's office and there will be additional charge from now to December 31, 1946. In A-2 the balance is not sufficient to provide for the number of simultaneous sessions anticipated for balance of 1946 and the vacation days due justice, clerk and assistant clerk.

The available balance in A-1 is due to changes in personnel: One court officer retired at \$2,500, replaced at \$1,800; one clerical assistant, \$1,454.81, replaced at \$1,000. Balance in this item, \$510.77.

Very truly yours,

EDWARD F. CANAVAN, *Clerk.*

MUNICIPAL COURT OF ROXBURY.

BOSTON, December 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that the following sums be reallocated within the budget of the court:

From C-9, Equipment, \$75, to D-1, Office, \$75.

From C-9, Equipment, \$10, to C-17, Miscellaneous, \$10.

Yours truly,

THEODORE A. GLYNN, *Clerk.*

SUPERIOR COURT (Civil Business).

BOSTON, December 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—I will appreciate your approval of the following transfers on the budget appropriations for

the Clerk's Office, Superior Civil Court for Suffolk County.

B-1, Printing and Binding, the sum of \$200 to be reallocated to C-9 and D-1. There is a surplus in this item due to the fact that it has been difficult to get this type of work done because of labor shortages.

C-9, Office Equipment, a transfer of \$100 to this item is necessary to take care of an increase in price of typewriters which became effective after our order had been placed and before delivery had been effected.

D-1, Office Supplies, a transfer of \$100 to this item is necessary to cover increases in prices over estimates.

Thanking you for your courtesy in this matter, I am

Respectfully yours,

THOMAS DORGAN, *Clerk.*

POLICE DEPARTMENT ORDERS.

General Order No. 823.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Thursday, December 19, 1946, at 9.00 o'clock a. m.:

Patrolman John E. McCoy to Division 1.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 824.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officers; effective at the close of business Tuesday, December 31, 1946.

Wherefore, In view of this operation of law, after December 31, 1946, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Patrolman George F. Gillespie, Division 4.

Patrolman Charles J. Donovan, Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 825.

It is a pleasure to extend to all members of the department my best wishes for a Merry Christmas and a Happy New Year.

All officers are to be permitted to enjoy the Christmas Holiday at home insofar as it can be done and Division Commanders will divide the day personnel so that officers will be able to take either the morning or afternoon off on Christmas Day, Wednesday, December 25, 1946.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 826.

The attention of all members of the department is called to the following important notice from the Boston Retirement Board concerning the new State-Boston Retirement System:

IMPORTANT NOTICE.

Those employees of the Police Department who did not become members of the Boston Contributory Retirement System when it became operative some twenty-three years ago and retained their rights under the old free pension system, became members of the new State-Boston System on October 1, 1946.

Unless such employee delivers or mails to the Chief Clerk's Office on or before December 28, 1946, on an official prescribed form, a notice of withdrawal from the new contributory system, he loses his former free pension rights and will be obliged to make a contribution to the new system equal approximately to his salary for a year and a half.

We repeat that this notice applies to all members of the Boston Police Department who did not join the present Boston Retirement System.

The above notice applies particularly to those who did not join the Boston Retirement System.

Every employee of the Police Department who does not wish to become a member of the new retirement system must file the prescribed form with the Chief Clerk, Police Headquarters, on or before December 28, 1946.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 827.

The resignation of Patrolman Santo D. Minutoli of Division 19 having been presented, it is hereby accepted, to take effect as of Monday, December 23, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 828.

The resignation of Patrolman John C. Johnson of Division 17 having been presented, it is hereby accepted, to take effect as of Monday, December 23, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

AIDS PAID TO ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME TAX REVENUES.

Only since 1919 has the state participated widely in the financing of elementary and secondary schools. Before that time state aid to municipalities was less than 2 per cent of the total cost of education, and was granted only to a limited group of towns. In 1919, however, provision was made for payments from the proceeds of the newly enacted personal income tax to every city and town which met certain teacher salary and qualification standards. Except for slight modifications the program is still the same as that established in 1919 (chapter 363, Acts of 1919). Every city and town is paid a fixed amount for every teacher employed (primary reimbursements), and some municipalities with low valuation per pupil receive additional grants (supplementary reimbursements).

STREET CAR FARE IN OTHER CITIES.

The following is a list of some of the large cities that have 10-cent cash fare:

Atlanta, Ga., 10 cents, two tokens for 15 cents; Baltimore, Md., 10 cents, four tokens for 35 cents*; Boston, Mass., 10 cents; Buffalo, N. Y., 10 cents, three tokens for 25 cents; Cincinnati, O., 10 cents, five tokens for 45 cents; Cleveland, O., 10 cents, six tokens for 50 cents; Denver, Colo., 10 cents, three tokens for 25 cents; Houston, Texas, 10 cents, four tokens for 30 cents; Indianapolis, Ind., 10 cents, eight tokens for 55 cents; Kansas City, Mo., 10 cents, four tokens for 35 cents; Louisville, Ky., 10 cents, three tokens for 20 cents; Milwaukee, Wis., 10 cents, six tokens for 50 cents; Minneapolis, Minn., 10 cents, six tokens for 50 cents; Omaha, Nebraska, 10 cents, three tokens for 25 cents; Oakland, Cal., 10 cents, seven tokens for 50 cents; Pittsburgh, Pa., 10 cents, three tokens for 25 cents; Portland, Oregon, 10 cents, three tokens for 25 cents; St. Louis, Mo., 10 cents, four tokens for 35 cents; Seattle, Wash., 10 cents, three tokens for 25 cents; Toronto, Ont., 10 cents, four tokens for 25 cents; Washington, D. C., 10 cents, three tokens for 25 cents.

* Tokens discontinued.

MERCHANT SHIP PRODUCTION.

Merchant vessels built in the United States in 1943 numbered 1,896 with a total deadweight tonnage of 19,239,626, according to a report by Admiral Land, chairman of the Maritime Commission and administrator of the War Shipping Administration. Of these 208, aggregating 2,044,238 deadweight tons, were completed in December. Of the 1943 production, 1,238 vessels were Liberty ships; 70 C-1 cargo ships, 53 C-2 cargo ships; 39 C-3 cargo ships; 5 C-4 cargo ships; 167 tankers; 28 coastal tankers; 57 Liberty tankers; 3 passenger-cargo vessels; 33 coastal cargo ships, including two concrete ships; 16 ore carriers; 27 concrete barges; 46 seagoing tugs; 114 military types, not transports; 53 special types and a considerable number of smaller types, including tugs, barges, etc. Late in 1943, Admiral Land said 2,900 ships were under control of the War Shipping Administration, operated by some 76 general agents of the W. S. A.

FIRE DEFENSES OF FORTY-FOUR CITIES SURVEYED IN 1944, TEN CHANGE CLASS.

During the year 1944 five cities of more than 10,000 population were placed in a better fire insurance classification, and five other cities were put into a poorer class as the result of new surveys made by the National Board of Fire Underwriters or by state rating organizations.

At the end of 1944 a total of 28 cities over 25,000 population were in class 2, 104 cities in class 3, 123 in class 4, and the remaining cities in classes 5 and 6, with none in class 1.

The fire insurance classification of a city is determined through the use of the grading schedule of the National Board of Fire Underwriters in making an engineering appraisal of fire protection facilities.

MODEL FOR BLACKOUT ORDINANCES.

The National Institute of Municipal Law Officers has prepared a blackout ordinance, approved by the Office of Civilian Defense; it delegates reasonable administrative powers to the proper executive officer and contemplates both actual air raid conditions and those of practice blackouts. Several state leagues of municipalities have also prepared model ordinances.

The first city to enact a blackout ordinance was Seattle, Washington, early last year. Many others have done so more recently, the ordinances ranging in character from the type that delegates all authority to the mayor or city manager to those providing no delegation of power but outlining completely the rules for civilian conduct during blackouts. In some cases, at least, the city is declared not liable for damage to persons or property resulting from an authorized blackout.—*Municipal Review*.

FORECAST OF EXPENDITURES IN 1945.

A total of \$308,840,000 is forecast as the expenditures of the transit industry in 1945 for new equipment and maintenance of existing property and equipment. This sum is \$25,000,000 more than the forecast for 1944 made at this time last year, and is \$40,000,000 more than the expenditure ultimately made in 1944.

Total expenditures in 1945 for new equipment are expected to reach \$101,100,000 which compares with \$65,592,000 in 1944. New rolling stock will absorb most of the additional money with \$61,000,000 being allocated to new buses, \$12,000,000 to new cars and \$5,000,000 to new trolley coaches. However, it is estimated that \$20,000,000 will be spent on ways and structures, which is nearly \$5,000,000 more than was spent in 1944. In the power and line departments capital expenditures are forecast at \$3,100,000, which is slightly less than was spent in 1944, but is more than double the amount that was forecast for 1944 at this time last year.

Only moderate increases in maintenance expenditures are forecast for 1945. For maintenance materials the total for 1945 is put at \$78,340,000, which compares with \$76,561,000 spent in 1944. Maintenance labor costs are placed at \$129,400,000 for 1945 compared with \$126,343,000 in 1944.

—Massachusetts Transportation.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 16, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilor Coffey.

The meeting was opened with the salute to the Flag.

AMENDMENT OF ORDINANCE RE SALARIES OF ASSOCIATE TRANSIT COMMISSIONERS.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—I hereby respectfully request your Honorable Body to amend the ordinance submitted by me concerning salaries of department heads and officials in the offices of Associate Transit Commissioners.

It was my intention when I submitted the ordinance now before your Body, to restore all salaries that were reduced in 1938. In that year, the Associate Transit Commissioners received \$7,500 a year. I request and authorize your Honorable Body to amend the ordinance in the case of the Associate Commissioners to read \$7,500 a year, rather than \$6,000 a year.

In my opinion, the greater rate is more justifiable now than ever before in the history of the department. This department has before it a considerable program involving considerable work and effort on the part of all the members of the commission. Their salaries, as all other expenses of the Transit Department, are provided by loan. I respectfully request action on this matter by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Referred to Committee on Ordinances.

LEGISLATION RE TRAFFIC CONDITIONS.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—I transmit herewith to you communication from the City Planning Board, in answer to your order of September 9, 1946, requesting a survey and possible legislation concerning traffic conditions.

Very truly yours,
JAMES M. CURLEY, Mayor

City of Boston,
Planning Board, December 11, 1946
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—In compliance with the following order passed by the City Council at its meeting September 9th, 1946, i. e.:

"Ordered, That his Honor the Mayor request the City Planning Board, the Corporation Counsel and any other necessary city departments to survey, plan and prepare legislation to be presented to the 1947 session of the Massachusetts Legislature in regard to the following matters: In order to diminish or eliminate the traffic congestion and to speed up the flow of traffic in the City of Boston, it is suggested that: (1) A truck terminal be located in the City of Boston. (2) Make out a list of streets in the City of Boston to be widened and request that the work be financed out of the State Highway Fund. (3) Arterial highway for the City of Boston to be financed out of the State Highway Fund."

The City Planning Board submits the following as a partial report of progress:

Arterial highway for the City of Boston to be financed out of the State Highway Fund.

A representative of the Planning Board has been in attendance at conferences with the State Planning Board where legislation has been drafted which recommends the building of an arterial highway in Boston (called the Central Artery), to be financed entirely by State and Federal funds. The proposed bill also recommends that the highway be maintained by the State. This legislation will be submitted to the 1947 Legislature by the State Planning Board and drafts have just been released and I assume are in your hands. We will be glad to discuss them with you.

List of streets in the City of Boston to be widened and to be financed out of the State Highway Fund.

Representatives of the Board have also worked in cooperation with the Postwar Highway Commission's Engineers' Committee in consideration of legislation that would relate to other major traffic thoroughfare improvements in Boston. These must be coordinated with the layout of the Central Artery and doubtless would involve financing, at least in part, by the State.

Truck terminal to be located in the City of Boston.

A study has been initiated by the Board concerning this item. Though the need seems obvious, a proper study which should precede legislation is very complex. The Board will continue its work on this study and make a final report as soon as facts and figures justifying a conclusion can be set in order.

Very truly yours,
WILLIAM STANLEY PARKER, Chairman.
Placed on file.

ENFORCEMENT OF STATUTES RE UNCLAIMED BAGGAGE.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Law Department, relative to your order of June 10, 1946, concerning the enforcement of the provisions of General Laws, chapter 135, sections one to four, against the New York, New Haven & Hartford Railroad and the Boston & Maine Railroad for their refusal to comply with said provisions.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, December 11, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—On June 12, 1946, you transmitted to me the following order passed by the City Council on June 10, 1946:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to take such steps as are necessary to enforce the provisions of General Laws, chapter 135, sections one to four, against the New York, New Haven & Hartford Railroad and the Boston & Maine Railroad for their refusal to comply with said provisions."

The order was passed at the instance of the chairman of the City Council's Committee on Unclaimed Baggage, who stated:

"The Boston & Maine Railroad and the New York, New Haven & Hartford Railroad Company said they would not obey the law because they said the law did not affect them, that under the provisions of the Interstate Commerce Act we had no jurisdiction over them."

From time to time since you transmitted the order, this department has discussed with counsel for both railroads the matter of compliance with the statute. The statute governs the semi-annual advertisement and sale by proprietors of steamboats and railroad corporations of passengers' effects "which have been left and then remain unclaimed at any passenger station or office, or in the possession of any such corporation, proprietors or their agents"; provides for the examination of such effects by the aldermen of the city or the selectmen of the town where the articles may be, and directs that the proceeds of any sale be paid to the Commonwealth. Last week counsel for both railroads finally agreed that there is at least some field within which the statute is operative. Accordingly, they will advise the administrative officers of their respective corporations to file with the City Council in January and July of each year the notices required by the statute.

Respectfully yours,
JOSEPH A. SCOLPONETTI,
Corporation Counsel.

Placed on file.

RESURFACING OF RIVER STREET, WARD 18.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen, I transmit herewith communication from the Commissioner of Public Works relative to the resurfacing of River street, Ward 18, from Business street to No. 1395 River street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
December 11, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface River street, Ward 18, from Business street to No. 1395 River street, and this will advise you that it is too late in the season to undertake this work.

However, this street will be placed on the list to be given consideration during the year 1947.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

IMPROVEMENTS, CHARLES STREET, WARD 18.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of December 2, 1946, concerning the resurfacing of Charles street, Ward 18, and the construction of new sidewalks along both sides of the street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
December 11, 1946.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface Charles street, Ward 18, and to construct new sidewalks along both sides of the street, and this will advise you that it is too late in the season to undertake this work.

However, this street will be placed on the list to be given consideration during the year 1947.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

AMENDMENTS TO ORDINANCE RE FEES FOR COLLECTING AND TRANSPORTING RUBBISH.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—I submit herewith two amendments to the Revised Ordinances. One amendment proposes to increase the fee for the collection of commercial rubbish from eleven cents a barrel to twenty cents a barrel. The other amendment proposes to increase the fee for the transporting of rubbish through the streets from five dollars a vehicle a year to twenty-five dollars a vehicle a year.

Both of these proposed amendments are recommended by the Public Works Commissioner in the attached communication. In the first instance, collection costs have increased perceptibly in recent years and an increase in this fee at this time is justifiable. In the case of transporting of rubbish, the increased costs for further inspections in this regard justify the increase in this fee. It is the intention of the Public Works Commissioner to institute these new fees as of January 1, 1947. Consequently, I respectfully request prompt action by your Honorable Body on the two proposed amendments transmitted herewith.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
December 12, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—The matter of removing so-called commercial rubbish (that is, rubbish which the city is not required under the city ordinances to remove free of charge) is worthy of consideration at this time, and in my opinion, deserving of revision as regards the rates charged for such service. The removal of this type of rubbish comes under two classifications: first, collections made by city forces or by contractors performing work for the city; and second, permits issued to individuals to transport through the streets rubbish which is collected by direct arrangement with the producers.

Under the provisions of section 1 of chapter 27 of the Revised Ordinances of 1925, the Public Works Department "may take and dispose of any refuse upon payment by the producer thereof to the city of such compensation as the Commissioner shall from time to time prescribe." Since July 1, 1932, the city and contractors working for the city have been taking this refuse upon payment of a fee of 11 cents for each barrel. This price is altogether too low under present conditions and, in view of the higher labor and equipment costs prevailing, does not represent a true picture of the cost of the service. Taking into consideration various factors, such as higher labor costs and increased costs of maintaining equipment, etc., which enter into this collection service, I feel that the charge of 20 cents a barrel is a reasonable cost for collecting this type of rubbish, and I respectfully request that the City Council be asked to pass an ordinance to establish this new fee, starting January 1, 1947.

The second matter to which I have referred is the transportation of rubbish through the streets. It is provided in section 14 of chapter 39 of the Revised Ordinances of 1925, that "No person, other than employees of the City engaged in public work, shall in any street carry house dirt, house refuse, or other refuse matter or interfere with the receptacles containing the same, except in accordance with a permit from the Commissioner of Public Works approved by the Health Commissioner."

It is evident from the large number of new requests for such permits which have been and are still being received by this department, in addition to applications for renewal of outstanding permits, that competition along this line has increased considerably, and I believe the time has come when greater control should be exercised over this phase of rubbish removal. It is the intention of this department to set up a system of inspection to follow up this work by seeing that the transportation of rubbish does not cause litter to be strewn in the streets and in that way we shall be able to eliminate many of the complaints received regarding dirty streets. The present fee is \$5 a year for each vehicle, and if this fee were raised to \$25, not only would there be additional income for the city, but we would be in a position to establish the follow-up system I have mentioned, the expense of which would be paid for by the increase in fees.

I respectfully request that this matter be also submitted to the City Council, with the recommendation that a new ordinance be adopted establishing this fee of \$25, which I consider reasonable, to take effect on January 1, 1947.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

AN ORDINANCE RELATIVE TO THE FEE FOR THE COLLECTION OF REFUSE OF MANUFACTURING AND MERCANTILE BUSINESS.

Be it ordained by the City Council of Boston, as follows:

Section 1. Section one of chapter twenty-seven of the Revised Ordinances of 1925 is hereby amended in the thirty-fourth and thirty-fifth lines of said section by striking out the words "such compensation as the commission shall from time to time prescribe" and inserting in place thereof the words "twenty cents a barrel."

Section 2. This ordinance shall take effect beginning with the first day of January, 1947.

Referred to the Committee on Ordinances.

AN ORDINANCE CONCERNING THE FEE FOR THE TRANSPORTATION OF GARBAGE AND OTHER REFUSE THROUGH THE STREETS.

Be it ordained by the City Council of Boston, as follows:

Section 1. Section one of chapter six of the Ordinances of 1938 is hereby amended in clause three establishing the fee for the permit for vehicles used in the removal and transportation of garbage and other refuse by striking out \$5 and inserting in place thereof \$25.

Section 2. This ordinance shall take effect beginning with the first day of January, 1947.

Referred to Committee on Ordinances.

PAYMENT OF CONNERS BROTHERS COMPANY CLAIM.

The following was received:

City of Boston,
Office of the Mayor, December 12, 1946.
To the City Council.

Gentlemen,—Statutes of 1945, chapter 622, entitled "An Act Authorizing the Payment by the Commonwealth to The Connors Bros. Company of a Certain Sum of Money in Settlement of a Claim," provides as follows:

"Section 1. For the purpose of discharging the moral obligation of the commonwealth in the premises, and after an appropriation has been made therefor, there shall be allowed and paid out of the treasury of the commonwealth to The Connors Bros. Company, a Maine corporation, the sum of forty-eight hundred dollars in full settlement of its claims arising out of a certain contract it had with the Suffolk County Courthouse Commission.

"Section 2. The city of Boston is hereby authorized to pay to the commonwealth, upon certification by the treasurer thereof, its proportion of the amount herein authorized as and in the manner provided by section four of chapter five hundred and thirty-four of the acts of nineteen hundred and six, as amended. No payment shall be made by the commonwealth under this act until it has received said proportionate payment from said city. No payment shall be made hereunder until there shall have been filed with the comptroller an agreement, signed by said The Connors Bros. Company, that the amount, if any, paid or to be paid for legal services rendered in connection with the passage of this act shall not exceed ten per cent of the sum paid or payable hereunder.

"Section 3. This act shall take full effect upon its acceptance during the current year by vote of the city council of said city, subject to the provisions of its charter, but not otherwise."

On December 31, 1945, your Honorable Body passed, and the then Mayor approved, the following order:

"Ordered, That chapter 622 of the Acts of 1945, entitled 'An Act Authorizing the Payment by the Commonwealth to the Connors Brothers Company of a Certain Sum of Money in Settlement of a Claim' be, and hereby is, accepted."

The proceedings in the City Council on December 31, 1945, before the passage of the order indicate that your Honorable Body intended not only to accept the Act but also to direct the City Treasurer to pay to the Commonwealth the city's proportion upon certification by the State

Treasurer. Technically, however, the order passed simply accepts the Act. The State Treasurer has certified that the city's proportion of the amount authorized to be paid to The Connors Bros. Company by St. 1945, c. 622, is thirty-two hundred dollars (\$3,200); but said sum cannot be paid in the absence of an order directing its payment. That the intent of the city officials on December 31, 1945, may be effectuated, I recommend the passage of the accompanying order.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That under authority of chapter six hundred and twenty-two of the Acts of nineteen hundred and forty-five, entitled "An Act Authorizing the Payment by the Commonwealth to The Connors Bros. Company of a Certain Sum of Money in Settlement of a Claim," the sum of thirty-two hundred dollars be paid by the City Treasurer from the Contingent Fund to the Commonwealth of Massachusetts, said sum being the amount certified by the State Treasurer under said chapter.

Referred to Executive Committee.

APPROPRIATION FOR STATE-BOSTON RETIREMENT SYSTEM.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—The attached request from the chairman of the Boston Retirement Board for an appropriation of \$10,000, to meet the pension liabilities of the city under the State-Boston Retirement System for the months of November and December of the current year, has my approval.

I am forwarding herewith an order transferring the said sum of \$10,000 from the Reserve Fund, and respectfully recommend consideration and adoption by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Boston Retirement Board,
December 10, 1946.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—In order to meet the pension liabilities of the city under the State-Boston Retirement System for the months of November and December of the current year, it will be necessary to transfer from some available source to the State-Boston Retirement System Pension Fund, the sum of \$10,000; therefore, the Board respectfully requests that the same be made available.

Very truly yours,
W. J. DOYLE, Chairman.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$10,000, to the appropriation for Special Appropriation, State-Boston Retirement System Pension Fund, \$10,000.

Referred to Executive Committee.

SALARY ADJUSTMENTS IN COUNTY COMPENSATION PLAN.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—I transmit herewith recommendations of the Budget Commissioner concerning salary adjustments in the County Compensation Plan.

The purpose of these recommendations is to make it possible for county employees to receive the same cost of living increase as city employees. I am in agreement with the recommendations of the Budget Commissioner, and I respectfully recommend passage of the accompanying order by your Honorable Body in sufficient time so that it may be possible to institute these increases for county employees on January 1, 1947.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Budget Department, December 16, 1946.
To the Mayor and City Council.

Honorable dear Sirs,—In order that the officers and employees of Suffolk County, whose compensation is controlled under the provisions of the Compensation and Classification Plans, may be granted the same consideration the Mayor has authorized for city employees in the matter of a general compensation adjustment, it is necessary to make a revision in the County Compensation Schedules.

The Mayor's authorization comprises two steps: First, the present Emergency Compensation Allotment payments are to be made a part of the regular compensation; and second, an additional increase of \$200 is to be granted to all employees, excepting

those who have in recent years received exceptional or extraordinary treatment in the matter of increased compensation, both of these adjustments to be effective January 1, 1947.

Under the provisions of Rule 7 of the "Rules for the Administration of Classification and Compensation Plans for the Employees of Suffolk County," I submit the following recommendations for the revision of the schedules of compensation:

1. In all classifications, under the ranges of compensation on an annual basis, increase \$400 the minima, maxima, and intermediate increments.

2. In all classifications, under the ranges of compensation on a weekly basis, increase \$7.68 the minima, maxima, and intermediate increments.

3. In all classifications, except County Auditor, County Treasurer, and Deputy County Auditor, on a fixed salary basis, increase the same \$400.

4. In all classifications, except Laborer, on a flat wage basis, increase the weekly wage \$7.68. Increase the weekly wage in the classification Laborer to \$38.76.

5. In all classifications, under the ranges of compensation, the salary of which is on an annual basis with a maximum which is not to be exceeded, increase each maximum by \$400.

6. In the classification "Copyist", under the range of compensation, increase the established rates as follows:

Record pages, ten cents (\$0.10) per page of approximately forty (40) lines.

Certified copies, five cents (\$0.05) per page of approximately twenty-five (25) lines.

Collectors' notices, ten cents (\$0.10) per page.

Water liens, ten cents (\$0.10) per page.

The above increases in piecework compensation have been arrived at after consultation with the Register of Deeds, and are based on the average annual earnings of Copyists, and will increase their future earnings approximately in the same proportion as other county employees whose salaries are on an annual or weekly basis.

7. In all classifications affected by the foregoing revisions there shall be no changes in the duties as defined in the County Compensation and Classification Plans.

Respectfully submitted,

JOHN A. SULLIVAN,
Budget Commissioner.

Ordered, That the Compensation and Classification Plans for the Officers and Employees of Suffolk County, as amended, be, and the same hereby are, further amended, to be effective January 1, 1947, as follows:

1. In all classifications, under the ranges of compensation on an annual basis, increase \$400 the minima, maxima, and intermediate increments.

2. In all classifications, under the ranges of compensation on a weekly basis, increase \$7.68 the minima, maxima, and intermediate increments.

3. In all classifications, except County Auditor, County Treasurer, and Deputy County Auditor, on a fixed salary basis, increase the same \$400.

4. In all classifications, except Laborer, on a flat wage basis, increase the weekly wage \$7.68. Increase the weekly wage in the classification Laborer to \$38.76.

5. In all classifications, under the ranges of compensation, the salary of which is on an annual basis with a maximum which is not to be exceeded, increase each maximum by \$400.

6. In the classification "Copyist", under the ranges of compensation, increase the established rates as follows:

Record pages, ten cents (\$0.10) per page of approximately forty (40) lines.

Certified copies, five cents (\$0.05) per page of approximately twenty-five (25) lines.

Collectors' notices, ten cents (\$0.10) per page.

Water liens, ten cents (\$0.10) per page.

7. In all classifications affected by the foregoing revisions there shall be no changes in the duties as defined in the County Compensation and Classification Plans.

Referred to Committee on County Accounts.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$7,161.68 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1946 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$211,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$7,161.68, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, December 16, 1946.
Hon James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$7,161.68 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of..... \$7,161 68
When making up the budget estimates for the year 1946, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1946, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$7,161.68 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence
on January 12, 1887, Maintenance
and Improvement of..... \$7,161 68
Referred to Executive Committee.

TRANSFERS WITHIN AND BETWEEN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—The inclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Snow Removal, \$75,000, to the appropriation for Hospital Department, \$75,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, \$1,300, to the appropriation for Public Welfare Department, Temporary Home, \$1,300.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Municipal Court, Roxbury District, \$1,000, Municipal Court, West Roxbury District, \$500, Medical Examiner Service, Northern Division, \$500, \$2,000, to the appropriation for Municipal Court, City of Boston, \$2,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Granite Avenue Bridge, \$750, to the appropriation for Municipal Court, Charlestown District, \$750.

Referred to Executive Committee.

APPOINTMENT OF DAVID J. BRICKLEY.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—In order to comply with the provisions of chapter 599 of the Acts of 1946, an ordinance has been submitted to your Honorable Body establishing a Department of Veterans' Services. This ordinance is now awaiting your action.

To further comply with the provisions of the aforesaid Act of the Legislature, it is necessary that the Director of the Veterans' Service Department be appointed by the Mayor, and such appointment approved by the City Council. I, therefore, hereby appoint David J. Brickley, of

296 Temple Street, West Roxbury, to be Director of Veterans' Services, and I respectfully request approval of said appointment by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the appointment by his Honor the Mayor, of David J. Brickley, to be Director of Veterans' Services of the City of Boston, for the term ending April 30, 1950, be, and hereby is, confirmed and approved.

Referred to Committee on Constables and Confirmations.

APPOINTMENT OF GEORGE T. SULLIVAN.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—I hereby appoint, subject to confirmation of your Honorable Body, George T. Sullivan of 1102 Morton street, Dorchester, to be an Assistant Director of Veterans' Services.

Mr. Sullivan has been an employee of the Soldiers' Relief Department for the past twenty-five years. He is thoroughly conversant with the problems of the veteran, and will, in my opinion, be a valuable official in the Veterans' Service Department. Mr. Sullivan is a veteran.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the appointment by his Honor the Mayor, of George T. Sullivan, to be an Assistant Director of Veterans' Services, be, and hereby is, approved and confirmed.

Referred to the Committee on Constables and Confirmations.

APPOINTMENT OF DEPUTY DIRECTORS OF VETERANS' SERVICES.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the City Council.

Gentlemen,—Under the provisions of chapter 599 of the Acts of 1946, I hereby appoint George J. Devin of 82 Regent street, Roxbury, and Thomas J. Sheehan of 1066 Canterbury street, Roslindale, to be Deputy Directors of Veterans' Services.

These gentlemen, both veterans, have served in the office of the Soldiers' Relief Commissioner for periods of eighteen and fifteen years, respectively, and both are exceptionally qualified for the position of deputy director.

In order that the Department of Veterans' Services may begin functioning on January 1, 1947, as required by law, I respectfully request approval of your Honorable Body of these appointments.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the appointment by his Honor the Mayor, of Thomas J. Sheehan, to be Deputy Director of Veterans' Services of the City of Boston, be, and hereby is, confirmed and approved.

Ordered, That the appointment by his Honor the Mayor, of George J. Devin, to be Deputy Director of Veterans' Services of the City of Boston, be, and hereby is, confirmed and approved.

Referred to the Committee on Constables and Confirmations.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Joseph Ballota, for compensation for damage to car by fire apparatus.

Charles Cady, for compensation for damage to truck by truck of Fire Department.

Valentine Coddling, Jr., for compensation for loss of jacket at City Hospital.

James E. Cox, to be reimbursed for accident which occurred while in performance of duty as employee of Public Works Department.

Eleanor Grant, for compensation for injuries caused by an alleged defect at Harvard place and Washington street.

William F. Hooley, to be reimbursed for execution issued against him.

Arthur Kress, for compensation for damage to car by police motorcycle.

Arthur E. Mayo, to be reimbursed for accident which occurred while in performance of duty as employee of Park Department.

James E. McCall, for compensation for damage to car by city car.

John P. Nickerson, for compensation for loss of overcoat at Boston City Hospital.

William M. and Evelyn M. Tolman, for compensation for damage to car by fire truck.

Peter Veino, for compensation for loss of clothing at City Hospital.

John Weisman, for compensation for damage to property at 19 Zellar street, caused by water being shut off.

Executive.

Petition of Ethel M. Fitzgerald, to be paid annuity on account of death of her husband, James L. Fitzgerald, late member of Police Department.

Committee on Licenses.

Petition to operate bowling alleys on the Lord's Day: The Congress Billiard & Bowling Supply Co.; Clement J. Dore, at 1505 Veteran of Foreign Wars Parkway, West Roxbury.

Petitions for driveway openings: Coventry Realty Trust, at 15 Coventry street; Sun Spots, Inc., at 270 Rutherford avenue, Louis Gateman, at 1981-1997 Washington street, Ward 9.

OFFERS TO PURCHASE LAND AT CLEVELAND CIRCLE.

The following were received:

Exchange Realty Company,
40 Court Street, Boston, Mass.

December 16, 1946.

City of Boston,
Boston, Mass.

Dear Sirs,—We hereby offer to purchase a certain parcel of land at Cleveland circle, containing 31,368 square feet, adjoining land now or formerly of Allston Theatre, Inc., and having a frontage on Chestnut Hill avenue of 125.63 feet, free and clear of all encumbrances except sewer rights and easements, for the sum of \$55,000.

This offer is made upon the express condition that the property shall be zoned for commercial purposes.

A check for \$10,000 payable to the City of Boston is deposited herewith as evidence of good faith, which, if the offer is accepted, is to be applied toward the payment of the purchase price. The balance of the purchase price is to be paid in cash or by certified check on delivery of the deed.

Papers shall pass in 60 days after the acceptance of this offer, unless some other time is mutually agreed upon.

Exchange Realty Company,
EDITH J. ALLEY, Treasurer.

New England Land Company,
75 Federal Street, Boston 10, Mass.

December 13, 1946.

Mr. John B. Hynes,
City Council, City Hall.

Dear Sir,—Enclosed herewith you will find a copy of the letter to his Honor Mayor Curley in which we offer to purchase the vacant land in Cleveland circle for a price of \$51,100.

We have also sent a copy of this letter to the President of the City Council. Will you please, as Secretary of the Council, call this offer to the attention of that Body and ask them to consider it in connection with the order which is pending before them.

Very truly yours,
New England Land Company,
ALBERT H. HYLAND, President.

Boston, December 13, 1946.

Hon. James M. Curley, Mayor,
City Hall, Boston.

Your Honor,—This company makes an offer to purchase from the City of Boston for a price of \$51,100 the vacant land on the south side of Chestnut Hill avenue, at Cleveland circle, Brighton, containing about 33,000 square feet of land. This property is more particularly described on a plan of the City of Boston marked "City of Boston, Chestnut Hill Avenue, Brighton, October 25, 1946."

You will find enclosed herewith certified check of our attorneys, payable to the City of Boston, in the sum of \$10,000, as evidence that this offer is made in good faith, this amount to be used as part payment of the purchase price upon the acceptance of this offer.

In the event that this offer is accepted, it is planned to erect upon this property a modern super market, together with other stores, which buildings and other improvements will necessitate an expenditure of not less than \$125,000 in addition to the cost of the land.

Upon the acceptance of this offer we shall be prepared to receive title to the premises and to pay the balance of the purchase price, both without delay, subject, of course, to a report upon the title by our legal counsel.

Would you please refer this offer to the City Council or to the committee which has charge hereof in the hope that the offer can be accepted by the proper authorities.

Very truly yours,
New England Land Company,
ALBERT H. HYLAND, President.

Severally referred to the Executive Committee.

CONSTABLES' BONDS.

The constables' bonds of Bert Oppenheim and Lewis Gilbert, having been duly approved by the City Treasurer, were received and approved by the Council.

CONSOLIDATION OF PRECINCTS, WARDS 1 TO 4.

The following was received:

City of Boston,
Board of Election Commissioners,
December 12, 1946.

Mr. John B. Hynes, City Clerk,
Room 31, City Hall, Boston.

Dear Sir,—The following is a vote of the Board of Election Commissioners taken under date of November 15, 1946:

Voted, to decrease the number of precincts in Ward 1, from 24 to 12 in number; in Ward 2, from 17 to 8 in number; in Ward 3, from 19 to 12 in number; in Ward 4, from 15 to 10 in number.

These decreases (consolidation of precincts) have been made possible by the installation of voting machines. These changes, which will make a total of 362 precincts in the City of Boston, are set forth in the description accompanying this letter.

The new precinct lines are to become effective for the police listing of January 1, 1947.

Very truly yours,
Board of Election Commissioners,
EVERETT R. PROUT,
Commissioner and Secretary.

Placed on file.

SALARY INCREASE, HOUSE OF DETENTION EMPLOYEES.

The following was received:

City of Boston,
Police Department, December 13, 1946.

Mr. John B. Hynes,
City Clerk, City Hall.

Dear Sir,—In accordance with provisions of chapter 147, section 19, General Laws (Ter. Edit.), concurrent approval is requested of the Honorable City Council in establishment of annual basic salaries paid to certain employees of the House of Detention of this department, listed as follows, to be effective as of January 1, 1947:

Chief Matron, from \$1,900 a year to \$2,250 a year; Assistant Chief Matron, from \$1,700 a year to \$2,050 a year; Assistant Matron, from \$1,600 a year to \$1,950 a year; Permanent Substitute Assistant Matron, from \$1,600 a year to \$1,950 a year.

Explanation.—It is understood that payment of said salaries and wages is dependent upon an appropriation being made by the City Council in advance of the actual payment, in accordance with Circular Letter No. 23, dated December 2, 1946, issued by Office of the Mayor, City Hall, Boston, to Heads of City and County Departments (who) are authorized to provide for all positions, "Other than Those the Compensation of which is Fixed by Statute or Ordinance."

In the letter of his Honor the Mayor it is proposed to make all existing E. C. A. rates permanent and to allow a permanent \$200 increase to employees.

Very truly yours,
T. F. SULLIVAN, Police Commissioner.

Referred to Executive Committee.

HOUSING FOR VETERANS.

A communication was received from the State Board of Housing concerning public hearing held December 13, 1946, at City Hall concerning need of veterans' housing, and adoption of a resolution that an acute shortage of housing exists which can only be relieved by action of the city under section 6 of chapter 372 of the Acts of 1946.

Placed on file.

RANGE OF COMPENSATION IN CLASSIFICATION "VISITOR."

The following was received:

City of Boston,
Budget Department, December 16, 1946.
To the City Council.

Gentlemen,—Your order passed December 2, 1946, for an amendment of the Compensation and Classification Plans for the Officers and Employees of Suffolk County, to change the range of compensation in the classification "Visitor," has been considered, and I approve of the same. Upon investigation I find that the duties of Parole Agent and Visitor are so similar in nature that there appears to be no definite reason why both classifications should not receive the same rate of compensation, particularly in view of the fact that the only employees with these classifications are connected with the Penal Institutions Department.

Therefore, I am of the opinion that this is a proper and necessary amendment to the Compensation Plan.

Respectfully submitted,
JOHN A. SULLIVAN,
Budget Commissioner.

Referred to the Committee on County Accounts.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

Report on order (referred December 2) to amend Compensation and Classification Plans by changing range of compensation for classification "Visitor"—that same ought to pass.

Report accepted; said order passed.

APPROPRIATION FOR SOCIAL LAW LIBRARY.

President KELLY offered the following:

Ordered, That there be allowed and paid to the proprietors of the Social Law Library the sum of one thousand dollars (\$1,000) for the maintenance and enlargement of said library, said sum to be charged to the appropriation for County of Suffolk, Social Law Library.

Passed under suspension of the rule.

RE-ESTABLISHMENT OF FIVE-CENT FARE ZONES.

Coun. MADDEN and KEENAN offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested by his Honor the Mayor to consider the re-establishment of five-cent fare zones in the various sections of Boston because of the hardship caused shoppers and workers in many areas. In any event the fare shall not be more than five cents for persons going to and from church on Sundays.

Coun. MADDEN—Mr. President, I realize that the Boston Elevated may or may not be operating at a deficit. I have no quarrel with some of the Boston Elevated men whom I believe are very conscientious men. But I feel in view of the fact that the State Legislature has seen fit to literally adopt the Boston Elevated Company and whereas they seem to be immune from examination, it does not seem quite fair to me that they at this time, without any hearing and without any apparent justification, without giving the people their day in court, raise the fares on short hauls throughout the system. I do not know the conditions in the other wards. I do know in my ward we have a bus line running down Market street, three-quarters of a mile from the shopping center. For many years people have been going to Brighton Center to do their shopping. Now, under the terms of the new order, they will have to pay ten cents, of course. It is the same with people living in the Oak square section who want to go to Brighton Center, the big shopping center. Each of those rides, and many others throughout every section of the city, is apparently less than a mile in length. It seems to me there is not much justification for the Elevated discontinuing the short rides without at least making some showing. I think the people of Boston are entitled to the courtesy of having the Elevated at least go before the Public Utilities Commission or some other authority and show why it was absolutely necessary and mandatory at this time that fares be raised. It does not make sense to charge people ten cents for half a mile ride while other people can ride all day long, mile after mile, for the same fare.

I realize the Elevated is under tremendous expense. They have had to buy new equipment. There is no question but what they have raised the salaries of employees quite a bit. However, I think that this is quite arbitrary to raise fares. I think the public generally are entitled to a hearing. Unless it can be shown that the Elevated is operating in short hauls at a loss, the people are entitled to retain the same old fare of five cents.

Coun. SCANNELL—Mr. President, I want to go along with Councilor Madden on this order. In my district in South Boston, we have probably an area of two miles into the subway on the Broadway line. It was very funny the other day to see a child get on a street car no more than six years old. The conductor demanded that the child pay ten cents car fare going from L street to F street on a North Station car. The same applies to the South Station. There should be something done in regard to raising fares on these local lines. I do not think it is fair for the Boston Elevated Trustees to charge ten cents in my district, as in Councilor Madden's district, to a person, an old person, going four or five blocks where other people can ride nine or ten miles on a ten-cent fare. Now, there are old folks in my district on the upper end of South Boston who come down to the shopping area six or seven blocks away. The fare is ten cents down and ten cents back. Let us look into the Elevated. Let us look at some of these men holding big jobs, if they want to raise money. Let us look into some of the ways they buy some of this equipment. We can save some real money. It is not fair to take it out on some of the poor people in my district and the poor people of some of the other districts represented by the members of this body. The rich get richer and the poor get poorer. The way the trustees are raising these fares. I do not think it is fair for the trustees to do that. I think they should amend their order and bring back the five-cent line in my district. I think it is about time the Legislature, at least the Republican Legislature that threw this legislation upon the

people of Boston twenty years ago,—that was the time something should have been done about it. It is about time that the state or city buy the Boston Elevated Railway. That is when the people of Boston are going to get a fair break as far as fares and services on the road are concerned.

Coun. CANTWELL—Mr. President, I am in accord with Councilor Madden's order. I know it will affect the people in my district very much. Some of the factories and paper mills give men the opportunity at noontime to go back and forth to dinner. It is going to add a considerable amount and cost them 40 cents a day to get back and forth to work and home to dinner. I think the Elevated should hold up that until the state has a chance to audit their books and find out that there really is a deficit or whether it is poor management of the Elevated. I am in accord with Councilor Madden.

Coun. LINEHAN—Mr. President, some years ago I was very fortunate in securing a five-cent fare from South Boston to the City Hospital during visiting hours in the hospital. At that time I think we proved to the trustees of the Elevated before they granted us the right to travel to the hospital for five cents, it would be a paying proposition. Up to this time I have been given to understand it was a paying proposition to pay five cents for the ride. There are many other rides, a few other rides, from Councilor Scannell's ward into the South Station, a run of about two miles I would say, and also when you get out of Andrew Square going to Broadway, a distance of half or three-quarters of a mile, where you get a ride for five cents. It seems unfortunate to think the Boston Elevated Trustees believe that the school riders should pay 10 cents for half a mile ride. It does not seem like good business. It is my understanding every line from South Boston for five cents going to the City Hospital or the center of Boston, Kneeland street,—every one of the five-cent lines has been a paying proposition at five cents. I understand that the Boston Elevated Trustees agree that they are paying lines at a charge of five cents per ride. It seems to me the things the trustees have to get after are the things that are not paying. For example, if you are going to Arlington from Dorchester or Ashmont for a ten-cent ride or probably about ten miles, certainly the people out there, paying ten cents are getting much more than the people from South Boston get for five cents when they ride half a mile. That goes for the other five-cent lines throughout Boston. The gentleman from Ward 6 (Councilor Scannell) and myself spoke about the five-cent lines. We realize there are other sections of Boston also which have short hauls for five cents. It seems to me those lines which are not paying at five cents probably should be raised to ten cents. All those lines that are paying and proving profitable for the Elevated at five cents should not be increased. Increase those lines that are losing. That seems good business. I sincerely hope that the trustees will look into this matter more thoroughly and raise the lines that are unprofitable and not raise the lines already showing a good profit. I, in sincerity, hope that the order is passed which the gentleman from Brighton presented.

Coun. BRYAN—Mr. President, the people of my district strongly oppose the rise in the local fares in the street car and bus lines. On Saturday I made it my business to check with some of the operators and the residents of my district. They have made it kind of bad for the operators on street cars and buses. People are refusing to pay the additional fare. They put a nickel in the box. On the transfer lines, some of the men told me that they were using the transfers over again to go back instead of going in the same direction the transfer was issued for. On the local five-cent fares I believe the trustees of the Boston Elevated should look into it very deeply and give the people a break. I think it is a very bad time to increase the fare, especially on the short runs. I want to go along with Councilor Madden's order.

Coun. KEENAN—Mr. President, I introduced a similar order last week relative to increases of the various fares of the Boston Elevated. I noticed yesterday as I was going to church quite a number of elderly people going less than half a mile were charged ten cents. Also the children going to the movies were charged ten cents. If Councilor Madden would not have any objection, I would like to have my name go on the order and ask that an amendment be made, that if they are going to keep the fares at ten cents the Sunday fare should be five cents for people going to church. I hope that Councilor Madden has no objection.

President KELLY—Have you any objection, councilor?

Coun. MADDEN—None whatsoever.

Coun. RUSSO—Mr. President, may I have the clerk read the amendment?

(The clerk read the order and the amendment.)
Coun. RUSSO—Mr. President, I am heartily in accord with the order presented. I feel that the Council as a whole is of the same opinion. Therefore, I do not want to take more time to say or to repeat what the previous councilors said. We feel the five-cent fare should remain five cents. It would be a hardship to many working people who have to take a bus to get to work or to their destination, if this increase stays in effect. In my district we have bus lines that were receiving a five-cent fare. Many of them go to the Massachusetts General Hospital or pass by there. People do take the Boston Elevated

and pay the nickel to get there perhaps no more than a third of a mile. Therefore, I do hope the trustees will reconsider their move and let the five-cent fare remain.

Coun. CHASE—Mr. President, speaking on the order, I feel, sir, that the Elevated is taking undue advantage over the car riders in charging an extra five cents on the small bus rides. I am of the opinion that the Elevated in the past four or five years have been conducting their business at a profit. Through smart bookkeeping methods, they have been able to produce deficits. I think, Mr. President, if the authorities were to thoroughly check into the Elevated books, they would find, sir, that they have been replacing their worn-out equipment with brand new cars and charging it up to their operation of business. Under normal conditions, if they had not bought the new cars they would be operating at a big profit and not a deficit. I think the Elevated management is grossly guilty of mismanagement. I believe that we have a way of striking back at the Elevated if we see fit to carry it through. I believe, sir, we have the power to invite other bus lines into the city of Boston and ask them whether or not they are willing to carry on a bus line business on a five-cent basis on these particular routes. If you recall some time ago this Council threatened to invite outside bus lines in, in competition with the Boston Elevated when they threatened to increase their five-cent bus rates to ten cents. I think, sir, we should do something along those lines. If an outside concern is willing and able to carry on at a profit, we will say the Huntington avenue bus line, and do so at a five-cent fare. I think we should invite these outside lines in. I contend, sir, that the bus rides in my district are not worth more than five cents a ride. I think, sir, that the Elevated is stepping beyond the realm of reason in charging their car riders a ten-cent fare for a quarter of a mile ride on a bus and ten cents for a six to nine-mile ride from Hyde Park to Arlington Heights. That just does not make reason. Now I propose that we invite at a public hearing all outside bus lines in to determine whether or not they would be willing to operate bus lines in the city of Boston on a five-cent basis. I see no reason, sir, why the citizens of Boston should be compelled to pay ten cents for half a mile ride or a mile ride when people from Arlington Heights and other places can ride into Boston on a six or seven-mile ride for ten cents. I think in justice to the people of the city of Boston whom we represent that we should make every effort to contact the management of the Boston Elevated to hold these five-cent lines down to five cents. One way we can do it, sir, is to invite outsiders, ask them if they are willing to take franchises on the streets of Boston for five-cent bus lines. I think you would be surprised as to the number of bus lines that would be willing to come in. I propose to request you, as President of the Council, to hold a public hearing inviting the different bus lines in Massachusetts in here at a public hearing in order to determine whether or not they would be willing to accept franchises in Boston for a nickel ride on bus lines.

Coun. COOK—Mr. President, I am in accord with Councilor Madden's order except that I think that it is too limited. I do not see why shoppers or workers on Sundays are the only things we have to consider. When the summer comes around, or even in the winter, you have the younger people who go to Franklin Field or Franklin Park out in my district. It seems to me that the order that should be adopted should be to tell the Boston Elevated they had better stick to the five-cent zone for the benefit of all the people of Boston. There are too many factors involved for the City Council to try to tell them now which class of people should not come under the ten-cent fare. If the City Council has any power at all to ask them, I ask you, Mr. President, to take such action as will stop the Boston Elevated continuing the ten-cent fare throughout the city.

Coun. KINSELLA—Mr. President, the Elevated is looking for more revenue. It seems to me they might devise a system of coupons or tokens and sell them to the transfer riders at two for a quarter, which would mean an increase of two and one half cents in the ten-cent fare each way. Some years ago it was estimated the Elevated handled 139,000 people an hour. It is obvious that the average is much more than that today. By comparison, few, if any of them, are short riders. I know that in Charlestown we have a condition that is to be matched in every ward in the city. For example, on a Sunday morning you will notice the car stops as close as half a dozen streets away from church where you will find elderly people waiting for a car about quarter past the hour to take them to church for 9.30, 10.30 or 11.30 or whatever time Mass is called. They ride possibly a distance of a quarter to a little more than a quarter of a mile and pay five cents up and five cents home. This is true also at night during the week when the ladies, the young women, have their sodality meetings. I suppose in the last analysis it is what it is worth to the riders. It is immaterial how much the Elevated charges. It is also immaterial whether they pick a bad season of the year. I do not think it is any more comfortable, for example, trudging over the bridge from Charlestown when the thermometer is 92 in July and August than it is uncomfortable to walk over the bridge in December and January when the thermometer is down around 20 or 10 above. Whether or not our criticism will have any effect on the action of the trustees in making that order, I do not know. I think if we speak as individuals

car riders perhaps we can get to the meat of the matter rather than to talk for people who probably are content with paying in view of the fact they know they must pay or walk. We have a metropolitan population coming into Boston of 1,500,000 people every day. We were reliably informed there were 5,000 or 6,000 automobiles that come in from suburban Boston. If each car coming into Boston from outside Boston every day carried five persons, it makes only about a maximum of 30,000 people coming into the city by means of automobiles. Contrast that with the many thousands that you will see between 7 and 9 o'clock at any one of our terminals of the Boston Elevated, and then you get an idea of the source of revenue there is in increasing the long rides, the rider referred to coming from Arlington Heights, increasing his fare from ten cents one way to twelve and one half cents one way every day, and issuing tokens or coupons at two for a quarter. They can be bought ten or twelve a week, and used every morning and evening to get back to the community. If they work five days a week they buy ten. If they work six days a week, they buy twelve. If they come into the city to the theatre or on Sunday, they buy fourteen. They are greater sources of revenue than some of the welfare recipients, elderly people who must go out and about regardless of the weather and for whom it is a hardship to walk any appreciable distance. I can leave my home in Charlestown in the morning and walk to the City Hall, if I am not transported, in about twenty-five minutes. The East Boston service, the best I can get on the Brattle street run, is twenty minutes. That is predicated on freedom from obstacles of any kind along the Elevated right of way. I am considerably younger than many people and fortunately for myself I am in a better position to pay ten cents than the people for whom I think I speak. I want to be careful not to hold them up as paupers or people so impotent another five cents is going to break them. It is not the amount of money, it is the inherent injustice. There is something to be said for the person characterized as the long-distance rider paying only ten cents for the convenience and protection and speed of riding let us say from Everett station to Forest Hills, and the person who gets on, for instance, at the top of Bunker Hill street in Charlestown and rides down to Chelsea street to City square, over the bridge and into the subway at Brattle street for a nickel. If it is worth it, they will pay it regardless. But the out-of-town rider who gets so much more for five cents now should be asked to pay a very small increase, two and one half cents each way. To avoid delay at the turnstiles and terminals, no cash fares should be accepted since it is extremely difficult to try to move thousands of people with any dispatch by taking odd-price fares. The Elevated once before, some years ago, had a seven or seven and one half cent fare for which you received a token or coupon. I do not know why they cannot set up such a system now and claim such assets from hundreds of thousands of transfer riders, most of whom can stand two and one half cents increase one way or five cents a day, and maintain the five-cent fare for those of limited means or those whose necessities and requirements dictate a short ride. Sometimes it is as little as two or three stops, depending on the weather. I do not know who it is that should suggest this to the trustees. I think I should be the first one to say this, that undoubtedly they must have thought of such a plan because of the greater revenue. I would like to know their reason for not adopting it because an infinitesimally small portion of the hundreds of thousands of transfer riders would use their cars rather than pay. It is much more expensive to take a car across the roads from West Roxbury to Arlington and into the heart of Boston, whether or not you pay parking fees, than it is to pay another five cents a day. If they have not thought of that I bring them more revenue as a public servant to bring them more revenue and spare those who are less able to pay.

Coun. CAREY—Mr. President, I do not know what you are going to do with these orders that have been presented and undoubtedly will be introduced here today. It seems to me that if we are hoping to accomplish anything in the way of getting back to the five-cent fare, one of the best things to do might be to have a hearing before the City Council and invite the trustees of the Boston Elevated, including Mr. Dana, to come here and give us their side of the picture. These orders, of course, sound well, and the speeches and criticisms that accompany them also make an impression, but, as a rule, they just get passing attention and are not given the consideration they should be given. Now the members of the City Council are in earnest about these orders. It was disappointing to know that the Elevated disregarded the opposition of the governor and everyone else and did not even postpone at this, the coldest time of the year, the discontinuing of the five-cent fare. Personally, I think it was despicable for the trustees to impose that penalty at this particular time of the year. They are going to force the people to accept a discontinuance of the five-cent fare because of the fact that the older folks and the younger ones as well do not like to stand on the street corners and do not like to walk. They would rather pay the additional levy of five cents for the short ride. One of my colleagues mentioned people going to church. You can stand at Brigham Circle any morning of the week and you will see the older folks riding three blocks from Brigham Circle to the Mission Church. It is a crying shame to have the trustees

of the Elevated take advantage of these people by taxing them an extra nickel. Five cents was enough for that bus trip. The bus was going past the Mission Church, anyway. The Elevated should have been thankful for the fact they could get that particular revenue from the five-cent passengers. Now, what do they want to do? Soak them another five cents while people are riding from the furthest end of Arlington to the furthest end of Dedham for the same ten cents. The people in my district going not over two or three blocks now must pay ten cents. Is that being fair to the car riders? The Elevated, of course, has a great number of excuses which they think justifies the discontinuance of that five-cent fare. I was talking with Mr. Dana the other day. He tells me the Elevated still has to pay one and one fourth million dollars a year to guarantee the dividends of the wealthy people who own the Elevated stock. It is about time we had this Republican-dominated Legislature in the State House actually get on the ball and play fair with the car riders on the Elevated system. Most of these people who own Elevated stock do not know what it is to ride in an Elevated car or bus. They have an expensive limousine. It is the poor unfortunate who must ride, who is forced to pay the ten-cent fare. Now, let this Republican Legislature be fair this year. We are sick and tired of hearing complaints from this source and that about the guaranteed dividends, resulting in a huge deficit. Let those who can afford to pass up the dividends, the guaranteed dividends, do so and take a gamble, the same gamble any other stockholder takes. There will be demands on the representatives and senators. I understand there are several bills going to be introduced some of which have been already introduced before the incoming Legislature, asking that the guaranteed dividend be done away with. I do not know why these fellows from the sticks keep putting on the taxpayers of Boston and the other fourteen cities and towns, the continuous insistence that they pay these deficits. It is a guaranteed dividend to which they are not entitled. We are going to have a Republican administration take over the affairs of the state beginning the first of January. Let us see what they will do to bring about the discontinuance of that deficit and to give a real, decent and fair break to the Elevated patrons. I sincerely hope, Mr. President, that if these orders go to the Committee on Public Safety, it will be for the purpose of conducting a hearing at which Mr. Dana and the trustees will be invited and will come, in order that we might all sit down and see if something cannot be worked out, some means devised, to get back to the five-cent fares. It looks to me as if it is mighty poor business on the part of the trustees to pass up a possible revenue, a revenue they have been getting from people willing to pay a nickel to ride two or three blocks. They are not going to continue to pay it, and if they do, it is a holy shame to force them to do it. It seems to me something could be worked out so that we all might come to a better understanding of the situation. After all, the City of Boston is more vitally concerned than any other part of the state in this five-cent fare proposition. If we can sit down with the trustees, I have no doubt his Honor the Mayor will attend such a hearing and we will see if something cannot be done to bring before the public the facts that warrant in the opinion of the Elevated Trustees the discontinuance of the five-cent fare. We should have it back. I certainly hope the trustees will put the five-cent fare back into operation at the earliest possible date.

President KELLY—Referred to the Committee on Public Safety. I trust the chairman will conduct a hearing some day this week.

Coun. KINSELLA—Thursday morning, at 11 o'clock. They should meet in the Chamber, and I hope everybody will be here.

President KELLY—Thank you. Thursday morning at 11 o'clock the Committee on Public Safety will hear the order.

The order was referred to the Committee on Public Safety.

BROCK STREET, WARD 22.

Coun. MADDEN offered the following:
Ordered, That his Honor the Mayor instruct the Public Works Commissioner and Street Commissioners to lay out and repair Brock street from Washington to Oakland streets, Ward 22.
Passed under suspension of the rule.

NAMING OF BRIGHTON PARK.

Coun. MADDEN offered the following:
Ordered, That the Park Commissioner confer with the committee designated by his Honor the Mayor to consider names for parks and, if convenient and possible, name the Hano playground in Brighton the George Riley Stevens playground.
Passed under suspension of the rule.

ZONE FARES ON ELEVATED.

Coun. SULLIVAN and LINEHAN offered the following:
Ordered, That the Boston Elevated Railway Company's Trustees be requested, through his Honor the Mayor, to give study and consideration, if additional revenues are desperately needed, to the

proposition of increasing the fares according to the distance travelled by the car rider so that short haul riders will not be penalized by raising the five-cent fare to ten cents.

Coun. SULLIVAN—Mr. President, this is similar to the order just previously committed to the Committee on Public Safety in opposition to the change in the five-cent fare. Most of the car riders in Boston on the five-cent fare hauls, none of them are over or exceed a three-mile limit. These people are being penalized because of a deficit in the Boston Elevated. According to the figures released, Boston will have to pay somewhere in the vicinity of \$2,000,000 this year to make up a deficit of \$3,000,000. Besides paying this \$2,000,000, they are now getting hit with this increased fare of an additional five cents. As has been brought out by previous speakers, the riders from the adjoining towns can come in here to Boston with better service at a ten-cent fare. I believe if a study was given so that riders should pay on the basis of the distance traveled, these people that have been enjoying over a period of years the ten-cent fare and the better service in these outside cities and towns, better than what Boston has been receiving, will start paying a little more over a period of time instead of the taxpayers of the City of Boston. Most of your transportation systems are set up on the basis of mileage. Any of our five-cent zone limits today, and I am stretching it a point when I say three miles, far exceeds the rates which are set up throughout the country by the public utilities on transportation rates. Increasing these rates to ten cents is exorbitant. It should be ruled out by the courts in the petitions now pending before them. I hope that this will be referred and that we can get some action. We, in Boston, should get some relief from the Boston Elevated so that the short haul car rider will not be penalized.

Referred to the Committee on Public Safety.

ROPING OFF SECTIONS OF PLAYGROUNDS FOR SKATING BY SMALL CHILDREN.

Coun. BRYAN offered the following:

Ordered, That his Honor the Mayor direct the Park Commissioner to issue instructions for the roping off of a section of each playground in Ward 20 used for skating in order that small children may be properly protected from injury by adult skaters.

Passed under suspension of the rule.

OPERATION OF FIVE-CENT BUS LINES IN BOSTON.

Coun. CHASE offered the following:

Ordered, That the City Council invite the various bus line managements in Massachusetts and elsewhere to attend a public hearing in the Council Chamber in order to determine whether or not they would be willing to operate five-cent bus lines in the City of Boston.

Coun. CHASE—Mr. President, I have in mind, sir, that several years ago threats were made to the Elevated that in the event they saw fit to take away the Huntington avenue bus line, the City Council would entertain the possibility of inviting an outside bus line in to operate on a five-cent basis on Huntington avenue. Mr. President, we have that authority to grant to any bus line the right to operate on the streets of Boston. I do not think, Mr. President, the Boston Elevated management would look too kindly on such a move. But I say to you, sir, inasmuch as we represent our constituency who in each instance are overwhelmingly in favor of a continuation of a five-cent fare ride in our district, we have no alternative but to make this move in order to determine whether or not it will be possible to have some sort of bus service in our respective wards on a five-cent fare basis. I have been told, sir, there are a number of selected spots in the City of Boston where many outside bus lines would be very happy to come in and operate. I have been told, sir, that they could operate at a handsome profit on a five-cent basis. Well, sir, the Elevated has caused us to take this move. The Elevated has forced the representatives of the people to invite competition. I see no alternative, sir, if the Elevated will not continue their five-cent lines but for us to invite outside bus companies to come in and operate these very same bus lines on a five-cent basis. I think, sir, in order to determine whether or not it is feasible we should first hold a public hearing and notify every worth-while bus line company in the state, and if necessary, to go outside the state in order to give any enterprising company who would be willing to come in and accept such a franchise the opportunity to do so. I move, sir, that the Council adopt the order.

President KELLY—Do you want to refer this to the Committee on Public Safety with the others to hold a hearing? The Chair will refer this order to the Committee on Public Safety, unless you have any objection, councilor.

Coun. CHASE—Mr. President, I hope, sir, that the Committee on Public Safety will hold a public hearing and will notify all of the bus line companies in this state and if necessary, notify even outsiders of the fact that we are holding a hearing in order to determine the feasibility of outside companies carrying on a five-cent bus line in the City of Boston.

Coun. COOK—Mr. President, this is more a point of information which might lead to a point of order. I understand the Boston Elevated goes to other cities besides the City of Boston. I am doubtful about the right of the City Council to set itself up as a body to hear outside bus competitors over whom we have no say at all.

Coun. CHASE—Mr. President, will the gentleman yield?

President KELLY—Do you yield, councilor?

Coun. COOK—I do.

Coun. CHASE—Mr. President, in answer to the gentleman from Roxbury, I say that we have the right to grant licenses to bus lines. We have been doing so all along. Any bus line that desires to operate in the streets of Boston first has to get the consent of the City Council. To my knowledge that is all they do need, the consent of his Honor the Mayor and the City Council.

Coun. COOK—Mr. President, I am not in the position of arguing against the merits of getting cheaper rates or keeping present rates. What puzzles me is the fact that even though we may and have to give the licenses in the City of Boston that is only one part of the granting of the franchise and the licenses, especially where it affects other cities. It seems to me that after we give a license for buses, it still has to be approved by the Department of Public Utilities in the State House. Even though I would not mind having a public hearing, I would mind if it were to no avail. I understand the Attorney General's office is now in the process of investigating the books of the Boston Elevated Company to determine why they have this so-called deficit. I would not be surprised if they came up with the opinion that some of the expenses the trustees have put down as operating expenses are illegal and that they have not been operating at a deficit. I think we are hamstrung by the fact that their destinies are more controlled by the powers in the State House than by the City Council. I do not know what we would accomplish at a public hearing except to get a lot of publicity and a lot of cross statements which later on may prove either embarrassing or not true. I certainly do not think the City Council should go into the business of auctioneering off franchises, or even land deals.

Coun. CHASE—Mr. President, may I ask the City Clerk, through you, sir, as to whether or not I am correct in my contention that the City Council has the authority to grant licenses to bus companies to operate on the streets of Boston?

President KELLY—That is correct, councilor, subject to the Mayor's approval and subject to the approval of the Department of Public Utilities.

Coun. CHASE—Mr. President, having in mind that we primarily are interested in securing a five-cent bus rate in our respective districts, I do not think we should be bothered with the possibilities as to whether or not his Honor the Mayor or the Department of Public Utilities would approve of this proposition. The fact is, sir, that if we conduct a public hearing where various bus line managements are in attendance —

Coun. MUCHNICK—Mr. President, a point of order. Haven't you already referred this to the Committee on Public Safety?

President KELLY—I am trying to. I have been interrupted on two or three occasions.

Coun. MUCHNICK—I thought you had, Mr. President.

President KELLY—I have been interrupted by two or three councilors. I am on the way.

Coun. CHASE—It would seem to me, Mr. President —

Coun. MUCHNICK—Mr. President, are you going by way of bus or street car line?

President KELLY—I am trying to go as fast as I can.

Coun. CHASE—Mr. President, it would seem to me, sir, that the logical thing to do in order to determine the advisability of the continuation of the five-cent bus lines is to determine whether or not they can be operated profitably. Are we to accept the word of the Boston Elevated? Suppose, sir, that at a public hearing we had twenty competitive lines come in and most willingly accept our proposition that they could operate a five-cent bus line in Boston and do so at a profit. What would the Council do under those conditions? Would they refuse to allow some outside bus line to come in and give our constituency a five-cent bus ride in their districts? This is merely a preliminary move, sir. I think that the Council would be acting wisely in determining that a public hearing should be held, whether or not it would be advisable to have outside companies come in, in direct competition with the Elevated. I repeat that we have the authority to grant licenses to bus companies to operate on the streets of Boston.

Coun. COOK—Mr. President, a point of order. It seems to me that even if the gentleman now arguing is right in saying we have the power to give licenses, we only have that power when there are applications for licenses. So far as I know, there are none. I am curious as to whether he is inviting applications for licenses.

Coun. CHASE—Yes, most certainly, Mr. President, I would be happy to answer his question. I most certainly am inviting each and every bus line in the State of Massachusetts to attend this public hearing and to be queried and quizzed on the proposition as to whether or not they would be willing to operate five-cent bus lines in the City of Boston.

Coun. COOK—Mr. President, a point of order. In view of the last answer, it seems to me we have

no authority to listen to any more discussion because the City Council is not in a position to invite applications for licenses. They are supposed only to hear applications for licenses when they are filed. Therefore, I suggest to the President any further discussion on this is out of order.

President KELLY—While the Chair might state that Councilor Chase made a move to have the order passed under suspension of the rules, the Chair made a statement he would refer the order to the Committee on Public Safety if there was no objection. Now Councilor Chase opposed that, and that is why we have got into this cross-current discussion with the various councilors. The Chair still intends to refer the order to the Committee on Public Safety when the councilor gets through talking. Councilor Chase, will you kindly try to confine your remarks to the contents of the order so we can get along?

Coun. CHASE—Mr. President, I am very much surprised, sir, that any of my colleagues would be indirectly opposed to any proposition which might continue giving five-cent bus transportation to the —

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order. Nobody is opposed to the proposition. Some of us are opposed to the lengthy repetitions. That is all.

Coun. COOK—Mr. President, a point of personal privilege. I do not think it is fair to any councilor to construe the motives of any councilor who objects to what he is trying to prove. I strongly object to being placed in the category of being against the five-cent fare. I just got up and said I was in favor of it. I do not like any other councilor to get up and misconstrue my statements.

President KELLY—That is right, councilor, although it is not a point of personal privilege.

Coun. CHASE—Mr. President, I do not see why any councilor knowing the authority of the City Council in granting the right to bus lines to operate in the City of Boston should get up and object to this order. I do not know, sir, what would prompt him to do such a thing unless he desires it to be within the law. To my knowledge, it is a futile gesture to make when we all know our constituency are clamoring for a continuation of the five-cent fare, to get technical about a proposition such as I have offered. It is beyond my comprehension. My proposition is a reasonable one. It is merely inviting various outside bus line companies to come in and attend a public hearing in order to determine the advisability of their operating five-cent bus lines in the City of Boston in competition with the Boston Elevated. Why anyone should object directly or indirectly is beyond me. I think, sir, that in view of the move of the Boston Elevated Railway, that my proposition should not be referred to any committee. We have already considered orders of two of my colleagues. I feel we should bring this matter out into the open. I think the Council should adopt it. I think within a week or two at the latest we should have this proposition acted on so that various bus line managements will attend a public hearing in this very Chamber in order to determine the advisability of giving the Boston Elevated competition with the five-cent bus lines. I think, sir, the quicker we adopt the order the better it is going to be for the five-cent-fare-riding public in your district and in my district. I move suspension of the rule and adoption of the order.

Coun. KINSELLA—In place of reference to the committee?

President KELLY—That is right, councilor. The Chair will rule where there is no matter for the Council to act on before it, that there is a question in my mind as to whether a public hearing is in order. I shall ask the City Clerk for a ruling on it. A public hearing would not be in order. There is nothing for the Council to act on.

Coun. CHASE—Do I understand you correctly, sir, that we in our councilor capacity have not the right to use this Council Chamber to conduct a public hearing in order to determine such a proposition?

President KELLY—Councilor Chase, I am going to answer the question this way. I had intended to refer the order to the Committee on Public Safety. They could use this Chamber to hold a public hearing. That is right. But you are asking for suspension of the rules on this order. I was referring it to the Committee on Public Safety where I feel it belongs.

Coun. CHASE—Mr. President, I think the order is important enough to have suspension of the rules and passage of the order inasmuch as the quicker we enlighten the Boston Elevated to the fact that we mean business the better it is going to be for our constituency.

Coun. KINSELLA—Mr. President, a point of order. In view of the fact that the Chair has just announced as its final decision suspension of the rule, that also carries with it the passage of the order and obviates the necessity for any more explanation.

President KELLY—Councilor Kinsella, the Chair has not ruled in order unless the councilor agrees to let the President of the Council refer it to the Committee on Public Safety.

Coun. KINSELLA—Mr. President, a point of information. Did I or did I not within five minutes ask if suspension of the rule meant withdrawal from the Committee on Public Safety, and the Chair answered "yes"? Is that so?

President KELLY—On Councilor Chase's motion, by conferring with the City Clerk I find out the order is not in order, councilor.

Coun. KINSELLA—For disposition either way? President KELLY—No. It can be referred to the Committee on Public Safety, but it is not in order to pass under suspension of the rules because the Council has nothing before it at this time.

Coun. CHASE—Mr. President, a point of order. If the Chair refers it to the Committee on Public Safety, my point is that it is not the proper committee before which to have these facts heard, because public safety deals with conditions that exist or have existed, and since this is an order that seeks to solicit transportation in the city there are no public safety factors to be considered by the Committee on Public Safety. I do not think it is correct because it happens to be an Elevated order following the other two which concern present conditions. The condition that Councilor Chase speaks about is one that will come about if there are more transportation lines and while I do not know what committee it could properly be referred to, it definitely is not now in the category of public safety questions.

President KELLY—Well, councilor, I think it is the only committee that the order can reasonably be sent to, except the Executive Committee.

Coun. MUCHNICK—Mr. President, a point of order. If I understand correctly, the order reads that the Council shall hold a public hearing and not that the Committee on Public Safety shall hold a public hearing.

President KELLY—That is right.

Coun. MUCHNICK—Assuming that was sent to the Committee on Public Safety and they did whatever they wanted, whether by way of public or private hearing, they can come back to the Body with a recommendation.

President KELLY—That is right.

Coun. MUCHNICK—There being no means by which the councilor as such could have the Council hold public hearings, regardless of what our recommendation was, we still could not hold one. The order, it seems to me, is out of order, no matter where you send it.

President KELLY—The Chair is willing to send it to the Committee on Public Safety unless the gentleman still insists on passage under suspension of the rules. Then the Chair will have to rule it out of order.

Coun. MUCHNICK—Will you rule on my point of order, that the whole thing is out of order, no matter where you send it?

President KELLY—The Chair stated he is willing to send the order to the Committee on Public Safety unless the gentleman insists on passing it under suspension of the rules. Then the Chair will rule the order is out of order.

Coun. CHASE—Mr. President, I would like some enlightenment. I understand, sir, that the members of the City Council rule supreme in this City Council Chamber. We have the exclusive use of this Chamber. Having that in mind, sir—

Coun. MUCHNICK—Mr. President, a point of order. Don't we have exclusive use under the rules of the Council?

President KELLY—That is right, councilor. The Chair has made a ruling—

Coun. CHASE—Mr. President, will you be good enough to show me in the rules, sir, how such a ruling was made? What rule would you go by in making such a ruling?

President KELLY—The Chair will state it is not a written rule, just a rule of common parliamentary law, councilor.

Coun. CHASE—Mr. President, I submit, sir, that we have been going by our written rules, and I insist we maintain the procedure of this Body.

President KELLY—The Chair has made a ruling. If you insist upon passing this order under suspension of the rules, he will have to rule the order out of order. The Chair is willing to send it to the Committee on Public Safety. You can appeal the ruling of the Chair.

Coun. CHASE—Mr. President, I move the matter be referred to the Executive Committee where many of our colleagues here interested in maintaining this five-cent bus line service for our constituency will be given an immediate voice in the matter. I move, sir, it be referred to the Executive Committee today.

President KELLY—The Chair will accept that motion. The order was referred to the Executive Committee.

EXTENSION OF BUS LINE FROM CLEARY SQUARE TO ROSLINDALE SQUARE.

Coun. CANTWELL offered the following:

Ordered, That the trustees of the Boston Elevated be requested to extend from Cleary square to Roslindale square the bus line now being operated from Hyde Park avenue to the corner of Metropolitan avenue and Washington street, to serve a greater area and more residents of this district.

Coun. CANTWELL—Mr. President, we have a new bus line running now for a little over a year known as the bus line that starts nowhere and ends nowhere. This bus line starts about a quarter of a mile this side of Cleary square and ends a few hundred yards this side of Roslindale square. In order for the people who use that bus to go shopping in either square, they must change to another

car or walk the rest of the distance. At the time when they put the bus on, their reason for not running it to those two points was that they were short of buses. At the present time they have a layover of five minutes on each end. The distance is short. I hope they can see fit to run the buses to those particular squares.

The order was passed under suspension of the rule.

STANDARD APPLICATION FORM FOR WIDOWS' ABATEMENT AND OVERVALUATION CASES.

Coun. CANTWELL and HANNON offered the following:

Ordered, That the Board of Assessors be directed to establish a standard form of application for widows' abatement and overvaluation cases whereby such a property owner, who has been granted an abatement or adjustment of the property assessment, be granted this same adjustment each year without the necessity of filing, unless the status of the property is changed.

Coun. CANTWELL—Mr. President, in many cases where a widow receives an abatement she must come in every year and file all over again. I cannot understand why there cannot be an application that would be granted every year unless the status has changed.

The order was passed under suspension of the rule.

PARKING ON COMMONWEALTH AVENUE FROM EXETER STREET TO KENMORE SQUARE.

Coun. MUCHNICK offered the following:

Ordered, That his Honor the Mayor consult with the Board of Park Commissioners and the Traffic Commissioner concerning the advisability of setting aside the reservation on Commonwealth avenue from Exeter street to Kenmore square for the purpose of providing parking space for automobiles.

Coun. MUCHNICK—Mr. President, I do not usually like to step beyond the confines of my own ward. This is a problem which it seems to me affects the city as a whole. On Commonwealth avenue there is a central reservation which on both sides has ample room to park hundreds and possibly thousands of automobiles, and thus help relieve the traffic congestion in the city. I do not know if under the particular statute and the land restrictions covering Commonwealth avenue whether that is possible. That is why the order seeks to have the Mayor consult with the Board of Park Commissioners as well as the Traffic Commissioner. I do know this, Commonwealth avenue, particularly from Hereford street down to Kenmore square, has changed considerably in the last 10 or 15 years. It no longer is wholly a street on which most homes were occupied by one family. In the last 10 or 15 years that condition has changed considerably. At present on that stretch of Commonwealth avenue we have a great number of boarding houses. We have many apartment houses. We have many doctors' and dentists' offices. We have a great number of hotels. There are very few garage facilities which are available either to the people who live there or to the people who come there to visit at the hotels or see their doctors.

Coun. BAYLEY—Mr. President, will the councilor yield for a question?

President KELLY—Will you yield, councilor?

Coun. MUCHNICK—Yes.

Coun. BAYLEY—What district do you represent in the City Council?

Coun. MUCHNICK—I have been elected by the citizens of Ward 14, as I understand it, to help represent the City of Boston and no particular section thereof.

Coun. BAYLEY—Mr. President, a further question. Does the gentleman claim to represent the people of Commonwealth avenue in Ward 5?

Coun. MUCHNICK—I make no claim to represent any specific group of people in the city. I am attempting to the best of my ability to do my best for all the people in the entire city.

President KELLY—Does that answer your question?

Coun. BAYLEY—Not very satisfactorily.

Coun. MUCHNICK—Mr. President, there is, as we all know, even by looking at No. 1 on the calendar, a very considerable traffic problem in Boston. There is particularly a problem in that section of the city where there are not enough garage facilities. There are people going there, as I said before, to visit doctors and dentists. There are hundreds of thousands of people who live in small two- and three-room apartments. There is no parking space for them anywhere in the neighborhood. There are thousands of people who visit the hotels. Something must be done to relieve the condition. I have checked that section of Commonwealth avenue almost daily for the past month in good weather and in bad weather. There are very few people who use that reservation for walking purposes or for any other purpose. Now, while under normal conditions, it might be advisable to have a beautiful central lane on what is probably our most beautiful street in the city, still at this stage of the game, we cannot afford to do that and leave the traffic as congested as it is. The town of Brookline has done a similar thing on Beacon street. It has not particularly affected the beauty of Beacon street in Brookline. I noticed

several weeks ago, on Commonwealth avenue out in Brighton, part of that reservation is being used for parking purposes. It seems to me that this can be done without in any way affecting the sensibilities of anybody who lives on Commonwealth avenue and can be done so as to provide a necessary parking facility to all the people of Boston. I urge suspension of the rule and adoption of the order.

Coun. LANE—Mr. President, speaking on the order, the councilor from Ward 14 (Councilor Muchnick) has just made a statement—in substance, that recently out in my ward, Ward 21, where I also have an extended section of the reservation on Commonwealth avenue, cars were parked there. He is very correct. Those cars are being tagged regularly. I have a lot of headaches as a result of the tags. They are parking there illegally.

Coun. SCANNELL—Mr. President, a point of order. I do not think this order has any bearing on this Body because to my knowledge the park system in Boston is controlled directly by the Legislature. I ask for a ruling on that.

President KELLY—It was the Chair's intention to refer the order to the Committee on Parks and Playgrounds. Councilor Muchnick made a motion to suspend the rules. The City of Boston, I understand, owns and controls Commonwealth avenue. In my opinion it belongs in the Committee on Parks and Playgrounds.

Coun. MUCHNICK—Mr. President, I have no objection to having this go to the Committee on Parks and Playgrounds.

President KELLY—All right.

Coun. MUCHNICK—I would like to have that committee call a hearing quickly and invite the Law Department, the Park Department and the Traffic Division to the hearing.

President KELLY—Referred to the Committee on Parks and Playgrounds. Councilor Bayley, will you call a hearing on this in the near future?

Coun. BAYLEY—Mr. President, I would like to say I think the distinguished gentleman from Ward 14 (Councilor Muchnick) who is so great in solving the problems of the City of Boston might consider his own Franklin Park in his own district as a possibility for parking space rather than considering damaging one of the most beautiful sections in the City of Boston.

President KELLY—That can be discussed at the hearing.

The order was referred to the Committee on Parks and Playgrounds.

INDEPENDENCE PARK IMPROVEMENTS.

Coun. SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to repair the water fountains, replace the gardens, repair the benches, and reseed Independence Park, South Boston.

Passed under suspension of the rule.

LOAN FOR OFF-STREET PARKING.

On motion of Councilor Fish it was voted that No. 1 be taken from the calendar.

No. 1 on the calendar was as follows:

1. Order for loan of \$5,000,000 for public off-street parking facilities.

On December 2, 1946, the said order was read once and passed, yeas 15, nays 3.

Coun. FISH—Mr. President, I move No. 1 be taken from the calendar.

President KELLY—The question is on giving the order its second reading.

Coun. CHASE—Mr. President, I understand, sir, his Honor the Mayor and the Boston Real Estate Board apparently disagree on just how this \$5,000,000 should be spent. Apparently his Honor the Mayor is in favor of spending it for the erection of tremendous cage garages. Apparently the Boston Real Estate Exchange Board advises the spending of it in the acquiring of parking lots in different parts of the city. I think, sir, that the members of the Council before they give a final vote to this matter should once more determine just what is going to be done with this money. We were told originally, sir, that the money was to be spent for the acquiring of various lots throughout the city. Now, sir, we find somewhere a variance because his Honor the Mayor is at variance with the people who originally advocated the \$5,000,000 loan. Apparently, sir, the advocates of this proposition at the present time are in disagreement as to how it is to be spent. Are we expected, under those circumstances, to pass over to them \$5,000,000 of the public's money? I think we should ascertain just how this money is going to be spent, especially in view of the disagreement between his Honor the Mayor and the members of the Boston Real Estate Exchange Board. I think we should be careful in granting \$5,000,000 of the public's money for something which we do not know about, we do not know what it is going to be spent for. The Mayor says cage garages. Some of the advocates say it is for the land. Do you know what it is going to be spent for? Do you know if they are going to put up a \$1,000,000 garage? What are they going to do with the public's money?

Coun. MUCHNICK—Mr. President, a point of order. This matter has once been passed finally by the Council. It is here on request of the

attorneys for the banks to have what they consider a technicality taken care of. We have been all through this. It is here only for the purpose of amending the technicality which I doubt it was, incidentally. I do not think any discussion is in order.

President KELLY—What Counselor Muchnick says is perfectly right. The gentleman, however, is in order in speaking on the order, counselor, or any member of the Council may speak on the order.

Coun. CHASE—Mr. President, this is a new loan order. This is a loan order before the members of your Council to provide \$5,000,000. Now, sir, I submit this \$5,000,000 does not belong to your department stores or to his Honor the Mayor or to any individual in this room. This is the taxpayers' money. We are expected to take care of this by giving his Honor \$5,000,000. For what? I would like to know. Do you know if they are going to spend the \$5,000,000 for parking lots which they originally contended it was to be spent for, or is it to be spent for a \$4,000,000 garage?

Coun. MUCHNICK—Does the counselor yield for a question?

Coun. CHASE—I would be glad to.

Coun. MUCHNICK—Would you just as soon incorporate the remarks you made at the other hearings, counselor, as your remarks for this hearing, and let us get on with other business?

Coun. CHASE—Mr. President, I think inasmuch as I am serving my tenth year in this Body that I will indulge in my privilege of speaking my mind when I have taken the floor. Even though at times I might be repetitious, I do not think it does any harm whatever, especially when there is \$5,000,000 of the taxpayers' money to be spent on something about which we do not know. Mr. President, this loan order is before us today because a few months ago his Honor the Mayor could not muster the necessary 15 votes to have it passed. A minority group in your Council, sir, was successful in compelling his Honor the Mayor to have it again come before us with a request for \$5,000,000. I think that this second and third order which his Honor the Mayor has sent to us should only impress us more than ever before of the great responsibility we have in passing on matters such as this. This is a loan order for \$5,000,000 of the taxpayers' money to be spent on what? Does anyone here know? I think, Mr. President, that the voters in my district expect me to know what is to be done with money which we appropriate. That is the reason why we are here, to act as a check on his Honor the Mayor on any unnecessary expenditures of the taxpayers' money. At one time the advocates of this proposition, including his Honor the Mayor, appeared before our committee and before our whole Body and said they wanted parking lots. They did not know where the parking lots were to be located, but they did not want one or two or three lots. There were quite a number of lots to be bought with this money. Now, sir, after the money was appropriated and before your banks said, "No, we do not like the technicality which the minority in the Council created when they permitted a 13 vote on a loan order which necessitated a 15 vote." Now, the loan order is back before us. In the meantime his Honor the Mayor and some of the original advocates of this proposition are in disagreement. I think the Mayor's disagreement with the people who were primarily responsible for securing this legislation warrants us, the members of the City Council, to hold this matter up until we know definitely how this money is to be spent. I hope, sir, that when you vote on this matter, you will have in mind, sir, we are voting blindly. We should not vote favorably until we know the full story behind this picture. I warn you, sir, that especially in view of the actions of his Honor the Mayor in the past, and those actions are the \$1,000,000 abatement, the Cohen abatement on Huntington avenue of \$100,000 and now when you consider —

Coun. KINSELLA—Mr. President, a point of order. The gentleman is talking off the subject. He will do it all night if the Chair does not rule flatly one way or the other now.

President KELLY—Counselor Chase, you will kindly confine your remarks to the motion before the Body.

Coun. CHASE—Mr. President, I am talking about his Honor the Mayor who submitted the loan order for \$5,000,000. I have the right, sir, to comment on the man who sent up the \$5,000,000 loan order. Of course, my remarks are in order.

Coun. MUCHNICK—Mr. President, the gentleman has the right to comment all he wants about the Mayor or at any time when he wants except when it is not the substance of the motion or the order.

President KELLY—Your point of order is well taken, counselor. Counselor Chase, you can comment on his Honor the Mayor or that regard, and only in that regard. You have to confine your remarks to the order in regard to his Honor the Mayor.

Coun. CHASE—Mr. President, all of my remarks pertain to the reasons why we should not adopt this loan order. Certainly, sir, those remarks are in order.

President KELLY—The Chair will rule if you insist in talking about his Honor the Mayor and anything but the substance of the \$5,000,000 loan order, that he is going to rule you out of order.

Coun. CHASE—Mr. President, we had dictators, sir, in Italy and Germany, but it has always been known in your City Council on matters of such

importance as \$5,000,000 that each counselor is entitled to freedom of debate, especially, sir, when that debate is pertaining to some one who has made it possible for an order of this nature to be before us. Now, Mr. President, I am here, elected, sir, by the people of Boston to safeguard certain expenditures or proposed expenditures planned by the authorities. The man responsible for this proposition today, which is now before us, has committed a number of actions which would cause any sane man to act slowly on any matter submitted by the gentleman again. I say, sir, without any hesitation, that in view of the fact his Honor the Mayor by his very actions in the past has caused considerable ill comment by the press and by responsible citizens, he has caused many prominent people in our city to give great consideration as to whether he has the right to be sending matters like this before us. In any event, sir, his past actions prompt me to hesitate before I vote blindly on a matter like this, and especially so when he is in discord with some of the advocates who were responsible for this legislation.

Coun. LINEHAN—Mr. President, will the gentleman yield for a question?

Coun. CHASE—I do not care to yield, sir. Now, Mr. President, for me to be criticized by some of my colleagues is all very well, sir, but to rule that I, a minority member of this Body, am out of order, knowing, sir, that you will be sustained—

President KELLY—Counselor Chase, let me interrupt you. I, as President of the Council, am here to uphold the rules of the Council. Do you know what the rules of the Council are? You will not be ruled out of order by the President of this Body while I am the President if you are in order. Counselor Chase, continue.

Coun. CHASE—Mr. President, may I remind you, sir, that in my argument I am endeavoring to reason with my colleagues why they should not pass this order and because of the fact that I commented on the past actions of his Honor the Mayor you said I was out of order.

President KELLY—The point of order was brought out by a member of the Council. I agreed with the member of the Council. You were not in order. I asked you if you would kindly confine your remarks to the subject before us.

Coun. CHASE—Mr. President, a point of parliamentary inquiry. In order to endeavor to reason either for or against a proposition before this Body—

President KELLY—You are perfectly in order, counselor, if you are living up to the rules of the Council.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—To ask for the floor.

Coun. BAYLEY—Mr. President, a point of information.

President KELLY—Counselor Chase, do you yield the floor to Counselor Muchnick?

Coun. BAYLEY—Mr. President, a point of order.

President KELLY—State your point of order. Coun. BAYLEY—Is Counselor Muchnick representing Ward No. 1 now? What ward is he representing? He should speak from his own seat.

Coun. MUCHNICK—If I am correct, when Counselor Chase asked for a point of parliamentary inquiry—

Coun. BAYLEY—Counselor Muchnick is out of order in not speaking from his seat. I raise the point of order, Mr. President.

President KELLY—Counselor Chase has the floor. Counselor Muchnick, will you kindly take your own seat, please, and let us have everything in order here?

Coun. MUCHNICK (speaking from his own seat)—Mr. President.

President KELLY—The Chair has ruled Counselor Chase still has the floor even though he asked for a point of parliamentary inquiry. For what purpose does the gentleman rise?

Coun. MUCHNICK—I was going to question that ruling before you made it. If you have already made it, I do not rise any longer.

Coun. CHASE—Mr. President, I am very surprised, sir, that I am prevented from using arguments to my colleagues, endeavoring to reason with them why they should not pass this order. May I say this, sir, that we do not know how this money is to be spent. We should not take favorable action on the order because of our lack of knowledge. This order requires 15 votes in the affirmative. If I am successful, sir, in convincing a number of counselors that his Honor the Mayor will only get 14 votes, then I have accomplished something. There may be a delay, sir. It will give us further enlightenment. I personally am against this loan order in any event because I feel that we should not be trusting his Honor the Mayor with \$5,000,000 outright, especially when we have no knowledge of how it is to be spent or where or what part of the city it will be spent in. I realize a traffic condition exists. I realize our authorities have to do something about remedying this condition. But, sir, in view of the lack of knowledge, in view of the disagreement between his Honor the Mayor and other advocates of this proposition, I do not think we would be giving him \$5,000,000 prudently.

I think at the very most we should give him \$1,000,000, with the promise that if that first million dollars is expended properly and judiciously, another \$1,000,000 will be given.

Coun. MUCHNICK—Mr. President, I would like to ask the counselor a question.

President KELLY—Will you yield for a question?

Coun. CHASE—No.

President KELLY—I am sorry, counselor.

Coun. CHASE—Mr. President, I have been very patient on a number of occasions I have been in this Body. I am one of the senior members of the Council. I expect to be back here another year. I have listened to the ravings and the tantrums of many counselors here for a much longer time than I have had the floor today. Never have I sat in my chair and in an undertone criticized a colleague because he was on his feet saying what he thinks is right. All I ask is to be heard. Mr. President, is it illogical for me to say, don't vote for this \$5,000,000 loan order because we do not know what and how this money is to be spent? It would seem to me, sir, any business institution in your Commonwealth would expect its board of directors to know a little more about how \$5,000,000 was to be spent than we do before they would consider it reasonable on the part of the directors to vote in the affirmative. You know, Mr. President, as well as I, there is not one member of the Council who has the remotest idea of how this money is to be spent or where it is to be spent. Since that 13 vote in the affirmative on the \$5,000,000 loan order some few months ago, his Honor the Mayor apparently has changed horses and said he is going to spend it for a ten or fifteen-story cage garage. We were told, sir, before this money was given to him by this illegal vote that this money was to be spent in at least eight or ten different sections of the city, that we had a bad traffic condition which existed not only in your downtown section but throughout your downtown area, not just next door to Filene's but all around the city. Your traffic experts who advocated this proposition came before us and said, "We need probably \$15,000,000 to acquire a lot of parking sites. Before we are through with your \$5,000,000 we will probably acquire eight or ten different parking lots." Bear in mind, sir, in view of that testimony, 13 members of the Council saw fit to vote in the affirmative and to give this \$5,000,000 to his Honor the Mayor. His Honor the Mayor after he thought it over before the bankers kicked up because of the question of legality,—he apparently had come in conflict with some of the advocates of this and he says a fifteen-story garage or a twelve-story cage garage is to be built. How much money is going to be spent on that garage? Do you know? Is all of the \$5,000,000 to be spent on this one cage garage? If that is so, I submit to you that the remedying of the traffic condition that exists in Boston will not take place. This legislation will be a joke. You know as well as I do that no one structure in the City of Boston will relieve the traffic congestion that exists. I can readily comprehend how large parking lots might relieve the traffic congestion. I cannot comprehend how one mammoth cage garage in the downtown area is going to relieve traffic on Boylston street, or cars from Tremont, Beacon street or any other section of the downtown area. I think in view of the contradictions of his Honor the Mayor and in view of the controversy which apparently does exist between his Honor the Mayor and the advocates of this, that we should hold it up and invite in the men who apparently conflict with his Honor the Mayor and find out what is in back of all this, what is the best thing to be done with the money. His Honor the Mayor did not sell me on the idea he should be given \$5,000,000. My willingness to give his Honor the Mayor \$1,000,000 is because of the fact responsible citizens apparently think this is a good proposition. You had prominent businessmen and taxpayers and others who came before us with experts and sold us on the idea. Because of those people I was willing to shut my eyes to the man downstairs and gamble one million dollars of the taxpayers' money, but no more. Now, sir, we find somewhere apparently his Honor the Mayor is in conflict with some of the advocates of this proposition.

Coun. MUCHNICK—Mr. President, a point of order. It seems to me that you ought to have some consideration for us as well as for the speaker. He has told us at least five times in the last five minutes that his Honor the Mayor is in conflict with other persons who proposed this. I do not think we ought to be subjected to this repetition.

President KELLY—The Chair will warn Counselor Chase he is not going to permit him to conduct a one-man filibuster all afternoon. You can continue talking. If you insist on repeating, I shall have to rule you out of order. If you have something new, the Council will be glad to hear it. If you continue repeating what you have said, the President will have to rule you out of order. Counselor Chase, continue.

Coun. BAYLEY—Mr. President, I rise to ask where the rules declare this gentleman out of order for repeating what he said before.

President KELLY—I would suggest you purchase any parliamentary law book and find it there.

Coun. BAYLEY—Is it in our rules, Mr. President?

President KELLY—It does not have to be in our rules. It is a matter of parliamentary procedure. Counselor Chase knows the rules of the Council.

Coun. BAYLEY—Mr. President, where does it say in our rules that we are governed by any such parliamentary rules of procedure by which you declare a man out of order because he emphasizes a point?

President KELLY—It has been understood for the past forty years in the City Council. Councilor Chase, if you ask him, well understands that part of the procedure of the City Council that he should not be repeating his argument before the members of the City Council.

Coun. BAYLEY—That is in a parliamentary book?

President KELLY—Any parliamentary book.

Coun. CHASE—Mr. President, I would like to know whether or not a cage garage fifteen or twenty stories, or a twelve-story cage garage down on Franklin street or Summer street will relieve the traffic at the corner of Stuart and Tremont streets. I would like to know whether or not a cage garage on Summer street would relieve the traffic up around Kenmore square. I would like to know whether or not a cage garage could relieve the traffic at Scollay square if it were located on Summer street. I would like to know whether a cage garage, a mammoth structure in the central area of your shopping district, would relieve the traffic in the narrowest sections of downtown Boston. We have a traffic condition that exists up on Massachusetts avenue. It is quite a bit of traffic congestion. People park their cars all day long on Massachusetts avenue and on certain parts of Huntington avenue. I would like to know if a cage garage down in the Fort Hill square area would relieve the traffic in the Back Bay area. I would like to know more about the traffic congestion. I would like to know more about whether or not it is advisable to have a mammoth cage garage or if it is not a better idea to have ten or twelve individual parking lots located all over downtown Boston.

Coun. LINEHAN—Mr. President, I want to answer the gentleman from Ward 4 (Councilor Chase).

Coun. CHASE—Well, Mr. President, I have not yielded.

President KELLY—Do you yield to Councilor Linehan?

Coun. CHASE—I do not yield, sir. Mr. President, I do not profess to be an expert. I do not think we have any experts in our Council. I would like to get that information from experts. I would like to be informed from people duly qualified to give us expert opinion. I think that we are entitled to expert opinion because it involves \$5,000,000 of the public's money. Now, sir, I do not know if I have convinced the members of this Body as to the advisability of their holding up this loan order until we get more definite information. But I do know, sir, that if something breaks in the future and we get a white elephant or if there is any other break which may bring criticism in the future from your taxpayers and from the public in general, we, sir, will be right up to our necks in it because we are the ones making it possible for his Honor the Mayor to spend the money. I hope, sir, that a sufficient number of my colleagues will see fit to go along with me and vote in the negative on this matter. I appeal to them, sir, in behalf of good government that they should not act hastily on this matter today.

Coun. LINEHAN—Mr. President, it is probably unusual that I should take my seat today and speak in favor of this loan order. But due to the fact his Honor the Mayor has taken issue with his Real Estate Commissioners and the chairman of the Planning Board, that is one reason why I changed my vote two weeks ago and voted in favor of the \$5,000,000 order. Now about a month ago I argued that I did not think you could get ten select spots in the City of Boston to install parking areas. I stated you could not get ten such spots in the City of Boston between Stuart street and Scollay square. I think every City Councilor, including the gentleman from Ward 4 (Councilor Chase) will agree with me it would be almost impossible with only \$5,000,000 to get ten spots within that area. I also contended about a month ago that ten black spots throughout the city certainly would not beautify the city. I still say, sir, that ten black spots used for operating parking areas would be anything but a beautiful attraction in our city. Now, the gentleman from Ward 4 has cried out against land damages for many months, and I have agreed with him. I voted against this order along with him a few months ago. I also voted that we should give his Honor the Mayor only \$2,000,000 to start, and if he did a good job through his Real Estate Commissioners and the Planning Board, we would then take an additional \$3,000,000 and make that available. Now, since all of those arguments and since we listened to the so-called experts we had before us in the Executive Session, I have had occasion to read what other cities have done in regard to their parking problem. For example, I have found out that Chicago has about eleven stories, a so-called cage garage, which takes care of some 2,000 or 3,000 cars. The gentleman from Ward 4 was not here when I mentioned two weeks ago the fact that in New York their plan is to erect something like two or three ten- or twelve-story garages in the City of New York to take care of parking in that particular city. It is also my understanding that Washington, D. C., is doing the same thing. Now, if I thought that the Real Estate Commissioners and the Planning Board departments were going to win out in regard to this so-called open air, black top parking areas, I think I would probably vote against the \$5,000,000 for off-street parking. I certainly have not been patting his Honor the Mayor on the back all year long. I patted him on the back when I stated two weeks ago that he did not agree with the so-called Real Estate Commissioners

and the Planning Board head who will be in charge of this expenditure of \$5,000,000 with the approval of the Mayor, naturally, in regard to the site. I think it is a fairly healthy sign. Much to my surprise, I find that his Honor the Mayor does not agree with the Real Estate Commissioners and the Planning Board head. I should think the gentleman from Ward 4, like myself, who has been in disagreement with his Honor the Mayor, would think that it is a healthy sign that his Honor the Mayor has not dictated to the Real Estate Commissioners and the Planning Board head as to what he thinks must be the type which shall be used to correct the parking situation in Boston. If he were dictating, it is my opinion if he wanted to, he probably could influence the Real Estate Commissioners and probably could somewhat influence the chairman of the Planning Board, although I have my doubts in that respect. I find myself agreeing with his Honor the Mayor as to how the money should be spent for these reasons. I think the gentleman from Ward 4 will agree with me. If we can select about three sites and build cage garages on them, let us assume for \$5,000,000, we can get three or four good sites in Boston, say from Stuart street to Scollay square out to around Massachusetts avenue and around back to the South Station, in that area if we can get four or five good sites and construct five or six cage garages, which I think can be done, according to Mr. Eliot who said the cost would not be tremendous so far as the construction of a five-story cage garage is concerned, I think he would agree you could have at least five such cage garages at a cost of \$5,000,000. Let us assume they were six stories high. That would give us about thirty spaces for parking cars. I want the gentleman from Ward 4 to really listen to this and digest it. That is comparable to thirty sites that you might select throughout the same area. It is the equivalent in parking of cars in five sites. Six stories high will park as many as thirty black top spots in our city. I think it is good business to take by eminent domain or whatever way we acquire them only five sites. I contend it is much cheaper in land damages or graft or whatever you might call it, in dealing with five sites than thirty sites. If you take thirty sites, you have the possibilities of land graft in thirty sites. If you take five sites, you have a possibility of land graft in five sites. That seems fundamental. Hasn't that a better chance of being administered more honestly than thirty spots? It seems to me the answer should be in the affirmative. I would vote to give his Honor the Mayor only \$2,000,000 but I realize we tried that before, councilor, and we were defeated. I was on your side. If I thought we could win by amending the order in the first reading two weeks ago to read \$2,000,000, I would vote in favor, but unfortunately we cannot vote that way today. We vote for the \$5,000,000 or we do not vote for anything. As I said at the start, I voted against off-street parking some time ago with the exception of two weeks ago when I voted in favor. At that time I said I was changing my vote due to the fact that I supposed his Honor the Mayor's opinion would override that of the Real Estate Commissioners and the Planning Board head. I sincerely hope his logic will prevail. If so, I will not feel as though my vote is a bad one today. I will feel it is a good one. In conclusion, I still say this. If I had my way in solving the traffic problem, I would not start with the proposition before us today. I would try to get the State Legislature through an order which I filed some weeks ago to give the City of Boston a sufficient amount of money so that we could widen our streets before we get additional parking areas in the city. I also filed an order which would give us the authority and also be financed through the Highway Fund, to construct a truck terminal in the outskirts of the city. I also at that time suggested our traffic regulations should be enforced probably a little more strictly than they have up to date, although I notice when you try to enforce them it is a matter of whom you enforce them against. Only several days ago they were going to take the trucks off the city streets at certain hours. The truck drivers and companies are up against it no matter what you do about the traffic problem. When you start to go into working gear, you do not seem to reach any accord with anybody. In the end you get nowhere. At least to my mind, this will take some cars off the streets. It might unfortunately bring more cars into the city. I say unfortunately. When four or five o'clock rolls around, and we have an additional 4,000 or 5,000 cars in the city, our traffic condition at that time is going to be worse. I agree with the gentleman from Ward 10 (Councilor Carey). He and I mentioned that fact some months ago. I do not know what else I can say before I sit down. I will briefly summarize without getting ruled out of order, I hope. I think it is better to have six cage garages, six stories high, or five cage garages six stories high, which is the equivalent of thirty black top areas throughout the city. Mr. Eliot said they could be constructed at a reasonable cost. He was the gentleman we had before us in the Executive Session of the City Council. The City of New York and the City of Chicago and Washington, D. C., are helping to solve their problem by cage garages. The City of Chicago already has an eleven-story cage garage which is proving very satisfactory in that city. It seems to me if it turns out satisfactorily in Chicago, it has a fair chance of success in Boston. I might say I think the gentlemen of the Council will agree the black spot that adjoins

our City Hall is certainly no additional beauty spot to our City Hall or to the city. I am glad to see his Honor the Mayor in this instance is not dictating to the department heads, as apparently he is not, as to what they will recommend to him before he acts. He has let them recommend, and then he has told them he does not agree. I hope that continues. We will have less buildings torn down throughout the city if we adopt the cage garage type of parking for automobiles. I say when you tear down buildings you tear down taxable property. Whether they are obsolete or old, you will find they are worth something. They are worth more than tearing down and creating a black top area for parking cars. The city will not make much money in the long run. This is not a money-making proposition. If it were, private enterprise would indulge in it. They would build homes for veterans if there was a profit in it at this time. It means if anybody is going to solve these problems, it has to be done through the taxpayers of the City of Boston and not by private business.

Coun. SCANNELL—Mr. President, I shall try to be as brief as possible. We have had this thrashed out in the past three months. I do not wish to concur with some of the remarks from the gentleman from Ward 4 (Councilor Chase) in regard to this, but I as a member of the Council am opposed to off-street parking and the way it was presented in this Body. When this loan order came in there were many suggestions by members of this Body that I believe were good suggestions. I think that these men who are going to try to relieve the traffic problem in this city should listen to them. First, I might say, if we enforced our traffic rules in this city in a much better way than they are enforced, then your traffic situation in this city would not be as bad as it is today. I reiterate that I have gone throughout the city day in and out, and seen cars parked double in the city. Nothing could get in or out because automobiles were parked adjacent to property where the drivers wanted to go. That is a situation for the Police Department. When I brought that to the attention of the Police Commissioner, he got up in arms and said nobody was going to dictate to him. Well, we are going to do something about this situation. Let us start at the root of the evil. The conditions that exist today have to be controlled by changing legislation on the parking fines in Boston today. If we strictly enforce the parking rules of the city and had a larger fine on the many parkers in this city today, we might be able to get down to a point where we could help the situation. People are using the streets of Boston today, mostly outside people. They are paying for the parking privilege in the streets of Boston. That should not be. That should be looked into and cleared up. We should listen to the man who knows something about cage garages. Through the chairman of the Executive Committee, I invited a man by the name of Samuel Eliot who has the only cage garage in the city. I received a letter from him today stating that the city should not go into private business. That is what I insist on, that the city not go into private business. Suppose we took an area here in Scollay square or at the South Station and put in a twelve-story cage garage. What would happen to the Bowdoin Square garage? Suppose we put one in Park square. What would happen to the Park Square Garage? Certainly, gentlemen, these men would have to go out of business. They say they are not in private enterprise, but they certainly are. They are going to finance this and furnish money for the garages, or anything pertaining to off-street parking. They are investing our money to help put somebody else in business. If we put a garage on Milk street, what are we going to do, tear down a building assessed at \$2,000,000, and put a cage garage down in that section? How much would it run into in the course of one venture of this kind? I believe I am correct in saying if they had parking areas adjacent to the rapid transit lines, it would solve the problem. Go up to the Legislature where off-street parking started, incidentally. It was begun by a gentleman from Southbridge, Edward W. Staves, coming in and telling us we should take care of off-street parking here in this city. As I say, I did not concur with the remarks of the councilor from Ward 4 because he inferred the Mayor of the City of Boston wanted this off-street parking. Well, as far as I am concerned, and I am opposed to it, the Mayor of Boston never said anything to me in favor of it, for or against off-street parking. That is the truth. I certainly am in a quandary when the gentleman from Southbridge comes down and tells us the best way to relieve the parking situation in Boston. Evidently he does not know much about off-street parking. They want \$5,000,000 of the taxpayers' money. I still do not know what they are going to do. I want to read a letter from Mr. Eliot who has the only cage garage in Boston. It is directed to me. It says:

"Dear Councilor:
"On September 10 I wrote you in connection with cage garages. I wish to quote Paragraph 5 as a reminder only, as I understand the \$5,000,000 bill has been thrown back to the Council, as it really should be.

"No. 5. Inasmuch as private enterprise is able and willing to finance cage garages, the cheapest known substantial method of parking cars safely and adequately, the city should realize that this can easily be made possible and

profitable both to the owner and the city with no investment by the city if fair assessments were put on the land wherever the location.

"I want to bring out more strongly that consideration should be given to the present garage owners with their large investment and obligation to pay heavy taxes. I know of no semi-profitable business that should be restricted by the city or interfered with by direct competition of a non-profitable nature.

"What is the matter with the assessors?" Mr. Allen said to me only yesterday that any slight reductions in assessments anywhere would jeopardize the financial situation of the city. I have claimed for many years that overassessments are killing private enterprise and this is suicidal to any city."

I agree with Mr. Eliot. He goes along further and pays me a little tribute. I believe as far as I am concerned in my vote today, that I am right in voting against off-street parking. I cannot see for the life of me how a city can go and spend \$5,000,000 or \$10,000,000 or \$15,000,000 and go into an area such as this and take a building down that is worth \$3,000,000 or \$4,000,000 and spend \$3,000,000 more for a cage garage. What is the result? They are going to sell those to private interests. Private interests will come in and bid on the cage garages. If we spend \$7,000,000 to build these, they can come in and auction the cage garage off for \$5,000,000. This matter has to be threshed out not only for \$5,000,000 but for \$20,000,000. I know of a lot better way. I am sincere when I say take your parking problem in this city and put it outside at the rapid transit lines. That is the way that you really will take care of the parking problem in Boston. I want to be as short as I can in my remarks. I had an experience the other day, on Friday of last week. There was a terrific crowd in the vicinity of Summer street and Washington street. What was the result? At Boylston street and Washington street, gentlemen, they stopped automobiles from going down to the downtown section of the city. It gives my argument a lot better emphasis. If they stopped them at Columbia Station and at Ashmont, a man could come in on the rapid transit line. That is a good argument, and that is why I am voting against off-street parking. I know for a fact, I do not care who makes any money in this matter, I certainly do not think the city should go into the garage business. I think first of all we should make sure our Police Department enforces the traffic regulations of this city and goes to the Legislature and asks them to put a larger fine on parking violators in this city. That is the way our traffic problem will be solved.

Coun. RUSSO—Mr. President, I, as one of the councilors who was in the opposition on this \$5,000,000 off-street parking, contributed to making it possible to have it before us once again. I heartily agree with the councilor from Ward 7 (Councilor Linehan) in his previous statement. Nothing could have changed my vote more than the action taken by the advocates of this particular project. If you stop and think back on how the councilors who were in opposition on this project were criticized by the press and by individuals because they took a stand with others in demanding information in regard to this off-street parking. Do you know where and how this money will be spent, how many parking areas are to be built with the \$5,000,000? The advocates who appeared before our committee stated they did not care where the parking places were going to be built. They did not care how they were going to be built. They felt off-street parking would be a solution of the problem of our congested streets. Now it seems to me they were the ones who made it possible to have the councilors in opposition criticized at that time. They agree with us by the stand they have taken today. I saw as they stated at that time that they had confidence in his Honor the Mayor, even though they did not have the information that we were trying to find out. I say, Mr. President, that now justifies me in voting for this \$5,000,000, not because of the stand I took in opposition from the beginning, because I have been in favor of off-street parking. It was only that I was trying to find out information that we were entitled to. The councilors by their actions showed that regardless of information they had confidence and trust in his Honor the Mayor and in the man who told them these off-street parking areas must be built. I say to you councilors this is their baby. They brought it before us. They made it possible that under the law we can give his Honor the Mayor \$5,000,000 even though it did not receive the majority of votes. Through a technicality at that time, they would not have floated this loan. No bank would have floated the loan of \$5,000,000, knowing that it did not have the approval of the Boston City Council. I am not here to defend his Honor the Mayor. I have been in opposition to him on many occasions. I have acted according to the dictates of my conscience. I have been with him on various occasions when I believed and agreed with him. I say the Council today ought to pass this \$5,000,000. I hope and trust that it will accomplish the purpose set forth. I agree with Councilor Linehan when he states that the problem in our city is need of widening the streets. This is an ancient city. It is one of the oldest cities in the country. May I go back to the statement I made in the Council quite some time ago? I was wondering, in a joking manner, if Hitler had come over and dropped an atomic bomb on the City of Boston, then all of us would have rolled up our sleeves and gone to work and

rebuild the City of Boston in the same manner they are rebuilding London today. It will be a modern city. I hate to think of the disaster that might occur in doing this. If we could move the inhabitants of the City of Boston and have that happen, then I say we would start rebuilding the City of Boston. Therefore, as I have stated, I was not present two weeks ago to cast my vote due to the fact I was out of the city. If I had been present, I would have spoken in the same manner. So I say to you councilors, we have accomplished our purpose. They have agreed the minority councilors were right. Now they find themselves on the opposite side. They made it possible for the councilors to receive unjust criticism. Therefore, Mr. President, I am satisfied in voting in the affirmative.

Coun. BAYLEY—Mr. President, I listened with great interest and approval to the speech of the distinguished councilor from Ward 7 (Councilor Linehan). I agree with him thoroughly in everything he says. I agree we should have only four or five parking spaces. We should build large cage garages on them. There will be less chance of scandal and less land-grabbing. I was with him in an attempt to reduce the \$5,000,000 loan order to \$2,000,000, and had we a chance of success I would again have been with him to reduce it to \$1,000,000. I do not agree with the councilor from Ward 6 (Councilor Scannell) when he says if this loan order is passed, private garages will be driven out of business. I believe there are sufficient cars coming into Boston and which will come into Boston to adequately fill the cage garages which I hope will be built under this \$5,000,000 loan order. I would like to see parkers taken away from the narrow streets of Boston such as Winter and Summer streets. I would like to see parking prohibited on the streets with larger fines for those who violate parking restrictions than are now in force. I believe the warning and \$1 and \$2 are much too light for those who flout the parking rules and regulations of Boston. I would like to see the cars taken off the streets and put into cage garages. They can both exist side by side, the cage garages constructed under this \$5,000,000 and the present garages in operation. I am not a traffic expert. I am willing to go along with the distinguished group that appeared before us. This has the support of the newspapers of Boston, the Chamber of Commerce and leading civic organizations interested in the welfare of Boston. It has the support of the merchants who pay large taxes. They may not live here, but they pay taxes. It has the support of the traffic experts. I am willing to take their word, and see if we can alleviate the situation on the traffic in Boston which is in very poor shape. I hope this \$5,000,000 will be spent wisely. I realize a further appropriation may come in the future. I reserve my right to vote against that if this \$5,000,000 is not spent wisely. Gentlemen, we must do something to counteract a very bad traffic situation in Boston. I am willing to accept the advice of the responsible people who appeared here. There was practically no one against it. I hope it will be handled wisely so that only a few places are built which will accommodate a large number of cars. I am going to vote in favor of the \$5,000,000.

The question came on giving the loan order a second reading. The order was given its second reading and passage, yeas 17, nays 3:

Yeas—Councilors Bayley, Bryan, Cantwell, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Sullivan—17.

Nays—Councilors Carey, Chase, Keenan—3.

NEW POLICE BOAT FOR CHARLES RIVER, WEST ROXBURY.

Coun. BRYAN offered the following:
Ordered, That the Police Commissioner of the City of Boston be requested, through his Honor the Mayor, to include in his 1947 budget sufficient funds to provide a new police boat for Charles River, West Roxbury.

Passed under suspension of the rule.

MEMORIAL TO SOUTH BOSTON WORLD WARS I AND II VETERANS.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to install a bronze plaque, or some other appropriate type of plaque, containing the names of all veterans from South Boston who were killed in World Wars I and II, in the new municipal gymnasium as a memorial to their memories and by naming the gymnasium as follows: "South Boston World Wars I and II Veterans' Memorial."

Passed under suspension of the rule.

RECESS.

On motion of Councilor Cook the Council voted at 5 p. m., to take a recess subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 8:15 p. m.

CHRISTMAS PARTY FOR LONG ISLAND HOSPITAL PATIENTS.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1946.
To the Members of the Boston City Council.
Gentlemen,—On Sunday afternoon, December 22, the city is sponsoring its annual Christmas party for the patients at the Long Island Hospital. Presents will be brought to the hospital for the patients and entertainment will be presented for them at that time. It is a pleasure for me to extend to you a cordial invitation to be present at the above mentioned time. The boat will leave Eastern Wharf at 2.30 p. m. With every good wish, I am

Sincerely yours,
JAMES M. CURLEY, Mayor.

Placed on file.

THE NEXT MEETING.

Coun. KINSELLA—Mr. President, I move that when we adjourn today, we adjourn to meet two weeks from today.

President KELLY—Before we act on that, there is considerable business to be transacted on next Monday both in committees and on the calendar.

Coun. KINSELLA—Would the clerk say there is anything that cannot wait? It is two days before Christmas. We customarily do not meet the Monday of Christmas week.

Coun. SULLIVAN—Mr. President, I would like to add, besides having business on next Monday, the following Monday is our final meeting of the year in which all committee reports and business will have to be cleared up on that day. I believe we should go along and meet next Monday.

Coun. KINSELLA—Mr. President, I will withdraw the motion and ask the Chair accept the motion that when we adjourn today we adjourn to meet the day after Christmas, instead.

The question came on the motion to adjourn to Thursday, December 26, and the motion was carried.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on amended petition of Sutcliffe Transportation Company (referred Dec. 9) to operate bus service between Copley Square and Logan International Airport with right to pick up and discharge passengers anywhere along the route, carrying not less than seven nor more than forty-four passengers—that license be granted.

The report of the committee was accepted, and the question came on the granting of the license.

Coun. SULLIVAN—Mr. President, I am going to ask that this petition be referred back to the Executive Committee. The Council moved for passage and moved to adjourn quickly. I was going to ask for reconsideration in the Executive Chamber. This petition as it is drawn up will give the Sutcliffe corporation a monopoly in taking passengers from the intown area to the East Boston airport. There is a letter accompanying the petition, from the Boston Elevated, going on record as opposing this petition. If we want to be consistent in our arguments, a little earlier in the afternoon, relative to the Boston Elevated, that is one good reason why the Sutcliffe petition should be rejected. This petition gives them a blanket pick-up station on every corner in the intown area. It is directly giving competition to the cab drivers who are 1,500 in number. This same company is the only one which can solicit trade in the East Boston airport. This is the same company that tried to obtain a monopoly on all the baggage coming through the East Boston airport and entering the airport. They want to stop at everyone's front door and also at everyone's back door. They were never in the hackney business before they started out, although at the same time another license was passed by this Body but action was refused by the Public Utilities Department on that license. That man was in the hackney business for a good number of years. The Public Utilities Department threw down the petition of the Boston Elevated. Those petitions, if granted, will drive men out of the taxi-cab business. Where we have another petition on the Waterways laying on the table in the Executive Committee, I ask now that this be referred back to the Executive Committee.

The question came on the motion to refer to the Executive Committee, and the motion was declared defeated. Councilor Sullivan doubted the vote and asked for a roll call. A sufficient number of councilors having joined him, the clerk called the roll, and the motion was defeated, yeas 7, nays 11:

Yeas—Councilors Cook, Fish, Keenan, Kelly, Moriarty, Russo, Sullivan—7.

Nays—Councilors Bryan, Cantwell, Hannon, Hurley, Kinsella, Lane, Linehan, Madden, McCormack, Muchnick, Scannell—11.

The question came on granting the license.
Coun. RUSSO—Mr. President, I voted to send it back to the Executive Committee because I believe, as Councilor Sullivan has well stated, we today in this Council Chamber have in a way threatened the Boston Elevated to reduce its fare to the original five cents instead of ten cents. I believe they have given us a basis for advancing the five-cent fare the reason that they are losing money. Each one of us has been of the same opinion.

ion that the trustees of the Elevated should reconsider the raising of the five-cent fare.

Coun. MUCHNICK—Mr. President, a point of order. I do not think we are discussing the Elevated at this time.

Coun. RUSSO—Mr. President, if I may enlighten the councilor and all the councilors, I believe that directly and indirectly this concerns the Boston Elevated, and it concerns the City of Boston. I am speaking in regard to the order which is before us at the present time. As I have stated, we have practically threatened the Boston Elevated.

Coun. MUCHNICK—Mr. President, will you please rule on the point of order as to whether we are discussing the Elevated at this time?

President KELLY—The Chair has ruled the gentleman is in order.

Coun. RUSSO—Mr. President, I want to try to prove to my colleagues why I feel the way I do. I am glad the President so ruled me in order because it is in direct competition with the Boston Elevated, the line that is to be established. The Boston Elevated has buses that go close to the airport. Therefore, indirectly and directly it will affect the Boston Elevated. It will affect the people of the City of Boston who have to maintain a deficit. I say we ought to go a little slow on this petition. We are putting more buses on the streets of our City of Boston. The taxicab drivers, the Boston Elevated and other transportation companies giving the same service the petitioner is now giving to the public maintain they have sufficient transportation facilities. They are fearful if anything additional is put on, the result will be a deficit on the part of these various individuals who now operate to and from the airport. I feel that we ought to hear from the Boston Elevated and find out what effect it will have and the amount of money that the public will be called upon to pay as a deficit if this petition is allowed. I do not feel we have to act very hastily. I say if this petition is granted, we are contradicting our own actions previously in this same session. On the one hand we ask the Boston Elevated to do something to reduce fares. On the other hand, we give a petition that will increase the deficit of the Boston Elevated. I say we ought to go a little bit slowly in the matter. Let us make sure, as Councilor Sullivan said, that it will not become a monopoly. I know it affects my district as a whole, where these buses must go. So therefore I am asking the Council to reconsider and send it back to its proper committee or otherwise to the Executive Committee so that we might be able to get more information and to act wisely and accomplish what we set out to do at the beginning of the session—reducing the ten-cent fare back to the five-cent fare as it was—before granting the license.

Coun. COOK—Mr. President, I am against giving this license to Sutcliffe. I do not think any one bus company should be allowed to roam around the city the same as a taxicab unless it is a taxicab. This is not a taxicab proposition. They have enough benefits from the service they have from picking up passengers and their bags at the airport and at well-known places now. With the traffic situation the way it is, to allow more buses to roam around the city would create more hazards and not benefit the city at all. I do not know whether later on next year the same bus company will have the same privileges. I think we should wait. They have been going along at least during the year I have been here. Now, suddenly, toward the end of the year they wake up to the fact they would like to go to practically every street in the city and pick up passengers. That means more competition, congestion, and more cries of favoritism to one company. As far as I am concerned, that is enough, and I am against this license.

President KELLY—The question comes on the granting of the license.

Coun. SULLIVAN—Mr. President, didn't the councilor from Ward 3 (Councilor Russo) ask reconsideration?

President KELLY—The Chair did not understand him to make a motion to that effect.

Coun. RUSSO—Mr. President, that was my intent.

The question came on the motion to reconsider the vote to send the matter back to the Executive Committee, and the motion carried.

The question came on referring the matter to the Executive Committee. The motion was declared lost. Councilor Sullivan doubted the vote and enough councilors having joined him, the clerk called the roll. The motion was lost, yeas 6, nays 9:

Yeas—Councilors Cook, Fish, Keenan, Moriarty, Russo, Sullivan—6.

Nays—Councilors Bryan, Cantwell, Hannon, Hurley, Lane, Linehan, McCormack, Muchnick, Scannell—9.

Present—Councilor Kelly.

The question came on granting the license, and the motion was declared carried. Councilor Sullivan doubted the vote and asked for a roll call. A sufficient number of councilors having joined him, the clerk called the roll. The license was granted, yeas 10, nays 6:

Yeas—Councilors Bryan, Cantwell, Hannon, Hurley, Kelly, Lane, Linehan, McCormack, Muchnick, Scannell—10.

Nays—Councilors Cook, Fish, Keenan, Moriarty, Russo, Sullivan—6.

Coun. SULLIVAN—Mr. President, I move reconsideration. I hope at this time reconsideration will prevail because in the past year it has been brought out what the conditions are in the intown area relative to traffic. We just voted this afternoon on \$5,000,000 for off-street parking. Here we

are giving this company a blanket permission to operate buses. Besides, the Boston Elevated uses buses in their system in the intown area. The petition reads that limousines carrying no less than seven nor more than forty-four. Now, gentlemen, picture in your mind buses the size of the Boston Elevated buses operating in the intown area. Mr. Sutcliffe at the hearing, upon questioning by one of the members, testified that these buses of a size to carry forty-four passengers, would be used only from 1 a. m. to 8 a. m. Later on, when another councilor questioned him, he was going to use a little smaller bus during the daytime. There is nothing in this petition, gentlemen, that bars this company from using the bus that will carry up to forty-four passengers. Gentlemen, visualize a bus proceeding down Tremont street to Scollay square trying to make a left-hand turn and go into Cornhill. What a tie-up of traffic you are going to have. This present company has caused a traffic tie-up in the Park square area. They come in to our Street Commissioner and our Traffic Department and obtain permission for a loading platform outside the Statler Hotel. That is fine. They have four or five or six buses there, so-called limousines, blocking traffic. They never get a tag. They are never moved. When you swing in to the Statler Hotel in front of the Statler Hotel, you must go on the left-hand side of the street in order to get by. This petition grants them the right to stop at Summer and Washington streets. The police have no authority in the matter. You are giving them a blanket permit to stop at everyone's back door. The traffic condition here in the city will not permit any more of this type of vehicle on our streets. We appropriate \$5,000,000 for off-street parking to take cars off the streets, and not to put more back on the streets. There has been no indication to us that there is need for these buses at the present time. When the petitioner came before us originally, he did not have one limousine to put into operation, but his permit at that time called for only three. Today, according to his testimony, he has eleven of these buses in operation. This petition is to give him a clean sweep of the entire city in direct opposition to the Boston Elevated and also to our cab drivers who are residents living here in the City of Boston. I am sick and tired of hearing the statement, "Let us take care of the commuters." Let us take care of the people of Boston for a change. We passed \$8,000,000 or \$10,000,000 for a tunnel into East Boston. Is that going to help the taxpayers of Boston? I say to the councilors from the South End, Roxbury, Jamaica Plain, and the Roslindale areas, what action has been taken to remove the Elevated structure? What has been done to improve conditions here for the people of Boston? We holler and we talk for the people. Yet every vote is directly in opposition to the best interests of the people living here in the City of Boston. This monopoly which this company is seeking is directly in opposition to the people. This gives them a monopoly covering the entire intown area. They can stop wherever they see fit, going and coming from the East Boston airport. Why should it be in there "coming from the East Boston Airport?" Why should they pick up passengers at Maverick Square Station and bring them here and drop them off anywhere along the route? That, gentlemen, is in direct competition with the Boston Elevated. We are now paying and going to pay a large deficit this year. I hope, Mr. President, reconsideration will prevail and this will be referred back to a committee.

Coun. RUSSO—Mr. President, there is no question in my mind but this will bring about the discontinuing of the livelihood of many individuals who operate taxicabs in the City of Boston. I say this will eliminate the 190-odd medallions that have just recently been granted to veterans who drive taxicabs in the streets of our city. I do not know, Mr. President, as I said before, how we can allow or give to any individual a monopoly by licensing buses of from seven passengers to forty-four passengers, giving them authority to stop at any place. Mr. President, may I at this time through you, sir, have the City Clerk read the petition in order to refresh my memory?

(The clerk read the petition.)

Coun. RUSSO—Mr. President, I suppose I ought to compliment the Sutcliffe Company for leaving off on its list Salutation street in the North End, which is only approximately 7 feet in width, because he cannot get by. Every street in the entire City Proper has been occupied by the Sutcliffe Transportation Company. Coming down to Province street, I wonder if a bus can make a turn into School street. Mr. President, this certainly has the Waterways Company beat by a distance from New York to Boston. This definitely will wreck the taxicab business in the City of Boston. There is not one street that they have seen fit to leave off. I say to the councilors, and I earnestly mean it, we ought to go a little bit slowly. We ought to find out how much it will hurt the Boston Elevated. As I say, if we grant this permit I feel that the Boston Elevated will be justified by our action not to give to the public of the City of Boston the five-cent fare. That is my honest opinion. I feel it will bring that about because, as I stated before, we are going against what our conduct was at the start of this meeting. I guess you are right, councilor, Christmas time is just around the corner, and some one is getting quite a bundle.

The question came on the motion to reconsider. The Chair was in doubt and requested a rising vote, and the motion to reconsider was lost, yeas 6, nays 10. Councilor Kinsella asked for a roll call vote and sufficient members having joined him,

the clerk called the roll. Reconsideration was defeated, yeas 7, nays 9:

Yeas—Councilors Carey, Cook, Fish, Keenan, Kelly, Russo, Sullivan—7.

Nays—Councilors Bryan, Hannon, Hurley, Kinsella, Lane, Linehan, McCormack, Muchnick, Scannell—9.

Present—Councilor Moriarty.

2. Report on message of Mayor and orders referred today) for transfers between and within departmental appropriations—recommending passage of the orders with the exception of the order for the transfer of \$2,000 to the Boston Municipal Court.

The report was accepted, and the question came on the passage of the various orders. The orders, with the exception of the transfer of \$2,000 to the Boston Municipal Court, were passed, yeas 17, nays 0:

Yeas—Councilors Bryan, Carey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—17.

Nays—0.

3. Report on message of Mayor and order (referred today) transferring \$10,000 from Reserve Fund to Special Appropriation, State-Boston Retirement System Pension Fund—that same ought to pass.

President KELLY—If there is no objection by the councilors, we will also give a reading to the order for the Parkman Fund at the same time. Hearing no objection the clerk will call the roll.

Report on message of Mayor and order (referred today) that \$7,161.68 be appropriated from income of George F. Parkman Fund to be expended under direction of the Park Commissioners recommending that same ought to pass.

The reports were accepted, and the orders were severally passed, yeas 18, nays 0:

Yeas—Councilors Bryan, Carey, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—18.

Nays—0.

4. Report on communication from the Police Commissioner (referred today) establishing salaries of certain police matrons recommending passage of following order, viz.:

Ordered, That in concurrence with the Police Commissioner the salaries of matrons at the House of Detention for Women be established as follows: Chief Matron at \$2,250 a year to take effect as of January 1, 1947.

Assistant Chief Matron at \$2,050 a year to take effect as of January 1, 1947.

Assistant Matron at \$1,950 a year to take effect as of January 1, 1947.

Permanent Substitute Matron at \$1,950 a year to take effect as of January 1, 1947.

The report was accepted and the order was passed.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

1. Report on petitions to operate bowling alleys on the Lord's Day:

German Workmen's Association (Arbeiter Hall), Ernest Seemuller, 22 Amory avenue, Roxbury (referred December 9); the Congress Billiard and Bowling Supply Company, Clement J. Dore, 1505 Veterans of Foreign Wars Parkway, West Roxbury (referred today)—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on petitions for driveway openings: Abraham Sheroff (referred November 4) at 200 Harrison avenue, Ward 3; Sun Spots, Inc. (referred today) at 270 Rutherford avenue—recommending that permits be granted under usual conditions.

Reports accepted; permits granted under usual conditions.

CONSTRUCTION OF LONG ISLAND HOSPITAL BUILDINGS.

Coun. FISH—Mr. President, I move at this time the loan order before us for \$1,000,000 for construction of a hospital building on Long Island be rejected without prejudice. My purpose is this, we have insufficient time this year. We have time to give it the two readings, but we will not have the necessary twenty days after the second reading. It will lay over, which must be done according to law. As I understand, this order will be resubmitted again, the first of the year. I move now it be rejected without prejudice.

Coun. HANNON—What would be the effect, Mr. President, of not taking any action on it?

President KELLY—I understand it would die at the end of the year. The City Clerk informs me it would complicate our records. It would be a cleaner procedure the other way.

Coun. HANNON—I certainly do not want to be recorded against it regardless of how the records are going to be complicated.

President KELLY—It will be a voice vote to reject it.

Coun. FISH—Mr. President, I think the councilor has raised a very important point which is for the benefit of all the members of the Council. If it is a question of complications, I do not think it would have as serious an effect as a misunderstanding might have providing we rejected it. Anybody delving into the records who did not

look any further might not find out we later approved it. I think if it is just a matter of complicating the records, I will withdraw the motion and let the thing die a natural death.

The motion was withdrawn.

OLD COLONY AND HARBOR VILLAGE HOUSING PROJECTS.

Coun. LINEHAN offered the following:

Whereas, The Old Colony housing project is owned by the Federal Government under the Lanham Act and was devoted exclusively to housing war workers and military personnel and their families and it was leased to the Boston Housing Authority to operate for the Government, and

Whereas, Old Harbor Village, now owned by the Federal Public Housing Authority and leased to the Boston Housing Authority, for all intents and purposes may be considered as a low income project, and

Whereas, The public housing projects, other than the Old Harbor Village or Old Colony projects, pay $4\frac{1}{2}$ per cent of the collected shelter rent of the projects annually. For Old Harbor Village, the U. S. Housing Authority had previously agreed with the city upon a flat sum of \$15,000 annually in lieu of taxes. Old Colony pays a tax based on a valuation arrived at by agreement between the Federal Public Housing Authority and the Assessors of the City of Boston, and

Whereas, It is the contention of the Boston Housing Authority that the City of Boston is not receiving from the projects, other than Old Colony, a payment in lieu of taxes which represents a fair share based on project revenues, and

Whereas, The Boston Housing Authority has requested the Federal Public Housing Authority through a memorandum to negotiate a more satisfactory agreement to the City of Boston and the Boston Housing Authority, therefore be it

Ordered, That the Boston Housing Authority, within reason, impress upon the Federal Public Housing Authority the necessity for speed in arriving at a decision relative to said memorandum in order that the Old Colony and Old Harbor Village projects shall still come under the jurisdiction of the Boston Housing Authority, and further that the Boston Housing Authority shall consider the advisability of purchasing the Old Colony and Old Harbor Village projects from the Federal Government so that the said projects will come under more direct control by said Boston Housing Authority. It is possible that the Federal Public Housing Authority may take over said Old Harbor and Old Colony projects and, if so, it is very possible that Congress may legislate increased rents and even possible sale of projects to private enterprise which may result in the abolishing of said projects for low-rent housing to the detriment of the low-income groups for whom the projects were originally constructed.

Passed under suspension of the rule.

SALE OF DEDHAM LAND.

On motion of Councilor Moriarty it was voted, under unfinished business, to take up No. 2 on the calendar, viz.:

2. Order for sale of land at River and Milton streets, Dedham, at upset price of \$3,500.

On December 2, 1946, the said order was read once and passed, yeas 18, nays 0.

The question came on giving the order its second reading and passage. The roll was called, and the order was given its second reading and passage, yeas 18, nays 0.

Yeas—Councilors Bryan, Cantwell, Carey, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Scannell, Sullivan—18.

Nays—0.

EXCHANGE OF LAND WITH DOWNES REALTY CORPORATION.

On motion of Councilor Moriarty it was voted, under unfinished business, to take up No. 3 on the calendar, viz.:

3. Order for exchange of parcel of land at Southampton and Atkinson streets with Downes Realty Corporation.

On December 2, 1946, the said order was read once and passed, yeas 17, nays 0.

The question came on giving the order its second reading and passage. The order was given its second reading and passage, yeas 18, nays 0.

Yeas—Councilors Bryan, Cantwell, Carey, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Russo, Scannell, Sullivan—18.

Nays—0.

SALE OF LAND ON COMMERCIAL STREET.

On motion of Councilor Moriarty it was voted to take up, under unfinished business, No. 4 on the calendar, viz.:

4. Order for sale of land, Commercial street, at upset price of \$5,000.

On December 2, 1946, the said order was read once and passed, yeas 18, nays 0.

The question came on giving the order its second reading and passage.

Coun. RUSSO—Mr. President, this particular parcel of land is situated at Commercial and Battery streets in the North End, Ward 3. A similar order came to the City Council last year. I think the councilors held it up and did not let it go through. This year another order has been sent to us for the sale of this land. This particular land is where the Old Harbor Police Station used to be. Since that time the City of Boston took a part of the land, I believe around 12 or 13 feet in order to eliminate a bottleneck between Commercial street and Battery street and Salutation street. Now, in all these years, over twenty-five years, this land has been vacant, and the people living on Salutation street opposite this land have enjoyed the view and the air because of the natural location on Salutation street. That street is only 84 feet in width. Every time a truck or automobile has to pass by there to make delivery of oil or other necessities of life, it is forced to go on top of the sidewalk on one side or the other. There are many children who are playing in that particular small street. It is called a street. To my way of thinking, I say it is just a cowpath. I believe the City of Boston has a great opportunity on Battery street, which is adjacent to Salutation street, because there are only approximately five or six buildings which could easily be taken by the City of Boston for widening Battery street and eliminating Salutation street, which would be taking a step in the right direction in eliminating these cowpaths that we are confronted with in the city. I want to say, Mr. President, at the present time we are short of housing naturally, but if that could not take place, Mr. President, we have voted in the City Council \$10,000,000 for the construction of housing for veterans, one and two stories high. I am wondering if that would not be an ideal spot if his Honor the Mayor and the Street Commissioners felt they could go through with that project to start building houses for veterans in my district. I say the people in this particular section are opposed to the sale of the land. I therefore hope the Council will not pass it.

The question came on giving the order its second reading. The clerk called the roll and the order was given its second reading and passage, yeas 17, nays 1.

Yeas—Councilors Bryan, Cantwell, Carey, Chase, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Moriarty, Scannell, Sullivan—17.

Nays—Councilor Russo—1.

INCREASED RENTS IN THE MARKET DISTRICT.

Coun. BRYAN—Mr. President, I move that the order increasing the rents of the property of the City of Boston in the market district by 25 per cent be now taken from the Executive Committee.

Coun. BRYAN—Mr. President, I move that the order increasing the rents of the property of the City of Boston in the market district by 25 per cent be now taken from the Executive Committee.

Coun. SCANNELL—Mr. President, I am about sick of staying around here and having something taken up in Executive Session and because it is defeated it comes back on the floor of the Council. I am willing to stay here all night if the rest of the members of the body are, but I would like to get home to my family and so would some of the other members. There is plenty of time to take this matter up. As to voting on this matter, we defeated it once. For all I know, you need 15 votes, and the gentleman from Ward 20 (Councilor Bryan) knows he cannot get 15 votes in this matter. Let us get down to business and do business the right way and not stay here all night over a lot of foolishness.

Coun. KEENAN—Mr. President, I make a motion to adjourn.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Keenan moves we do now adjourn. There is no debate.

Coun. KINSELLA—I am not debating that one. I want to say even formally out of respect to the councilor, we ought to remind him it was in deference to the Superintendent of Public Buildings—

President KELLY—I am sorry, councilor, there is no debate on adjournment. That is the rule of the Council.

The question came on the motion to adjourn, and the Chair was in doubt. Councilor Bryan asked for a roll call, and enough councilors having joined him, the clerk called the roll. The motion to adjourn was lost, yeas 3, nays 15.

Yeas—Councilors Hurley, Moriarty, Sullivan—3.

Nays—Councilors Bryan, Cantwell, Carey, Chase, Cook, Fish, Hannon, Keenan, Kelly, Kinsella, Lane, Linehan, McCormack, Russo, Scannell—15.

The question came on Councilor Bryan's motion to take from the Executive Committee the matter of market rentals.

Coun. SULLIVAN—Mr. President, a point of information. Will the clerk inform us what proportion of votes is needed to take from the committee?

President KELLY—I am informed by the clerk it is 15 votes.

Coun. KINSELLA—Two thirds of twenty-two.

President KELLY—Two thirds of the entire membership of the City Council.

Coun. KINSELLA—Well, Mr. President, on the motion—

Coun. COOK—Mr. President, a point of information.

President KELLY—Does Councilor Kinsella yield for a point of information?

Coun. KINSELLA—Yes.

Coun. COOK—If this order is in the Executive Committee more than thirty days, does that rule about the 15 votes still hold?

President KELLY—After thirty days it takes 12 votes and before thirty days it takes 15 votes.

Coun. KINSELLA—In the interest of the objection which Council Scannell raised, I would say that Councilor Bryan perhaps makes his stand on the vote in the Executive Session. Only a two thirds vote is needed to take this from the committee. It is now 9.15. It might be policy for the councilor to withdraw his request and let us get out of here. He could not get better than 9 inside. I do not see how he is going to get 15 out here.

Coun. BRYAN—Mr. President, I brought this matter up last week and we adjourned, and for the very same reason. I think this ordinance is very important to the taxpayers of the City of Boston. We had the Public Buildings Commissioner before the Ordinance Committee for three hours. He discussed with us the importance of the raise in the rents in the market district of the property owned by the City of Boston. He was very much in favor of it. We had the Director of Markets, Mr. Galvin, here. He was in favor of it. We had thirty-eight members of the market district and only one objected to the raise in the rates for the rents. This was referred to the Executive Committee. Mr. Sullivan came before the Executive Committee and gave us the same information. He also said he was in favor of its passage. He had more than \$27,000 worth of repairs to be made on the buildings. He needed the money to go ahead so that the buildings would not deteriorate. This will approximate \$25,000 in the interest of the taxpayers of the City of Boston. One point that he brought out which stands out in my mind was that the Licensing Board rent was jumped up \$3,500, from \$5,000 to \$8,500. Another piece of property which the city rents from private business for the purpose of carrying on the business of the city was increased approximately \$1,500. In one portion of Mr. Sullivan's rooms the Boston Fruit Exchange receives by sub-letting a building, rent in the amount of \$14,000 a year. In addition to that, 214 members of the exchange pay dues, amounting to \$5,000. The City of Boston rents the place to this exchange for \$7,500. I cannot see why we cannot have this increase in this rent of the market building in proportion with the rents going up throughout the city. I hope the councilors will stay here until we have this thing threshed out one way or the other. If not, I shall bring the matter up again next week.

President KELLY—There should be no discussion on this motion. The motion is to take from the committee.

Coun. SCANNELL—Mr. President, so far as staying here and threshing this matter out, it has been threshed out in the Executive Committee. The gentleman from Ward 20 (Councilor Bryan) knows he is going to be defeated. He is persisting in presenting order after order after the body acts. Well, then, I will be persistent on some of the orders he presents in the body. I am sick and tired of threshing something out in the Executive Committee and coming on the floor of this body and threshing it out here. If he is willing to stay all night, and the other members of the body are, I am. I know this for a fact. The City of Boston is about five years too late trying to get taxes out of Faneuil Hall Market. I know that the black market has been operating there for the past five years. When the men in the market for the past forty years, legitimate merchants, come up, they are going to be taxed 25 per cent. I do not think it is fair. I think that the men who were running the black market for the past five years should have been taxed. I say it is five years too late. I think if we tax these men at the present time, I believe we should raise them but I think 25 per cent is too much. That is why I would like to find out more about the matter. As far as I am concerned, I will stay here all night, too.

Coun. COOK—Mr. President, I do not want to enter into a prolonged discussion. I do not think one councilor should use the threat of staying here. It has been threshed out. It is a shame to waste time. I do not think I feel like arguing to convince enough councilors they should take it from the committee. I would like to have them bear in mind this involves \$25,000 of added revenue to the city. Probably 80 per cent of the market men were here. They were not opposed to it. The councilors ought to bear that in mind so that at the next meeting we will settle it one way or another.

Coun. SULLIVAN—Mr. President, I hope this will not prevail. I attended the committee meetings. There was a very good representation of legitimate businessmen in the market place for years. They intimated they were not opposed to granting an increase which amounts to only \$25,000. They were opposed to the limitation on the lease that they had signed in order to stay there. At present, they are tenants at will. They were opposed to that phase of the new ordinance, the minimum three years. As you all know, there was an influx there which started six years ago.

At that time they all agreed they would not oppose this 25 per cent, or anything higher, if it was put into effect, six years ago. In the last six years they could well have afforded to pay the price we are asking. But what have you coming in now with the meats back? We are going back prior to 1940 and seeing a lot of vacant stalls. There is no question but when we pass this, if we do pass it, there are going to be some tenants renting space there now who are going to give the space up or are going to be hit at the end of the year with \$25,000, or we are going to be in the hole. The thing that is stopping them is that three-year clause. That was something, I understood, the Superintendent of Public Buildings was going to try to straighten out. I am not going to vote to take this from the committee. I hope it does not prevail.

The question came on the motion to take from the committee. The Chair was in doubt. Councilor Bryan asked for a rising vote. Yeas 8, nays 7, and the motion was lost.

Adjourned at 9.25 p. m., on motion of Councilor Kinsella, to meet on Thursday, December 26, 1946, at 2 p. m.

CLAIMS ALLOWED.

The Mayor upon recommendation of the Corporation Counsel, has approved the following claims:

Dorothy Ross, 534A Essex street, Lynn, to be reimbursed in the sum of \$50, for personal injuries sustained on August 19, 1946, in front of 114 Blackstone street, Boston, caused by a raised portion of the sidewalk.

Mrs. Mildred Hurley (for her mother Mrs. Grace Anderson), 3 Groom street, Dorchester, to be reimbursed in the sum of \$100, for personal injuries sustained on July 28, 1946, caused by fall in front of 21 Elder street, Dorchester, where water leak had been repaired.

Martin J. Giovenella, 501 East Broadway, South Boston, to be reimbursed in the sum of \$38.50, as the result of accident which occurred on June 18, 1946, while in the performance of his duty as a chauffeur in the Sanitary Division of the Public Works Department, a city-owned truck operated by him on Albany street at Massachusetts avenue was in collision with an automobile owned by Joseph Teabag causing damage thereby.

Walter C. Mackie, 32 Rockdale street, Mattapan, to be reimbursed in the sum of \$25, as the result of an accident on August 27, 1946, while in the performance of his duty as a chauffeur in the Sanitary Division of the Public Works Department, a city-owned truck was in collision with an automobile owned by the Harpel-Phillips Company, causing damage as the result of this accident.

John Stuart, 12 Newcastle road, Brighton, to be reimbursed in the sum of \$24.36, for damage to truck on April 5, 1946, caused by driving into a hole in the street in front of 80 North Beacon street, Brighton.

Margaret Van Annan, 16 Cordis street, Charlestown, to be reimbursed in the sum of \$100 for personal injuries on October 18, 1945, when her foot went into a hole in the sidewalk in front of 140 Beverly street, Boston.

Edward F. Blake, 101 Train street, Dorchester, to be reimbursed in the sum of \$35, for the cost of suit of clothing destroyed on June 7, 1946, while in the performance of his duty as a member of the Boston Police Department.

James M. Kennedy, 433 Eliot street, Milton, to be reimbursed in the sum of \$75, for personal injuries sustained June 29, 1946, at Mattapan square, on the crosswalk from the west side of Blue Hill avenue, when his foot went into a hole in the street.

Alexander F. Halsoz, 16 Carmel street, Chelsea, to be reimbursed in the sum of \$18.29, for damage to automobile on April

23, 1946, on Brookline avenue, Roxbury, near the corner of Fenwood road, when his automobile went into a hole in the street causing damage thereby.

Patrick J. Connolly, 101 Bernard street, Dorchester, to be reimbursed in the sum of \$225, as the result of accident which occurred on December 29, 1945, while in the performance of his duty as the chauffeur of a city-owned truck of the Sanitary Division of the Public Works Department; said truck went over the sidewalk at 770 Washington street causing property damage.

George F. Devine, 70 State street, Boston, to be reimbursed in the sum of \$300, for personal injuries received on April 17, 1946, on Blanford street, caused when his foot struck a raised portion of the sidewalk throwing him forward striking his face and head.

Mrs. Maria Rubino, 14 Eulita terrace, Brighton, to be reimbursed in the sum of \$168, for personal injuries sustained on December 2, 1945, in front of 115 Winship street, Brighton, when her foot went in to a hole in the sidewalk causing her to fall to the ground.

FIRE DEPARTMENT ORDERS.

General Order No. 77.

I. APPRECIATION.

The Fire Commissioner is pleased to publish for the information of all members of the department the following letter which he has received from His Excellency Archbishop Richard J. Cushing:

Archbishop's House,
Lake Street, Brighton 35, Mass.

December 13, 1946.

MY DEAR MR. CODMAN,—I am very happy to acknowledge the receipt of a check of \$500 which I received today from members of the Boston Fire Department. This princely gift has been applied to local charities summarily described in the enclosed leaflet. The poorest of the poor, therefore, will profit by this gift, for the Archbishop Cushing Charity Fund is organized to aid the most needy of local causes.

The members of the Boston Fire Department are public servants whom we all appreciate. They have their hero worshippers from the tiny tots to the aged. They have merited our esteem. I am confident they will always be worthy of it. May God bless them all throughout the Christmas Season and the New Year.

With most cordial greetings to you personally, I am,

Devotedly and gratefully yours,

RICHARD J. CUSHING,
Archbishop of Boston.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 78.

I. RETIREMENTS.

The following retirements, which will become effective at 8 a. m., Wednesday, January 1, 1947, are hereby announced: Lieut. Charles H. Clougherty, Engine Company 13.

Hoseman Harold B. Goff, Engine Company 12.

Hoseman Walter F. Tracy, Engine Company 30.

Ladderman Edward J. Twomey, Jr., Ladder Company 8.

Ladderman Edward F. Daly, Ladder Company 32.

Lieutenant Clougherty was appointed to the Fire Department July 16, 1937, and was promoted to the grade of lieutenant January 3, 1945. Hoseman Goff was appointed to the department February 1, 1924; Hoseman Tracy was appointed November 23, 1925; Ladderman Twomey was appointed July 16, 1937, and Ladderman Daly was appointed May 31, 1929.

All the foregoing members leave the department with the best wishes of their associates.

II. RESIGNATION.

The following resignation, which became effective at 8 a. m., Wednesday, December 18, 1946, is hereby announced: Ladderman Anton Lehmann, Ladder Company 2.

III. DUMPING PERMITS.

All permits issued by the Health Commissioner of the City of Boston for the dumping of ashes and house refuse on vacant lands expire on December 31, 1946.

District chiefs shall report on Form 5, on or before December 28, 1946, whether or not they have any objection to the renewal of such dumping permits in their respective districts.

Apparatus to respond to foregoing signals 313-317: Engine 12, Ladder 4, District Chief 9. Nearest Box is 2116.

VI. NOTICE FROM RETIREMENT BOARD.

Those employees of the Fire Department who did not become members of the Boston Contributory Retirement System when it became operative some twenty-three years ago and retained their rights under the old free pension system, became members of the new State Boston System on October 1, 1946.

Unless such employee delivers or mails to the Boston Retirement Board, Room 65, City Hall, on or before December 30, 1946, on an official prescribed form, a notice of withdrawal from the new contributory system, he loses his former free pension rights and will be obliged to make a contribution to the new system equal approximately to his salary for a year and a half.

We repeat that this notice applies only to firemen who did not join the present Boston Retirement System.

BOSTON RETIREMENT BOARD,
By WILFRED J. DOYLE, *Chairman*,
CHARLES J. FOX, *Member*.

December 20, 1946.

VII. APPRECIATION.

The Fire Commissioner is in receipt of the following letter from Mrs. Jack Wilson of 10 Paxton street, Dorchester, Mass., which he is pleased to publish for the information of the department:

December 21, 1946.

RUSSELL S. CODMAN, JR.,

Commissioner.

DEAR SIR,—It is with a great deal of pleasure that I am able to thank the following men who so kindly and promptly gave their blood to save my husband when he was critically ill:

Thomas Getherall, 28 Fountain street, Roxbury (Engine 10), Howard McClennan, Engine Company 21, Charles McCarthy, 30 Wordworth street, East Boston (Engine 9), Edmund Sharp, 1188 Bunker Hill street, Charlestown (Engine 36) and one more man who left before I could identify him. He had given blood twenty-six times.

They refused all compensation and even refusal the offer of transportation to their respective engine houses.

In their name will you kindly accept this donation of twenty-five dollars to the Firemen's Relief Fund.

I also wish to congratulate you on being the head of such a wonderful group of men who are always ready to respond in times of danger and trouble."

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 79.

I. REGULATIONS FOR RESPONSE AND COVERING ON ALARMS OF FIRE.

In connection with General Order No. 74, covering regulations for response in alarms of fire, the following amendments are in effect:

1. At all times, upon receipt of an alarm of fire from a hospital, home for aged people, motion picture house or theater, the full box alarm assignment will respond.

2. The response to boxes located on private property and boxes auxiliary to school house system will be, in accordance with the daytime reduced assignment, as given in General Order No. 74.

The following paragraphs as given on card D of the instruction cards in the assignment box and also page 3, General

Order No. 1, dated January 2, 1937, are hereby rescinded.

When first alarms are received from two boxes and all the engine companies assigned to respond to the second box have already responded to the first box, the response for engine companies to the second box shall be by those companies in the second alarm assignment of the second box under whose number there is an inverted pyramid. This rule shall apply also in exactly the same way to ladder and water tower companies. Under this condition, there shall be no covering except as ordered from the Fire Alarm office.

When first alarms are received from two boxes and the chief officers assigned to respond to the second box have already responded to the first box, the response for chief officers shall be as under a second alarm from the second box, except on boxes where one chief is assigned on the first alarm, then, only the district chief assigned on the second alarm of the second box shall respond. There shall be no covering of chief officers except as ordered from the Fire Alarm office.

Reference should be made to card J of instruction cards in assignment box and section 21 (page 137), Fire Alarm Box Location Book.

The following emergency code signal is established to be used in the absence of a telegrapher:

During a period of reduced assignments, if the officer at a fire desires the full assignment of apparatus to the box, give a series of about twelve (12) quick taps on the Morse Key, pause, then give 4-5 taps (----, ----) pause, then tap out the box number.

The Fire Alarm office will answer by 2-3, meaning O.K. or by the repeat signal 12 12.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

BOSTON DAIRY INSPECTION SERVICES IN 1944.

Total number of services.....	46,981
Dairies inspected.....	11
Inspections of country creameries	577
Bacteriological examinations at country creameries.....	5,430

Inspections of ice cream plants....	37
Abatement notices served on licensed dealers	171
Dairies excluded.....	876
Dairies readmitted after compliance with requirements.....	817

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

POPULATION BY WARDS ACCORDING TO POLICE CENSUS OF 1945.

20	37,860
21	38,476
22	33,257
Total	766,386

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expeditor to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the Governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

POLICE PENSIONS AND BENEFITS.

On December 1, 1944, there were 426 persons on the pension roll. During the year 24 died, viz.: 2 captains, 1 lieutenant, 2 lieutenant-inspectors, 4 sergeants, 13 patrolmen and 2 annuitants. Eighty-six were added, viz.: 3 lieutenants, 13 sergeants, 67 patrolmen and the widows of Patrolman Eugene F. Brady, Patrolman Frank B. Callahan, Patrolman Stephen X. Mahoney, who died from disability received in the performance of duty, leaving 488 on the roll at date, 440 pensioners and 48 annuitants.

The payments on account of pensions and annuities during the past year amounted to \$546,350.33, and it is estimated that \$845,094.23 will be required for pensions and annuities in 1946.

The invested fund of the Police Charitable Fund amounted to \$207,550. There are 43 beneficiaries of the fund at the present time, and there has been paid to them the sum of \$6,729.50 during the past year.
